RATIOS OF EARNINGS TO FIXED CHARGES

The following table sets forth the unaudited consolidated ratios of earnings to fixed charges for each of the fiscal years in the five-year period ended February 24, 2007 and the 28 weeks ended September 8, 2007. We have not presented a ratio of earnings to combined fixed charges and preferred stock dividends because we did not have preferred stock outstanding during any such periods. Therefore, our ratio of earnings to combined fixed charges and preferred dividends for any given period is equivalent to our ratio of earnings to fixed charges. The following ratios of earnings to fixed charges do not give effect to our acquisition of Pathmark on December 3, 2007.

	Fiscal Year Ended					28 Weeks
	February 22, 2003	February 28, 2004	February 26, 2005	February 25, 2006	February 24, 2007	Ended September 8, 2007
Ratio of earnings to fixed charges	(1)	(1)	(1)	5.1x	(1)	1.8x

- (1) Earnings were insufficient to cover fixed charges by \$78 million in the fiscal year ended February 24, 2007, \$81 million in the fiscal year ended February 26, 2005, \$63 million in the fiscal year ended February 28, 2004 and \$37 million in the fiscal year ended February 22, 2003.

For purposes of calculating the ratio of earnings to fixed charges, earnings consist of earnings before income taxes and fixed charges after eliminating net undistributed earnings of affiliates and minority interests which have not incurred fixed charges. Fixed charges consist of interest expense, including the amortization of debt discount and expense on

all indebtedness, plus one-third of rent expense deemed to represent an appropriate interest factor.

DESCRIPTION OF SECURITIES WE MAY OFFER

The following is a general description of the terms and provisions of the securities we may offer and sell by this prospectus. These summaries are not meant to be complete. This prospectus, when taken together with the applicable prospectus supplement, will contain the material terms and conditions of each security. The prospectus supplement may add, update or change the terms and conditions of the securities as described in this prospectus.

Debt Securities

We may offer senior or subordinated debt securities, which may be convertible into or exercisable or exchangeable for our common stock, our preferred stock, our other securities or the debt or equity securities of one or more other entities. Our debt securities will be issued under an indenture to be entered into between us and a trustee to be named (the indenture). Authorizing resolutions or a supplemental indenture entered into at the time of an offering will set forth the specific terms of each series of debt securities and together with the indenture will constitute the indenture governing such securities.

We have summarized certain general features of the debt securities from the form of indenture attached as an exhibit to the registration statement of which this prospectus forms a part. The following summary does not restate the indenture in its entirety and does not purport to be complete. Any prospective purchaser may request a copy of the indenture from us at the address set forth under [Where You Can Find More Information](#).

The particular terms of the debt securities offered by any prospectus supplement and the extent, if any, to which such general provisions may apply to the debt securities will be described in the related prospectus supplement.

One or more series of debt securities may be sold at a substantial discount below their stated principal amount, bearing no interest or interest at a rate which at the time of issuance is below market rates. One or more series of debt securities may be variable rate debt securities that may be exchanged for fixed rate debt securities.

United States federal income tax consequences and special considerations, if any, applicable to any such series will be described in the applicable prospectus supplement.

Debt securities may be issued where the amount of principal and/or interest payable is determined by reference to one or more currency exchange rates, commodity prices, equity indices or other factors. Holders of such securities may receive a principal amount or a payment of interest that is greater than or less than the amount of principal or interest otherwise payable on such dates,

depending upon the value of the applicable currencies, commodities, equity indices or other factors. Information as to the methods for determining the amount of principal or interest, if any, payable on any date, the currencies, commodities, equity indices or other factors to which the amount payable on such date is linked and certain additional United States federal income tax considerations will be set forth in the applicable prospectus supplement.

The term *debt securities* includes debt securities denominated in U.S. dollars or, if specified in the applicable prospectus supplement, in any other freely transferable currency or units based on or relating to foreign currencies.

We expect most debt securities to be issued in fully registered form. Subject to the limitations provided in the indenture and in the prospectus supplement, debt securities that are issued in registered form may be transferred or exchanged at the office of the trustee maintained in Wilmington, Delaware, or the principal corporate trust office of the trustee, without the payment of any service charge, other than any tax or other governmental charge payable in connection therewith.

