Item 1.01 Entry into a Material Definitive Agreement.

On January 28, 2005, Spectrum Pharmaceuticals, Inc. (Spectrum) entered into a License Agreement (Agreement) with Altair Nanomaterials, Inc. (Altair) and its parent Altair Nanotechnologies, Inc. whereby Spectrum acquired an exclusive worldwide right to develop and commercialize, with right to sublicense, RenaZorb (two second-generation lanthanum-based phosphate binding agents) for all human therapeutic and diagnostic uses.

Under the terms of the Agreement, Spectrum will issue to Altair 100,000 shares of Spectrum common stock as an upfront payment and will make an equity investment of \$200,000 in 38,314 shares of Altair Nanotechnologies, Inc. s common stock. In addition, Altair is eligible to receive payments upon achievement of a clinical development and certain regulatory and sales milestones, in addition to royalties on potential net sales. The Agreement also contains provisions covering the joint development of RenaZorb , the maintenance and prosecution of patents and customary indemnification.

Item 3.02 Unregistered Sale of Equity Securities

The disclosures in Item 1.01 of this Form 8-K are incorporated herein by reference.

The common stock to be issued to Altair will be issued without registration under the Securities Act of 1933, as amended (the Act), in reliance upon the exemptions from registration provided under Section 4(2) of the Act. The issuance does not involve any public offerings; we made no solicitation in connection with this transaction, other than communication with Altair; we obtained representations from Altair regarding its investment intent, experience and sophistication; Altair has received or had access to adequate information about Spectrum in order to make an informed investment decision; Altair has represented that it is an accredited investor within the meaning of Rule 501 of Regulation D under the Act; Spectrum reasonably believes that Altair is sophisticated within the meaning of Section 4(2) of the Act; and the common stock will be issued with restricted securities legends. No underwriting discounts or commissions will be paid in conjunction with the issuance.

In connection with a private placement transaction in May 2003, we issued warrants exercisable through May 2008. Since our last current report, one of these warrants was partially exercised for the purchase of 104,565 shares of our common stock for cash consideration of \$365,977. We believe the sale of the shares was exempt from registration pursuant to Section 4(2) of the Act. We made no solicitation in connection with the exercise of the warrant; we obtained representations from the holder regarding its status as an accredited investor; and the holder had access to adequate information about Spectrum in order to make an informed investment decision. No underwriting discounts or commissions were paid in conjunction with the issuances.
