PROXY STATEMENT

**FOR THE 2004 ANNUAL MEETING OF STOCKHOLDERS
To Be Held on December 16, 2004**

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why am I receiving these materials?

We sent you this proxy statement and the enclosed proxy card because the Board of Directors (Board) of Terayon Communications Systems, Inc. (Company) is soliciting your proxy to vote at the 2004 Annual Meeting of Stockholders (Annual Meeting). You are invited to attend the Annual Meeting and we request that you vote on the proposals described in this proxy statement. However, you do not need to attend the Annual Meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card, or follow the instructions below to submit your proxy over the telephone or on the Internet.

We intend to mail this proxy statement and accompanying proxy card on or about November 17, 2004 to all stockholders of record entitled to vote at the Annual Meeting.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on October 20, 2004 (Record Date) will be entitled to vote at the Annual Meeting.

Stockholder of Record: Shares Registered in Your Name

If on the Record Date your shares were registered directly in your name with our transfer agent, EquiServe L.P., then you are a stockholder of record. As a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy over the telephone or on the Internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Financial Institution

If on the Record Date your shares were held in an account at a brokerage firm, bank, dealer or other similar financial institution, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The brokerage firm, bank, dealer or other financial institution holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are two matters scheduled for a vote:

Election of three Class III directors;

Ratification of selection of Ernst & Young LLP as our independent auditors for the fiscal year ending December 31, 2004.

Table of Contents

How do I vote?

You may either vote For all the nominees to the Board or you may abstain from voting for any nominee you specify. With respect to the election of the independent auditors, you may vote For or Against or abstain from voting. The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy using the enclosed proxy card, vote by proxy over the telephone or vote by proxy on the Internet. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the Annual Meeting and vote in person even if you have already voted by proxy. Note, however, if you previously voted by proxy and wish to vote again at the Annual Meeting, your previously voted proxy will be deemed to be revoked and only your vote in person at the Annual Meeting will be counted. Please specifically notify the inspector of elections at the Annual Meeting if you wish to do so.

To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.

To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

To vote over the telephone, dial the toll-free phone number listed on the enclosed proxy card using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 11:59 p.m. Eastern Daylight Time on December 15, 2004 to be counted.

To vote on the Internet, go to www.eproxyvote.com/tern to complete an electronic proxy card. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 11:59 p.m., Eastern Daylight Time on December 15, 2004 to be counted.

Stockholder of Record: Shares Registered in the Name of a Broker, Bank or Other Financial Institution

If you are a beneficial owner of shares registered in the name of your broker, bank, or other financial institution or agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from us. Simply complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may vote by telephone or over the Internet as instructed by your broker, bank, other financial institution or agent. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank, other financial institution or agent. Follow the instructions from your broker, bank, financial institution or agent included with these proxy materials, or contact your broker, bank, financial institution or agent to request a proxy form.

We provide Internet proxy voting to allow you to vote your shares on-line, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of the Record Date.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted For the election of the nominees for Class III directors and the election of Ernst & Young as independent auditors. If any other matter is properly presented at the Annual Meeting, your proxy holder,

Table of Contents

Jerry D. Chase, the Chief Executive Officer of the Company, will vote your shares using his best judgment. We do not presently know of any other business to be conducted at the Annual Meeting.

Who is paying for the expense of mailing and printing the proxy material?

We pay the entire cost of printing and mailing the proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return **each** proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are a stockholder of record, you may revoke your proxy in any one of three ways:

You may submit another properly completed proxy card with a later date.

You may send a written notice that you are revoking your proxy to our Secretary at 4988 Great America Parkway, Santa Clara, CA 95054.

You may attend the Annual Meeting and vote in person. Simply attending the Annual Meeting will not, by itself, revoke your proxy.

If you are a beneficial owner, you should follow the directions provided to you by your broker or other agent regarding how to revoke your proxy.

How does the Company determine the date of the annual meeting of the stockholders of the Company and why is the 2004 Annual Meeting at a later date than in prior years?

According to the bylaws of the Company, the Company's annual meeting of stockholders of the Company shall be held on such date and at such time as may be designated from time to time by the Board of Directors. The annual meeting of stockholders of the Company has in the last three years been held in May or June. However, the Board this year deferred the holding of the 2004 Annual Meeting pending completion of certain management changes and corporate governance matters, including the recent announcements of the resignations of Dr. Zaki Rakib as Chief Executive Officer of the Company and Mr. Shlomo Rakib as President and Chief Technical Officer, the appointment of Mr. Jerry D. Chase as the new Chief Executive Officer of the Company and the appointment of Mr. Howard Speaks and Dr. Matthew Miller as additional independent members of the Board.

When are stockholder proposals due for next year's Annual Meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by December 24, 2004, to our Secretary at 4988 Great America Parkway, Santa Clara, CA 95054. If you wish to submit a proposal for consideration at next year's annual meeting that will not be included in next year's proxy materials, you must do so by the close of business no earlier than February 28, 2005 and no later than the close of business on March 29, 2005. Subject to applicable laws and regulations, our management has discretion over what stockholder proposals will be included in the agenda for next year's annual meeting and/or in the related proxy materials. Subject to applicable laws and regulations, our management also will have discretionary authority to vote all shares for which it has proxies in opposition to the matter if we fail to receive notice of any stockholder proposals for next year's annual meeting by March 29, 2005. Stockholders

are also advised to review our Bylaws, which contain additional requirements with respect to advance notice of stockholder proposals and director nominations.

How are votes counted?

Votes will be counted by the inspector of elections appointed for the Annual Meeting, who will separately count For and Against votes, abstentions and broker non-votes.

How many votes are needed to approve each proposal?

For the election of directors, the three nominees receiving the most For votes (among votes properly cast in person or by proxy) will be elected. Abstentions and broker non-votes will have no effect.

To be approved, Proposal No. 2, the ratification of selection of Ernst & Young LLP as our independent auditors for the fiscal year ending December 31, 2004, must receive a For vote (either in person or by proxy) from the majority of shares represented, in person or by proxy, at the meeting and entitled to vote. If you Abstain from voting, it will have the same effect as an Against vote. Broker non-votes will have no effect.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid Annual Meeting. As of the close of business on the Record Date, we had 76,168,800 shares outstanding and entitled to vote at the Annual Meeting. A quorum will be present if at least a majority of our outstanding shares as of the Record Date are represented by votes at the Annual Meeting in person or by proxy. Your shares will be counted towards the quorum only if you submit a valid proxy vote or appear in person. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, a majority of the votes present at the Annual Meeting may postpone or adjourn the Annual Meeting to another date, time and place.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be published in our annual report on Form 10-K for the 2004 fiscal year.

