Dear Shareholder:

You are invited to attend the Annual Meeting of Shareholders (the "Meeting") of Brown & Brown, Inc. (the "Company"), which will be held in the Atlantic Room of The Shores Resort & Spa, 2637 South Atlantic Avenue, Daytona Beach, Florida 32118, on Wednesday, April 29, 2009, at 9:00 a.m. (ET).

This year, we are pleased to take advantage of the Securities and Exchange Commission rule allowing companies to furnish proxy materials to their shareholders over the Internet. We believe that this e-proxy process expedites shareholders' receipt of proxy materials, while lowering the costs and reducing the environmental impact of our annual meeting. On March 19, 2009, we mailed to our beneficial shareholders a Notice containing instructions on how to access our Proxy Statement and Annual Report and how to vote online. All other shareholders will continue to receive a paper copy of the Proxy Statement, Proxy Card and Annual Report by mail. The Proxy Statement contains instructions on how you can (i) receive a paper copy of the Proxy Statement, Proxy Card and Annual Report if you only received a Notice by mail or (ii) elect to receive your Proxy Statement and Annual Report over the Internet if you received them by mail this year.

The notice of meeting and Proxy Statement on the following pages cover the formal business of the Meeting. Whether or not you expect to attend the Meeting, please sign and return your proxy card promptly in the enclosed envelope to assure that your stock will be represented at the Meeting. If you decide to attend the Meeting and vote in person, you will, of course, have that opportunity.

Your continuing interest in the business of the Company is gratefully acknowledged. We hope many shareholders will attend the Meeting.

Sincerely,

J. Hyatt Brown  
Chief Executive Officer

PROXY STATEMENT

ANNUAL MEETING AND PROXY SOLICITATION INFORMATION

On March 19, 2009, we mailed to our beneficial shareholders of record as of the close of business on February 20, 2009 a Notice containing instructions on how to access this Proxy Statement and our Annual Report online and how to vote online, and thereafter, we began mailing these proxy materials to all other shareholders. These proxy materials are made available to shareholders in connection with the solicitation of proxies by the Board of Directors of Brown & Brown, Inc. to be voted at the Annual Meeting of Shareholders to be held in the Atlantic Room of The Shores Resort & Spa, 2637 South Atlantic Avenue, Daytona Beach, Florida 32118 at 9:00 a.m. (ET) on Wednesday, April 29, 2009, and at any postponement or adjournment thereof (the "Meeting"). The close of business on February 20, 2009 has been fixed as the record date for the determination of shareholders entitled to notice of and to vote at the Meeting. At the close of business on the record date, we had outstanding 141,567,929 shares of \$.10 par value common stock, entitled to one vote per share.

As permitted by SEC rules, Brown & Brown, Inc. is making this Proxy Statement and its Annual Report available to its shareholders electronically via the Internet. On March 19, 2009, we mailed to our beneficial shareholders a Notice containing instructions on how to access this Proxy Statement and our Annual Report and how to vote online. If you received a Notice by mail, you will not receive a printed copy of the proxy materials in the mail (unless you request them, as described below). Instead, the Notice instructs you on how to access and review all of the important information contained in the Proxy Statement and Annual Report. The Notice also instructs you on how you may vote online. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials contained in the Notice.

Shares represented by duly executed proxies in the accompanying form that we receive prior to the Meeting will be voted at the Meeting. If you specify in the proxy a choice with respect to any matter to be acted upon, the shares represented by such proxy will be voted as specified. If your proxy card is signed and returned without specifying a vote or an abstention, the shares represented by such proxy will be voted according to the recommendation of the Board of Directors. The Board of Directors recommends a vote FOR the election of twelve (12) nominees as directors, and a vote FOR the ratification of the appointment of Deloitte & Touche LLP as Brown & Brown, Inc.'s independent registered public accountants for the fiscal year ending December 31, 2009. The Board of Directors knows of no other matters that may be brought before the Meeting. However, if any other matters are properly presented for action, it is the intention of the named proxies to vote on them according to their best judgment.

If your shares are held in a stock brokerage account, or by a bank or other nominee, you have the right to provide instructions on voting as requested by your broker, bank or nominee. Under the rules of the New York Stock Exchange (the "NYSE"), your broker, bank or nominee is permitted to vote your shares on both proposals even if your broker, bank or nominee has not been given specific voting instructions as to this matter.

After you have returned a proxy, you may revoke it at any time before it is voted by taking one of the following actions: (i) giving written notice of the revocation to our Secretary; (ii) executing and delivering a proxy with a later date; or (iii) voting in person at the Meeting. Votes cast by proxy or in person at the Meeting will be tabulated by our transfer agent, American Stock Transfer & Trust Company, LLC, and by one or more inspectors of election appointed at the Meeting, who will also determine whether a quorum is present for the transaction of business. A quorum is present when a majority in interest of all the common stock and outstanding is represented by shareholders present in person or by proxy.

If a broker, bank, custodian, nominee or other record holder of Brown & Brown common stock indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular matter, the shares held by that record holder (referred to as "broker non-votes") will be counted as present and considered part of a quorum. If, however, a shareholder is not present in person or represented by proxy at the Annual Meeting (referred to as "no-shows"), including by reason of a proxy not having been properly completed, the shares held by that shareholder will not be counted as present and will not be considered part of the quorum.

