CHAMPIONSHIP AUTO RACING TEAMS, INC. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

1. BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION. The accompanying unaudited consolidated financial statements have been prepared by management and, in the opinion of management, contain all adjustments, consisting of normal recurring adjustments, necessary to present fairly the financial position of Championship Auto Racing Teams, Inc. and subsidiaries (the "Company") as of March 31, 2003 and the results of its operations and its cash flows for the three months ended March 31, 2003 and 2002.

The unaudited consolidated financial statements should be read in conjunction with the audited consolidated financial statements included in the Company's Form 10-K for the year ended December 31, 2002, filed with the Securities and Exchange Commission.

Because of the seasonal concentration of racing events, the results of operations for the three months ended March 31, 2003 and 2002 are not indicative of the results to be expected for the year.

PRINCIPLES OF CONSOLIDATION. The consolidated financial statements of the Company include the financial statements of Championship Auto Racing Teams, Inc. and its wholly-owned subsidiaries - CART, Inc., Pro-Motion Agency, Ltd. and CART Licensed Products, Inc. As of March 7, 2003, the consolidated financial statements also include the financial statements of Raceworks, LLC, a wholly owned subsidiary (See Note 7). All significant intercompany balances have been eliminated in consolidation.

BASIC AND DILUTED EARNINGS (LOSS) PER SHARE. Diluted per share amounts assume the exercise of shares contingently issuable under certain stock option plans when dilutive. In each of the three months ended March 31, 2003 and 2002, due to losses from operations, approximately 0 and 6,916 shares, respectively, were excluded from the dilutive loss per share calculation due to their anti-dilutive effect.

ACCOUNTING PRONOUNCEMENTS. On July 30, 2002, the FASB issued SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities". The statement addresses financial accounting and reporting for costs associated with exit or disposal activities and nullifies Emerging Issues Task Force (EITF) Issue No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring)". SFAS 146 is effective for exit or disposal activities that are initiated after December 31, 2002. The Company adopted this statement on January 1, 2003, and there was no impact on the financial statements upon adoption.

In November 2002, the FASB issued FASB Interpretation No. 45 ("FIN 45"), "Guarantor's Accounting and Disclosure Requirements for Guarantee Including Indirect Guarantees of Indebtedness of Others." FIN 45 requires that upon issuance of certain guarantees, a guarantor must recognize a liability for the fair value of the obligation assumed under the guarantee. FIN 45 also requires additional disclosures by a guarantor in its interim and annual financial statements regarding certain guarantees and product warranties. The recognition provisions of FIN 45 will be effective for guarantees issued or modified after December 31, 2002. The Company adopted this interpretation on January 1, 2003, and there was no impact on the financial statements upon adoption.

Edgar Filing: CHAMPIONSHIP AUTO RACING TEAMS INC - Form 10-Q

In January 2003, the FASB issued FASB Interpretation No. 46 ("FIN 46") "Consolidation of Variable Interest Entity". The term "variable interest" is defined in FIN 46 as "contractual, ownership or other pecuniary interests in an entity that change with changes in the entity's net asset value." Variable interests are investments or other interests that will absorb a portion of an entity's expected losses if they occur or receive portions of the entity's expected residual returns if they occur. The Company does not expect the recognition provisions of FIN 46 to have a material impact on the Company's financial position or results of operations.

On December 31, 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation-Transition and Disclosure." This statement amends SFAS Statement No. 123, "Accounting for Stock-Based Compensation," to provide alternative methods of transition for a voluntary change to the fair value based methods of accounting for stock-based employee compensation. In addition, this Statement amends the disclosure requirements of SFAS 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results.

As permitted by SFAS No. 123, the Company has chosen to follow Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees" ("APB No. 25") in accounting for its stock options granted to employees and directors. Under APB No. 25, the Company does not recognize compensation expense on the issuance of its stock options because the option terms are fixed, and the exercise price equals the market price of the underlying stock on the grant date.

