SECURITIES AND EXCHANGE COMMISSION

Washington, D.C. 20549

Form 10-Q/ A
(Amendment No. 1)

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d)
OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended
September 27, 2003

Commission file number
0-27826

Party City Corporation

(Exact name of registrant as specified in its charter)

Delaware
*(State or other jurisdiction of
incorporation or organization)*

22-3033692
*(I.R.S. Employer
Identification No.)*

400 Commons Way
Rockaway, New Jersey
(Address of Principal Executive Offices)

07866
(Zip Code)

973-983-0888

(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No:

Indicate by check mark whether the registrant is an accelerated filer (as defined in Rule 12b-2 of the Exchange Act). Yes No:

Indicate the number of shares outstanding of each of the issuer's classes of common stock as of the latest practicable date:

The number of outstanding shares of the Registrant's classes of common stock, \$0.01 par value, as of November 3, 2003 and June 4, 2004 were 16,790,308 and 17,053,694, respectively.

PART I.

FINANCIAL INFORMATION

Explanatory Note

We are filing this Amendment No. 1 on Form 10-Q/A (Form 10-Q/A), which amends and restates our Quarterly Report on Form 10-Q for the three months ended September 27, 2003 that was originally filed on November 12, 2003 (the Original 10-Q), primarily to reflect a restatement of our condensed consolidated statements of cash flows related to our cash overdraft. Previously, the change in the cash overdraft account was classified from year to year in net cash provided by (used in) operating activities, rather than being classified in net cash provided by financing activities. The prior treatment resulted in (i) higher net cash used in operating activities and higher net cash provided by financing activities of approximately \$2,578,000 for the three months ended September 27, 2003 and, (ii) lower net cash used in operating activities and lower net cash provided by financing activities of approximately \$306,000 for the three months ended September 28, 2002. In this Form 10-Q/A, we have restated our condensed consolidated statements of cash flows for the three months ended September 27, 2003 and September 28, 2002 to reflect this change in cash overdraft account as a financing activity rather than an operating activity. For further discussion, see Part I, Item 1. Financial Statements Note 11. Restatement of Statements of Cash Flows and Item 4. Controls and Procedures.

In addition, pursuant to comments from the Securities and Exchange Commission (the SEC), we agreed to make certain revisions in our future filings, which we made in our Quarterly Report on Form 10-Q for the nine months ended March 27, 2004 and have made in this Form 10-Q/A. We have also updated a limited set of disclosure statements throughout this Form 10-Q/A that we previously provided in the Original 10-Q as of November 3, 2003, the latest practicable date for which such information was available as of the filing of the Original 10-Q. The explanatory caption at the beginning of each revised item of this Form 10-Q/A sets forth the limited nature of the revisions therein.

The following sections of this Form 10-Q/A have been revised from the Original 10-Q:

Part I, Item 1. Financial Statements

Part I, Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Part I, Item 4. Controls and Procedures

Part II, Item 1. Legal Proceedings

Report of Independent Registered Public Accounting Firm

Signature Page

Exhibit 31 and 32 Certifications

Except as set forth above, this Form 10-Q/A continues to speak as of the date of the filing of the Original 10-Q, November 12, 2003, and we have not updated the disclosures contained herein to reflect any events that have occurred thereafter. For a discussion of events and developments thereafter, please see our reports filed with the SEC since November 12, 2003.

Our Quarterly Report on Form 10-Q/A for the fiscal quarter ended December 27, 2003 and our Annual Report on Form 10-K/A for the fiscal year ended June 28, 2003 will also be restated in a similar fashion and will be filed simultaneously with this Form 10-Q/A. We are not amending any reports affected by the restatement prior to the Annual Report on Form 10-K/A for the fiscal year ended June 28, 2003; therefore, the consolidated statements of cash flows and related financial information included in such reports should no longer be relied upon and are hereby superseded.

Edgar Filing: PARTY CITY CORP - Form 10-Q/A

See accompanying notes to condensed consolidated financial statements.

Table of Contents**PARTY CITY CORPORATION AND SUBSIDIARY****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****1. Basis of Presentation**

The condensed consolidated financial statements are unaudited. In the opinion of management, the accompanying condensed consolidated financial statements contain all adjustments (consisting only of normal recurring accruals) necessary to present fairly the financial position of the Company as of September 27, 2003 and September 28, 2002 and the results of operations and cash flows for the quarters ended September 27, 2003 and September 28, 2002. Because of the seasonality of the party goods industry, operating results of the Company on a quarterly basis may not be indicative of operating results for the full fiscal year.

These condensed consolidated financial statements should be read in conjunction with the Company's audited consolidated financial statements for the year ended June 28, 2003, which are included in the Company's Annual Report on Form 10-K/A with respect to such period filed with the Securities and Exchange Commission. All significant intercompany accounts and transactions have been eliminated. The June 28, 2003 consolidated balance sheet amounts are derived from the Company's audited consolidated financial statements.

The Company's Fiscal Year (Fiscal Year or Fiscal) refers to the 52 or 53 weeks, as applicable, ending the Saturday nearest to June 30, unless otherwise noted. The year ended July 3, 2004 (Fiscal 2004) is a 53 week year as compared to the years ended June 28, 2003 (Fiscal 2003) and June 29, 2002 (Fiscal 2002), which were 52 week years.

Certain reclassifications have been made to the consolidated financial statements in prior periods to conform to the current period presentation.

