PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Cognizant Technology Solutions Corporation of proxies to be voted at our Annual Meeting of Stockholders to be held on Tuesday, June 14, 2005 (the Meeting), at our headquarters, 500 Glenpointe Centre West, Teaneck, New Jersey at 10:00 a.m. local time, and at any adjournment or adjournments thereof. Holders of record of shares of Class A Common Stock, \$0.01 par value (Class A Common Stock), as of the close of business on April 18, 2005, will be entitled to notice of and to vote at the Meeting and any adjournment or adjournments thereof. As of that date, there were 135,393,554 shares of Class A Common Stock issued and outstanding and entitled to vote. Each share of Class A Common Stock is entitled to one vote on any matter presented to stockholders at the Meeting.

In this Proxy Statement, Cognizant, Company, we, us, and our refer to Cognizant Technology Solutions Corporation.

If proxies in the accompanying form are properly executed and returned, the shares of Class A Common Stock represented thereby will be voted in the manner specified therein. If not otherwise specified, the shares of Class A Common Stock represented by the proxies will be voted (i) FOR the election of the two (2) Class II Director nominees; (ii) FOR the proposal to amend our 1999 Incentive Compensation Plan, as amended (the Incentive Plan), to (A) increase the maximum number of shares of Class A Common Stock reserved for issuance from 36,000,000 to 37,500,000 shares and to reserve an additional 1,500,000 shares of Class A Common Stock for issuance upon the exercise of stock options or stock appreciation rights or for the issuance of other awards granted under the Incentive Plan, (B) provide that repricing of stock options may not occur without stockholder approval, (C) provide for minimum vesting periods for stock based awards, other than stock options or stock appreciation rights, (D) provide that stock options may not be granted below fair market and (E) provide that all material amendments to the Incentive Plan shall be subject to stockholder approval; (iii) FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2005; and (iv) in the discretion of the persons named in the enclosed form of proxy, on any other proposals which may properly come before the Meeting or any adjournment or adjournments thereof. Any stockholder who has submitted a proxy may revoke it at any time before it is voted, by written notice addressed to and received by our Secretary, by submitting a duly executed proxy bearing a later date or by electing to vote in person at the Meeting. The mere presence at the Meeting of the person appointing a proxy does not, however, revoke the appointment.

The presence, in person or by proxy, of holders of the shares of Class A Common Stock having, in the aggregate, a majority of the votes entitled to be cast at the Meeting shall constitute a quorum. The affirmative vote by the holders of a plurality of the shares of Class A Common Stock represented at the Meeting, is required for the election of Directors, provided a quorum is present in person or by proxy. All actions proposed herein other than the election of Directors may be taken upon the affirmative vote of stockholders possessing a majority of the shares of Class A Common Stock present or represented at the Meeting and entitled to vote, provided a quorum is present in person or by proxy.

Abstentions are included in the shares present at the Meeting for purposes of determining whether a quorum is present, and are counted as a vote against for purposes of determining whether a proposal is approved. Broker non-votes (when shares are represented at the Meeting by a proxy conferring only limited authority to vote on certain matters and no authority to vote on other matters) are included in the

Table of Contents

determination of the number of shares represented at the Meeting for purposes of determining whether a quorum is present but are not counted for purposes of determining whether a proposal has been approved and thus have no effect on the outcome.

This Proxy Statement, together with the related proxy card and our Annual Report to Stockholders for the year ended December 31, 2004, including financial statements (the Annual Report), is being mailed to all stockholders of record as of April 18, 2005. The mailing date will be on or about May 5, 2005. In addition, we have provided brokers, dealers, banks, voting trustees and their nominees, at our expense, with additional copies of the Annual Report so that such record holders could supply such materials to beneficial owners as of April 18, 2005.

ELECTION OF DIRECTORS

At this Meeting, two (2) Class II Directors are to be elected to hold office until the Annual Meeting of Stockholders to be held in 2008, or until their successors shall have been elected and qualified.

We currently have six Directors. As set forth in our Restated Certificate of Incorporation, the terms of office of the members of the Board of Directors are divided into three classes: Class I, whose term will expire at the 2007 Annual Meeting of Stockholders; Class II, whose term will expire at the 2005 Annual Meeting of Stockholders; and Class III, whose term will expire at the 2006 Annual Meeting of Stockholders. The current Class I Directors are Lakshmi Narayanan and John E. Klein, the current Class II Directors are Robert W. Howe and Robert E. Weissman and the current Class III Directors are Venetia Kontogouris and Thomas M. Wendel. At each Annual Meeting of Stockholders, the successors to Directors whose terms then expire will be elected to serve from the time of election and qualification until the third annual meeting following election. If the number of Directors is changed, any increase or decrease shall be apportioned among the classes so as to maintain the number of Directors in each class as nearly equal as possible, and any additional Director of any class elected to fill a newly created directorship resulting from an increase in such class shall hold office for a term that shall coincide with the remaining term of that class, but in no case shall a decrease in the number of Directors remove or shorten the term of any incumbent Director. This classification of our Board of Directors may have the effect of delaying or preventing changes in control or management of Cognizant.