PROPOSAL 1

ELECTION OF DIRECTORS

How does the Board select nominees for the Board?

The Nominating and Governance Committee considers candidates for Board membership that are suggested by its members and other Board members, as well as management and stockholders. The Committee may, and has in the past, retained a third-party executive search firm to identify candidates upon request of the Committee. Additionally, as discussed in greater detail below, the Committee will consider candidates proposed by stockholders.

Once the Nominating and Governance Committee has identified a prospective nominee, the Committee makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the Committee with the recommendation of the prospective candidate, as well as the Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors described below. If the Committee determines, in consultation with the Chairman of the Board and other Board members as appropriate, that additional consideration is warranted, it may request the prospective nominee to provide additional information about himself or herself, or a third-party search firm to gather additional information about the prospective nominee's background and experience and to report its findings to the Committee. The Committee then evaluates the prospective nominee's standards and qualifications.

The Nominating and Governance Committee also considers such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for Audit Committee expertise and the evaluations of other prospective nominees. In connection with this evaluation, the Committee determines whether to interview the prospective nominee, and if warranted, one or more members of the Committee, and others as appropriate, interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Committee.

With regard to the Company's newest directors, Mr. Slaven who was appointed in July 2003, Mr. Speaks who was appointed in May 2004, and Dr. Miller who was appointed in July 2004, they were initially suggested to the Nominating and Governance Committee as Board candidates for consideration by Christian and Timbers, an independent executive search firm retained by the Company to assist the committee in identifying qualified independent candidates for addition to the Board. Christian and Timbers was charged with the task of identifying, screening and interviewing potential candidates for submission to the Nominating and Corporate Governance Committee. In 2003 and 2004, Christian and Timbers was engaged by the Company and was paid fees for its services. Additionally, Christian and Timbers suggested Mr. Chase to the Board of Directors for consideration as the Company's Chief Executive Officer. Mr. Chase was appointed to the Board in September 2004 in connection with his appointment as the new Chief Executive Officer of the Company.

May a stockholder submit a proposal for consideration at an annual meeting, including a recommendation for a director nominee?

The Nominating and Governance Committee will consider stockholder proposals properly submitted to the Company, including recommendations of qualified director nominee(s), in accordance with the procedures set forth below. In order to have a stockholder proposal included in the Company's proxy statement for the 2005 annual meeting, a stockholder must submit the proposal and other relevant information in writing to the attention of the Company's Secretary at its principal executive offices no later than March 29, 2005. In order to have a stockholder proposal considered by the Nominating and Governance Committee for the 2005 annual meeting but not necessarily included in the proxy statement if the stockholder fails to submit the proposal within the above stated deadline, a stockholder must submit the proposal and other relevant

Table of Contents

information in writing to the attention of the Company's Secretary at its principal executive offices no earlier than February 28, 2005 and no later than the close of business on March 29, 2005. The stockholder must submit the following relevant information for either consideration by the Nominating and Governance Committee or inclusion in the proxy statement for the 2005 annual meeting: (1) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting; (2) the name and address, as they appear on the Company's books, of the stockholder proposing such business; (3) the class and number of shares of the Company's common stock which are beneficially owned by the stockholder; (4) any material interest of the stockholder in such business; and (5) any other information that is required to be provided by the stockholder pursuant to Regulation 14A under the Securities and Exchange Act of 1934, as amended (Exchange Act), in the stockholder's capacity as a proponent to the proposal. Only proposals properly submitted as set forth above and in compliance with rules and regulations promulgated pursuant to Regulation 14A under the Exchange Act will be included in the proxy statement for the 2005 annual meeting and/or considered by the Nominating and Governance Committee as an agenda item for the 2005 annual meeting.

With respect to recommendations of director nominee(s), the stockholder must submit the following relevant information in writing to the attention of the Chairman of the Nominating and Governance Committee, David Woodrow, c/o Terayon Communication Systems, Inc., 4988 Great America Parkway, Santa Clara, CA 95054 in accordance with the deadlines set forth above: (1) the name, age, business and residence address of the prospective candidate; (2) the principal occupation or employment of the prospective candidate; (3) the class and number of shares of the Company's common stock, if any, which are beneficially owned by the prospective candidate; (4) a description of all arrangements or understandings between the stockholder and the prospective candidate pursuant to which the nomination is to be made by the stockholder if the stockholder and the prospective candidate are different individuals; and (5) any other information that is required to be provided by the stockholder pursuant to Regulation 14A under the Exchange Act. Once the Nominating and Governance Committee receives the stockholder recommendation, it may deliver to the prospective candidate a questionnaire that requests additional information about the candidate's independence, qualifications and other matters that would assist the Nominating and Governance Committee in evaluating the candidate, as well as certain information that must be disclosed about the candidate in the Company's proxy statement or other regulatory filings, if nominated.

The Nominating and Governance Committee will not evaluate candidates differently based on who has made the proposal.

Greater detail about the submission process for stockholder proposals are set forth in the Company's bylaws, a copy of which may be obtained by making a written request to the Company's Secretary at the address of its principal executive offices.

Are there any minimum qualifications required for consideration as a director nominee?

In considering candidates for the Board, the Nominating and Governance Committee will consider the entirety of each candidate's credentials. As set forth in its charter, the Nominating and Governance Committee shall consider various qualifications such as broad experience in business, finance or administration, familiarity with national and international business matters, familiarity with the Company's industry, prominence and reputation. In addition, the Committee will consider the candidate's ability to serve the long-term interests of the Company's stockholders and availability to devote time to the Company's affairs. The Nominating and Governance Committee will also use its best efforts to seek to ensure that the composition of the Board at all times adheres to the independence requirements applicable to companies listed on the Nasdaq National Market, as well as other regulatory requirements applicable to the Company.

How may Company stockholders communicate with the Board?

The Board believes that full and open communication between stockholders and members of the Board is in the Company's best interests and the best interests of its stockholders. Stockholders can contact any director or committee of the Board by writing to the Chief Executive Officer, c/o Terayon Communication

Table of Contents

Systems, Inc. at 4988 Great America Parkway, Santa Clara, CA 95054. The Chief Executive Officer will determine the extent to which such stockholder communications should be disseminated to members of the Board and what response, if any, should be made to such communications. Generally, communications will be forwarded to all directors if they relate to substantive matters and include suggestions or comments that are considered to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to personal grievances and matters as to which the company may receive repetitive or duplicative communications. Comments or complaints relating to the Company's accounting, internal accounting controls or auditing matters may be referred directly to the Company's Audit Committee by writing to Chairman of the Audit Committee, Mark Slaven, c/o Terayon Communication Systems, Inc. at 4988 Great America Parkway, Santa Clara, CA 95054. In view of recently adopted disclosure requirements by the Securities and Exchange Commission related to stockholder communications, the Nominating and Governance Committee may consider the development of more specific procedures. Until any other procedures are developed and posted on the Company's web site, any stockholder communication should be directed to the attention of the persons and address noted above.

