**ANNUAL REPORT TO STOCKHOLDERS**

The Company s Annual Report for the fiscal year ended September 30, 2002 accompanies this Proxy Statement, but is not incorporated herein and is not to be deemed a part hereof.

**Item 1. ELECTION OF DIRECTORS**

The Company, as a Massachusetts corporation with a class of voting stock registered under the Securities Exchange Act of 1934, as amended (the Exchange Act ), has a Board of Directors divided into three classes, as nearly equal in size as practicable, referred to as Class I, Class II and Class III. The Directors in each class serve for a term of three years and until their successors are duly elected and qualified. As the term of one class expires, a successor class is elected at the annual meeting of stockholders for that year. There are currently two Class I Directors, whose terms will expire at the Special Meeting in Lieu of Annual Meeting to be held January 27, 2003; two Class II Directors, who were elected to serve until the annual meeting to be held with respect to the end of the 2003 fiscal year; and two Class III Directors who were elected to serve until the annual meeting to be held with respect to the end of the 2004 fiscal year.

Pursuant to the by-laws of the Company, the Board of Directors has fixed the number of Directors that will constitute the entire Board of Directors at six, and has nominated two Class I Directors for election at the Special Meeting in lieu of the Annual Meeting to be held January 27, 2003.

Unless authority is withheld, proxies in the accompanying form will be voted in favor of electing Sandford D. Smith and Robert M. Williams as Class I Directors, to hold office until the annual meeting to be held with respect to the end of the 2005 fiscal year and until their respective successors are elected and qualified. If the proxy is executed in such a manner as to withhold authority to vote for the nominee for Directors, such instructions will be followed by the persons named in the proxy.

Under the by-laws of the Company, a majority of the shares of the Company s common stock, par value \$.01 per share ( Common Stock ), issued and outstanding and entitled to vote will constitute a quorum for the Meeting. If a quorum is not present at the scheduled time for the Meeting, the persons named in the proxy will vote to adjourn the Meeting until a later date when a quorum can be obtained. Pursuant to the Company s by-laws, if it is necessary to adjourn the Meeting for that purpose, no notice of the time and place of the adjourned meeting is required to be given to stockholders.

If a quorum is present, the vote of the holders of a plurality of the shares of Common Stock present or represented at the Meeting and entitled to vote is required to elect Directors. In general, votes withheld from any nominee for election as Director, abstentions, and broker non-votes are counted as present or represented for purposes of determining the presence or absence of a quorum for the meeting. A non-vote occurs when a broker or nominee holding shares for a beneficial owner does not vote on a proposal because, in respect of such proposal, the broker or nominee does not have discretionary voting power and has not received instructions from the beneficial owner. The vote on each matter submitted to stockholders is tabulated separately. Abstentions are included in the number of shares present or represented and voting on each matter. Broker non-votes is not so included.

Each of the nominees for Director is a currently member of the Board of Directors. Although the Company expects each nominee to accept nomination and to serve if elected, if one or both are unable to serve at the time of election, then proxies will be voted for some other person or the Board of Directors may fix the number of Directors at a lesser number.

Mr. Hall was formerly the Chief Financial Officer and a 50% shareholder of Howe, Solomon & Hall ( HSH ), a registered broker-dealer operating primarily as a municipal securities broker-dealer. In May 1998, the SEC issued an order with respect to the activities of HSH and Mr. Hall regarding the restructuring in 1994 of non-rated municipal bonds issued in 1987 by the Duval County, Florida Housing Finance Authority. HSH and Mr. Hall consented to the entry of the order without admitting or denying any of the findings in the order.

In brief, the SEC found that when HSH restructured the bonds and sold them to customers in 1994, it charged undisclosed excessive markups of between 19% and 21% on the bonds it sold. The SEC found that by doing so, HSH willfully violated applicable rules of the Municipal Securities Rulemaking Board (MSRB) and Section 15B(c)(1) of the Securities Exchange Act of 1934 (which prohibits those violations), and that Mr. Hall willfully aided and abetted and caused those violations. The SEC ordered HSH and Mr. Hall to cease and desist from violations of the applicable MSRB rules and Section 15B(c)(1), censured Mr. Hall, and ordered HSH to pay a civil penalty in the amount of \$25,000 and disgorgement of \$135,000.

**Report of the Compensation Committee**

The Compensation Committee of the Board is composed of three Directors, Messrs. Lyons, James and Smith. The Compensation Committee also administers the Company's stock option plans. This Committee is charged with the responsibility of reviewing and approving executive officers' compensation and approving all discretionary grants of stock options under the Company's stock option plan. The following describes the compensation programs in effect during fiscal 2002.

*Compensation Policy*

The Company's compensation policies are designed to pay executives an annual salary that is industry competitive and an annual bonus that is based both on the performance of the Company and on individual goals established for each of the executives for the fiscal year. The Company also has long term incentives based on stock options. All three components of compensation are reviewed annually by the committee to ensure salaries remain competitive, bonuses reward performance and stock options provide continued incentives.

Salaries for executive officers are based on the duties and responsibilities of the position held by the executive compared with executive officers of other companies in the industry. Salaries are reviewed and established annually. Various industry salary surveys are reviewed and provided to the Committee to review in establishing the new compensation. Each executive has a performance review prepared by the Chief Executive Officer. During this review the officer's performance over the prior year is assessed and goals are established for the next year. This information is communicated to the Compensation Committee and, based on this review and salary surveys, the annual salary for the executive is established for next year.