If a quorum is present, the twelve (12) nominees for election as directors who receive the highest number of "FOR" votes will be elected as directors. This number may be a plurality. More specifically, in determining whether Proposal 1 passes: a FOR vote will count in both the numerator and the denominator; a WITHHELD vote will count in the denominator but not in the numerator; broker non-votes will not count in either the numerator or the denominator; and no-shows will not count in either the numerator or the denominator.

If a quorum is present, for approval to ratify the appointment of Deloitte & Touche LLP as Brown & Brown, Inc.'s independent registered public accountants for the fiscal year ending December 31, 2009, (1) the approval must receive the "FOR" vote of a majority of all votes cast on such proposal, and (2) the total number of votes cast on the proposal must represent more than fifty percent (50%) of all shares entitled to vote. More specifically, for purposes of the first part of this assessment: a FOR vote will count in both the numerator and the denominator; an AGAINST vote will count in the denominator but not in the numerator; an ABSTAIN vote will count in the denominator but not in the numerator; broker non-votes will not count in either the numerator or the denominator; and no-shows will not count in either the numerator or the denominator. For purposes of the second part of this assessment: a FOR vote will count in both the numerator and the denominator; an AGAINST vote will count in both the numerator and the denominator; an ABSTAIN vote will count in both the numerator and the denominator; broker non-votes will count in the denominator but not in the numerator; and no-shows will count in the denominator but not in the numerator.

Proxies may be solicited by our officers, directors, and regular supervisory and executive employees, none of whom will receive any additional compensation for their services. Also, The Altman Group, Inc. may solicit proxies on our behalf at an approximate cost of \$5,000, plus reasonable expenses. Such solicitations may be made personally or by mail, facsimile, telephone, messenger, or via the Internet. We will pay persons holding shares of common stock in their names or in the names of nominees, but not owning such shares beneficially, such as brokerage houses, banks, and other fiduciaries, for the expense of forwarding solicitation materials to their principals. We will pay all of the costs of solicitation of proxies.

Our executive offices are located at 220 South Ridgewood Avenue, Daytona Beach, Florida 32114 (telephone number (386) 252-9601) and 3101 West Martin Luther King Jr. Boulevard, Suite 400, Tampa, Florida 33607 (telephone number (813) 222-4100).

#### Board and Board Committee Matters

During 2008, our Board of Directors held four regular meetings, one in-person special meeting and four telephonic special meetings. Each incumbent director serving during 2008 attended at least 75% of the total number of Board meetings, and at least 75% of the total number of meetings of committees of which such director is a member. The Board expects, but does not require, all directors and director nominees to attend the Annual Shareholders' Meeting. All members of the Board attended the 2008 Annual Shareholders' Meeting. The Board conducts executive sessions of non-management directors in connection with each regularly scheduled meeting of the Board. The executive sessions are presided over by the Chairman of the Nominating/Corporate Governance Committee, and Lead Director Bradley Currey, Jr. All of the members of the Board attended an accredited director education program in October 2008.

The NYSE has adopted listing standards relating to director independence. In addition to requiring that directors satisfy certain "bright line" criteria in order to be deemed "independent," as that term is defined in the NYSE listing standards, the NYSE listing standards permit the Board to adopt categorical standards to assist it in affirmatively determining that the Company's directors have no material relationship with the Company that would impair such directors' independence. The Board has adopted such categorical standards to assist it in determining director independence, and the standards adopted conform to or are more exacting than the independence requirements contained in the NYSE listing standards. As required by the NYSE listing standards, the Board of Directors will consider all material relevant facts and circumstances known to it in making an independence determination, both from the standpoint of the director and from that of persons or organizations with which the director has an affiliation.

A director will not be independent if the director falls within one of the following categories as determined by the Board of Directors or a committee thereof, based on facts known to it in light of the meanings ascribed to those categories under applicable NYSE guidance and the Company's Corporate Governance Principles, where applicable, and otherwise by the Board of Directors or a committee thereof within its discretion:

- The director is or has been, within the past three years, employed by the Company, or an immediate family member is an executive officer of the Company;
- The director receives more than \$100,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);
- An immediate family member of the director is employed by the Company and receives more than \$100,000 per year in direct compensation from the Company;
- The director is or has been, within the past three years, affiliated with or employed by the Company's independent auditor, or an immediate family member is or has been, within the past three years, affiliated with or employed in a professional capacity by the Company's independent auditor;
- A Company executive is or has been, within the past three years, on the compensation committee of the Board of Directors of a company which employs a Company director, or an immediate family member of that Company director, as an executive officer;

The director is an executive officer or employee, or an immediate family member is an executive officer, of another company that does business with the Company, and the sales by that company to the Company or purchases by that company from the Company, in any single fiscal year, are more than the greater of two percent (2%) of the annual revenues of that company or \$1 million;

The director is an executive officer or employee, or an immediate family member is an executive officer, of another company which is indebted to the Company for borrowed money, or to which the Company is indebted for borrowed money, and the total amount of either of such companies' indebtedness to the other at the end of the last completed fiscal year is more than two percent (2%) of the other company's total consolidated assets; or

The director serves as an officer, director or trustee of a charitable organization, and the Company's discretionary charitable contributions to the organization are more than two percent (2%) of that organization's total annual charitable receipts during its last completed fiscal year.