All Directors hold office until the expiration of their respective term and until their successors are duly elected and qualified. There are no family relationships among any of our executive officers, Directors and key employees.

It is the intention of the persons named in the enclosed form of proxy to vote the shares of Class A Common Stock represented thereby, unless otherwise specified in the proxy, for the election as Directors of the persons whose names and biographies appear below. All of the persons whose names and biographies appear below are at present our Directors. In the event any of the nominees should become unavailable or unable to serve as a Director, it is intended that votes will be cast for a substitute nominee designated by the Board of Directors. The Board of Directors has no reason to believe that the nominees named will be unable to serve if elected. Each of the nominees has consented to being named in this Proxy Statement and to serve if elected.

CORPORATE GOVERNANCE**General**

We believe that good corporate governance is important to ensure that we are managed for the long-term benefit of our stockholders. Our Board of Directors has adopted Corporate Governance Guidelines, a Code of Business Conduct and Ethics and charters for our Nominating and Corporate Governance Committee, Audit Committee and Compensation Committee. You can access our current committee charters and Code of Business Conduct and Ethics in the About Us section of our Web site located at www.cognizant.com or by writing to our Secretary at our offices at 500 Glenpointe Centre West, Teaneck, New Jersey 07666.

Determination of Independence

Under NASDAQ rules, a Director will only qualify as an independent director if, in the opinion of our Board of Directors, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a Director. Our Board of Directors has determined that none of Robert Howe, Thomas Wendel, John Klein, Venetia Kontogouris or Robert Weissman has a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a Director and that each of these Directors is an independent director as defined under Rule 4200(a)(15) of the NASDAQ Stock Market, Inc. Marketplace Rules.

Table of Contents

Director Candidates

The process to be followed by the Nominating and Corporate Governance Committee to identify and evaluate director candidates shall include requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Committee and the Board.

In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended Director nominees, the Nominating and Corporate Governance Committee will apply the criteria set forth in our Corporate Governance Guidelines. These criteria include the candidate's integrity, business acumen, knowledge of our business and industry, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. The Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. We believe that the backgrounds and qualifications of our Directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities.

Stockholders may recommend individuals to the Nominating and Corporate Governance Committee for consideration as potential Director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of Class A Common Stock for at least a year as of the date such recommendation is made, to Nominating and Corporate Governance Committee, c/o Corporate Secretary, Cognizant Technology Solutions Corporation, 500 Glenpointe Centre West, Teaneck, New Jersey 07666. Assuming that appropriate biographical and background material has been provided on a timely basis, the Committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

Communications from Stockholders

The Board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. Our Secretary and Chairman of the Board, with the assistance of our General Counsel, are primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as they consider appropriate.

Under procedures approved by a majority of the independent Directors, communications are forwarded to all Directors if they relate to important substantive matters and include suggestions or comments that our Secretary and Chairman of the Board consider to be important for the Directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to the Board should address such communications to the Board of Directors by emailing the Board of Directors at the following email address: corporategovernance@cognizant.com; or in writing: c/o Corporate Secretary, Cognizant Technology Solutions Corporation, 500 Glenpointe Centre West, Teaneck, New Jersey 07666.

Code of Business Conduct and Ethics

We have adopted a written Code of Business Conduct and Ethics that applies to our Directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. We have posted the Code of Business Conduct and Ethics on our Web site, which is located at www.cognizant.com. In addition, we intend to post on our Web site all disclosures that are required by law or NASDAQ stock market listing standards concerning any amendments to, or waivers from, any provision of our Code of Business Conduct and Ethics.

The Audit Committee of our Board of Directors is currently composed of three members and acts under a written charter first adopted and approved on May 17, 2000. Our current Audit Committee charter is

Table of Contents

attached hereto as Appendix A. The members of the Audit Committee are independent Directors, as defined in its charter and the rules of the NASDAQ Stock Market. The Audit Committee held seven meetings during 2004.

Management is responsible for the preparation of the Company's financial statements and for maintaining an adequate system of disclosure controls and procedures and internal control over financial reporting for that purpose. Our independent registered public accounting firm is responsible for conducting an independent audit of our annual financial statements in accordance with generally accepted accounting principles and issuing a report on the results of its audit. The Audit Committee is responsible for providing independent, objective oversight of these processes.

