ITEM 11. EXECUTIVE COMPENSATION

Compensation Committee Report

The Compensation Committee of the Board of Directors reviews and establishes the compensation program for the Company's senior officers, including the named executive officers in the Summary Compensation Table below, and provides oversight of the Company's compensation program. A discussion of the principles, objectives, components, analyses and determinations of the Committee with respect to executive compensation is included in the Compensation Discussion and Analysis that follows this Committee report. The Compensation Discussion and Analysis also includes discussion with respect to the Committee's review of officer and employee compensation plans and specifically any features that may encourage employees to take unnecessary and excessive risks. The specific decisions of the Committee regarding the compensation of the named executive officers are reflected in the compensation tables and narrative that follow the Compensation Discussion and Analysis.

The Compensation Committee certifies that:

- (1) it reviewed with the senior risk officer the senior executive officer compensation plans and made all reasonable efforts to ensure that these plans do not encourage the senior executive officers to take unnecessary and excessive risks that threaten the value of the Company;
- (2) it reviewed with the senior risk officer the employee compensation plans and made all reasonable efforts to limit any unnecessary risks these plans pose to the Company; and
- (3) it reviewed the employee compensation plans to eliminate any features of these plans that would encourage the manipulation of reported earnings of the Company and the Bank to enhance the compensation of any employee.

The Committee has reviewed the Compensation Discussion and Analysis and discussed it with the Company's management. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's annual report on Form 10-K for the year ended December 31, 2009 and 2010 proxy statement.

Compensation Discussion and Analysis

General

The Compensation Committee of the Company's Board of Directors reviews and establishes the compensation program for the Company's senior officers, including the named executive officers in the Summary Compensation Table below, and provides oversight of the Company's compensation program. The Committee consists entirely of non-employee, independent members of the Board and operates under a written charter approved by the Board.

The Committee specifically discharges Board oversight responsibilities with respect to:

the compensation of the Company's Chief Executive Officer and other executive officers and other key employees;

the administration of incentive compensation plans, including stock plans and short- and long-term incentive compensation plans; and

the approval, review and oversight of certain other benefit plans of the Company.

The Company's compensation program generally consists of salary, bonus, and benefits. Benefits include a defined benefit pension plan, a supplemental retirement plan, participation in the Company's 401(k) plan and health insurance benefits. In addition, the Company offers perquisites to certain executive officers such as use of Company-owned vehicles. The Company recognizes that competitive compensation is critical for attracting, motivating, and rewarding qualified executives. One of the fundamental objectives of the Company's compensation program is to offer competitive compensation and benefits for all employees, including executive officers, in order to compete for and retain talented personnel who will lead the Company in achieving levels of financial performance that enhance stockholder value.

Over the past two years, the Company has grown significantly through mergers with TransCommunity Financial and BOE Financial and acquisitions of the operations of The Community Bank in Georgia and Suburban Federal Savings Bank in Maryland. This growth has strained the Company's organizational structure and the effectiveness of risk management programs that are appropriate for the various functions of an organization of its size and complexity. As a result, the Company requires a strong management team to identify and address these issues and believes that a primary focus of the Company's compensation program should be to attract and retain a team of experienced bankers.

For the year ended December 31, 2009, the Committee engaged the Consulting Services Division of Silverton Bank and David W. Jones, a principal in that division, as independent consultants to assist it in carrying out certain responsibilities with respect to executive compensation. Mr. Jones is now affiliated with Matthews Young Management Consulting, and the Committee has engaged Matthews Young as its consultant for the year ended December 31, 2010.

The following discussion explains the material elements of compensation paid to the Company's named executive officers and provides the material factors underlying its compensation policies and practices. The information in this discussion specifically provides context for the compensation disclosures in the tables that follow it and should be read along with those disclosures.

American Recovery and Reinvestment Act of 2009

On December 19, 2008, the Company entered into a letter agreement with the United States Department of the Treasury (Treasury) under which it issued 17,680 shares of its Series A preferred stock in connection with the Capital Purchase Program under the Treasury s Troubled Asset Relief Program (TARP). In accordance with the terms of the letter agreement, the Company and the named executive officers amended certain employment agreements and benefit plans and arrangements to the extent necessary to be in compliance with the executive compensation and corporate governance requirements of Section 111(b) of the Emergency Economic Stabilization Act of 2008 (EESA) as implemented by any guidance or regulation under Section 111(b) of EESA that was issued and in effect as of the closing date of the transaction. Section 7001 of the American Recovery and Reinvestment Act of 2009 (ARRA) amends Section 111 of EESA to provide that TARP participants are subject to the standards established by the Secretary and directs the Secretary of Treasury to require each TARP recipient to meet appropriate standards for executive compensation and corporate governance.