However, as required by SFAS No. 123, companies who have chosen to follow APB No. 25 are required to calculate pro forma information as if it had calculated compensation based on the fair value at the grant date for its stock options granted to employees and directors. In the first quarters of 2003 and 2002, there was no compensation expense under APB No. 25.

RECLASSIFICATIONS. Certain reclassifications have been made to the 2002 unaudited consolidated financial statements in order for them to conform to the 2003 presentation.

MANAGEMENT ESTIMATES. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period presented. The actual outcome of the estimates could differ from the estimates made in the preparation if the consolidated financial statements.

2. GOODWILL AND INTANGIBLE ASSETS

In June 2001, the FASB issued SFAS No. 142, "Goodwill and Intangible Assets." The statement requires companies to stop amortizing goodwill and certain intangible assets with indefinite useful lives. Instead, goodwill and intangible assets with indefinite useful lives are tested for impairment upon adoption of the statement and annually thereafter. As a result of adoption, the Company no longer records amortization expense related to goodwill or intangible assets with indefinite useful lives.

The Company adopted SFAS No. 142, effective January 1, 2002, which resulted in a one-time, non-cash charge of \$1.5 million, or \$956,000 net of tax benefit of \$514,000, to write-off the value of its goodwill. The goodwill was recorded under the purchase method of accounting for the purchases of Pro-Motion Agency, Inc. and CART Licensed Products, LP, on April 10, 1998 and January 1, 1999, respectively. Such charge is non-recurring in nature and is reflected as a cumulative effect of an accounting change in the accompanying consolidated statements of operations. Prior to the adoption of SFAS No. 142, the Company had accounted for its goodwill and intangible assets in accordance with the accounting standards existing at the time.

Under SFAS No. 142, goodwill impairment is deemed to exist if the carrying value of a reporting unit exceeds its estimated fair value. The Company's reporting units are generally consistent with the operating segments underlying the segments identified in Note 5 - Segment Reporting. In calculating the impairment charge, the fair values of the reporting units were estimated using a discounted cash flow methodology.

A reconciliation of net loss and loss per share, adjusted to exclude amortization expense, net of tax, for the period of adoption and the cumulative effect of accounting change recognized in the current period, is as follows:

	(In Thousands Except Per Share Data)	
	Three Months Ended	
	March 31, 2003	March 31, 2002
	-----	-----
Reported net loss	\$ (8,989)	\$ (1,550)

Adjusted income (loss) per share	\$ (0.61)	\$ (0.04)

The Company recorded \$546,000 of goodwill and other intangible assets in the three months ended March 31, 2003 in conjunction with the acquisition of Raceworks, LLC (See Note 7). The Company is in the process of obtaining third-party valuations of certain separately identifiable intangible assets. The acquired intangible asset values, including goodwill, will be assigned based on the results of the third-party valuation. Any portion determined to be goodwill and intangible assets that have indefinite useful lives will not be amortized, but rather will be tested at least annually for impairment. Any portion allocated to intangible assets that have finite useful lives will be amortized over their useful lives.

	=====	=====	=====	=====

Proceeds from sales of investments for the three months ended March 31, 2003 and 2002 were approximately \$31.4 million and \$34.1 million, respectively.

Contractual maturities range from less than one year to two years. The

Edgar Filing: CHAMPIONSHIP AUTO RACING TEAMS INC - Form 10-Q

weighted average maturity of the portfolio does not exceed one year.

4. PROPERTY AND EQUIPMENT

Property and equipment consisted of the following at March 31, 2003 and December 31, 2002:

	(IN THOUSANDS)		USEFUL LIFE (IN YEARS)
	MARCH 31, 2003	DECEMBER 31, 2002

Less accumulated depreciation	(6,460)	(5,597)	
Property and equipment (net)	\$15,299	\$10,403	

5. SEGMENT REPORTING

The Company has two reportable segments, sanctioning and race promotions. In 2003, the Company added "Race Promotions" as a reportable segment. There were no prior period adjustments relating to the new reportable segment.

