### Employee Stock Ownership Plan:

We have audited the accompanying statements of net assets available for plan benefits of MacDermid, Incorporated Profit Sharing and Employee Stock Ownership Plan as of March 31, 2001 and 2000 and the related statements of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of MacDermid, Incorporated Profit Sharing and Employee Stock Ownership Plan as of March 31, 2001 and 2000 and the changes in net assets available for plan benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held at end of year is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

### MACDERMID, INCORPORATED PROFIT SHARING AND EMPLOYEE STOCK OWNERSHIP PLAN

#### Notes to Financial Statements

March 31, 2001 and 2000

#### (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

##### (a) BASIS OF PRESENTATION

The accompanying financial statements have been prepared on an accrual basis. Current values of investments are determined using quoted market prices and current yields. Purchases and sales of securities are recorded on a trade-date basis. The cost of investments sold is determined on an average cost basis.

##### (b) TRUST FUND

Prudential Investments was the Trustee of the Plan through December 31, 2000. Effective January 1, 2001, First Union National Bank is the Trustee of the Plan. The assets of the Plan were transferred in January 2001. Under the terms of a trust agreement between the Trustee and the MacDermid, Incorporated Employees Profit Sharing and Employee Stock Ownership Plan (the Plan), the Trustee manages a trust fund on behalf of the Plan. The Plan Trustee has discretionary authority concerning purchases and sales of investments in the trust fund. The investments and changes therein of this trust fund have been reported to the Plan by the Trustee as having been determined through the use of current values for all assets and liabilities.

##### (c) PLAN MERGERS AND ROLLOVERS

During the 2001 plan year, the employees of Colorspan, which was acquired by MacDermid Incorporated in June 2000, elected to rollover their 401k retirement accounts into the Plan.

During the 2000 plan year, the Company, as a result of acquisitions, merged the following plans into the Plan: Canning Gumm 401K Plan, W. Canning 401K Plan, and the Polyfibron Technologies, Inc. Savings and Investment Plan.

##### (d) USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### (2) PLAN PROVISIONS

The Plan, as amended and restated, is a defined contribution plan sponsored by MacDermid, Incorporated (the Company).

Effective January 1, 1999, the ESOP provision of the plan was changed to allow participants to contribute to the Plan using pre-tax dollars to purchase company stock. This provision is referred to as a KSOP.

Under the terms of the Plan, employees who have completed three months of service are eligible to contribute under the KSOP, 401(k) and after-tax options. Participating employees may elect to have up to 8% of pre-tax wages contributed to the Plan under the 401(k) option, and up to 7% of pre-tax wages under the KSOP provision. Participating employees may elect to have up to 3% deducted from their after-tax wages and invested in the same investment options as the 401(k) arrangement. The Company will match 50% of the employee's KSOP contribution, up to a maximum of 3.5% of the employee's compensation. Employees may elect to make pre-tax contributions up to the IRS limit of \$11,000 in 2001 and \$10,500 in 2000 to the same investment options as the 401(k) arrangement.

The Company may make profit-sharing contributions to the Plan. This is a discretionary contribution determined by the Board of Directors. In order to be eligible for the profit-sharing contributions, employees must be at least 21 years of age and have completed five months of service. Employees will be eligible for profit-sharing as of the March 1st subsequent to their completion of the above requirements. Profit sharing contributions were \$0 for the years ended March 31, 2001 and 2000.

Employees vest immediately in their contributions. Full vesting with respect to the Company's contributions requires five years of credited service, except that full vesting will apply when an employee attains age 55, dies or becomes totally disabled. Any forfeited amounts related to the maximum additional 3.5% of compensation allocated to the MacDermid Company Stock Fund are used to reduce the cash contribution required by the Company in the following year. Forfeitures available to reduce future employer contributions amounted to \$153,007 and \$0 at March 31, 2001 and 2000, respectively.

Distribution of participants' accounts upon separation shall be paid in (a) a lump sum, or (b) equal installments over a period not to exceed 15 years. If the non-forfeitable balance does not, and did not at the time of any prior distribution, exceed \$5,000, the participant's account shall be distributed in a lump-sum.

## Edgar Filing: MACDERMID INC - Form 11-K

The Company expects to continue the Plan indefinitely, but necessarily reserves the right to amend, modify or terminate the Plan at any time. If it is necessary to discontinue the Plan, the assets in the Trust Fund will be used to provide benefits in accordance with the provisions of the Plan document.

#### Notes to Financial Statements

March 31, 2001 and 2000

#### (3) FEDERAL INCOME TAXES

The Plan has received a tax determination letter from the Internal Revenue Service (IRS) dated July 13, 1995 indicating that the Plan qualifies under the provisions of Section 401(a) of the Internal Revenue Code (IRC) and is exempt from federal income taxes. The Plan has been amended since receiving the determination letter, however, the Company believes the Plan is designed and is currently being operated in compliance with the applicable sections of the IRC.

Plan participants are taxed on plan benefits at the time of distribution to the extent such distribution exceeds a participant's post-tax contribution to the Plan. Effective January 1, 1993, the Plan withholds the mandatory 20% federal tax from all taxable distributions which are not direct rollovers. The tax consequences to the participant will depend on the type of distribution (lump sum, annuity or installments).

#### (4) INVESTMENT PROGRAMS

Plan participants may elect among 17 separate investment funds in which to have their contributions and a portion of the Company's contributions invested. Company contributions in excess of 5% of a participant's annual salary must be invested in the MacDermid Company Stock Fund. The 17 investment funds as of March 31, 2000 are as follows:

- (1) FIRST UNION STABLE INVESTMENT FUND - Seeks maximum current income consistent with stability of capital and maintenance of liquidity.
- (2) FIRST UNION ENHANCED STOCK MARKET FUND - Seeks to exceed the performance of the S&P 500 index by investing in a select subset of the stocks in that index.
- (3) AMERICAN CENTURY ULTRA FUND - Seeks capital growth by investing primarily in common stocks that are considered by management to have better-than-average prospects for appreciation.
- (4) DAVIS NY VENTURE FUND A - Seeks long-term capital appreciation and income through purchasing high-quality, well managed growing companies at value prices and holding them for the long term.
- (5) EVERGREEN SPECIAL EQUITY FUND I - Seeks growth of capital through

### (5) INVESTMENTS

In September 1999, The American Institute of Certified Public Accountants issued Statement of Position 99-3, ACCOUNTING FOR AND REPORTING OF CERTAIN DEFINED CONTRIBUTION PLAN INVESTMENTS AND OTHER DISCLOSURE MATTERS (SOP 99-3). SOP 99-3 simplifies the disclosure for certain investments and is effective for plan years ended after December 15, 1999. The Plan adopted SOP 99-3 during the Plan year ended March 31, 2000.

The following table represents the fair value of investments. Investments that represent 5% or more of the Plan's net assets are separately identified:

	MARCH 31,

(7) PARTICIPANT NOTES RECEIVABLE

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Loan Fund. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Interest rates range from 8.00% to 9.50% at March 31, 2001. Principal and interest is paid ratably through regular payroll deductions.

(8) SUBSEQUENT EVENT

Effective April 1, 2001, the Board of Directors of the Company elected to reduce the age of eligibility of employees in the Plan from 21 to 18. Additionally, employees are eligible to contribute under the KSOP, 401K and after-tax options as of the first of the month after their date of hire.

In May 2001, the Board of Directors of the Company elected to change the Plan's fiscal year-end from March 31 to December 31.

(9) RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by First Union and Prudential. First Union and Prudential are the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$11,156 and \$9,801 for the years ended March 31, 2001 and 2000, respectively.