The Board has applied the foregoing standards and considerations to each current member of the Board and to such Board members' immediate family members, and has affirmatively determined that the following eight of the 12 current directors have no material relationship with us other than service as a director, and are therefore independent: Samuel P. Bell, III; Hugh M. Brown; Bradley Currey, Jr.; Theodore J. Hoepner; Toni Jennings; Wendell S. Reilly; Jan E. Smith; and Chilton D. Varner. In the case of Mr. Bell, the Board's determination that the Company's relationship with the law firm of which Mr. Bell is a shareholder is not material was based on the fact that the total amount of fees paid to that firm by the Company and its subsidiaries in 2008 was significantly less than one percent (1%) of either entity's total revenues. In each case, the Board also considered the fact that from time to time, in the ordinary course of business and on usual commercial terms, we and our subsidiaries may provide services in our capacities as insurance intermediaries to various directors of the Company, and to entities in which various directors of the Company have direct or indirect interests.

Our Board of Directors has an Audit Committee, Compensation Committee, and Nominating/Corporate Governance Committee. The charters of each of these Board committees are available in the "Corporate Governance" section, under "Key Documents" on our website ([www.bbinsurance.com](http://www.bbinsurance.com)) and are also available in print to any shareholder who requests a copy from the Secretary. The current members of the Audit Committee are Hugh M. Brown (Chair), Bradley Currey, Jr., Toni Jennings and Wendell S. Reilly, each of whom is independent as defined within the NYSE listing standards. The duties of the Audit Committee are to recommend to the Board of Directors the selection of independent certified public accountants, to meet with our independent certified public accountants to review and discuss the scope and results of the annual audit, and to consider various accounting and auditing matters related to the Company, including our system of internal controls and financial management practices. The Audit Committee held four regular meetings and one special meeting during 2008, and includes at least one audit committee financial expert, Bradley Currey, Jr., among its members.

The Compensation Committee currently consists of Chilton D. Varner (Chair), Theodore J. Hoepner, Toni Jennings, and Jan E. Smith, each of whom is independent as defined in the listing standards for the NYSE. The Compensation Committee sets the base salary levels and bonuses for our Chief Executive Officer, and determines the salary levels and bonuses for our other executive officers, including the Named Executive Officers. See "Executive Compensation - Board Compensation Committee Report on Executive Compensation" and "Compensation Discussion and Analysis." The Compensation Committee also reviews and makes recommendations with respect to our existing and proposed compensation plans, and is responsible for administering our 1990 Employee Stock Purchase Plan, our PSP, and our ISO Plan. The Compensation Committee is authorized by its charter to form and delegate authority to subcommittees when appropriate. The Compensation Committee held four regular meetings and two special meetings in 2008.

The Nominating/Corporate Governance Committee currently consists of Bradley Currey, Jr. (Chair), Hugh M. Brown, Wendell S. Reilly and Chilton D. Varner, each of whom is independent as defined in the listing standards for

the NYSE. This Committee's duties include duties associated with corporate governance, as well as the nomination of persons to stand for election to the Board at our Annual Shareholders' Meeting and recommendation of nominees to the Board of Directors to fill vacancies on, or as additions to, the Board. The Nominating/Corporate Governance Committee held four regular meetings in 2008.

The Nominating/Corporate Governance Committee will consider nominations of persons for election as directors that are submitted in writing by shareholders in accordance with our procedures for shareholder proposals. See “Proposals of Shareholders.” Such proposals must contain all information with respect to such proposed candidate as required by the SEC’s proxy rules, must address the manner in which the proposed candidate meets the criteria described below, and must be accompanied by the consent of such proposed candidate to serve as a director, if elected. The Nominating/Corporate Governance Committee has not established “minimum qualifications” for director nominees, because it is the view of the Committee that the establishment of rigid “minimum qualifications” might preclude the consideration of otherwise desirable candidates for election to the Board. The Nominating/Corporate Governance Committee will consider proposed candidates identified by non-management directors, the Chief Executive Officer and other executive officers, and shareholders, and will evaluate such candidates based on a number of factors, including: (a) the need or desirability of maintaining or expanding the size of the Board; (b) independence; (c) credentials, including, without limitation, business experience, experience within the insurance industry, educational background, professional training, designations and certifications; (d) interest in, and willingness to serve on, the Board; (e) ability to contribute by way of participation as a member of Board committees; (f) financial expertise and sophistication; (g) basic understanding of the Company’s principal operational and financial objectives, plans and strategies, results of operations and financial condition, and relative standing in relation to the Company’s competitors; and (h) willingness to commit requisite time and attention to Board service, including preparation for and attendance at regular quarterly meetings, special meetings, committee meetings and periodic Board “retreats” and director education programs.

The Nominating/Corporate Governance Committee and the Board consider a variety of sources when identifying individuals as potential Board members, including other enterprises with which Board members are or have previously been involved and through which they have become acquainted with qualified candidates. The Company does not pay any third party a fee to assist in the identification or evaluation of candidates.

The Nominating/Corporate Governance Committee has nominated those persons named in “Proposal 1 - Election of Directors” below to stand for election to the Board of Directors at the 2009 Annual Shareholders’ Meeting.

Corporate Governance Principles; Code of Business Conduct and Ethics; Code of Ethics for Chief Executive Officer and Senior Financial Officers

The Board of Directors has adopted Corporate Governance Principles, a Code of Business Conduct and Ethics, and a Code of Ethics for Chief Executive Officer and Senior Financial Officers, the full text of each of which can be found in the “Corporate Governance” section, under “Key Documents” on our website ([www.bbinsurance.com](http://www.bbinsurance.com)), and each of which is available in print to any shareholder who requests a copy from our Secretary.

