COMBINED NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(In Thousands Except Per Share Amounts)

(1) Basis of Presentation

The accompanying unaudited condensed consolidated financial statements (the "Financial Statements") of Wendy's/Arby's Group, Inc. ("Wendy's/Arby's" and, together with its subsidiaries, the "Company") and Wendy's/Arby's Restaurants, LLC ("Wendy's/Arby's Restaurants"), a 100% owned subsidiary of Wendy's/Arby's, have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") for interim financial information and, therefore, do not include all information and footnotes required by GAAP for complete financial statements. In our opinion, the Financial Statements contain all adjustments necessary to present fairly our financial position as of April 3, 2011, and the results of our operations and cash flows for the three months ended April 3, 2011 and April 4, 2010. The results of operations for the three months ended April 3, 2011 are not necessarily indicative of the results to be expected for the full 2011 fiscal year. These Financial Statements should be read in conjunction with the audited consolidated financial statements for Wendy's/Arby's and Wendy's/Arby's Restaurants, and combined notes thereto included in our Annual Report on Form 10-K for the fiscal year ended January 2, 2011 (the "Form 10-K").

Except where otherwise indicated, these combined notes relate to the Financial Statements for each of Wendy's/Arby's and Wendy's/Arby's Restaurants (the "Companies"). References herein to Wendy's/Arby's corporate ("Corporate") represent Wendy's/Arby's parent company functions only and their effect on the consolidated results of operations and financial condition.

In January 2011, Wendy's/Arby's announced that it is exploring strategic alternatives for Arby's Restaurant Group, Inc. ("Arby's"), including a sale of the brand. This process is continuing and there is no assurance as to any particular outcome. To address uncertainties for our employees created by this process, Wendy's/Arby's has implemented a retention program; the payment of a portion of this program is conditioned on the sale of Arby's. During the 2011 first quarter, Wendy's/Arby's Restaurants and Wendy's/Arby's accrued costs of \$1,279 and \$1,307, respectively, which are included in "General and administrative" related to the portion of this retention program not conditioned on the sale of Arby's. While the process is pending, Arby's will continue to execute its growth initiatives. Arby's did not meet the financial accounting requirements to be classified as held for sale or to be reported as discontinued operations as of April 3, 2011. As of April 3, 2011, the carrying value of our Arby's business (defined as total assets less all non-intercompany liabilities) was \$164,000. (See Note 9 for further segment information.)

We report on a fiscal year consisting of 52 or 53 weeks ending on the Sunday closest to December 31. Both three month periods presented herein contain 13 weeks. All references to years and quarters relate to fiscal periods rather than calendar periods.

(2) Acquisitions and Dispositions

During the first quarter of 2011, Wendy's International, Inc. ("Wendy's") acquired the operating assets, net of liabilities assumed, of three Wendy's franchised restaurants. The total consideration for this acquisition before post closing adjustments was \$3,960 consisting of (1) \$2,900 of cash, net of \$45 cash acquired and (2) the issuance of a note payable of \$1,060.

Other restaurant acquisitions and dispositions during the periods presented were not significant.

(3) Investment in Joint Venture with Tim Hortons Inc.

Wendy's is a partner in a Canadian restaurant real estate joint venture ("TimWen") with Tim Hortons Inc. Wendy's 50% share of the joint venture is accounted for using the equity method of accounting. Our equity in earnings from TimWen is included in "Other operating expense, net."

(a) The carrying amounts approximated fair value due to the short-term maturities of the cash equivalents or restricted cash equivalents.

Fair value of these investments was based entirely on statements of account received from investment managers or investees which were principally based on quoted market or broker/dealer prices. To the extent that some of these (b) investments, including the underlying investments in investment limited partnerships, do not have available quoted market or broker/dealer prices, the Companies relied on valuations performed by the investment managers or investees in valuing those investments or third-party appraisals.

(c) The fair values were based on information provided by the bank counterparties that is model-driven and whose inputs were observable or whose significant value drivers were observable.

(d) The fair values were based on quoted market prices.

The fair values were determined by discounting the future scheduled principal payments using an interest rate (e) assuming the same original issuance spread over a current U.S. Treasury bond yield for securities with similar durations.

(f) The fair value was assumed to reasonably approximate the carrying amount. We have accrued liabilities for these lease obligations based on a weighted average risk percentage.

Wendy's provided loan guarantees to various lenders on behalf of franchisees entering into pooled debt facility (g) arrangements for new store development and equipment financing. Wendy's has accrued a liability for the fair value of these guarantees, the calculation for which was based upon a weighted average risk percentage established at the inception of each program.