Under regulations that have been issued pursuant to EESA, the Committee has reviewed all components of the Company s compensation program, as described below, with respect to the Company s senior executive officers, which include the named executive officers. These components essentially consist of employment agreements, bonus arrangements and a new stock incentive plan. None of these plans presently contain any feature that, in the Committee s review, would encourage the senior executive officers to take unnecessary and excessive risks to threaten the value of the Company.

In addition, in conjunction with a review with the Company s Chief Risk Officer, the Committee reviewed employee compensation plans generally. Most of the Company s employees are compensated by the payment of salary, and historically certain employees would be awarded a performance bonus if, in the estimation of their managers, their performance merited such an award. The Committee determined that there is no element in any senior executive officer plan or any employee plan that would encourage the executives or employees to manipulate reported earnings in order to enhance compensation.

Compensation Program

The elements of the Company s compensation program represent the elements that the Company has offered in the past in order to attract, motivate, reward and retain highly qualified executive officers. The Company believes that these elements are also standard compensation components of its peer companies and allow the Company to present an attractive compensation package to each of its named executive officers in comparison with these companies.

The Committee approves the compensation of all members of senior management, including the named executive officers.

Salary

The base salary of the named executive officers is designed to be competitive with that of the Company s peer banks. In establishing the base salary for the named executive officers, the Committee relies on an evaluation of the officers level of responsibility and performance and, historically, on comparative information, including the Virginia Bankers Association s Salary Survey of Virginia Banks. In establishing the base salary, other than for the Chief Executive Officer, the Committee also receives and takes into account the individual compensation recommendations from the Chief Executive Officer. The salary of the Chief Executive Officer is also approved by the independent members of the Board of Directors, upon recommendation of the Committee.

Each of the named executive officers entered into an employment agreement with the Company in 2008, in connection with the mergers with TransCommunity Financial and BOE Financial, and certain of these agreements provide for an initial base salary. A summary of each of these agreements is set forth below following the Summary Compensation Table.

In December 2008, the Committee reviewed recommendations, from the Chief Executive Officer, for salary increases for the named executive officers, other than the Chief Executive Officer, for the 2009 year. These recommendations were based on a number of factors, including the performance of each officer during the year, the responsibilities that each officer had and a general overview of comparative information. The Committee made several modifications to these recommendations in setting salaries for 2009. The Committee also discussed salary increases for the Chief Executive Officer and set an increase for 2009 using similar factors.

Annual Bonuses

For the 2009 year, the Company did not have a formal bonus plan that specifies potential bonus amounts in terms of a percentage of base salary. Cash bonus awards were entirely at the discretion of the Committee. In determining whether or not to award cash bonuses and the level of such bonuses for a given year, the Committee considers the overall performance of the Company, including but not limited to such factors as earnings per share, return on equity, growth and shareholder value, as well as a subjective evaluation of the executive officer's individual performance. Cash bonus awards for similar executives in market comparisons may also be considered.

In December 2009, the Committee reviewed recommendations, from the Chief Executive Officer, for cash bonuses for the named executive officers, other than the Chief Executive Officer, for 2009. These recommendations were based on a number of factors, including the Company's accomplishments during 2009, its position as it relates to future opportunities and the Company's 2009 results and profitability. The Committee approved bonuses for the named executive officers as set forth in the Summary Compensation Table below. Gary A. Simanson, who was the Company's chief strategic officer until April 2010, was not eligible to receive an annual bonus for 2009 because he was deemed to be the Company's most highly compensated employee under the TARP rules during 2009. With respect to a 2009 bonus for the Chief Executive Officer, the Committee discussed the same factors that it had reviewed for the other named executive officers and approved a 2009 performance bonus as set forth in the Summary Compensation Table.

For 2010, the Committee expects to adopt an incentive-based bonus plan that ties bonus payments to one or more of the Company's operating metrics. While the Committee will retain the ability to pay performance bonuses in its discretion, the primary factor for 2010 bonuses to the named executive officers will be objective performance criteria.

