PROXY STATEMENT

**ANNUAL MEETING OF SHAREHOLDERS
SEPTEMBER 13, 2007**

INTRODUCTION

We will hold the Annual Meeting of Shareholders of Uroplasty, Inc. on Thursday, September 13, 2007, at 3:30 p.m. (Central Time) at our principal executive office located at 5420 Feltl Road, Minnetonka, Minnesota 55343, or at any adjournment or adjournments thereof, for the purposes set forth in the Notice of Annual Meeting of Shareholders.

We enclose a proxy card for your use. Our Board of Directors solicits you to **SIGN AND RETURN THE PROXY CARD IN THE REPLY ENVELOPE**. Any proxy given to this solicitation and received in time for the Annual Meeting will be voted in accordance with the instructions given in such proxy. However, if no direction is given by a shareholder in the proxy, the shares will be voted as recommended by our Board of Directors. Any shareholder giving a proxy may revoke it at any time before the proxy is voted at our Annual Meeting either by giving a written notice of revocation to our Secretary, by filing a duly executed proxy bearing a later date with our Secretary or by appearing at the Annual Meeting and filing a written notice of revocation with our Secretary prior to use of the proxy. No revocation of a proxy will be effective until written notice of the revocation is received by us at or prior to the Annual Meeting.

We will bear the cost of soliciting proxies, including the preparation, assembly and mailing of the proxies and soliciting material, as well as the cost of forwarding such material to beneficial owners of our common stock. Our directors, officers and regular employees may, without compensation other than their regular compensation, solicit proxies in person, in writing or by any form of telecommunication. We may reimburse brokerage firms and others for expenses in forwarding proxy materials to the beneficial owners of common stock.

This proxy statement and the enclosed proxy card are first being mailed to or given to shareholders on or about August 6, 2007.

OUR BOARD OF DIRECTORS RECOMMENDS YOU VOTE FOR THE PROPOSALS IN OUR NOTICE OF MEETING.

Table of Contents

VOTING OF SHARES

Only holders of record of our common stock at the close of business on July 16, 2007 are entitled to vote at the Annual Meeting. On July 16, 2007, we had 13,264,640 shares of common stock outstanding. Holders of our common stock are entitled to one vote per share.

The presence at our Annual Meeting, in person or by proxy, of the holders of a majority of our outstanding shares of common stock entitled to vote at the meeting (6,632,321 shares) is required for a quorum for the transaction of business. The election of each director and any other proposals that may come before the Annual Meeting described in this Proxy Statement require the approval of a majority of the shares present and entitled to vote in person or by proxy at the meeting provided a quorum is present, except where a larger proportion is required by Minnesota law.

If your shares are registered directly in your name, you are considered the shareholder of record with respect to those shares. If your shares are held in a stock brokerage account or by a bank, trust or other nominee, then the broker, bank, trust or other nominee is considered to be the shareholder of record with respect to those shares. However, you still are considered the beneficial owner of those shares, and your shares are said to be held in street name.

If you hold your shares in street name, you must provide such record holder with instructions on how to vote your shares with regard to the items described in this proxy statement. If you do not provide such record holder with instructions on how to vote your shares, under certain circumstances, your brokerage firm may vote your shares for routine matters, such as the election of directors.

If you abstain from voting on any matter, the abstention will be counted for purposes of determining whether a quorum is present at the Annual Meeting for the transaction of business as well as shares entitled to vote on that particular matter. Accordingly, an abstention on any matter will have the same effect as a vote against that matter.

If you hold your shares in street name and do not provide voting instructions to your broker or other nominee as the record holder, your shares will be considered to be broker non-votes and will not be voted on any proposal on which your broker or other nominee does not have discretionary voting power. Broker non-votes are counted as present for purposes of establishing a quorum for the meeting, but are not considered entitled to vote on the proposal in question because the broker has no discretionary voting power. Consequently, broker non-votes do not have the same effect as a negative vote on the proposal.

PROPOSAL 1
ELECTION OF DIRECTORS

Nominations

As permitted by Minnesota law, our Restated Articles of Incorporation, as amended (the Articles of Incorporation) require the dividing of our Board of Directors (the Board) into three classes, with each class containing as nearly as possible one-third of the total. The members of each class are elected to serve a term of three years. The term of office of each class is staggered so that in any one year the term of only one class expires. At each annual meeting of shareholders, a class of directors will be elected for a three-year term.

Table of Contents

Our Board currently consists of six directors. The term of our Class III directors will expire at our 2007 Annual Meeting requiring the election of two Class III directors at the meeting for a three-year term. Our Nominating Committee recommended and our Board elected the individual nominees named below to serve as a Class III director for the term as indicated below, until his successor has been elected and duly qualified. Both nominees are current members of the Board.

If the Board should learn that a nominee will be unable to serve by reason of death, incapacity or other unexpected occurrence prior to the Annual Meeting, the proxies which otherwise would have been voted for such nominee will be voted for a substitute nominee selected by the Nominating Committee and elected by the Board. The Board has no reason to believe that a nominee will be unable to serve.

Proxies solicited by our Board will, unless otherwise directed, be voted FOR the election of the nominees below.