The Audit Committee has reviewed the Company's audited financial statements for the fiscal year ended December 31, 2004 and has discussed these financial statements with management and our independent registered public accounting firm. The Audit Committee has also received from, and discussed with, our independent registered public accounting firm various communications that our independent registered public accounting firm is required to provide to the Audit Committee, including the matters required to be discussed by Statement on Auditing Standards 61, 89 and 90 (Communication with Audit Committees). SAS 61 requires our independent registered public accounting firm to discuss with the Audit Committee, among other things, the following:

methods used to account for significant unusual transactions;

the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;

the process used by management in formulating particularly sensitive accounting estimates and the basis for the conclusions of our registered public accounting firm regarding the reasonableness of those estimates; and

disagreements with management over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

Our independent registered public accounting firm also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). Independence Standards Board Standard No. 1 requires auditors annually to disclose in writing all relationships that, in the auditor's professional opinion, may reasonably be thought to bear on independence, confirm their perceived independence and engage in a discussion of independence. In addition, the Audit Committee discussed with the independent registered public accounting firm its independence from Cognizant. The Audit Committee also considered whether the independent registered public accounting firm's provision of certain other non-audit related services to us is compatible with maintaining such firm's independence.

Based on its discussions with management and the independent registered public accounting firm, and its review of the representations and information provided by management and the independent registered public accounting firm, the Audit Committee recommended to our Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2004.

Compensation of Directors

Directors who are our employees or employees of our subsidiaries receive no cash remuneration for serving as Directors. All non-employee Directors, other than our Chairman, receive an annual retainer of \$20,000 for attendance at meetings of the Board of Directors (no additional fees are paid for attendance at non-committee meetings of the Board of Directors) and \$1,500 for attendance at each meeting of a committee of the Board of Directors or \$2,000 for attendance at each meeting of a committee of the Board of Directors if serving as the chairperson of such committee meeting. Our Chairman receives an annual retainer of \$70,000. All Directors who are not our employees or employees of our subsidiaries are eligible to participate in our Non-Employee Directors Stock Option Plan (the Director Plan) and the Incentive Plan.

The Director Plan became effective in December 1997 and was amended in March 1998. As of March 31, 2005, the maximum aggregate number of shares of Class A Common Stock reserved for issuance under the Director Plan was 858,000 shares, of which 14,000 shares remained available for future grant. The Director Plan, which is administered by the Compensation Committee, provides for the issuance of non-qualified stock options to purchase up to 180,000 shares of Class A Common Stock in any year to any of our Directors who is not our employee or an employee of one of our subsidiaries. Subject to the provisions of the Director Plan, the Compensation Committee has the authority to interpret the provisions of the Director Plan, and to determine the persons to whom options will be granted, the number of shares to be covered by each option and the terms and conditions upon which an option may be granted. The option price for options granted under the Director Plan shall be determined by the Compensation Committee and may be granted at an exercise price greater than, less than or equal to the fair market value of the underlying shares on the date of grant. Options granted under the Director Plan become exercisable as to 50% on each of the first and second anniversaries of the date of initial grant. Options granted under the Director Plan expire after 10 years, are nontransferable and, with certain exceptions in the event of a death of a participant, may be exercised by the optionee only during service. In the event of an optionee's death or disability, the unexercised portion of an option immediately vests in full and may be exercised until (i) the earlier of the remaining stated term of the option or five years after the date of death with respect to a termination due to death or (ii) the earlier of the remaining stated term of the option and the longer of five years after the date of termination due to disability or one year after the date of death, in the case of a termination due to disability. In the case of a termination for any other reason, the unexercised portion of an option may be exercised for the period ending ninety days after termination, but only to the extent such option was exercisable at the time of termination.

The Incentive Plan became effective in May 1999. As of March 31, 2005, the maximum aggregate number of shares of Class A Common Stock reserved for issuance under the Incentive Plan was 36,000,000, of which 1,375,260 shares remained available for future grant. The purpose of the Incentive Plan is to (i) aid us in motivating certain employees, non-employee Directors and independent contractors to put forth maximum efforts toward our growth, profitability and success; and (ii) provide incentives which will attract and retain highly qualified individuals as employees and non-employee Directors and to assist in aligning the interests of such employees and non-employee Directors with those of our stockholders. Pursuant to the Incentive Plan, awards may be stock-based or payable in cash. Subject to adjustment, for among other things, a merger, consolidation, reorganization, stock split, or other change in capital structure, an individual is limited to a maximum of 9,000,000 shares during the life of the Incentive Plan. Additionally, the maximum dollar amount paid in cash to any individual during the life of the Incentive Plan is \$10,000,000. The Incentive Plan terminates on April 13, 2009, unless sooner terminated by the Board of Directors. The Incentive Plan is administered by the Compensation Committee. Subject to the provisions of the Incentive Plan, the Compensation Committee has the authority, among other things, to determine eligibility for