Other Bonus Awards

Mr. Simanson's employment agreement provides for the payment of a cash bonus award for financial advisory and other services that he renders in connection with the negotiation and consummation of a merger or other business combination involving the Company or any of its affiliates or the acquisition by the Company or any of its affiliates of a substantial portion of the assets or deposits of another financial institution. In February 2010, the Committee and the Company's Board of Directors approved two transaction-based bonus awards to Mr. Simanson under this provision. The bonus awards related to Mr. Simanson's financial advisory and other services with respect to the Bank's acquisition of certain assets and assumption of all deposit liabilities of four former branch offices of The Community Bank on November 21, 2008 and the Bank's acquisition of certain assets and assumption of all deposit

liabilities of seven former branch offices of Suburban Federal Savings Bank on January 30, 2009. The amounts of the bonus awards are (i) \$1,169,445, calculated as 0.50% of the total amount of non-brokered deposits that the Bank assumed in the November 2008 transaction and (ii) \$1,816,430, calculated as 0.50% of the total amount of loans and other assets that the Bank acquired in the January 2009 transaction. The Company believes that these bonus awards are permitted under the rules and regulations of the TARP Capital Purchase Program. As of the date of this report, the Company is actively discussing with the Federal Reserve Bank of Richmond and the Virginia Bureau of Financial Institutions certain issues with respect to the payment of these bonus awards. These issues include the compliance of the terms and structure of the bonus awards with Federal Reserve System Regulation W and the rules and regulations of the TARP Capital Purchase Program. The Company is working diligently to resolve these issues. The Company cannot make any assurances as to the amount of these bonus awards, if any, that will ultimately be paid following the resolution of these issues.

In approving the 2010 transaction-based bonus awards to Mr. Simanson, the Committee discussed a number of issues with respect to the award, including the work involved in managing the Company's entry into a FDIC-assisted transaction for the first time, the work involved in managing the first follow-on acquisitions for a newly created operating company, the entry of the Bank into two new states, significant negotiations and interaction with the FDIC, the lack of an internal management skill set to handle the transactions and the fact that the transactions would likely not have been possible without Mr. Simanson's contacts with the FDIC. The Committee also noted the different management challenge that the transactions presented and the general uniqueness of the transactions at the time. The Committee agreed further to base the awards on criteria tied directly to the balance-sheet items that were critical to the Bank's entering into the transactions.

Long-Term Incentives

In 2009, the Company adopted the Community Bankers Trust Corporation 2009 Stock Incentive Plan. The purpose of the plan is to further the long-term stability and financial success of the Company by attracting and retaining employees and directors through the use of stock incentives and other rights that promote and recognize the financial success and growth of the Company. The Company believes that ownership of Company stock will stimulate the efforts of such employees and directors by further aligning their interests with the interests of the Company's stockholders. The plan is to be used to grant restricted stock awards, stock options in the form of incentive stock options and nonstatutory stock options, stock appreciation rights and other stock-based awards to employees and directors of the Company. As adopted, the plan makes available up to 2,650,000 shares of common stock for issuance to participants under the plan.

In adopting the plan, the Committee received assistance from its independent consultant. The consultant created a large peer group of community banks nationally with assets between \$500 million and \$2 billion and reviewed data on their outstanding stock grants and shares reserved for grants of future awards in order to assist the Committee in determining an appropriate total share reserve for the plan.

The Company did not make any stock-based awards in the year ended December 31, 2009, but it began making awards under the plan in May 2010.

The Company continues to sponsor each of the TransCommunity Financial Corporation 2001 Stock Option Plan, the TransCommunity Financial Corporation 2007 Equity Compensation Plan, the BOE Financial Services of Virginia, Inc. Stock Incentive Plan and the BOE Financial Services of Virginia, Inc. Stock Option Plan for Outside Directors and the awards that remain outstanding under those plans.

In the future, the Company expects that any stock option grants and stock awards to executive officers will be made at regularly scheduled Committee meetings. The Company's Chief Executive Officer will provide the Committee with a recommendation concerning the recipients, the reason for the award and the number of shares to be awarded. The grant date will generally be the date of the meeting when the Committee approves awards. The Company will not tie the timing of the issuance of stock options or stock awards to the release or withholding of material non-public information.

Retirement Program

The Company's retirement program is designed to provide executive officers with an appropriate level of financial security and income, following retirement, relative to their pre-retirement earnings. The Company believes that its retirement program has been a valuable tool in attracting and retaining highly qualified employees. The retirement program historically has been reflective of common practices among companies of similar size and structure.