The carrying amounts of current accounts, notes receivable and non-current notes receivable approximated fair value due to the effect of related allowances for doubtful accounts and notes receivable. The carrying amounts of accounts payable and accrued expenses approximated fair value due to the short-term maturities of those items.

Valuation techniques under the accounting guidance related to fair value measurements were based on observable and unobservable inputs. Observable inputs reflected readily obtainable data from independent sources, while unobservable inputs reflected our market assumptions. These inputs are classified into the following hierarchy:

Level 1 Inputs - Quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs - Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value drivers are observable.

Level 3 Inputs - Pricing inputs are unobservable for the assets or liabilities and include situations where there is little, if any, market activity for the assets or liabilities. The inputs into the determination of fair value require significant management judgment or estimation.

The following table presents the Companies' financial assets and liabilities (other than cash and cash equivalents) measured at fair value on a recurring basis as of April 3, 2011 by the valuation hierarchy as defined in the fair value guidance:

	April 3, 2011	Fair Value Measurements		
		Level 1	Level 2	Level 3
Interest rate swaps (included in "Deferred costs and other assets")	\$7,610	\$—	\$7,610	\$—

The following table presents the fair values for those assets and liabilities measured at fair value during the three months ended April 3, 2011 on a non-recurring basis. Total losses include losses recognized from all non-recurring fair value measurements during the quarter ended April 3, 2011 for both the Wendy's and Arby's restaurant segments. The carrying value of properties presented in the table below substantially represents the remaining carrying value of land for properties that were impaired related to the Wendy's restaurant segment. See Note 5 for more information on the impairment of our long-lived assets.

Derivative instruments

The Companies' derivative instruments in the first quarter of 2011 included interest rate swaps with notional amounts totaling \$225,000 that were all designated as fair value hedges on Wendy's 6.20% senior notes. At April 3, 2011 and January 2, 2011, the fair value of these interest rate swaps of \$7,610 and \$9,623, respectively, has been included in "Deferred costs and other assets" and as an adjustment to the carrying amount of the Wendy's 6.20% senior notes.

Interest income on interest rate swaps was \$1,413 and \$1,812 for the three months ended April 3, 2011 and April 4, 2010, respectively.

(5) Impairment of Long-Lived Assets

	Three Months Ended

Wendy's restaurant segment:		
Impairment of company-owned restaurants:

Intangible assets	44	912
	1,715	11,601
Total impairment of long-lived assets	\$9,612	\$11,601

The Wendy's company-owned restaurant impairment losses in the three months ended April 3, 2011 and the Arby's company-owned restaurant impairment losses in the three months ended April 4, 2010 predominantly reflected impairment charges on all restaurant level assets resulting from the deterioration in operating performance of certain restaurants, and additional charges for capital improvements in restaurants impaired in a prior year which did not subsequently recover. The Arby's restaurant segment impairment losses in the three months ended April 4, 2010 also

reflected write-downs in the carrying value of surplus properties and properties held for sale. The Arby's company-owned restaurant impairment losses in the three months ended April 3, 2011 reflected additional charges for capital improvements in restaurants impaired in a prior year which did not subsequently recover.

All of these impairment losses represented the excess of the carrying amount over the fair value of the affected assets and are included in "Impairment of long-lived assets." The fair values of impaired assets discussed above for the Wendy's and Arby's restaurant segments were generally estimated based on the present values of the associated cash flows and on market value with respect to land (Level 3 inputs).

(6) Income Taxes

The Company's effective tax rate benefit for the three months ended April 3, 2011 and April 4, 2010 was 58.1% and 60.2%, respectively. Wendy's/Arby's Restaurants effective tax rate benefit for the three months ended April 3, 2011 and April 4, 2010 was 47.9% and 64.4%, respectively. The Companies' effective rates vary from the U.S. federal statutory rate of 35% due to the effect of (1) state income taxes, net of federal income tax benefit, (2) tax credits, and (3) a reduction in our state valuation allowances in 2010.

There were no significant changes to unrecognized tax benefits or related interest and penalties for either the Company or Wendy's/Arby's Restaurants.

Amounts payable for Federal and certain state income taxes are settled by Wendy's/Arby's Restaurants to Wendy's/Arby's under a tax sharing agreement. During the three months ended April 3, 2011 and April 4, 2010, Wendy's/Arby's Restaurants made tax sharing payments to Wendy's/Arby's of \$13,078 and \$0, respectively.

(7) Loss Per Share

(Wendy's/Arby's)

Basic loss per share for the three months ended April 3, 2011 and April 4, 2010 was computed by dividing net loss by the weighted average number of common shares outstanding.