2. Stock-Based Compensation

The Company periodically grants stock options to employees. Pursuant to Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees (APB 25), the Company accounts for stock-based employee compensation arrangements using the intrinsic value method. If the options are granted to employees below fair market value, compensation expense is recognized. The Company has adopted the disclosure only provisions of Statement of Financial Accounting Standards (SFAS) No. 123, Accounting for Stock Based Compensation (SFAS No. 123), as amended by SFAS No. 148, Accounting for Stock Based Compensation Transition and Disclosure, an Amendment of SFAS No. 123. If compensation cost for the Company's plans had been determined in accordance with the fair value method prescribed by SFAS No. 123 the Company's net loss would have been (in thousands, except per share data):

	Quarter Ended	
	September 27, 2003	September 28, 2002
Net loss as reported	\$(1,950)	\$(1,736)
Add: Stock-based employee compensation expense determined under APB 25, net of taxes	22	83
Deduct: Total stock-based employee compensation expense determined under fair value based method, net of taxes	(136)	(271)
Pro-forma net loss	\$(2,064)	\$(1,924)
Basic and diluted loss per share:		
As reported	\$ (0.12)	\$ (0.11)
Pro-forma net loss	(0.12)	(0.12)

The weighted average fair value of options granted during the first quarter of Fiscal 2004 and 2003 was \$3.94 and \$7.92, respectively.

Table of Contents**PARTY CITY CORPORATION AND SUBSIDIARY****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)****3. Earnings Per Share**

The following table sets forth the computations of basic and diluted loss per share (in thousands, except per share amounts):

	Quarter Ended	
	September 27, 2003	September 28, 2002
Net loss	\$ (1,950)	\$ (1,736)
Loss per share basic	(0.12)	(0.11)
Loss per share diluted	(0.12)	(0.11)
Weighted average common shares outstanding	16,599	16,396
Dilutive effect of warrants	(a)	(b)
Dilutive effect of stock options	(a)	(b)
Restricted stock units	(c)	(c)
Weighted average common shares and common equivalent shares outstanding	<u>16,599</u>	<u>16,396</u>

- (a) Options to purchase 2,080,618 shares of common stock at prices ranging from \$1.71 to \$30.88 per share were outstanding at September 27, 2003 and warrants to purchase 2,496,000 shares of common stock at \$1.07 per share were outstanding at September 27, 2003 and September 28, 2002 but were not included in the computation of earnings per share because to do so would have been antidilutive.
- (b) Options to purchase 2,320,586 shares of common stock at prices ranging from \$1.71 to \$32.50 per share were outstanding at September 28, 2002 and warrants to purchase 2,496,000 shares of common stock at \$1.07 per share were outstanding at September 28, 2002 but were not included in the computation of earnings per share because to do so would have been antidilutive.
- (c) Restricted shares of 17,396 and 97,398 shares of common stock were outstanding at September 27, 2003 and September 28, 2002, respectively, related to the Management Stock Purchase Plan which were not included in the computation of earnings per share because to do so would have been antidilutive.

4. Financing Agreements

In January 2003, the Company entered into a \$65 million revolving credit facility (Loan Agreement) with Wells Fargo Retail Finance, LLC, as the arranger, collateral agent and administrative agent, and Fleet Retail Finance, Inc., as the documentation agent. Under the terms of the Loan Agreement, the Company may borrow amounts based on a percentage of its eligible inventory and credit card receivables, subject to certain borrowing conditions and customary sub-limits, reserves and other limitations. Interest on advances is charged, at the Company's option, (i) at the adjusted Eurodollar rate plus the applicable margin, which was set initially at 1.50% and is currently at 1.25%, per annum or (ii) at the prime rate less the applicable margin, which was initially set at and is currently 0.25% per annum. The term of the Loan Agreement is through April 30, 2006 and is secured by a lien on substantially all of the Company's assets. The Company had a standby letter of credit of \$3.1 million outstanding at September 27, 2003. At September 27, 2003 and November 3, 2003, the Company had \$15.2 million and no borrowings outstanding under the Loan Agreement, respectively. The Company had \$35.2 million available to be borrowed under the Loan Agreement at November 3, 2003.

Table of Contents

PARTY CITY CORPORATION AND SUBSIDIARY

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

5. Stockholders Equity

Shares Outstanding

The Company's authorized capital stock is 25,000,000 shares of its common stock, \$0.01 par value per share. There were 17,425,070 shares and 17,010,465 shares of the Company's common stock issued at September 27, 2003 and September 28, 2002, respectively.

Stock Repurchase

In September 2001, the Board of Directors authorized the Company to repurchase up to \$15 million of its outstanding common stock. The stock repurchases are made at the discretion of management. There was no stock repurchase activity for the first quarter of Fiscal 2004 or Fiscal 2003. As of September 27, 2003, the Company had purchased 747,012 shares for an aggregate amount of \$5.9 million or 39.6% of the total amount authorized to be purchased.

Warrants

There were no warrant exercises in the first quarter of fiscal 2004. In the first quarter of fiscal 2003, 688,000 warrants to purchase the Company's common stock were exercised. This included an exercise of 458,667 warrants for which proceeds of \$490,774 were received and a cashless exercise of the remaining 229,333 warrants for which the warrant holders received 213,792 shares of common stock. The remaining 15,541 shares were surrendered in connection with this exercise. These 15,541 shares of the Company's common stock had a market value of \$245,386 at the time of surrender.