Board Membership and Independence

Our Board is divided into three classes. Each class consists, as nearly as possible, of one-third of the total number of directors, and each class has a three-year term. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy in a class shall serve for the remainder of the full term of that class, and until the director's successor is elected and qualified. This includes vacancies created by an increase in the number of directors.

The Board presently has nine members. Mr. Speaks and Dr. Miller were appointed to the Board in May and July of 2004, respectively. The Nominating and Governance Committee recommended, and the Board subsequently appointed, Mr. Speaks and Dr. Miller to the Board in consideration of the new listing standards of the National Association of Securities Dealers requiring a majority of independent directors on the Board. In addition, the Nominating and Governance Committee deemed it advisable to nominate Mr. Speaks and Dr. Miller to the Board based on their determination that new, independent directors would bring a fresh perspective to discussions about the direction and development of the Company. Mr. Chase was appointed to the Board in September 2004 in connection with his appointment as the new Chief Executive Officer of the Company.

There are three Class III directors, Dr. Rakib and Messrs. Chase and Slaven, whose term of office expires in 2004. If elected at the Annual Meeting, each of these nominees would serve until the 2007 Annual Meeting or until his successor is elected and has qualified, or until the director's death, resignation or removal.

Among the current members of the Board, the Board has determined that Messrs. Slaven, Solomon, Speaks, Woodrow, and Dr. Miller, are independent as that term is defined in Rule 4200 of the listing standards of the National Association of Securities Dealers. In making this determination, the Board considered transactions and relationships between each director or his immediate family and the Company and its subsidiaries, including those reported in the section below captioned, "Certain Relationships and Related Transactions." The purpose of this review was to determine whether any such relationships or transactions were material and, therefore, inconsistent with a determination that the director is independent. As a result of this review, the Board affirmatively determined, based on its understanding of such transactions and relationships, that Messrs. Slaven, Solomon, Speaks, Woodrow, and Dr. Miller, are independent of the Company and, therefore, a majority of the members of the Board is independent, under the standards set forth by the Nasdaq rules.

The following is a brief biography of each nominee and each director whose term will continue after the Annual Meeting.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Board has selected Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 31, 2004 and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting. If the stockholders fail to ratify the selection, the Audit Committee and the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee and the Board in their discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of Ernst & Young LLP. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

**EMPLOYMENT CONTRACTS, TERMINATION OF EMPLOYMENT
AND CHANGE OF CONTROL AGREEMENTS**

In February 2003, the Company entered into an employment agreement with Dr. Rakib, which established him as the Chief Executive Officer of the Company. Dr. Rakib's employment agreement did not provide for any specified compensation arrangement, and was superseded by the transition agreement described below.

In August 2004, Mr. Lopez entered into a new employment agreement with the Company which superseded his prior employment agreement entered into in October 1999. Pursuant to the terms of his new employment agreement, Mr. Lopez's employment is on an at will basis and he may be terminated at any time for convenience by the Company. Mr. Lopez's base salary is set at \$230,000 per year. In the event Mr. Lopez's employment is terminated by the Company without cause or Mr. Lopez terminates his employment with the Company for good reason or for any other reason after October 1, 2004, Mr. Lopez is entitled to the following severance benefits: (a) a severance payment equal to \$345,000; (b) subject to certain limitations, continuation of his employee benefits, at the Company's expense, for twelve months after termination; (c) outplacement and career counseling services, at the Company's expense, provided, that the expense shall not exceed \$57,500 or in the event that Mr. Lopez elects not to use such services, the Company will pay a lump sum payment of \$57,500 to him; and (d) vesting of Mr. Lopez's outstanding unvested stock options for a period of one year following the termination date. In connection with receipt of the severance benefits, Mr. Lopez would reaffirm his continuing obligations after termination under the proprietary information and invention assignment agreement that he signed upon his employment, and would enter into a release of claims with the Company. The company continues to be bound by the Indemnity Agreement that the Company entered into with Mr. Lopez on July 7, 2004. Any severance payments and benefits that Mr. Lopez receives under his employment agreement would reduce any compensation or severance benefits that he would otherwise be entitled to receive under his change of control severance agreement discussed below.

In January 2003, the Company entered into an employment agreement with Arthur Taylor, which established Mr. Taylor as the Company's Chief Financial Officer beginning in February 2003 with a base salary of \$250,000, and granted Mr. Taylor a stock option to purchase 325,000 shares of the Company's common stock. Mr. Taylor resigned as Chief Financial Officer on July 31, 2004.

In July 2003, the Company entered into an employment agreement with Douglas Sabella, which established Mr. Sabella as the Company's Chief Operating Officer beginning in July 2003 with a base salary of \$300,000, and granted Mr. Sabella a stock option to purchase 500,000 shares of the Company's common stock. In June 2004, Mr. Sabella announced his intention to resign as Chief Operating Officer of the Company and entered into a separation agreement with the Company pursuant to which his resignation was effective as

Table of Contents

of July 16, 2004. In connection with his resignation, Mr. Sabella received a lump sum payment of \$300,000, less taxes and withholdings, and continuation of benefits under group health, disability, life insurance and other welfare benefit plans for a period of 12 months following the resignation date. In connection with the lump sum payment, Mr. Sabella reaffirmed his ongoing obligations under the proprietary information and invention assignment agreement that he signed upon his employment, and entered into a release of claims with the Company. The separation agreement superseded Mr. Sabella's then existing employment agreement and terminated his change of control severance agreement as of the date he resigned as Chief Operating Officer.

