Newly created directorships resulting from any increase in the number of directors may, unless the Board of Directors determines otherwise, be filled only by the affirmative vote of the directors then in office, even if less than a quorum of the Board of Directors. A director elected by the Board of Directors to fill a vacancy (including a vacancy created by an increase in the number of directors) shall serve for the remainder of the full term of the class of directors in which the vacancy occurred and until such director's successor is elected and qualified.

Our Articles of Incorporation provide that the number of directors which shall constitute the whole Board of Directors shall be fixed exclusively by one or more resolutions adopted from time to time by the Board of Directors. The authorized number of directors is currently set at six. One seat on the Board of Directors, currently held by Frederick H. Kopko, Jr., has been designated as a Class III Board seat, with the term of the director occupying such seat expiring as of the Annual Meeting. MEETINGS AND COMMITTEES OF DIRECTORS

The Board of Directors met three times during the fiscal year ended September 30, 2000 ("Fiscal 2000"). The Board of Directors has three standing committees, the Audit Committee, the Executive Compensation Committee, and the Stock Option Committee. The Company does not have a nominating committee of the Board of Directors.

The Audit Committee consists of Messrs. Kopko, Pollard and Kleinman. The Audit Committee provides assistance to the Board in fulfilling its oversight responsibility to the stockholders, potential stockholders, the investment community, and others relating to the Company's financial statements and the financial reporting process, the systems of internal accounting and financial controls, the annual independent audit of the Company's financial statements, and the legal compliance and ethics programs as established by management and the Board. The Audit Committee met twice in Fiscal 2000.

The Executive Compensation Committee consists of Messrs. Kopko, Pollard and Kleinman. The Executive Compensation Committee makes recommendations to the Board with respect to salaries of employees, the amount and allocation of any incentive bonuses among the employees, and the amount and terms of stock options to be granted to executive officers. The Executive Compensation Committee met one time in Fiscal 2000.

The Stock Option Committee, which was formed in January 1999, consists of Messrs. Pollard and Kleinman. The Stock Option Committee makes recommendations to the Board with respect to the amount and terms of stock options to be granted to employees (other than executive officers). Edgar Filing: SONIC FOUNDRY INC - Form DEF 14A

DIRECTORS COMPENSATION

Each Non-Employee Director of the Company receives (i) a fee of \$1,500 for each Board or Board Committee meeting attended, and (ii) a fee of \$850 for each Board or Board Committee meeting in which such Director participates by telephone. In the fiscal year ended September 30, 2000, the total amount of such compensation paid to Non-Employee Directors was \$25,650. When traveling from out-of-town, the members of the Board of Directors are also eligible for reimbursement for their travel expenses incurred in connection with attendance at Board meetings and Board Committee meetings. Directors who are also employees do not receive any compensation for their participation in Board or Board Committee meetings.

4

The Non-Employee Directors Stock Option Plan provides for an initial option grant to purchase 20,000 shares of the Company's Common Stock to Non-Employee Directors upon first joining the Board and an annual option grant to purchase 20,000 shares of the Company's Common Stock at the time of each annual meeting to Non-Employee Directors who continue to serve on the Board. Options granted under the Non-Employee Directors Stock Option Plan have exercise prices equal to the fair market value of the underlying common stock on the date of the grant, and vest in full one year after the date of the grant. The term of all options under the Non-Employee Directors Stock Option Plan is ten years.

If any change is made in the stock subject to the Non-Employee Directors Stock Option Plan, or subject to any option granted thereunder, the Non-Employee Directors Stock Option Plan and options outstanding thereunder will be appropriately adjusted as to the type(s), number of securities and price per share of stock subject to such outstanding options.

During the fiscal year ended September 30, 2000, options to purchase an aggregate of 60,000 shares of the Company's Common Stock were granted pursuant to the Non-Employee Directors Stock Option Plan to Non-Employee Directors serving on the Board on March 24, 2000 (the annual meeting date).