Executive officers and key management employees participate in the bonus plan. Payments under the plan are contingent on the Company meeting its sales and net earnings objectives for the fiscal year. Based on the extent to which the Company achieves those objectives, each participant other than the Chief Executive Officer receives an executive bonus of up to 30%, and the Chief Executive Officer receives up to 50%, of his regular annual salary if the Company meets the revenue and profit goals and he has met his individual objectives. If Company exceeds the sales and profit goals, the bonus percentage increases. If, in addition, the officer or employee achieves his individual goals established by the Company, the balance of the bonus will be paid. The Committee reviews both the individual and Company goals annually. In fiscal 2002, no executive bonuses were earned.

The Company from time to time grants stock options to some or all of its executives and key employees as a means of creating a long-term incentive and benefit. Such stock options are generally granted at the fair market value of shares of Common Stock on the date of grant. Thus, no benefit will accrue to the executive or key employee from the stock option grant until the Common Stock appreciates. This creates a long-term goal for appreciation of the Common Stock which coincides with the interests of the stockholders.

#### *Chief Executive Officer Compensation*

The Company has an employment agreement with Mr. Lupinetti dated September 12, 1996 (the "Employment Agreement"), pursuant to which Mr. Lupinetti became Director, Chief Executive Officer and President of the Company effective October 1, 1996. Under the terms of Mr. Lupinetti's contract, if the Company is acquired by a way of sale of substantially all of its assets or by merger, all stock options will fully vest at the time of such acquisition. The Company also has provided Mr. Lupinetti with an automobile. In the event Mr. Lupinetti's employment is terminated by the Company other than for cause (as defined), Mr. Lupinetti is entitled to 12 months of severance pay at his then effective annual salary per month and if there is a change in control of the Company Mr. Lupinetti would receive 24 months of severance pay. Mr. Lupinetti participated in the Executive and Key Management Bonus Plan. Payments under the plan are contingent on the Company meeting its sales and net earnings objective for the year. Neither Mr. Lupinetti nor any of the officers named in the compensation table received a bonus in fiscal 2002, due to the fact that the Company did not reach the financial objectives as set by the Board of Directors. Mr. Lupinetti's base compensation was not increased for FY2003 which is the second year without an increase. His base salary is \$284,000 and was last increased in October 2000. Mr. Lupinetti has 293,600 stock options as of September 30, 2002, all granted at the fair market value of stock on the date of the grant. Mr. Lupinetti was granted 50,000 shares of stock effective on November 20, 2002. Subsequently, he will again be eligible for the bonus plan which is based on achieving revenue and earning objectives.

**INFORMATION CONCERNING AUDITORS**

The Board of Directors selected the firm KPMG LLP to audit the Company's financial statements for the past fiscal year. The Company's Board of Directors has not yet selected the Company's independent public accountant for the current fiscal year. A representative of KPMG LLP is expected to be present at the Annual Meeting, will have the opportunity to make a statement if such representative desires to do so and will be available to respond to appropriate questions.

For fiscal year ending September 30, 2002, fees for services provided by KPMG were as follows (in thousands):

Annual audit	\$ 255
Tax returns	78
Financial information systems design and implementation	
All other fees(1)	9.8
	<hr/>
Total	\$ 342.8
	<hr/>

(1) Represents primarily tax matters.

The Audit Committee considered and determined that the provision of non-audit services provided by KPMG is compatible with maintaining the firm's independence.

**Performance Graph**

The following Performance Graph compares the performance of the Company's cumulative stockholder return with that of a broad market index (the NASDAQ Stock Market Index) and a published industry index (the NASDAQ Computer Manufacturers Index) for each of the most recent five fiscal years. The cumulative stockholder return for shares of Common Stock and each of the indices is calculated assuming that \$100 was invested on August 31, 1997. The Company paid no cash dividends during the periods shown. The performance of the indices is shown on a total return (dividends reinvested) basis. The graph lines merely connect year-end dates and do not reflect fluctuations between those dates.

**Employment Contracts and Termination of Employment and Change-in-Control Arrangements**

The Company has an employment agreement with Alexander Lupinetti dated September 12, 1996 (the "Employment Agreement"), pursuant to which Mr. Lupinetti became Director, Chief Executive Officer and President of the Company effective October 1, 1996. Under the terms of the agreement Mr. Lupinetti's initial base salary was \$200,000 and has been increased to \$275,000 and an executive bonus based on the attainment of certain financial objectives. The Company granted Mr. Lupinetti options to acquire up to 79,860 shares of Common Stock under the Company's 1991 Incentive Stock Option Plan at an exercise price of the fair market value of the Common Stock on the date of grant. Mr. Lupinetti has received stock options annually since his initial employment. He currently holds 293,600 stock options. Such options vest quarterly over a period of four years from date of grant. However, if the Company is acquired by a way of sale of substantially all of its assets or by merger, such options will fully vest at the time of such acquisition. The Company also has provided Mr. Lupinetti with an automobile. Finally, in the event Mr. Lupinetti's employment is terminated by the Company other than for cause (as defined) Mr. Lupinetti is entitled to 12 months of severance pay at his then effective per month salary.