The components of the Company's retirement program include the following:

a noncontributory defined benefit pension plan (which is currently frozen to new entrants) for all full-time employees who are 21 years of age or older and who have completed one year of eligibility service

a non-tax qualified Supplemental Executive Retirement Plan for certain executives to supplement the benefits that such executives can receive under other components and social security

a 401(k) employee savings plan for which all full-time employees who are 21 years of age or older are eligible to participate. Additional information with respect to these components is set forth below. The Company did not make any changes to the retirement program during the 2009 year.

Perquisites and Fringe Benefits

Perquisites and fringe benefits are designed to provide certain personal benefits and to fund certain expenditures that are common among executive officers in many companies. The Committee believes that this component of compensation is a valuable tool in attracting, motivating, rewarding and recruiting highly qualified employees. The Committee will review the level of these benefits on an annual basis.

The employment agreements with Messrs. Longest, Thomas and Simanson provide for an automobile or automobile allowance, with appropriate insurance coverage and maintenance expenses. The employment agreements with Messrs. Longest and Thomas also provide for the payment or reimbursement for country club dues that may be incurred.

Post-Termination Compensation

Under the Company's employment agreements, the named executive officers may be entitled to post-termination compensation in certain cases. These provisions are detailed further and quantified in the section below titled "Post-Employment Compensation."

In connection with the Company's receipt of TARP funds, each named executive officer signed a waiver of acknowledgement that the TARP regulation in effect at such time may require modification of

the compensation, bonus, incentive, and other benefits plans, policies, and agreements that the Company has that affect the executive's compensation. These restrictions significantly modify the provisions of the agreements that the Company has with the named executive officers that relate to severance payments in the event of an officer's termination of employment.

In addition, in 2008 each of the named executive officers entered into a letter agreement with the Company amending the benefit plans with respect to such officer as may be necessary, during the period that Treasury owns any debt or equity securities of the Company, to comply with Section 111(b) of EESA, as amended by ARRA.

Compensation Limitations for TARP Recipients

The following is a summary of certain executive compensation limitations under the EESA and the ARRA:

a requirement to recover any bonus payment to a senior executive officer or any of the next 20 most highly compensated employees if payment was based on materially inaccurate financial statements or performance metric criteria

a prohibition on making any golden parachute payments to a senior executive officer or any of the next five most highly compensated employees

a prohibition on paying or accruing any bonus payment to the most highly compensated employee, except as otherwise permitted by the rules

a prohibition on maintaining any plan for senior executive officers that encourages such officers to take unnecessary and excessive risks that threaten the Company's value

a prohibition on maintaining any employee compensation plan that encourages the manipulation of reported earnings to enhance the compensation of any employee

a prohibition on providing tax gross-ups to a senior executive officer or any of the next 20 most highly compensated employees

The Committee reviews these and other requirements under the EESA and the ARRA in making its compensation determinations with respect to the Company's senior management, including the named executive officers.

Employment Agreements

The Company has employment agreements with each of the named executive officers.

The agreements with each of George M. Longest, Jr. and Bruce E. Thomas were effective as of May 31, 2008, which was the effective date of the merger of the Company and BOE Financial. Effective as of that date and pursuant to his employment agreement, Mr. Longest serves as the Company's President, and Mr. Thomas serves as the Company's Chief Financial Officer, each at a salary determined by the Company's Board of Directors. The term of each employment agreement is for three years after the merger date. On each anniversary of the merger date, upon the review and approval of the Board of Directors, the term of the agreement will be extended by an additional year unless the Company or the officer gives written notice at least 30 days prior to an anniversary date that no further extensions should occur.

The employment agreement with each of Messrs. Longest and Thomas imposes certain limitations on the officer, precluding the officer from soliciting the Company's or the Bank's employees and customers and, without the Company's prior written consent, competing with the Company or the Bank by forming, serving as an organizer, director, officer or consultant to, or maintaining a more than one percent passive investment in a depository financial institution or holding company if such entity has one or more offices or branches located within a 10-mile radius of the headquarters or any branch banking office of the Company or the Bank. These limitations will be for a period of two years from the date on which the officer ceases to be an employee of the Company except that, in the case of a termination without cause or for good reason following a change in control, the non-compete and customer solicitation restrictions will be in force for only one year.