In January 2004, the Company entered into change of control severance agreements with each of its executive officers, Dr. Rakib and Messrs. Lopez, Rakib, Sabella and Taylor. These agreements provide for the payment of severance and acceleration of stock option upon the termination of employment other than for cause or with good reason within twelve months of a change of control. Under the change of control severance agreements 100% of unvested options would vest upon such termination. The change of control severance agreements also provide for a severance payment equal to 100% of base and target incentive compensation in the case of Messrs. Lopez, Sabella and Taylor, and 150% of base and target incentive compensation in the case of Dr. Rakib and Mr. Rakib, plus outplacement benefits (the value of which shall not exceed 25% of each executive's annual base salary) and continued benefits under the Company's group health, disability, life insurance and other welfare benefit plans for a period of 12 months following termination. Any payment or benefit that Dr. Rakib and Mr. Rakib would otherwise be entitled to receive pursuant to their change of control severance agreements would be reduced by the severance payments and benefits that each of Dr. Rakib and Mr. Rakib received pursuant to their transition agreement and employment agreement, respectively, as discussed below. In addition, the change of control severance agreements will no longer be applicable to Dr. Rakib and Mr. Rakib and they would not be entitled to receive any payment pursuant to these agreements after they are no longer employees of the Company after their one-year transition periods as further discussed below. Any payment that Mr. Lopez would otherwise be entitled to receive pursuant to his change of control severance agreement would be reduced by any severance payment or benefits that he receives pursuant to his employment agreement discussed above. The change of control severance agreements are no longer applicable to Messrs. Taylor and Sabella as they have since resigned from the Company.

Change of control is defined in the change of control agreement as an acquisition of more than 50% of the Company's outstanding voting securities, a stockholder approved merger, consolidation or reorganization of more than 51% of the Company's outstanding voting securities, a stockholder approved liquidation or dissolution of the Company or the agreement for the sale or dissolution of all or substantially all of the assets of the Company to a third party. Cause is defined in the change of control agreement as fraud, misappropriation, embezzlement or willful engagement in misconduct that is demonstrably and materially injurious to the Company and its subsidiaries taken as a whole. Good reason is defined in the change of control agreement as a change in job duties, status, position, responsibilities or salary, a failure to pay compensation, material change in a benefit plan, breach of the change of control severance agreement, insolvency, relocation that is more than 60 miles from Santa Clara, California or Company's termination attempts that do not comply with the severance agreement.

In May 2004, Dr. Rakib announced his resignation as the Chief Executive Officer of the Company, which resignation became effective on September 7, 2004. Following his resignation, Dr. Rakib was appointed as Chairman of the Board. In connection with this transition, Dr. Rakib entered into a transition agreement with the Company pursuant to which he would remain with the Company as an employee for one year after his resignation as Chief Executive Officer. Pursuant to the agreement, Dr. Rakib also received a lump sum payment of \$1,350,000, less taxes and withholdings. During the one-year period that Dr. Rakib remains an employee of the Company, his outstanding options will continue to vest in accordance with their terms, and he continues to receive benefits under group health, disability, life insurance and other welfare benefit plans. Prior to the end of that one year period the Company cannot terminate Dr. Rakib's employment except for cause, which is generally defined as certain types of crime generally involving dishonesty, willful material misconduct as determined by the Company's board of directors or failure to comply in any material respect with the terms of the transition agreement. In connection with his receipt of the lump sum payment, Dr. Rakib entered into a release of claims. Dr. Rakib has also entered into a proprietary information and invention assignment agreement. He also is subject to covenants not to compete and not to solicit customers and employees while he

is an employee or director of the Company and for one year afterwards. The transition agreement superseded Dr. Rakib's existing employment agreement except that Dr. Rakib's existing change of control severance agreement, as discussed above, remains in effect as amended by the transition agreement while he is an employee. The severance payments and benefits under the transition agreement reduce any compensation and severance benefits that he would otherwise be entitled to receive under his change of control severance agreement. In addition, the change of control agreement discussed above will no longer be applicable to Dr. Rakib and he would not be entitled to receive any payment or benefit pursuant to that agreement after he is no longer an employee of the Company after the one-year transition period.

In May 2004, Mr. Rakib announced his resignation as Chairman of the Board, which resignation became effective on September 8, 2004. Additionally, on October 1, 2004, Mr. Rakib resigned as President and Chief Technology Officer of the Company. Mr. Rakib remains as a director of the Company. In connection with this transition, Mr. Rakib entered into an agreement with the Company pursuant to which he would remain with the Company as an employee for one year after his resignation as President and Chief Technology Officer. Pursuant to the agreement, Mr. Rakib also received a lump sum payment of \$1,350,000, less taxes and withholdings. During the one-year period that Mr. Rakib remains an employee of the Company, his outstanding options will continue to vest in accordance with their terms, and he continues to receive benefits under group health, disability, life insurance and other welfare benefit plans. Prior to the end of that one year period the Company cannot terminate Mr. Rakib's employment except for cause, which is generally defined as certain types of crime generally involving dishonesty, willful material misconduct as determined by the Company's board of directors or failure to comply in any material respect with the terms of the transition agreement. In connection with his receipt of the lump sum payment, Mr. Rakib entered into a release of claims. Mr. Rakib has also entered into a proprietary information and invention assignment agreement. He also is subject to covenants not to compete and not to solicit customers and employees while he is an employee or director of the Company and for one year afterwards. The transition agreement superseded Mr. Rakib's existing employment agreement except that Mr. Rakib's existing change of control severance agreement, as discussed above, remains in effect as amended by the transition agreement while he is an employee. The severance payments and benefits under the transition agreement reduce any compensation and severance benefits that he would otherwise be entitled to receive under his change of control severance agreement. In addition, the change of control agreement discussed above will no longer be applicable to Mr. Rakib and he would not be entitled to receive any payment or benefit pursuant to that agreement after he is no longer an employee of the Company after the one-year transition period.

On July 22, 2004, Mr. Chase entered into a letter agreement with the Company providing for his appointment as the new Chief Executive Officer of the Company effective as of September 8, 2004. Pursuant to the letter agreement, Mr. Chase is to receive an annual salary of \$400,000. Mr. Chase is also eligible to receive an annual bonus of up to seventy-five percent of his base salary, the payment of which is based on the achievement of certain goals to be defined by the Company's Board of Directors. In the event Mr. Chase's employment is terminated by the Company without cause or Mr. Chase terminates his employment with the Company for good reason at any time on or before September 8, 2007, Mr. Chase is entitled to the following severance benefits: (a) a severance payment equal to twelve months of his then base salary; (b) subject to certain limitations, continuation of his employee benefits, at the Company's expense, for the duration of such twelve months period; and (c) outplacement and career counseling services, at the Company's expense, provided, that the expense shall not exceed twenty-five percent of his then base salary. Mr. Chase also was granted an option to purchase 800,000 shares of Common Stock of the Company under the 1997 Equity Incentive Plan, at an exercise price per share of \$1.67, which represented the closing selling price per share of the Company's common stock on the Nasdaq National Market on September 8, 2004. The option will vest over a four year period, twenty-five percent of which will vest on September 8, 2005 and the remainder will vest on a monthly basis thereafter.