Diluted loss per share for the three months ended April 3, 2011 and April 4, 2010 was the same as basic loss per share for each share since the Company reported a net loss and, therefore, the effect of all potentially dilutive securities on the net loss per share would have been antidilutive.

As of April 3, 2011, our potential common shares consisted of the following: (1) outstanding stock options which can be exercised into 27,036 shares of our Common Stock and (2) 3,107 restricted shares of our Common Stock.

The weighted average number of shares used to calculate basic and diluted loss per share was 418,520 and 443,326 for the three months ended April 3, 2011 and April 4, 2010, respectively.

(8) Debt and Equity

Debt

The Wendy's/Arby's Restaurants senior secured term loan facility (the "Term Loan"), which is part of the credit agreement entered into in May 2010 and further described in our Form 10-K, requires prepayments of principal amounts resulting from certain events and on an annual basis from Wendy's/Arby's Restaurants excess cash flow as defined under the Term Loan. An excess cash flow payment for fiscal 2010 of \$24,874 was paid in the first quarter of

2011. Should our strategic alternatives for Arby's result in a sale of the brand (as discussed in Note 1), we may be required to utilize a portion of the sales proceeds as a Term Loan prepayment.

Transactions with Purchasing Cooperatives, the Foundation, and AFA

As agreed by its board of directors in March 2011, effective April 2011 the activities of Strategic Sourcing Group Co-op, LLC ("SSG") were transferred to the Wendy's independent purchasing cooperative, Quality Supply Chain Co-op ("QSCC"), and Arby's independent purchasing cooperative ("ARCOP"). Wendy's/Arby's Restaurants had (a) committed to pay approximately \$5,145 of SSG expenses, of which \$4,900 was expensed in the first quarter of 2010, and was to be paid over a 24 month period through March 2012. During the first quarter of 2011, the remaining accrued commitment of \$2,275 was reversed and credited to "General and administrative."

Wendy's and QSCC entered into a sublease amendment, effective January 1, 2011, which increased the office space (b) subleased to QSCC to 14,333 square feet for a one year period for a revised annual base rental of \$176 with five one-year renewal options.

The Companies received \$18 and \$0 of sublease income from SSG, \$25 and \$26 of sublease income from ARCOP, \$23 and \$26 of sublease income from the Arby's Foundation, Inc. (the "Foundation"), and \$39 and \$28 of sublease income from QSCC during the first quarter of 2011 and 2010, respectively.

In December 2009, and as amended in February and August 2010 and in February 2011, AFA Service Corporation ("AFA") entered into a revolving loan agreement with Arby's. As of April 3, 2011 and January 2, 2011, the (c) outstanding revolving loan balance due from AFA to Arby's was \$0 and \$4,458, respectively. Arby's recorded interest income of \$19 and \$106 during the first quarter of 2011 and 2010, respectively, which is included in "Other income, net."

Arby's and most domestic Arby's franchisees pay member dues to AFA. Beginning in January 2011 and for the remainder of 2011, the AFA board approved a dues increase based on a tiered rate structure for the payment of advertising and marketing service fees ranging between 1.25% and 3.50% of sales. In addition and consistent with (d) a similar arrangement in effect from April through December 2010, Arby's agreed to partially subsidize the top two rate tiers thereby decreasing franchisees' effective advertising and marketing service fee percentages through December 2011. Arby's incurred \$723 in the first quarter of 2011 associated with the advertising dues subsidy, which is recorded in "Cost of sales."

Wendy's participates in two national advertising funds for Wendy's United States and Canadian locations established to collect and administer funds contributed for use in advertising through television, radio, newspapers, (e) the Internet and a variety of promotional campaigns. During the first quarter of 2011, Wendy's reimbursed the Canadian advertising fund approximately \$150 for advertising expenses associated with new product testing.

During the first quarter of 2010, the Companies made a charitable contribution of \$500 to the Foundation, primarily (f) utilizing funds reimbursed to it by one of the beverage companies used by Arby's as provided by the applicable contract. This payment is included in "General and administrative."

Transactions with the Management Company

(g) Wendy's/Arby's incurred service fees of \$250 in the first quarter of 2011 and 2010, which are included in "General and administrative." These fees were paid to a management company (the "Management Company") which was

formed by our Chairman, who was our former Chief Executive Officer, and our Vice Chairman, who was our former President and Chief Operating Officer, and a director, who was our former Vice Chairman, in connection with a services agreement, which commenced on July 1, 2009 and will continue until June 30, 2011.

Wendy's/Arby's recognized income of \$408 and \$413 from the Management Company under subleases for office (h)space on two of the floors of the Company's former New York headquarters for the first quarter of 2011 and 2010, respectively, which has been recorded as a reduction of "General and administrative."