The employment agreement with Gary A. Simanson was effective as of September 29, 2008, and the Company and Mr. Simanson terminated his employment with the Company on April 9, 2010. The agreement governed the terms of his employment as the Company's Chief Strategic Officer and Vice Chairman. Except as set forth below, the terms of Mr. Simanson's agreement were substantially similar to the agreements with Messrs. Longest and Thomas. The term of the agreement was for three years from the closing date of the mergers. On each anniversary of the merger date, the term of the agreement would have been extended by an additional year unless the Company had given written notice that no further extensions should occur. The financial terms of the agreement included an annual salary of \$270,000 and an upfront cash bonus of \$750,000, which was included as part of the Company's merger expense. Mr. Simanson was also eligible to receive a cash bonus payment in an amount determined by the Company for financial advisory and other services that he rendered in connection with the negotiation and consummation of any merger or other business combination involving the Company or any of its affiliates. Mr. Simanson did not receive a salary for his services to the Company prior to the mergers with TransCommunity Financial and BOE Financial.

In February 2010, the Compensation Committee and the Company's Board of Directors approved two transaction-based bonus awards to Mr. Simanson under his employment agreement. The bonus awards related to Mr. Simanson's financial advisory and other services with respect to the Bank's acquisition of certain assets and assumption of all deposit liabilities of four former branch offices of The Community Bank on November 21, 2008 and the Bank's acquisition of certain assets and assumption of all deposit liabilities of seven former branch offices of Suburban Federal Savings Bank on January 30, 2009. See the Compensation Discussion and Analysis section above for additional discussion on these bonus awards.

The agreement prohibits Mr. Simanson from competing with the Company following the termination of his employment, from soliciting employees and customers of the Company, and from divulging confidential information obtained while employed with the Company. These restrictions will extend for a two year period following the termination of employment, except that, in the case of a termination without cause or for good reason following a change in control, the non-compete and customer solicitation restrictions will be in force for only one year.

The agreements with each of M. Andrew McLean and Patrick J. Tewell were with TransCommunity Financial and were effective as of May 27, 2008. The Company succeeded to all of the rights and obligations of TransCommunity Financial as of May 31, 2008, the effective date of the merger of the Company and TransCommunity Financial. Effective as of that date and pursuant to his employment agreement, Mr. McLean served as the President of TransCommunity Bank, which merged into the Bank in July 2008, at a salary of \$185,000 per year with base salary increases and incentive, bonus compensation or other compensation in the amounts determined by the Board of Directors. Also effective as of that date and pursuant to his employment agreement, Mr. Tewell served as the Company's Chief Accounting Officer at a salary of \$140,000 per year with base salary increases and incentive, bonus compensation or other compensation in the amounts determined by the Board of Directors. The term of each employment agreement is until May 27, 2011. The employment agreement includes certain covenants not to compete, provided employment is not terminated for cause. Each employment agreement precludes the officer from inducing or soliciting any employee of the Company to terminate his or her relationship with the Company for a period of 12 months from the date on which he ceases to be an employee of the Company.

Each of the employment agreements described above addresses termination of the executive officer's employment under various termination scenarios. Information on these terms is provided in the Post-Employment Compensation section below.

Grants of Plan-Based Awards

Prior to their mergers with and into the Company, both TransCommunity Financial and BOE Financial maintained plans that provided for stock-based awards as incentives for certain officers and directors. Under the terms of these plans, all options and awards that were outstanding at the time of the mergers were fully vested and exercisable, and any unrecognized compensation expenses were accelerated. In connection with the mergers, the Company adopted all awards that were outstanding under such plans, but terminated the plans so that no further awards will be made under them.

In 2009, the Company adopted the Community Bankers Trust Corporation 2009 Stock Incentive Plan. The plan is to be used to grant restricted stock awards, stock options in the form of incentive stock options and nonstatutory stock options, stock appreciation rights and other stock-based awards to employees and directors of the Company. As adopted, the plan makes available up to 2,650,000 shares for issuance to participants under the plan.

The Company did not make any stock-based awards during the year ended December 31, 2009.

The following table shows outstanding option awards held by the named executive officers as of December 31, 2009. There were no outstanding stock awards that had not yet vested, and there are no other stock-based awards outstanding with respect to the named executive officers.