#### Communication with Directors

Interested parties, including shareholders, may communicate with our Board of Directors, with specified members or committees of our Board, or with non-management directors as a group or with the Lead Director of the non-management directors, Bradley Currey, Jr., by sending correspondence to our Secretary at 3101 West Martin Luther King, Jr. Boulevard, Suite 400, Tampa, Florida 33607, and specifying in such correspondence that the message is for our Board or for one or more of its members or committees. Communications will be relayed to Directors no later than the next regularly scheduled quarterly meeting of the Board and Board committees.

## Compensation of Directors

During 2008, directors who are not employees of ours were paid \$12,000 for attendance at each regular quarterly Board meeting attended in person, \$2,000 for attendance at the annual Board “retreat” and for attendance at the Director Education Program sponsored by the Company, \$1,500 for attendance at each special Board meeting and \$1,500 for each committee meeting attended if such meeting occurred other than in conjunction with regularly scheduled quarterly Board meetings. Directors who are members of a special committee of the Board received a fee of \$2,500 for special committee meetings attended in person, and \$1,500 for special committee meetings attended by phone in 2008. In addition, the Chairman of the Audit Committee is paid \$4,000 in January of each year for services associated with that office. Each director who is not an employee of ours also receives in January of each year \$32,000 worth of shares of our common stock, valued as of the close of business on the last business day before the regular January meeting of the Compensation Committee, as additional compensation for such director’s services.

All directors receive reimbursement of reasonable out-of-pocket expenses incurred in connection with meetings of the Board. No director who is an employee of ours receives separate compensation for services rendered as a director.

The following table sets forth cash and other compensation earned by directors who are not Named Executive Officers during 2008:

## Related Party Transactions Policy

Our Board of Directors has adopted a written policy governing the approval of related party transactions. “Related Party Transactions” are transactions in which the Company is a participant, the amount involved exceeds \$120,000 when all such transactions are aggregated with respect to an individual, and a “related party” had, has or will have a direct or indirect material interest. “Related parties” are our directors (including any nominees for election as directors), our executive officers, any shareholder who beneficially owns more than five percent (5%) of our outstanding common stock, and any firm, corporation, charitable organization or other entity in which any of the persons listed above is an officer, general partner or principal or in a similar position or in which the person has a beneficial ownership interest of ten percent (10%) or more. Under the Related Party Transactions Policy (the “Policy”), our General Counsel (or our Chief Executive Officer if the related party is the General Counsel or an immediate family member of the General Counsel) will review potential Related Party Transactions to determine if they are subject to

the Policy. If so, the transaction will be referred to the Nominating/Corporate Governance Committee for approval or ratification. If, however, the General Counsel determines that it is not practical to wait until the next meeting of the Nominating/Corporate Governance Committee, the Chair of the Nominating/Corporate Governance Committee shall have the authority to act on behalf of the Nominating/Corporate Governance Committee on whether to approve or ratify a Related Party Transaction (unless the Chair of the Nominating/Corporate Governance Committee is a Related Party in the Related Party Transaction). In determining whether to approve a Related Party Transaction, the Nominating/Corporate Governance Committee (or, as applicable, the Chair of the Nominating/Corporate Governance Committee) will consider, among other things, the benefits of the transaction to the Company, the potential effect of entering into the transaction on a director's independence, the availability of other sources for the products or services, the terms of the transaction and the terms available to unrelated third parties generally. The Nominating/Corporate Governance Committee has authority to administer the Related Party Transactions Policy and to amend it as appropriate from time to time.

The Related Party Transactions Policy (the "Policy") was established following our 2007 fiscal year, and therefore, the transactions discussed below that were effective prior to establishment of the Policy were not subject to review, approval or ratification under the Policy.

#### SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, officers, and persons who own more than ten percent (10%) of our outstanding shares of common stock to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Directors, officers and 10% shareholders are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file.

Based solely on our review of the copies of such reports furnished to us and written representations from certain reporting persons that no SEC Form 5s were required to be filed by those persons, we believe that during 2008, our directors, officers and 10% beneficial owners timely complied with all applicable filing requirements.

#### COMPENSATION DISCUSSION AND ANALYSIS

Our overall compensation philosophy is as follows:

- Attract and retain high-quality people, which is crucial to both the short-term and long-term success of the Company;
- Reinforce strategic performance objectives through the use of incentive compensation programs; and
- Create a mutuality of interest between the executive officers and shareholders through compensation structures that promote the sharing of the rewards and risks of strategic decision-making.

Our compensation system is designed to reward results as manifested in increases in net income, pre-tax earnings, and our stock price. We seek to provide an executive compensation package that is driven by our overall financial performance, the increase in shareholder value, the success of the business units directly impacted by the executive’s performance, and the performance of the individual executive.

We provide a combination of pay elements with the goal of aligning executive incentives with shareholder value. Our executive compensation program includes both short and long-term compensation, with an emphasis on compensation that is tied to corporate and stock price performance. In the case of both the ISO Plan and our PSP, stock price appreciation is fundamental in realizing a compensation benefit. By emphasizing longer performance measurement periods by using long-term incentives, we align our executives’ interests with our shareholders’ interests and create an effective retention measure.

