INFORMATICA CORPORATION

**PROXY STATEMENT
FOR
2009 ANNUAL MEETING OF STOCKHOLDERS**

PROCEDURAL MATTERS

General

This Proxy Statement is being furnished to holders of common stock, par value \$0.001 per share (the **Common Stock**), of Informatica Corporation, a Delaware corporation (**Informatica** or the **Company**), in connection with the solicitation of proxies by the Board of Directors of Informatica for use at the Annual Meeting of Stockholders (the **Annual Meeting**) to be held on Tuesday, April 28, 2009 at 4:30 p.m., Pacific Time, and at any adjournment or postponement thereof for the purpose of considering and acting upon the matters set forth herein. The Annual Meeting will be held at Informatica's corporate offices, located at 100 Cardinal Way, Redwood City, CA 94063. The telephone number at that location is (650) 385-5000.

This Proxy Statement, the accompanying form of proxy card and the Company's 2008 Annual Report to Stockholders are first being mailed on or about March 11, 2009 to all stockholders entitled to vote at the Annual Meeting.

Stockholders Entitled to Vote; Record Date

Only holders of record of Informatica's Common Stock at the close of business on February 27, 2009 (the **Record Date**) are entitled to notice of and to vote at the Annual Meeting. Such stockholders are entitled to cast one vote for each share of Common Stock held as of the Record Date on all matters properly submitted for the vote of stockholders at the Annual Meeting. As of the Record Date, there were 86,870,588 shares of Common Stock outstanding and entitled to vote at the Annual Meeting. No shares of preferred stock were outstanding. For information regarding security ownership by management and by the beneficial owners of more than 5% of Informatica's Common Stock, see the section of this Proxy Statement entitled **Security Ownership by Principal Stockholders and Management**.

Quorum; Required Vote

The presence of the holders of a majority of the shares of Common Stock entitled to vote generally at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. Stockholders are counted as present at the meeting if they are present in person or have properly submitted a proxy card or voted by telephone or by Internet.

A plurality of the votes duly cast is required for the election of directors. The affirmative vote of a majority of the votes duly cast is required to approve the adoption of the Company's 2009 Equity Incentive Plan and to ratify the appointment of Ernst & Young LLP as the independent registered public accounting firm of the Company.

Under the General Corporation Law of the State of Delaware, an abstaining vote and a broker non-vote are counted as present and entitled to vote and are, therefore, included for purposes of determining whether a quorum is present at the Annual Meeting. An abstaining vote is deemed to be a vote cast and has the same effect as a vote cast against approval of a proposal requiring approval by a majority of the votes cast. However, broker non-votes are not deemed to be votes cast. As a result, broker non-votes are not included in the tabulation of the voting results on the election of directors or issues requiring approval of a majority of the votes cast and, therefore, do not have the effect of votes in opposition in such tabulations. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Table of Contents

Board of Directors Recommendation

The Board of Directors recommends that you vote your shares:

FOR the nominees for election as Class III directors;

FOR the adoption of the 2009 Equity Incentive Plan and the reservation of 9,000,000 shares of common stock for issuance thereunder; and

FOR the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2009.

Voting

Voting by telephone or the Internet. A stockholder may vote his or her shares by calling the toll-free number indicated on the enclosed proxy card and following the recorded instructions or by accessing the website indicated on the enclosed proxy card and following the instructions provided. When a stockholder votes by telephone or via the Internet, his or her vote is recorded immediately. Informatica encourages its stockholders to vote using these methods whenever possible.

Voting by proxy card. All shares entitled to vote and represented by properly executed proxy cards received prior to the Annual Meeting, and not revoked, will be voted at the Annual Meeting in accordance with the instructions indicated on those proxy cards. If no instructions are indicated on a properly executed proxy card, the shares represented by that proxy card will be voted as recommended by the Board of Directors. If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named as proxies in the enclosed proxy card and acting thereunder will have discretion to vote on those matters in accordance with their best judgment. The Company does not currently anticipate that any other matters will be raised at the Annual Meeting.

Voting by attending the meeting. A stockholder may also vote his or her shares in person at the Annual Meeting. A stockholder planning to attend the Annual Meeting should bring proof of identification for entrance to the Annual Meeting. If a stockholder attends the Annual Meeting, he or she may also submit his or her vote in person, and any previous votes that were submitted by the stockholder, whether by Internet, telephone or mail, will be superseded by the vote that such stockholder casts at the Annual Meeting. A stockholder may obtain directions to the Company's corporate headquarters in order to attend the Annual Meeting in the "Contact Us" section of the Company's website at <http://www.informatica.com>, or by calling 1-650-385-5000.

Changing vote; revocability of proxy. If a stockholder has voted by telephone or the Internet or by sending a proxy card, such stockholder may change his or her vote before the Annual Meeting.

A stockholder that has voted by telephone or the Internet may change his or her vote by making a timely and valid later telephone or Internet vote, as the case may be.

Any proxy card given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. A proxy card may be revoked by (1) filing with the Secretary of the Company, at or before the taking of the vote at the Annual Meeting, a written notice of revocation or a duly executed proxy card, in either case dated later

than the prior proxy card relating to the same shares, or (2) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not of itself revoke a proxy). Any written notice of revocation or subsequent proxy card must be received by the Secretary of the Company prior to the taking of the vote at the Annual Meeting. Such written notice of revocation or subsequent proxy card should be hand delivered to the Secretary of the Company or should be sent so as to be delivered to Informatica Corporation, 100 Cardinal Way, Redwood City, CA 94063, Attention: Corporate Secretary.

Expenses of Solicitation

Informatica will bear all expenses of this solicitation, including the cost of preparing and mailing this solicitation material. The Company may reimburse brokerage firms, custodians, nominees, fiduciaries and other

Table of Contents

persons representing beneficial owners of Common Stock for their reasonable expenses in forwarding solicitation materials to such beneficial owners. Directors, officers and employees of the Company may also solicit proxies in person or by telephone, letter, e-mail, telegram, facsimile or other means of communication. Such directors, officers and employees will not be additionally compensated, but they may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation. The Company may engage the services of a professional proxy solicitation firm to aid in the solicitation of proxies from certain brokers, bank nominees and other institutional owners. The Company's costs for such services, if retained, will not be significant.

Procedure for Submitting Stockholder Proposals

Requirements for stockholder proposals to be considered for inclusion in the Company's proxy materials. Stockholders may present proper proposals for inclusion in the Company's proxy statement and for consideration at the next annual meeting of its stockholders by submitting their proposals in writing to the Secretary of the Company in a timely manner. In order to be included in the Company's proxy materials for the 2010 annual meeting of stockholders, stockholder proposals must be received by the Secretary of the Company no later than November 11, 2009 and must otherwise comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the "Exchange Act").

Requirements for stockholder proposals to be brought before an annual meeting. In addition, the Company's Bylaws establish an advance notice procedure for stockholders who wish to present certain matters before an annual meeting of stockholders. In general, nominations for the election of directors may be made by (1) the Board of Directors, (2) the Corporate Governance and Nominating Committee or (3) any stockholder entitled to vote who has delivered written notice to the Secretary of the Company within the Notice Period (as defined below), which notice must contain specified information concerning the nominees and concerning the stockholder proposing such nominations. However, if a stockholder wishes only to recommend a candidate for consideration by the Corporate Governance and Nominating Committee as a potential nominee for the Company's Board of Directors, see the procedures discussed in Proposal One - Election of Directors - Corporate Governance Matters.

The Company's Bylaws also provide that the only business that may be conducted at an annual meeting is business that is (1) specified in the notice of meeting given by or at the direction of the Board of Directors, (2) properly brought before the meeting by or at the direction of the Board of Directors, or (3) properly brought before the meeting by any stockholder entitled to vote who has delivered written notice to the Secretary of the Company within the Notice Period (as defined below), which notice must contain specified information concerning the matters to be brought before such meeting and concerning the stockholder proposing such matters.

The "Notice Period" is defined as that period not less than 45 days nor more than 75 days prior to the anniversary of the date on which the Company first mailed its proxy materials for the previous year's annual meeting of stockholders. As a result, the Notice Period for the 2010 annual stockholder meeting will start on December 26, 2009 and end on January 25, 2010.

If a stockholder who has notified the Company of his or her intention to present a proposal at an annual meeting does not appear to present his or her proposal at such meeting, the Company need not present the proposal for vote at such meeting.

A copy of the full text of the Bylaw provisions discussed above may be obtained by writing to the Secretary of the Company or by accessing the Company's filings on the SEC's website at www.sec.gov. All notices of proposals by stockholders, whether or not included in the Company's proxy materials, should be sent to Informatica Corporation, 100 Cardinal Way, Redwood City, CA 94063, Attention: Corporate Secretary.

PROPOSAL ONE
ELECTION OF DIRECTORS

General

The Company's Board of Directors is currently comprised of nine members who are divided into three classes with overlapping three-year terms. A director serves in office until his or her respective successor is duly elected and qualified or until his or her earlier death or resignation. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of an equal number of directors. Three directors shall be elected at the Annual Meeting.

Nominees for Class III Directors

Three Class III directors are to be elected at the Annual Meeting for a three-year term ending in 2012. The term of office of each person elected as a director will continue until such director's term expires in 2012 or until such director's successor has been elected and qualified.

The Board of Directors recommends a vote FOR the nominees listed above.

Robel, Pidwell and Sullivan, each of whom is independent as defined in the listing standards of The NASDAQ Stock Market. Mr. Robel is the chairman of the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee met four times in 2008. This committee is responsible for making recommendations to the Board on matters concerning corporate governance, evaluating and recommending candidates for election to the Board of Directors, reviewing and making recommendations regarding the composition and mandate of Board committees, developing overall governance guidelines, and overseeing the performance of the Board of Directors. It is the policy of the Corporate Governance and Nominating Committee to consider recommendations of candidates for the Board of Directors submitted by the stockholders of the Company; for more information see the discussion in Corporate Governance Matters. The Corporate Governance and Nominating Committee acts pursuant to a written charter adopted by the Board of Directors, which is available in the Investor Relations section of the Company's website at <http://www.informatica.com>.

Strategy Committee. The Strategy Committee was established in January 2006 and currently consists of Messrs. Squire, Robel, Held, and Bertelsen, each of whom is independent as defined in the listing standards of The NASDAQ Stock Market. Mr. Squire is the Chairman of the Strategy Committee. This committee is responsible for assisting the Company's Board of Directors and management to oversee the Company's strategic plans. It is the committee's practice to meet quarterly.

Lead Independent Director. Mr. Robel was appointed Lead Independent Director in January 2009. As Lead Independent Director, among other things, Mr. Robel schedules and chairs meetings of the independent directors, communicates with the Chairman and Chief Executive Officer and raises issues with management on behalf of the independent directors when appropriate. In addition, the independent directors may hold a closed session at regularly scheduled Board meetings.

Director Compensation

Cash Compensation. In 2008, non-employee members of the Board of Directors received (1) an annual retainer of \$35,000, paid quarterly at the rate of \$8,750 per quarter; (2) \$15,000 paid quarterly at the rate of \$3,750 per quarter for the Lead Independent Director; (3) \$15,000 per year for each member of the Audit Committee (or \$20,000 if such member is the chairperson); (4) \$10,000 per year for each member of the Compensation Committee (or \$15,000 if such member is the chairperson); (5) \$5,000 per year for each member of the Corporate Governance and Nominating Committee (\$10,000 if such member is the chairperson) and (6) \$5,000 per year for each member of the Strategy Committee (\$10,000 if such member is the chairperson). In 2009, the Board of Directors increased the compensation for the chair of the Audit Committee to \$30,000 and for the chair of the Compensation Committee to \$20,000. In addition, there shall be a fee of \$1,000 for meetings deemed to be extraordinary based on their relation to special projects which require effort beyond traditional requirements.

