Item 1. ELECTION OF DIRECTORS

The Company, as a Massachusetts corporation with a class of voting stock registered under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), has a Board of Directors divided into three classes, as nearly equal in size as practicable, referred to as Class I, Class II and Class III. The Directors in each class serve for a term of three years and until their successors are duly elected and qualified. As the term of one class expires, a successor class is elected at the annual meeting of stockholders for that year. There are currently two Class III Directors, whose terms will expire at the Special Meeting in lieu of the Annual Meeting to be held on January 29, 2002; two Class I Directors, who were elected or appointed to serve until the annual meeting to be held with respect to the end of the 2002 fiscal year; and one Class II Director, who was elected to serve until the annual meeting to be held with respect to the end of the 2003 fiscal year.

Pursuant to the by-laws of the Company, the Board of Directors has fixed the number of Directors that will constitute the entire Board of Directors at five, and has nominated two Class III Directors for election at the Special Meeting in lieu of the Annual Meeting to be held January 29, 2002.

Unless authority is withheld, proxies in the accompanying form will be voted in favor of electing C. Shelton James and Alexander R. Lupinetti as Class III Directors, to hold office until the annual meeting to be held with respect to the end of the 2004 fiscal year and until their respective successors are elected and qualified. If the proxy is executed in such a manner as to withhold authority to vote for the nominee for Directors, such instructions will be followed by the persons named in the proxy.

Under the by-laws of the Company, a majority of the shares of the Company's common stock, par value \$.01 per share ("Common Stock"), issued and outstanding and entitled to vote will constitute a quorum for the Meeting. If a quorum is not present at the scheduled time for the Meeting, the persons named in the proxy will vote to adjourn the Meeting until a later date when a quorum can be obtained. Pursuant to the Company's by-laws, if it is necessary to adjourn the Meeting for that purpose, no notice of the time and place of the adjourned meeting is required to be given to stockholders.

If a quorum is present, the vote of the holders of a plurality of the shares of Common Stock present or represented at the Meeting and entitled to vote is required to elect Directors. In general, votes withheld from any nominee for election as Director, abstentions, and broker "non-votes" are counted as present or represented for purposes of determining the presence or absence of a quorum for the meeting. A "non-vote" occurs when a broker or nominee holding shares for a beneficial owner does not vote on a proposal because, in respect of such proposal, the broker or nominee does not have discretionary voting power and has not received instructions from the beneficial owner. The vote on each matter submitted to stockholders is tabulated separately. Abstentions are included in the number of shares present or represented and voting on each matter. Broker "non-votes" are not so included.

Each of the nominees for Director, is currently members of the Board of Directors. Although the Company expects each nominee to accept nomination and to serve if elected, if one or both are unable to serve at the time of election, then proxies will be voted for some other person or the Board of Directors may fix the number of Directors at a lesser number.

term assuming the specified compounded rates of appreciation of the Company's Common Stock over the term of the options. These numbers are calculated based on rules promulgated by the Securities and Exchange Commission and do not reflect the Company's estimates of future stock price growth. Actual gains, if any, on stock option exercises and Common Stock holdings are dependent on the timing of such exercise and sale of the shares and the future performance of the Company's Common Stock. There can be no assurances that the rates of appreciation assumed in this table can be achieved or that the amount shown will be received by the individual.

Fiscal Year-End Option Table. The following Fiscal Year-End Option Table sets forth certain information regarding stock options held as of August 31, 2001 by the executive officers named in the Summary Compensation Table.

AGGREGATED OPTION EXERCISES IN LAST FISCAL YEAR AND FISCAL YEAR-END OPTION VALUES

These values have not been and may never be realized. Actual gains, if any, will depend on the value of the Common Stock on the date of the sale of the shares.

401(k) Plan

The Company has a defined contribution profit-sharing plan pursuant to Section 401(k) of the Internal Revenue Code for the benefit of its employees, including officers. The Board of Directors of the Company determines from year to year whether and to what extent the Company will contribute to the 401(k) plan by making matching contributions to the plan or by making profit-sharing contributions to the plan, allocated in

proportion to each eligible employee's compensation, as a percentage of the compensation of all eligible employees. During fiscal year 2001, the matching contribution by the Company was set at 50% of contributions by eligible employees up to a maximum of 6% of salary.

Employee Stock Purchase Plan

The Company has an employee stock purchase plan under Section 423 of the Internal Revenue Code pursuant to which participating employees may utilize payroll deductions to purchase shares of the Company's Common Stock at a

Edgar Filing: CSP INC /MA/ - Form PRES14A

discount from fair market value.

Report of the Compensation Committee

The Compensation Committee of the Board is composed of three Directors, Messrs. Lyons, James and Smith. The Compensation Committee also administers the Company's stock option plans. This Committee is charged with the responsibility of reviewing and approving executive officers' compensation and approving all discretionary grants of stock options under the Company's stock option plan. The following describes the compensation programs in effect during fiscal 2001.

Compensation Policy

The Company's compensation policies are designed to pay executives an annual salary that is industry competitive and an annual bonus that is based both on the performance of the Company and on individual goals established for each of the executives for the fiscal year. The Company also has longer term incentives based on stock options. All three components of compensation are reviewed annually by the committee to ensure salaries remain competitive, bonuses reward performance and stock options provide continued incentives.

Salaries for executive officers are based on the duties and responsibilities of the position held by the executive compared with executive officers of other companies in the industry. Salaries are reviewed and established annually. Various industry salary surveys are reviewed and provided to the Committee to review in establishing the new compensation. Each executive has a performance review prepared by the Chief Executive Officer. During this review the officer's performance over the prior year is assessed and goals are established for the next year.