In this section, we discuss certain aspects of our compensation program as it pertains to our principal executive officer, our principal financial officer, and our three other most highly-compensated executive officers in 2008 (collectively, the “Named Executive Officers”). Our discussion focuses on compensation and practices relating to our most recently completed fiscal year.

Base Compensation. Base salaries are designed to provide competitive levels of compensation to our executives based on scopes of responsibility and duties. We pay base salaries because they provide a basic level of compensation and are necessary to recruit and retain executives. Salary levels for the Named Executive Officers other than the Chief Executive Officer are recommended by the Chief Executive Officer or, in the case of Mr. Powell Brown, by the Vice Chairman and Chief Operating Officer, and reviewed by the Compensation Committee during the first quarter based upon the qualitative performance of each officer during the previous year. Each of the Named Executive Officers other than the Chief Executive Officer reports to the Chief Executive Officer, except for Mr. Powell Brown, who reports to Mr. Jim Henderson, the Vice Chairman and Chief Operating Officer. If an officer has had no change in duties, the percentage of annual salary increases for such officer has generally been expected to be approximately 3-5% of the officer's base salary, with larger increases merited by exceptional performance or an increase in the officer's responsibilities. In 2008, the result of application of these precepts was that the Compensation Committee, after consideration and review, accepted the recommendation of the Chief Executive Officer that annual salary increases of three and one-half percent (3.5%) be approved for the Named Executive Officers other than Mr. Powell Brown, who reports to the Vice Chairman and Chief Operating Officer. In the case of Mr. Powell Brown, a salary increase of 25% for 2008 was recommended by the Vice Chairman and Chief Operating Officer due to the increase in Mr. Powell Brown's responsibilities corresponding to his service as President of the Company, and was approved by the Compensation Committee. For information concerning compensation determinations for the Chief Executive Officer, please refer to the paragraph captioned "CEO Compensation," below.

Annual Bonuses. The bonuses for the Named Executive Officers other than the Chief Executive Officer are recommended by the Chief Executive Officer or, in the case of Mr. Powell Brown, by the Vice Chairman and Chief Operating Officer, and reviewed by the Compensation Committee. With respect to bonuses for 2008, after consideration, discussion and review, the Compensation Committee accepted the recommendations of the Chief Executive Officer (and in the case of Mr. Powell Brown, the recommendation of the Vice Chairman and Chief Operating Officer) with respect to the bonuses for the Named Executive Officers other than the Chief Executive Officer without modification. The bonuses are based primarily on objective criteria, such as the earnings growth of the Company as a whole and/or the performance of the offices for which each such executive officer is responsible. With respect to the Named Executive Officers other than Mr. Riley, the bonuses for 2008, as in past years, were initially calculated based on the following formula: ninety percent (90%) of the bonus in the previous year multiplied by the percentage change in earnings per share in the most recently completed fiscal year, which in 2008 was negative thirteen and three-tenths percent (13.3%). The resulting figure is subject to adjustment based upon a subjective analysis of the officer's duties and performance, in the discretion of the Compensation Committee. For 2008, in the case of Mr. Walker, based on his performance in 2008, such an adjustment was made in the form of a \$214,828 increase in the bonus that would otherwise have been payable to him. In the case of Mr. Riley, the formula described above was applied and the product was multiplied by fifty percent (50%) to determine one-half of the bonus to be paid to him; the balance of his bonus was calculated by adding one-half of 90% of the bonus in the previous year to the number representing \$10,000 for each one percent (1%) increase in the aggregate operating profit of the business units that comprise his region, subject to a maximum of \$250,000, which was applied in his case. As a result, due to the growth in regional operating profit in the region for which he is responsible, Mr. Riley's bonus was higher than it would have been had it been determined solely on the basis of the application of the formula described above. For information concerning compensation determinations for the Chief Executive Officer, please refer to the paragraph captioned "CEO Compensation," below.

Long-Term Compensation: Performance Stock Plan and 2000 Incentive Stock Option Plan. We emphasize long-term variable compensation at the senior executive levels because of our desire to reward effective long-term management decision-making and our desire to retain executive officers who have the potential to impact both our short-term and long-term profitability. Long-term incentives are designed to focus attention on long-range objectives and future returns to shareholders, and are presently delivered to the Named Executive Officers other than the Chief Executive Officer through the PSP and our ISO Plan. The Compensation Committee administers both our PSP and our ISO Plan, and may grant shares of performance stock under the PSP and/or stock options under the ISO Plan to key employees

based upon salary levels, sales production levels and performance evaluations. Grants of stock pursuant to the PSP and grants of options pursuant to the ISO Plan have in past years been made to each of the Named Executive Officers other than J. Hyatt Brown, the Chairman and Chief Executive Officer of the Company, who is not a participant in either the PSP or the ISO Plan.

As described below, we made grants in February 2008 to the Named Executive Officers other than the Chief Executive Officer under both the PSP and the ISO Plan.