Global Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depositary identified in the prospectus supplement. Global securities will be issued in registered form and in either temporary or definitive form. Unless and until it is exchanged in whole or in part for the individual debt securities, a global security may not be transferred except as a whole by the depositary for such global security to a nominee of such depositary or by a nominee of such depositary to such depositary or another nominee of such depositary or by such depositary or any such nominee to a successor of such depositary or a nominee of such successor. The specific terms of the depositary arrangement with respect to any debt securities of a series and the rights of and limitations upon owners of beneficial interests in a global security will be described in the applicable prospectus supplement.

Governing Law

The indenture and the debt securities shall be construed in accordance with and governed by the laws of the State of New York, without giving effect to the principles thereof relating to conflicts of law.

Capital Stock

The following description of A&P's capital stock is a summary and is qualified in its entirety by reference to A&P's charter and bylaws, which are filed as exhibits to the registration statement of which this prospectus forms a part, and by applicable law. The rights of A&P stockholders are currently governed by the Maryland General Corporation Law (the *MGCL*) and the Articles of Restatement of the Certificate of Incorporation, as amended, and the By-Laws of A&P, which we refer to as the charter and bylaws of A&P, respectively.

A&P's authorized share capital consists of 80,000,000 common shares, \$1.00 par value, and 3,000,000 preferred shares without par value. At December 5, 2007, 48,750,850 common shares and no preferred shares were outstanding.

Preferred Stock

The A&P board of directors can, without the approval of stockholders, issue one or more series of preferred stock. A series of preferred stock will include all of the shares of preferred stock issued as part of the same series under articles supplementary filed as part of our charter. The board of directors may also determine the rights, preferences and limitations of each series including the maximum number of shares in the series, voting rights, conversion rights, redemption rights, dividend rights, liquidation rights, any preferences over the common shares with respect to dividend or

liquidation distributions, and the terms and conditions of issue. The preferred stock may be senior to the common stock with respect to dividends, distributions upon liquidation and other rights.

The following briefly summarizes the provisions of our charter that would be important to holders of our preferred stock. The specific terms of each series of preferred stock as described in the applicable prospectus supplement will supplement and, if applicable, may modify or replace the general terms described in this section. The following description does not contain all of the information that may be important to holders of our securities. Investors are encouraged to read carefully the terms and provisions of our charter, because it, and not this summary, is the governing document. See [Where You Can Find More Information](#).

The prospectus supplement relating to a particular series of preferred stock will contain a description of the specific terms of that series as fixed by our board of directors, including, as applicable:

the number of
shares;

the
designation;

the voting
powers;

votes per
share;

board
membership
rights;

liquidation
preferences;

relative
participating,
optional or
other rights;

conversion or
exchange
rights;

redemption
rights;

put and
sinking fund
provisions;

dividend
rights;

the terms or
conditions of
redemption;
and

any other
applicable
terms.

The applicable prospectus supplement relating to any series of preferred stock that is convertible, exercisable or exchangeable will state the terms on which shares of that series are convertible into or exercisable or exchangeable for shares of common stock, another series of preferred stock or other securities of A&P, or debt or equity securities of one or more other entities.

In some cases, the issuance of preferred stock could delay a change in control of A&P and make it harder to remove present management. Under certain circumstances, preferred stock could also restrict dividend payments to holders of our common stock.

When we issue and receive payment for the preferred stock, the shares will be fully paid and nonassessable. Unless otherwise specified in the applicable prospectus supplement, the preferred stock will rank on parity in all respects with any outstanding shares of our preferred stock and will have priority over our common stock as to dividends and distributions of assets. Therefore, the rights of any preferred stock that may subsequently be issued may limit the rights of the holders of our common stock and preferred stock.

The transfer agent, registrar and dividend disbursement agent for a series of preferred stock will be named in a prospectus supplement. The registrar for shares of preferred stock will send notices to shareholders of any meetings at which holders of the preferred stock have the right to elect directors or to vote on any other matter.

Common Stock

A&P's common stock is listed for trading on the NYSE under the symbol GAP. A&P's transfer agent and registrar for common shares is the American Stock Transfer and Trust Company, 59 Maiden Lane, New York, NY 10038, telephone: (800) 937-5449.

