PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON APRIL 16, 2004

INFORMATION CONCERNING THE SOLICITATION

This Proxy Statement is furnished to the holders of Common Stock, \$.01 par value per share ("Common Stock") of Napco Security Systems, Inc. (the "Company") in connection with the solicitation of proxies on behalf of the Board of Directors of the Company for the Annual Meeting following Fiscal Year 2003, to be held on April 16, 2004, and at any adjournment thereof (the "Meeting"), pursuant to the accompanying Notice of Annual Meeting of Stockholders. Proxies in the enclosed form, if properly executed and returned in time, will be voted at the Meeting. Any stockholder giving a proxy may revoke it prior to its exercise by attending the Meeting and reclaiming the proxy, by executing a later dated proxy or by submitting a written notice of revocation to the Secretary of the Company at the Company's office or at the Meeting. Stockholders attending the Meeting may vote their shares in person. This Proxy Statement and the form of proxy were first mailed to the stockholders on or about March 8, 2004. A copy of the 2003 Annual Report of the Company, including financial statements, is being mailed herewith.

Only stockholders of record at the close of business on March 1, 2004 (the "Record Date") are entitled to notice of and to vote at the Meeting. The outstanding voting securities of the Company on the Record Date consisted of 3,444,216 shares of Common Stock.

On all matters requiring a vote by holders of the Common Stock, each share of Common Stock entitles the holder of record to one vote. At the Meeting, the holders of record of Common Stock will vote on: Item 1, the election of three (3) directors; and the transaction of any other business as may properly come before the Meeting and require a vote of the Stockholders.

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock authorized to vote will constitute a quorum for the transaction of business at the Meeting.

ELECTION OF DIRECTORS. The affirmative vote of a plurality of the votes cast at the Annual Meeting is required for the election of directors. A properly executed proxy marked "WITHHOLD" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

If you hold your shares in "street name" through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to certain matters. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such "broker non-votes" will, however, be counted in determining if there is a quorum.

Edgar Filing: NAPCO SECURITY SYSTEMS INC - Form DEF 14A

THEREFORE, THE COMPANY URGES YOU TO SIGN, DATE AND RETURN THE ENCLOSED PROXY CARD.

ITEM 1

The Board of Directors is divided into three classes. At the upcoming Annual Meeting one class will stand for election for the term ending the Annual Meeting of Stockholders following Fiscal Year 2006. CORPORATE GOVERNANCE AND BOARD MATTERS

INDEPENDENCE OF DIRECTORS

The Board currently consists of seven directors, four of whom the Board has affirmatively determined have no relationship with the Company or its subsidiaries, which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and are independent, as defined by the applicable NASDAQ Listing Standards. The four independent directors are Paul Stephen Beeber, Randy B. Blaustein, Arnold Blumenthal and Andrew J. Wilder.

Edgar Filing: NAPCO SECURITY SYSTEMS INC - Form DEF 14A

BOARD STRUCTURE AND COMMITTEE COMPOSITION

The Board maintains three standing committees: Audit, Compensation/Stock Option, and Nominating. The Audit, Compensation/Stock Option and Nominating Committees are each currently composed entirely of independent directors as defined in the applicable NASDAQ Listing Standards.

During fiscal 2003, the Board held four meetings. Each director attended at least 75% of all Board meetings and meetings of committees of which such director was a member. Directors are expected to attend the Company's annual meetings of stockholders. All directors except Mr. Beeber, who was elected a director in March 2004, attended the last annual meeting of stockholders in 2002.

NAPCO maintains an investor relations section on its website, www.napcosecurity.com, setting forth the Company's committee charters (including those for the Audit and Nominating Committees).

AUDIT COMMITTEE

The Audit Committee has been established in accordance with Section 3(a)(58)A of the Securities Exchange Act of 1934 as amended. The Audit Committee is responsible for retaining, evaluating and, if appropriate, recommending the termination of the Company's independent auditors. The Audit Committee assists the Board in oversight of (1) the integrity of the Company's financial statements, (2) the Company's independent auditor's qualifications and independence, and (3) the performance of the Company's internal audit function and independent auditors. In addition, the Committee renders its report for inclusion in the Company's annual proxy statement.

The Audit Committee has the authority to obtain advice and assistance from, outside legal, accounting or other advisors as the Audit Committee deems necessary to carry out its duties. The Audit Committee held four meetings in fiscal year 2003. The current members of the Audit Committee are Andrew J. Wilder (Chairman), Paul Stephen Beeber (who replaced Randy B. Blaustein on March 3, 2004) and Arnold Blumenthal, each of whom meets the NASDAQ Listing Standards for the independence of audit committee members. The Board has determined that Andrew Wilder is an audit committee financial expert.