participation, determine eligibility for and the type and size of awards, issue administrative guidelines and make rules as an aid to administer the Incentive Plan, grant waivers of terms, conditions, restrictions and limitations and accelerate the vesting of any award. Several types of awards are provided for by the Incentive Plan. The awards may be measured in stock or in cash. An award may be designated as a stock option, stock appreciation right, stock award, stock unit, performance share, performance unit or cash. Generally, all awards under the Incentive Plan are nontransferable except by will or in accordance with the laws of descent and distribution. Stock options and stock appreciation rights are exercisable only by the grantee during his or her lifetime. The Compensation Committee, in its discretion, may permit the transferability of a stock option (other than an incentive stock option) by a grantee to members of his or her immediate family or trusts or other similar entities for the benefit of such person. Upon the occurrence of a change in control of us, as defined in the Incentive Plan, with certain exceptions, the Compensation Committee has the discretion to, among other things, accelerate the vesting and payout of outstanding awards or provide that an award be assumed by the entity which acquires control of us or be substituted by a similar award under such entity's compensation plan.

Compensation Committee Report on Executive Compensation

The Compensation Committee has furnished the following report:

Our executive compensation policy is designed to attract and retain highly qualified individuals for our executive positions and to provide incentives for such executives to achieve maximum Company performance by aligning the executives' interest with that of stockholders by basing a portion of compensation on corporate performance.

The Compensation Committee reviews and determines base salary levels for our executive officers on an annual basis and determines actual bonuses after the end of the fiscal year based upon Company and individual performance. Additionally, the Compensation Committee administers all of our stock option plans.

Our executive officer compensation program is comprised of base salary, discretionary annual cash bonuses, stock options and various other benefits, including health insurance and a 401(k) Plan, which are generally available to all of our employees.

Salaries are established in accordance with industry standards through review of publicly available information concerning the compensation of officers of comparable companies. Consideration is also given to relative responsibility, seniority, individual experience and performance. Salary increases are generally made based on increases in the industry for similar companies with similar performance profiles and/or attainment of certain division or Company goals. As part of determining the compensation for our executive officers for the 2003 fiscal year, the Compensation Committee had an independent third party specializing in executive compensation prepare a formal study comparing the compensation packages of our executive officers to executive officers with comparable positions at a peer group of companies. In determining the compensation for our executive officers for the 2004 fiscal year, the compensation committee consulted with the same independent third party specializing in executive compensation to validate the applicability of the survey utilized in 2003, and make any changes necessary based on changes in the marketplace and the promotions received by our executive officers.

Bonuses are paid on an annual basis. The amount of bonus is based on criteria designed to effectively measure a particular executive's attainment of goals which relate to our overall performance. The annual incentive bonus is based on our achieving certain levels of revenue, operating income and days sales outstanding (DSO).

The stock option program is designed to relate executives' and certain middle managers' and other key personnel's long-term interests to stockholders' long-term interests. In general, stock option awards are granted if warranted by our growth and profitability. Stock options are awarded on the basis of individual performance and/or the achievement of internal strategic objectives.

The option grants are designed to align the interests of each executive officer with those of the Company's stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. Each grant allows the individual to acquire shares of the Company's Common Stock at a fixed price per share (the closing market price on the grant date) over a specified period of time (up to 10 years). Each option generally vests and becomes exercisable in installments over the executive officer's continued employment with the Company. Accordingly, in general, the option will provide a return to the executive officer only if the executive officer remains employed by the Company during the applicable vesting period, and then only if the market price of the underlying shares appreciates over the option term.

The number of shares subject to each option grant is set at a level intended to create a meaningful opportunity for stock ownership based on the officer's current position with the Company, the size of comparable awards made to individuals in similar positions within the industry, the individual's potential for increased responsibility and promotion over the option term, and the individual's personal performance in recent periods. The Compensation Committee also takes into account the number of unvested options held by the executive officer in order to maintain an appropriate level of equity incentive for that individual. However,

Table of Contents

the Compensation Committee does not adhere to any specific guidelines as to the relative option holdings of the Company's executive officers.

CEO Compensation. The Committee established the Chief Executive Officer's total annual compensation based on the size, complexity and historical performance of our business, our position as compared to our peers in the industry, and the specific challenges faced by us during the year, such as changes in the market for information technology products and services and other industry factors. No specific weight was assigned to any of the above criteria relative to the Chief Executive Officer's compensation.