Sanctioning encompasses all the business operations of organizing, marketing and staging all of our open-wheel racing events when we act as a sanctioning body. We receive a sanction fee from the event promoter for our services that is either fixed or is based upon a profit sharing agreement.

10

Race promotions encompasses all the business operations of marketing and promoting our open-wheel racing events when we act as promoter and have exclusive rights to the event. We receive the revenues from the event and are responsible for the expenses of the event.

The accounting policies of the segments are the same as those described in the summary of significant accounting policies. The Company's long-lived assets are substantially used in the sanctioning segment in the United States. The Company evaluates performance based on income before income taxes.

	=====	=====

As a result of the Company's adoption of SFAS No. 142, the sanctioning segment recorded a non-cash charge of \$632,000, or \$411,000 net of tax benefit of \$221,000, and the Other segment recorded a non-cash charge of \$838,000, or \$545,000 net of tax benefit of \$293,000, as a cumulative effect of accounting change for the write-off of goodwill effective in the first quarter of 2002.

6. COMMITMENTS AND CONTINGENCIES

LITIGATION. On September 8, 2000, a complaint for damages was filed against the Company in the Superior Court of the State of California, County of Monterey. This lawsuit was filed by the heirs of Gonzolo Rodriguez, a race car driver who died on September 11, 1999 while driving his race car at the Laguna Seca Raceway in a practice session for the CART race event. The suit sought damages in an unspecified amount for negligence and wrongful death. On November 5, 2001, the Court upheld a release signed by Mr. Rodriguez and the causes of action for negligence were dismissed. On March 13, 2003 a jury verdict found in favor of the Company with respect to the claim for willful and/or reckless conduct and the case was dismissed.

On October 30, 2000, a complaint for damages was filed against the Company in the Superior Court of the State of California, County of San Bernardino. This lawsuit was filed by the estate of Greg Moore, a race car driver who died on October 31, 1999 while driving his race car at the California

Speedway during the CART race event. The suit sought actual and punitive damages from the Company in an unspecified amount for breach of duty, wanton and reckless misconduct, breach of implied contract, battery, wrongful death and negligent infliction of emotional distress. On a motion for Summary Judgment, the complaint was dismissed on all counts on October 16, 2002. An appeal of the dismissal was filed. Management does not believe that the outcome of this lawsuit will have a material adverse affect on the Company's financial position or future results of operations.

On November 8, 2001, two former team owners, DellaPenna Motorsports and Precision Preparation, Inc., filed suit against the Company in the Circuit Court for the County of Wayne, State of Michigan, each alleging damages in excess of \$1.0 million for breach of contract, promissory estoppel, misrepresentation, and tortious interference with contract and business expectancy. The Company is vigorously defending itself in this lawsuit and does not believe the lawsuit has merit. Management does not believe that the outcome of this lawsuit will have a material adverse affect on the Company's financial position or future results of operations.

On March 26, 2002, the Company filed a complaint against Joseph F. Heitzler, a former director and former chairman, chief executive officer and president of the Company in U.S. District Court, Eastern District of Michigan, Southern Division. The complaint alleges that Mr. Heitzler breached his employment contract, breached his fiduciary duties and intentionally or recklessly omitted to disclose information to the Company in order to induce the continuation of Mr. Heitzler's employment agreement. The suit seeks damages of an unspecified amount. This lawsuit has been removed to California. On March 28, 2002, Mr. Heitzler filed a complaint against the Company in the Superior Court of the State of California, County of Los Angeles. The suit seeks compensatory, exemplary and punitive damages in excess of \$2.0 million for breach of contract, fraud, negligent misrepresentation, breach of covenant of good faith and fair dealing and declaratory relief. An amended complaint adding a count for tortious breach of contract in violation of public policy was filed on April 9, 2002. The Company is vigorously defending itself in this lawsuit. Management does not believe that the outcome of these lawsuits will have a material adverse affect on the Company's financial position or future results of operations.

