LIFETIME HOAN REPORTS THIRD QUARTER 2004 RESULTS

WESTBURY, N.Y., Nov. 3, 2004 -- LIFETIME HOAN CORPORATION (NASDAQ NM: LCUT), a leading designer, marketer and distributor of housewares, today announced results for the third quarter and nine months ended September 30, 2004.

For the third quarter of 2004, net sales totaled \$51.2 million compared to \$44.1 million for the same period of the prior year. The Company reported net income of \$2.6 million, or \$0.23 per diluted share, compared to \$2.9 million, or \$0.27 per diluted share, for the third quarter of 2003.

Net sales for the nine months ended September 30, 2004 totaled \$121.4 million compared to \$98.3 million for the same period in 2003, an increase of 23.5%. Net income for the period was \$3.1 million, or \$0.28 per diluted share, compared to \$3.0 million, or \$0.28 per diluted share, last year.

Jeffrey Siegel, Chairman, President and Chief Executive Officer, commented, "Lifetime's net revenues for the third quarter increased by 16%. This significant increase notwithstanding, the results for the quarter did not meet our expectations.

"Sales did not attain our earlier forecast principally because of late delivery of merchandise from overseas. Some of our suppliers encountered difficulties with the start-up of production of new product lines. The affected product lines included our new lines of KitchenAid(R) cutlery, our new ceramic S'mores Maker(TM) and our new Smokeless Tabletop Griller(TM). In some cases, these products utilize new materials or combinations of materials that, coupled with

Edgar Filing: LIFETIME HOAN CORP - Form 8-K

our stringent quality requirements, resulted in unexpected problems for our suppliers. As a result, a number of sales programs did not begin as scheduled during the quarter. In addition, our supply chain faced a number of other challenges, including shortages and delays in the availability of raw materials in Asia and delays caused by congestion at ports in the United States. While these start-up and other supply chain issues had a negative impact on sales, we believe they have generally been resolved and we expect the flow of merchandise to continue at satisfactory levels through the important holiday shipping season."

Mr. Siegel continued, "Many of our retail customers also faced challenges during the quarter. These resulted from high gasoline prices and severe weather in the Southeastern United States. In addition, measures instituted earlier in 2004 by a major customer to improve inventory turns and lower its in-stock position continued. Together, these factors had a negative effect on the timing and reduced the size of orders we received during the quarter, when compared to our expectations.

"Our profitability in the quarter did not meet our target, principally as a result of lower than anticipated net sales. Our gross margin percentage fell by 1.6%, reflecting proportionally higher sales of products that traditionally carry lower gross profit margins. This was due to increased sales of products sold under the KitchenAid(R) brand, which generate a lower gross profit margin due to the added cost of royalties, as well as higher sales of bakeware, functional glassware and tabletop products.

"Selling, general and administrative (SG&A) expenses rose due to the increase in the share of space in our outlet stores for which Lifetime is responsible compared with same quarter last year, as well as added costs related to strengthening our product development, sourcing and sales/marketing infrastructure. We believe that our planned investments in these areas, which had a negative impact on our profitability during the quarter, are necessary to ensure our growth and will have a positive impact on future profitability. In addition, SG&A expenses increased as a result of the acquisitions of the business and assets of USE(R) - Tools for Civilization(R), Gemco Ware and Excel."

Mr. Siegel concluded, "As a result of the third-quarter developments, we have reviewed our forecast and refined our guidance for 2004. We are lowering our net sales guidance for the year to approximately \$190 - \$197 million from \$202 - \$212 million. Consequently, we are lowering our earnings per share estimate to approximately \$0.78 - \$0.87 from \$0.95 - \$1.10."

Lifetime Hoan noted that third-quarter 2004 sales attributable to the :USE(R) - Tools for Civilization(R), Gemco Ware and Excel businesses, which the Company acquired during the last twelve months, totaled \$5.1 million.

Separately, the Company announced that its Board of Directors declared a regular quarterly cash dividend of \$0.0625 per share, payable on November 19, 2004 to shareholders of record on November 5, 2004.