Board Meetings and Attendance

Our business and affairs are managed by our Board, which met twelve times, and took action in writing one time during the fiscal year ended March 31, 2007. Each director attended at least 75% of the meetings of the Board and any committee on which the director is a member. We encourage all Board members to attend our Annual Meetings and each attended the fiscal 2006 Annual Meeting.

Director Independence

Our Board reviews the independence of each director. During these reviews, our Board considers transactions and relationships between each director (and their immediate family and affiliates) and us, as well as our management to determine whether any such transactions or relationships are inconsistent with a determination that the director was independent. In June 2007, our Board conducted an annual review of director independence and determined that no transactions or relationships existed that would disqualify any of our directors under applicable rules and listing standards of the American Stock Exchange (AMEX) or require disclosure under Securities and Exchange Commission (SEC) rules, with the exception of Mr. Kaysen, who is our executive employee. Based upon that finding, our Board determined that Messrs. Jamison, Maxwell, Stauner, and Wehrwein, and Ms. Jones are independent .

Additionally, Joel Pitlor was an independent member of our Board during our 2007 fiscal year until August 28, 2006, when he resigned.

Committees and Nominations

Our Board has established an Audit Committee, a Compensation Committee and a Nominating Committee. Our Board believes all members of the Audit Committee, Compensation Committee, and Nominating Committee meet the AMEX's rule governing committee composition, including the requirement that committee members all be independent directors as that term is defined by AMEX rules. The written charters for the Audit Committee and Nominating Committee are available on the investor relations page of our website at www.uroplasty.com. We do not have a written charter for our Compensation Committee.

Audit Committee. The current members of our Audit Committee are Messrs. Wehrwein (Chair), Maxwell and Jamison. The Audit Committee assists the Board by reviewing the integrity of our financial reporting processes and controls, the qualifications, independence and performance of our independent registered public accounting firm and our compliance with certain legal and regulatory requirements. Our Audit Committee has the sole authority to retain, compensate, oversee and terminate our independent registered public accounting firm. The Audit Committee reviews our annual audited financial statements, quarterly financial statements and filings with the SEC. The Audit Committee reviews reports on various matters, including our critical accounting policies, significant changes in our selection or application of accounting principles and our internal control processes. The Audit Committee also pre-approves all audit and non-audit services performed by our independent registered public accounting firm.

During fiscal 2007, the Audit Committee held four meetings. A report of the Audit Committee is set forth below in this proxy statement.

Table of Contents

Our Board has determined that all members of the Audit Committee are independent directors under SEC rules and has determined that Mr. Wehrwein and Mr. Maxwell qualify as an audit committee financial expert under SEC rules.

Compensation Committee. The current members of our Compensation Committee are Messrs. Jamison (Chair) and Stauner and Ms. Jones. The function of the Compensation Committee is to provide guidance to management and to assist the Board in matters relating to the compensation of officers and senior executives, the Company's compensation and benefits programs, and to act on other matters relating to compensation as the committee deems appropriate. During fiscal 2007, the Compensation Committee met one time and took action in writing one time.

Nominating Committee. The current members of our Nominating Committee are Messrs. Maxwell (Chair) and Stauner and Ms. Jones. The purpose of the Nominating Committee is to identify qualified individuals for membership on the Board and recommend to the Board the nominees for election at our annual meetings of shareholders. During fiscal 2007, the Nominating Committee met one time and took action in writing one time.

Both director-nominees up for election at the fiscal 2007 Annual Meeting have been recommended for the Board's selection by a majority of our independent directors and are independent directors themselves standing for re-election. Generally, the Nominating Committee considers the entirety of each candidate's credentials and does not have any specific minimum qualifications that must be met in order for a candidate to be recommended as a nominee.

The Nominating Committee will consider for inclusion in its nominations of new Board nominee candidates recommended by shareholders. Board candidates referred by such shareholders will be considered on the same basis as Board candidates referred from other sources. To be considered by the Nominating Committee, nominations must be in writing and addressed to our Secretary at the following address: 5420 Feltl Road, Minnetonka, Minnesota 55343, and must be received by us on or before the deadline for the receipt of shareholder proposals as set forth in

Shareholder Proposals for 2008 Annual Meeting below. Candidates, or the nominating person, must also submit a brief biographical sketch of the candidate, a document indicating the candidate's willingness to serve if elected and evidence of the nominating person's ownership of our stock.

The Nominating Committee may, but has no current plans to, hire and pay a fee to consultants or search firms to assist in the process of identifying and evaluating candidates. No such consultants or search firms have been used in connection with this year's election and, accordingly, no fees have been paid to consultants or search firms in the past year.

Code of Ethics

We have adopted a Code of Ethics that applies to all of our directors, officers and employees, including our Chief Executive Officer, Chief Financial Officer, Controller and other finance organization employees. The Code of Ethics is publicly available on the investor relations page of our website at www.uroplasty.com. We plan to disclose any substantive amendments to the Code of Ethics or grant of any waiver from a provision of it to the Chief Executive Officer, the Chief Financial Officer or the Controller in a report on Form 8-K.

