Item 1.01 Entry into a Material Definitive Agreement.

On February 19, 2014, Ascent Solar Technologies, Inc., a Delaware corporation (the “Company”), entered into a securities purchase agreement (the “Purchase Agreement”) with one institutional and accredited investor (the “Investor”). Pursuant to the terms of the Purchase Agreement, the Company will sell to the Investor (i) \$2,500,000 (2,500 shares) of Series D-1 Convertible Preferred Stock (the “Series D-1 Preferred Stock”), and (ii) warrants (the “Warrants”) to purchase up to 541,126 shares of the Company’s common stock, par value \$0.0001 per share (the “Common Stock”). The closing of the sale of the Series D-1 Preferred Stock and the Warrants (the “Financing”) is expected to close on or before February 25, 2015 (the “Closing Date”), subject to the satisfaction of certain customary closing conditions. The Company expects to receive gross proceeds of approximately \$2.5 million on the Closing Date. The Series D-1 Preferred Stock will be offered and sold pursuant to a prospectus supplement filed with the Securities and Exchange Commission in connection with the Company’s shelf registration statement on Form S-3 (File No. 333-199214), which became effective on October 16, 2014. The Warrants have been privately placed in reliance upon exemptions from the registration requirements under Section 4(a)(2) under the Securities Act of 1933, as amended (“Securities Act”), and Rule 506 of Regulation D promulgated thereunder.

In connection with the Financing, the Company will pay WestPark Capital, Inc., the placement agent (the “Placement Agent”), an aggregate cash fee equal to \$112,500, paid ratably over time as the gross proceeds of the Financing become unrestricted and available to the Company, as well as reimbursement of certain expenses. The Company will also issue shares of Common Stock (the “Placement Agent Shares”) to the Placement Agent in an amount equal to \$50,000 divided by the closing bid price of a share of Common Stock on February 20, 2015.

Description of the Series D-1 Preferred Stock

Conversion

All amounts due under the Series D-1 Preferred Stock are convertible at any time, in whole or in part, at the option of the holders into shares of Common Stock at a fixed conversion price, which is subject to adjustment for stock splits, stock dividends, combinations or similar events. The Series D-1 Preferred Stock is convertible into shares of Common Stock at the initial price of \$2.31 per share (the “Conversion Price”).

If and whenever on or after the Closing Date, the Company issues or sells any shares of Common Stock for a consideration per share (the “New Issuance Price”) less than a price equal to the Conversion Price in effect immediately prior to such issuance or sale (a “Dilutive Issuance”), then, immediately after such Dilutive Issuance, the Conversion Price then in effect shall be reduced to an amount equal to the New Issuance Price.

In addition, a holder of the Series D-1 Preferred Stock has the option to convert a portion of the Series D-1 Preferred Stock into shares of Common Stock at an “Alternate Conversion Price” equal to the lowest of (i) the Conversion Price then in effect and (ii) 85% of the lowest volume-weighted average price of the Common Stock on any trading day during the five consecutive trading day period ending and including the trading day immediately prior to the date of the applicable conversion date.

Ranking

The Series D-1 Preferred Stock ranks pari passu with the Company’s existing Series A Preferred Stock with respect to dividends and rights upon liquidation. The Series D-1 Preferred Stock ranks senior to the Company’s Common Stock with respect to dividends and rights upon liquidation. The Series D-1 Preferred Stock ranks junior to all existing and future indebtedness. The Series D-1 Preferred Stock is unsecured.

Maturity Date

The Series D-1 Preferred Stock has a maturity date of May 1, 2015.

Dividends

Holders of the Series D-1 Preferred Stock will be entitled to receive dividends in the amount of 7% per annum, subject to increase to 15% per annum upon the occurrence and continuance of certain events of default (as described below). Dividends on the Series D-1 Preferred Stock are payable monthly in shares of Common Stock or cash, at the Company's option. Dividends on the Series D-1 Preferred Stock are computed on the basis of a 360-day year and twelve 30-day months, are payable in arrears monthly and are compounded monthly.

Voting Rights

Except as otherwise required by law (or with respect to approval of certain actions), the Series D-1 Preferred Stock will not have voting rights.

Payment of Liquidation Amounts and Dividends

The Company has agreed to make amortization payments with respect to the liquidation value of the Series D-1 Preferred Stock in shares of its Common Stock, subject to the satisfaction of certain equity conditions, or at the Company's option, in cash or a combination of shares of Common Stock and cash, in two equal installments. The first installment will be due on April 1, 2015. The second and final installment will be due on May 1, 2015. On each of the installment dates, the Company's scheduled amortization payment will be an amount equal to approximately \$1,250,000.

For amortization payments paid in shares of Common Stock, the number of shares of Common Stock that shall be issued as an installment conversion amount shall be determined based on an installment conversion price (the "Installment Conversion Price") of the lowest of (i) the Conversion Price then in effect and (ii) 85% of the quotient of (A) the sum of the volume-weighted average price of the Common Stock for each of the five lowest trading days during the 20 consecutive trading day period ending and including the trading day immediately prior to the applicable installment date, divided by five.

Any holder of Series D-1 Preferred Stock may elect to defer the payment of the installment amount due on any installment dates, in whole or in part, to another installment date, in which case the amount deferred will become part of such subsequent installment date and will continue to accrue interest and dividends as applicable.

During an installment period, any holder of Series D-1 Preferred Stock may elect to accelerate the amortization of the Series D-1 Preferred Stock at the Installment Conversion Price of the current installment date. Such accelerated amounts shall be payable in the Company's common stock.