This information is communicated to the Compensation Committee and, based on this review and salary surveys, the annual salary for the executive is established for next year.

Executive officers and key management employees participate in the bonus plan. Payments under the plan are contingent on the Company meeting its sales and net earnings objectives for the fiscal year. Based on the extent to which the Company achieves those objectives, each participant other than the Chief Executive Officer receives an executive bonus of up to 30%, and the Chief Executive Officer receives up to 50%, of his regular annual salary if the Company meets the revenue and profit goals and he has met his individual objectives. If Company exceeds the sales and profit goals, the bonus percentage increases. If, in addition, the officer or employee achieves his individual goals established by the Company, the balance of the bonus will be paid. The Committee reviews both the individual and Company goals annually. In fiscal 2001, no executive bonuses were earned.

The Company from time to time grants stock options to some or all of its executives and key employees as a means of creating a long-term incentive and benefit. Such stock options are generally granted at the fair market value of shares of Common Stock on the date of grant. Thus, no benefit will accrue to the executive or key employee from the stock option grant until the Common Stock appreciates. This creates a long-term goal for appreciation of the Common Stock which coincides with the interests of the stockholders.

Chief Executive Officer Compensation

The Company has an employment agreement with Mr. Lupinetti dated September

Edgar Filing: CSP INC /MA/ - Form PRES14A

12, 1996 (the "Employment Agreement"), pursuant to which Mr. Lupinetti became Director, Chief Executive Officer and President of the Company effective October 1, 1996. Under the terms of Mr. Lupinetti's contract, if the Company is acquired by a way of sale of substantially all of its assets or by merger, all stock options will fully vest at the time of such acquisition. The Company also has provided Mr. Lupinetti with an automobile. In the event Mr. Lupinetti's employment is terminated by the Company other than for cause (as defined), Mr. Lupinetti is entitled to 12 months of severance pay at his then effective annual salary per month. Mr. Lupinetti participated in the Executive and Key Management Bonus Plan. Payments under the plan are contingent on the Company meeting its sales and net earnings objective for the year. Neither Mr. Lupinetti nor any of the officers named in the compensation table received a bonus in fiscal 2001, due to the fact that the Company did not reach the financial objectives as set by the Board of Directors. Mr. Lupinetti's base compensation was not increased for FY2002. His base salary is \$284,000 and was last increased in October, 2000. Mr. Lupinetti has 293,600 stock options as of August 31, 2001, all granted at the fair market value of stock on the date of the grant. Subsequently, he will again be eligible for the bonus plan which is based on achieving revenue and earning objectives.

Item 2. APPROVAL OF BY-LAW AMENDMENTS WITH RESPECT TO THE DATE AND TIME OF THE ANNUAL MEETING OF STOCKHOLDERS

The by-laws of the Company currently require that the Annual Meeting of stockholders of the Company (the "Annual Meeting") will be held at 10:00 a.m. on the second Tuesday of January of each year. For the reasons set forth below, the Board of Directors strongly supports and unanimously recommends an amendment to the Company's by-laws that would provide that the Annual Meeting be held at 9:00 a.m. local time, on the last Tuesday of January in each year. Under Massachusetts law, the time of the Annual Meeting is established by the by-laws, and under the Company's by-laws, only the stockholders are empowered to change the date of the Annual Meeting.

Effective on October 1, 2001, the Company changed its Fiscal Year-end from August 31 to September 30. The Board of Directors believes that this factor makes it impracticable, if not impossible, for the Company to present financial results for its first fiscal quarter (which concludes at the end of December) in time for an Annual Meeting in early January. Because the Board considers it very desirable that first quarter financial information be available by the time of the Annual Meeting, the Board is recommending that the stockholders change the date of the Annual Meeting as set forth in Article II of the by-laws to the last Tuesday in January, essentially two weeks later than the current date. The Board expects that this will ensure that the Company can present its

first quarter financial results to its stockholders at the time of the Annual Meeting.

A copy of the by-law provisions as proposed to be amended is attached to this Proxy Statement as Exhibit A.

If a quorum is present at the Meeting, the vote of a majority of the shares present or represented at the Meeting and entitled to vote is necessary to approve these changes to the bylaws of the Company. The first Annual Meeting scheduled to be held under the amended by-laws would be scheduled to take place on January 30, 2003.

The Board of Directors recommends that you vote FOR the proposal to amend the By-Laws of the Company as described in this Proxy Statement.

Employment Contracts and Termination of Employment and Change-in-Control Arrangements

The Company has an employment agreement with Alexander Lupinetti dated September 12, 1996 (the "Employment Agreement"), pursuant to which Mr. Lupinetti became Director, Chief Executive Officer and President of the Company effective October 1, 1996. Under the terms of the agreement Mr. Lupinetti's initial base salary was \$200,000 and has been increased to \$284,000 and an executive bonus based on the attainment of certain financial objectives. The Company granted Mr. Lupinetti options to acquire up to 79,860 shares of Common Stock under the Company's 1991 Incentive Stock Option Plan at an exercise price of the fair market value of the Common Stock on the date of grant. Mr. Lupinetti has received stock options annually since his initial employment. He currently holds 293,600 stock options. Such options vest quarterly over a period of four years from date of grant. However, if the Company is acquired by a way of sale of substantially all of its assets or by merger, such options will fully vest at the time of such acquisition. The Company also has provided Mr. Lupinetti with an automobile. Finally, in the event Mr. Lupinetti's employment is terminated by the Company other than for cause (as defined) Mr. Lupinetti is entitled to 12 months of severance pay at his then effective per month salary.