With respect to the Chief Executive Officer's base salary, it is the Compensation Committee's intent to provide him with a level of stability and certainty each year and not have this particular component of compensation affected to any significant degree by corporate performance factors. For the 2004 fiscal year, the Committee raised his base salary from the level in effect in 2003 based on his promotion to Chief Executive Officer from Chief Operation Officer and the Committee's consultation with an independent third party specializing in executive compensation. The Chief Executive Officer was also eligible for a cash bonus for the 2004 fiscal year which was conditioned on our attainment of specified performance goals tied to the same targets in effect for our other executive officers for the 2004 fiscal year. Based on our performance for the 2004 fiscal year, a bonus of \$261,293 was awarded to the Chief Executive Officer.

Tax Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to our CEO and the four other most highly compensated executive officers. Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain requirements are met. The Compensation Committee reviews the potential effect of Section 162(m) periodically and uses its judgment to authorize compensation payments that may be subject to the limit when the Compensation Committee believes such payments are appropriate and in our best interests and the best interest of our stockholders, after taking into consideration changing business conditions and the performance of our employees. The Compensation Committee believes it is important to maintain cash and equity incentive compensation at the requisite level to attract and retain the executive officers essential to the Company's growth and financial success, even if all or part of that compensation may not be deductible by reason of the Section 162(m) limitation. However, for the 2004 fiscal year, the total amount of compensation paid by the Company (whether in the form of cash payments or upon the exercise or vesting of equity awards) should be deductible and not affected by the Section 162(m) limitation.

PROPOSED AMENDMENT TO THE 1999 INCENTIVE COMPENSATION PLAN

The Incentive Plan was adopted by Board of Directors on April 13, 1999 and approved by our stockholders on May 25, 1999. As of March 31, 2005, an aggregate maximum number of shares of Class A Common Stock reserved for issuance upon the exercise of stock options or other awards granted under the Incentive Plan was 36,000,000, of which 1,375,260 shares remained available for future grant.

Table of Contents

If stockholder approval of this proposal to amend the Incentive Plan is obtained, the following changes will be made to the Incentive Plan: (i) the maximum number of shares of Class A Common Stock of Cognizant reserved for issuance under the Incentive Plan will increase from 36,000,000 to 37,500,000 shares and we will reserve an additional 1,500,000 shares of Class A Common Stock for issuance upon the exercise of stock options or stock appreciation rights or for the issuance of other awards granted under the Incentive Plan, (ii) the Compensation Committee may not, without the consent of our stockholders, reprice any outstanding award granted under the Incentive Plan, (iii) subject to certain exceptions, any award granted under the Incentive Plan (other than a stock option or stock appreciation right) that is not subject to performance criteria must be subject to a vesting schedule which requires at least three years of service, with the award to vest in equal installments over such three year period, (iv) subject to certain exceptions, any award granted under the Incentive Plan (other than a stock option or stock appreciation right) that is subject to performance criteria must vest over a performance period of at least 12 months in one or more installments over that period, and (v) all amendments to the Incentive Plan considered material in the reasonable judgment of the Compensation Committee shall be subject to stockholder approval.

A copy of the proposed amendment to the Incentive Plan is attached hereto as Appendix B.

General

The purpose of the Incentive Plan is to:

aid us in motivating certain employees, non-employee Directors and independent contractors to put forth maximum efforts toward our growth, profitability and success; and

provide incentives which will attract and retain highly qualified individuals as employees and non-employee Directors and to assist in aligning the interests of such employees and non-employee Directors with those of our stockholders.

Pursuant to the Incentive Plan, all of our employees, all of our non-employee Directors and all of our independent contractors are eligible to receive awards that may be stock-based or payable in cash. Subject to adjustment, for among other things, a merger, consolidation, reorganization, stock split, or other change in capital structure, an individual is limited to a maximum of 9,000,000 shares during the life of the Incentive Plan. Additionally, the maximum dollar amount paid in cash to any individual during the life of the Incentive Plan is \$10,000,000. Stockholder approval of this proposal will also constitute re-approval of those limitations for purposes of Internal Revenue Code Section 162(m). Such limitations will assure that any deductions to which we would otherwise be entitled upon the exercise of stock options or stock appreciation rights granted under the Incentive Plan will not be subject to the \$1 million limitation on the income tax deductibility of compensation paid per executive officer imposed under Section 162(m). In addition, one or more other awards under the Incentive Plan may also qualify as performance-based compensation that is not subject to the Section 162(m) limitation, if the vesting of those awards is tied solely to the attainment of one or more of the corporate performance milestones discussed below in the section entitled Performance Vesting .