Mr. Chase further entered into a change of control severance agreement with the Company, dated as of July 22, 2004. The agreement provides, among other things, that, during the term of the agreement, in the event Mr. Chase's employment with the Company is terminated within twelve months of a change of control of the Company, other than for cause by the Company or for good reason by him, Mr. Chase would be entitled

Table of Contents

to the following severance benefits: (i) a severance payment equal to one hundred percent of his then base salary and target bonus; (ii) subject to certain limitations, continuation of his employee benefits, at the Company's expense, for the duration of such twelve months period; and (iii) full vesting of all of his unvested stock options upon termination of his employment. Any severance benefits provided to Mr. Chase under the severance agreement in connection with a change of control of the Company are offset and reduced by the value of any Severance Benefits that Mr. Chase may be entitled to receive under his letter agreement discussed above. The severance agreement is in effect until September 8, 2007. The definitions of change of control, cause and good reason under Mr. Chase's change of control severance agreement are the same as those applicable to Dr. Rakib and Messrs. Rakib and Lopez under their change of control severance agreement as discussed above.

review and approve corporate goals and objectives relevant to executive officers and evaluation of their performance in light of those goals and objectives;

approve salaries, bonuses and all equity-based compensation of the Company's officers;

review the Company's benefit programs and review and approval of all incentive performance-based and equity based plans, plus review and approve other plans submitted to the Compensation Committee by management; and

review and approve the terms of employment contracts of the Company's officers.

COMPENSATION PHILOSOPHY

The goals of the Company, the Board and the Compensation Committee are to align compensation with business objectives and performance and to enable the Company to attract, retain and reward officers and other key employees who contribute to the long-term success of the Company and to motivate them to enhance long-term stockholder value. Key elements of this philosophy are:

The Company pays competitively compared to leading technology companies with which the Company competes for talent. To ensure that pay is competitive, the Company regularly compares its pay practices with these companies and establishes its pay parameters based on this review.

The Company considers individual and corporate performance and an individual's levels of responsibility, prior experience, breadth of knowledge and skill set in establishing an individual's level of compensation.

The Company maintains annual incentive opportunities sufficient to provide motivation to achieve specific operating goals and to generate rewards that bring total compensation to competitive levels.

The Company provides significant equity-based incentives for executives and other key employees to ensure that they are motivated over the long term to respond to the Company's business challenges and opportunities as owners and not just as employees.

Philosophy Regarding Section 162(m) of the Code. Section 162(m) of the Code limits the Company to a deduction for federal income tax purposes of no more than \$1 million of compensation paid to certain named executive officers in a taxable year. Compensation above \$1 million may be deducted if it is performance-based compensation within the meaning of the Code. While the Compensation Committee considers and attempts to preserve deductibility in executive compensation, it believes that stockholder interests are best

Table of Contents

preserved in not restricting the Compensation Committee's discretion and flexibility in crafting and adopting compensation programs, even if such programs may result in certain non-deductible compensation expenses. Accordingly, the Compensation Committee may in the future approve compensation arrangements for certain officers that are not fully deductible. Further, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, no assurance can be given, notwithstanding any of the Company's efforts, that compensation intended by the Company to satisfy the requirements for deductibility under Section 162(m) does in fact do so.

The Compensation Committee has determined that stock options granted under the Company's 1997 Equity Incentive Plan (1997 Plan) with an exercise price at least equal to the fair market value of the Company's common stock on the date of grant shall be treated as performance-based compensation.

Long-Term Incentives. The Company believes in providing its employees, including its executive officers, with equity incentive through the form of stock option to provide employees with a personal incentive in the Company and as a retention mechanism. The Company believes that providing employees with such equity incentives builds long-term stockholder value and aligns the interests of the employees and the stockholders. The Company's long-term equity incentive program consists of the 1997 Plan and the 1999 Plan. The equity incentive programs utilize vesting periods (generally four or five years for new hire stock option grants and shorter periods for stock option refresh grants) to encourage key employees to continue in the employ of the Company. Grants are made at 100% of the fair market value on the date of grant. Executives receive value from these grants only if the value of the Company's common stock appreciates over the long-term. The size of option grants is determined based on competitive practices of comparable and leading companies in the technology industry and the Company's philosophy of significantly linking executive compensation with stockholder interests.

CHIEF EXECUTIVE OFFICER COMPENSATION

Dr. Rakib's base salary in 2003 was \$450,000, and Dr. Rakib was eligible to receive a bonus of up to \$216,563 under the Company's 2003 Executive Incentive Compensation Plan (Compensation Plan), which would have been paid in 2004. Dr. Rakib voluntarily waived his right to receive his bonus and consequently did not receive any payout under the Compensation Plan, which is described below. The Compensation Committee, and in the past the Board, reviews Dr. Rakib's compensation annually and sets Dr. Rakib's compensation. The Compensation Committee took into account (i) its belief that Dr. Rakib is the Chief Executive Officer of a technology company that designs, develops and sells broadband equipment, (ii) the scope of Dr. Rakib's responsibility and (iii) Dr. Rakib's ability to lead the Company's continued development.

In 2003, the Board, upon the recommendation of the Compensation Committee, implemented the Compensation Plan for certain of the Company's officers, including the Chief Executive Officer and each of the executive officers. The Compensation Plan was a bonus plan in which the Company's officers would be eligible to receive a bonus based on (i) the Company's performance and (ii) qualitative performance by the officer. The Chief Executive Officer would make a recommendation to the Compensation Committee on the qualitative performance of each of the officers and the Compensation Committee would evaluate the Chief Executive Officer's performance. Any payment from the Compensation Plan would be based on a percentage of the officer's base pay.

In 2003, the Board, upon the recommendation of the Compensation Committee, implemented a stock option refresh program for all employees, including the Chief Executive Officer and the other executive officers. In determining the size of the stock option grant to the Chief Executive Officer (and other employees, including the executive officers), the Compensation Committee and the Board considered the Company's policy of providing officers with significant equity incentives to retain such executives (and employees), stock option grants being provided by other companies that design, develop and sell broadband equipment and the size and value of outstanding stock option grants. The Board, upon the recommendation of the Compensation Committee, provided Dr. Rakib with a stock option grant of 500,000 shares that would vest fifty percent (50%) on each of the first and second year anniversary of the grant date, May 28, 2003 (the vesting schedule was the same for all other employees, including executive officers).