Common stockholders only receive dividends when, as and if authorized and declared by the A&P board of directors. If declared, dividends may be paid in cash, stock or other forms of consideration. If and when A&P issues preferred shares, common stockholders may not receive dividends until A&P has satisfied its obligations to the preferred stockholders. Although in April 2006 we declared and paid a special one-time dividend equal to \$7.25 per share of common stock to the shareholders of record on April 17, 2006, our policy is to not pay dividends. As such, except as set forth in the preceding sentence, we have not made dividend payments in the previous three years and do not intend to pay dividends in the normal course of business in fiscal 2007. In addition, we did not repurchase our stock in fiscal 2006 and we do not intend to make stock repurchases in fiscal 2007. However, we are permitted under the terms of our senior secured revolving credit facility and subject to specified conditions, to pay cash dividends on and repurchase shares of common stock.

All outstanding shares of common stock are fully paid and nonassessable. There are no subscription rights, conversion or preemptive rights or redemption or sinking fund provisions with respect to the shares of common stock.

Each share of common stock is entitled to one vote in the election of directors and other matters. Directors are elected by the vote of a plurality in interest of stockholders present in person or by proxy and entitled to vote in the election at a meeting at which a quorum is present. Common stockholders are not entitled to cumulative voting rights. Members of the A&P board of directors serve one-year terms (and until their successors are elected and qualify) and all directors are elected annually. Directors may be removed from office by the vote of a majority of the outstanding shares entitled to vote generally for the election of directors.

The quorum required at a stockholders meeting is a majority of the votes entitled to be cast at the meeting, represented in person or by proxy. If a quorum is present, action on a matter is approved by the vote of a majority of all the votes cast at the meeting, unless otherwise required by law or the A&P charter. The MGCL requires approval by two-thirds of all votes entitled to be cast on the matter by each voting group entitled to vote, in the case of extraordinary corporate actions, such as:

certain
mergers;

with respect
to the party
other than
the
successor, a
share
exchange;

an
amendment
to the
charter, with
certain
exceptions;

with respect
to the
transferor
corporation,
the sale,

lease,
exchange or
other
disposition
of all or
substantially
all of the
corporation's
assets, other
than in the
usual and
regular
course of
business or if
all of the
equity
interests of
the
transferee
are owned,
directly or
indirectly, by
the transferor
corporation;
or

the
dissolution
of the
corporation.

Provisions Restricting a Change of Control

A&P's charter and bylaws, as well as the provisions of the MGCL, contain provisions that may have the effect of delaying, deferring or preventing a change in control of A&P. Although A&P's charter does not contain such a provision, the MGCL allows a corporation's charter to contain a provision requiring for any purpose a lesser proportion of the votes of all classes or of any class of stock than the proportion required by the MGCL for that purpose, but this proportion may not be less than a majority of all votes entitled to be cast on the matter. If a corporation's charter contains such a provision, it will affect the procedures necessary to effect a change of control.

Maryland Business Combination Act

The provisions of the Maryland Business Combination Act do not apply to business combinations of A&P because A&P had an existing interested stockholder on July 1, 1983 and its charter and bylaws do not provide otherwise. A&P may, however, opt into these provisions by charter or bylaw provision or by board resolution.

Under the Maryland Business Combination Act, certain business combinations between a Maryland corporation and an interested stockholder or an affiliate of an interested stockholder are prohibited for five years after the most recent date on which the interested stockholder became an interested stockholder. Under the MGCL, an interested stockholder includes a person who is:

the
beneficial
owner,
directly or
indirectly, of
10% or more
of the voting
power of the
outstanding
voting stock
of the
corporation;
or

an affiliate
or associate
of the
corporation
and was the
beneficial
owner,
directly or
indirectly, of
10% or more
of the voting
power of the
then
outstanding
stock of the
corporation
at any time
within the
two-year
period
immediately
prior to the
date in
question.

A person is not an interested stockholder if, prior to the most recent time at which the person otherwise had become an interested stockholder, the board of directors of the corporation approved the transaction which otherwise would have resulted in the person becoming an interested stockholder.

