GOL INFORMS SHAREHOLDING RESTRUCTURING OF ITS CONTROLLING SHAREHOLDER

São Paulo, April 10, 2006 GOL Linhas Aéreas Inteligentes (NYSE: GOL and Bovespa: GOLL4), Brazil's low-cost, low-fare airline, informs that its controlling shareholder, Aeropar Participações S.A. (Aeropar), concluded, on March 17, 2006, a restructuring of its corporate shareholdings, by means of which 31,493,863 preferred shares of GOL, held by Aeropar, were transferred to the Fundo de Investimento em Participações Asas, registered in the CNPJ/MF under no. 07.672.313/0001 -35 (Fund). Comporte Participações S.A. (Comporte) also transferred its 3,351,775 preferred shares of GOL to the same Fund. The shares transferred to the Fund were not part of GOL's free float.

As a result of these two transfers, the Fund now holds 34,845,638 preferred GOL shares, equivalent to 40.27% of this share class and 17.78% of GOL's total capital. Aeropar and the Fund jointly hold 73.6% of GOL's total capital.

The restructuring of the Aeropar and Comporte corporate shareholdings did not alter the final beneficiaries (individuals) of both companies. The Fund's only quota-holders are the same final beneficiaries of both Aeropar and Comporte, the previous holders of the GOL preferred shares transferred to the Asas Fund. There was no change whatsoever in the shareholding control (individuals) or the management structure of GOL as a result of this restructuring.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