Table of Contents

Corporate Governance Documents Available on Our Website

Copies of our Audit Committee Charter, Nominating Committee Charter, and our Code of Ethics, are available on the investor relations page of our website at www.uroplasty.com. In addition, any shareholder that wishes to obtain a hard copy of any of these corporate governance documents may do so without charge by writing us at our principal executive offices located at 5420 Feltl Road, Minnetonka, Minnesota 55343, Attention: Corporate Secretary.

- Mr. Joel Pitlor (April 2006 August 2006)
- Mr. R. Patrick Maxwell (April 2006 August 2006)

None of the members of the Compensation Committee during fiscal 2007, or in the last three years, was one of our officers or employees, or had any related party transaction with us. During fiscal 2007, none of our executive officers served as a member of the board or compensation committee of any entity that has one or more officers serving as a member of our Board or Compensation Committee.

Indemnification

We will indemnify certain persons including our directors to the fullest extent permitted under Minnesota law against liability for damages and expenses, including attorneys' fees, arising out of proceedings that occur because the person is or was our director, officer or employee. Such persons may demand advances against expenses to be incurred in defending any covered claim. Insofar as the indemnification may cover liabilities arising under the Securities Act of 1933, as amended, we have been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed therein, and is therefore unenforceable.

Shareholder Communications with the Board of Directors.

We do not have a formal policy by which shareholders may communicate directly with directors, but any shareholder who wishes to send communications to the Board should deliver such communications to the attention of the chairman of our Audit Committee at our principal executive offices located at 5420 Feltl Road, Minnetonka, Minnesota 55343. Compensation Discussion and Analysis

Overview

This Compensation Discussion and Analysis describes the compensation policies and programs for our named executive officers, which consist of our President and Chief Executive Officer (CEO), our Chief Financial Officer (CFO), our three next most highly paid executive officers as determined under the rules of the SEC, and Mr. Samuel Humphries, our former President and CEO, who would have been one of our three most highly paid executive officers as of March 31, 2007, had he not resigned in April, 2006 to join another company.

Our Compensation Committee (the Committee) discharges the responsibilities of our Board with respect to all forms of compensation of our executive officers and oversees our compensation plans.

Compensation Philosophy

We believe that the talent, ability and commitment of our executive officers are significant factors contributing to our successful leadership and increasing shareholder value. Our executive compensation philosophy is to provide executive officers with compensation we believe to be comparable with similarly situated executives in other small to micro-cap publicly held U.S. medical device companies, taking into account our relative size, performance and our own strategic goals. Our executive compensation goals are to:

attract, retain and motivate exceptional personnel;

provide our executive officers with competitive compensation opportunities based upon their contributions to the development of our business, including our overall company performance as well as the officers' personal performance goals;

design compensation packages generally competitive with those of our peers and equitable within our organization; and

align our executive's long-term interests with those of our shareholders.

To achieve these goals, the Committee expects to continue to implement and maintain compensation programs that tie a portion of the executives' overall compensation to strategic financial and business performance objectives. Thus, our compensation package for each executive officer is comprised of three elements: (i) a competitive base salary; (ii) an annual cash bonus based upon our achievement of financial and business performance objectives; and (iii) stock-options, which reward long-term performance and align the mutuality of interests between our executive officers and our shareholders.

Table of Contents

Compensation Determination Process

Fiscal 2007. During fiscal 2007 and prior years, compensation for our executive officers was reviewed annually by our Committee on an informal basis throughout the year or established pursuant to employment arrangements, such as Messrs. Kaysen and Jiwani in May 2006 and November 2005, respectively. For fiscal 2007, the Committee attempted to achieve the appropriate balance between short-term cash compensation and long-term equity-based compensation to reflect the level of responsibility of the executive officer. The factors the Committee considers when determining compensation elements includes, but is not limited to, the following:

the executive's current total compensation and the appropriate portion of the total compensation that should be performance-based;

the executive's performance compared to his or her goals and objectives;

the qualifications of the executive and his or her potential for development and performance in the future; and

the recommendations of our CEO.

Accordingly, during 2007 and prior years, when determining our compensation elements and the corresponding compensation levels paid to our executives for 2007, the Committee relied primarily on its own business and professional experience in forming a judgment that the total compensation was internally appropriate.

Fiscal 2008. Commencing in April 2007, which was the beginning of our fiscal 2008 year, the Committee began to formalize our annual review process of executive compensation. Our Committee adopted a process to review each element of compensation annually in the first quarter following our annual audit and in connection with the review of our annual performance. Our CEO will initially provide the Committee with a review of each executive officer's (including his own) performance for the year then ended and recommend salary, annual cash bonuses and equity-based grants, as appropriate, for the new fiscal year. Salary increases will be effective July 1. Annual cash bonuses and equity-based grants will be based upon the achievement of pre-determined financial and business performance objectives for the year pursuant to a management incentive plan also prepared by the CEO. Our Committee will then review and evaluate the foregoing, consider peer group compensation data if necessary, and ultimately determine the appropriate levels of salary, annual cash bonuses and long-term incentive awards.