Non-Employee Director Option Grants. Non-employee directors are eligible to receive options to purchase the Company's Common Stock pursuant to the Company's 1999 Non-Employee Director Stock Incentive Plan (the 1999 Director Plan), which provides for annual automatic grants of non-statutory stock options to continuing non-employee directors. Under the 1999 Director Plan, each non-employee director is automatically granted a non-statutory stock option grant of 60,000 shares of the Company's Common Stock upon his or her initial election to the Board of Directors (Initial Grant). Immediately following each annual stockholders' meeting, each non-employee director who continues to serve as a non-employee director following such annual meeting is automatically granted a non-statutory stock option to purchase 25,000 shares of the Company's Common Stock (Subsequent Grant), as long as

the director had been a non-employee director for at least six months prior to such annual meeting of stockholders. All options automatically granted to non-employee directors have an exercise price equal to 100% of the fair market value on the date of grant. One third of the shares subject to the Initial Grant vests and becomes exercisable one year after the grant date and the remaining shares subject to the Initial Grant vest in equal monthly installments over the following 24-month period, such that the option is fully exercisable three years after its date of grant. Each Subsequent Grant vests and becomes 100% exercisable one year after the date such

option is granted. As explained in more detail in Proposal Two, in 2009 the Initial Grant and the Subsequent Grant could include restricted stock units under the 2009 Equity Incentive Plan if approved.

In 2008, the shares available for issuance under the 1999 Director Plan were exhausted, and thus the options for the non-employee directors were granted from the Company's 1999 Stock Incentive Plan under the same terms and conditions as those in the 1999 Director Plan. If Proposal Two is approved by the stockholders, the Company's non-employee directors will receive awards under the 2009 Equity Incentive Plan. See Proposal Two Description of 2009 Plan Awards to Non-Employee Directors.

In 2008, Mr. Sullivan, Mr. Garrett and Dr. Held each received Initial Grants upon their joining the Board, and each of Ms. Chaffin and Messrs. Bertelsen, Pidwell, Seawell, Yankowski, Robel and Squire received Subsequent Grants.

The following table includes the compensation elements that were earned by the Company's directors for fiscal 2008.

Corporate Governance Matters

Code of Business Conduct. The Company has adopted a Code of Business Conduct that applies to all of the Company's directors, officers (including the Company's principal executive officer and senior financial and accounting officers), and employees. You can find the Code of Business Conduct in the Investor Relations section of the Company's website at <http://www.informatica.com>. The Company will post any amendments to the Code of Business Conduct, as well as any waivers, that are required to be disclosed by the rules of either the SEC or The NASDAQ Stock Market on the website.

Independence of the Board of Directors. The Board of Directors has determined that, with the exception of Sohaib Abbasi, who is the Chief Executive Officer and President of Informatica, all of its members are independent directors as defined in the listing standards of The NASDAQ Stock Market. In making this determination, the Board considered that Mark A. Bertelsen is a member of the law firm of Wilson Sonsini Goodrich & Rosati, Professional Corporation (WSGR). Fees paid by the Company to WSGR for legal services rendered for the year ended December 31, 2008 were approximately \$0.9 million, which represented less than one percent of WSGR's revenues. The Company believes the services performed by WSGR were provided in the ordinary course of business on terms no more or less favorable than those available from unrelated parties.

Contacting the Board of Directors. Stockholders and other individuals may communicate with the Board of Directors by submitting either an e-mail to board@informatica.com or a written communication addressed to the Board of

Directors (or specific board member), Informatica Corporation, 100 Cardinal Way, Redwood City, California 94063. E-mail communications that are intended for a specific director should be sent to the e-mail address above to the attention of the applicable director.

Attendance at annual stockholder meetings by the Board of Directors. Although the Company does not have a formal policy regarding attendance by members of the Board of Directors at the Company's annual meeting of stockholders, the Company encourages, but does not require, directors to attend. Three directors attended the Company's 2008 annual meeting of stockholders.

Process for recommending candidates for election to the Board of Directors. The Corporate Governance and Nominating Committee is responsible for, among other things, determining the criteria for membership to the Board

Table of Contents

of Directors and recommending candidates for election to the Board of Directors. It is the policy of the Committee to consider recommendations for candidates to the Board of Directors from stockholders. Stockholder recommendations for candidates to the Board of Directors must be directed in writing to Informatica Corporation, Corporate Secretary, 100 Cardinal Way, Redwood City, CA 94063 and must include the candidate's name, home and business contact information, detailed biographical data and qualifications, information regarding any relationships between the candidate and the Company within the last three years, and evidence of the nominating person's ownership of the Company's Common Stock.

The Committee's general criteria and process for evaluating and identifying the candidates that it recommends to the full Board of Directors for selection as director nominees, are as follows:

The Committee regularly reviews the current composition and size of the Board of Directors.

In its evaluation of director candidates, including the members of the Board of Directors eligible for re-election, the Committee seeks to achieve a balance of knowledge, experience and capability on the Board of Directors and considers (1) the current size and composition of the Board of Directors and the needs of the Board of Directors and the respective committees of the Board of Directors, (2) such factors as personal character, judgment, expertise, business experience, length of service, independence and other commitments, and (3) such other factors as the Committee may consider appropriate.

While the Committee has not established specific minimum qualifications for director candidates, the Committee believes that candidates and nominees must reflect a Board that is comprised of directors who (1) are predominantly independent, (2) are of high integrity, (3) have broad, business-related knowledge and experience at the policy-making level in business, government or academia, (4) possess strong aptitude for technology, including their understanding of the enterprise software industry and Informatica's business in particular, (5) have qualifications that will increase overall Board effectiveness, and (6) meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to audit committee members.

In evaluating and identifying candidates, the Committee has the authority to retain third-party search firms with regard to candidates who are properly recommended by stockholders or by other means. The Committee will review the qualifications of any such candidate. This review may, in the Committee's discretion, include interviewing references for the candidate, direct interviews with the candidate, or other actions that the Committee deems necessary or proper.

The Committee will apply these same principles when evaluating Board candidates who may be elected initially by the full Board of Directors to fill vacancies or to add additional directors prior to the annual meeting of stockholders at which directors are elected.

After completing its review and evaluation of director candidates, the Committee recommends to the full Board of Directors the director nominees for selection.

PROPOSAL TWO

APPROVAL OF THE 2009 EQUITY INCENTIVE PLAN

The Board of Directors has adopted the 2009 Equity Incentive Plan (the "2009 Plan"), subject to its approval by the Company's stockholders. If the stockholders approve the 2009 Plan, the Company's 2000 Employee Stock Incentive Plan, which expires in January 2010, will be terminated. The Company's two other existing plans, the 1999 Stock Incentive Plan and the 1999 Non-Employee Director Stock Incentive Plan both expire in March 2009 (collectively the "Expiring Plans"). The Expiring Plans and the terminated 2000 Employee Stock Incentive Plan will continue to govern awards previously granted under such plans. If the stockholders do not approve the 2009 Plan, the 2000 Employee Stock Incentive Plan will remain in effect through the remainder of its term.

The Board believes that long-term incentive compensation programs align the interests of management, employees and the stockholders to create long-term stockholder value. The Board believes that plans such as the 2009 Plan increase the Company's ability to achieve this objective, and, by allowing for several different forms of long-term incentive awards, help the Company to recruit, reward, motivate and retain talented personnel. The Board believes strongly that the approval of the 2009 Plan is essential to the Company's continued success. In particular, the Board believes that the Company's employees are its most valuable assets and that the awards permitted under the 2009 Plan are vital to the Company's ability to attract and retain outstanding and highly skilled individuals in the extremely competitive labor markets in which the Company competes. Such awards also are crucial to the Company's ability to motivate employees to achieve its goals.

The Board of Directors recommends a vote FOR this proposal.

Purpose of the 2009 Plan

The 2009 Plan will allow the Company to make broad-based grants of stock options (nonstatutory and incentive), stock appreciation rights, restricted stock, restricted stock units, performance units and performance shares to employees, non-employee directors and consultants as key elements of compensation. The 2009 Plan will be administered by a committee appointed by the Board, in accordance with the provisions contained in the 2009 Plan.

Key Terms

The key terms of the 2009 Plan are summarized below:

Shares Authorized: 9,000,000, subject to adjustment based on stock splits or similar events.

Types of Awards: Stock options (nonstatutory and incentive), stock appreciation rights, restricted stock, restricted stock units, performance units and performance shares.

For purposes of the share reserve, the grant of a stock option or stock appreciation right is deemed an award for one share of authorized common stock for each one share of authorized common stock subject to such award while a grant of a full value award (restricted stock units, restricted stock, performance shares or performance units) is deemed an award for 1.52 shares of authorized common stock for each one share of authorized common stock subject to such award. To the extent that a share that was subject to an award

that counted as 1.52 shares against the 2009 Plan reserve is returned to the 2009 Plan, the 2009 Plan reserve will be credited with 1.52 shares that will be available for issuance under the 2009 Plan.

Per-person limits on maximum grants are included in the various sections of the Plan under which each type of award is made in accord with Section 162(m) requirements.

Table of Contents

<i>Award Terms:</i>	Options and stock appreciation rights shall have seven (7) year maximum terms. For all awards, vesting and performance vesting criteria, if applicable, will be established at the date of grant.
<i>Eligible Participants:</i>	Employees, non-employee directors and consultants of the Company or any of its affiliates.
<i>Actions That are Prohibited by the Plan Include:</i>	Repricing or reducing the relevant exercise price of an award through an exchange program without stockholder approval. Returning to the Plan shares that are used to pay withholding taxes or as payment for the exercise price of an award. Accelerating awards upon an event that does not qualify as a change of control. Granting stock options (nonstatutory and incentive) and stock appreciation rights at a below fair market value price at the grant date (outside Section 424 transactions with substitute options).

Description of the 2009 Plan

The following paragraphs provide a summary of the principal features of the 2009 Plan and its operation. The 2009 Plan is set forth in its entirety as Appendix A to this Proxy Statement. The following summary is qualified in its entirety by reference to Appendix A.

The 2009 Plan provides for the grant of the following types of incentive awards: (i) stock options, (ii) stock appreciation rights, (iii) restricted stock, (iv) restricted stock units, (v) performance units and (vi) performance shares. Each of these is referred to individually as an Award. Those who will be eligible for Awards under the 2009 Plan include employees, non-employee directors and consultants who provide services to the Company and its affiliates. As of February 27, 2009, approximately 1,660 employees and non-employee directors would be eligible to participate in the 2009 Plan.

Number of Shares of Common Stock Available Under the 2009 Plan

The Board has reserved 9,000,000 shares of the Company's common stock for issuance under the 2009 Plan. The shares may be either authorized, but unissued, common stock or treasury shares. Shares subject to full value awards (restricted stock units, restricted stock, performance units or performance shares) will count against the share reserve as 1.52 shares for every one share subject to such an Award. To the extent that a share that was subject to an Award that counted as 1.52 shares against the 2009 Plan reserve pursuant to the preceding sentence is returned to the 2009 Plan, the 2009 Plan reserve will be credited with 1.52 shares that will thereafter be available for issuance under the 2009 Plan.

The Company made grants of 204,025 options and 509,750 restricted stock units under the 1999 Stock Incentive Plan since December 31, 2008, which includes equity granted in connection with the acquisition of Applimation, Inc. in February 2009. The 1999 Stock Incentive Plan expires in March 2009. These grants represent the final grants under the 1999 Stock Incentive Plan as it is the company's practice not to grant equity during a closed trading window, which commenced on March 1, 2009 and will remain closed through the expiration of the 1999 Stock Incentive Plan.