On July 9, 2002 a Demand for Arbitration was filed against the Company with the American Arbitration Association in Indianapolis, Indiana by Engine Developments Ltd. The Demand alleges that the Company breached an agreement to purchase engines and seeks unspecified damages. The claim is currently in the discovery stage. Management does not believe that the outcome of this Demand for Arbitration will have a material adverse affect on the Company's financial position or future results of operations.

The Company is involved in other litigation not specifically identified above and does not believe the outcome of any of this litigation will have a material adverse affect on its financial position or future results of operation.

7. ACQUISITION OF RACEWORKS, LLC

On March 7, 2003, the Company acquired one hundred percent (100%) of the membership interests in Raceworks, LLC ("Raceworks"). The results of Raceworks' operations have been included in the consolidated financial statements since that date. Raceworks is a motorsports promotion company and holds a revocable license agreement to annually conduct a street race in downtown Miami through 2017, with an option to extend for an additional ten (10) years. The aggregate purchase price was \$1.2 million including \$473,000 of cash and a contingent

promissory note of \$722,000. The payment of the promissory note is contingent upon specified events in the future and has neither been recorded as a liability or an acquisition cost.

The following table summarizes the estimated fair values of the assets acquired and liabilities assumed at the date of acquisition.

Current assets	\$	449,000
Property and equipment		4,120,000
Other assets		36,000
Intangible assets, including goodwill		546,000

Total assets acquired		5,151,000

Total liabilities assumed		(4,678,000)

Net assets acquired	\$	473,000
		=====

The acquisition has been accounted for using the purchase method of accounting. Under purchase accounting, the total purchase price has been allocated to the tangible and intangible assets and liabilities of Raceworks based upon their respective fair values as of the date of the acquisition. A preliminary allocation of the purchase price has been made to major categories of assets and liabilities based on available information. The final allocation of purchase price and the resulting effect on income from operations may differ from the amounts recorded by the Company. The Company is in the process of obtaining third-party valuations of certain separately identifiable intangible assets. The acquired intangible asset values, including goodwill, will be assigned based on the results of the third-party valuation. Any portion allocated to the license agreement would be amortized over its remaining life. The contingent consideration will be recorded when the contingency is resolved and the consideration is issued or becomes issuable. Such consideration will be an addition to the cost of the acquisition and to goodwill and/or intangible assets based on the results of the third-party valuation.

Prior to the acquisition, the Company had unconditionally guaranteed the full and prompt payment of a loan to Raceworks. Future principal payments due were \$1,800,000 at the date of the acquisition. The Company had not incurred any liability relative to its obligation under the guaranty as of the date of the acquisition.

The following unaudited pro forma financial data illustrates the estimated effects as if the acquisition had been completed as of the beginning of the periods.

8. LONG TERM NOTE

In March 2003, the Company assumed a \$1.8 million commercial term loan in connection with the acquisition of Raceworks, LLC. The principal on the loan shall be paid quarterly, commencing on October 31, 2003 and on the last day of each January, April, July and October thereafter, in the amount of \$50,000 per quarter. The entire unpaid principal amount of the loan and all accrued and unpaid interest and other amounts payable hereunder shall be due and payable in July 2007. The loan may be prepaid, in whole or in part, without a penalty. The rate of the interest on the outstanding principal amount of the loan will be equal to The Wall Street Journal prime rate (the "prime rate") plus 150 basis points. (As of March 31, 2003, the rate of interest was 5.75 %.)

ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

CRITICAL ACCOUNTING POLICIES

Use of Estimates

The following discussion and analysis of our financial condition and results of operations are based upon our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods.

Significant accounting estimates include accounting for allowance for doubtful accounts for trade accounts receivable, impairment of fixed assets and goodwill, income taxes and certain accrued liabilities.

We believe that the estimates, assumptions and judgments involved in the accounting policies described below will not have a material impact on our financial statements. These areas are subject to the risks and uncertainties we describe in this report. Actual results, therefore, could differ from those

Edgar Filing: CHAMPIONSHIP AUTO RACING TEAMS INC - Form 10-Q

estimated.

