Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Shareholders to be held on Tuesday, June 16, 2009: This proxy statement and our 2008 Annual Report (which is not a part of the Company's proxy soliciting materials), including the Annual Report on Form 10-K for the year ended December 31, 2008, are available online at www.solitarioxr.com.

The 2008 Annual Report (which is not a part of the Company's proxy soliciting materials) is being mailed to the Company's shareholders with this Proxy Statement. Upon written request from any person solicited herein, addressed to the Corporate Secretary of Solitario at its principal offices at 4251 Kipling St. Suite 390, Wheat Ridge, Colorado 80033, Solitario will provide, at no cost, a copy of the Annual Report on Form 10-K filed with the Securities and Exchange Commission (the "SEC") for the fiscal year ended December 31, 2008 (the "2008 10-K"), without exhibits. A copy of any or all of the exhibits to the 2008 10-K will be furnished for a fee, which will not exceed the Company's reasonable expenses in furnishing the exhibits.

Proxies are solicited so that each shareholder may have an opportunity to vote. These proxies will enable shareholders to vote on all matters that are scheduled to come before the meeting. When proxies are returned properly executed, the shares represented thereby will be voted in accordance with the shareholders' directions. Shareholders are urged to specify their choices by marking the appropriate boxes on the enclosed proxy card; if no choice has been specified, the shares will be voted as recommended by the Board. Means have been provided whereby a shareholder may withhold his vote for any Director. The proxy cards also confer discretionary authority to vote the shares authorized to be voted thereby on any matter that was not known on the date of the Proxy Statement but may properly be presented for action at the meeting.

You are asked to sign, date, and return the accompanying proxy card regardless of whether or not you plan to attend the meeting. The expense of printing and mailing proxy material will be borne by Solitario. In addition to the solicitation of proxies by mail, solicitation may be made by certain Directors, officers, and other employees of Solitario in person or by telephone or other means of electronic communication. Nominating and Corporate Development Committee

In June of 2006, the Board approved the charter for and formed the Nominating and Corporate Development Committee of the Board (the "Nominating Committee"), a current copy of which is available on the Company website at www.solitarioxr.com. The members of the Nominating Committee are all independent members of the Board in accordance with the definition of the NYSE-Amex listing standards. The nominating committee did not hold a meeting during 2008. There were no director nominations proposed during 2008.

The primary purposes of the Nominating Committee are to (a) identify individuals qualified to become Board members, and select or recommend director nominees; (b) develop and recommend to the Board corporate governance principles applicable to the Corporation; (c) lead the Board in its review of the Board's performance; and (d) recommend to the Board director nominees for each committee.

Pursuant to Section 2.11 of our Bylaws, candidates for election as directors at any meeting of shareholders may be made (a) by, or at the direction of, a majority of the members of the Board or (b) by any shareholder entitled to vote at such a meeting. The Board makes no distinction in evaluating candidates who come to their attention directly or who are nominated by any shareholder. The Nominating Committee does not have specific minimum qualifications that a candidate must possess for consideration. In order to qualify for consideration at a shareholder meeting, shareholder nominations must be in writing addressed to the Secretary of Solitario Exploration & Royalty Corp. not less than 60 days nor more than 90 days prior to the date of a scheduled shareholders' meeting; provided, however, that if less than 70 days notice or prior public disclosure of the scheduled date of such a meeting is given or made, notice of a shareholder nomination must be delivered or received not later than the close of business on the 10th day following the earlier of the day on which such notice of the date of the scheduled meeting was mailed or the day on which such public disclosure was made.

Such shareholder's notice shall set forth (a) as to each person whom the shareholder proposes to nominate for election or re-election as a director and as to the shareholder giving the notice (i) the name, age, business address and residence address of such person, (ii) the principal occupation or employment of such person, (iii) the class and number of shares of stock of the Company which are beneficially owned by such person of the date of such shareholder notice and (iv) any other information relating to such person that is required to be disclosed in solicitations of proxies with respect to nominees for election as directors, pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended, and (b) as to the shareholder giving the notice (i) the name and address, as they appear on the Company's books, of such shareholder and any other shareholders known by such shareholder to be supporting such nominees and (ii) the class and number of shares of stock of the Company which are beneficially owned by such shareholder on the date of such shareholder notice and by any other shareholders known by such shareholder to be supporting such nominees on the date of such shareholder notice.

