Item 2.02. Results of Operations and Financial Condition.

On February 16, 2012, Spirit Airlines, Inc. (the “Company” or “Spirit”) issued a press release announcing its unaudited financial results for the fourth quarter 2011 and full year 2011.

Non-GAAP financial measures that reflect adjustments from historical financial data prepared under GAAP, including adjustments for special items and for pro forma calculations assuming our IPO had been completed as of an earlier date than it was actually completed, are included in the press release as supplemental disclosures because the Company believes they are useful indicators of the Company's operating performance for comparative purposes. These non-GAAP financial measures are well recognized performance measurements in the airline industry that are frequently used by investors, securities analysts and other interested parties in comparing the operating performance of companies in the airline industry. The non-GAAP financial measures provided have limitations as an analytical tool. Because of these limitations determinations of our operating performance adjusted for special items and pro forma for the Company's IPO should not be considered in isolation or as a substitute for performance measures calculated in accordance with GAAP. The Company has also provided in the press release reconciliations of these non-GAAP financial measures to the appropriate GAAP financial measures.

The foregoing description is qualified in its entirety by reference to the press release dated February 16, 2012, a copy of which is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

Item 7.01. Regulation FD Disclosure.

On February 16, 2012, the Company provided an update to investors regarding the Company's guidance for the first quarter 2012 and full year 2012. The guidance provided therein is only an estimate of what the Company believes is realizable as of the date of this investor update. Actual results will vary from the guidance and the variations may be material. The Company undertakes no intent or obligation to publicly update or revise any of these projections, whether as a result of new information, future events or otherwise, except as required by law.

The foregoing description is qualified in its entirety by reference to the investor update, a copy of which is attached hereto as Exhibit 99.2 and is incorporated herein by reference.

Item 9.01. Financial Statements and Exhibits.

All forward-looking statements in this release are based upon information available to the Company on the date of this release. The Company undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events, or otherwise.