Revenue Recognition

One of our most critical accounting policies is revenue recognition. We recognize our revenues as they are earned, but the determination of when they are earned depends on the source of the revenue. Our policy for each revenue source is outlined below.

SANCTION FEE REVENUE. Generally, sanction fees are paid in advance of the race and are recorded as deferred revenue. Revenue from sanction fees is not recognized until the event is completed. In 2002 and 2003, we entered into agreements with certain promoters where all or a portion of the contracted sanction fee was reduced in exchange for a percentage of the profits from the event. The sanction fee received and our share of any profits from these events is recognized as sanction fee revenue when the event is completed.

SPONSORSHIP REVENUE. Revenue is recorded ratably over the life of the sponsorship agreement. On occasion, revenue is recorded at the time of the race if the sponsorship pertains to that race. Generally, sponsorship agreements call for quarterly payments, and each payment is recorded as deferred revenue when paid.

ENGINE LEASE REVENUE. In 2002, we purchased the engines that will be used for the 2003 and 2004 Champ Car World Series race season. Each team is required to use these engines in order to compete in the series. We will lease the engines to the teams for \$100,000 per car per year. The revenue will be realized ratably over the life of the agreement.

TELEVISION REVENUE. We receive television revenue in the form of rights fees and advertising sales. Revenue is not recognized until earned which is when the show airs. Television revenue arising from minimum guarantees and rights fees is recognized ratably over the race schedule. Advertising sales relate to specific shows and is recognized when the show and advertisements air. Payments related to television revenue that are received prior to when earned are recorded as deferred revenue until earned.

15

RACE PROMOTION REVENUE. Race promotion revenue consists of all commercial rights such as ticket sales, event sponsorship, hospitality and all other revenues related to promoting an event. Payments received prior to the event are recorded as deferred revenue. Revenue is recorded when the event is completed.

OTHER REVENUES. Other revenues include membership and entry fees, contingency awards money, royalty income and other miscellaneous revenues. Membership and entry fees and contingency award money are recognized ratably over the race schedule. Royalty income is recognized as the related product sales occur or on a monthly basis based on a minimum guarantee.

Expense recognition

RACE PROMOTION EXPENSES. General and administrative expenses related to races we promote are recognized when incurred. Expenses directly related to the event are recognized when the event occurs. Any losses are recognized when known.

Impairment

Edgar Filing: CHAMPIONSHIP AUTO RACING TEAMS INC - Form 10-Q

We adopted FASB Statement of Financial Accounting Standards (SFAS) No. 142, "Goodwill and Intangible Assets," effective January 1, 2002. The statement requires companies to stop amortizing goodwill and certain intangible assets with an indefinite useful life. The statement also requires that we test our goodwill and intangible assets for impairment upon adoption of the statement and periodically thereafter. Our goodwill was associated with our acquisitions of Pro-Motion Agency, Inc. and CART Licensed Products, LP, on April 10, 1998 and January 1, 1999, respectively. Upon adoption of the statement, we recorded a one-time, non-cash charge of \$1.5 million, or \$956,000 net of tax benefit of \$514,000, to write-off the value of the goodwill. The write-off of goodwill results from the use of discounted cash flows in assessment of fair value for each reporting unit as required by SFAS No. 142. Under SFAS No. 142, goodwill impairment is deemed to exist if the carrying value of a reporting unit exceeds its estimated fair value.

Litigation

We are involved in litigation as a part of our normal course of business. Our litigation proceedings are included in our most recent Form 10-K, Item 3: Legal Proceedings and updated, as needed, in Part II-Other Information, Item 1: Legal Proceedings in this and subsequent Forms 10-Q. Management intends to vigorously defend against any litigation. When a complaint is filed by or against the Company that represents a material claim, we disclose the proceeding in our financial statements. When a claim against us is probable and estimable, we record the expense. When we are the party filing the claim, we do not record income until any damages from the claim are received.