6. Legal Proceedings

A lawsuit was filed on September 25, 2001 against the Company in Los Angeles Superior Court by an assistant manager in one of the Company's California stores for himself and on behalf of other members of an alleged class of Party City store managers (the Class) who claim the Company misclassified the Class members as exempt from California overtime wage and hour laws. The Class members seek the disgorgement of overtime wages allegedly owed by the Company to them but not paid and they also seek punitive damages and statutory penalties. If a class is certified, liability is found, and a judgment is entered, such a judgment may adversely affect the Company.

In addition to the foregoing, from time to time the Company is involved in routine litigation incidental to the conduct of the business. The Company is aware of no other material existing or threatened litigation to which the Company is or may be a party.

Table of Contents**PARTY CITY CORPORATION AND SUBSIDIARY****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)****7. Segment Information**

The following table contains key financial information of the Company's business segments (in thousands):

	Quarter Ended September 27, 2003	Quarter Ended September 28, 2002
Retail:		
Net sales	\$ 102,620	\$ 91,124
Cost of goods sold and occupancy costs	74,328	64,425
Gross profit	28,292	26,699
Store operating and selling expense	25,879	23,698
Company-owned stores profit contribution	2,413	3,001
General and administrative expense	8,159	7,302

Franchise:		
Royalty fees	\$ 3,908	\$ 3,647
Franchise fees	447	235
Total franchise revenues	4,355	3,882
Total franchise expense	1,659	1,562
Franchise profit contribution	2,696	2,320
Identifiable assets	\$ 2,402	\$ 1,942
Depreciation/amortization		
Capital expenditures		
Operating loss	\$ (3,050)	\$ (1,981)
Interest expense, net	200	885
Loss before income taxes	(3,250)	(2,866)
Benefit for income taxes	(1,300)	(1,130)
Net loss	\$ (1,950)	\$ (1,736)

8. Acquisitions of Stores

Edgar Filing: PARTY CITY CORP - Form 10-Q/A

During Fiscal 2003, the Company acquired two stores from a franchisee. The aggregate consideration paid in connection with this acquisition was \$1,603,000. The consolidated balance sheets include allocations of the purchase price related to this transaction resulting in the recording of approximately \$1,002,000 in goodwill, \$195,000 in fixed assets and \$406,000 in inventory.

In Fiscal 2002, the Company completed the acquisition of thirteen stores in the Seattle, Washington market from Paper Warehouse, Inc. The conversion of these locations to the Party City store format was

Table of Contents**PARTY CITY CORPORATION AND SUBSIDIARY****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

completed and all stores were opened by the first quarter of Fiscal 2003. Additional goodwill of \$154,000 was recorded in Fiscal 2003 related to the completion of the conversion of these locations.

The acquisitions have been accounted for under the purchase method of accounting. The results of operations of the acquired stores are included in the financial statements from the date the stores were opened.

The purchase price of these acquisitions was determined by applying a multiple to the acquired business proforma earnings before depreciation, amortization, and taxes. The range of multiples the Company uses has generally resulted in an acceptable return on its investment compared to the opening of a new site as the customer and sales base is established.

There were no changes in the carrying amount of goodwill of \$18.6 million for the three months ended September 27, 2003.

Assuming the stores acquired during the quarter ended September 28, 2002 were acquired on June 30, 2002, the beginning of Fiscal 2003, the pro forma results would have been as follows (in thousands, except per share amounts):

	Quarter Ended	
	September 27, 2003	September 28, 2002
Net sales	\$ 106,975	\$ 96,281
Net loss	\$ (1,950)	\$ (1,395)
Loss per share basic and diluted	\$ (0.12)	\$ (0.08)

9. Guarantees

In November 2002, the Financial Accounting Standards Board (FASB) issued FASB Interpretation No. 45, Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others. The Interpretation elaborates on the existing disclosure requirements for most guarantees, including loan guarantees such as standby letters of credit. It also clarifies that at the time a company issues a guarantee, the company must recognize an initial liability for the fair value, or market value, of the obligations it assumes under the guarantee and must disclose that information in its interim and annual financial statements. The provisions related to recognizing a liability at inception of the guarantee for the fair value of the guarantor's obligations do not apply to product warranties or to guarantees accounted for as derivatives. The initial recognition and initial measurement provisions apply on a prospective basis to guarantees issued or modified after December 31, 2002.

The Company has unconditionally guaranteed the lease payments of 24 leases associated with franchise stores and locations sublet. The majority of the guarantees were given when the Company sold stores in 1999 as part of its restructuring. The guarantees continue until the leases, which range from 2004 through 2011, expire. The maximum amount of the guarantees may vary, but is limited to the sum of the total amount due under the lease. As of September 27, 2003, the maximum amount of the guarantees was approximately \$19.5 million.

10. Recent Accounting Pronouncements

In January 2003, the FASB issued FASB Interpretation No. 46, Consolidation of Variable Interest Entities (FIN 46). FIN 46 addresses how to identify variable interest entities and provides guidance as to how a company may assess its interests in a variable interest entity for purposes of deciding whether consolidation of that entity is required. FIN 46 is effective for all variable interest entities created after January 31, 2003. The Company is required to adopt the provisions of FIN 46 for any variable interest entity created prior to February 1, 2003 by the end of the current fiscal year. The Company has evaluated the

Table of Contents**PARTY CITY CORPORATION AND SUBSIDIARY****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

accounting provisions of the interpretations and determined that there was no material impact on its financial condition, results of operations or cash flows, since the Company is not the primary beneficiary of any variable interest entities.