The Incentive Plan terminates on April 13, 2009, unless sooner terminated by the Board of Directors. The Board may amend the Incentive Plan, except that no such action can adversely affect awards previously granted. Without stockholder approval, the Board may not:

increase the total amount of the Class A Common Stock allocated to the Incentive Plan (except for permitted capital adjustments);

increase the maximum amount of the Class A Common Stock with respect to all awards measured in Class A Common Stock that may be granted to any individual under the Incentive Plan;

increase the maximum dollar amount that may be paid with respect to all awards measured in cash; or

modify the requirements as to eligibility for awards.

Table of Contents

Additionally, stockholder approval is necessary if an amendment is required by the stock exchange or national market system on which the Class A Common Stock is listed. If stockholder approval of this proposal to amend the Incentive Plan is obtained, further stockholder approval will be necessary if any future amendment is considered material in the reasonable judgment of the Compensation Committee.

The Incentive Plan is administered by the Compensation Committee. Subject to the provisions of the Incentive Plan, the Compensation Committee has the authority, among other things, to do the following:

determine eligibility for participation;

determine eligibility for and the type and size of awards;

issue administrative guidelines and make rules as an aid to administer the Incentive Plan;

grant waivers of terms, conditions, restrictions and limitations; and

accelerate the vesting of any award.

Types of Awards

Several types of awards are provided for by the Incentive Plan. The awards may be measured in stock or in cash. An award may be designated as a stock option, stock appreciation right, stock award, stock unit, performance share, performance unit or cash.

Stock Options. The Incentive Plan provides for the granting of options intended to qualify as incentive stock options, or ISOs, as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the Code). The Incentive Plan also provides for the granting of non-qualified stock options, or NQSOs. ISOs or NQSOs may be granted to employees, while only NQSOs may be granted to non-employee Directors and independent contractors. ISOs granted under the Incentive Plan may not be granted at an exercise price less than fair market value of the underlying shares on the date of grant. NQSOs granted under the Incentive Plan may not be granted at an exercise price less than fair market value of the underlying shares on the date of grant unless the Compensation Committee determines otherwise on the date of grant. However, if stockholder approval of this proposal to amend the Incentive Plan is obtained, NQSOs may no longer be granted at an exercise price less than fair market of the underlying shares on the date of grant. Unless the Compensation Committee specifies otherwise, options granted under the Incentive Plan become exercisable to the extent of 25% of the grant on each of the first, second, third and fourth anniversary of the grant. Under the Incentive Plan, ISOs and NQSOs expire 10 years after the grant.

Stock Appreciation Rights. Stock appreciation rights (SARs) entitle their recipients to receive payments in cash, Class A Common Stock or a combination as determined by the Compensation Committee. Any such payments will represent the appreciation in the market value of a specified number of shares from the date of grant until the date of exercise. Such appreciation will be measured by the excess of the fair market value on the exercise date over the fair market value of the Class A Common Stock, or other valuation (which shall be no less than the fair market value of the Class A Common Stock) on the effective date of grant of SARs or the grant of an award which the SAR replaced.

Stock Awards. A stock award consists of shares of Class A Common Stock, subject to such terms and conditions as determined by the Compensation Committee. A grantee of a stock award has all of the rights of a holder of shares of Class A Common Stock unless otherwise determined by the Compensation Committee on the date of grant.

Stock Units. A stock unit is a hypothetical share of Class A Common Stock represented by a notional account established and maintained or caused to be established and maintained by us for a grantee of a stock unit. Stock units are subject to such terms and conditions as determined by the Compensation Committee. A stock unit shall provide for payment in shares of Class A Common Stock at such time as the award agreement shall specify. The Compensation Committee has the sole discretion to pay the stock unit in Class A Common Stock, cash or a combination.

Table of Contents

Performance Shares. A performance share consists of a share or shares of Class A Common Stock, subject to such terms and conditions as determined by the Compensation Committee. Such terms and conditions may include, among other things, a determination of performance goals which will determine the number and/or value of the performance shares that will be paid out or distributed. The Compensation Committee has the sole discretion to pay the performance share in Class A Common Stock, cash or a combination.

Performance Unit. A performance unit is a hypothetical share or shares of Class A Common Stock represented by a notional account established and maintained or caused to be established and maintained by us for a grantee of a performance unit. Performance units are subject to such terms and conditions as determined by the Compensation Committee. Such terms and conditions may include, among other things, a determination of performance goal or goals which will determine the number and/or value of the performance units that will be accrued. The Compensation Committee has the sole discretion to pay the performance units in Class A Common Stock, cash or a combination.

Cash Awards. The Compensation Committee may grant cash awards subject to such terms and conditions as it determines appropriate.