Wendy's/Arby's Restaurants is the issuer of, and certain of its domestic subsidiaries have guaranteed amounts outstanding under our 10% senior notes. Each of the guaranteeing subsidiaries is a direct or indirect 100% owned subsidiary of Wendy's/Arby's Restaurants and each has fully and unconditionally guaranteed the 10% senior notes on a joint and several basis.

The following are included in the presentation of our consolidating: (1) Condensed Consolidating Balance Sheets as of April 3, 2011 and January 2, 2011, (2) Condensed Consolidating Statements of Operations for the three months ended April 3, 2011 and April 4, 2010, and (3) Condensed Consolidating Statements of Cash Flows for the three months ended April 3, 2011 and April 4, 2010 to reflect:

- (a) Wendy's/Arby's Restaurants (the "Parent");
- (b) the 10% senior notes guarantor subsidiaries as a group;
- (c) the 10% senior notes non-guarantor subsidiaries as a group;
- (d) elimination entries necessary to combine the Parent with the guarantor and non-guarantor subsidiaries; and
- (e) Wendy's/Arby's Restaurants on a consolidated basis.

Substantially all of our domestic restricted subsidiaries are guarantors of the 10% senior notes. Certain of our subsidiaries, including our foreign subsidiaries and national advertising funds, do not guarantee the 10% senior notes.

For purposes of presentation of such consolidating information, investments in subsidiaries are accounted for by the Parent on the equity method. The elimination entries are principally necessary to eliminate intercompany balances and transactions.

As of April 3, 2011, the Wendy’s restaurant system was comprised of 6,565 restaurants, of which 1,395 were owned and operated by the Companies. As of April 3, 2011, the Arby’s restaurant system was comprised of 3,631

restaurants, of which 1,139 were owned and operated by the Companies. The 2,534 Wendy's and Arby's company-owned restaurants are located principally in the United States and to a lesser extent in Canada (the "North America Restaurants"). In January 2011, we announced that we are exploring strategic alternatives for Arby's, including a sale of the brand.

Wendy's and Arby's revenues and operating results have been impacted by a number of factors, including generally negative sales and traffic trends in the restaurant industry, high unemployment, negative general economic trends and intense price competition. As noted below in "Cost of sales," both Wendy's and Arby's experienced increased commodity costs in the 2011 first quarter, which negatively affected cost of sales and restaurant margins. The Companies expect that significant increases in commodity costs as compared to 2010 for both Wendy's and Arby's will continue in 2011. Wendy's expects to offset much of these increases with prudent price increases, while protecting transactions and market share. Arby's is also planning to take selective price increases in the second half of 2011.

Wendy's long-term growth opportunities include (1) product innovation, (2) a continued emphasis on our everyday value menu, (3) expanding dayparts, (4) remodeling our facilities, (5) new unit development, and (6) expanding internationally. Arby's long-term growth opportunities include (1) our value strategy, which includes our everyday affordability proposition, (2) remodeling our facilities, (3) our new brand positioning, which was introduced during the first quarter of 2011, and (4) product innovation.

As of April 3, 2011, there were approximately 450 Arby's franchised restaurants with amounts payable to Arby's for royalties, rent and/or other fees that were at least 60 days past due. The financial condition of a number of Arby's franchisees was one of the factors that resulted in a net decrease of 44 and 13 in the number of franchised restaurants for fiscal 2010 and for the three months ended April 3, 2011, respectively. During those same periods, 96 and 21 franchised Arby's restaurants were closed, respectively. Prior year trends of declining sales at franchised Arby's restaurants had resulted in decreases in royalties and other franchise revenues and the deterioration in the financial condition of some of our franchisees. In addition, Arby's franchisee accounts receivable and related allowance for doubtful accounts had increased significantly, and may continue to grow should the

Table of Contents

financial condition of some of our franchisees not improve. Franchisees' financial difficulties and the closure of franchised restaurants cause reductions in the contributions to and the extent of advertising programs.

Restaurant business revenues for the first three months of 2011 include: (1) \$737.6 million of sales from company-owned restaurants, (2) \$18.9 million from the sale of bakery items and kids' meal promotion items to our franchisees, (3) \$84.9 million of royalty income from franchisees, and (4) \$6.4 million of other franchise-related revenue and other revenues. During the first quarter of 2011, Wendy's purchasing cooperative, Quality Supply Chain Co-op, Inc. ("QSCC") began managing the operations for kids' meal promotion items sold to franchisees. Sales of kids' meal promotion items recorded during the first quarter of 2011 were from inventory on hand prior to QSCC's management of the process. In future quarters we do not expect to receive significant revenue from sales of kids' meal promotion items sold to franchisees. However, we do not expect the decrease in these revenues to have a material adverse effect on our results of operations or financial condition. Most of our Wendy's and Arby's royalty agreements provided for royalties of 4.0% of franchise revenues for the three months ended April 3, 2011.

