On January 26, 2006, De Joya Griffith & Company, LLC. (the "New Accountant") of 6330 McLeod Drive, Suite 1, Las Vegas, Nevada 89102 was retained as the auditors for Nexia Holdings, Inc. (the "Company").

In making the selection of the New Accountant the Company's management and board of directors reviewed auditor independence issues and the absence of any pre-existing business or commercial relationship with the new accountant and concluded that there are no such relationships that would impair the independence of the New Accountant. The board and management of the Company concluded that the geographical proximity would benefit the Company in working with the New Accountant and promote the timely completion of work requested from the New Accountant.

During the two fiscal years ended December 31, 2003 and December 31, 2004 and through January 24, 2006, the Company did not consult with De Joya Griffith & company, LLC regarding any of the matters or events set forth in Item 304(a)(2)(i) and (ii) or Regulation S-B.

On January 26, 2006 the Company informed its prior accountant Bongiovanni & Associates, P.A. (the "Former Accountant") of 17111 Kenton Drive, Suite 204-B, Cornelius, North Carolina 28031, that it was dismissed as the Company's auditors.

During the Company's two most recent fiscal years and the subsequent interim period through the date of dismissal, there were no disagreements with the Former Accountant on any matters of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which, if not resolved to the satisfaction of the Former Accountant, would have caused it to make reference to the subject matter of the disagreement in connection with its reports on these financial statements for those periods.

The Company has requested that the Former Accountant furnish it with a letter addressed to the Securities and Exchange Commission stating whether it agrees with the above statements. The requested letter is attached as Exhibit 16.1 to this Current Report on Form 8-K.