REVENUES

We derive revenues primarily from (i) sanction fees, (ii) sponsorship, (iii) television rights, (iv) race promotion, (v) engine leases and (vi) other revenue. Following is an explanation of our individual revenue items:

SANCTION FEES. We receive sanction fees from the promoters of our races (other than races we promote). The fees are based on contracts between the promoters and CART. We have entered into agreements with certain promoters of the Champ Car World Series for a reduction in the previously contracted sanction fees. In return, we will receive a share of the net income from the event. The

16

percentage of net income, if any, will also be included in sanction fees. Therefore, there is less visibility and less predictability for CART's earnings than in the previous financial model as CART's revenues will be affected by the success of these races.

SPONSORSHIP REVENUE. We receive corporate sponsorship revenue based on negotiated contracts. For 2003, we anticipate having corporate sponsorship contracts with 13 major manufacturing and consumer products companies. The remaining terms of these contracts range from one to three years. An official corporate sponsor receives status and recognition rights, event rights and product category exclusivity.

In 2003, we have developed an Entrant Support Program. The new program is part of an enhanced incentive program we developed with our teams, whereby we will provide financial support to new and existing teams to run in the Champ Car World Series and, in exchange, each team will provide logo space on its cars for

Edgar Filing: CHAMPIONSHIP AUTO RACING TEAMS INC - Form 10-Q

Champ Car-designated sponsors to advertise. Sponsorship fees paid by these corporate sponsors will be retained by us to offset the financial support we are providing to the teams. The program will combine a number of sponsorship opportunities in one package, which we believe will be attractive to sponsors. The program will also combine Champ Car World Series event and team sponsorship opportunities, along with advertising in television and print media. None of these sponsorship packages were sold during the first quarter of 2003.

TELEVISION REVENUE. In 2003, we have contracts for our domestic television rights with CBS and Speed Channel. We plan to broadcast six races on CBS and the balance on Speed Channel. We will buy the air-time and pay for production for the CBS races. Speed Channel will provide the air-time for the races aired on their network, including Champ Car practice and qualifying and a half-hour pre-race show. We will pay for production for the races to be broadcast on their network. We will receive the advertising inventory for all shows aired on both networks and we will be responsible for selling the advertising.

In 2003, we have international television rights with:

- Fittipaldi USA (Brazil)
- Gold Coast Motor Events Co. (Australia)
- Molstar (Canada)
- Promotion Entertainment of Mexico LLC (Mexico)
- Octagon CSI (all others)

A rights fee will be paid to us by each international broadcast partner for rights to air the Champ Car race either live, time-delayed or as a highlight package, in the country where they hold our rights.

RACE PROMOTION REVENUE. In 2003, we anticipate promoting six of our races. Race promotion revenue includes all the commercial rights associated with promoting a Champ Car event, such as admissions, event sponsorship and hospitality sales. We have partnered with experienced race promoters to promote these events and we will be responsible for selling all of the commercial rights of the event.

ENGINE LEASE REVENUE. In 2002, we purchased the engines that will be used for the 2003 and 2004 Champ Car World Series race season. Each team is required to use these engines in order to compete in the series. We will lease the engines to the teams for \$100,000 per car per year.

OTHER REVENUE. Other revenue includes membership and entry fees, contingency awards money, royalties, commissions and other miscellaneous revenue items. Membership and entry fees are payable on an annual basis by Toyota Atlantics Championship competitors. In addition, we charge fees to competitors for credentials for all team participants and driver license fees for all drivers competing in the series. We receive royalty revenue for the use of the CART service marks and trademarks on licensed merchandise that

17

is sold both at tracks and at off-track sites. We receive commission income from the sale of chassis and parts to our support series teams.