Key Business Measures

We track our results of operations and manage our business using the following key business measures:

Same-Store Sales

We report Wendy's North America Restaurants same-store sales commencing after a store has been open for at least 15 continuous months and as of the beginning of the previous fiscal year. Arby's North America Restaurants same-store sales are reported after a store has been open for 15 continuous months. These methodologies are consistent with the metrics used by our management for internal reporting and analysis. Same-store sales exclude the impact of currency translation.

Restaurant Margin

We define restaurant margin as sales from company-owned restaurants less cost of sales divided by sales from company-owned restaurants. Cost of sales includes food and paper, restaurant labor, and occupancy, advertising and other operating costs. Sales and cost of sales exclude amounts related to bakery items and kids' meal promotion items sold to franchisees. Restaurant margin is influenced by factors such as restaurant openings and closures, price increases, the effectiveness of our advertising and marketing initiatives, featured products, product mix, the level of our fixed and semi-variable costs, and fluctuations in food and labor costs.

Related Party Transactions

The Companies have entered into the following transactions with related parties since those reported in our Form 10-K:

SSG

As agreed by its board of directors in March 2011, effective April 2011 the activities of Strategic Sourcing Group Co-op, LLC ("SSG") were transferred to QSCC, and Arby's independent purchasing cooperative ("ARCOP"). Wendy's/Arby's Restaurants had committed to pay approximately \$5.2 million of SSG expenses, of which \$4.9 million was expensed in the first quarter of 2010, and was to be paid over a 24 month period through March 2012. During the first quarter of 2011, the remaining accrued commitment of \$2.3 million was reversed and credited to "General and administrative."

QSCC Sublease

Wendy's and QSCC entered into a sublease amendment, effective January 1, 2011, which increased the office space subleased to QSCC to 14,333 square feet for a one year period for a revised annual base rental of approximately \$0.2 million with five one-year renewal options.

Wendy's Advertising Program

Wendy's participates in two national advertising funds for Wendy's United States and Canadian locations established to collect and administer funds contributed for use in advertising through television, radio, newspapers, the Internet and a variety of promotional campaigns. During the first quarter of 2011, Wendy's reimbursed the Canadian advertising fund \$0.2 million for advertising expenses associated with new product testing.

The overall increase in the 2011 first quarter sales was driven by the increase in Arby's North America company-owned same-store sales of 6.8%, partially offset by a decrease in Wendy's North America company-owned same-store sales of 0.9%.

The Wendy's North America company-owned same-store sales were impacted by severe winter weather in the first quarter of 2011. In addition, Wendy's Canada company-owned same-store sales decreased \$1.9 million primarily due to the effect of higher sales taxes in two Canadian provinces beginning in the 2010 third quarter. The negative factors impacting Wendy's sales were partially offset by a \$2.9 million benefit from foreign currency translation. Wendy's new stores opened or acquired subsequent to the first quarter of 2010 resulted in incremental sales of \$5.6 million in the 2011 first quarter, which were partially offset by a reduction in sales of \$2.5 million from locations sold or closed after the 2010 first quarter.

Arby's North America company-owned same-store sales increase of 6.8% in the first quarter of 2011 was primarily due to (1) a successful limited time only fish offering, (2) the introduction of the Angus roast beef premium product, (3) Arby's new brand positioning, and (4) the introduction of a new item in Arby's everyday value menu. Arby's locations sold or closed during or subsequent to the first quarter of 2010 resulted in a reduction in sales of \$3.7 million for the first quarter of 2011, which was partially offset by incremental sales of \$0.5 million in the 2011 first quarter from stores acquired from a franchisee after the 2010 first quarter.

	Change
Wendy's	\$1.2
Arby's	0.9
	\$2.1

Both Wendy's and Arby's North America franchised restaurant same-store sales for the first quarter of 2011 were impacted by the same factors described above for company-owned restaurants; however, Wendy's franchised restaurants continued to have higher same-store sales year over year than Wendy's company-owned restaurants, which we believe is due to differences in pricing.

