**WACKENHUT CORRECTIONS CORPORATION
REPORTS THIRD QUARTER RESULTS**

Achieved quarterly EPS of \$2.79 net income of \$30.4 million

Revenues Grew 11% to \$158 Million from \$142 Million

Third Quarter Average Occupancy Rates Improved to 100%

Boca Raton, Fla. November 6, 2003 Wackenhut Corrections Corporation (NYSE: WHC) (WCC) today reported third quarter 2003 earnings per share of \$2.79 or \$30.4 million compared with \$0.25 per share or \$5.4 million in the third quarter of 2002. These results are inclusive of a one-time after-tax gain of approximately \$32.7 million from the sale of WCC's joint-venture interest in the United Kingdom, a charge of approximately \$1.2 million, after tax, related to the refinancing of WCC's former senior credit facility, a write-off of approximately \$3.0 million, after tax, related to WCC's deactivated Jena, Louisiana Facility, and approximately \$1.8 million, after tax, for transition costs related to WCC's contract with the Department of Immigration and Multicultural and Indigenous Affairs in Australia.

The first nine months reported net income was \$41.8 million compared with \$15.9 million for the first nine months of 2002. Third quarter earnings per share reflect the repurchase of 12 million shares of WCC common stock from Group 4 Falck on July 9, 2003, which resulted in 10.9 million diluted weighted average shares outstanding for the third quarter in 2003 compared to 21.4 million shares outstanding for the same period in 2002. Year-to-date earnings per share reflect 17.9 million diluted weighted average shares outstanding for 2003 compared to 21.3 million shares outstanding for 2002. There are currently 9.6 million diluted weighted average shares outstanding.

Revenue for the third quarter was \$158 million compared with \$142 million in the third quarter of 2002. Revenue for the first nine months of 2003 increased to \$456 million compared to \$423 million during the first nine months of last year. Revenues for the first nine months of 2003 reflect the opening of the Lawrenceville Correctional Facility in March of this year, a strengthening of the Australian dollar by approximately 17 percent from 2002, an improvement in average occupancy rates to 100%, and contractual cost of living adjustments.

Cash on the balance sheet at the end of the third quarter was approximately \$120 million compared with \$35 million at year-end 2002. This increase in cash primarily reflects the proceeds from the sale of WCC's UK joint venture during the third quarter for approximately \$80.7 million, pre tax.