The report of the Audit Committee is included in this proxy statement on page 7. The charter of the Audit Committee was included in the 2002 proxy statement as an Appendix A.

COMPENSATION/STOCK OPTION COMMITTEE

The Compensation/Stock Option Committee assists the Board in discharging its responsibilities relating to compensation of the Company's chief executive officer and other executives. The Committee determines individuals to be granted options under the Employee Stock Option Plan and Non Employee Stock Option Plan, the number of shares to be subjected to option and the terms of the options and interprets provisions of such plans. The Committee also renders its report on executive compensation for inclusion in the Company's annual proxy statement.

The Compensation/Stock Option Committee held four meetings in fiscal year 2003. The report of the Compensation/Stock Option Committee is included in this proxy statement on page 13.

NOMINATING COMMITTEE

Edgar Filing: NAPCO SECURITY SYSTEMS INC - Form DEF 14A

NOMINATION OF DIRECTORS

The Nominating Committee considers candidates for director nominees proposed by directors, the Chief Executive Officer and stockholders. During fiscal year 2003 Michael Carrieri had an agreement that provided for an annual salary of \$194,481 with certain bonus provisions including those based on sales and profits. In addition, the Company has a severance agreement with Kevin S. Buchel providing for payments equal to nine months of salary and six months of health insurance in the event of a non-voluntary termination of employment without cause.

BOARD COMPENSATION/STOCK OPTION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Company's Compensation/Stock Option Committee of the Board of Directors is made up of Randy B. Blaustein (Chairman), Andrew J. Wilder and Arnold Blumenthal. The Committee considers and establishes compensation for the management of the Company.

Overview and Philosophy

The Compensation/Stock Option Committee uses its compensation program to achieve the following objectives:

- increasing the profitability and net worth of the Company and, accordingly, increasing stockholder value;
- providing compensation that will enable the Company to attract and retain high quality employees and reward superior performance;
- providing management with incentives related to the success of the Company; and
- providing management with long-term equity incentives through stock options.

The Company believes that its executive compensation program provides an overall level of compensation that is competitive within the electronic security products industry and among companies of comparable size and complexity.

Procedures for Establishing Compensation

13

At the beginning of each year, the Compensation/Stock Option Committee establishes an annual salary plan for the Company's senior executive officers, in some cases based on employment agreements with such officers.

In fiscal 2003, as in the past several years, the Compensation/Stock Option Committee set compensation at the start of the year and reviewed it approximately mid-way through the year. The initial compensation recommendation, consisting of salary and performance-based incentive compensation, is based in part upon a survey of comparably sized companies. The Compensation/Stock Option Committee uses this survey to determine the competitiveness of base salary and incentive opportunities at the Company and to evaluate the relative mix of salary and incentive compensation.

Edgar Filing: NAPCO SECURITY SYSTEMS INC - Form DEF 14A

Executive Officer Compensation Program

The Company's executive compensation program consists of base salary, annual incentive cash compensation, commissions, long-term equity incentives in the form of stock options and various benefits such as medical insurance and 401(k) savings plan generally available to employees of the Company. The amount of perquisites, as determined in accordance with rules promulgated by the Securities and Exchange Commission, did not exceed 10% of salary in fiscal 2003.

Base Salary

Base compensation is generally set within the range of salaries of executive officers with comparable qualifications, experience and responsibilities at other companies in the same or similar businesses and or comparable size and success as the Company. In addition to external market data, salary is determined by the Company's financial performance and the individual's performance based on predetermined, non-financial objectives. Non-financial objectives include an individual's contribution to the Company as a whole, including his ability to motivate others, develop the necessary skills as the Company grows, recognize and pursue new business opportunities and initiate programs to enhance the Company's growth and success.

Short-Term and Long-Term Compensation

Annual incentive compensation and long-term incentive compensation, in comparison to base salary, are more highly tied to the Company's success in achieving financial performance goals. Annual cash bonuses are paid primarily on the basis of attainment of financial, sales, and production goals of the Company. The officers do not vote on their own compensation.

Long-term incentive compensation, through stock options, enables executives to develop a long-term stock ownership position in the Company. In addition to considering an individual's past performance, the Company's desire to retain an individual is of paramount consideration in the determination of stock option grants.