In addition to options granted pursuant to the Non-Employee Directors Stock Option Plan, we granted Mr. Kopko a warrant in August 1999 to purchase 30,000 shares of Common Stock at an exercise price of \$4.00 per share, in exchange for a stand-by loan commitment of \$2,000,000. In December 1999 we granted Mr. Kopko a warrant to purchase 50,000 additional shares of common stock at an exercise price of \$28.13 per share in his capacity as a board member.

The options and warrants set forth above have an exercise price equal to the fair market value of the underlying common stock on the date of grant, and vest in full immediately. The term of all such options is ten years.

PROPOSAL 2: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors has appointed the firm of Ernst & Young LLP ("E&Y") as independent auditors to audit our financial statements for the year ending September 30, 2001, and has further directed that management submit the selection of independent accountants for certification by the stockholders at the annual meeting. E&Y has been our auditors since September 1997. Representatives of the firm are expected to be present at the annual meeting to respond to stockholders' questions and to have the opportunity to make any statements they consider appropriate.

Edgar Filing: SONIC FOUNDRY INC - Form DEF 14A

Stockholder ratification of the selection of E&Y as our independent auditors is not required by our Bylaws or otherwise. However, the Board is submitting the selection of E&Y to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Board and the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Board and the Audit Committee in their discretion may direct the appointment of a different independent accounting firm at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

5

The ratification of the appointment of E&Y as independent auditors requires the approval of a majority of the votes cast by holders of our shares. Shares may be voted for or withheld from this matter. Shares that are withheld and broker non-votes will have no effect on this matter because ratification of the appointment of E&Y requires a majority of the shares cast.

The Board of Directors unanimously recommends a vote FOR Proposal 2 ratifying the appointment of E&Y as independent auditors for the Company.

Relations with Independent Auditors

E&Y has served continuously as our independent auditors since 1997. As stated in Proposal 2, the Board has selected E&Y to serve as our independent auditors for the fiscal year ending September 30, 2001.

Audit services performed by E&Y for fiscal 2000 consisted of the examination of our financial statements, review of quarterly results, and services related to filings with the Securities and Exchange Commission (SEC). We also retained E&Y to perform appraisal services associated with allocating certain intangible assets purchased in connection with the acquisition of the stock of STV Communications, Inc. ("STV") and International Image Services, Inc. ("II"), as well as certain other merger, tax and consultative services. All fees paid to E&Y were reviewed and considered for independence by the Audit Committee.

Fiscal 2000 Audit Firm Fee Summary

During Fiscal 2000, we retained our principal auditor, E&Y, to provide services in the following categories and amounts:

Audit Fees	\$183,800
Financial Information Systems	
Design and Implementation	0
Appraisal Services	68,900
Other Fees	154,015

REPORT OF THE AUDIT COMMITTEE/1/

It is the responsibility of the Audit Committee to provide assistance to the Board of Directors in fulfilling its oversight responsibility to the stockholders, potential stockholders, the investment community, and others relating to the Company's financial statements and the financial reporting process, the systems of internal accounting and financial controls, the annual independent audit of the Company's financial statements, and the legal compliance and ethics programs as established by management and the board.

Edgar Filing: SONIC FOUNDRY INC - Form DEF 14A

/1/ The material in this report is not "soliciting material", is not deemed filed with the SEC, and is not to be incorporated by reference in any of our filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in such filing.

6

Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls.

In June 2000, the Audit Committee adopted a written charter governing the operations of the Audit Committee. The charter requires that no member of the Audit Committee have a relationship that may interfere with the exercise of his or her independence from management and the Company, that all Audit Committee members be financially literate, or shall become financially literate within a reasonable period of time after appointment to the Audit Committee, and that at least one member shall have accounting or related financial management expertise. A copy of the Audit Committee Charter is attached as Appendix A to

this proxy statement. In addition, the Audit Committee has reviewed the listing standards of the National Association of Securities Dealers and determined that each member has satisfied those requirements.