In establishing compensation for fiscal 2008, the Committee reviewed peer group information to benchmark our competitive position consisting of five outside compensation data surveys of medical device companies that were available to Committee members and an internally compiled compensation data report prepared by our CEO of approximately 10 publicly-traded, Minnesota-based, medical device companies with revenues under \$70,000,000. The Committee considered this information in determining the base salary, annual cash bonus levels and long-term incentives payable to our executives for fiscal 2008. Although we have not adopted any formal guidelines for benchmarking base

Table of Contents

salaries or other forms of compensation, our objective is to position our executives' base salaries at the low to mid-range of base salaries of such peer group and annual cash bonus levels at the mid to high range of incentive bonus levels of such peer group.

Management Participation. Our CEO participates in the Committee's meetings at the Committee's request and makes compensation recommendations for himself and the other executive officers, which the Committee may, but is not required, to consider. The CEO also makes an initial recommendation on his own compensation.

Use of Consultants. The Committee has the authority to use outside compensation consultants to assist it in analyzing our compensation programs and determining appropriate levels of compensation and benefits or to retain outside counsel and other advisors to assist it in the performance of its functions. The decision to retain consultants and, if so, which consultants to retain, is made solely by the Committee. The Committee has not used the services of a compensation consultant to date; however, it will continue to consider the possibility of retaining a compensation consultant in the future.

Base Salary

Our base salaries are designed to provide regular recurring compensation for the fulfillment of the regular duties and responsibilities associated with job roles. We also use base salaries as an important part of attracting and retaining talented executives. Our base salaries are also determined by reviewing the executive's other compensation to ensure that the executive's total compensation is commensurate with our compensation philosophy. As stated above, beginning with fiscal 2008, the Committee will review total compensation including base salaries annually following the end of each fiscal year.

Fiscal 2007. The base salaries for each of our named executive officers for fiscal 2007 were determined by the Committee at various times and other than Messrs. Kaysen and Heinemann, were increased in February 2007 to be competitive with our relevant market, as follows:

	Prior Salary	New Salary	Increase
	(\$)	(\$)	(%)
Mahedi A. Jiwani	\$ 175,000	\$ 185,000	5.7%
Susan Hartjes Holman	\$ 180,000	\$ 187,200	4.0%
Arie J. Koole	\$ 152,703	\$ 158,811	4.0%

Our agreement with Mr. Kaysen, our CEO, which was entered into in May 2006, provides for an initial annual base salary of \$255,000. Mr. Humphries, our former CEO, was paid an annual salary of \$253,000 until he resigned in April, 2006.

Fiscal 2008. As a result of the Committee's recently adopted executive compensation determination process discussed above, the Committee reviewed each individual's base salaries following our recently completed fiscal 2007. On July 3, 2007, based on performance during the prior year, market factors including the salary levels of comparable positions in the medical device industry using the peer group information as discussed above, and total compensation, the Committee increased each executive officer's salary as follows, effective July 1, 2007:

	Prior Salary	New Salary	Increase
	(\$)	(\$)	(%)
David B. Kaysen	\$ 255,000	\$ 285,000	11.8%

Table of Contents

Name	Prior Salary (\$)	New Salary (\$)	Increase (%)
Mahedi A Jiwani	\$ 185,000	\$ 194,000	4.9%
Susan Hartjes Holman	\$ 187,200	\$ 193,000	3.1%
Arie J. Koole	\$ 158,811	\$ 165,000	3.9%
Larry Heinemann	\$ 156,000	\$ 175,000	12.2%

Additional adjustments to base salaries may be warranted throughout the year for promotions or other changes in the scope or breadth of an executive's role or responsibilities.

Annual Cash Bonuses

Fiscal 2007. In fiscal 2007, our executives were entitled to an annual cash incentive bonus under a Management Incentive Plan (the "MIP") that we adopted. In the prior three fiscal years, we had no formal bonus plan and paid no bonuses to executive officers other than recently to Messrs. Humphries and Jiwani pursuant to their employment agreements, and Mr. Heinemann in connection with sales achievements by him. Our MIP plan in general is based on the achievement of certain pre-determined financial and business performance objectives. Our CEO initially proposes these objectives for each executive and our Committee reviews, evaluates and ultimately determines the appropriate objectives.

Target objectives are assigned to each performance objective to determine payouts, and can be subject to both a minimum threshold and a maximum threshold. For fiscal 2007, our financial performance objectives were applicable to all executive officers and were based on achieving pre-determined budgeted sales and operating income for the year as approved by our Board. Our business performance objectives were subjective and were based upon the achievement of pre-determined personal performance goals for each executive for the year.

The financial objectives were weighted to represent an aggregate 60% of the total bonus, and the business objectives were weighted to represent 40% of the total bonus. These percentages were determined at the time that the performance objectives were set and were based upon a relative-weighting concept. If the objectives were met (100%), the named executive officers were entitled to receive a bonus equal to 50% of their base salary for the year, other than Mr. Koole, whose potential target bonus percentage was 10% of his annual base salary and based solely on the achievement of business performance objectives. Payout was also subject to both a minimum threshold (90% level of achievement) and maximum threshold (120% level of achievement). At the 90% and 120% or greater performance levels, we would have paid an executive 25% and 60% of their annual base salary, respectively, other than Mr. Kaysen who was not subject to a maximum threshold under his employment agreement. Mr. Humphries, our former CEO, was entitled to a target bonus percentage of 60% subject to a minimum threshold (90% level of achievement) and maximum threshold (140% level of achievement).