If an Award expires or becomes unexercisable without having been exercised in full, or, with respect to restricted stock, restricted stock units, performance shares or performance units, is forfeited to or repurchased by the Company, the unpurchased Shares (or for Awards other than options and stock appreciation rights, the forfeited or repurchased shares) will become available for future grant or sale under the 2009 Plan (unless the 2009 Plan has terminated). Awards paid out in cash rather than shares will not reduce the number of shares available for issuance under the 2009 Plan. If a stock appreciation right is settled in shares, such shares as well as shares that represent payment of the exercise price and tax related to the award will cease to be available under the 2009 Plan.

Table of Contents

If the Company declares a dividend or other distribution or engages in a recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of shares or other securities of the Company, or other change in the corporate structure of the Company affecting the Company's common stock, the Committee will adjust the number and class of shares that may be delivered under the 2009 Plan, the number, class, and price of shares covered by each outstanding Award, and the numerical per-person limits on Awards.

Administration of the 2009 Plan

A committee authorized by the Board, (the Committee), will administer the 2009 Plan. To make grants to certain of the Company's officers and key employees, the members of the Committee must qualify as non-employee directors under Rule 16b-3 of the Securities Exchange Act of 1934, and as outside directors under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code) so that the Company can receive a federal tax deduction for certain compensation paid under the 2009 Plan. Subject to the terms of the 2009 Plan, the Committee has the sole discretion to select the employees, consultants, and non-employee directors who will receive Awards, determine the terms and conditions of Awards, and to interpret the provisions of the 2009 Plan and outstanding Awards. The Committee may not, without the approval of the Company's stockholders, institute an exchange program under which outstanding Awards are amended to provide for a lower exercise price or surrendered or cancelled in exchange for Awards with a lower exercise price.

Options

The Committee is able to grant nonstatutory stock options and incentive stock options under the 2009 Plan. The Committee determines the number of shares subject to each option, although the 2009 Plan provides that a participant may not receive options (and/or stock appreciation rights) for more than one million (1,000,000) shares in any fiscal year, except in connection with his or her initial service as an employee with the Company, in which case he or she may be granted an option (and/or stock appreciation rights) to purchase up to an additional two million (2,000,000) shares.

The Committee determines the exercise price of options granted under the 2009 Plan, provided the exercise price must be at least equal to 100% of the fair market value of the Company's common stock on the date of grant. In addition, the exercise price of an incentive stock option granted to any participant who owns more than 10% of the total voting power of all classes of the Company's outstanding stock must be at least 110% of the fair market value of the common stock on the grant date.

The term of an option may not exceed seven (7) years, except that, with respect to any participant who owns 10% of the voting power of all classes of the Company's outstanding capital stock, the term of an incentive stock option may not exceed five years.

After a termination of service with the Company, a participant will be able to exercise the vested portion of his or her option for the period of time stated in the agreement governing his or her Award. No incentive stock option may be exercised more than three (3) months after the participant's termination of service for any reason other than disability or death (unless the participant dies during such three (3) month period and/or the participant's agreement governing his or her Award, or the Committee, permits later exercise). No incentive stock option may be exercised more than one (1) year after the participant's termination of service due to disability or death (unless the participant's agreement governing his or her Award, or the Committee, permits later exercise). In no event may an option be exercised later than the expiration of its term.

Stock Appreciation Rights

The Committee will be able to grant stock appreciation rights, which are the rights to receive the appreciation in fair market value of common stock between the exercise date and the date of grant. The Company can pay the appreciation in either cash or shares of common stock or a combination of both. Stock appreciation rights will become exercisable at the times and on the terms established by the Committee, subject to the terms of the 2009 Plan. The Committee, subject to the terms of the 2009 Plan, will have complete discretion to determine the terms and conditions of stock appreciation rights granted under the 2009 Plan; provided, however, that the exercise price

Table of Contents

may not be less than 100% of the fair market value of a share on the date of grant. The term of a stock appreciation right may not exceed seven (7) years. No participant will be granted stock appreciation rights (and/or options) covering more than one million (1,000,000) shares during any fiscal year, except that a participant may be granted stock appreciation rights (and/or options) covering up to an additional two million (2,000,000) shares in connection with his or her initial service as an employee with the Company.

After termination of service with the Company, a participant will be able to exercise the vested portion of his or her stock appreciation right for the period of time stated in the agreement governing his or her stock appreciation right. If a participant dies prior to the exercise of his or her stock appreciation rights, the Committee, in its discretion, may provide that the stock appreciation rights will be exercisable for up to one (1) year after the date of death. In no event will a stock appreciation right be exercised later than the expiration of its term.

Restricted Stock

Awards of restricted stock are rights to acquire or purchase shares of the Company's common stock, which vest in accordance with the terms and conditions established by the Committee in its sole discretion. For example, the Committee may set restrictions based upon continued employment or service with the Company, the achievement of specific performance goals, applicable laws, or any other basis determined by the Committee in its discretion. Subject to the provisions of the 2009 Plan, after the grant of restricted stock, the Committee, in its sole discretion, may reduce or waive any restrictions for such Award and may accelerate the time at which any restrictions will lapse at a rate determined by the Committee.

The Award agreement governing the grant of the restricted stock will generally grant the Company a right to repurchase or reacquire the shares upon the termination of the participant's service with the Company for any reason (including death or disability). The Committee will determine the number of shares granted pursuant to an Award of restricted stock. With respect to restricted stock intended to qualify as performance-based compensation under Section 162(m) of the Code, the Committee, in its discretion, may set restrictions based upon the achievement of specific performance objectives. The Committee shall determine the number of shares of restricted stock granted to any participant, but no participant will be granted more than three hundred thirty three thousand three hundred thirty three (333,333) shares of restricted stock (and/or performance shares or restricted stock units) during any fiscal year, except that a participant may be granted up to an additional six hundred sixty six thousand six hundred sixty seven (666,667) shares of restricted stock (and/or performance shares or restricted stock units) in connection with his or her initial employment with the Company.

Restricted Stock Units

Awards of restricted stock units result in a payment to a participant only if the vesting criteria the Committee establishes is satisfied. For example, the Committee may set restrictions based on the achievement of specific performance goals or upon continued employment or service with the Company. Upon satisfying the applicable vesting criteria, the participant will be entitled to the payout specified in the Award agreement. Subject to the provisions of the 2009 Plan, after the grant of restricted stock units, the Committee, in its sole discretion, may reduce or waive any performance objectives or other vesting provisions for such Award and may accelerate the time at which any restrictions will lapse at a rate determined by the Committee.

The Committee, in its sole discretion, may pay earned restricted stock units in cash, shares, or a combination thereof. Restricted stock units that are fully paid in cash will not reduce the number of shares available for grant under the 2009 Plan. On the date set forth in the Award agreement, all unearned restricted stock units will be forfeited to the Company. The Committee determines the number of restricted stock units granted to any participant. With respect to restricted stock units intended to qualify as performance-based compensation under Section 162(m) of the Code, the

Committee, in its discretion, may set restrictions based upon the achievement of specific performance objectives. The Committee shall determine the number of restricted stock units granted to any participant, but no participant may be granted more than three hundred thirty three thousand three hundred thirty three (333,333) restricted stock units (and/or shares of restricted stock or performance shares) during any fiscal year, except that the participant may be granted up to an additional six hundred sixty six thousand six hundred sixty

Table of Contents

seven (666,667) restricted stock units (and/or shares of restricted stock or performance shares) in connection with his or her initial employment with the Company.

Performance Units and Performance Shares

The Committee will be able to grant performance units and performance shares, which are Awards that will result in a payment to a participant only if the performance goals or other vesting criteria the Committee may establish are achieved or the Awards otherwise vest. The Committee will establish performance or other vesting criteria in its discretion, which, depending on the extent to which they are met, will determine the number and/or the value of performance units and performance shares to be paid out to participants. Subject to the provisions of the 2009 Plan, after the grant of performance units or performance shares, the Committee, in its sole discretion, may reduce or waive any performance objectives or other vesting provisions for such Award and may accelerate the time at which any restrictions will lapse at a rate determined by the Committee.

The Committee determines the number of performance units and performance shares granted to any participant. With respect to performance units and performance shares intended to qualify as performance-based compensation under Section 162(m) of the Code, the Committee, in its discretion, may determine that the performance objectives applicable to the performance units and performance shares shall be based on the achievement of performance goals. During any fiscal year, no participant will receive more than three hundred thirty three thousand three hundred thirty three (333,333) performance shares (and/or shares of restricted stock or restricted stock units) and no participant will receive performance units having an initial value greater than three million dollars (\$3,000,000), except that in the first year a participant becomes an employee, a participant may be granted performance shares (and/or shares of restricted stock or restricted stock units) covering up to an additional six hundred sixty six thousand six hundred sixty seven (666,667) shares or performance units having an initial value up to an additional three million dollars (\$3,000,000). Performance units will have an initial dollar value established by the Committee on or before the date of grant. Performance shares will have an initial value equal to the fair market value of a share of the Company's common stock on the grant date.

Performance Goals

Awards of restricted stock, restricted stock units, performance shares, performance units under the 2009 Plan may be made subject to the attainment of performance goals relating to one or more business criteria within the meaning of Section 162(m) of the Code and may provide for a targeted level or levels of achievement including: (i) profit, (ii) revenue, (iii) operating income; (iv) earnings per share; and (v) total shareholder return. Any criteria used may be (i) measured in absolute terms, (ii) in relative terms (including, but not limited to, passage of time and/or against another company or companies), (iii) on a per-share basis, (iv) against the performance of the Company as a whole or a business unit of the Company, and/or (v) on a pre-tax or after-tax basis. In granting Awards that are intended to qualify under Section 162(m) of the Code, the Committee will follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Awards under Section 162(m) of the Code.

Awards to Non-Employee Directors

The 2009 Plan provides for automatic grants to non-employee directors. As stated in the 2009 Plan, the Committee's philosophy is to grant such awards of the same type and following the same ratio as grants to the Company's Section 16 officers.

Accordingly, the 2009 Plan provides for an automatic grant to non-employee directors on the date the person first becomes a non-employee director of one of the following: (a) an option to purchase sixty thousand (60,000) shares; (b) an option to purchase thirty thousand (30,000) shares plus an award of ten thousand restricted stock units; or (c) an

award of twenty thousand (20,000) restricted stock units (the Initial Grant). Each non-employee director who is both a non-employee director on the date of an Annual Meeting of the Company s Stockholders, and who has served as a non-employee director for at least six (6) months prior to such Annual meeting, automatically shall receive on the date of such annual meeting one of the following; (a) an option to purchase twenty five thousand (25,000) shares; (b) an option to purchase twelve thousand five hundred shares (12,500) shares plus an award of four

Table of Contents

thousand one hundred sixty seven (4,167) restricted stock units; or (c) an award of eight thousand three hundred thirty three (8,333) restricted stock units (the Ongoing Grant).

The stock option granted pursuant to the Initial Grant will vest and become exercisable as to thirty three percent (33%) of the shares subject to the option on the first anniversary of the grant date, and as to an additional two and seventy eight one-hundredths percent (2.78%) each monthly anniversary thereafter, provided the participant continues to serve as a director through such dates. The restricted stock units subject to the Initial Grant will vest as to thirty three and one third percent (33 1/3%) on each of the first three anniversaries of the RSU vesting commencement date (as defined in the 2009 Plan) provided the participant continues to serve as a director through such dates. The stock option granted pursuant to the Ongoing Grant will vest and become exercisable as to one hundred percent (100%) of the shares subject to the option on the first anniversary of the grant date, provided the participant continues to serve as a director through such date. The restricted stock units subject to the Ongoing Grant will vest as to one hundred percent (100%) of the restricted stock units subject to the grant on the first anniversary of the grant date provided the participant continues to serve as a director through such date.

Transferability of Awards

Awards granted under the 2009 Plan are generally not transferable, and all rights with respect to an Award granted to a participant generally will be available during a participant's lifetime only to the participant. If the Committee makes an Award transferable, such Award will contain such additional terms and conditions as the Committee deems appropriate.