We discussed the audited financial statements for the year ended September 30, 2000 with management. We reviewed with E&Y, who is responsible for expressing an opinion on the conformity of our audited financial statements with accounting principles generally accepted in the United States, its judgment as to the quality and acceptability of our accounting principles and any other matters that we are required to discuss under generally accepted auditing standards. In addition, we have discussed E&Y's independence from management and the Company including matters set forth in the written disclosures required by Independence Standards Board Standard No. 1 and matters required to be discussed by Statement on Auditing Standards No. 61 pertaining to communications with the Audit Committee.

We discussed with E&Y the overall scope and plans of their audit. We met with E&Y, as the Company's independent auditors, with and without management present, to discuss results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting. We held two meetings during Fiscal 2000.

Relying on the reviews and discussions referred to above, we recommended to the Board that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended September 30, 2000 for filing with the SEC.

Respectfully submitted,

AUDIT COMMITTEE

Frederick H. Kopko, Jr.
Arnold B. Pollard
David C. Kleinman

The salaries of each of Messrs. Buinevicius, Schmidt and Palmer are subject to increase each year at the discretion of the Board of Directors. Messrs. If the employee becomes disabled, he may terminate his employment and receive all salary owed to him at that time, prorated, plus a lump sum equal to the highest annual salary and bonus paid to him in any of the three years immediately preceding the termination. Pursuant to the employment agreements, each of Messrs. Such non-compete clauses may not be enforceable, or may only be partially enforceable, in state courts of relevant jurisdictions.

REPORT OF THE EXECUTIVE COMPENSATION COMMITTEE /1/

The Executive Compensation Committee (the "Committee") of the Board of Directors is composed entirely of outside, non-management directors. The Committee sets and administers the policies governing annual compensation of executive officers, including cash compensation and stock option programs for executive employees.

Compensation Policies

Sonic Foundry operates in the competitive and rapidly changing high technology and media business environment. The goals of our executive compensation program are to motivate executives to achieve our business

Edgar Filing: SONIC FOUNDRY INC - Form DEF 14A

objectives in this environment and reward them for their achievement, foster teamwork, and attract and retain executive officers who contribute to our long-term success. During fiscal 2000, we used salary, bonus, stock options and personal use of company vehicles to meet these goals.

/1/ The material in this report is not "soliciting material," is not deemed filed with the SEC and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

14

Our philosophy and guiding principles are to provide compensation levels that are comparable to those offered by other leading high technology companies. Our compensation policies align the interests of our officers with the long-term interests of our stockholders through stock compensation. For example, in fiscal 2000, compensation included options to purchase shares granted under our 1995 Stock Option Plan that vest and become exercisable over a three-year period. Another principle is that a substantial portion of each executive's compensation be in the form of an incentive bonus. Receipt of this bonus, which is typically payable annually in January, is contingent upon meeting both individual performance goals and company objectives. However, we retain the authority to alter the bonus amounts because qualitative factors and long-term results need to be evaluated as well as the short-term operating results. For the bonus paid in January 2000, we considered factors such as achievement of a 98.5% growth in fiscal 1999 revenues over 1998 levels, achievement of certain management goals, market share increases and new product development.

Annual Compensation

The salary portion of executive compensation is determined annually by reference to multiple surveys of high technology companies in comparable geographic regions. The executive officers are matched to each position by comparing their responsibilities to the survey description most accurately representing their position with us by content, organizational level and revenue. Given the officers' levels of responsibility and our past performance, we target the median percentile competitive position as stated by the survey in determining salary for each executive officer. As the executives mature in their respective positions, we expect to target a high percentile competitive position for salary compensation. A substantial portion of the annual compensation of each executive officer is in the form of an incentive bonus, which becomes a greater portion of an officer's potential total compensation as the executive's level of responsibility increases. Messrs. Conover, Lingard, Reinke, Brzeski and McLellan joined the Company either late in fiscal 1999 or in fiscal 2000 and therefore did not receive bonuses or received only limited bonuses in January 2000.