Stock options are granted at an option price equal to fair market value on the date of grant and generally vest over a five-year period in order to encourage key employees to continue in the

14

employ of the Company. Accordingly, stock options are intended to retain and motivate executives to improve long-term stock market performance.

Summary of Compensation of Chief Executive Officer

In 2003, the Committee entered into an employment agreement with Mr. Soloway based on competitive information. The agreement includes a base salary and provides for a performance bonus at the discretion of the Committee. The base salary is adjusted using a formula tied into the Consumer Price Index and the bonus is based upon, but not limited to, such performance indicators as net sales, EBITDA, net income and various financial ratios. In addition, Mr. Soloway was granted options in fiscal 2003 in accordance with such factors and the principles described above for grants to other executive officers.

THE COMPANY'S INDEPENDENT PUBLIC ACCOUNTANTS

On December 15, 2003, the Company engaged Marcum & Kliegman LLP ("M&K") as the independent public accountants for the Company and its subsidiaries principal independent accountants, replacing KPMG LLP, who were dismissed on the same day. The Board of Directors had previously appointed KPMG LLP as the independent accountants for the Company and its subsidiaries for its 2003 fiscal year. The change was approved by the Company's audit committee and board of directors. The Company has not consulted with M&K during its two most recent fiscal years nor during any subsequent interim period prior to its appointment as auditor for the fiscal years 2003 and 2002 audits regarding the application of accounting principles to a specified transaction either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements.

On July 9, 2002 the Board of Directors of Company dismissed Arthur Andersen LLP ("Andersen") as its independent public accountants and appointed KPMG to serve as its independent public accountants. These actions were taken at the recommendation of the Company's Audit Committee. Andersen had served as the Company's independent public accountants since 1993. None of Andersen's reports on the Company's consolidated financial statements for the fiscal years ended June 30, 2001 and 2000 contained an adverse opinion or disclaimer of opinion, nor was any such report qualified or modified as to uncertainty, audit scope or accounting principles.

During the fiscal years ended June 30, 2001 and 2000 and through the date of dismissal, there were no disagreements between the Company and Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Andersen's satisfaction, would have caused them to make reference to the subject matter in connection with their report on the Company's consolidated financial statements for such years; and there were no reportable events as defined in Item

Edgar Filing: NAPCO SECURITY SYSTEMS INC - Form DEF 14A

304(a)(1)(v) of Regulation S-K.

During the fiscal years ended June 30, 2001 and 2000 and through the date of engagement of KPMG, the Company did not consult KPMG with respect to either (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or (ii) any matter that was either the subject of a disagreement, within the meaning of Item 304(a)(1)(iv) of Regulation S-K, or any "reportable event," as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

The Company provided Andersen with a copy of the Company's annual report on Form 10-K for the year ended June 30, 2002 and requested that Andersen furnish a letter addressed to the Securities and Exchange Commission stating whether it agrees with the statements made by the Company in such report, and if not, stating the respects in which it does not agree. Andersen had indicated to the Company that Andersen no longer issues such letters.

Services provided by M&K during and for the 2003 and 2002 fiscal years consisted of

20

audit and non-audit related services. These services included the audit of the consolidated financial statements of the Company and services related to reporting by the Company and its subsidiaries to the Securities and Exchange Commission.

M&K has been retained for fiscal year 2004. A representative of M&K will be present at the Annual Meeting to make a statement if he desires and to respond to appropriate questions presented at the Meeting.

Such proposals must meet the requirements set forth in the rules and regulations of the Securities and Exchange Commission in order to be eligible for inclusion in the Proxy Statement. Stockholders who intend to present a proposal at the 2004 Annual Meeting but who do not wish to have such proposal included in the Company's Proxy Statement for such meeting must be certain that notice of such proposal is received by the Company's Secretary at the Company's executive offices not later than September 13, 2004.

Pursuant to the Company's by-laws, any nominations for director by a stockholder must be delivered or mailed to and received by the principal executive offices of the Company not less than sixty (60) days prior to the date of meeting.

Edgar Filing: NAPCO SECURITY SYSTEMS INC - Form DEF 14A

solicit proxies from the persons who beneficially own such stock. The Company will reimburse brokerage houses, custodial nominees and others for their out-of-pocket expenses and reasonable clerical expenses. It is estimated that these expenses will be nominal. In addition, officers and employees of the Company may solicit proxies personally or by telephone, telegram or letter; they will receive no extra compensation for such solicitation.