Business combinations for the purposes of the preceding paragraph are defined by the MGCL to include certain mergers, consolidations, share exchanges and asset transfers, some issuances and reclassifications of equity securities, the adoption of certain plans of liquidation or dissolution or the receipt by an interested stockholder or its affiliate of

any loan, advance, guarantee, pledge or other financial assistance or tax advantage provided by the corporation. After the five-year moratorium period has elapsed, any such business combination must be recommended by the board of directors of the corporation and approved by the affirmative vote of at least:

80% of the
votes
entitled to be
cast by
holders of
outstanding
shares of
voting stock
of the
corporation
voting
together as a
single group;
and

two-thirds of
the votes
entitled to be
cast by
holders of
voting stock
of the
corporation
other than
voting stock
held by the
interested
stockholder
or its
affiliates or
associates
with whom
the business
combination
is to be
effected,
voting
together as a
single group.

The above voting requirements of the Maryland Business Combination Act do not apply if each of the following conditions is met:

The aggregate
amount of
cash and the

market value as of the later of the day prior to the stockholder vote or the twenty days prior to the closing date (or, if no stockholder vote, as of the closing date), which is referred to as the valuation date, of consideration other than cash to be received per share by holders of common stock is at least equal to the highest of the following:

- (i) the highest per share price paid by the interested stockholder for any shares of such stock of the same class or series within the five-year period immediately before the announcement date of the proposed business combination *plus* compound interest as specified in the Maryland

12

- (iv) the market value per share of such stock of the same class or series on the determination date *plus* compound interest as specified in the Maryland Business Combination Act, *less* the aggregate amount of any cash dividends and the market value of any noncash dividends paid per share of such stock from the earliest date through the valuation date, up to the amount of interest; or

- (v) the price per share equal to the market value per share of such stock of the same class or series on the announcement date of the proposed business combination or on the determination date, whichever is higher,

multiplied by a fraction equal to (a) the highest per share price paid by the interested stockholder for any shares of such stock of the same class acquired by such interested stockholder within the five-year period immediately prior to the announcement date of the proposed business combination over (b) the market value per share of such stock of the same class on the first day in such five-year period on which the interested stockholder acquires any shares of such stock,

the aggregate amount of cash and the market value as of the valuation date of consideration other than cash to be received per share by holders of

shares of any class or series of outstanding stock other than common stock in the business combination must be at least equal to the price required for such stock of any class or series under subsections (i) (v), above; or the highest preferential amount per share to which the holders of shares of such class or series of stock are entitled in the event of any voluntary or involuntary liquidation, dissolution or winding up of the corporation, whichever is greater,

the consideration to be received by holders of any class of outstanding stock is cash or the same form as the interested stockholder paid for its shares. If the interested stockholder

has paid for shares with varying forms of consideration, the form of consideration for such stock shall be either cash or the form used to acquire the largest number of shares previously acquired, and

after the determination date and prior to the consummation of the business combination there has been: (i) no failure to declare and pay full periodic dividends on any outstanding preferred stock; (ii) no reduction in the annual rate of dividends paid on any class or series of stock that is not preferred stock, except as necessary to reflect or correct any capitalization changes to the corporation; and (iii) the interested stockholder did

not become the beneficial owner of any additional shares of stock except as part of the transaction which resulted in such interested stockholder becoming an interested stockholder or by virtue of proportionate stock splits or stock dividends.

Clauses (i) and (ii) above do not apply if no interested stockholder, or an affiliate or associate of the interested stockholder, voted as a director in a manner inconsistent with such clauses and the interested stockholder, within ten days after any such action, notifies the board in writing that such interested stockholder disapproves of such action and requests in good faith that the board rectify such act or failure to

act.

The provisions of the Maryland Business Combination Act do not apply:

if the business combination has, either specifically, generally, or generally by types, whether as to specifically identified or unidentified existing or future interested stockholders or their affiliation, been approved or exempted therefrom, in whole or in part, by resolution of the board of directors either (i) prior to September 1, 1983 or such earlier date as may be irrevocably established by resolution of the board of directors or (ii) at any time prior to the most recent time that an interested stockholder became an interested stockholder if

such business combinations involve transactions with a particular interested stockholder or its existing or future affiliates, and

unless otherwise provided by the charter or bylaws of the corporation, to business combinations of a corporation which, on July 1, 1983, had an existing interested stockholder, whether such business combination is with the existing stockholder or any other person that becomes an interested stockholder after July 1, 1983 unless the board of directors elects by resolution after July 1, 1983 to be subject to the Maryland Business Combination

Act, in whole
or in part,
specifically,
generally or
generally by
types as to
specifically
identified or
unidentified
interested
stockholders.