Grants of stock under our PSP are intended to provide an incentive for key employees to achieve our long-range performance goals by providing incentives to remain with us for a long period after the grant date and by tying the vesting of the grant to appreciation of our stock price. All of the Named Executive Officers other than the Chief Executive Officer have received PSP grants that include two conditions of vesting: first, the grants “tranche” in increments of twenty percent (20%) each time that the 20-day trading average of our stock price increases by 20% in the five years following the date of the grant. Thus, in the event that the stock price doubles, or increases by 100%, within five years following the date of grant, the first condition of vesting is met with respect to the entire amount of the grant. Alternatively, if the stock price does not increase by twenty percent (20%) within five (5) years following the date of grant, the first condition of vesting would not be met with respect to any portion of the grant. Once the first condition of vesting is met with respect to any portion of shares granted under this Plan, the grantee is entitled to receive dividends and to vote that portion of the shares. The Named Executive Officers other than the Chief Executive Officer initially received grants under the PSP in 1996, and thereafter in 1998, 2001, 2003 and 2008, in each instance after the first condition of vesting had been met, or forfeiture had occurred, with respect to all previous grants under this Plan. Grant amounts were determined based upon the nature and extent of job duties. Additionally, Mr. Walker received PSP grants in 1997 and 2000, respectively, based upon expansions of his job responsibilities. The second condition of vesting for all of the Named Executive Officers who have received PSP grants is continued employment with us for a period of fifteen (15) years following the date of grant or, if earlier, until the attainment of age 64, or disability or death. None of the grants made to the Named Executive Officers has met the second condition of vesting. If and when such condition is met, the vested shares will be delivered, and the market value of such shares as of the vesting date will be taxed as ordinary income to the recipients.

In January 2008, the Board approved, upon the recommendation of the Compensation Committee, an amendment to the PSP's vesting provisions relating to vesting of shares that have met the first condition of vesting (the result of stock price increases) upon attainment of age 64. The effect of such amendment is that for PSP grants made after January 2008, participants attaining age 64 receive a pro rata portion (based on the number of years that have passed since the date of the grant, divided by 15) of grants or portions of grants that have met the first condition of vesting. Thereafter, such participants receive an additional 1/15 of such grants or portions of grants each year through the fifteenth year from the date of the grant, so long as they continue to be employed by the Company.

Grants of qualified and non-qualified stock options under our ISO Plan are intended to provide an incentive for key employees to achieve our short- to medium-range performance goals. In 2000, such grants were made to the Named Executive Officers other than the Chief Executive Officer and the Chief Financial Officer, and in 2003, when it was apparent that all grants made in 2000 had vested on an accelerated basis due to the satisfaction of the performance standard described below, grants were made to all of the Named Executive Officers other than the Chief Executive Officer. Additional grants were made to the Named Executive Officers other than the Chief Executive Officer in 2008, after the expiration of the period in which acceleration of the vesting of the 2003 ISO Plan grants could occur. The amounts of the grants made in 2000 and 2003 were generally based on operating profit of the offices for which each of the Named Executive Officers receiving such grants was responsible. In each instance (other than the 2003 grant to the Chief Financial Officer), there was potential for acceleration of the vesting of these option grants based on the achievement of compound annual growth in pre-tax earnings in excess of fifteen percent (15%) in the grantee's region over the three-year period following the end of the specified “base year.” The granted options either (a) vested as this performance standard was achieved (that is, vesting was accelerated and occurred, in whole or in part, as the case may be, based on the extent to which pre-tax earnings grew in the referenced three-year period) or, (b) in the event or to the extent that the performance standard was not achieved, will vest on the day prior to the ten (10)-year anniversary date of the grant, whichever is earlier. Additionally, in some instances, at the election of the grantee, the exercise dates of limited portions of the grants were established to maximize the extent to which the options are tax-qualified rather than non-qualified. Vested stock options may be exercised only pursuant to a schedule set forth in each grantee's

agreement with us. The grantee may not sell or transfer any granted stock options.

In February 2008, grants were made to the Named Executive Officers other than the Chief Executive Officer under the PSP and the ISO Plan. In the case of the grants made under the PSP, additional grants to many key employees, including the Named Executive Officers other than the Chief Executive Officer, had been contemplated and discussed in regular meetings of the Committee throughout 2007. This was because the Committee was aware that as of January 2008, either the first condition of vesting would be met or forfeiture would occur with respect to the last PSP grants made to these persons in 2003. The Committee had previously agreed that the first quarter of 2008 would therefore be the appropriate time to consider additional PSP grants on a broad scale to participants who last received PSP grants in 2003. Senior leadership of the Company conducted an extensive and detailed review of these participants in January and February 2008 to determine, in each instance, whether or not a new grant was warranted, and if so, at what level. As part of this process, the Chief Executive Officer or, in the case of Mr. Powell Brown, the Vice Chairman and Chief Operating Officer, developed his recommendations to the Committee with respect to the Named Executive Officers other than the Chief Executive Officer. Information about this process and the basis for the recommendations made was shared with the Committee in the meeting at which the proposed grants were considered in February 2008. Additionally, the Committee considered and discussed publicly available information concerning stock-based compensation paid by other publicly held insurance brokerage firms for the year ended December 31, 2006 (the most recent available numbers) in reaching its determinations. The publicly held brokerage firms whose information was included in this analysis were Aon Corporation, Arthur J. Gallagher & Co., Hilb Rogal & Hobbs Company, Marsh & McLennan Companies, and Willis Group Holdings Limited. The recommendation of the Chief Executive Officer or, in the case of Mr. Powell Brown, the Vice Chairman and Chief Operating Officer, which was approved by the Compensation Committee after review and discussion, was that the PSP grants made to the Named Executive Officers other than the Chief Executive Officer have a value of twice the value of the grants made to each of these officers in 2003, subject to adjustment based upon a subjective analysis of the officer's duties and performance, in the discretion of the Compensation Committee. As a result, each of the Named Executive Officers other than the Chief Executive Officer received PSP grants with a value of twice the value of the 2003 grants that each had received with the exception of Mr. Riley, whose 2008 grant had a value of more than twice the value of the grant received in 2003 due principally to recognition of his success in identifying, negotiating and consummating acquisitions during 2007. In the case of the grants made under the ISO Plan, the number of shares granted to the Named Executive Officers other than the Chief Executive Officer was recommended by the Chief Executive Officer or, in the case of Mr. Powell Brown, the Vice Chairman and Chief Operating Officer, based upon analysis of each officer's duties and performance, and after consideration, review and discussion, those recommendations were approved without modification by the Committee. In each instance, there is potential for acceleration of the vesting of these option grants in increments of twenty percent (20%) based upon each 20% increase in the stock price above the stock price at the time of the grant, based on a 20-trading-day average. Absent the satisfaction of this condition of acceleration, the options vest three months prior to their dates of expiration ten years after the date of grant.