OTHER EXECUTIVE OFFICERS COMPENSATION

In 2003, the Company hired two of its executive officers, Messrs. Sabella and Taylor. In reviewing and approving the compensation, including base salary and incentive compensation (in both the form of equity in stock options and target compensation in the form of the Compensation Plan) of Messrs. Sabella and Taylor, as well as Messrs. Lopez and Rakib, the Compensation Committee and the Board considered the recommendation of the Chief Executive Officer, to the extent available, the salary norms for persons in comparable positions at comparable companies and the person's experience. The fiscal 2003 salaries of the Chief Executive Officer and Messrs. Lopez, Rakib, Sabella and Taylor are shown in the Executive Compensation Summary Table.

Delivery of This Proxy Statement

The SEC has adopted rules that permit the Company and its intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," could provide the Company with cost savings.

This year, a number of brokers with account holders who are the Company's stockholders will be householding our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or the Company that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, please notify your broker or direct your written request to Terayon Communication Systems, Inc., Attn: Corporate Secretary, 4988 Great America Parkway, Santa Clara, CA 95054.

Stockholders who currently receive multiple copies of the proxy materials at their address and would like to request householding of their communications should contact their broker.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company has entered into indemnity agreements with all directors and executive officers of the Company. The indemnity agreement provides, among other things, that the Company will indemnify such officer or director, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he may be required to pay in actions or proceedings which he or she is or may be made a party by reason of his position as a director, officer or other agent of the Company, and otherwise to the fullest extent permitted under Delaware law and the Company's Bylaws.

Table of Contents

Mr. Krstajic, a director of the Company, was the Senior Vice President Interactive Services, Sales and Product Development for Rogers Cable, Inc., a wholly-owned subsidiary of Rogers Communications, Inc. until January 2003. Until April 2003, Rogers was a related party to the Company. Consequently, revenues attributed to Rogers were classified as related party revenues in the first quarter of 2003. During the fiscal year ended December 31, 2003, Rogers Communications, Inc. purchased equipment and services from the Company, which accounted for approximately \$1.5 million worth of the Company's related party revenues.

During the fiscal year ended December 31, 2003, Harmonic, Inc. purchased equipment and services from the Company, which accounted for approximately \$3.2 million worth of the Company's related party revenues. Mr. Solomon, a director of the Company, is also a member of the Board of Directors of Harmonic, Inc.

During fiscal 2003, the Company employed Suzan Fishel, a sister of Dr. Rakib and Mr. Rakib. She was paid an aggregate salary of \$97,363 for her services during the year.

In January 2004, YAS Corporation (YAS), an entity affiliated with Rouzbeh Yassini-Fard, the Company's Interim Head of Data Business from June to November 2004, entered into a consulting agreement with the Company. Pursuant to the consulting agreement, YAS agreed to provide the Company with consulting and market development services primarily in connection with the Company's cable modem termination system (CMTS) products for a term, unless earlier terminated, until December 31, 2006. The scope of YAS's consulting relationship is subject to specific tasks set forth in a statement of work agreed upon by YAS and the Company. Five specified consultants associated with YAS, including Dr. Yassini-Fard, agreed to provide consulting services to the Company on a non-exclusive basis. In consideration for its services, the Company agreed to pay YAS's approved expenses and the following fees: (i) \$140,000 per month for 2004, (ii) \$50,000 per month for 2005 and (iii) \$40,000 per month for 2006. Additionally, YAS would be paid a commission based on the number of sales of the Company's CMTS products during the term of the agreement to the top fifteen North American Multiple System Operators, provided the aggregate commission to be paid to YAS would not exceed \$4,920,000. The consulting agreement also sets forth the rights of the parties with respect to ownership of intellectual property created during the term of the agreement, with intellectual property created by YAS and its consultants belonging to YAS and intellectual property created by the Company and its employees belonging to the Company. The Company also agreed to indemnify YAS and its consultants in connection with YAS's provision of services to the Company. In addition to the consulting relationship entered into with the Company in January 2004, Dr. Yassini-Fard and entities affiliated with him have acted as consultants to the Company in the past pursuant to prior consulting arrangements with the Company which have since expired. In fiscal year 2003, the consulting firm associated with Dr. Yassini-Fard, YAS Corporation, was paid an aggregate of \$50,000 for its consulting services to the Company. From January to October 2004, YAS Corporation has been paid an aggregate of \$1,700,000 for its consulting services to the Company.

In June 2004 in connection with Dr. Yassini-Fard's appointment as Interim Head of Data Business of the Company, the consulting agreement with YAS was orally amended. The modified arrangement with YAS provided, among other things, that Dr. Yassini-Fard would serve on a full-time basis as Interim Head of Data Business until August 31, 2004. In that capacity, Dr. Yassini-Fard would have the full authority to operate the Data Business but would be required to report to the Executive Committee of the Board on a regular basis. The Executive Committee of the Board was dissolved upon the appointment of the Company's new Chief Executive Officer, and Mr. Yassini-Fard reported directly to the Company's Board of Directors. YAS also added six additional consultants to work with the Company. In connection with Dr. Yassini-Fard's modified role on an interim basis and the addition of six consultants, the monthly fee payable to YAS increased from \$140,000 to \$180,000. The other terms of the existing consulting agreement with YAS remain unaffected. Dr. Yassini-Fard's position as the Company's Interim Head of Data Business was extended to December 2004. In November 2004, the Company and Dr. Yassini-Fard agreed that he should no longer continue as the Company's Interim Head of Data Business, but the Company continues to engage YAS as a consultant to the Company pursuant to the terms and conditions of the original consulting agreement with YAS discussed above. Consequently, Dr. Yassini-Fard's monthly fee payable to YAS was reduced to \$140,000 through December 2004.

TERAYON COMMUNICATION SYSTEMS, INC.

Authority and Purpose

The Audit Committee of Terayon Communication Systems, Inc. (the Company) is appointed by the Company's Board of Directors (the Board) to oversee the accounting and financial reporting processes of the Company and audits of the financial statements of the Company. The Audit Committee (the Committee) shall undertake those specific duties and responsibilities listed below and such other duties as the Board shall from time to time prescribe. All powers of the Committee are subject to the restrictions designated in the Company's Certification of Incorporation, Bylaws and applicable rules and regulations.

Statement of Policy

The Committee shall oversee the accounting and financial reporting processes of the Company and audits of the financial statements of the Company. In so doing, the Committee shall endeavor to maintain free and open means of communication between the directors, the independent auditors and the financial management of the Company. In addition, the Committee shall review the policies and procedures adopted by the Company to fulfill its responsibilities regarding the fair and accurate presentation of financial statements in accordance with generally accepted accounting principles and applicable rules and regulations of the Securities and Exchange Commission and the National Association of Securities Dealers (the NASD) applicable to Nasdaq listed issuers. The Committee shall discharge its responsibilities and shall access the information provided by the Company's management and the independent auditors, in accordance with its business judgment. In exercising its business judgment, the Committee shall be entitled to rely on the information and advice provided by the Company's management and/or its independent auditors.