Maryland Control Share Acquisition Act

The Maryland Control Share Acquisition Act provides that control shares of a Maryland corporation acquired in a control share acquisition have no voting rights except to the extent approved by a vote of two-thirds of the votes entitled to be cast on the matter, excluding shares of stock owned by the acquiror or by officers or by employees who are also directors of the corporation.

Control shares are voting shares of stock that, if aggregated with all other shares of stock previously acquired by that person or with respect to which such person is entitled to exercise voting power (other than pursuant to a revocable proxy), would entitle the acquiror, directly or indirectly, to exercise voting power in electing directors within one of the following ranges of voting power:

one-tenth
or more
but less
than
one-third,

one-third
or more
but less
than a
majority
or

a majority
or more of
all voting
power.

Control shares do not include shares that the acquiring person is then entitled to vote as a result of having previously obtained stockholder approval.

A control share acquisition means the acquisition, directly or indirectly, of ownership of or power to direct the voting power of issued and outstanding control shares, subject to certain exceptions. A person who has made or proposes to make a control share acquisition may compel the board of directors, upon satisfaction of certain conditions, including the delivery of an acquiring person statement containing certain required information and the delivery of an undertaking to pay certain expenses, by written request made at the time of delivery of such acquiring person statement, to call a special meeting of stockholders to be held within fifty days after receiving both the request and undertaking to consider the voting rights of the shares. If no request for a meeting is made, the corporation may itself present the question at any meeting of stockholders.

If voting rights are not approved at the meeting or if the acquiring person does not deliver an acquiring person statement as required by the Maryland Control Share Acquisition Act, then, subject to certain conditions and limitations, the corporation may redeem any or all of the control shares, except those for which voting rights have previously been approved. The corporation's redemption of the control shares will be for fair value determined, without regard to the absence of voting rights, as of the date of the last control share acquisition or, if a meeting of stockholders is held to consider the voting rights of the shares, as of the date of such meeting. Unless the corporation's charter or bylaws provide otherwise, if voting rights for control shares are approved at a stockholders' meeting and the acquiror becomes entitled to vote a majority of the shares entitled to vote, all other stockholders may exercise appraisal rights. A&P's charter and bylaws do not provide otherwise. The fair value of the shares as determined for

purposes of the appraisal rights may not be less than the highest price per share paid in the control share acquisition. Certain limitations and restrictions otherwise applicable to the exercise of dissenters' rights do not apply in the context of a control share acquisition.

A control share acquisition does not include:

shares
acquired in a
merger,
consolidation
or share
exchange if the
corporation is
a party to the
transaction;

shares
acquired or
under contract
to be acquired
before
November 4,
1988;

shares
acquired under
the laws of
descent and
distribution;

shares
acquired under
the satisfaction
of a pledge or
other security
interest created
in good faith
and not for the
purpose of
circumventing
the Maryland
Control Share
Acquisition
Act; or

acquisitions
approved or
exempted by
our charter or
bylaws.

Neither the charter nor the bylaws of A&P exempt identified or unidentified existing or future stockholders or their affiliates or associates from the Maryland Control Share Acquisition Act. However, because Tengemann Warenhandelsgesellschaft KG, or Tengemann, owned a majority of

A&P's outstanding common stock prior to November 4, 1988, the control share acquisition provisions of the MGCL do not apply to acquisitions of A&P common stock by Tengelmann made in good faith and not for the purposes of circumventing the Maryland Control Share Acquisition Act.

Subtitle 8 of Title 3 of the MGCL

Subtitle 8 of Title 3 of the MGCL allows a Maryland corporation with a class of equity securities registered under the Exchange Act to elect to be governed by certain Maryland law provisions, notwithstanding a contrary provision in the charter or bylaws. The election to be governed by one or more of these provisions can be made by a Maryland corporation in its charter or bylaws or by resolution adopted by the board of directors. The corporation, however, must have at least three directors who, at the time of electing to be subject to the provisions, are not:

officers or
employees
of the
corporation;

persons
seeking to
acquire
control of
the
corporation;

directors,
officers,
affiliates or
associates of
any person
seeking to
acquire
control; or

nominated
or
designated
as directors
by a person
seeking to
acquire
control.