Post-Employment Compensation

Pension Plan

The Bank maintains a non-contributory defined benefit pension plan for all full-time employees who are 21 years of age or older and who have completed one year of eligibility service. The plan was frozen to new entrants prior to the merger of BOE Financial with and into the Company. Messrs. Longest and Thomas are participants in this plan. Benefits payable under the plan are based on years of credited service, average compensation over the highest consecutive five years, and the plan's benefit formula (1.60% of average compensation times years of credited service up to 20 years, plus 0.75% of average compensation times years of credit service in excess of 20 years, plus 0.65% of average compensation in excess of Social Security Covered Compensation times years of credited service up to a maximum of 35 years). For 2009, the maximum allowable annual benefit payable by the plan at age 65 (the plan's normal retirement age) was \$195,000 and the maximum compensation covered by the plan was \$245,000. Reduced early retirement benefits are payable on or after age 55 upon completion of 10 years of credited service. Amounts payable under the plan are not subject to reduction for Social Security benefits.

The following table provides the actuarial present value of each named executive officer's total accumulated benefit under the pension plan as of December 31, 2009:

Name	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year (\$)
Longest	Pension Plan	21	258,338	
Thomas	Pension Plan	19	132,831	
Simanson

Supplemental Executive Retirement Plan

The Bank has adopted a non-tax qualified supplemental executive retirement plan (SERP) for certain executives to supplement the benefits that such executives can receive under the Bank's other retirement programs and social security. Messrs. Longest and Thomas are participants in the SERP. Retirement benefits under the SERP vary by individual and are payable at age 65 for 15 years or life, whichever is longer. In the event of termination prior to age 65 (for reasons other than death, subsequent to a change of control or for cause), benefits still commence at age 65, but are substantially reduced. Benefits payable in the event of termination following a change of control or death commence upon termination or death, and are the approximate actuarial equivalent of the value of normal retirement benefits. No benefits are payable in the event that termination is for cause.

Edgar Filing: Community Bankers Trust Corp - Form 10-K/A

The following table provides specific information for each named executive officer for the non-tax qualified supplemental executive retirement plan as of December 31, 2009:

401(k) Employee Savings Plan

The Company sponsors a 401(k) plan for all of its eligible employees. The executive officers of the Company participate in the 401(k) plan on the same basis as all other eligible employees of the Company.

Agreements

The employment and change in control agreements with each of the Company's named executive officers provide for the payment of severance and other benefits in the event of certain termination scenarios. The following summary of the contents of the agreements is based on the agreements prior to modification according to the executive compensation restrictions resulting from the Company's participation in the TARP.

Employment Agreements

The employment agreement with each of Messrs. Longest and Thomas provides for the payment of two months salary upon the death of the officer. In the case of termination by the Company without cause or by the officer for good reason, the employment agreement requires that the officer receive his base salary and certain health benefits for 24 months following the date of termination. For the purposes of each employment agreement, good reason means the continued assignment to the officer of duties inconsistent with the officer's position as contemplated in the agreement, any action taken by the Company that results in a substantial reduction in the officer's status, the relocation of the officer to any other primary place of employment that might require him to move his residence, which includes any reassignment to a place of employment located more than 35 miles from his initially assigned place of employment (which includes both Tappahannock and Richmond, Virginia) without his written consent, and any failure by the Company, or any successor following a change in control, to comply with the compensation and benefit requirements of the employment agreement. Each agreement also provides that within two years following a change in control, if employment is terminated by the surviving corporation without cause or by the officer for good reason within 120 days after the occurrence of good reason, the officer will be entitled to accrued obligations, a salary continuance benefit equal to 2.99 times his final compensation and health care continuance.

The employment agreement with Mr. Simanson provided for the continuation of his base salary and certain health benefits for two years following a termination of employment with the Company by Mr. Simanson for good reason or a termination of employment by the Company without cause. The agreement also provides that, within two years following a change in control, if his employment is terminated without cause or for good reason, Mr. Simanson would have been entitled to a salary continuance benefit equal to 2.99 times his final compensation, excluding certain one-time payments, and the continuation of certain health benefits for three years. The agreement further provided that, in connection with the termination of his employment following a change in control, the Company would have paid Mr. Simanson a gross-up payment equal to the amount of any excise taxes (plus the applicable federal and state income and other taxes due on such gross-up payment) payable by Mr. Simanson if the aggregate value of the salary continuance benefit and related health benefits exceeds the threshold amount that triggers the excise tax for federal tax purposes. In order to avoid the expense of the excise tax in a situation where Mr. Simanson would realize a nominal benefit, the Company would have been required to make the tax gross-up payment only if the value of the aggregate payments and benefits due Mr. Simanson exceeds by \$25,000 the threshold amount that would avoid triggering the excise tax. If the value of such payments and benefits is less than the \$25,000 differential, the payments and benefits would have been reduced to the extent necessary so as not to trigger the excise tax.