CEO Compensation. With respect to the salary and bonus of J. Hyatt Brown, the Chairman and Chief Executive Officer of the Company, the Compensation Committee annually sets these amounts based upon the general operating performance of the Company and the performance of the Chief Executive Officer. The performance criteria most closely examined by the Committee are improvements in the Company's earnings per share and net income, as well as the continuing growth of the Company's business. The Committee also considers the annual Board evaluations of the performance of the Chief Executive Officer, and the salary levels and other compensation of chief executive officers in companies competitive with the Company. For 2008, the Committee considered publicly available information concerning the compensation of chief executive officers of Aon Corporation, Arthur J. Gallagher & Co., Hilb Rogal & Hobbs Company, Marsh & McLennan Companies and Willis Group Holdings Limited, taking into account the differences in size of the peer companies as compared with the Company.

A salary increase of 3.5% for the Chief Executive Officer was unanimously approved by the Committee for 2008. The bonus of \$879,752 paid to the Chief Executive Officer for 2008, which was also unanimously approved by the Compensation Committee, was calculated by multiplying 90% of the bonus paid for 2007 by negative 13.3%, the percentage decrease in the Company's 2008 earnings per share from 2007. The Chief Executive Officer does not

participate in the PSP or the ISO Plan.

---

The Committee reported the salary and bonus amounts set for the Chief Executive Officer to the full Board of Directors (excluding Mr. Hyatt Brown) in January 2008 and 2009, respectively.

Other Compensation. As appropriate, and in the reasonable discretion of the Chief Executive Officer, or in the case of Mr. Powell Brown, the Vice Chairman and Chief Operating Officer, certain golf or social club membership dues of the Named Executive Officers who have responsibility for the entertainment of clients, prospective clients and principals of acquisition prospects are reimbursed by the Company. Additionally, the Company reimburses the costs of annual physical examinations that are not otherwise covered by insurance for each of the Named Executive Officers. Along with all other full-time employees, each of the Named Executive Officers is eligible: (a) to receive matching and profit-sharing contributions made by the Company to the 401(k) accounts of participants in the qualified 401(k) Plan sponsored by the Company; (b) to participate in the Company's Employee Stock Purchase Plan; (c) to participate in group medical, dental and other benefit plans subscribed to by the Company and its subsidiaries; and (d) to the extent permitted by applicable law, for reimbursement of any amounts earned by the Company on personal lines insurance such as homeowners and flood insurance purchased by such employees.

We offer a qualified 401(k) Plan to provide a tax-advantaged savings vehicle. We make matching contributions of two and one-half percent (2.5%) of contributions made by each participant to the 401(k) Plan to encourage employees to save money for their retirement. Additionally, in January of each year, the Board considers a discretionary profit-sharing distribution to 401(k) Plan participants and in January 2008, as in each year for at least the preceding fifteen (15) years, such a distribution, in an amount equaling one and one-half percent (1.5%) of compensation as reflected on each participant's Wage and Tax Statement on Form W-2, was approved. These plans, and our contributions to them, enhance the range of benefits we offer to executives and enhance our ability to attract and retain key employees.

In addition, we entered into an Aircraft Time-Sharing Agreement with Mr. Hyatt Brown on June 18, 2008, pursuant to which he is authorized to utilize Company aircraft, subject to availability, for personal use in exchange for reimbursement calculated based on a multiple of the cost of fuel plus certain incremental costs associated with a trip. We had no incremental cost associated with such agreement in 2008 because Mr. Hyatt Brown did not use an aircraft under this Aircraft Time-Sharing Agreement. Thus, no amount related to this Aircraft Time-Sharing Agreement is included for Mr. Hyatt Brown in the "All Other Compensation" column of the Summary Compensation Table that appears below.