Articles supplementary must be filed with the Maryland State Department of Assessments and Taxation if a Maryland corporation elects to be subject to any or all of the provisions by board resolution or bylaw amendment or the board of directors adopts a resolution that prohibits the corporation from electing to be subject to any or all of the provisions of Subtitle 8 of Title 3. Stockholder approval is not required for the filing of articles supplementary.

The provisions to which a corporation can elect under Subtitle 8 to be subject are:

a classified
board,

a
requirement
that the
removal of
directors
requires the
affirmative
vote of
two-thirds of
all the votes
entitled to be
cast by the
stockholders
generally in
the election
of directors,

a
requirement
that the
number of
directors be
fixed only by
vote of the
directors,

a
requirement
that a
vacancy on
the board be
filled only by
the
remaining
directors and
for the
remainder of
the full term
of the
directorship
in which the
vacancy
occurred and
until a
successor is
elected and
qualifies, and

a
requirement
that special
stockholders
meetings
must be
called by the
corporation
at the request
of
stockholders
only upon
the written
request of
stockholders
entitled to
cast at least a
majority of
the votes
entitled to be
cast at the
meeting.

A Maryland corporation's charter may contain a provision or the board of directors may adopt a resolution that prohibits the corporation from electing to be subject to Subtitle 8 of Title 3 of the MGCL. The A&P charter does not contain any such provision and A&P's board of directors has not adopted any resolution containing any such prohibition.

PLAN OF DISTRIBUTION

We may sell the debt securities, preferred stock or common stock being offered by use of this prospectus and an applicable prospectus supplement:

through
underwriters;

through
dealers;

through
agents; or

directly to
purchasers.

We will set forth the terms of the offering of any securities being offered in the applicable prospectus supplement.

If we utilize underwriters in an offering of securities using this prospectus, we will execute an underwriting agreement with those underwriters. The underwriting agreement will provide that the obligations of the underwriters with respect to a sale of the offered securities are subject to certain conditions precedent and that the underwriters will be obligated to purchase all the offered securities if any are purchased. Underwriters may sell those securities to or through dealers. The underwriters may change any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers from time to time. If we utilize underwriters in an offering of securities using this prospectus, the applicable prospectus supplement will contain a statement regarding the intention, if any, of the underwriters to make a market in the offered securities.

If we utilize a dealer in an offering of securities using this prospectus, we will sell the offered securities to the dealer, as principal. The dealer may then resell those securities to the public at a fixed price or at varying prices to be determined by the dealer at the time of resale.

We may also use this prospectus to offer and sell securities through agents designated by us from time to time. Unless otherwise indicated in the prospectus supplement, any agent will be acting on a reasonable efforts basis for the period of its appointment.

We may offer to sell securities either at a fixed price or at prices that may be changed, at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices. We may also use this prospectus to directly solicit offers to purchase securities. Except as set forth in the applicable prospectus supplement, none of our directors, officers, or employees nor those of our subsidiaries will solicit or receive a commission in connection with those direct sales. Those persons may respond to inquiries by potential purchasers and perform ministerial and clerical work in connection with direct sales.

We may authorize underwriters, dealers and agents to solicit offers by certain institutions to purchase securities pursuant to delayed delivery contracts providing for payment and delivery on a future date specified in the prospectus supplement. Institutions with which delayed delivery contracts may be made include commercial and savings banks, insurance companies, educational and charitable institutions and other institutions that we may approve. The obligations of any purchaser under any delayed delivery contract will not be subject to any conditions except that any related sale of offered securities to underwriters shall have occurred and the purchase by an institution of the securities covered by its delayed delivery contract shall not at the time of delivery be prohibited under the laws of any jurisdiction in the United States to which that institution is subject.

Underwriters, dealers or agents participating in a distribution of securities by use of this prospectus and an applicable prospectus supplement may be deemed to be underwriters, and any discounts and commissions received by them and any profit realized by them on resale of the offered securities, whether received from us or from purchasers of offered securities for whom they act as agent, may be deemed to be underwriting discounts and commissions under the Securities Act.