11. Restatement of Statements of Cash Flows

Subsequent to the issuance of the condensed consolidated financial statements for the period ended September 27, 2003 the Company determined that the cash flow related to the Company's cash overdraft should have been classified as a financing activity rather than an operating activity. As a result, the condensed consolidated statements of cash flows for the three months ended September 27, 2003 and September 28, 2002 have been restated to reflect the cash flows related to the Company's cash overdraft as a financing activity rather than an operating activity. A summary of the effect of the restatement on cash flows provided by (used in) operating and financing activities is as follows (in thousands):

	As Previously Reported	As Restated
	<hr/>	<hr/>
Three months ended September 27, 2003:		
Cash flows (used in) provided by operating activities	\$ (1,783)	\$ 795
Cash flows provided by financing activities	\$ 4,462	\$ 1,884
Three months ended September 28, 2002:		
Cash flows used in operating activities	\$ (4,814)	\$ (5,120)
Cash flows provided by financing activities	\$ 16,973	\$ 17,279

Table of Contents

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

This section has been updated to give effect to the restatement as discussed in Note 11 to the condensed consolidated financial statements included in Item 1, and should be read in conjunction with the accompanying condensed consolidated financial statements prepared in accordance with accounting principles generally accepted in the United States of America.

*Pursuant to the SEC comments, we agreed to make certain revisions in our future filings, which we made in our Quarterly Report on Form 10-Q for the three months ended March 27, 2004 and have made herein. Except for the formatting revisions we made pursuant to SEC comments, we did not alter the presentation herein to conform to the improved format we set forth in our Quarterly Report on Form 10-Q for the three months ended March 27, 2004. We have also updated certain disclosure statements in *Liquidity and Capital Resources* that were made as of November 3, 2003, the latest practicable date for which such information was available as of the filing of the Original 10-Q.*

Critical Accounting Policies and Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the appropriate application of certain accounting policies, many of which require estimates and assumptions about future events and their impact on amounts reported in the financial statements and related notes. Since future events and their impact cannot be determined with certainty, the actual results will inevitably differ from our estimates. Such differences could be material to the consolidated financial statements.

We believe our application of accounting policies, and the estimates inherently required by the policies, are reasonable. These accounting policies and estimates are constantly reevaluated and adjustments are made when facts and circumstances dictate a change. Historically, we have found the application of accounting policies to be appropriate, and actual results generally do not differ materially from those determined using necessary estimates.

Our accounting policies are more fully described in Note 1 to the consolidated financial statements contained in our Annual Report on Form 10-K/ A filed with the SEC. We have identified certain critical accounting policies that are described below.

Merchandise inventory. Inventory is valued using the cost method which values inventory at the lower of the actual cost or market, at the individual item level. Cost is determined using the weighted average method. Inventory levels are reviewed to identify slow-moving and closeout merchandise that will no longer be carried. Market is determined by the estimated net realizable value, based upon the merchandise selling price.

Finite long-lived assets. In the evaluation of the fair value and future benefits of finite long-lived assets, we perform an analysis of the anticipated undiscounted future net cash flows of the related finite long-lived assets. Various factors including future sales growth and profit margins are included in this analysis. To the extent these future projections or strategies change, the conclusion regarding impairment may differ from the current estimates.

Insurance accruals. Our consolidated balance sheets include liabilities with respect to self-insured workers' compensation and general liability claims. We estimate the required liability of such claims utilizing an actuarial method, based upon various assumptions, which include, but are not limited to, our historical loss experience, projected loss development factors, actual payroll and other data. The required liability is also subject to adjustment in the future based upon the changes in claims experience, including changes in the number of incidents (frequency) and changes in the ultimate cost per incident (severity).

Goodwill. All of our goodwill is associated with our retail segment. We evaluate goodwill annually or whenever events and changes in circumstances suggest that the carrying amount may not be recoverable from its estimated future cash flows. In making this assessment, management relies on a number of factors including operating results, business plans, economic projections, anticipated future cash flows and market-

Table of Contents

place data. A change in these underlying assumptions may cause a change in the results of the tests and, as such, could cause fair value to be less than the carrying value. In such event, we would then be required to record a charge, which would impact earnings.

Sales Returns. We estimate future sales returns and, when material, record a provision in the period that the related sales are recorded based on historical information. Should actual returns differ from our estimates, we would be required to revise estimated sales returns.

Store Closure Costs. We will record estimated store closure costs, estimated lease commitment costs net of estimated sublease income and other miscellaneous store closing costs, when the liability is incurred. Such estimates may be subject to change should actual costs differ.

Results of Operations

- (a) Options, warrants and restricted stock units related to the Management Stock Purchase Plan were not included in the computation of diluted earnings per share for the quarters ended September 27, 2003 and September 28, 2002 because to do so would have been antidilutive.
- (b) Same store sales for Company-owned and franchise stores are subject to material differences based on the age of the respective stores for each group. New stores historically have had higher same store comparable sales.
- (c) The borrowings at September 27, 2003 and September 28, 2002, respectively, are net of an unamortized debt discount of \$0 and \$1.1 million, respectively.
- (d) Our definition of EBITDA is earnings before interest, taxes, depreciation and amortization. We believe EBITDA provides additional information for determining our ability to meet future debt service requirements. EBITDA should not be construed as a substitute for net income or cash flow from operating activities (all as determined in accordance with generally accepted accounting principles) for the purpose of analyzing our operating performance, financial position and cash flows as EBITDA is not defined by generally accepted accounting principles. We have presented EBITDA, however, because it is commonly used by certain investors and analysts to analyze and compare companies on the basis of operating performance and to determine a company's ability to service and/or incur debt. Our computation of EBITDA may not be comparable to similar titled measures of other companies.