The Committee believes that setting a single financial performance objective for the executive team collaboratively to achieve assists in aligning our executives' interests with those of us and our shareholders. The Committee has complete discretion to determine the level of achievement of an executive toward the business performance objectives. The Committee is not required to give any particular weighting to any of the business performance objectives and may apply them differently among the executives, depending upon each executive's areas of responsibility, unless specifically allocated in a MIP.

In May 2007, the Committee reviewed the achievement of the business objectives in awarding bonuses under the 2007 MIP, and concluded that at least 100%, and with respect to Messrs. Jiwani and Koole, 120%, of the targeted business performance objectives had been met. As a

Table of Contents

result, on that date, bonus awards of \$44,520, \$37,440, \$15,600, and \$24,983 were awarded to Mr. Jiwani, Ms. Holman, Mr. Heinemann and Mr. Koole, respectively, and were paid in June 2007.

In April 2007, the Committee reviewed the achievement of the financial performance objectives in awarding bonuses under the 2007 MIP. The Committee approved the exclusion to operating profit of the restructuring charges associated with our Eindhoven, The Netherlands facility and our write-off of our I-Stop inventory. As a result, in June 2007, each of Messrs. Jiwani and Hienemann and Ms. Holman received \$11,130, \$7,800 and \$11,232, as a minimum bonus for achieving at least 90% of our targeted operating income financial results. In excluding these items, the Committee believed that the executives should not be penalized for unusual charges incurred because of changes in our business plan. Additionally, in June 2007, Mr. Kaysen received a bonus of \$63,750 representing a guaranteed minimum annual bonus of 25% of his annual base salary rate. No bonuses were paid based on achieving budgeted sales objectives.

Mr. Humphries did not receive bonus awards under the 2007 MIP because his employment with us terminated in April, 2006.

Fiscal 2008. On July 3, 2007, the Committee approved our 2008 MIP. As with our 2007 MIP, our financial objectives are applicable to all executives and based on achieving budgeted sales and operating income for fiscal 2008 as approved by our Board and our business objectives are subjective and based upon the achievement of individual personal performance goals. The business objectives include goals such as targeted sales for our Urgent PC product, redesigning our worldwide corporate website to drive sales, consolidating all manufacturing operations to our principal corporate office in Minnetonka, Minnesota, and enrolling our target number of subjects in one of our clinical trials.

For fiscal 2008, the financial goal was weighted to represent 60% of the total bonus (80% for Messrs. Kaysen and Heinemann), and the business objectives were weighted to represent 40% of the total bonus (20% for Messrs. Kaysen and Heinemann). If these objectives were met, the named executive officers would be entitled to receive a total target bonus equal to a certain percentage of their base salary for the year, subject to a minimum threshold as follows:

	Percentage of Base Salary	
	At 100% Achievement	At 90 % Achievement
David B. Kaysen	60%	30%
Mahedi A. Jiwani	50%	25%
Susan Hartjes Holman	50%	25%
Larry Heinemann	50%	25%
Arie J. Koole	35%	17.5%

For fiscal 2008, the Committee eliminated the maximum payout percentages for exceeding target (other than Mr. Jiwani who is entitled to 120% payout under his employment agreement). Instead, if 2008 revenue exceeds budgeted amounts, the Committee may in its sole discretion, award executives a discretionary bonus, payable in cash or an equity-based grant. For fiscal 2009 and thereafter, the Committee has discussed possibly lowering the target bonus payout amount for achieving target and adding back the maximum payout threshold if targets are exceeded. However, there is no assurance that the Committee will actually lower the target bonus payout amounts in the future.

Table of Contents***Long-Term Incentive Awards***

We believe that equity-based incentives are an important part of total compensation for our executives as well as for certain other senior and management-level employees. We believe that this type of compensation aligns the interests of our management with the interests of our shareholders and helps us attract and retain key employees. The Committee views the grant of equity-based compensation and other like awards to be a key component of its overall compensation program.

Historically, we have awarded long-term incentives to our executive officers through the grant of stock options under three prior existing shareholder approved plans as well as grants outside of these plans. In May 2006, our shareholders adopted our 2006 Stock and Incentive Plan (the 2006 Plan), and upon approval of such plan, we froze all existing plans and ceased making awards pursuant to these plans. The 2006 Plan allows us to issue other equity-based incentive awards such as restricted stock, stock units, performance stock units and/or other cash incentive awards. To date, all of our stock option grants, including the grants made in fiscal 2007 and fiscal 2008, have been time-vested stock options.