Cost of Sales

	Change
Wendy's	2.0%
Arby's	0.2%
Consolidated	1.5%

Wendy's North America company-owned restaurant cost of sales increased as a percent of sales in the 2011 first quarter as compared to the 2010 first quarter from 84.6% to 86.6% due to increases in (1) food and paper costs of 0.9% points, (2) occupancy, advertising and other operating expenses of 0.6% points, and (3) restaurant labor of 0.5% points. Wendy's food and paper costs were primarily impacted by a 0.8% point increase in commodity costs. The increase in occupancy, advertising, and other operating expenses was primarily due to a 1.1% point increase in advertising expenses associated with the expansion of Wendy's new breakfast program in additional markets partially offset by a 0.4% point decrease in employee health insurance costs. Restaurant labor costs were negatively affected by an increase of 0.3% points due to the deleverage effect of the decline in Wendy's same-store sales without similar

reductions in fixed and semi-variable costs.

Arby's North America company-owned restaurant cost of sales increased as a percent of sales in the 2011 first quarter as compared to the 2010 first quarter from 89.2% to 89.4% primarily attributable to higher food and paper costs of 3.4% points partially offset by declines in restaurant labor costs of 1.0% points and in occupancy, advertising, and other operating expenses of 2.2% points. The increase in food and paper costs as a percentage of sales was primarily due to a 1.9% point increase in food costs for a premium product introduction in the 2011 first quarter and a 1.6% point increase in commodity costs.

37

Table of Contents

These increases were partially offset by the benefit of the increase in Arby's same-store sales on fixed and semi-variable restaurant labor costs and occupancy, advertising and other operating expenses of 1.4% points and 1.1% points, respectively. Occupancy, advertising and other operating expenses as a percentage of sales was also favorably impacted by a decrease in advertising expenditures as a result of more efficient media purchases.

Other, net	(0.7) —	(0.7)
	\$(8.5) \$1.6	\$(6.9)

The decrease in general and administrative expenses in 2011 was primarily related to (1) the non-recurrence in 2011 of expenses related to the formation of SSG incurred in the first quarter of 2010 combined with the reversal of the accrual for the remaining estimated SSG funding commitment during the first quarter of 2011 and (2) the completion of the Wendy's integration efforts in early 2010. These decreases were partially offset by (1) amounts accrued in the 2011 first quarter for retention bonuses, legal and advisory fees and other costs related to the review of strategic alternatives for the Arby's brand and (2) an increase in professional fees associated primarily with information technology projects.

As a result of indications that the carrying amount of the Wendy's long-lived assets may not be recoverable, we performed a test for impairment during the 2011 first quarter and recorded impairment charges primarily from certain underperforming Wendy's restaurants. A similar test was not required for Arby's long-lived assets during the 2011 first quarter. Arby's impairment charges in the 2011 first quarter primarily reflect additional charges for capital

improvements in restaurants impaired in a prior year which did not subsequently recover.

The decrease in interest expense in the 2011 first quarter was primarily due to the redemption of the Wendy's 6.25% senior notes in the 2010 second quarter. This decrease in interest expense was partially offset by higher principal amounts outstanding during the 2011 first quarter under the Wendy's/Arby's Restaurants term loan than were outstanding during the 2010 first quarter under the prior Arby's credit agreement as partially offset by the lower effective interest rate of the Wendy's/Arby's Restaurants term loan as compared to the prior Arby's credit agreement.

Liquidity and Capital Resources

Net Cash Provided by Operating Activities

(Wendy's/Arby's)

Cash provided by operating activities increased \$18.2 million in the first quarter of 2011 as compared to the first quarter of 2010 primarily due to the following:

a \$17.2 million increase in cash provided by accounts payable resulting from first quarter 2011 cash inflows of \$4.2 million compared to \$13.0 million in cash outflows which reduced accounts payable in the same period last year. This change was primarily due to the net impact of the following: (1) an increase in amounts payable for marketing costs in the first quarter of 2011 versus the first quarter of 2010 primarily related to the timing of receipt and payment of vendor invoices, (2) an increase in food purchases at both Wendy's and Arby's in the first quarter of 2011 primarily due to an increase in commodity costs combined with an increase in Arby's sales in the first quarter of 2011 as compared to the first quarter of 2010, and (3) a decrease in amounts payable for Wendy's kids' meal promotion items as the management of the operations for kids' meal promotion items sold to franchisees was transferred to QSCC in the first quarter of 2011;

a \$9.2 million reduction in payments for accrued expenses and other current liabilities. This decrease was primarily due to decreases in (1) payments to QSCC which were accrued for in 2009 and (2) amounts paid under incentive

compensation plans,

39

Table of Contents

partially offset by:

a \$5.1 million increase in payments for other current assets including a \$3.4 million increase in prepaid expenses and other current assets and a \$1.7 million increase in inventories. These increases in cash outflows were primarily due to (1) the timing of certain prepaid expenses in the first quarter of 2011 as compared to the first quarter of 2010, (2) an increase in prepaid maintenance contracts and property taxes in the first quarter of 2011 as compared to the same period of 2010, and (3) a decrease in Arby's food inventory in the first quarter of 2010 without a similar reduction in the first quarter of 2011.