A reconciliation of EBITDA to net loss follows for the periods indicated:

Quarter Ended

Edgar Filing: PARTY CITY CORP - Form 10-Q/A

	<u>September 27, 2003</u>	<u>September 28, 2002</u>
EBITDA	\$ 752	\$ 1,391

Benefit for income taxes	1,300	1,130
Net loss	<u>\$ (1,950)</u>	<u>\$ (1,736)</u>

Table of Contents

Because we also consider EBITDA useful as a liquidity measure, we present the following reconciliation of EBITDA to our cash flow provided by (used in) operating activities:

	Quarter Ended	
	September 27, 2003	September 28, 2002
EBITDA	\$ 752	\$ 1,391
Interest expense, net	(200)	(885)
Benefit for income taxes	1,300	1,130
Non-cash interest	40	250
Deferred rent	(123)	259
Stock based compensation	124	138
Provision for doubtful accounts	(63)	(301)
Other	4	(312)
Changes in assets and liabilities:		
Accounts payable, accrued expenses and other current liabilities	26,706	34,599
Merchandise inventory	(27,319)	(38,487)
Other long-term liabilities	(107)	37
Other current assets and other assets	(319)	(2,939)
	<u> </u>	<u> </u>
Net cash provided by (used in) operating activities	\$ 795	\$ (5,120)
	<u> </u>	<u> </u>

We use EBITDA to determine our executive compensation which bases incentive compensation payments on our EBITDA performance measured against budget. EBITDA is also widely used by us and others in our industry to evaluate and price potential acquisitions.

EBITDA has limitations as an analytical tool, and you should not consider it in isolation, or as a substitute for analysis of our results as reported under GAAP. Some of these limitations are:

EBITDA does not reflect our current expenditures, or future requirements, for capital expenditures or contractual commitments;

EBITDA does not reflect changes in, or cash requirements for, our working capital needs;

EBITDA does not reflect the interest expense, or the cash requirements necessary to service interest or principal payments, on our debts;

Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and EBITDA does not reflect any cash requirements for such replacements;

Other companies in our industry may calculate EBITDA differently than we do, limiting its usefulness as a comparative measure.

Because of these limitations, EBITDA should not be considered as a measure of discretionary cash available to us to invest in the growth of our business. We compensate for these limitations by relying primarily on our GAAP results and using EBITDA only supplementally.

(e) See Note 11 to the condensed consolidated financial statements included in Item 1.

General

Net Sales. Net sales include same store sales and new store sales. Same store sales include sales for those stores that were in operation for a full period in both the current month and the corresponding month for the prior year. New store sales include sales in the current fiscal year from stores opened during the previous fiscal year before they are considered same stores and new stores opened in the current fiscal year.

Cost of goods sold and occupancy costs. Cost of goods sold and occupancy costs includes the cost of merchandise, freight to the stores and store occupancy costs. Store occupancy costs include rent, common area maintenance, real estate taxes, repairs and maintenance, depreciation, insurance and utilities.

Store operating and selling expenses. Store operating and selling expenses consist of selling and store management payroll, employee benefits, medical insurance, employment taxes, advertising, pre-opening expenses which are expensed when incurred and other store level expenses.

General and administrative expenses. General and administrative expenses include payroll and employee benefits, employment taxes, management information systems, marketing, insurance, legal and other corporate level expenses. Corporate level expenses are primarily attributable to our corporate office in Rockaway, New Jersey, and district and regional offices throughout the country.

Franchising. Franchise revenue is composed of the initial franchise fees, which are recorded as revenue when a franchise store opens, and ongoing royalty fees, generally 4.0% of the store's net sales. Franchise expenses include direct and indirect expenses. The direct expenses include salaries, travel and other direct expenses of the franchise operations department in addition to legal fees, bad debt expense, insurance expense

Edgar Filing: PARTY CITY CORP - Form 10-Q/A

and other miscellaneous charges. The indirect expenses include pro-rata allocations of corporate expenses for salaries, including bonuses, occupancy and depreciation, based on time spent on franchise support.

Interest expense. Interest and debt expense includes interest relating to our senior notes and credit facility. Interest also includes amortization of financing intangibles, bank service charges and interest on capital lease obligations.

Table of Contents***Quarter Ended September 27, 2003 Compared to Quarter Ended September 28, 2002***

Retail. Net sales from company-owned stores increased 12.6% to \$102.6 million in the first quarter of Fiscal 2004 from \$91.1 million in the same period last year. The first quarter of Fiscal 2004 results include 242 stores that were open at the beginning of Fiscal 2004 and six stores opened during the first quarter. Of the 12.6% increase in sales, 3.9% resulted from a same store sales increase and the remaining 8.7% relates to the stores that have not been open for one year. The customer count in Company owned stores, on a same store basis, increased 1.4% and the average sale, on a same store basis, increase 2.5%. With 22 stores joining the same store sales group during the first three months of fiscal 2004, the same store sales increased 4.7% in the eastern region, 3.8% in the western region and 3.3% in the central region.

Gross profit, which is net sales minus cost of goods sold and occupancy costs, increased 6.0% to \$28.3 million in first quarter of Fiscal 2004 from \$26.7 million in the same period last year. The increase in the first quarter of Fiscal 2004 was due to increased sales volume. Gross margin was 27.6% and 29.3% of sales for the first quarter of Fiscal 2004 and Fiscal 2003, respectively. The decrease in gross margin percent was related primarily to a high level of promotional activity in July and August, and the continued emphasis on the clearance of discontinued merchandise as part of the Company's strategic focus.