The Board may reject any shareholder nomination not timely made in accordance with the requirements of Section 2.11 of Solitario's Bylaws. Furthermore, if the Board determines that the information provided in a shareholder's notice does not satisfy the informational requirements of Section 2.11 of the Bylaws in any material respect, the Secretary will promptly notify such shareholder of the deficiency in the notice. The shareholder will then have an opportunity to cure the deficiency by providing additional information to the Secretary within such period of time, not to exceed 5 days from the date such deficiency notice is given to the shareholder, as the Board shall reasonably determine. If the deficiency is not cured within such time period, or if the Board reasonably determines that the additional information provided by the shareholder, together with information previously provided, does not satisfy the requirements of Section 2.11 of the Company's Bylaws in any material respect, then the Board may reject such shareholder's nomination. The Secretary of the Company shall notify a shareholder in writing whether his or her

nomination has been made in accordance with the time and information requirements of the Company's Bylaws. Notwithstanding the procedure set forth above, if the Board does not make a determination as to the validity of any shareholder nominations, the presiding officer of the meeting of the shareholders shall determine and declare at the meeting whether a nomination was made in accordance with the terms of the Company's Bylaws and shall accept or reject the nomination accordingly.

The Audit Committee reviews Solitario's financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting processes, including the system of internal controls. The audit committee met four times during the year ended December 31, 2008.

Audit Committee Report

In performing its duties the Audit Committee reviewed and discussed the audited financial statements contained in the 2008 Annual Report on Form 10-K with management and Solitario's independent registered public accountant, Ehrhardt Keefe Steiner & Hottman PC ("Ehrhardt"). The Audit Committee met with Ehrhardt, and discussed all issues deemed to be significant by Ehrhardt, including any matters required by Rule 2-07 of Regulation S-X, "Communication with Audit Committees" and Statement of Auditing Standard No. 61, as amended, ("Communications with Audit Committees") and without management present, discussed and reviewed the results of the independent auditor's examination of the financial statements. In addition, in accordance with Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees" as amended or supplemented, the Audit Committee discussed with Ehrhardt its independence from Solitario and its management, and has received the written disclosures and letter from Ehrhardt that stated it is independent of Solitario within the meaning of US securities laws.

4. COMPENSATION DISCUSSION AND ANALYSIS

The following discussion provides information regarding the compensation program for Solitario's Named Executive Officers for 2008.

Objectives of the Corporation's Compensation Program

The Compensation Committee has responsibility for approving the compensation program for Solitario's Named Executive Officers and acts according to a charter that has been approved by the Board and is available on the Company website at www.solitarioxr.com. The compensation program is designed to attract, retain and reward our executives who contribute to Solitario's long-term success. This in turn will build value for Solitario and its shareholders. The program is based upon three fundamental principles:

A substantial portion of Solitario's Named Executive Officer compensation should be performance and equity-based to achieve alignment with shareholder interests.

This is accomplished in two ways; first, through the award of stock options in an amount and at a price that encourages our Named Executive Officers to promote the long-term growth and performance of Solitario in terms of the value of the Company which is ultimately reflected in the price of our stock as quoted on the TSX and the NYSE-Amex. Second, this is also reflected in terms of cash compensation in the form of cash bonuses. These bonuses are entirely set by the Compensation Committee, in their sole discretion, in a range of zero to 100% of base salary. The extent to which bonuses are paid depends entirely on the extent to which the Solitario has met its exploration, budget and shareholder goals, set by the Committee. The Compensation Committee did not authorize the payment of any bonuses for the performance of the Named Executive Officers during 2008. The Compensation Committee authorized the payment to each of the Named Executive Officers a bonus equal to 10% of their annual salary which was paid in March 2008 for the performance of the Named Executive Officers during 2007.