The employment agreement with each of Mr. McLean and Mr. Tewell provides for the payment of the salary that otherwise would be payable through the end of the month in which the death occurs upon the death of the officer. The employment agreement provides compensation upon the termination of employment without cause or by the officer for good reason. For the purposes of his employment agreement, good reason means the assignment of duties that result in the officer having significantly less authority or responsibility than he has on the date of the employment agreement without his written consent, requiring him to maintain his principal office or offices outside the counties of Henrico or Essex, Virginia unless the Company moves its principal executive offices to the place to which he is required to move, a reduction of his base salary, and the Company's failure to comply with any material term of the employment agreement after he has given 30 days notice of such noncompliance. In the case of termination of employment by the Company without cause or by Mr. McLean for good reason, Mr. McLean's agreement requires that he receive an amount equal to two times the sum of his rate of base salary in effect immediately preceding such termination and the amount of any bonus paid to him during the calendar year preceding the calendar year in which the employment terminates. In the case of termination of employment by the Company without cause or by Mr. Tewell for good reason, Mr. Tewell's agreement requires that he receive an amount equal to one times the sum of his rate of base salary in effect immediately preceding such termination and the amount of any bonus paid to him during the calendar year preceding the calendar year in which the employment terminates. In addition, each officer would receive any bonus or short term incentive compensation earned, but not yet paid, for a year prior to the year in which his employment terminates, as applicable, as well as certain health benefits for one year following the date of termination.

Change in Control Agreements

Each of Mr. McLean and Mr. Tewell entered into a change in control agreement with TransCommunity Financial, effective as of May 27, 2008. The Company succeeded to all of the rights and obligations of TransCommunity Financial as of May 31, 2008, the effective date of the merger of the Company and TransCommunity Financial. In the event that a change in control occurs during employee's employment and, within the period beginning on the date of closing of the change in control and ending one year after, the officer's employment with the Company is terminated by the Company without cause or by him for good reason, the Company will owe him certain severance pay, benefits and vesting of stock awards. Mr. McLean's change in control agreement provides for two times the sum of his annual base salary in effect on his termination of employment or the change in control date, whichever is greater,

plus the amount of any bonus paid to him during the calendar year preceding the calendar year in which the change in control occurs. Mr. Tewell's change in control agreement provides for one times the sum of his annual base salary in effect on his termination of employment or the change in control date, whichever is greater, plus the amount of any bonus paid to him during the calendar year preceding the calendar year in which the change in control occurs. The Company will also continue to provide certain health and life insurance benefits to the officer for a period up to one year following the date of termination.

Each agreement also provides to the extent that the officer has been granted options, stock awards or other equity compensation under the Company's equity compensation plan, that upon a change in control, his interest in such awards be fully exercisable, vested and nonforfeitable as of the date of the change in control.

Potential Payments Upon Termination

The following table quantifies the expected payments to the named executive officers in different, specified employment termination circumstances under their employment agreements and change in control agreements. Benefits payable under the non-tax qualified supplemental executive retirement plan, the tax-qualified retirement plan and 401(k) plan are not included. In addition, all stock options that the named executive officers hold have vested.

The information below assumes that termination of employment occurred on December 31, 2009. See the Compensation Discussion and Analysis section above for a discussion of the potential impact of the Company's participation in TARP and requirements of the ARRA on the compensation, benefits, and employment agreements for the named executive officers, which is not reflected in the calculations below.

(3) Amounts relate to participation of directors that served as directors of BOE Financial prior to its merger with the Company in the Directors Supplemental Retirement Plan and reflect changes in the value of each director's interest in the plan during 2009. BOE Financial established the Directors Supplemental Retirement Plan for its non-employee directors in 2006. The Directors Supplemental Retirement Plan is designed to retain the future services of directors. This plan provides for a benefit upon the later of October 1, 2010 or retirement from service on the Board at the normal retirement age of 75. Benefits under this plan are payable at retirement for a period of 10 years. The Directors Supplemental Retirement Plan also contains provisions for change of control, as defined, which allow the directors to retain benefits under the plan in the event of a termination of service subsequent to a change of control, other than for cause. The Company assumed this plan in connection with its merger with BOE Financial.