Our stock option grants are designed to align the long-term interests of each executive officer with those of our shareholders by providing executive officers with an incentive to manage our business from the perspective of an owner with an equity stake in the business. The Committee has used stock options, rather than other forms of long-term incentives, because they create value for the executive only if shareholder value is increased through an increased share price. In general, we view stock option grants as incentives for future performance and not as compensation for past accomplishments. We also believe that equity-based awards reward continued employment by an executive officer, with an associated benefit to us of employee continuity and retention.

Executive officers generally are granted stock options at the time they commence their employment with us. Executive officers are also eligible for annual grants thereafter. Stock options granted to our executive officers generally vest over a period of time in equal installments on the grant date, and on each anniversary date thereafter provided the recipient is continuously employed with us through such date. Stock options generally expire five, seven or ten years, after the date of grant subject to earlier termination in the event of a termination of employment. Stock option grants are made with an exercise price equal to the fair market value of our common stock on the date of grant, which generally has been the day the Committee approves the option grant.

The Committee does not award stock options according to a prescribed formula or target. In determining the number of stock options granted to executive officers, individual responsibilities and experience, as well as contributions and achievements are considered, and, overall executive compensation. The objectives utilized to assess individual contributions and achievements vary depending on the individual executive, but relate generally to strategic financial and business factors. The CEO may provide recommendations to the Committee regarding the number of stock option grants from time to time including a recommendation as to the number of stock options he is granted. Beginning in fiscal 2008, a review of each component of the executive's compensation is conducted when determining annual equity-based awards, the Committee considers the executive's total compensation to ensure it is in line with our overall compensation philosophy.

Fiscal 2007 Stock Option Grants. In fiscal 2007, the named executive officers were awarded stock options in the amounts indicated in the Grants of Plan-Based Awards table. This includes grants to Mr. Kaysen in connection with his employment with us in May 2006, and grants to Messrs. Jiwani, Heinemann, and Koole, and Ms. Holman in February 2007.

Other Compensation

We provide our executive officers with perquisites and benefits that we believe are reasonable, competitive and consistent with the company's overall executive compensation program. Our executives are entitled to few benefits that are not otherwise available to all of our employees. In 2007, none of our executives received perquisites and benefits (which excludes defined benefits contributions by us) in excess of \$10,000 in the aggregate other than Mr. Kaysen, for whom we paid personal life and disability insurance premiums of approximately \$11,500.

Employment Agreements and Change in Control Provisions

In November 2005 and May 2006, we entered into employment agreements with Messrs. Jiwani and Kaysen, respectively, in connection with negotiating their original terms of employment with us. We also have employment agreements with each of Ms. Holman and Mr. Heinemann. We had an employment agreement with Mr. Sam Humphries, our former CEO who resigned in May 2006. Each of these agreements are discussed further in

Employment Agreements and Payments Upon Termination or Change of Control Provisions in this proxy statement.

Tax and Accounting Considerations

In consultation with our advisors, we evaluate the tax and accounting treatment of each of our compensation elements at the time of adoption and on an annual basis to ensure that we understand the financial impact of the program.

Employment Agreements and Payments Upon Termination or Change in Control Provisions*Employment Agreement and other Arrangements*

Mr. Kaysen. Effective May 17, 2006, we entered into an employment agreement with David B. Kaysen, our President and Chief Executive Officer. The agreement provides him with an annual base salary of \$255,000, which was recently increased to \$285,000 effective July 1, 2007. For fiscal 2007, he was entitled to receive an annual cash bonus, not to exceed 50% of his base salary, based on achievement of certain financial objectives, subject to a minimum cash bonus of 25% of his base salary. For fiscal 2007, we paid Mr. Kaysen a cash bonus of \$63,750 representing the minimum cash bonus of 25% of his base salary. We will reimburse him up to \$11,500 annually for his personal life and disability insurance policies. On his start date, we granted him options, with a 10-year term, to acquire 300,000 shares of our common stock at an exercise price of \$2.50 per share. The options vest in one-third installments on the start date of his employment and on the first and second anniversaries of his employment provided he is continually employed by us through the applicable vesting date.

The employment agreement has a one-year term, unless terminated earlier, and will continue to automatically renew on a year-to-year basis. If we terminate the agreement without good cause (as defined in the agreement), we will pay Mr. Kaysen an amount equal to 100% of his then annual base salary as severance pay. However, if we terminate his employment without good cause in connection with a change in control of us, we will pay him an amount equal to 160% of his then annual base salary as severance pay.

Mr. Jiwani. Effective November 14, 2005, we entered into an employment agreement with Mahedi A. Jiwani, our Vice President and Chief Financial Officer. The agreement provides him with an annual base salary of \$175,000, which was recently increased to \$194,000 effective July 1, 2007. He is also entitled to receive annual bonuses based on achievement of financial and business objectives to be agreed upon. For fiscal 2007, we paid Mr. Jiwani cash bonuses of \$11,130 and \$44,250 for achieving certain levels of financial and business objectives, respectively. On his start date, we granted him options, with a 10-year term, to purchase 100,000 shares of our common stock at an exercise price of \$3.00 per share. His stock options were scheduled to vest 25% on his start date and on each of the

first, second and third anniversaries of his employment. On February 2, 2006, the Board approved a plan, accelerating the vesting of out-of-the-money options (which included Mr. Jiwani's options) to avoid the accounting charge to our earnings associated with the vesting of these options upon our adoption of FAS 123(R) (which requires the expensing of stock options).