Optional Redemption by the Company

The Company may redeem all, but not less than all, of the Series D-1 Preferred Stock at certain times provided that the Company meets certain equity conditions. In the case of an optional redemption of Series D-1 Preferred Stock by the Company, the Series D-1 Preferred Stock shall be redeemed in cash at a price with a redemption premium of 120% calculated by the formula specified in the Series D-1 Preferred Stock. The Company is required to provide holders of the Series D-1 Preferred Stock with at least 90 trading days prior notice of its election to redeem the Series D-1 Preferred Stock.

Events of Default

The Series D-1 Preferred Stock contains standard and customary events of default including but not limited to: (i) failure to make payments when due under the Series D-1 Preferred Stock; and (ii) bankruptcy or insolvency of the Company.

If there is an event of default, a holder of the Series D-1 Preferred Stock may require the Company to redeem all or any portion of the Series D-1 Preferred Stock (including all accrued and unpaid dividends and all dividends that would have accrued through the maturity date), in cash, at a price equal to the greater of: (i) up to 125% of the amount being redeemed, depending on the nature of the default, and (ii) the product of (A) the conversion rate in effect at such time multiplied by (B) the product of (1) up to 125%, depending on the nature of the default, multiplied by (2) the highest closing sale price of the Common Stock on any trading day during the period beginning on the date immediately before the event of default and ending on the date of redemption.

If there is an event of default, a holder of the Series D-1 Preferred Stock may convert all or any portion of the Series D-1 Preferred Stock into shares of Common Stock. In such event, the conversion price would be the lowest of (i) the Conversion Price then in effect and (ii) 85% of the lowest volume-weighted average price of the Common Stock on any trading day during the five consecutive trading day period ending and including the trading day immediately prior to the date of the applicable conversion date.

Change of Control

The Series D-1 Preferred Stock prohibits the Company from entering into transactions involving a change of control, unless the successor entity is a publicly traded corporation that assumes all of the Company's obligations under the Series D-1 Preferred Stock in a written agreement approved by holders of the Series D-1 Preferred Stock, as applicable.

In the event of transactions involving a change of control, the holder of Series D-1 Preferred Stock will have the right to require the Company to redeem all or any portion of the Series D-1 Preferred Stock it holds in cash, at a price with a redemption premium of 125% calculated by the formula specified in the Series D-1 Preferred Stock.

19.99% Cap

The Company is prohibited from issuing shares of Common Stock pursuant to the Series D-1 Preferred Stock and the Warrants in excess of 19.99% of the issued and outstanding shares of Common Stock immediately prior to the transaction unless stockholder approval of such issuance of securities is obtained as required by applicable NASDAQ rules. The Company intends to seek stockholder approval of such share issuances in excess of such 19.99% limit at the Company's 2015 annual stockholders meeting.

Limitations on Conversion and Issuance

The Series D-1 Preferred Stock may not be converted and shares of Common Stock may not be issued under the Series D-1 Preferred Stock if, after giving effect to the conversion or issuance, the holder together with its affiliates would beneficially own in excess of 4.99% of the outstanding shares of Common Stock. At each holder's option, the cap may be raised or lowered to any other percentage not in excess of 9.99%, except that any increase will only be effective upon 61-days' prior notice to the Company.

Dividend and Distribution Participation Rights

The holders of the Series D-1 Preferred Stock are entitled to receive any dividends paid or distributions made to the holders of Common Stock on an "as if converted to Common Stock" basis.

Description of the Warrants

The Warrants entitle the holders of the Warrants to purchase, in the aggregate, up to 541,126 shares of Common Stock. The Warrants will be exercisable on the issuance date through the fifth anniversary of the issuance date.

The Warrants will be exercisable at an initial exercise price equal to \$2.31 per share. The exercise price of the Warrants is subject to adjustment for stock splits, stock dividends, combinations or similar events. In addition, the exercise price is also subject to a "full ratchet" anti-dilution adjustment, subject to customary exceptions, in the

event that the Company issues securities at a price lower than the then applicable exercise price. The Warrants may be exercised for cash or (under certain circumstances) on a cashless basis.

19.99% Cap

The Company is prohibited from issuing shares of Common Stock pursuant to the Series D-1 Preferred Stock and the Warrants in excess of 19.99% of the issued and outstanding shares of Common Stock immediately prior to the transaction unless stockholder approval of such issuance of securities is obtained as required by applicable NASDAQ rules. The Company intends to seek stockholder approval of such share issuances in excess of such 19.99% limit at the Company's 2015 annual stockholders meeting.

Limitations on Exercise

The Warrants may not be exercised if, after giving effect to the exercise, the holder of the Warrants together with its affiliates would beneficially own in excess of 4.99%, at the election of the holder as of the Closing Date, of the outstanding shares of Common Stock. At a holder's option, the cap applicable to the exercise of the Warrants may be raised or lowered to any other percentage not in excess of 9.99%, except that any increase will only be effective upon 61-days' prior notice to the Company.

Change of Control

The Warrants prohibit the Company from entering into transactions involving a change of control, unless the successor entity is a publicly traded corporation that assumes all of the Company's obligations under the Warrants in a written agreement approved by holders of the Warrants.

Upon the occurrence of change of control, a holder of a Warrant will have the right to require the Company to repurchase the holder's Warrant for a purchase price in cash equal to the Black Scholes value, as calculated under the Warrants, of the then unexercised portion of the Warrant.

Events of Default

Upon the occurrence of an event of default, a holder of a Warrant will have the right to require the Company to repurchase the holder's Warrant for a purchase price in cash equal to the Black Scholes value, as calculated under the Warrants, of the then unexercised portion of the Warrant.