Under agreements that we may enter into, underwriters, dealers or agents who participate in the distribution of securities by use of this prospectus and an applicable prospectus supplement may be entitled to indemnification by us against certain liabilities, including liabilities under the Securities Act, or to contribution with respect to payments that those underwriters, dealers or agents may be required to make.

Concurrently with any offering of debt securities that are convertible into or exercisable or exchangeable for our common stock, we may offer from time to time shares of our common stock by means of a separate prospectus supplement and accompanying prospectus. Such shares of our common stock may be offered to the public in an offering by underwriters, dealers or agents. In addition, we may agree to loan shares of common stock to affiliates of such underwriters, dealers or agents, which affiliates we refer to as the share borrowers, pursuant to a share lending agreement to be described in the applicable prospectus supplement. Such share borrowers may use the borrowed shares to facilitate transactions by which investors in the notes may hedge their investments in such notes. In connection with facilitating those transactions, the share borrowers and their affiliates may receive customary, negotiated fees from investors.

In connection with any offering of debt securities that are convertible into or exercisable or exchangeable for our common stock, we may enter into convertible debt security hedge transactions with affiliates of the underwriters. Such convertible debt security hedge transactions may reduce the potential dilution upon conversion of such debt securities. We may apply a portion of the net proceeds from the sale of such debt securities to pay the cost of such convertible debt security hedge transactions.

In connection with establishing an initial hedge of these transactions, the hedge counterparty or its affiliates may enter into various derivative transactions with respect to our common stock, concurrently with or shortly after the pricing of such debt securities. These activities could have the effect of increasing or preventing a decline in the price of our common stock concurrently with or shortly after the pricing of such debt securities.

In addition, the hedge counterparty or its affiliates will likely modify its hedge position following the pricing of such debt securities from time to time by entering into or unwinding various derivative transactions and/or purchasing or selling our common stock in secondary market transactions prior to the maturity of such debt securities (including during any settlement period in respect of any conversion of such debt securities). The effect, if any, of any of these transactions and activities on the market price of our common stock or such debt securities will depend in part on market conditions and cannot be ascertained at this time, but any of these activities could impact the price of our common stock and the value of such debt securities and, as a result, the value of the consideration and the number of shares, if any, that you would receive upon conversion of such debt securities and, under certain circumstances, your ability to convert such debt securities.

Underwriters, dealers, agents or their affiliates may be customers of, engage in transactions with, or perform services for, us and our subsidiaries in the ordinary course of business, for which they have received or will receive customary compensation.

VALIDITY OF THE SECURITIES

Certain legal matters will be passed upon for us by Cahill Gordon & Reindel LLP, New York, New York and McGuire Woods LLP, Baltimore, Maryland. If counsel for any underwriter, dealer or agent passes on legal matters in connection with an offering made by this prospectus, we will name that counsel in the prospectus supplement relating to the offering.

PART II
INFORMATION NOT REQUIRED IN PROSPECTUS

The following table sets forth the estimated expenses in connection with the issuance and distribution of the securities registered hereby, which will be borne by the registrants. All amounts shown are estimates, except the Securities and Exchange Commission registration fee:

 Total	 \$	 200,000 (2)

(1) In accordance with Rules 456(b) and 457(r) under the Securities Act, the Registrant is deferring payment of the entire registration fee.

(2) Estimated.

Item 15. Indemnification of Directors and Officers.

Under the MGCL, a Maryland corporation may indemnify any director or officer made or threatened to be made a party to any proceeding by reason of service in that capacity unless it is established that (1) the act or omission of the director or officer was material to the matter giving rise to the proceeding and (a) was committed in bad faith or (b) was the result of active and deliberate dishonesty, (2) the director or officer actually received an improper personal benefit in money, property or services, or (3) in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful.

Under the MGCL, reasonable expenses may be advanced to a present or former director, or to an officer, employee or

agent who is not a director to the same extent that they may be advanced to a director, unless limited by the charter. Advances of reasonable expenses to directors, officers, employees and agents prior to the final adjudication of a proceeding may be generally authorized in the corporation's charter or bylaws, by action of the board of directors, by contract, or upon a determination that indemnification is proper made by the board of directors, special legal counsel or the stockholders as described below. The director, officer, employee or agent must give to the corporation a written affirmation of his or her good faith belief that the standard of conduct necessary for indemnification by the corporation has been met, and a written undertaking providing that if it is ultimately determined that the standard of conduct has not been met, the director, officer, employee or agent will repay the amount advanced.