Solitario's compensation program for Named Executive Officers should enable the Company to compete for the best executive talent available.

The Compensation Committee believes shareholders are best served when the Company can attract and retain the highest caliber executives appropriate for a firm of our size and complexity. This is done with competitive and fair compensation packages. Our Named Executive Officers have served Solitario for many years, however they only became employees of Solitario on September 1, 2006 and the compensation was primarily based upon their existing compensation from Crown. Prior to September 1, 2006, Solitario's Named Executive Officers were employees of Crown and Solitario was provided management services from Crown pursuant to the Management Services Agreement, discussed below under "Certain Relationships and Related Transactions." The Compensation Committee also reviewed published compensation surveys and the published compensation packages of our peer companies (the "Peer Group Companies") for which Solitario competes for executive talent. These Peer Group Companies included the following companies:

Atna Resources Inc.	New Gold Inc.
International Royalty Corporation	Pacific Rim Mining Corporation
Great Basin Gold Corporation	

These reviews were not used to create specific benchmarks applicable to our Named Executive Officer compensation levels. These reviews were used to inform the members of the compensation committee of current standards in the industry as such standards may relate, in their independent judgment, to appropriate modifications to Solitario's existing compensation levels in setting new compensation levels. The differences in Solitario's activities, which are more narrowly defined to exploration, compared to the peers and the difference in the number of total employees of Solitario, which currently has approximately 25 employees world-wide, compared to the peer companies, does not lend itself to effective use of specific benchmarks based upon the peer companies.

During 2008, no change was made to the compensation set during 2006 and paid during 2006 and 2007.

Solitario's compensation program for Named Executive Officers should be fair to the executive, the Company and all its employees and perceived as such, both internally and externally.

The Compensation Committee strives to create a compensation program that promotes good corporate practice, encourages our Named Executive Officers to perform at a high level and promotes teamwork among our employees. The Compensation Committee takes these goals into consideration by comparison of executive pay in relation to all other Solitario salary costs for internal consistency, and by comparison to both Peer Group Companies and industry salaries for external consistency. In addition, the compensation program is meant to enhance shareholder value and the Compensation Committee strives to provide transparency and full disclosure to all interested parties.

Key Elements of Executive Compensation

Base Salary

The Compensation Committee provides base salary that is commensurate with their review of our Peer Group Companies, listed above. The Compensation Committee fixed the Base Salary for 2006 (which commenced on September 1, 2006, when all of the Named Executive Officers became employees of Solitario) during its meeting in the summer of 2006. For the base salary to be paid in 2009 no peer group review was completed and the base salary was not adjusted from the amount fixed by the Compensation Committee at its meeting in the fall of 2006. Increases or decreases in base salary are dependent on the Compensation Committee's evaluation of each individual Named Executive Officer performance, the effect of any peer group review, and the performance of the entire Company relative to the goals and objectives of the Company discussed above. No Named Executive Officers have minimum base salary payments pursuant to any employment or other agreements. The Compensation Committee has authority from the Board to set the base salary at any amount it believes is appropriate.

Bonuses

The Compensation Committee provided that no bonuses in addition to annualized base salary would be paid for 2008 performance, based upon an analysis of the financial condition of the minerals industry and the Company during the year then ended. The Compensation Committee provides bonuses, in their sole discretion, based upon their evaluation of the individual Named Executive Officer in light of the following parameters:

- (i) Targeted bonuses based upon operational goals and parameters; and
- (ii) The desire, discussed above, to provide a substantial portion of compensation based on performance; and
- (iii) The performance of the company relative to the company goals including share price performance.
- (iv) The financial strength and prospects for the smaller (junior) exploration mining industry.