Store operating and selling expenses increased 9.2% to \$25.9 million for the first quarter of Fiscal 2004 from \$23.7 million in the same period last year. The increase in store operating expenses of \$2.2 million is primarily attributable to \$1.7 million in increased expenses related to the additional stores opened since the same period last year. Store operating expenses were 25.2% of sales for the first quarter of Fiscal 2004 compared with 26.0% of sales in the same period last year due to a decrease in store opening expenses and a decrease in grand-opening advertising. For the first quarter of Fiscal 2004, operating expenses as a percent of sales were 24.0% for mature stores compared to 31.1% for our stores open for less than 24 months, including stores acquired in the Seattle Market.

Pre-opening expenses of \$303,000 were recorded in the first quarter of Fiscal 2004 for six new stores opened during the first quarter of Fiscal 2004 and three stores projected to be opened later in the fiscal year. Pre-opening expenses of \$409,000 were recorded in the first quarter of Fiscal 2003 related to 11 new stores opened during the quarter and for eight stores projected to be opened later in the fiscal year.

Company-owned store profit contribution, which is gross profit minus store operating and selling expenses, was \$2.4 million in the first quarter of Fiscal 2004 compared with \$3.0 million for the same period last year. Store profit contribution was 2.4% of sales for the first quarter of Fiscal 2004 compared with 3.3% of sales in the same period last year for the reasons set forth above.

General and administrative (G&A) expenses increased 11.7% to \$8.2 million in the first quarter of Fiscal 2004, compared with \$7.3 million in the same period last year. The increase is primarily attributable to an increased store base which required investments in new systems and new logistics initiatives. G&A expenses remained flat at 8.0% of sales for the first quarter of Fiscal 2004 and Fiscal 2003.

Retail loss contribution, which is store profit contribution minus general and administrative expenses, increased by 33.6% to \$5.7 million in first quarter of Fiscal 2004, compared with \$4.3 million in the same period last year. Retail loss contribution as a percent of sales was 5.6% in first quarter of Fiscal 2004 compared with 4.7% in the same period last year for the reasons set forth above.

Franchising. Royalty fees increased 7.2% to \$3.9 million in the first quarter of Fiscal 2004 compared some with \$3.6 million in the same period last year which was due to an overall franchise store sales increase of 6.8% and a franchise same store sales increase of 3.3%. Franchise fees, recognized on 12 store openings during the first quarter of Fiscal 2004, increased 90.2% to \$447,000 compared with \$235,000 during the same period last year recognized on seven store openings. Franchise same store sales increased 3.3% in first quarter of Fiscal 2004 as compared with a 5.9% during the same period last year.

Expenses related to franchise revenue increased 6.2% to \$1.7 million in first quarter of Fiscal 2004 from \$1.6 million in the same period last year. As a percentage of franchise revenue, franchise expenses were 38.1%

Table of Contents

and 40.2% for first quarter of Fiscal 2004 and Fiscal 2003, respectively. Franchise expenses include direct and indirect expenses. The direct expenses include salaries, travel and other direct expenses of the franchise operations department in addition to legal fees, bad debt expense, insurance expense and other miscellaneous charges. The indirect expenses include pro-rata allocations of corporate expenses for salaries, including bonuses, occupancy and depreciation based on time spent on franchise support.

Franchise profit contribution, which is franchise revenue minus expenses related to franchise revenue, increased 16.2% to \$2.7 million in first quarter of Fiscal 2004 from \$2.3 million in the same period last year. The increase in franchise profit contribution is due to the increase in royalty and franchise fees offset in part by an increase in franchise expenses.

Interest Expense. Interest expense decreased to \$200,000 for the first quarter of Fiscal 2004 from \$885,000 in Fiscal 2003. This decrease in interest expense is due to lower average borrowings and a lower average borrowing rate than during the same period last year due to the repurchase of outstanding senior notes during the first six months of Fiscal 2003.

Income Taxes. An income tax benefit of \$1.1 million, or 40% of our pre-tax loss, and \$1.1 million, or 39.4% of our pre-tax loss, was recorded in the first quarter of Fiscal 2004 and Fiscal 2003, respectively.

Net Loss. As a result of the above factors, net loss increased to \$2.0 million or \$0.12 per basic and diluted share in the first quarter of Fiscal 2004, as compared to a net loss of \$1.7 million, or \$0.11 per basic and diluted share in Fiscal 2003. Weighted average basic and diluted shares outstanding increased to 16.6 million in the first quarter of Fiscal 2004 from 16.4 million in the same period last year. This increase is mainly due to warrant and stock option exercises during the past 12 months ending September 27, 2003.

Liquidity and Capital Resources

The Company's cash requirements are primarily for working capital, the opening of new stores, the improvement and expansion of existing facilities and the improvement of information systems. Historically, these cash requirements have been met through cash flow from operating activities and borrowings under credit facilities. At September 27, 2003, working capital was \$13.8 million compared to \$8.1 million in the prior period.

Operating Activities. For the quarter ended September 27, 2003, net cash provided by operating activities was \$795,000, compared to net cash used in operating activities of \$5.1 million for the same period of the last fiscal year. The decrease in cash used in operating activities was primarily attributable to a decrease in other current assets of approximately \$2.7 million. There was also an increase in inventory which was offset by an increase in accounts payable and other current liabilities related to store growth. The decrease in average inventory level per store of 6.8% from the same period last year was attributed to management's efforts to control inventory and enable the Company to focus on product assortment, merchandise presentation and identify and discontinue slower moving SKU's.