(Wendy's/Arby's Restaurants)

Cash provided by operating activities increased \$5.5 million in the first quarter of 2011 as compared to the first quarter of 2010 primarily due to the following:

a \$15.6 million increase in cash provided by accounts payable resulting from first quarter 2011 cash inflows of \$3.6 million compared to \$12.0 million in cash outflows which reduced accounts payable in the same period last year. This change was primarily due to the net impact of the following: (1) an increase in amounts payable for marketing costs in the first quarter of 2011 versus the first quarter of 2010 primarily related to the timing of receipt and payment of vendor invoices, (2) an increase in food purchases at both Wendy's and Arby's in the first quarter of 2011 primarily due to an increase in commodity costs combined with an increase in Arby's sales in the first quarter of 2011 as compared to the first quarter of 2010, and (3) a decrease in amounts payable for Wendy's kids' meal promotion items as the management of the operations for kids' meal promotion items sold to franchisees was transferred to QSCC in the first quarter of 2011;

a \$6.0 million reduction in payments for accrued expenses and other current liabilities. This decrease was primarily due to decreases in (1) payments to QSCC which were accrued for in 2009 and (2) amounts paid under incentive compensation plans,

partially offset by:

\$13.1 million in cash outflows related to tax payments made under a tax sharing agreement with Wendy's/Arby's net of amounts accrued under this tax sharing agreement. No similar payments or accruals were made under this tax sharing agreement in the first quarter of 2010;

a \$4.9 million increase in payments for other current assets including a \$3.2 million increase in prepaid expenses and other current assets and a \$1.7 million increase in inventories. These increases in cash outflows were primarily due to (1) the timing of certain prepaid expenses in the first quarter of 2011 as compared to the first quarter of 2010, (2) an increase in prepaid maintenance contracts and property taxes in the first quarter of 2011 as compared to the same period of 2010, and (3) a decrease in Arby's food inventory in the first quarter of 2010 without a similar reduction in the first quarter of 2011.

The Companies expect continued positive cash flows from operating activities during the remainder of 2011.

Additionally, for the three months ended April 3, 2011, the Companies had the following significant sources and uses of cash other than from operating activities:

Repayments of long-term debt of \$29.8 million, including an excess cash flow prepayment of \$24.9 million as defined in the Wendy's/Arby's Restaurants term loan;

Cash capital expenditures totaling \$28.6 million, which included \$6.9 million for the remodeling of restaurants, \$3.6 million for the construction of new restaurants, and \$18.1 million for various capital projects; and

(Wendy's/Arby's)

Dividend payments of \$8.4 million.

The net cash used in our operations before the effect of exchange rate changes on cash was approximately \$13.4 million and \$18.3 million for Wendy's/Arby's and Wendy's/Arby's Restaurants, respectively.

Table of Contents

Sources and Uses of Cash for the Remainder of 2011

Our anticipated consolidated cash requirements for the remainder of 2011, exclusive of operating cash flow requirements, consist principally of:

- Cash capital expenditures of approximately \$145 million, which would result in total cash capital expenditures for the year of approximately \$174 million;
- Scheduled debt principal repayments aggregating \$8.4 million;
- Any potential business acquisitions or dispositions;
- The costs of any potential financing activities;

(Wendy's/Arby's)

- Quarterly cash dividends aggregating up to approximately \$25.1 million as discussed below in "Dividends";
- Potential repurchases of common stock of up to approximately \$250 million under the currently authorized stock buyback program; and

(Wendy's/Arby's Restaurants)

Potential intercompany dividends and fees.

Based upon current levels of operations, the Companies expect that cash flows from operations and available cash will provide sufficient liquidity to meet operating cash requirements for the next 12 months.

Dividends

(Wendy's/Arby's)

On March 15, 2011, Wendy's/Arby's paid quarterly cash dividends of \$0.02 per share on its common stock, aggregating \$8.4 million. On May 5, 2011, Wendy's/Arby's declared dividends of \$0.02 per share to be paid on June 15, 2011 to shareholders of record as of June 1, 2011. If Wendy's/Arby's pays regular quarterly cash dividends for the remainder of 2011 at the same rate declared in our 2011 first quarter, Wendy's/Arby's total cash requirement for dividends for the remainder of 2011 would be approximately \$25.1 million based on the number of shares of its common stock outstanding at May 2, 2011. Wendy's/Arby's currently intends to continue to declare and pay quarterly cash dividends; however, there can be no assurance that any quarterly dividends will be declared or paid in the future or of the amount or timing of such dividends, if any.