In establishing its goals for any particular year, the Compensation Committee strives to ensure that the goals provide both an incentive and an attainable goal that provides shareholders with the opportunity for return on their investment while minimizing corporate and shareholder risk to the extent possible. Although certain targets and goals related to potential property acquisitions and/or potential merger or acquisition activities, if any, are confidential, the Compensation Committee has structured these types of goals to be reasonable and obtainable by our Named Executive Officers, without undue risk to the assets of Solitario. Due to the nature of Solitario's corporate activities relating exclusively to early-stage exploration of mineral properties, the goals for Solitario's named executives are not

specifically related to traditional financial metrics, such as revenue growth, earnings or earnings per share. The targets and goals are more subjective and generally include the negotiation and signing of joint ventures on our existing properties, exploration activities and success, both on our own and through joint ventures, acquisition of additional exploration properties, training and retaining employees, maintaining adequate liquidity to fund future exploration activities, financial reporting and disclosure, and shareholder return. The Compensation Committee also evaluates the financial strength and prospects for the junior exploration segment of the mining industry. The Compensation Committee reviews the annual goals with the named executives at or near the start of each year. The evaluation of the performance of our Named Executive Officers, relative to the goals outlined herein, has been and is expected to continue to be at the discretion of the Compensation Committee.

Equity

The only equity compensation our Named Executive Officers receive is in the form of stock options pursuant to the 2006 Plan, priced at the current market value of our publicly traded stock (as defined) in the 2006 Plan. The Compensation Committee believes that a substantial portion of our Named Executive Officers compensation should be performance based. The Compensation Committee also believes that our compensation policies should be fair to our shareholders, and be focused on our long-term viability. The Compensation Committee believes the granting of stock options from the 2006 Plan aligns the interests of the Named Executive Officers and our shareholders and provides the incentive to manage the Company from the perspective of an owner of the Company. In addition, the Compensation Committee believes the vesting terms of the stock options granted from the 2006 Plan, discussed below, provides that a significant portion of the compensation will be received at a future date, which provides a tempered longer-term incentive for our Named Executive Officers as well as an incentive for them to remain with the Company.

The amount of all individual grants and the grant date of the Options are determined each year at the summer meeting of the Compensation Committee at the discretion of the Compensation Committee, usually after the completion of the annual meeting of shareholders. All grants are as of the date of the approval by the Compensation Committee (or the full Board, if requested by the Compensation Committee) at the market value on the date of grant. All grants from the 2006 Plan vest 25% on the date of grant and the remaining options vest at 25% per year on the anniversary of the grant over a three-year period

Allocation between the Key Elements of Compensation

The Compensation Committee has complete discretion in allocating total compensation between the key elements of compensation discussed above. Each of the individual components of compensation is evaluated by the Compensation Committee independently and each component is not evaluated based upon the other components. The Compensation Committee has not developed a set formula (such as fair value of equity compensation to equal 50% of base salary) to allocate the elements of compensation to each individual Named Executive Officer.

Employment Agreements

None of our Named Executive Officers have ongoing employment agreements other than individual Change in Control Severance Benefits Agreements, discussed below.

Change in Control Agreements

The Compensation Committee and Solitario consider it essential to the best interest of its stockholders to foster the continuous employment of key management personnel. In this regard, the Compensation Committee and Board recognize that, as is the case with many publicly held corporations and their subsidiaries, the possibility of a change in control may exist and that such possibility, and the uncertainty and questions which it may raise among management, may result in the departure or distraction of management personnel to the detriment of the Company and its

stockholders.

Accordingly, on March 14, 2007, the Compensation Committee approved separate Change in Control Severance Benefits Agreements (the "CIC") for Mr. Herald, Mr. Maronick and Mr. Hunt, our Named Executive Officers. Each CIC provides for the payment of severance benefits if the employment of one of the Named Executive Officers is terminated for a period of three years following the last day of the month in which a Change in Control of Solitario occurs (as defined in the CIC) equal to 2.5 times the base salary of the Named Executive Officer. In addition any unvested stock options held by the Named Executive Officer will vest upon the Change in Control. The CIC provides an additional gross up for any taxes due as a result of Excise Tax, as defined by Section 4999 of the Internal Revenue Service Code of 1986 (the "Code").