Amendment and Termination of the 2009 Plan

The Committee will have the authority to amend, suspend or terminate the 2009 Plan. No amendment, suspension or termination of the 2009 Plan will impair the rights of any participant, without the consent of the participant. The 2009 Plan will remain in effect until terminated pursuant to the provisions of the 2009 Plan; provided, however, that without further stockholder approval, no incentive stock options may be granted under the 2009 Plan after April 28, 2019.

Change of Control

In the event of a change of control, as defined in the 2009 Plan, each outstanding Award will be treated as the Committee determines, including, without limitation, that each Award be assumed or an equivalent option or right substituted by the successor corporation or a parent or subsidiary of the successor corporation. The Committee will not be required to treat all Awards similarly in the transaction. In the event that the successor corporation refuses to assume or substitute for the Award, the participant will fully vest in and have the right to exercise all of his or her outstanding options or stock appreciation rights, including shares as to which such Awards would not otherwise be vested or exercisable, all restrictions on restricted stock and restricted stock units will lapse, and, with respect to Awards with performance-based vesting, all performance goals or other vesting criteria will be deemed achieved at one hundred percent (100%) of target levels and all other terms and conditions met. In addition, if an option or stock appreciation right is not assumed or substituted for, the Committee will notify the participant in writing or electronically that the option or stock appreciation right will be fully vested and exercisable for a period of time determined by the Committee in its sole discretion, and the option or stock appreciation right will terminate upon the expiration of such period. The above provisions will apply only upon the consummation of a change of control, and will not apply to a proposed or potential change of control.

Number of Awards Granted to Employees and Directors

Except as indicated below, the number of Awards that an employee, director or consultant may receive under the 2009 Plan is in the discretion of the Committee and therefore cannot be determined in advance. The following table sets forth (i) the aggregate number of shares of common stock subject to options granted under the Expiring

Plans during the last fiscal year, and (ii) the average per share exercise price of such options. No other type of award was granted under the Expiring Plans during this time.

Federal Tax Aspects

The following paragraphs are a summary of the general federal income tax consequences to U.S. taxpayers and the Company of Awards granted under the 2009 Plan. Tax consequences for any particular individual may be different.

Nonstatutory Stock Options

No taxable income is reportable when a nonstatutory stock option with an exercise price equal to the fair market value of the underlying stock on the date of grant is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the excess of the fair market value (on the exercise date) of the shares purchased over the exercise price of the option. Any taxable income recognized in connection with an option exercise by an employee of the Company is subject to tax withholding by the Company. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Incentive Stock Options

No taxable income is reportable when an incentive stock option is granted or exercised (except for purposes of the alternative minimum tax, in which case taxation is the same as for nonstatutory stock options). If the participant exercises the option and then later sells or otherwise disposes of the shares more than two years after the grant date and more than one year after the exercise date, the difference between the sale price and the exercise price will be taxed as capital gain or loss. If the participant exercises the option and then later sells or otherwise disposes of the shares before the end of the two- or one-year holding periods described above, he or she generally will have ordinary income at the time of the sale equal to the fair market value of the shares on the exercise date (or the sale price, if less) minus the exercise price of the option. This taxable income is not subject to income tax withholding.

Stock Appreciation Rights

No taxable income is reportable when a stock appreciation right with an exercise price equal to the fair market value of the underlying stock on the date of grant is granted to a participant. Upon exercise, the participant will recognize ordinary income (subject to withholding) in an amount equal to the amount of cash received and the fair market value of any shares received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Table of Contents

Restricted Stock, Restricted Stock Units, Performance Units and Performance Shares

A participant generally will not have taxable income at the time an Award of restricted stock, restricted stock units, performance shares or performance units are granted. Instead, he or she will recognize ordinary income in the first taxable year in which his or her interest in the shares underlying the Award becomes either (i) freely transferable, or (ii) no longer subject to substantial risk of forfeiture.

Tax Effect for the Company

The Company generally will be entitled to a tax deduction in connection with an Award under the 2009 Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonstatutory stock option). Special rules limit the deductibility of compensation paid to the Company's Chief Executive Officer and to each of its four most highly compensated executive officers. Under Section 162(m) of the Code, the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, the Company can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met. These conditions include stockholder approval of the 2009 Plan, setting limits on the number of Awards that any individual may receive and for Awards other than certain stock options, establishing performance criteria that must be met before the Award actually will vest or be paid. The 2009 Plan has been designed to permit the Committee to grant Awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m), thereby permitting the Company to continue to receive a federal income tax deduction in connection with such Awards.

Section 409A

Section 409A of the Code, which was added by the American Jobs Creation Act of 2004, provides certain new requirements on non-qualified deferred compensation arrangements. These include new requirements with respect to an individual's election to defer compensation and the individual's selection of the timing and form of distribution of the deferred compensation. Section 409A also generally provides that distributions must be made on or following the occurrence of certain events (e.g., the individual's separation from service, a predetermined date, or the individual's death). Section 409A imposes restrictions on an individual's ability to change his or her distribution timing or form after the compensation has been deferred. For certain individuals who are officers, Section 409A requires that such individual's distribution commence no earlier than six months after such officer's separation from service.

Awards granted under the Plan with a deferral feature will be subject to the requirements of Section 409A. If an Award is subject to and fails to satisfy the requirements of Section 409A, the recipient of that Award will recognize ordinary income on the amounts deferred under the Award, to the extent vested, which may be prior to when the compensation is actually or constructively received. Also, if an Award that is subject to Section 409A fails to comply with Section 409A's provisions, Section 409A imposes an additional 20% federal income tax on compensation recognized as ordinary income, as well as possible interest charges and penalties. Certain states have enacted laws similar to Section 409A which impose additional taxes, interest and penalties on non-qualified deferred compensation arrangements. The Company will also have withholding and reporting requirements with respect to such amounts.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF FEDERAL INCOME TAXATION UPON PARTICIPANTS AND THE COMPANY WITH RESPECT TO THE GRANT AND EXERCISE OF AWARDS UNDER THE 2009 PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF A PARTICIPANT'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE PARTICIPANT MAY RESIDE.

Table of Contents**PROPOSAL THREE****RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed Ernst & Young LLP (E&Y) as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2009. Although ratification by stockholders is not required by law, the Board has determined that it is desirable to request ratification of this selection by the stockholders. Notwithstanding its selection, the Audit Committee, in its discretion, may appoint a new independent registered public accounting firm at any time during the year if the Audit Committee believes that such a change would be in the best interest of the Company and its stockholders. If the stockholders do not ratify the appointment of E&Y, the Audit Committee may reconsider its selection.

E&Y has audited the Company's financial statements since the Company's inception. A representative of E&Y is expected to be present at the Annual Meeting with the opportunity to make a statement if he or she desires to do so, and is expected to be available to respond to appropriate questions.

The Board of Directors recommends a vote FOR this proposal.

Accounting Fees

The following table shows the fees paid or accrued by the Company for the audit and other services provided by E&Y for fiscal years 2007 and 2008.

	Fiscal Year	
	2007	2008
Audit Fees(1)	\$ 1,769,000	\$ 1,733,000
Audit-Related Fees(2)	224,000	61,000
Tax Fees(3)	1,621,000	1,076,000
All Other Fees		
Total	\$ 3,614,000	\$ 2,870,000

- (1) Audit fees are for professional services rendered for the audit of the Company's annual financial statements and reviews of its quarterly financial statements. This category also includes fees for international statutory audits, consents, assistance with and review of documents filed with the SEC, attest services, work done by tax professionals in connection with the audit or quarterly reviews and attestation-related services in connection with Section 404 of the Sarbanes-Oxley Act of 2002 (Section 404).
- (2) These are fees for assurance and related services performed by E&Y that are reasonably related to the performance of the audit or review of Informatica's financial statements, which include fees for accounting consultations, internal control reviews and attest services not required by statute or regulation.

- (3) These are fees for professional services performed by E&Y with respect to tax compliance and tax planning and advice. Tax compliance includes preparation of original and amended tax returns for the Company, refund claims, tax payment planning and tax audit assistance. Tax compliance fees totaled \$1,156,000 and \$919,000 for fiscal years 2007 and 2008, respectively. The decrease in compliance fees in 2008 compared to 2007 was due to utilizing internal staff to carry out more of the compliance tax projects in 2008. Tax planning and advice includes tax strategy planning and modeling, merger and acquisition related projects, intellectual property tax issues, intercompany and transfer pricing design and foreign employee tax matters. Tax planning and advice totaled \$465,000 and \$157,000 for fiscal years 2007 and 2008, respectively. The decrease in tax planning and advice fees in 2008 compared to 2007 was primarily due to utilizing internal staff and other service providers to carry out the majority of the tax planning projects.

Pre-Approval of Audit and Non-Audit Services

All audit and non-audit services provided by E&Y to the Company must be pre-approved by the Audit Committee. The Audit Committee utilizes the following procedures in pre-approving all audit and non-audit

Table of Contents

services provided by E&Y. At or before the second meeting of the Audit Committee each year, the Audit Committee is presented with a detailed listing of the individual audit and non-audit services and fees (separately describing audit-related services, tax services and other services) expected to be provided by E&Y during the year. On an as-needed basis, during subsequent Audit Committee meetings throughout the year, the Audit Committee is presented with an updated listing of approved services highlighting any new audit and non-audit services to be provided by E&Y. The Audit Committee reviews these listings and approves the services outlined therein if such services are acceptable to the Audit Committee.

To ensure prompt handling of unexpected matters, the Audit Committee delegates to the Chairman of the Audit Committee the authority to amend or modify the list of audit and non-audit services and fees; provided, however, that such additional or amended services may not affect E&Y's independence under applicable SEC rules. The Chairman reports any such action taken to the Audit Committee at the subsequent Audit Committee meeting.

All E&Y services and fees in 2007 and 2008 were pre-approved by the Audit Committee.

Report of the Audit Committee of the Board of Directors

With respect to the Company's financial reporting process, the management of the Company is responsible for (1) establishing and maintaining internal controls and (2) preparing the Company's consolidated financial statements. The Company's independent registered public accounting firm, E&Y, is responsible for auditing these financial statements and performing an attestation of the Company's internal controls. It is the responsibility of the Audit Committee to oversee these activities. It is not the responsibility of the Audit Committee to prepare or certify the Company's financial statements or guarantee the audits or reports of the independent auditors. These are the fundamental responsibilities of Company management and the Company's independent registered public accounting firm. In the performance of its oversight function, the Audit Committee has:

reviewed and discussed the audited financial statements with E&Y and management;

discussed with E&Y the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended; and

received the written disclosures and the letter from E&Y required by applicable requirements of the Public Company Accounting Oversight Board regarding E&Y's communications with the Audit Committee concerning independence, and has discussed with E&Y its independence.

Based upon such review and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2008 for filing with the SEC.

In January 2000, the Board of Directors adopted the 2000 Employee Stock Incentive Plan, under which 1,600,000 shares were reserved for issuance. The 2000 Employee Stock Incentive Plan was not subject to stockholder approval. Under the 2000 Employee Stock Incentive Plan, eligible employees and consultants may be awarded stock options, stock appreciation rights, restricted shares and stock units. No stock options, stock appreciation rights, restricted shares or stock units from the 2000 Employee Stock Incentive Plan may be granted to directors or executive officers of the Company. The 2000 Employee Stock Incentive Plan was intended to help the Company attract and retain outstanding individuals in order to promote the Company's success. The 2000 Employee Stock Incentive Plan does not provide for the grant of incentive stock options. The exercise price for non-qualified options may not be less than 85% of the fair value of the Common Stock at the option grant date. Even so, the Company has not granted and has no intention of granting any discounted options under this Plan. The 2000 Employee Stock Incentive Plan is administered by the Compensation Committee of the Board of Directors. Options granted are exercisable over a maximum term of ten years from the date of grant and generally vest over a period of four years from the date of grant. If Proposal Two is approved, the 2000 Employee Stock Incentive Plan will be terminated.