Investing Activities. Cash used in investing activities for the quarter ended September 27, 2003 was \$1.4 million compared to \$10.4 million in the same period in the last fiscal year. The decrease in cash used in investing activities was primarily attributable to the opening of six Company-owned stores this year as compared with 23 new store openings and the acquisition of two stores from a franchisee during the same period last year.

Financing Activities. Cash provided by financing activities was \$1.9 million for the quarter ended September 27, 2003 compared with \$17.3 million for the same period last year. The decrease in borrowing is mainly due to the lower number of stores opened this year compared to last year.

Loan Agreement. At September 27, 2003, the Company had a \$15.2 million balance outstanding under the Loan Agreement. Under the terms of the Loan Agreement, the Company may from time to time borrow amounts based on a percentage of its eligible inventory, up to a maximum of \$65 million at any time outstanding. Advances bear interest, at the Company's option, (i) at the adjusted Eurodollar rate plus the

Table of Contents

applicable margin, which was set initially at 1.50% and is currently at 1.25%, per annum or (ii) at the prime rate less the applicable margin, which was initially set at and is currently 0.25% per annum, totaling 3.75% at September 27, 2003. The term of the Loan Agreement is three years, and is secured by a lien on substantially all of the assets of the Company. At September 27, 2003, November 3, 2003 and June 4, 2004, the Company had \$15.2 million, \$0 and \$0 borrowings outstanding under the Loan Agreement, respectively. The Company had \$35.2 million and \$19.4 million available to be borrowed under the Loan Agreement at November 3, 2003 and June 4, 2004, respectively.

Company management currently believes that the cash generated by operating activities, together with the borrowing availability under the Loan Agreement, will be sufficient to meet the Company's working capital needs for the next twelve months, including planned new store openings. We expect to be substantially free of debt by the end of the current calendar year, absent any special transactions. This permits the Company to consider a wider variety of corporate initiatives intended to improve shareholder value, although there is no assurance that any specific initiative will be pursued or consummated.

Contractual Obligations and Commercial Commitments

To facilitate an understanding of our contractual obligations and commercial commitments, the following data is provided as of September 27, 2003:

	Payments Due By Period (in thousands)				
	Total	1 Year	2-3 Years	4-5 Years	After 5 Years
Contractual Obligations:					
Operating leases	\$256,013	\$34,760	\$88,891	\$70,633	\$61,819
Advances under Loan Agreement	15,171	15,171			
Severance arrangements	149	149			
Capital lease obligations	21	21			
Total Contractual Obligations	\$271,444	\$50,101	\$88,891	\$70,633	\$61,819

As of September 27, 2003 and November 3, 2003, we had a contingent liability related to severance payments for 11 employees. The total contingent liability ranged from zero to approximately \$1.1 million. As of June 4, 2004, we had a contingent liability related to severance payments to 15 employees which ranged from zero to approximately \$2.1 million. As of September 27, 2003 and November 3, 2003, we were contingently liable under a standby letter of credit of \$3.1 million pursuant to the Loan Agreement. As of June 4, 2004, we were contingently liable under a standby letter of credit of \$3.7 million pursuant to the Loan Agreement.

Off-Balance Sheet Arrangements

We have not created, and are not party to, any special-purpose or off-balance sheet entities for the purpose of raising capital, incurring debt or operating our business.

Recent Accounting Pronouncements

In January 2003, the FASB issued FASB Interpretation No. 46, Consolidation of Variable Interest Entities (FIN 46). FIN 46 addresses how to identify variable interest entities and provides guidance as to how a company may assess its interests in a variable interest entity for purposes of deciding whether consolidation of that entity is required. FIN 46 is effective for all variable interest entities created after January 31, 2003. The Company is required to adopt the provisions of FIN 46 for any variable interest entity created prior to February 1, 2003 by the end of the current fiscal year. We have evaluated the accounting provisions of the interpretations and there was no material impact on our financial condition, results of operations or cash flows, since we are not the primary beneficiary of any variable interest entities.

Table of Contents

Forward-Looking Statements

This Form 10-Q/A (including the information incorporated herein by reference) contains forward-looking statements within the meaning of The Private Securities Litigation Reform Act of 1995. The statements are made a number of times throughout the document and may be identified by forward-looking terminology as estimate, project, expect, believe, may, will, intend or similar statements or variations of terms. Such forward-looking statements are based on many assumptions that are subject to certain risks and uncertainties, and include among others, the following: levels of sales, store traffic, acceptance of product offerings, competitive pressures from other party supplies retailers and other retailers, availability of qualified personnel, availability of suitable future store locations, schedules of store expansion plans and other factors beyond our control. As a result of the foregoing risks and uncertainties, actual results and performance may differ materially from those projected or suggested herein. Additional information concerning certain risks and uncertainties that could cause our actual results to differ materially from those projected or suggested may be identified from time to time in our Securities and Exchange Commission filings and our public announcements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We, in the normal course of doing business, are exposed to interest rate change and market risk. As borrowing patterns are cyclical, we are not dependent on borrowing throughout the year. Therefore, a sudden increase in interest rates (which under the Loan Agreement is dependent on, at the Company's option, (i) at the adjusted Eurodollar rate plus the applicable margin, which was set initially at 1.50% per annum, and is currently at 1.25% per annum, or (ii) at the prime rate less the applicable margin, which was set initially at and is 0.25% per annum) may, during peak borrowing, have a negative impact on short-term results.