Table of Contents

The employment agreement has a one-year term, unless terminated earlier, and will continue to automatically renew on a year-to-year basis. If we terminate the agreement without good cause (as defined in the agreement) including if we do not annually renew his employment agreement, we will pay Mr. Jiwani an amount equal to 100% of his then annual base salary and a prorated share of his annual bonus earned as of the termination date assuming 100% milestone achievement as severance pay. We will pay this amount in twelve equal monthly installments provided Mr. Jiwani is not subsequently employed. He has agreed to a one-year non-competition agreement with us after any termination of employment.

Mr. Holman. Effective January 1, 2005, we entered into an employment and consulting agreement with Daniel G. Holman. Under this agreement, Mr. Holman agreed to serve as Chairman of our Board during the first year of the agreement and as a part-time consultant with the continuing title of Chairman during the second year of the agreement. He also served as our Chief Financial Officer. This agreement provided him with a base salary of \$239,000 per year during the first year of the agreement, and a consulting fee of \$100,000 per year during the second year of the agreement. We also granted him options to purchase 100,000 shares of our common stock at an exercise price equal to \$5.19 per share. As with Mr. Jiwani's options, the options were out-of-the-money and accelerated in February 2006 to avoid accounting charges to our earnings. On March 27, 2006, we amended Mr. Holman's employment agreement to allow him to pay the minimum statutory withholding taxes upon the exercise of his options by canceling then-exercisable options in an amount equal to such withholding taxes.

On April 26, 2006, as a result of Mr. Humphries resignation as President and Chief Executive Officer, we amended Mr. Holman's employment and consulting agreement, pursuant to which he agreed to act as our interim President and Chief Executive Officer for a special consulting fee of \$8,333 per month and a particular cash bonus upon certain events which did not occur. Due to illness, on May 8, 2006, we terminated this arrangement and paid his special consulting fees through the end of May 2006. Mr. Holman passed away on June 1, 2006.

Other Employment Agreements. We also have employment agreements with each of Susan Hartjes Holman and Larry Heinemann. The employment agreement of each executive specifies a base salary subject to annual adjustment in our discretion, and a severance payment to the employee upon employment termination without cause (as defined in the agreements). Any severance amounts payable under the agreement are limited to the employee's base salary for not less than four months and not longer than twelve months after employment termination, depending on the employee's years of service. Contemporaneously with the execution of their employment agreements, each of these executives executed an Employee Confidentiality, Inventions, Non-Solicitation and Non-Compete Agreement, under which the executive agreed not to disclose confidential information, to assign to us without charge all intellectual property relating to our business which is created or conceived during the term of employment, to not encourage employees to leave our employment for any reason and to not compete with us during the term of employment and for a period of eighteen months thereafter. Also, in connection with the execution of these agreements, we granted these executives varying amounts of stock options to purchase our common stock at the fair market value at date of grant of \$7.50 per share. All of these options have lapsed without exercise.

Humphries Separation Agreement. On April 26, 2006, we entered into an agreement with Sam B. Humphries relating to his resignation as President and Chief Executive Officer. Under the terms of the agreement, Mr. Humphries received his base salary and company-provided benefits through April 26, 2006. He is not entitled to any severance payments. Mr. Humphries agreed to remain on our Board, subject to the right of the remaining directors to remove him by a majority vote, and to recuse himself from any deliberations or votes relating to any future relationship between us and his new employer, HealthTronics, Inc. The agreement further outlines the scope of Mr. Humphries non-competition agreement with us, which includes prohibiting Mr. Humphries (and consequently HealthTronics, Inc.) from engaging in any business activities relating to the diagnosis or treatment of urinary and fecal voiding dysfunctions or initiating or entering into any agreement or other arrangement with a third party relating to the diagnosis or treatment of urinary or fecal voiding dysfunctions. Mr. Humphries resigned from our Board effective August 28, 2006.

Definition of Good Cause, Without Good Cause and Change of Control

Under our employment agreements with our executive officers, termination for good cause generally means one or more of the following events:

the executive's willful breach of his or her employment agreement;

the executive's gross negligence in the performance or nonperformance of his or her duties which remains uncured for 30 days;

the executive's willful dishonesty, fraud or misconduct which materially and adversely affect our operations or reputation;

the executive's conviction of a felony crime which materially and adversely affects our operations or reputation.

Under our employment agreements with our executive officers, termination without good cause generally means one or more of the following events:

we impose material and adverse changes, without executive's consent, in his or her principal duties (including upon a change of control);

we reduce the executive's base salary without the executive's consent by more than the weighted average percentage reduction made contemporaneously by us of the base salaries of all other executive officers (including upon a change of control);

we do not renew our executive's employment agreement or offer a replacement employment agreement on substantially similar terms;

we relocate our offices at which the executive is principally employed to a location more than 50 miles from the prior location; or

we terminate executive's employment without good cause.