EXECUTIVE OFFICER COMPENSATION

Compensation Discussion and Analysis

This section discusses the principles underlying the Company's executive compensation programs, policies and decisions and important factors relevant to an analysis of these programs, policies and decisions. It provides qualitative information regarding the manner and context in which compensation is awarded to and earned by the Company's Chief Executive Officer, Chief Financial Officer and two other executive officers (collectively referred to as NEOs) listed in the Summary Compensation Tables and the related tables below.

Philosophy of Compensation Programs

The principal objectives of the Company's compensation programs are to attract and retain top-tier talent and to motivate and reward employees who continually drive strong results for the Company and its stockholders. The Company's compensation philosophy, and the programs adopted in accordance with that philosophy, are driven by the belief that employee performance and success will result in economic growth for the Company, which will have the effect of increasing stockholder value.

Table of Contents

The Company's executives are compensated under the same programs as employees at other levels within the organization, although certain executive compensation elements are more heavily weighted towards overall Company performance as compared to achievement of individual objectives. Rewarding strong performance and contribution, regardless of seniority within the Company, is an important part of the Company's culture and core values.

A significant portion of the executive officers' compensation is directly tied to Company performance, ensuring that executive compensation, the Company's financial results and stockholder value are properly aligned. The Company maintains a balance between short-term and long-term performance by rewarding executive officers both on the achievement of the Company's current business plan objectives, as well as on the achievement of long-term growth and profitability and improvement in stockholder value.

The Company considers each of the following components as an integral part of the overall total compensation package:

- base salary;
- short-term non-equity cash incentives;
- long-term equity-based incentives, and
- benefits.

The Compensation Committee considers each of the above items in determining the compensation package for each executive officer. Further detail on each component is provided in the section "Components of Compensation Package and 2008 Evaluation" below.

Role of the Compensation Committee

The Company's Compensation Committee, which serves at the discretion of the Company's Board of Directors, is empowered to review and approve, or in certain circumstances recommend for the approval of the Board, the annual compensation for and compensation policies applicable to the Company's executive officers, including the Company's Chief Executive Officer.

The Compensation Committee:

- provides oversight of the Company's compensation policies, plans and benefits programs;
- assists the Board in discharging its responsibilities relating to (i) oversight of the compensation of the Company's Chief Executive Officer and other executive officers (including officers reporting under Section 16 of the Securities Exchange Act of 1934), and (ii) approving and evaluating the executive officer compensation plans, policies and programs of the Company; and
- assists the Board in administering the Company's equity compensation plans for its employees.

The Compensation Committee's charter, which is approved by the Board, is available in the "Investor Relations" section of the Company's website at <http://www.informatica.com>.

The Compensation Committee meets at least quarterly. Members of the Compensation Committee also meet with Company personnel as a part of the compensation planning and administration process throughout the year. In

January, the Compensation Committee reviews and approves for all employees the compensation philosophy, option ranges for hiring and retention, bonus metrics and benefits, and also finalizes executive compensation plans for the upcoming year.

The Compensation Committee currently consists of Dr. Held, Mr. Sullivan and Mr. Pidwell, with Mr. Pidwell acting as the Committee Chairman. Each member is independent as that term is defined pursuant to the Compensation Committee's charter in terms of the independence requirements of The NASDAQ Stock Market, the non-employee director definition under Section 16 of the Securities Exchange Act of 1934 and the outside director definition in Section 162(m) of the Internal Revenue Code of 1986. No Compensation Committee members are former or current officers or employees of Informatica or any of its subsidiaries.

Table of Contents

The Compensation Committee consults with the Company's human resources personnel, and when appropriate, with outside executive and employee compensation and benefits consultants, to assist in the evaluation of and recommendations related to the Company's executive compensation program. While the Compensation Committee may, from time to time, consult with the Company's Chief Executive Officer or Chief Financial Officer in connection with the planning or evaluation of compensation program-related matters, the Compensation Committee is responsible for oversight and approval of the overall program and the individual elements of that program.

In 2004, in connection with the recruitment and hiring of the Company's current Chief Executive Officer, the Compensation Committee engaged Compensia, Inc. as an independent outside compensation consultant to advise the Compensation Committee on Chief Executive Officer compensation practices and policies. Since then, the Company and the Compensation Committee have retained Compensia in connection with reviews of the Company compensation programs and policies for the Company executives, the Board of Directors and the broader employee base. Compensia receives compensation from the Company on a fee-per-project basis. The Company also uses Radford Data to benchmark employee and executive compensation and reviews summaries of this data with the Compensation Committee.

Role of the Independent Compensation Consultant

Compensia or comparable independent compensation consultant is retained each year to analyze and benchmark the Company's executives' compensation package, including base salary, variable pay and equity awards. Additionally, they may be asked to review and benchmark the competitive structure of equity programs and benefits or severance provisions on an as needed basis.

The Compensation Committee and the Company's human resources personnel meet annually to evaluate a group of software companies with the independent compensation consultant and to select a sub-group of companies for further peer analysis. This peer group includes a blend of mid-size companies and larger companies serving the data integration market or adjacent markets, as well as comparably sized software companies. The list is reviewed each year and new companies are added as necessary to ensure a significant sample size of companies. The independent compensation consultant is also asked to provide growth rates and financial data on each company to assist in benchmarking executive compensation. Companies in the 2008 peer group included Ariba, Epicor Software, i2 Technologies, Microstrategy, Progress Software, Netsuite, Sybase and Tibco.

Components of the Compensation Package and 2008 Evaluation

Base Salary

Annual base salaries for the Company's executive officers are determined primarily on the basis of the executive officer's level of responsibility, general salary practices of the select peer group and the individual officer's specific qualifications and experience. Base salaries are reviewed annually by the Compensation Committee and any variances between the salary levels of each executive officer and those of the companies included in the selected benchmarks are reviewed. Salaries may be adjusted based on certain criteria including the Company's recent financial performance, the executive's individual performance, the functions performed by the executive officer, the scope of the executive officer's on-going duties and any general changes in the compensation data from the benchmark companies. In determining any merit salary increase, the relative importance of each factor may vary from individual to individual.

Base Salary: 2008 Evaluation

In the fourth quarter of 2007, the Compensation Committee reviewed the data provided by Compensia, including the analysis of each NEO's base salary against the select peer group. The Compensation Committee also considered

organizational changes and any planned changes in each executive officer's responsibility. Increases were made to all NEOs' salaries effective beginning January 1, 2008, based on a review of their compensation against the market data provided and based on the strength of their individual performance and the company's overall performance in 2007.

Table of Contents**2008 Base Salary Information**

Chairman & Chief Executive Officer	\$ 585,000
Chief Financial Officer, EVP and Secretary	\$ 350,000
EVP and General Manager, Data Integration	\$ 330,000
EVP, Worldwide Field Operations	\$ 350,000

Non-Equity Incentive Plan (Cash Incentives) (Bonus Plan)

The Company's non-equity incentive plan (the bonus plan) focuses on the achievement of fiscal year business objectives and is tied to the achievement of annual performance goals around growth and profitability. All of the Company's executive officers participate in this bonus plan, which directly rewards the executives for achievement against semi-annual Company performance goals. The performance goals and the bonus targets are determined by the Compensation Committee in consultation with the Board of Directors and the Company's Chief Executive Officer and Chief Financial Officer. The bonus target for each executive position is determined using competitive market data provided by external consultants, and evaluated against a number of criteria including job function, market competitive data and the scope of the executive officer's position and on-going duties. In 2008, an adjustment was made to the EVP, Worldwide Field Operations target variable based on market data and the expansion of his role to include responsibility for global services.

2008 Cash Incentive (Bonus) Compensation Targets for Named Executive Officers

	Target Variable (as% of Base Salary)
Chief Executive Officer	100%
EVP, Worldwide Field Operations	90%
Other NEOs	70%

The bonus plan is designed to closely link reward with corporate achievement against performance goals. Bonuses are paid out after the second calendar quarter for performance achieved in the first half of the year, and after the fourth calendar quarter for performance achieved in the second half of the year. These performance goals are specifically tied to two internal key performance indicators, net license orders and operating income adjusted for certain items, such as charges related to restructuring and acquisitions, stock-based compensation and other non-recurring, non-cash charges, if any.

Structure of 2008 Cash Incentive (Bonus Plan) Compensation for Named Executive Officers

	Corporate/Performance Goals	100%	Individual Goals	0%
EVP, Worldwide Field Operations	Operating Income	Net License Orders	Services Margin	
	15%	75%	10%	

	Corporate/Performance Goals	70%	Individual Goals	30%
EVP and General Manager, Data Integration	Operating Income	35%	Net License Orders	35%
			Product Deliverables Analyst & Customer Proof Points	
	Corporate/Performance Goals	100%	Individual Goals	0%
Other NEOs	Operating Income	50%	Net License Orders	50%

Table of Contents

The performance goals are set annually, measured on a semi-annual basis and require aggressive levels of growth and significant improvement from the prior fiscal year's performance. The bonus plan has a minimum payout threshold with zero payout for achievement at 80% or less of the performance goal. Because the Company's philosophy is to set performance goals aggressively, achievement of 95% of these aggressive stretch goals is designed to equate to a 100% bonus payment. The plan also provides for above 100% payout when more than 95% of the stretch performance goal is achieved. In order to achieve a maximum payout, which is capped at 200%, the Company would need to achieve 120% performance against both the growth and profitability goals. Achievement at 120% is a significant stretch goal and the Company has never attained this maximum payout level.

Individual cash incentive allocations for the NEOs are determined by the Compensation Committee upon discussion with the Chief Executive Officer and Company human resources personnel. An individual executive may occasionally earn more or less than his or her calculated bonus based on factors including individual performance and any other exceptional contributions to the Company's success during the measurement period. Any executive earnings more than his or her calculated bonus would receive this as a discretionary bonus.

The Compensation Committee separately makes an assessment and determines the bonus award for the Chief Executive Officer. The payout is computed based on achievement of the corporate performance goals; however, the Compensation Committee has discretion to allocate more or less than the computed allocation, based on the individual performance and contribution of the Chief Executive Officer during the measurement period.

Non-Equity Incentive Plan (Cash Incentives) (Bonus Plan): 2008 Evaluation

For the first half of 2008, the Compensation Committee determined that the stretch goal for net license orders was achieved at 83% and the stretch goal for operating income was achieved at 100%. For the second half of 2008, the Compensation Committee determined that the stretch goal for net license orders was achieved at 73% and the stretch goal for operating income was achieved at 108%. For the services margin target in the EVP Worldwide Field Operations, the target was not achieved, generating zero payout for this component. The EVP and General Manager, Data Integration achieved 92% of his individual goals in the first half of 2008 and 88% in the second half of 2008.

Based on these attainment levels, the Compensation Committee approved bonuses under the bonus plan of \$432,900 to the Chief Executive Officer; \$181,300 to the Chief Financial Officer; \$181,913 to the EVP and General Manager, Data Integration and \$211,412 to the EVP Worldwide Field Operations. In addition, a discretionary bonus of \$30,000 was awarded to the Chief Financial Officer for excellent performance in the second half of 2008.

