INDEPENDENT AUDITORS' REPORT

Savings and Investment Plan for Employees of
Metropolitan Life Insurance Company and
Participating Affiliates:

We have audited the accompanying statements of net assets available for benefits of the Savings and Investment Plan for Employees of Metropolitan Life Insurance Company and Participating Affiliates (the "Plan") as of December 31, 2000 and 1999, and the related statements of changes in net assets available for benefits for each of the three years in the period ended December 31, 2000. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2000 and 1999, and the changes in net assets available for benefits for each of the three years in the period ended December 31, 2000, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Assets Held for Investment Purposes as of December 31, 2000 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in the audit of the basic 2000 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

Contributions to each fund are remitted to Metropolitan Life Insurance Company (the "Company") pursuant to group annuity contracts.

Fixed Income Fund contributions are allocated to the Met Managed Guaranteed Interest Contracts or similar contracts with the Company.

Contributions to Separate Account MI purchase units in Separate Account II. This fund is managed by the MetLife Corporate Equities Department.

Contributions to the Real Estate Fund are allocated to the Company's Separate Account No. 54. This Separate Account is a commingled account that consists of assets attributable to the Real Estate Fund of the Plan, assets attributable to other group participants in Separate Account No. 54 and other assets allocated by the Company. to the Emerging Markets Equity Fund of the Plan. The fund is managed by Merrill Lynch Investment Management.

MetLife Company Stock Fund contributions are invested primarily in shares of Common Stock of MetLife, Inc. The fund also invests a portion of its assets in cash to manage liquidations and purchases. The fund is managed by Mellon Bank N.A.

The following are the significant accounting policies followed by the Plan:

a. BASIS OF ACCOUNTING -- The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Contributions are recognized when due and withdrawals and distributions are recognized when incurred. Investment income is recorded as earned. Loans to participants are carried at the outstanding loan balance.

b. VALUATION OF INVESTMENTS -- The Plan's net assets in the Fixed

Edgar Filing: METLIFE INC - Form 11-K

Income Fund are valued at contract value. Contract value represents contributions made under the contract, plus interest at the annual rate guaranteed by the fund (6.70% and 6.45% in 2000 and 1999, respectively), less withdrawals, disbursements and loans to participants.

Funds held in Separate Account No. 12, Separate Account MI, Separate Account No. 54, Separate Account No. 79, Separate Account No. 307, Separate Account No. 96, Separate Account No. 267 and Separate Account No. 247 are stated at the aggregate value of units of participation. Such value reflects accumulated contributions, dividends and realized and unrealized investment gains or losses apportioned to such contributions, less loans to participants, allocable expenses relating to the purchase, sale and maintenance of the assets in the Separate Accounts, and an allocable part of the Company's investment expenses.

In June 2000, the FASB issued Statement of Financial Accounting Standard No. 138, Accounting for Certain Derivative Instruments and Certain Hedging Activities -- an Amendment of FASB Statement No. 133 ("SFAS 138"). In June 1999, the FASB also issued Statement of Financial Accounting Standards No. 137, Accounting for Derivative Instruments and Hedging Activities -- Deferral of the Effective Date of FASB Statement No. 133 ("SFAS 137"). SFAS 137 deferred the provisions of Statement of Financial Accounting Standards No. 133, Accounting for Derivative Instruments and Hedging Activities ("SFAS 133") until January 1, 2001. SFAS 133 and SFAS 138 require, among other things, that all derivatives be recognized in the balance sheets as either assets or liabilities and measured at fair value. Adoption of the provisions of SFAS 133 and SFAS 138 on January 1, 2001 did not have a material effect on the Plan's financial statements.

2. PLAN DESCRIPTION

GENERAL INFORMATION -- The Plan became effective on May 1, 1970 and, as subsequently amended, is designed to comply with the requirements of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is administered by the Company's Human Resource Department. The administrator of the Plan is appointed by the Company's Employee Benefits Committee.

5. TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated June 27, 1995, that the Plan and related trust are designed in

Edgar Filing: METLIFE INC - Form 11-K

accordance with applicable sections of the Internal Revenue Code (the "Code"). Although the Plan has since been amended, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. NON-EXEMPT TRANSACTIONS

During 1999, the Plan was notified that two of the Plan's Fund managers entered into prohibited cross trade transactions. The cross trades occurred when securities were sold (i) under the direction of Merrill Lynch Investment Management, on behalf of another entity's portfolio, and simultaneously purchased in the Plan's Emerging Markets Equity Fund which is also managed by Merrill Lynch Investment Management, and (ii) under the direction of Back Bay Advisors, LP, on behalf of another entity's portfolio and simultaneously purchased in the Plan's Fixed Income Fund which is also managed by Back Bay Advisors LP. The Plan was reimbursed one thousand five hundred eighty dollars from Merrill Lynch Investment Management and one hundred nineteen thousand seven hundred sixty one dollars from Back Bay Advisors, LP, in each case for the instances where the trade price was greater than the independent market price.

7. CHANGES IN THE PLAN

Effective December 31, 2000, the New England Financial 401k Plan and Trust and the GenAmerica Progress Sharing Plan were merged into the Plan. In January 2001, net assets of \$295,370 and \$111,715 from the New England Financial 401k Plan and Trust and the GenAmerica Progress Sharing Plan, respectively, were transferred into the Plan.

In connection with the acquisition of the standard personal lines property and casualty insurance operations of The St. Paul Companies in September 1999, aggregate assets of \$35,516 from the St. Paul Companies, Inc. Stock Ownership Plan and the St. Paul Companies, Inc. Savings Plus Plan were transferred into the Plan during 2000.