Item 4. Controls and Procedures

This section has been updated for events and developments occurring subsequent to the filing of the Original 10-Q through June 4, 2004.

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow for timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

We regularly evaluate our internal control over financial reporting and discuss these matters with our independent accountants, Deloitte & Touche LLP, and our audit committee. We concluded in May 2004 that there was a reportable condition (as defined under standards established by the American Institute of Certified Public Accountants) in our internal control over financial reporting relating to the classification of a financing activity on the cash flow statement. Previously, the change in the cash overdraft account was classified from year to year in net cash provided by (used in) operating activities, rather than being classified in net cash provided by financing activities. The prior treatment resulted in (i) higher net cash used in operating activities and higher net cash provided by financing activities of approximately \$2,578,000 for the three months ended September 27, 2003 and, (ii) lower net cash used in operating activities and lower net cash provided by financing activities of approximately \$306,000 for the three months ended September 28, 2002. Although the dollar amounts relating to the reportable condition were immaterial to our results of operations, financial condition and liquidity, our management, the audit committee and our independent accountants reviewed and analyzed our internal controls, procedures and policies in response to this reportable condition. As a result, we enhanced our internal controls over financial reporting, including hiring additional financing and accounting staff, enhancing the training of our finance and accounting staff and requiring periodic review of a wider variety of current technical accounting literature.

Table of Contents

In this Quarterly Report on Form 10-Q/ A, we have restated our consolidated statements of cash flows for the three months ended September 27, 2003 and September 28, 2002 to reflect the cash flow related to our cash overdraft in the condensed consolidated statements of cash flows as a financing activity rather than an operating activity. While the restatement did not have any effect on our operating or net income or on our condensed consolidated balance sheets, it did affect two line items in our condensed consolidated statements of cash flows: (i) accounts payable, accrued expenses and other current liabilities relating to net cash provided by (used in) operating activities and (ii) cash overdrafts relating to net cash provided by financing activities.

As required by Rule 13a-15(b) under the Exchange Act and in light of the restatement of our condensed consolidated statements of cash flows, we conducted an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and our Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report and as of June 4, 2004. Based on the foregoing, our management, including our Chief Executive Officer and Chief Financial Officer, concluded that the reportable condition had been remediated and that our disclosure controls and procedures were effective at the reasonable assurance level as of the end of the period covered by this report and as of June 4, 2004.

Other than as described above, there has been no change in our internal control over financial reporting during the first quarter ended September 27, 2003 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting. In addition, other than as described above, since the most recent evaluation date, there have been no significant changes in our internal control structure, policies and procedures or in other areas that could significantly affect our internal control over financial reporting.

PART II.

OTHER INFORMATION

Item 1. Legal Proceedings

This section has been updated for events and developments occurring subsequent to the filing of the Original 10-K through June 4, 2004.

A lawsuit was filed on September 25, 2001 against us in Los Angeles Superior Court by an assistant manager in one of our California stores for himself and on behalf of other members of an alleged class of Party City store managers (the Class) who claim we misclassified the Class members as exempt from California overtime wage and hour laws. The Class members sought the disgorgement of overtime wages allegedly owed by us to them but not paid and they also sought punitive damages and statutory penalties.

On March 30, 2004, the parties reached an agreement-in-principle to settle this lawsuit for \$5.5 million on a claims made basis, which means that a payout to class members will only occur when claims are actually made by Class members. Previously, the Company recorded a pre-tax charge of \$1.4 million related to this lawsuit. In connection with the agreement-in-principle, the Company recorded an additional pre-tax charge of \$4.1 million during the third quarter of Fiscal 2004 to fully cover the settlement payments, attorneys fees and the estimated expenses of administering the settlement. The settlement provided for pursuant to the agreement-in-principle is subject to certain conditions, including the negotiation and execution of a definitive settlement agreement and the approval of the terms of the definitive settlement agreement by the Superior Court after notice to the members of the class who have the right to object. There can be no assurance that all of these conditions will be satisfied. If a final settlement is not consummated and the lawsuit is continued, a class is certified, liability is found and a judgment is entered, such judgment may adversely affect the Company.

In addition to the foregoing, from time to time the Company is involved in routine litigation incidental to the conduct of the business. The Company is aware of no other material existing or threatened litigation to which the Company is or may be a party.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of

Party City Corporation
Rockaway, New Jersey

We have reviewed the accompanying condensed consolidated balance sheets of Party City Corporation and subsidiary as of September 27, 2003 and September 28, 2002, and the related condensed consolidated statements of operations and of cash flows for the period then ended. These interim financial statements are the responsibility of the Company's management.

We conducted our review in accordance with standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to such condensed consolidated interim financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of Party City Corporation and subsidiary as of June 28, 2003, and the related consolidated statements of income, shareholders' equity, and cash flows for the year then ended (not presented herein); and in our report dated August 21, 2003 (June 30, 2004 as to the effects of the restatement discussed in Note 17), we expressed an unqualified opinion (which reports contain an explanatory paragraph that describes the adoption of a new accounting pronouncement) on those financial statements. In our opinion, the information set forth in the accompanying consolidated balance sheet as of June 28, 2003 is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

As discussed in Note 11, the condensed consolidated statements of cash flows for the three-month periods ended September 27, 2003 and September 28, 2002 have been restated.

DELOITTE & TOUCHE LLP

Parsippany, New Jersey
November 5, 2003 (June 30, 2004 as to the effects
of the restatement discussed in Note 11)