Committee Structure and Membership

Committee members shall be elected annually by the Board, based on the recommendation of the Nominating and Governance Committee, and shall serve until their successors shall be duly elected and qualified. Committee members may be removed at any time by vote of the Board.

The Committee shall be comprised of three or more directors, as determined by the Board. Each member of the Committee shall be an independent director as defined by all applicable rules and regulations. In addition, for purposes hereof, an independent director shall be one:

who accepts no consulting, advisory or other compensatory fee from the Company other than in his or her capacity as a member of the Committee, the Board or any other committee of the Board or is not otherwise an affiliated person of the Company; and

who is free from any relationship that, in the opinion of the Board, would interfere with the exercise of his or her independent judgment in carrying out the responsibilities of a director.

Each member of the Committee shall be able to read and understand fundamental financial statements in accordance with the rules of the NASD applicable to Nasdaq listed issuers. At least one member of the Committee shall be a financial expert, as defined by Section 407 of the Sarbanes-Oxley Act of 2002, having an understanding of generally accepted accounting principles and financial statements, experience in the preparation or auditing of financial statements of companies generally comparable to the Company, experience in the application of generally accepted accounting principles in connection with the accounting for estimates, accruals and reserves, experience with internal accounting controls and an understanding of audit committee functions.

session of the Committee absent members of management and on such terms and conditions as the Committee may elect. As part of its job to foster open communication, the Committee should, to the extent practical and appropriate, meet periodically with management, the director of the internal auditing function, if any, and the independent auditor in separate executive sessions to discuss any matters that the Committee or each of these groups believes should be discussed privately.

Unless the Chairman of the Committee is elected by the Board, the Committee shall elect a Chairman by majority vote.

Powers

The Committee shall have the power to conduct or authorize investigations into any matters within the Committee's scope of responsibilities. The Committee shall be empowered, without the approval of the Board or management, to engage and compensate independent legal and other advisors, as it determines necessary to carry out its duties. While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete, accurate or in accordance with generally accepted accounting principles or applicable law. Those tasks are the responsibility of management and the independent auditor. The Board and the Committee are in place to represent the Company's stockholders. Accordingly, the independent auditor is ultimately accountable to the Board and the Committee.

Responsibilities

The Committee's policies and procedures should remain flexible, in order to best react to changing conditions and to ensure to the Board and the Company's stockholders that the corporate accounting and reporting practices of the Company are in accordance with all requirements and are of the highest quality.

In meeting its responsibilities, the Committee is expected to:

1. Review and reassess the adequacy of this Charter periodically, and no less frequently than annually, and recommend to the Board any necessary amendments as conditions dictate.

2. With respect to the Company's independent auditors:

a. The Committee is responsible for the appointment, compensation and oversight of the work of the Company's independent auditors. The Committee shall pre-approve all auditing services (including the provision of comfort letters) and non-audit services provided by the independent auditors to the Company, other than as may be allowed by applicable law. The Committee may delegate to one or more designated Committee members the authority to grant pre-approvals required by the foregoing sentence. The decisions of any Committee member to whom authority is delegated hereunder shall be presented to the Committee at each of its scheduled meetings. The independent auditors shall be ultimately accountable to the Board and to the Committee. Notwithstanding anything to the contrary contained in the foregoing, the Board shall have the opportunity to advise and consult with the Committee about the nomination of the independent auditors to be proposed for stockholder approval and the selection, evaluation and (when appropriate) replacement of the independent auditors.

b. Review the independence of the independent auditors, including a review of management consulting services, and related fees, provided by the independent auditors. The Committee shall require the independent auditors at least annually to provide a formal written statement delineating all relationships between the independent auditors and the Company consistent with the rules of the NASD applicable to Nasdaq listed issuers and request information from the independent auditors and management to determine the presence or absence of a conflict of interest. The Committee shall actively engage the auditors in a dialogue with respect to any disclosed relationships or services that may impact the objectivity and independence of the auditors. The Committee shall take, or recommend that the full Board take, appropriate action to oversee the independence of the auditors.

5. In connection with its review of the Company's interim and audited financial statements, if no report is made by the independent auditors and management, the Committee shall inquire of the Company's management and the independent auditors as to whether there were any significant financial reporting issues and judgments made in connection with the preparation of such financial statements, as well as the potential impact on the Company's financial statements of any proposed changes in accounting and financial reporting rules.

6. In consultation with the independent auditors, the internal audit department, if any, and management, consider and review at the completion of the annual examinations and such other times as the Committee may deem appropriate:

12. Prepare a report in the Company's proxy statement in accordance with SEC requirements.

13. To the extent appropriate or necessary, it is advisable that the Committee review the rationale for employing audit firms other than the principal independent auditors; and, where an additional audit firm has been employed, review the coordination of audit efforts to assure completeness of coverage, reduction of redundant efforts and the effective use of audit resources.

14. To the extent that it is practical, it is recommended that one or more members of the Committee periodically review, before release, the unaudited operating results in the Company's quarterly earnings release and/or discuss the contents the quarterly earnings release with management.

15. The Committee shall direct the independent auditors to use their best efforts to perform all reviews of interim financial information prior to disclosure by the Company of such information, and to discuss promptly with the Committee and the Chief Financial Officer any matters identified in connection with the auditors' review of interim financial information which are required to be discussed by Statement on Auditing Standards No. 61.

16. To the extent that it is practical, it is recommended that one or more members of the Committee meet periodically with or interview, in separate sessions, the Chief Financial Officer, the senior internal auditing executive and the independent audit firm engagement partner.

The Committee shall undertake those specific duties and responsibilities listed below and such other duties as the Board shall from time to time prescribe. All powers of the Committee are subject to the restrictions designated in the Company's Bylaws and by applicable law.

II. Committee Membership

Committee members shall be elected annually by the Board, based on the recommendation of the Nominating and Governance Committee, and shall serve until their successors shall be duly elected and qualified. Committee members may be removed at any time by vote of the Board.

The Committee shall consist of no fewer than three members. Each member of the Committee shall be an independent director as defined by all applicable rules and regulations. In addition, for purposes hereof, an independent director shall be one who is free from any relationship that, in the opinion of the Board, would interfere with the exercise of his or her independent judgment in carrying out the responsibilities of a director.