Table of Contents

Under our employment agreements with our executive officers, a change of control generally means any of the following events:

a majority of our Board no longer consists of individuals who were directors at the time of entering into the applicable agreement;

the acquisition of our securities that results in any person owning more than 50% of either our outstanding voting securities or our common stock;

a sale or other disposition of all or substantially all of the assets of our company (with certain exceptions); or

the approval by our shareholders of a complete liquidation or our dissolution.

Potential Payments and Benefits Upon Termination or Change in Control

Payments Made Upon Termination Due to Death or Disability

Generally, in the event a named executive officer's employment is terminated due to death or disability, such officer is entitled to (a) salary and any earned, but unpaid, annual cash bonus, through the date of termination, and (b) exercise all vested options as of the termination date for a period of time as set forth in the applicable stock option plan or an award agreement for such options.

Acceleration of Stock Options Upon Change in Control

All stock option awards to our named executive officers which are currently 100% vested were granted under our prior plans. All stock option awards to our named executive officers which are not currently 100% vested were granted under our 2006 Plan. Under our 2006 Plan, in the event of a change in control, whether or not an executive officer's employment is terminated, 100% of the remaining unvested portion of their stock options will immediately vest and be exercisable for the remaining term of the option.

Payments Made Upon Termination Without Good Cause or Change of Control

The table below shows our reasonable estimates of potential severance payments payable to the named executive officers and the value of such executive's in-the-money vested stock options upon termination without good cause and termination without good cause as a result of a change in control of Uroplasty. The amounts shown assume that termination was effective as of March 30, 2007, the last business day of the fiscal year. Excluded are benefits payable to executive officers. The actual amounts to be paid can only be determined at the actual time of an executive officer's termination. Generally, severance payments are payable in equal monthly installments over a period not exceeding twelve months and are conditioned on the executive's compliance with applicable non-compete and confidentiality obligations under applicable agreements.

DIRECTOR COMPENSATION

Generally

Fiscal 2007. In the beginning of fiscal 2007, we paid non-employee independent board members \$500 per board meeting and \$500 per committee meeting attended. In addition, directors participated in our stock option plan.

New Director Compensation Plan. On August 16, 2006, the Board adopted a new compensation plan for non-employee directors, which comprises cash payments and grants of equity-based compensation.

Under the new compensation plan, all non-employee directors receive an annual fee of \$10,000 payable in cash in four equal quarterly installments of \$2,500, and attendance fees of \$1,000 per in-person board meeting, \$500 per telephonic board meeting, and \$500 per committee meeting. In addition, the Chairmans of the Board, Audit Committee and Compensation Committee are paid an additional quarterly fee of \$1,500, \$750 and \$500, respectively, payable in the quarter of appointment. Payments will be made in cash on the last business day of each calendar quarter.

All non-employee directors receive an automatic grant of stock options upon such director's initial appointment or election to the Board for 45,000 shares of common stock, one-third of which vests on the date of grant and the first and second anniversaries thereafter. Each non-employee director will be granted in conjunction with our annual shareholders meeting an annual stock option for 15,000 shares of common stock all of which are vested on the date of grant except that such annual grant does not commence for newly appointed or elected directors until one year following full vesting of the initial grant.

Board and Committee Members Options. As of August 28, 2006, Messrs. Maxwell and Jamison each hold options to purchase 100,000 shares of common stock, and Messrs. Humphries and Pitlor (who have each resigned as of this date) hold options to purchase 430,000 and 100,000 shares of common stock, respectively. The exercise price of the foregoing options range from \$1.10 to \$5.30 per share.

Pursuant to the new compensation plan, on August 28, 2006, in connection with their initial appointments to the Board, we granted to each of Ms. Jones and Messrs. Wehrwein and Stauner an option to purchase 45,000 shares of common stock at an exercise price of \$1.82. We pay no additional remuneration to Mr. Kaysen for serving as a director.

Table of Contents**PRINCIPAL SHAREHOLDERS AND
BENEFICIAL OWNERSHIP OF MANAGEMENT**

The following table sets forth the number and percentage of shares of our common stock beneficially owned as of July 16, 2007, by (i) each person known to us to be the beneficial owner of more than five percent of our common stock, (ii) each director, (iii) each of our named executive officers, and (iv) all directors and executive officers as a group. On July 16, 2007, we had 13,264,604 shares of common stock outstanding.

Beneficial ownership is determined in accordance with the rules of the SEC. These rules generally attribute beneficial ownership of securities to persons who possess sole or shared voting power or investment power with respect to those securities. Shares issuable upon the exercise of outstanding stock options, warrants or convertible securities that are currently exercisable or become exercisable within 60 days from July 16, 2007 are considered outstanding for the purpose of calculating the percentage of common stock owned by a person and owned by a group, but not for the purpose of calculating the percentage of common stock owned by any other person.

Unless otherwise indicated in the footnotes to the table, the address for each shareholder is c/o Uroplasty, Inc., 5420 Feltl Road, Minnetonka, Minnesota 55343, and to our knowledge, each shareholder identified in the table possesses sole voting and investment power over its shares of common stock, except for those jointly owned with that person's spouse.

Executive officers, directors and greater than 10% shareholders are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file.
