**Item 8.01. Other Events.**

Ruth's Hospitality Group, Inc. (the "Company") has not previously reported separate information with respect to operating segments. Commencing with the Quarterly Report on Form 10-Q for the quarter ended September 29, 2013, the Company will report separate segment information in the footnotes to its financial statements. More specifically, separate information will be reported for the steakhouse restaurant, fish market restaurant and franchise segments.

Because the Company's steakhouse restaurant operating margins differ from the operating margins of the Company's fish market restaurants and there can be no assurance that those margins will converge in the near future, the Company has concluded that the results of operations of Company-owned steakhouse restaurants and Company-owned fish market restaurants should be reported separately.

The change in the reportable segments structure affects only the manner in which the Company will report the results of operations of its reportable segments. This Current Report on Form 8-K does not restate any financial statements that the Company previously filed with the Securities and Exchange Commission, change the Company's consolidated financial condition, results of operations or cash flows for any completed period or reflect any subsequent information or events, other than the determination to report separate information for the Company's three segments.