Equity Based Incentive Plans

The Company's equity incentive plans are a critical component of the compensation program which the Company believes fosters an entrepreneurial spirit and incents the Company's executives and key employees to focus on building stockholder value through meeting long-term financial and strategic goals. The Company grants stock options to executives and other employees under the Company's 1999 Stock Incentive Plan (the Option Plan). The Company also sponsors an Employee Stock Purchase Plan (ESPP). All full time employees (except employees in geographies where participation is restricted by local statute or regulations) are eligible to participate in the Company's ESPP which provides a fifteen percent (15%) discount on the purchase of shares twice a year. Executive officers participate in this plan on the same terms as all other employees. Offering stock options and an ESPP are critical elements in attracting and retaining high caliber employees, including executive level talent, in the competitive technology industry labor market. The Compensation Committee acts as the plan administrator for both the Option Plan and the ESPP.

Stock options ranges are set for each job function, level and position within the Company for both new hire grants and annual refresh grants and are reviewed and approved by the Compensation Committee at the start of each fiscal year.

Ranges are set to balance the need to use equity grants to provide significant attraction and retention value against the need to limit dilution of shareholder interests by working within the Company's target dilution rate. These options ranges provide reference guidelines for the Chief Executive Officer, the Company's human resources personnel, the Compensation Committee and the Board of Directors when hiring new executives to the Company. Additionally, the Compensation Committee uses data provided by its independent compensation

Table of Contents

consultant (in 2008 Compensia) to ensure that new hire and any refresh grants for executive officers are within the target positioning levels in the Company's basket of comparable companies.

The principal factors considered in granting new employee stock options to executive officers of the Company are: (i) level of responsibility of the new hire's position, (ii) total compensation profile, and (iii) the executive officer's ability to influence the Company's long-term growth and profitability. Additional factors considered when reviewing annual refresh grants include: (i) performance, (ii) the amount of unvested options that the particular executive holds, (iii) the existing levels of stock ownership and options among the executive officers relative to each other and to the Company's employees as a whole, and (iv) the Company's target dilution rate.

Equity Based Incentive Plans: 2008 Evaluation

In the fourth quarter of 2007, Compensia provided the Compensation Committee with an analysis of the long term incentive value of each executive's equity based grants against the market peer group of companies, using the Black Scholes valuation model. The analysis indicated the value for each NEO's vested and unvested options and the total value as a percentage of the market. Compensia made recommendations for annual refresh option grants for each NEO in fiscal 2008 based on consideration of the factors detailed above. See "Grants of Plan-Based Awards - 2008 Fiscal Year" below for a summary of the 2008 option grants to the NEOs.

The Compensation Committee discussed the Compensia analyses related to the NEOs with the Chief Executive Officer and reviewed the strong company performance and each individual NEO's performance in 2007 in determining the final awards approved.

Stock Option Grant Process

The Company's Option Plan authorizes the Compensation Committee to grant stock options to NEOs of the Company and as such, the Compensation Committee approves grants to new NEOs as well as approving refresh and promotional grants to existing NEOs.

The Company's standard option granting practice includes authorizing grants to executives and employees at the regularly scheduled Compensation Committee meetings held during the first month of each quarter, although the policy allows for some flexibility regarding corrections and off-cycle grants within pre-approved guidelines. The effective grant date and strike price is set as of the first business day of the second month of the quarter if such date is in an open window, or if not, the next date that is in an open window. The vesting commencement date is the effective start date for new hire grants, the effective promotion date for promotional grants, and the actual grant date for the annual refresh grants.

Stock Ownership Guidelines for NEOs and Directors

To further align the interests of the NEOs and members of the Board of Directors with those of the Company's stockholders, in February 2008, the Corporate Governance and Nominating Committee adopted stock ownership guidelines for the Company's NEOs and directors. Pursuant to these guidelines, each director and NEO (except the Chief Executive Officer) is expected to hold at least 5,000 shares of the Company's Common Stock for so long as he or she is a director or a NEO. The Chief Executive Officer is expected to hold at least 10,000 shares of the Company's Common Stock for so long as he or she retains that position with the Company. Directors and NEOs, including the Chief Executive Officer, are expected to meet the standards set forth in the guidelines within three years from the date such guidelines were adopted by the Corporate Governance and Nominating Committee or within three years after the date of their election or reelection to the Board of Directors or appointment as a NEO.

Benefits

The Company has adopted certain general employee benefits plans in which executive officers also participate under the same terms as other employees. The benefits plans vary by geography to account for statutory requirements and local market practices. The primary benefit plans which are available to all U.S. employees who work at least twenty-four hours per week are:

flexible time off for vacation, care of a family member, or for a personal or family illness;

Table of Contents

medical, dental and vision coverage;

disability insurance with the same relative coverage and payout levels regardless of seniority;

basic life and accidental death & dismemberment insurance with the same relative coverage and payout levels regardless of seniority;

401(k) savings plan with a matching Company contribution of up to \$2,500, and

the Employee Stock Purchase Plan previously described.

The Company limits the perquisites that are available to its executives. The Company does not currently offer any non qualified deferred compensation plans or supplemental retirement plans to its executives. Also, the Company does not provide any pension arrangements or other similar benefits to its executives or employees, other than the 401(k) plan referenced above.

Executive Severance Arrangements

The Company has entered into agreements with its NEOs regarding severance arrangements. Such agreements are standard in the Company's industry and are necessary in order to attract the best talent for these executive positions. See "Potential Payments on Termination or Change of Control" below for a summary of the material terms and conditions of these severance arrangements.

Accounting and Tax Considerations

The Company considers tax and accounting implications in designing its compensation programs. For example, in selecting equity based compensation elements, the Compensation Committee reviews the projected expense amounts and expense timing associated with equity grants. In addition, the Compensation Committee previously adjusted the ESPP look-back period from 24 months to six months to reduce the expense associated with ESPP participation. Section 162(m) of the Internal Revenue Code ("IRC") disallows a deduction by the Company for compensation exceeding \$1.0 million paid to certain executive officers, excluding, among other things, performance-based compensation. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Company has not adopted a policy that all compensation must be deductible. In particular, because the Company's pre-Initial Public Offering stock option plan (the "Option Plan") was not ratified by stockholders within three years following the calendar year of the Initial Public Offering, options granted under such Option Plan on or after May 22, 2003 are not exempted under Section 162(m). This Option Plan will expire in March 2009 and the Company intends to replace it with the 2009 Plan that the Company is submitting to stockholders for approval in this proxy statement. The Company does not have any deferred compensation plans. Even so, given the broad language of Section 409A, in 2008 the Company reviewed and revised various compensation arrangements to address Section 409A compliance.

Potential Payments Upon Termination or Change of Control

The Company has entered into severance agreements with its NEOs. Such agreements are standard in the Company's industry and are necessary in order to attract the best talent for these executive positions. The Company has a standard agreement for its Executive Vice Presidents which has been signed by Mr. Fry, Mr. Pancha and Mr. Hoffman. A summary of the material terms and conditions in this standard Executive Severance Agreement as well as the Chief Executive Officer's Severance Agreement are included below.

Term of Standard Agreement. Each agreement has an initial term of two years, and provides that the initial term will be automatically extended each year for an additional one year term unless the Company informs the executive officer at least ninety days prior to the date of automatic renewal that it is electing not to extend the term.

Severance. In the event that the Company terminates the executive officer's employment without Cause or the executive resigns for Good Reason as such terms are defined in the agreements, and such termination occurs within the time period beginning on the date three months preceding a change of control of the Company and ending on the date twelve months following a change of control, the executive officer will receive the following severance package: (1) continued payment of the executive officer's base salary for a period of twelve months; (2) a lump sum payment equal to executive officer's annual on-target bonus, commissions or variable earnings, assuming Company performance at 100% of target for Company bonus or commissions determination; (3) reimbursement for benefits premiums for a maximum of twelve months (to cease once eligible for similar benefits from another employer); and (4) twelve months accelerated vesting for any equity awards that are outstanding as of the date that the executive officer's employment is terminated.

Definitions. Cause is defined as (i) an executive officer's act of dishonesty or fraud in connection with the performance of his responsibilities to the Company with the intention that such act result in an executive officer's substantial personal enrichment, (ii) an executive officer's conviction of, or plea of nolo contendere to, a felony,

Table of Contents

(iii) an executive officer's willful failure to perform his duties or responsibilities, or (iv) an executive officer's violation or breach of an executive officer's Employee Proprietary Information and Inventions Agreement; provided that if any of the foregoing events is capable of being cured, the Company will provide notice to the executive officer describing the nature of such event and the executive officer will thereafter have 30 days to cure such event. Good Reason is defined as the occurrence of any of the following without an executive officer's express written consent: (i) a reduction (or series of reductions) of the executive's base salary or target bonus that singly or in the aggregate constitute a material reduction, other than a one-time reduction of up to 10% that also is applied to substantially all of the Company's other senior executives, (ii) a reduction in an executive officer's base salary other than a one-time reduction of not more than 10% that also is applied to substantially all of the Company's other executive officers, (iii) a material reduction in the aggregate level of benefits made available to the executive officer other than a reduction that also is applied to substantially all of the Company's other executive officers, or (iv) relocation of an executive officer's primary place of business for the performance of his duties to the Company to a location that is more than 35 miles from its prior location.

Conditions. The severance payments, continued benefits, and accelerated vesting will be subject to the executive officer entering into and not subsequently revoking: (1) a separation agreement and release of claims in a form satisfactory to the Company and the executive officer; (2) a non-compete and non-solicitation agreement that would be in effect during the 12 month period in which the executive officer receives continuing salary from the Company; and (3) a non-disparagement agreement.

Paul Hoffman	\$ 350,000	\$ 98,869	\$ 315,000	\$ 13,907	\$ 777,776

(2) Each amount reflects the annual cost of Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) coverage to maintain the insurance, medical, dental and vision benefits currently provided to each individual.

For the Company's Chief Executive Officer, the terms are the same as detailed above, except that in the event of a change of control, the Chief Executive Officer would also receive (1) an additional twelve months accelerated vesting for any equity awards that are outstanding as of the date that the Chief Executive Officer's employment is

terminated (for a total of 24 month acceleration); and (2) a tax gross-up payment in the event any of the foregoing benefits subject the Chief Executive Officer to excise tax on excess parachute payments as determined under Sections 280G and 4999 of the Internal Revenue Code which could include income and employment taxes on such tax gross up payment as well as interest and penalties.

3.2 Authority of the Committee.

It shall be the duty of the Committee to administer the Plan in accordance with the Plan's provisions. The Committee shall have all powers and discretion necessary or appropriate to administer the Plan and to control its operation, including, but not limited to, the power to (a) determine which Employees, Consultants and Directors shall be granted Awards, (b) prescribe the terms and conditions of the Awards, (c) interpret the Plan and the Awards, (d) adopt such procedures and subplans as are necessary or appropriate to permit participation in the Plan by Employees, Consultants and Directors who are foreign nationals or employed outside of the United States, (e) adopt rules for the administration, interpretation and application of the Plan as are consistent therewith, (f) subject to the provisions of Section 4.5.5. of the Plan, accelerate the exercisability of any outstanding Awards, and (g) interpret, amend or revoke any such rules. Section 4

SHARES SUBJECT TO THE PLAN

4.1 *Number of Shares.*

Subject to adjustment as provided in Section 4.4, the total number of Shares available issuance under the Plan shall not exceed nine million (9,000,000). Shares granted under the Plan may be either authorized but unissued Shares or treasury Shares.

4.2 *Full Value Awards.*

Any Shares subject to all Awards except Options and SARs shall be counted against the numerical limits of Section 4.1 as one and fifty two hundredths (1.52) Shares for every one (1) Share subject thereto. Further, if Shares acquired pursuant to any Awards of Restricted Stock, Restricted Stock Units, Performance Units, and Performance Shares are forfeited or repurchased by the Company and would otherwise return to the Plan pursuant to Section 4.3, one and fifty two hundredths (1.52) times the number of Shares so forfeited or repurchased shall return to the Plan and shall again become available for issuance.