Prior to the mergers, both TransCommunity Financial and BOE Financial maintained equity compensation plans as incentives for certain officers and directors. Edgar Filing: Community Bankers Trust Corp - Form 10-K/A

In 2009, the Company adopted the Community Bankers Trust Corporation 2009 Stock Incentive Plan. The Company did not make any awards under that plan during the year ended December 31, 2009.

Stock Incentive Plan and the BOE Financial Services of Virginia, Inc. Stock Option Plan for Outside Directors. Certain provisions of these plans were terminated so that no further awards will be made under them.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

Certain Relationships and Related Transactions

All of the shares of common stock outstanding immediately prior to the Company's initial public offering, including 862,500 shares held by Gary A. Simanson, a director and the Company's former Chief Strategic Officer, and Community Bankers Acquisition LLC, of which Mr. Simanson is the sole manager, were originally held in escrow by Continental Stock Transfer & Trust Company as escrow agent. Because the Company completed a business combination on or before the deadlines contained in its initial certificate of incorporation, these shares were released from escrow on June 2, 2009. The holders of the majority of the 1,875,000 shares that the Company issued prior to its initial public offering are entitled to make up to two demands that the Company register these shares for resale pursuant to an agreement signed concurrently with the consummation of the Company's initial public offering. The holders of the majority of these shares are entitled to elect to exercise these registration rights at any time after the date on which these shares of common stock are released from escrow. In addition, these stockholders will have certain "piggy-back" registration rights on registration statements filed subsequent to the date on which these shares of common stock are released from escrow. The Company will bear the expenses incurred in connection with the filing of any such registration statements.

Some of the Company's directors and executive officers are at present, as in the past, its banking customers. As such, the Company has had, and expects to have in the future, banking transactions with directors, officers, principal stockholders and their associates, on substantially the same terms, including interest rates and collateral on loans, as those prevailing at the same time for comparable transactions with others. These transactions do not involve more than the normal risk of collectibility or present other unfavorable features. The aggregate outstanding balance of loans to such parties at December 31, 2009 was \$7.2 million.

The Company has not adopted a formal policy that covers the review and approval of related person transactions by its Board of Directors that is separate from the Code of Conduct and Ethics that applies to directors, officers and all employees of the Company and its subsidiaries. The Board reviews all proposed related party transactions for approval. During such a review, the Board will consider, among other things, the related person's relationship to the Company, the facts and circumstances of the proposed transaction, the aggregate dollar amount of the transaction, the related person's relationship to the transaction and any other material information. Those directors that are involved in a proposed related party transaction are excused from the Board and/or committee meeting during the discussion and vote of the proposal.

Director Independence

The Company's Board of Directors has determined that 9 of its 11 members are independent as defined by the listing standards of NYSE Amex, including the following: Richard F. Bozard, L. McCauley Chenault, Alexander F. Dillard, Jr., P. Emerson Hughes, Jr., Philip T. Minor, Troy A. Peery, Jr., Eugene S. Putnam, Jr., John C. Watkins and Robin Traywick Williams. In reaching this conclusion, the Board of Directors considered that the Company and its subsidiaries conduct business with companies of which certain members of the Board of Directors or members of their immediate families are or were directors or officers.

In making this independence determination, the Board of Directors considered certain relationships between the Company and certain of its directors, such as the provision of legal services by law firms with which Messrs. Chenault and Dillard are affiliated, to determine whether such director was independent under NYSE Amex's listing standards. See the "Certain Relationships and Related Transactions" section above for additional information on certain transactions with members of the Company's Board of Directors.

George B. Elliott, who served as a director during all of 2009, was also determined to be independent during 2009.

ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES

Audit-Related Fees include fees billed for services rendered in connection with the audit of the Company's assessment of internal control over financial reporting and for other assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements.

Tax Fees include fees billed for tax compliance, tax advice, tax planning and the preparation of federal tax forms.

Pre-Approval Policies and Procedures

The Audit Committee of the Board of Directors has adopted policies and procedures for the pre-approval of services provided by the Company's independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Such policies and procedures provide that the Audit Committee shall pre-approve all auditing and permitted non-audit services (including the fees and terms thereof).

As permitted under the Sarbanes-Oxley Act of 2002 and its pre-approval policies and procedures, the Audit Committee may delegate pre-approval authority to its Chair. The Chair must then report any pre-approval decisions to the Audit Committee at the next scheduled meeting.