Performance Vesting. Subject to certain criteria, Compensation Committee has the sole discretion to designate awards as performance-based awards if it determines that such compensation might not be tax deductible by us under Section 162(m) of the Code. The Compensation Committee may use the following performance measures (either individually or in any combination) to set performance goals with respect to the vesting of awards intended to qualify as performance-based awards: net sales; pretax income before allocation of corporate overhead and bonus; budget; cash flow; earnings per share; net income; division, group or corporate financial goals; return on stockholders' equity; return on assets; attainment of strategic and operational initiatives; appreciation in and/or maintenance of the price of the Class A Common Stock or any of our other publicly-traded securities; market share; gross profits; earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; economic value-added models; comparisons with various stock market indices; increase in number of customers; and/or reductions in costs.

Termination of Employment. In the event a grantee's employment is terminated due to death or disability, all non-vested portions of awards are forfeited. All vested portions of stock options or SARs remain exercisable during the shorter of the remaining stated term of the stock option or SAR or twelve months following the date of death or disability. If a grantee's employment is terminated for cause, as defined in the Incentive Plan, all awards, whether vested or non-vested, are forfeited. If a grantee's employment is terminated any other reason other than for cause or due to death or disability, all non-vested portions of awards are forfeited and all vested portions of stock options or SARs remain exercisable during the shorter of the remaining stated term of the award or 90 days following the date of termination. Notwithstanding the above, the Compensation Committee may, in its discretion, provide that:

the vesting of any or all non-vested portions of stock options or SARs held by a grantee on the date of his or her death or termination shall be accelerated and remain exercisable for the term of the stock option or SAR;

any or all vested portions of non-qualified stock options or SARs held by a grantee on the date of his or her death or termination shall remain exercisable until a date that occurs on or prior to the date the stock option or SAR is scheduled to expire; and/or

any or all non-vested portions of stock awards, stock units, performance shares, performance units and/or cash awards held by a grantee on the date of his or her death or termination shall become vested on a date that occurs on or prior to the date the award is scheduled to vest.

However, no vesting requirements tied to the attainment of such performance measures may be waived with respect to awards that are intended at the time of grant to qualify as performance-based compensation under Section 162(m) of the Code, except in the event of certain involuntary terminations or changes in control.

Table of Contents

Transferability. Generally, all awards under the Incentive Plan are nontransferable except by will or in accordance with the laws of descent and distribution. Stock options and SARs are exercisable only by the grantee during his or her lifetime. The Compensation Committee, in its discretion, may permit the transferability of a stock option (other than an ISO) by a grantee to members of his or her immediate family or trusts or other similar entities for the benefit of such person.

Change in Control

Upon the occurrence of a change in control of Cognizant, as defined in the Incentive Plan, with certain exceptions, the Compensation Committee has the discretion to, among other things, accelerate the vesting and payout of outstanding awards or provide that an award be assumed by the entity which acquires control of us or be substituted by a similar award under such entity's compensation plan.

Amendments to the Incentive Plan

Federal Tax Aspects of the Incentive Plan

The following is a summary of the Federal income taxation treatment applicable to us and the participants who receive awards under the Incentive Plan.

Option Grants. Options granted under the discretionary grant program may be either incentive stock options which satisfy the requirements of Section 422 of the Code or non-statutory options which are not intended to meet such requirements. The Federal income tax treatment for the two types of options differs as follows:

Incentive Options. No taxable income is recognized by the optionee at the time of the option grant, and no taxable income is recognized for regular tax purposes at the time the option is exercised, although taxable income may arise at that time for alternative minimum tax purposes. The optionee will recognize taxable income in the year in which the purchased shares are sold or otherwise made the subject of certain other dispositions. For Federal tax purposes, dispositions are divided into two categories: (i) qualifying and (ii) disqualifying. A qualifying disposition occurs if the sale or other disposition is made more than two (2) years after the date the option for the shares involved in such sale or disposition is granted and more than one (1) year after the date the option is exercised for those shares. If the sale or disposition occurs before these two periods are satisfied, then a disqualifying disposition will result.

Upon a qualifying disposition, the optionee will recognize long-term capital gain in an amount equal to the excess of (i) the amount realized upon the sale or other disposition of the purchased shares over (ii) the exercise price paid for the shares. If there is a disqualifying disposition of the shares, then the excess of (i) the fair market value of those shares on the exercise date or (if less) the amount realized upon such sale or disposition over (ii) the exercise price paid for the shares will be taxable as ordinary income to the optionee. Any additional gain recognized upon the disposition will be a capital gain.