4.3 *Lapsed Awards.*

If an Award is settled in cash, or is cancelled, terminates, expires, or lapses for any reason, any Shares subject to such Award again shall be available to be the subject of an Award. With respect to Stock Appreciation Rights, all of the Shares covered by the Award (that is, Shares actually issued pursuant to a Stock Appreciation Right as well as the Shares that represent payment of the exercise price and tax related to the Award) shall cease to be available under the Plan. Shares that have actually been issued under the Plan under any Award shall not be returned to the Plan and shall not become available for future distribution under the Plan. To the extent an Award under the Plan is paid out in cash rather than Shares, such cash payment shall not reduce the number of Shares available for issuance under the Plan. Notwithstanding the foregoing and, subject to adjustment provided in Section 4.4, the maximum number of Shares that may be issued upon the exercise of Incentive Stock Options shall equal the aggregate Share number stated in Section 4.1, plus, to the extent allowable under Section 422 of the Code, any Shares that become available for issuance under the Plan under this Section 4.3. The following shares shall not be available for future grant: (i) shares tendered in payment of the exercise price of an option; and (ii) shares withheld by the Company or otherwise received by the Company to satisfy tax withholding obligations.

4.4 *Adjustments in Awards and Authorized Shares.*

In the event that any dividend or other distribution (whether in the form of cash, Shares, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Shares or other securities of the Company, or other change in the corporate structure of the Company affecting the Shares such that an adjustment is determined by the Committee (in its sole discretion) to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the Committee shall, in such manner as it may deem equitable, adjust the number and class of Shares that may be delivered under the Plan, the number, class, and price of Shares (or other property or cash) subject to outstanding Awards, and the numerical limits of Sections 5.1, 6.1, 7.1, 8.1, 9.1, 10.1 and 11.1. Notwithstanding the preceding, the number of Shares subject to any Award always shall be a whole number.

4.5 *Change of Control.*

4.5.1 In the event of a Change of Control, each outstanding Award shall be treated as the Committee determines, including, without limitation, that each Award be assumed or an equivalent option or right substituted by the successor

corporation or a parent or subsidiary of the successor corporation. The Committee shall not be required to treat all Awards similarly in the transaction.

4.5.2 In the event that the successor corporation does not assume or substitute for the Award, the Participant shall fully vest in and have the right to exercise all of his or her outstanding Options and SARs, including Shares as to which such Awards would not otherwise be vested or exercisable, all restrictions on Restricted Stock and Restricted Stock Units shall lapse, and, with respect to Awards with performance-based vesting, all performance goals or other vesting criteria shall be deemed achieved at 100% on-target levels and all other terms and conditions met. In addition, if an Option or SAR is not assumed or substituted in the event of a Change of Control, the Committee shall notify the Participant in writing or electronically that the Option or SAR shall be exercisable for a period of time determined by the Committee in its sole discretion, and the Option or SAR shall terminate upon the expiration of such period.

Table of Contents

4.5.3 For the purposes of this Section 4.5, an Award shall be considered assumed if, following the Change of Control, the Award confers the right to purchase or receive, for each Share subject to the Award immediately prior to the Change of Control, the consideration (whether stock, cash, or other securities or property) received in the Change of Control by holders of the Shares held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the Change of Control is not solely common stock of the successor corporation or its parent, the Committee may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of an Option or SAR or upon the payout of a Restricted Stock Unit, Restricted Stock, Performance Unit or Performance Share, for each Share subject to such Award, to be solely common stock of the successor corporation or its parent equal in fair market value to the per share consideration received by holders of Shares in the Change of Control.

4.5.4 Notwithstanding anything in this Section 4.5 to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more performance goals will not be considered assumed if the Company or its successor modifies any of such performance goals without the Participant's consent; provided, however, a modification to such performance goals only to reflect the successor corporation's post-Change of Control corporate structure shall not be deemed to invalidate an otherwise valid Award assumption.

4.5.5 Further, and notwithstanding anything in this Section 4.5 to the contrary, the provisions of this Section 4.5 only shall apply upon the consummation of a Change of Control, and shall not apply to a proposed or potential Change of Control.

Section 5

STOCK OPTIONS

5.1 Grant of Options.

Subject to the terms and provisions of the Plan, Options may be granted to Employees, Directors and Consultants at any time and from time to time as determined by the Committee in its sole discretion. The Committee, in its sole discretion, shall determine the number of Shares subject to each Option, provided that during any Fiscal Year, no Participant shall be granted Options (and/or SARs) covering more than a total of one million (1,000,000) Shares. Notwithstanding the foregoing, during the Fiscal Year in which a Participant first becomes an Employee, he or she may be granted Options (and/or SARs) to purchase up to a total of an additional two million (2,000,000) Shares. The Committee may grant Incentive Stock Options, Nonqualified Stock Options, or a combination thereof.

5.2 Award Agreement.

Each Option shall be evidenced by an Award Agreement that shall specify the Exercise Price, the expiration date of the Option, the number of Shares covered by the Option, any conditions to exercise the Option, and such other terms and conditions as the Committee, in its discretion, shall determine. The Award Agreement shall also specify whether the Option is intended to be an Incentive Stock Option or a Nonqualified Stock Option.

5.3 Exercise Price.

Subject to the provisions of this Section 5.3, the Exercise Price for each Option shall be determined by the Committee in its sole discretion.

5.3.1 Nonqualified Stock Options. The Exercise Price of each Nonqualified Stock option shall be determined by the Committee in its discretion but shall be not less than one hundred percent (100%) of the Fair Market Value of a Share on the Grant Date.

5.3.2 Incentive Stock Options. In the case of an Incentive Stock Option, the Exercise Price shall be not less than one hundred percent (100%) of the Fair Market Value of a Share on the Grant Date; provided, however, that if on the Grant Date, the Employee (together with persons whose stock ownership is attributed to the Employee pursuant to Section 424(d) of the Code) owns stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any of its Subsidiaries, the Exercise Price shall be not less than one hundred and ten percent (110%) of the Fair Market Value of a Share on the Grant Date.

5.3.3 Substitute Options. Notwithstanding the provisions of Section 5.3.2, in the event that the Company or an Affiliate consummates a transaction described in Section 424(a) of the Code (e.g., the acquisition of property or stock from an unrelated corporation), persons who become Employees, Nonemployee Directors or Consultants on account of such transaction may be granted Options in substitution for

Table of Contents

options granted by their former employer. If such substitute Options are granted, the Committee, in its sole discretion and consistent with Section 424(a) of the Code, may determine that such substitute Options shall have an exercise price less than one hundred percent (100%) of the Fair Market Value of the Shares on the Grant Date.

5.4 Expiration of Options.

5.4.1 **Expiration Dates.** Each Option shall terminate no later than the first to occur of the following events:

- (a) The date for termination of the Option set forth in the written Award Agreement; or
- (b) The expiration of seven (7) years from the Grant Date.

5.4.2 **Death or Disability of Participant.** Subject to Section 5.4.1, if a Participant dies or becomes disabled prior to the expiration of his or her Options, the Committee, in its discretion, may provide that his or her Options shall be exercisable for up to one (1) year after the date of death.

5.4.3 **Committee Discretion.** Subject to the seven (7) limit of Sections 5.4.1, the Committee, in its sole discretion, (a) shall provide in each Award Agreement when each Option expires and becomes unexercisable, and (b) may, after an Option is granted, extend the maximum term of the Option (subject to Section 5.8.4 regarding Incentive Stock Options).

5.5 Exercisability of Options.

Options granted under the Plan shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall determine in its sole discretion. Subject to the provisions of Section 4.5.5 of the Plan, after an Option is granted, the Committee, in its sole discretion, may accelerate the exercisability of the Option.

5.6 Payment.

Options shall be exercised by the Participant giving notice and following such procedures as the Company (or its designee) may specify from time to time. Exercise of an Option also requires that the Participant make arrangements satisfactory to the Company for full payment of the Exercise Price for the Shares. All exercise notices shall be given in the form and manner specified by the Company from time to time. The Exercise Price shall be payable to the Company in full in cash or its equivalent. The Committee, in its sole discretion, also may permit exercise (a) by tendering previously acquired Shares having an aggregate Fair Market Value at the time of exercise equal to the total Exercise Price, or (b) by any other means which the Committee, in its sole discretion, determines to both provide legal consideration for the Shares, and to be consistent with the purposes of the Plan. As soon as practicable after receipt of a notification of exercise satisfactory to the Company and full payment for the Shares purchased, the Company shall deliver to the Participant (or the Participant's designated broker), Share certificates (which may be in book entry form) representing such Shares.

5.7 Restrictions on Share Transferability.

The Committee may impose such restrictions on any Shares acquired pursuant to the exercise of an Option as it may deem advisable, including, but not limited to, restrictions related to applicable federal securities laws, the requirements of any national securities exchange or system upon which Shares are then listed or traded, or any blue sky or state securities laws.

5.8 Certain Additional Provisions for Incentive Stock Options.

5.8.1 **Exercisability.** The aggregate Fair Market Value (determined on the Grant Date(s)) of the Shares with respect to which Incentive Stock Options are exercisable for the first time by any Employee during any calendar year (under all

plans of the Company and its Subsidiaries) shall not exceed \$100,000.

5.8.2 Termination of Service. No Incentive Stock Option may be exercised more than three (3) months after the Participant's Termination of Service for any reason other than Disability or death, unless (a) the Participant dies during such three-month period, and/or (b) the Award Agreement or the Committee permits later exercise (in which case the Option instead may be deemed to be a Nonqualified Stock Option). No Incentive Stock Option may be exercised more than one (1) year after the Participant's Termination of Service on account of Disability, unless (a) the Participant dies during such one-year period, and/or (b) the Award Agreement or the Committee permit later exercise (in which case the option instead may be deemed to be a Nonqualified Stock Option).

5.8.4 *Expiration.* No Incentive Stock Option may be exercised after the expiration of ten (10) years from the Grant Date as required by Section 422 of the Code; provided, however, that if the Option is granted to an Employee who, together with persons whose stock ownership is attributed to the Employee pursuant to Section 424(d) of the Code, owns stock possessing more than ten percent (10%) of the total combined voting power of all classes of the stock of the Company or any of its Subsidiaries, the Option may not be exercised after the expiration of five (5) years from the Grant Date.

Each Award of Performance Shares shall be evidenced by an Award Agreement that shall specify the Performance Period, and such other terms and conditions as the Committee, in its sole discretion, shall determine.

9.4.1 General Performance Objectives or Vesting Criteria. The Committee may set performance objectives or vesting criteria based upon the achievement of Company-wide, departmental, or individual goals, applicable federal or state securities laws, or any other basis determined by the Committee in its discretion (for example, but not by way of limitation, continuous service as an Employee, Director or Consultant).

9.4.2 Section 162(m) Performance Objectives. For purposes of qualifying grants of Performance Shares as performance-based compensation under Section 162(m) of the Code, the Committee, in its discretion, may determine that the performance objectives applicable to Performance Shares shall be based on the achievement of Performance Goals. The Performance Goals shall be set by the Committee on or before the latest date permissible to enable the Performance Shares to qualify as performance-based compensation under Section 162(m) of the Code. In granting Performance Shares that are intended to qualify under Section 162(m) of the Code, the Committee shall follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Performance Shares under Section 162(m) of the Code (e.g., in determining the Performance Goals).

9.5 Earning of Performance Shares.

After the applicable Performance Period has ended, the holder of Performance Shares shall be entitled to receive a payout of the number of Performance Shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance objectives have been achieved. Subject to the provisions of Section 4.5.5. of the Plan, after the grant of a Performance Share, the Committee, in its sole discretion, may reduce or waive any performance objectives for such Performance Share.

9.6 Form and Timing of Payment of Performance Shares.

Payment of vested Performance Shares shall be made as soon as practicable after vesting (subject to any deferral permitted under Section 12.1). The Committee, in its sole discretion, may pay Performance Shares in the form of cash, in Shares or in a combination thereof.

