On April 15, 2015, the Company approved a business restructuring plan which includes actions necessary to achieve cost synergies related to recent acquisitions. In addition, the program aims to further right-size employee headcount and production capacity in certain businesses and regions based on current product demand, as well as reductions in various global administrative functions. A pre-tax restructuring charge of \$135 million to \$140 million will be recorded in PPG's second quarter 2015 financial results, of which about 85% represents employee severance and other cash costs. The restructuring actions will impact about 1,700 employees.

This restructuring initiative is detailed in the Company's April 16, 2015 press release, a copy of which is attached hereto as Exhibit 99.