(Wendy's/Arby's Restaurants)

As of April 3, 2011, under the terms of the Wendy's/Arby's Restaurants' credit agreement, there was \$32.9 million available for the payment of dividends directly to Wendy's/Arby's.

Stock Repurchases

(Wendy's/Arby's)

As of January 2, 2011, we had approximately \$250 million authorized for repurchases of our common stock through January 1, 2012, when and if market conditions warrant and to the extent legally permissible. No shares were repurchased during the three months ended April 3, 2011.

Seasonality

Our restaurant operations are moderately impacted by seasonality. Wendy's restaurant revenues are normally higher during the summer months than during the winter months, and Arby's restaurant revenues are somewhat lower in our first quarter. Because our businesses are moderately seasonal, results for any future quarter will not necessarily be indicative of the results that may be achieved for any other quarter or for the full fiscal year.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

There were no material changes from the information contained in the Companies' Annual Report on Form 10-K as of April 3, 2011.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The management of Wendy's/Arby's and Wendy's/Arby's Restaurants, under the supervision and with the participation of their Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the design and operation of their disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")), as of April 3, 2011. Based on such evaluations, the Chief Executive Officer and Chief Financial Officer concluded that as of April 3, 2011, the disclosure controls and procedures of Wendy's/Arby's and Wendy's/Arby's Restaurants were effective in (1) recording, processing, summarizing and reporting, on a timely basis, information required to be disclosed by each company in the reports that it files or submits under the Exchange Act and (2) ensuring that information required to be disclosed by each company in such reports is accumulated and communicated to management, including the Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

There were no changes in the internal control over financial reporting of Wendy's/Arby's and Wendy's/Arby's Restaurants during the first quarter of 2011 that materially affected, or are reasonably likely to materially affect, their internal control over financial reporting.

Inherent Limitations on Effectiveness of Controls

There are inherent limitations in the effectiveness of any control system, including the potential for human error and the possible circumvention or overriding of controls and procedures. Additionally, judgments in decision-making can be faulty and breakdowns can occur because of simple error or mistake. An effective control system can provide only reasonable, not absolute, assurance that the control objectives of the system are adequately met. Accordingly, the management of Wendy's/Arby's and Wendy's/Arby's Restaurants, including their Chief Executive Officer and Chief Financial Officer, does not expect that the control system can prevent or detect all error or fraud. Finally, projections of any evaluation or assessment of effectiveness of a control system to future periods are subject to the risks that, over time, controls may become inadequate because of changes in an entity's operating environment or deterioration in the degree of compliance with policies or procedures.

- changes in spending patterns and demographic trends, such as the extent to which consumers eat meals away from home;

- certain factors affecting our franchisees, including the business and financial viability of franchisees, with a significant number of Arby’s franchisees having experienced a prolonged period of declining sales and profitability,

the timely payment of such franchisees' obligations due to us or to national or local advertising organizations, and the ability of our franchisees to open new restaurants in accordance with their development commitments, including their ability to finance restaurant development and remodels;

• changes in commodity costs (including beef and chicken), labor, supply, fuel, utilities, distribution and other operating costs;

• availability, location and terms of sites for restaurant development by us and our franchisees;

All future written and oral forward-looking statements attributable to us or any person acting on our behalf are expressly qualified in their entirety by the cautionary statements contained or referred to in this section. New risks and uncertainties arise from time to time, and it is impossible for us to predict these events or how they may affect us. We assume no obligation to update any forward-looking statements after the date of this Quarterly Report on Form 10-Q as a result of new information, future events or developments, except as required by Federal securities laws. In addition, it is our policy generally not to endorse any projections regarding future performance that may be made by third parties.

Item 1. Legal Proceedings.

We are involved in litigation and claims incidental to our current and prior businesses. We provide reserves for such litigation and claims when payment is probable and reasonably estimable. As of April 3, 2011, Wendy's/Arby's and Wendy's/Arby's Restaurants had reserves for all of their legal and environmental matters aggregating \$3.9 million. Although the outcome of these matters cannot be predicted with certainty and we cannot estimate the aggregate possible range of loss, based on our currently available information, including legal defenses available to us, and given the aforementioned reserves and our insurance coverage, we do not believe that the outcome of these legal and environmental matters will have a material adverse effect on our consolidated financial position or results of operations.