9.7 Cancellation of Performance Shares.

On the date set forth in the Award Agreement, all unvested Performance Shares shall be forfeited to the Company, and except as otherwise determined by the Committee, again shall be available for grant under the Plan.

10.2 Value of RSUs.

Each Restricted Stock Unit shall have an initial value equal to the Fair Market Value of a Share on the Grant Date.

10.4 Earning of RSUs.

After the applicable vesting period has ended, the holder of Restricted Stock Units shall be entitled to receive a payout of the number of Restricted Stock Units earned by the Participant over the vesting period. Subject to the provisions of Section 4.5.5. of the Plan, after the grant of a Restricted Stock Unit, the Committee, in its sole discretion, may reduce or waive any vesting condition for such Restricted Stock Unit.

10.5 Form and Timing of Payment of RSUs.

Payment of vested Restricted Stock Units shall be made as soon as practicable after vesting (subject to any deferral permitted under Section 12.1). The Committee, in its sole discretion, may pay Restricted Stock Units in the form of cash, in Shares or in a combination thereof.

10.6 Cancellation of RSUs.

On the date set forth in the Award Agreement, all unvested Restricted Stock Units shall be forfeited to the Company, and except as otherwise determined by the Committee, again shall be available for grant under the Plan.

10.7 Section 162(m) Performance Restrictions.

For purposes of qualifying grants of Restricted Stock Units as performance-based compensation under Section 162(m) of the Code, the Committee, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals shall be set by the Committee on or before the latest date permissible to enable the Restricted Stock Units to qualify as performance-based compensation under Section 162(m) of the Code. In granting Restricted Stock Units which are intended to qualify under Section 162(m) of the Code, the Committee shall follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Restricted Stock Units under Section 162(m) of the Code (e.g., in determining the Performance Goals).

Section 11

NON-EMPLOYEE DIRECTOR AWARDS

The provisions of this Section 11 are applicable only to Awards granted to Non-employee Directors.

11.1 Granting of Awards.

The Committee's philosophy is to grant Awards to Non-employee Directors of the same type and following the same ratio as grants to the Company's Section 16 officers. The types and amounts of Awards to be granted are set out below.

11.1.1 Initial Grants. Each Non-employee Director who first becomes a Non-employee Director on or after the effective date of this Plan, automatically, in accord with the Committee's preceding grants to the Section 16 officers, shall receive, as of the date that the individual first is appointed or elected as a Non-employee Director: (a) an Option to purchase sixty thousand (60,000) Shares; (b) (x) an Option to purchase thirty thousand (30,000) Shares and (y) an Award of ten thousand (10,000) Restricted Stock Units; or (c) an Award of twenty thousand (20,000) Restricted Stock Units .

11.1.2 Ongoing Grants. Each Nonemployee Director who both is a Nonemployee Director on the date of an Annual Meeting of Stockholders of the Company, and has served as a Nonemployee Director for at least six (6) months prior to such Annual Meeting automatically, in accord with the Committee's preceding grants to the Section 16 officers, shall receive, as of the date of the Annual Meeting only; (a) an Option to purchase

twenty five thousand (25,000) Shares; (b) (x) an Option to purchase twelve thousand five hundred (12,500) Shares and (y) an Award of four thousand one hundred sixty seven (4,167) Restricted Stock Units; or (c) an Award of eight thousand three hundred thirty three (8,333) Restricted Stock Units.

11.2 Terms of Awards.

11.2.1 Agreement. Each Award granted pursuant to this Section 11 shall be evidenced by a written Award Agreement between the Participant and the Company.

11.2.2 Exercise Price. The Exercise Price for the Shares subject to each Option granted pursuant to this Section 11 shall be one hundred percent (100%) of the Fair Market Value of such Shares on the Grant Date.

11.2.3 Exercisability and Vesting.

(a) Each Option granted pursuant to Section 11.1.1 shall become exercisable as to thirty three percent (33%) of the Shares on the first anniversary of the Grant Date, as to an additional two and seventy eight one-hundredths percent (2.78%) on each monthly thereafter until one hundred percent (100%) of the Shares have vested.

(b) The Restricted Stock Units granted pursuant to Section 11.1.1 shall vest as to thirty three and one third percent (33 1/3%) of the Restricted Stock Units on each of the first anniversary, second anniversary and third anniversary of the RSU Vesting Commencement Date, respectively.

(c) Each Option granted pursuant to Section 11.1.2 shall become exercisable as to one hundred percent (100%) of the Shares on the first anniversary of the Grant Date.

(d) The Restricted Stock Units granted pursuant to Section 11.1.2 shall vest as to one hundred percent (100%) of the Restricted Stock Units on the first anniversary of the RSU Vesting Commencement Date.

Notwithstanding the preceding, once a Participant ceases to be a Director, his or her Options which are not then exercisable shall never become exercisable and shall be immediately forfeited and all unvested Restricted Stock Units shall be forfeited to the Company.

11.2.4 Expiration of Options. Each Option granted pursuant to this Section 11 shall terminate upon the first to occur of the following events:

(a) The expiration of seven (7) years from the Grant Date; or

(b) The expiration of three (3) months from the date of the Participant's Termination of Service for any reason other than the Participant's death or Disability;

(c) The expiration of one (1) year from the date of the Participant's Termination of Service by reason of Disability or death.

11.2.5 Nonqualified Stock Options. Options granted pursuant to this Section 11 shall be designated as Nonqualified Stock Options.

11.2.6 Other Terms. All provisions of the Plan not inconsistent with this Section 11 shall apply to Awards granted to Nonemployee Directors.

11.3 *Committee Discretion.*

The Committee, in its sole discretion, at any time may change the number and other terms and conditions of the Awards subject to future grants under this Section 11.

Section 12

MISCELLANEOUS

12.1 *Deferrals*

The Committee, in its sole discretion, may permit a Participant to defer receipt of the payment of cash or the delivery of Shares that otherwise would be due to such Participant under an Award. Any such

deferral elections shall be subject to such rules and procedures as shall be determined by the Committee in its sole discretion.

12.2 No Effect on Employment or Service.

Nothing in the Plan shall interfere with or limit in any way the right of the Company or an Affiliate to terminate any Participant's employment or service at any time, with or without cause. For purposes of the Plan, transfer of employment of a Participant between the Company and any one of its Affiliates (or between Affiliates) shall not be deemed a Termination of Service. Employment with the Company and its Affiliates is on an at-will basis only.

12.3 Participation.

No Employee, Director or Consultant shall have the right to be selected to receive an Award under this Plan, or, having been so selected, to be selected to receive a future Award.

12.4 Indemnification.

Each person who is or shall have been a member of the Committee, or of the Board, shall be indemnified and held harmless by the Company against and from (a) any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit, or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under the Plan or any Award Agreement, and (b) from any and all amounts paid by him or her in settlement thereof, with the Company's approval, or paid by him or her in satisfaction of any judgment in any such claim, action, suit, or proceeding against him or her, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Certificate of Incorporation or Bylaws, by contract, as a matter of law, or otherwise, or under any power that the Company may have to indemnify them or hold them harmless.

12.5 Successors.

All obligations of the Company under the Plan, with respect to Awards granted hereunder, shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business or assets of the Company.

12.6 Beneficiary Designations.

If permitted by the Committee, a Participant under the Plan may name a beneficiary or beneficiaries to whom any vested but unpaid Award shall be paid in the event of the Participant's death. Each such designation shall revoke all prior designations by the Participant and shall be effective only if given in a form and manner acceptable to the Committee. In the absence of any such designation, any vested benefits remaining unpaid at the Participant's death shall be paid to the Participant's estate and, subject to the terms of the Plan and of the applicable Award Agreement, any unexercised vested Award may be exercised by the administrator or executor of the Participant's estate.

12.7 Limited Transferability of Awards.

No Award granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will, by the laws of descent and distribution, or to the limited extent provided in Section 12.6. All rights with respect to an Award granted to a Participant shall be available during his or her lifetime only to the Participant. Notwithstanding the foregoing, the Participant may, in a manner specified by the Committee, if the Committee (in its discretion) so permits, (a) transfer an Award to a Participant's spouse, former spouse or dependent pursuant to a court-approved domestic relations order which relates to the provision of child support, alimony payments or marital property rights, and (b) transfer an Award by bona fide gift and not for any consideration, to (i) a member or members of the Participant's immediate family, (ii) a trust established for the exclusive benefit of the Participant and/or member(s) of the Participant's immediate family, (iii) a partnership, limited

liability company or other entity whose only partners or members are the Participant and/or member(s) of the Participant's immediate family, or (iv) a foundation in which the Participant and/or member(s) of the Participant's immediate family control the management of the foundation's assets. Any such transfer shall be made in accordance with such procedures as the Committee may specify from time to time.

12.8 *No Rights as Stockholder.*

No Participant (nor any beneficiary) shall have any of the rights or privileges of a stockholder of the Company with respect to any Shares issuable pursuant to an Award (or exercise thereof), unless and until certificates representing such Shares shall have been issued, recorded on the records of the Company or its transfer agents or registrars, and delivered to the Participant (or beneficiary).

Section 13

AMENDMENT, TERMINATION, AND DURATION

13.1 Amendment, Suspension, or Termination.

The Board, in its sole discretion, may amend, suspend or terminate the Plan, or any part thereof, at any time and for any reason. The amendment, suspension, or termination of the Plan shall not, without the consent of the Participant, alter or impair any rights or obligations under any Award theretofore granted to such Participant. No Award may be granted during any period of suspension or after termination of the Plan.

13.2 Duration of the Plan.

The Plan shall be effective as of _____, 2009, and subject to Section 13.1 (regarding the Board's right to amend or terminate the Plan), shall remain in effect thereafter. However, without further stockholder approval, no Incentive Stock Option may be granted under the Plan after _____, 2019.

Section 14

TAX WITHHOLDING

14.1 Withholding Requirements.

Prior to the delivery of any Shares or cash pursuant to an Award (or exercise thereof), the Company shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, and local taxes (including the Participant's FICA obligation) required to be withheld with respect to such Award (or exercise thereof).

14.2 Withholding Arrangements.

The Committee, in its sole discretion and pursuant to such procedures as it may specify from time to time, may permit a Participant to satisfy such Tax Obligations, in whole or in part by (a) electing to have the Company withhold otherwise deliverable Shares, or (b) delivering to the Company already-owned Shares having a Fair Market Value equal to the amount required to be withheld or remitted. The amount of the Tax Obligations shall be deemed to include any amount which the Committee agrees may be withheld at the time the election is made, not to exceed the amount determined by using the maximum federal, state or local marginal income tax rates applicable to the Participant or the Company, as applicable, with respect to the Award on the date that the amount of tax or social insurance liability to be withheld or remitted is to be determined. The Fair Market Value of the Shares to be withheld or delivered shall be determined as of the date that the Tax Obligations are required to be withheld.

Section 15

LEGAL CONSTRUCTION

15.1 Gender and Number.

Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine; the plural shall include the singular and the singular shall include the plural.

15.2 Severability.

In the event any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid

provision had not been included.

15.3 Requirements of Law.

The granting of Awards and the issuance of Shares under the Plan shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

15.4 Securities Law Compliance.

With respect to Section 16 Persons, transactions under this Plan are intended to qualify for the exemption provided by Rule 16b-3. To the extent any provision of the Plan, Award Agreement or action by the Committee fails to so comply, it shall be deemed null and void, to the extent permitted by law and deemed advisable or appropriate by the Committee.

15.5 Code Section 409A.

Unless otherwise specifically determined by the Committee, the Committee shall comply with Code Section 409A in establishing the rules and procedures applicable to deferrals in accordance with Section 12.1 and taking or permitting such other actions under the terms of the Plan that otherwise would result in a deferral of compensation subject to Code Section 409A.