If the optionee makes a disqualifying disposition of the purchased shares, then we will be entitled to an income tax deduction, for the taxable year in which such disposition occurs, equal to the amount of ordinary income recognized by the optionee as a result of the disposition. We will not be entitled to any income tax deduction if the optionee makes a qualifying disposition of the shares.

Non-Statutory Options. No taxable income is recognized by an optionee upon the grant of a non-statutory option. The optionee will in general recognize ordinary income, in the year in which the option is exercised, equal to the excess of the fair market value of the purchased shares on the exercise date over the exercise price paid for the shares, and we will be required to collect the withholding taxes applicable to such income from the optionee.

If the shares acquired upon exercise of the non-statutory option are unvested and subject to repurchase by us in the event of the optionee's termination of service prior to vesting in those shares, then the optionee will not recognize any taxable income at the time of exercise but will have to report as

Table of Contents

ordinary income, as and when our repurchase right lapses, an amount equal to the excess of (i) the fair market value of the shares on the date the repurchase right lapses over (ii) the exercise price paid for the shares. The optionee may, however, elect under Section 83(b) of the Code to include as ordinary income in the year of exercise of the option an amount equal to the excess of (i) the fair market value of the purchased shares on the exercise date over (ii) the exercise price paid for such shares. If the Section 83(b) election is made, the optionee will not recognize any additional income as and when the repurchase right lapses.

We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the optionee with respect to the exercised non-statutory option. The deduction will in general be allowed for our taxable year in which such ordinary income is recognized by the optionee.

Stock Appreciation Rights. No taxable income is recognized upon receipt of a stock appreciation right. The holder will recognize ordinary income in the year in which the stock appreciation right is exercised, in an amount equal to the excess of the fair market value of the underlying shares of common stock on the exercise date over the base price in effect for the exercised right, and we will be required to collect the withholding taxes applicable to such income from the holder.

We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the holder in connection with the exercise of the stock appreciation right. The deduction will be allowed for the taxable year in which such ordinary income is recognized.

Direct Stock Issuances. The tax principles applicable to direct stock issuances under the 2002 Stock Incentive Plan will be substantially the same as those summarized above for the exercise of non-statutory option grants.

Restricted Stock Units. No taxable income is recognized upon receipt of a restricted stock unit. The holder will recognize ordinary income in the year in which the shares subject to that unit are actually issued to the holder. The amount of that income will be equal to the fair market value of the shares on the date of issuance, and we will be required to collect the withholding taxes applicable to such income from the holder. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the holder at the time the shares are issued. The deduction will be allowed for the taxable year in which such ordinary income is recognized.

Deductibility of Executive Compensation. We anticipate that any compensation deemed paid by us in connection with the disqualifying disposition of incentive stock option shares or the exercise of non-statutory options or stock appreciation rights will qualify as performance-based compensation for purposes of Code Section 162(m) and will not have to be taken into account for purposes of the \$1 million limitation per covered individual on the deductibility of the compensation paid to certain of our executive officers.

Accordingly, the compensation deemed paid with respect to options and stock appreciation rights granted under the Incentive Plan will remain deductible by us without limitation under Section 162(m). However, any compensation deemed paid by us in connection with other awards will be subject to the \$1 million limitation, unless the vesting of those awards tied solely to one or more of the performance milestones described above under the section entitled

Performance Vesting .

As of March 31, 2005, the market value of the Class A Common Stock underlying the Incentive Plan was \$46.20 per share.

Proposed Amendment to the 1999 Incentive Compensation Plan

Stockholders are being asked to consider and vote upon a proposed amendment to the Incentive Plan to (i) increase the maximum number of shares of Class A Common Stock of the Corporation reserved for issuance from 36,000,000 to 37,500,000 shares and to reserve an additional 1,500,000 shares of Class A Common Stock for issuance upon the exercise of stock options or stock appreciation rights or for the issuance of other awards granted under the Incentive Plan, (ii) provide that repricing of stock options may not occur without stockholder approval, (iii) provide for minimum vesting periods for stock based awards, other than stock options or stock appreciation rights, (iv) provide that stock options may not be granted below fair market value, and (v) provide that all material amendments to the Incentive Plan shall be subject to stockholder approval.

The Board of Directors believes that the amendment provides an important inducement to recruit and retain the best available personnel and will assist in aligning the interests of such personnel with our stockholders' interests. If the stockholders do not approve the proposed amendment to Incentive Plan, then none of the indicated revisions to the plan will be implemented, and the Incentive Plan will remain in effect in accordance with the terms and provisions in existence immediately prior to the proposed amendment, and option grants and other awards will continue to be made under those existing terms and provisions of the Incentive Plan until the available share reserve has been issued.

Our Board of Directors recommends a vote FOR the approval of the foregoing amendment to the Incentive Plan.