Policy on Tax Deductibility. The Committee considers the anticipated tax treatment to the Company in its review and establishment of compensation programs and payments, including the potential impact of Section 162(m) of the Internal Revenue Code of 1986, as amended ("Section 162(m)"). Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for the Named Executive Officers, other than compensation that is performance-based under a plan that is approved by the shareholders and that meets certain other technical requirements. The deductibility of compensation payments can depend upon numerous factors, including the nature of the payment and the time that income is recognized under various awards. Interpretations of, and changes in, applicable tax laws and regulations as well as other factors beyond the control of the Committee also can affect deductibility of compensation. Our general policy is to deliver equity-based compensation to employees in as tax-efficient a manner as possible, taking into consideration the overall cost to the Company, for which the Company accounts in accordance with Statement of Financial Accounting Standards ("SFAS") 123R, "Share-Based Payment," issued by the Financial Accounting Standards Board ("FASB"). The Committee will continue to monitor developments and assess alternatives for preserving the deductibility of compensation payments and benefits to the extent reasonably practicable, consistent with its compensation policies and as determined to be in the best interests of the Company and its shareholders.

Payments in the Event of Change in Control. The only Named Executive Officer whose employment agreement includes change in control provisions is J. Hyatt Brown. Those provisions require that there be both (a) a change in control and (b) an involuntary termination without “cause” or a voluntary termination for “good reason,” which is often referred to as a “double-trigger.” The double-trigger ensures that we will become obligated to make payments under the employment agreement only if Mr. Hyatt Brown’s employment actually terminates, under certain circumstances, as a result of the change in control. For details of the change in control provisions applicable to Mr. Hyatt Brown, please see the table titled “Potential Payments Upon Termination or Change in Control - 2008” and the section titled “Employment and Deferred Compensation Agreements,” below.

The PSP and the ISO Plan include change in control provisions. The PSP provides that all granted PSP stock shall become fully vested and nonforfeitable in the event of: (i) the Company’s entry into any agreement to sell all or substantially all of its assets or to enter into any merger, consolidation, reorganization, division or other corporate transaction in which Company stock is converted into another security or into the right to receive securities or property, where such agreement does not provide for the assumption or substitution of PSP stock; (ii) any tender or exchange offer for the Company’s stock accepted by a majority of the shareholders of the Company; or (iii) the death of J. Hyatt Brown and the subsequent sale by his estate, his wife, his parents, his lineal descendants, any trust created for his benefit during his lifetime, or any combination of the foregoing, of the Company stock owned by J. Hyatt Brown prior to his death. The PSP further provides that if any shares of PSP stock become fully vested and nonforfeitable because of the occurrence of these events, the Company shall pay to the holders of such shares, within 60 days of the occurrence of such event, the full amount of any federal and state income tax liability incurred by such holder as a result of such vesting, including, without limitation, any excise tax with respect to such vesting (e.g., under Internal Revenue Code Section 4999 and any successor provision) as well as the amount of any tax liability with respect to the “gross-up” payment described in the preceding sentence. Additionally, the PSP provides that in the event of any “Change in Control” (as defined in the PSP), the Board thereafter shall have the right to take such action with respect to any shares of PSP stock that are forfeitable, or all such shares of PSP stock, as the Board in its sole and absolute discretion deems appropriate under the circumstances to protect the interests of the Company in maintaining the integrity of the awards under the PSP. The PSP further states that the Board shall have the right to take different action with respect to different “Key Employees” (as defined in the PSP) or different groups of “Key Employees,” as the Board in its sole and absolute discretion deems appropriate under the circumstances. For information concerning the value of the vested PSP stock that each of the Named Executive Officers would have in the event that one of the triggering events described above occurred on the last business day of 2008, please see the table titled “Potential Payments Upon Termination or Change in Control - 2008” below.

The ISO Plan provides that all participants, which includes all of the Named Executive Officers other than the Chief Executive Officer, shall be deemed to have vested one hundred percent (100%) in all options granted under that plan in the event of such participant’s involuntary or constructive termination of service with us (other than for specified causes, as set forth in the ISO Plan) within twelve (12) months after a “Transfer of Control” as defined in the ISO Plan. For information concerning the value of the vested options that each of the Named Executive Officers would have under the ISO Plan in the event that termination of employment after “Transfer of Control” had occurred on the last business day of 2008, please see the table titled “Potential Payments Upon Termination or Change in Control - 2008” below.

- (1) Additionally, in the event of termination of Mr. Hyatt Brown's employment following a Change in Control as defined in his employment agreement, the Company (or our successor) would be required to pay Mr. Hyatt Brown an amount (a "gross-up payment") with respect to excise taxes that may be imposed under applicable tax laws on payments and benefits received in connection with a Change in Control. The gross-up payment would make Mr. Brown whole for excise taxes (and for all taxes on the gross-up payment) with respect to payments and benefits received. Mr. Hyatt Brown would also be entitled to continuation of group medical and other like benefits offered by the Company to employees for a period of three years following involuntary or constructive termination following a Change in Control, which, had the triggering events occurred on December 31, 2008, the last business day of the Company's last completed fiscal year, would total approximately \$33,800 for medical and other benefits and \$27,600 representing Company contributions to its 401(k) Plan. For more detailed information concerning the terms of Mr. Hyatt Brown's employment agreement, please see the section titled "Employment and Deferred Compensation Agreements" below.
- (2) All figures shown for the value of stock granted under the PSP and the ISO Plan that would vest upon death, disability or following a change in control are calculated based on the assumption that the triggering event(s) for such vesting took place on December 31, 2008, the last business day of the Company's last completed fiscal year, and that the price per share of our common stock is \$20.90, the closing market price as of that date. For more detailed information concerning the change in control provisions of the PSP and the ISO Plan, please see the section titled "Compensation Discussion and Analysis - Payments in the Event of Change in Control" above.