Long-term Compensation.

The Committee has utilized stock options for all employees to motivate and retain them for the long-term. The Committee believes that these forms of compensation closely align the employee's interests with those of stockholders and provide a major incentive to them in building stockholder value.

Options are typically granted annually and are subject to vesting provisions to encourage employees to remain employed with Sonic Foundry. The Committee considered fiscal 1999 annual grants in December 1999, and fiscal 2000 annual grants in December 2000. Officers, including our Chief Executive Officer, who are also members of the Board of Directors were not awarded options in fiscal

Edgar Filing: SONIC FOUNDRY INC - Form DEF 14A

2000.

Each executive officer receives stock options based upon that officer's relative position, responsibilities and performance by the individual over the previous fiscal year and the officer's anticipated performance and responsibilities. Additionally, we consider the net present value of the grant compared to typical grants at high technology companies of a similar size to Sonic Foundry. We also review the prior level of grants to the officers and to other members of senior management, including the number of shares that continue to be subject to vesting under outstanding options, in setting the level of options to be granted to the executive officers. The size of the option grants is not related to Sonic Foundry's performance.

15

Stock options are granted at an option price equal to the fair market value of the Company's Common Stock on the date of the grant and are subject to vesting over five years. The option vesting period is designed to encourage employees to work with a long-term view of the Company's welfare and to establish their long-term affiliation with the Company. It is also designed to reduce employee turnover and to retain the knowledge and skills of valued staff.

Chief Executive Officer Compensation

Rimas Buinevicius led the Company to a successful year in Fiscal 1999. Revenues increased approximately 100% from the previous fiscal year and the Company successfully introduced new products and broadened its product line. Consequently, the Committee increased the base salary of Mr. Buinevicius (who served as Chief Executive Officer during all of fiscal 2000) in January 2000 to \$250,000. The Committee also approved the payment of Mr. Buinevicius' fiscal 1999 bonus of \$70,000 in January 2000. Mr. Buinevicius was not granted any common stock options in fiscal 2000 under the Company's 1995 Stock Option Plan. Although the Company has continued its revenue growth and growth of its product line in Fiscal 2000, the Company has, due to financial constraints impacting the Company and the entire industry, reduced the salary of Mr. Buinevicius to \$200,000 effective January 1, 2001.

CERTAIN TRANSACTIONS

During Fiscal 2000, we retained the Chicago law firm of McBreen & Kopko to perform certain legal services. Frederick H. Kopko, Jr., one of our directors and substantial stockholders, is a partner in McBreen & Kopko.

In June 1998, the disinterested members of the Board of Directors unanimously approved the issuance of Company guaranties of certain obligations of Monty Schmidt and Rimas Buinevicius. We executed these guaranties in June and July of 1998 to a bank in order to facilitate the purchase of personal residences by Mr. Schmidt and Mr. Buinevicius. At September 30, 2000, there was a balance of approximately \$63,000 remaining on the loans.

During Fiscal 2000, we loaned certain officers \$61,000 to exercise employee stock options. In addition, the Company loaned an officer \$171,000, in connection with the sale of his former residence and his relocation to Madison, Wisconsin.

In January 2001, a \$4,000,000 note was due the former shareholders of II.

Edgar Filing: SONIC FOUNDRY INC - Form DEF 14A

We withheld paying the note pending the resolution of certain disputed representations made during the acquisition. In February 2001 the note holders initiated litigation against the Company in Toronto for payment of the note. Dan McLellan, our former Senior Vice President and General Manager - Media Services and the former President of II is a plaintiff in the action.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors, and persons who own more than ten percent of our Common Stock, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Based on this review of the copies of such forms received by us, except as noted below, we believe that all filing requirements applicable to its officers, directors, and greater than ten-percent beneficial owners were complied with. Messrs. Minor filed one late report reflecting the exercise of employee stock options and Messrs. Hackel, Brzeski, McLellan and Cain each filed a late initial report reflecting their ownership of our stock and options at the time they became our officers.
