REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

FREMONT GENERAL CORPORATION
AND AFFILIATED COMPANIES INVESTMENT INCENTIVE PLAN

We have audited the accompanying statements of net assets available for benefits of the Fremont General Corporation and Affiliated Companies Investment Incentive Plan as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2005 and 2004, and the changes in its net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules of assets (held at end of year) as of December 31, 2005, and reportable transactions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

INVESTMENT INCENTIVE PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2005

1. DESCRIPTION OF PLAN

The following description of the Fremont General Corporation and Affiliated Companies Investment Incentive Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. In the case of any inconsistency between this document and the Plan document, the Plan document shall prevail.

GENERAL

The Plan is a defined contribution 401(k) plan that commenced on February 1, 1986, and covers eligible employees of Fremont General Corporation (FGC) and subsidiaries (collectively, the Company). An eligible employee who is employed by the Company may elect to make salary deferral 401(k) contributions as soon as administratively feasible following his or her employment date.

CONTRIBUTIONS

Employees may elect to have up to 15% of their eligible compensation deferred and deposited with the plan trustee which will invest the money at the employee's discretion among a variety of investment funds including the Company's common stock. Employee contributions are matched by the Company at a rate of one dollar for every dollar contributed up to 6% of eligible compensation deferred by the employee. Eligible employees may also make catch-up contributions permitted under the Internal Revenue Code. The Company may make additional contributions at its discretion. Company contributions during 2005 and 2004 to eligible employee participants were in shares of Company common stock. Employees have discretion to diversify out of Company common stock after the Company's contribution has been allocated into participants' accounts. All employee contributions are 100% vested. The 401(k) Plan provides that for any participant who is an employee on or after January 1, 2003, the participant's interest in his or her matching contributions account is 100% vested. Disbursement of the employee's account balance will occur upon retirement,

termination of employment or death. Shares of the Company's common stock held in the 401(k) Plan and allocated to participants' accounts are voted by the 401(k) Plan's Trustee upon instructions from the participants.

1. DESCRIPTION OF PLAN (CONTINUED)

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings or losses. Allocations are based on participants' contributions and eligible compensation or, in the case of investment earnings or losses, account balances. Forfeited balances of nonvested accounts are applied towards the Company's matching contributions in future periods.

Participants' salary deferral 401(k) contributions and allocated earnings or losses thereon are 100% vested at all times. Company matching and discretionary contributions became fully vested to participants that were active employees on or after January 1, 2003. Different vesting rules may apply to participants who terminated employment with the Company before January 1, 2003.

DISTRIBUTIONS

Distributions of account balances may be made to participants under the following circumstances: termination of employment, attainment of age 59 1/2, retirement, as required for minimum distribution or pursuant to court order, or, to the designated beneficiary following a participant's death. Participants may make withdrawals from their account balances in the event of hardship for the following circumstances: expenses to avoid eviction or foreclosure of their principal residence, extraordinary uninsured medical expenses for the participants or their dependents, tuition and related educational expenses for post-secondary education for the following 12 months for the participants or their dependents, and costs relating to the purchase of a principal residence. Effective January 1, 2006, the Plan was amended to add the following circumstances for hardship withdrawals: burial or funeral expenses for certain dependents of participants and expenses for the repair of damage to the principal residence of participants.

PARTICIPANTS' LOANS

Participants may borrow from their account balance based on the balance at the close of business of the prior day. Interest is fixed for the term of the loan. An approved loan must be repaid fully within a minimum of 12 months to a maximum of 60 months. A loan processing fee of \$40 is deducted directly from the

paycheck in which the first loan repayment is made.