Generally, the CIC defines a "Change in Control" as (i) a person acquiring more than 50% of the outstanding stock of the Company, (ii) the shareholders of the Company approving a merger or acquisition whereby more than 50% of the outstanding shares held prior to the vote will be held by a new person or corporation, (iii) the shareholders of the Company approving the sale or disposition of substantially all of the company's assets or (iv) the shareholders of the Company approving a plan of liquidation or dissolution of the Company.

The Change in Control benefits are to be paid after a change in control if the Named Executive Officer terminates his employment for "good reason," or is terminated by the Corporation, other than for "cause." "Good reason" is generally defined as a reduction in the compensation, level of responsibility or forced relocation, among other things. "Cause" is generally defined in the CIC as the conviction of a felony, gross and willful failure to perform assigned duties, and dishonest conduct that is intentional and materially injurious to the Company.

Tax Implications of Executive Compensation

Under Section 162(m) of the Code, the Company generally receives a tax deduction for compensation on payments which total less than \$1,000,000 paid to our Named Executive Officers, unless that compensation is performance based. The total non-performance based compensation for any of our Named Executive Officers did not exceed \$1,000,000 during 2008, nor do we anticipate it will exceed \$1,000,000 for the foreseeable future.

Stock Ownership Guidelines

Solitario has not established formal stock ownership guidelines for our Named Executive Officers. The Company's Insider Trading Policy prohibits the Named Executive Officers, as well as other insiders, who may have access to material inside information, from purchasing, selling, entering into short sale transactions, engaging in hedging or offsetting transactions regarding Solitario's common stock during periods where such persons have access to material inside information.

Role of the Chief Executive Officer in Compensation Decisions

The Chief Executive Officer annually reviews the performance of all other Named Executive Officers. The performance of the Chief Executive Officer is reviewed by the Chairman of the Compensation Committee. The conclusions and recommendations, which include salary, bonus and equity grants, if any, are presented to the Compensation Committee, which has absolute discretion in modifying or applying any of the recommendations for the Named Executive Officers. The Compensation Committee presents its conclusions and recommendations to the Board for their input and review.

9. POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

As noted under "Compensation Discussion and Analysis" in this Proxy, the Company entered into certain change in control agreements on March 14, 2007 with the following Named Executive Officers: Christopher E. Herald, James R. Maronick and Walter H. Hunt. The terms of the change in control agreements are more fully described under "Change in Control Agreements" in the "Compensation Discussion and Analysis" section of this Proxy. Described below are the potential payments to each Named Executive Officer in the event of a change in control as defined in the applicable Change in Control Agreement (the "CIC").

Name

	Salary (\$)	Tax gross up	Total (\$)
	(1)	(2)	
Christopher E. Herald, CEO	525,000	-	525,000
James R. Maronick, CFO	375,000	-	375,000
Walter H. Hunt, COO	375,000	-	375,000

(1) Two and one half times base salary as of April 27, 2009. Paid as a lump sum payment.

(2) The change in control provides for a gross-up for taxes in the event the combined salary and all other compensation, triggered by a change in control, results in Excise Tax, as defined by Section 4999 of the Code. The CIC provide for additional cash compensation to pay for the Excise Tax, which is 20% of all compensation when the total payments, including the fair value from acceleration of vesting for unvested options, under the CIC exceed three times base salary. Accordingly, if the fair value of the acceleration of vesting for unvested options cause the total compensation to exceed three times base salary, then the Company will reimburse the Named Executive Officer an amount to offset the 20% Excise Tax. Until a change in control is triggered and additional compensation, if any, from acceleration of vesting of outstanding options is determined, the amount of tax gross up, if any, cannot be determined.

12. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Crown Resources Corporation

Crown provided management and technical services to Solitario under a management and technical services agreement originally signed in April 1994 and modified in April 1999, December 2000 and July 2002. The agreement was terminated on August 31, 2006 upon the completion of the Crown - Kinross merger. Under the modified agreement we were billed by Crown for services at 25% of Crown's corporate administrative costs for executive and technical salaries, benefits and expenses, 50% of Crown's corporate administrative costs for financial management and reporting salaries, benefits, expenses and 75% of Crown's corporate administrative costs for investor relations salaries, benefits and expenses. In addition, we reimbursed Crown for direct out-of-pocket expenses. These allocations were based upon the estimated time and expenses spent by Crown management and employees on both Crown activities and Solitario activities. Our management believed these allocations were reasonable and the allocations were periodically reviewed by our management and approved by independent Board members of both Crown and Solitario. Management service fees were billed monthly, due on receipt and are generally paid within thirty days. We did not incur any management service fees during 2008 or 2007. Our management service fees were \$232,000 for the year ended December 31, 2006.

Christopher E. Herald, and Mark E. Jones, III were directors of both Crown and Solitario until August 31, 2006 when they resigned as directors of Crown upon the completion of the Crown - Kinross merger. Brian Labadie was a

director of both Crown and Solitario from June 27, 2006 to August 31, 2006, when he resigned as director of Crown upon the completion of the Crown - Kinross merger. Christopher E. Herald, James R. Maronick and Walter H. Hunt were officers of both Crown and Solitario until August 31, 2006 when they resigned as officers of Crown upon the completion of the Crown - Kinross merger.

Mark Jones Consulting Agreement

On September 1, 2006, we entered into a consulting agreement with Mark E. Jones, III, a director and vice-chairman of our Board of Directors. The consulting agreement had a two-year term and terminated on August 31, 2008. Under the agreement, Mr. Jones advised the Company on matters of strategic direction, planning, and identification of corporate opportunities, when and as requested by the Solitario. In consideration for the services to be performed, Mr. Jones was paid a one time lump sum payment of \$160,000, plus he was entitled to receive pre-approved, documented expenses incurred in performance of the consulting services. We recognized \$53,000, \$80,000 and \$27,000, respectively, for consulting expense related to the agreement, included in general and administrative expense, for the years ended December 31, 2008, 2007 and 2006.

TNR Gold Corp.

As of December 31, 2008, we owned 1,000,000 shares of TNR that are classified as marketable equity securities held for sale and are recorded at their fair market value of \$33,000. During 2008, we recognized an asset impairment of \$107,000 for an other-than-temporary decline in the value of our TNR stock. The loss was previously included in unrecognized gain on marketable equity securities in other comprehensive income. Christopher E. Herald, our CEO, is a member of the Board of Directors of TNR.

Policy Regarding Related Party Transactions

The Company may enter into transactions with certain "related persons." Related persons include the Company's executive officers, directors, 5% or more beneficial owners of the Company's common stock, immediate family members of these persons and entities in which one of these persons has a direct or indirect material interest. These transactions are referred to as "related party transactions." All of the above related party transactions were approved according to the following related party transaction policy requirements:

- the transaction is approved by disinterested members of the Board;
 - the Audit Committee shall have approved or ratified such transaction and the terms of the transaction are comparable to that which could be attained in an arm's-length dealing with unrelated third parties; or

The Audit Committee pre-approval policy requires that the Audit Committee determine that proposed services and related fees are required and reasonable under the circumstances. All of the fees billed to Solitario by Ehrhardt Keefe Steiner & Hottman PC during 2008 and 2007 were pre-approved by the audit committee pursuant to the Audit Committee pre-approval policy. The Audit Committee considered whether the provision of non-audit services is compatible with maintaining the principal accountant's independence and has determined that the provision is compatible.

The notice must contain certain information as to the proposal and the shareholder, including the share ownership of the shareholder and any financial interest in the proposal. If a timely proposal is received, the Board may exercise any discretionary authority granted by the proxies to be solicited on behalf of the Board in connection with such proposal at the 2010 annual meeting.
