Net debt (total debt of \$1,287.0 million, less cash and cash equivalents of \$477.0 million, which excludes client cash of \$10.2 million) as of June 30, 2006 was \$810.0 million compared to \$861.1 million as of March 31, 2006, and \$733.6 million as of December 31, 2005. Client cash for the six months ended June 30, 2006, decreased \$256.0 million since December 31, 2005. Further analysis of AUM is included in the supplemental schedules to this release.

Business Developments

During the second quarter, AMVESCAP continued to make progress in our efforts to work more effectively as a global organization. We have begun to align AMVESCAP's global operating platform by transforming the support structure of our organization around the world, with a goal of streamlining our operations and driving renewed efficiency. Internal measurement tools have been modified to help gauge effectiveness as we work to implement the strategic plans outlined as part of our year-end 2005 earnings presentation. Although some benefits of these efforts will be realized during 2006, the most significant benefits should become evident over the next few years.

In the meantime, the company continued to actively manage costs by focusing on spending and incremental efficiency improvements. AMVESCAP is on track to meet the expense commitments made in early 2006, subject to variances arising from market and foreign exchange movements.

Relative investment performance improved during the quarter and the company experienced positive net flows through both retail and institutional channels. Flows were driven primarily by sales from our fixed income, money market, and alternative asset class products, but also benefited from improved redemption

rates.

Operating results reflect the building momentum of the business. Net operating margins were 32.6% for the quarter versus 31.9% in the first quarter and 24.4% in the same quarter of 2005.

The previously announced acquisition of PowerShares Capital Management, an Exchange-Traded Fund (ETF) provider, is scheduled to close in the third quarter. The ETFs offered by PowerShares will complement the fund lineup and expand the breadth of products we can offer to our clients through AIM Investments. PowerShares fund assets grew to \$5.9 billion at June 30, 2006.

INDEPENDENT REVIEW REPORT TO AMVESCAP PLC

We have been instructed by the company to review the financial information for the six months ended 30 June 2006 which comprises consolidated financial statements such as the Consolidated Income Statement, Consolidated Balance Sheet, Consolidated Statement of Changes in Equity, Consolidated Cash Flow Statement, and the related notes 1 to 6. We have read the other information

Edgar Filing: AMVESCAP PLC/LONDON/ - Form 6-K

contained in the interim report and considered whether it contains any apparent misstatements or material inconsistencies with the financial information.

This report is made solely to the company in accordance with guidance contained in Bulletin 1999/4 'Review of interim financial information' issued by the Auditing Practices Board. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company, for our work, for this report, or for the conclusions we have formed.

Directors' responsibilities

The interim report, including the financial information contained therein, is the responsibility of, and has been approved by, the directors. The directors are responsible for preparing the interim report in accordance with the Listing Rules of the Financial Services Authority which require that the accounting policies and presentation applied to the interim figures should be consistent with those applied in preparing the preceding annual accounts except where any changes, and the reasons for them, are disclosed.

Review work performed

We conducted our review in accordance with guidance contained in Bulletin 1999/4 'Review of interim financial information' issued by the Auditing Practices Board for use in the United Kingdom. A review consists principally of making enquiries of group management and applying analytical procedures to the financial information and underlying financial data, and based thereon, assessing whether the accounting policies and presentation have been consistently applied, unless otherwise disclosed. A review excludes audit procedures such as tests of controls and verification of assets, liabilities and transactions. It is substantially less in scope than an audit performed in accordance with International Standards on Auditing (UK and Ireland) and therefore provides a lower level of assurance than an audit. Accordingly we do not express an audit opinion on the financial information.

Review conclusion

On the basis of our review we are not aware of any material modifications that should be made to the financial information as presented for the six months ended 30 June 2006.