III. Structure and Meetings

The Committee shall conduct its business in accordance with this Charter, the Company's Bylaws and any direction by the Board. The Committee chairperson shall be designated by the Board, or, if it does not do so, the Committee members shall elect a chairperson by a vote of the majority of the full Committee.

The Committee shall meet at least four times a year at a time and place determined by the Committee chairperson, with further meetings to occur, or actions to be taken by unanimous written consent, when deemed necessary or desirable by the Committee or its chairperson.

The Chairperson of the Committee shall regularly report to the full Board on its proceedings and any actions that the Committee takes.

As necessary or desirable, the Chairperson of the Committee may invite any director, officer or employee of the Company, or other persons whose advice and counsel are sought by the Committee, to be present at meetings of the Committee, consistent with the maintenance of confidentiality of compensation discussions. relative stockholder return, the value of similar incentive awards to CEOs at comparable companies, and the awards given to the Company's CEO in past years.

b. Annually review and make recommendations to the Board with respect to non-CEO compensation, incentive-compensation plans and equity based-plans. The Committee shall attempt to ensure that the Company's compensation program is effective in attracting and retaining key employees, reinforces business strategies and objectives for enhanced stockholder value, and is administered in a fair and equitable manner consistent with established policies and guidelines.

c. EXHIBIT C

CHARTER OF THE NOMINATING AND GOVERNANCE COMMITTEE

TERAYON COMMUNICATION SYSTEMS, INC.

Authority and Purpose

The Nominating and Governance Committee (the Committee) of Terayon Communication Systems, Inc. (the Company) is appointed by the Company's Board of Directors (the Board) to advise and make recommendations to the Board with respect to corporate governance principles, Board and committee membership and directorship practices. The Committee shall undertake those duties and responsibilities listed below and such other duties as the Board shall from time to time prescribe.

Committee Membership

Committee members shall be elected annually by the Board, based on the recommendation of the Nominating and Governance Committee, and shall serve until their successors shall be duly elected and qualified. Committee members may be removed at any time by vote of the Board.

The Committee shall consist of no fewer than three members. Each member of the Committee shall be an independent director as defined by all applicable rules and regulations. In addition, for purposes hereof, an independent director shall be one who is free from any relationship that, in the opinion of the Board, would interfere with the exercise of his or her independent judgment in carrying out the responsibilities of a director.

Structure and Meetings

The Committee shall conduct its business in accordance with this Charter, the Bylaws and any direction by the Board. The Committee chairperson shall be designated by the Board, or, if it does not do so, the committee members shall elect a chairperson by a vote of the majority of the full Committee.

The Committee shall meet at least four times annually or as often as it determines necessary or appropriate at a time and place determined by the Committee chairperson. Actions of the Committee also may be taken by unanimous written consent, when deemed necessary or desirable by the Committee or its chairperson.

The Committee chairperson will preside at each meeting and, in consultation with the other members, will set the frequency and length of each meeting and the agenda of items to be addressed at each meeting. The chairperson of the Committee shall ensure that the agenda for each meeting is circulated to each member in advance of the meeting. The chairperson of the Committee shall regularly report to the full Board on its proceedings and any actions that the Committee takes.

As necessary or desirable, the chairperson of the Committee may invite any director, officer or employee of the Company, or other persons whose advice and counsel are sought by the Committee, to be present at meetings of the Committee.

Duties and Responsibilities

The duties of the Committee shall include, without limitation, the following:

(1) Monitor the size and composition of the Board and committees of the Board.

(2) Consider and make recommendations to the Board with respect to the nominations or elections of directors of the Company in connection with the slate of directors proposed for stockholder approval at annual meetings of stockholders and vacancies occurring on the Board from time to time, including vacancies resulting from an increase in the size of the Board, except that if the Company is at any time legally required by contract or otherwise to provide any third party with the ability to nominate a director,

the Committee need not evaluate or propose such nomination, unless required by contract or requested by the Board.

(3) Establish, review and evaluate the qualifications for Board membership.

(4) Solicit periodic input from the Board and conduct a review of the effectiveness of the structure and operations of the Board.

(5) Make recommendations to the Board concerning the appointment and removal of directors to committees of the Board and suggest rotations for chairpersons of committees as the Committee deems desirable from time to time.

(6) Make recommendations to the Board regarding committee structure and operations and delegated responsibilities of the committees.

(7) Evaluate and recommend any revisions to Board and committee meeting policies and logistics.

(8) Administer the annual self-evaluation by the Board, share the evaluation results with the full Board and lead Board discussions and analysis thereof.

(9) Establish, implement and monitor the processes for effective communication between the Company's stockholders and members of the Board.

(10) Establish, implement and monitor the processes for consideration of stockholder proposals properly submitted in accordance with the provisions of the Bylaws.

(11) Review all stockholders proposals properly submitted to the Company in accordance with the provisions of the Bylaws (including any proposal relating to the nomination of a member of the Board) and recommend to the Board appropriate action on each such proposal with input from an independent advisor and/or legal counsel, as appropriate.

(12) Review and reassess, periodically, the adequacy of this Charter and make recommendations to the Board regarding any revisions to this Charter from time to time as appropriate.

(13) Evaluate the effectiveness of and make recommendations to the Board with respect to policies, procedures and practices in furtherance of good corporate governance.

(14) Consider, undertake and make recommendations to the Board with respect to succession planning for the Company's senior management, including the Chief Executive Officer.

Selection of Directors

In considering directors for the Board, the Committee will review individuals from various disciplines and backgrounds. Among the qualifications to be considered in the selection of directors are broad experience in business, finance or administration; familiarity with national and international business matters; familiarity with the Company's industry; prominence and reputation. Since prominence and reputation in a particular profession or field of endeavor are what bring most persons to the Board's attention, there is the further consideration of whether the individual has the time available to devote to the work of the Board and one or more of its committees.

A review is also to be made of the activities and associations of each candidate to ensure that there is no legal impediment, conflict of interest, lack of independence or other consideration that might hinder or prevent or otherwise impair his or her service on the Board. In making its selection, the Committee will bear in mind that the foremost responsibility of a director of a Company is to represent the interests of the stockholders as a whole.

Committee Resources

The Committee shall have the authority, to the extent it deems necessary or appropriate, to retain a search firm to be used to identify director candidates. The Committee shall have sole authority to retain and terminate any such search firm, including sole authority to approve the firm's fees and other retention terms. The Committee shall also have authority, to the extent it deems necessary or appropriate, to retain other advisors, including outside legal counsel.