Under the MGCL, unless limited by a corporation's charter, a court of appropriate jurisdiction may, under certain circumstances, order indemnification if it determines that the director or officer is fairly and reasonably entitled to indemnification in view of all the relevant circumstances, whether or not the director or officer has met the standards of conduct required under the MGCL or has been adjudged liable on the basis that a personal benefit was improperly received in a proceeding charging improper personal benefit to the director or the officer. The A&P charter does not contain provisions limiting such indemnification. If the proceeding was an action by or in the right of the corporation or involved a determination that the director or officer received an improper personal benefit, however, no indemnification may be made if the individual is adjudged liable to the corporation, except to the extent of expenses approved by a court of appropriate jurisdiction.

The MGCL also provides that, where indemnification is permissible, it must be authorized for a specific proceeding after a determination has been made that indemnification of the director or officer is permissible in the circumstances because the director or officer has met the standard of conduct described above. Such determination must be made (1) by a majority vote of a quorum of

the board of directors consisting of directors who are not parties to the proceeding (or if such a quorum cannot be obtained, the determination may be made by a majority vote of a committee of the board which consists solely of one or more directors who are not parties to the proceeding and who were designated to act by a majority of the full board of directors), (2) by special legal counsel selected by the board of directors or by a committee of the board of directors by vote as set forth in the preceding subsection (1) (or if the requisite quorum of the board of directors cannot be obtained and the committee cannot be established, a majority of the full board of directors, including directors who are parties, may select the special counsel), or (3) by a vote of the stockholders other than those stockholders who are directors or officers and a party to the proceedings. The MGCL provides that the indemnification and advancement of expenses provided under the MGCL are not exclusive of any other rights, by indemnification or otherwise, to which a director or officer may be entitled under the charter, the bylaws, a resolution of stockholders or directors, an agreement or otherwise.

The MGCL also requires a corporation (unless its charter provides otherwise, which A&P's charter does not) to indemnify reasonable expenses for a director or officer who has been successful, on the merits or otherwise, in the defense of any proceeding to which he is made or threatened to be made a party by reason of his service in that capacity. In addition, the MGCL provides that a corporation may not indemnify a director or officer or advance expenses for a proceeding brought by that director or officer against the corporation, except for a proceeding brought to enforce indemnification, or unless the charter, the bylaws, a resolution of the board of directors or an agreement approved by the board of directors expressly provides otherwise.

A&P's charter provides that A&P shall indemnify and advance expenses to any person who is or was a director or officer of A&P to the maximum extent now or hereafter permitted by law in connection with any threatened, pending or completed action, suit or proceeding (whether civil, criminal, administrative or investigative) arising out of such person's service as a director or officer of either A&P or of another organization at A&P's request. A&P's charter also provides that A&P shall indemnify any person who is or was an employee or agent of A&P as and to the extent required by law and may, as authorized at any time by general or specific action of the Board of Directors, further indemnify such individuals to the maximum extent now or hereafter permitted by law, in connection with any threatened, pending or completed action, suit or proceeding (whether civil, criminal, administrative or investigative) arising out of such person's service in such capacity to A&P or to another organization at A&P's request.

The rights of indemnification provided in A&P's charter are not exclusive of any other rights which may be available under any insurance or other agreement, by vote of stockholders or disinterested directors or otherwise. In addition, the charter authorizes A&P to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of A&P or who is or was serving at the request of A&P as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against any liability asserted against him and incurred by him in or arising out of his position, whether or not A&P would have the power to indemnify him under the provisions of the MGCL or otherwise.

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

(1) to file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) under the Securities Act of 1933, if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that the undertakings set forth in paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement;

(2) that, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof;

(3) to remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering;

(4) that, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify

any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date;

(5) that, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities: the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) any other communication that is an offer in the offering made by the undersigned registrant to the purchaser; and

(6) that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual reports pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Trust Indenture Act.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions described under item 15 above, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