EXPENSES

Our expenses are incurred primarily in, (i) distributions to our race teams: prize money, participation payments and team assistance, (ii) race

Edgar Filing: CHAMPIONSHIP AUTO RACING TEAMS INC - Form 10-Q

operations: expenses directly related to sanctioning the events, (iii) race promotion: expenses related to races we promote, (iv) television: expenses directly related to buying air time and production of our domestic and international television programming and (v) administrative and indirect: expenses related to administration, marketing, sales and public relations. Following is an explanation of the individual expense line items:

RACE DISTRIBUTIONS. We pay the racing teams for their on-track performance. Race distributions include the following for each event:

- event purse which is paid based on finishing position
- contingency award payments
- year-end point fund, which is paid on year end finishing position
- participation payments
- entrant support payments
- team assistance

We pay awards to the teams, based on their cumulative performance for the season, out of the year-end point fund. Participation payments are being made in 2003 to each of our entries (to a maximum of 20 cars) on a per car, per race basis. In addition, entrant support payments are being made to participating teams as part of a financial incentive plan to attract and retain teams to compete in our series. The payments are made to teams in exchange for logo advertising space on their cars. We have the opportunity to sell and retain the revenue from the advertising. In 2003, we are providing assistance to certain teams to ensure that there are a sufficient number of race cars competing in our series. We will spend up to \$33.0 million in team assistance, spread out over the race season, to make sure there are a sufficient number of viable competitors for the 2003 season. As of March 31, 2003, we have expensed \$8.0 million in team assistance. In exchange for the team assistance, we receive certain sponsorship rights from the team.

RACE EXPENSES. We are responsible for officiating and administering all of our events. Costs primarily include officiating fees, travel, per diem and lodging expenses for the following officiating groups:

- medical services
- race administration
- race officiating and rules compliance
- registration
- safety
- technical inspection
- timing and scoring

RACE PROMOTION EXPENSES. In 2003, we plan to promote six of our own events. Race promotion expenses relate to all costs associated with staging a Champ Car event, including track rental, personnel costs and promotion of the event.

TELEVISION EXPENSES. In 2003, we are buying the air time at approximately \$240,000 per hour for our CBS races. Speed Channel is providing the air time for the races aired on their network, including Champ Car practice and qualifying and a half-hour pre-race show. We pay for production costs associated with the races to be broadcast on their network. We also incur expenses for our international production for all of our races.

ADMINISTRATIVE AND INDIRECT EXPENSES. Administrative and indirect expenses

Edgar Filing: CHAMPIONSHIP AUTO RACING TEAMS INC - Form 10-Q

include all operating costs not directly incurred for a specific event:

- administration
- marketing and advertising
- sponsorship sales and service
- public relations

RESULTS OF OPERATIONS

Three Months Ended March 31, 2003 Compared to Three Months Ended March 31, 2002

REVENUES. Total revenues for the quarter ended March 31, 2003 were \$6.2 million, compared to \$5.6 million during the same period in the prior year. This increase was due to an increase in sanction fees, engine leases and other revenue partially offset by a decrease in sponsorship revenue and television revenue as described below.

Sanction fees for the quarter ended March 31, 2003 were \$3.0 million, an increase of \$296,000, or 11%, from the same period in the prior year. The increase was attributable to running two races in the first quarter of 2003 compared to one race in the same period in the prior year.

Sponsorship revenue for the quarter ended March 31, 2003 was \$1.6 million, a decrease of \$682,000, or 30%, from the same period in the prior year. This decrease was primarily attributable to the loss of sponsorship income from our former title sponsor. The decrease was partially offset by new sponsorship from our two presenting sponsors Bridgestone/Firestone North American Tire, LLC and Ford Motor Company.

Television revenue for the quarter ended March 31, 2003 was \$189,000, a decrease of \$16,000, or 8%, from the same period in the prior year. The decrease was primarily attributable to a reduction in rights sales for our international television rights, partially offset by television advertising sales from our two races broadcast on Speed Channel. In 2003, we pay for the production for all of our shows and we receive the television advertising inventory; in 2002, Speed Channel paid for the production of the shows aired on their network and received the advertising inventory.

Engine lease revenue for the three months ended March 31, 2003 was \$475,000, with no corresponding revenue in the prior period. We purchased the engines that will be used in our series for the 2003 and 2004 seasons; the engines are leased to the teams for \$100,000 per car per year payable in four (4) installments.

Other revenue for the quarter ended March 31, 2003 was \$902,000, which was an increase of \$488,000, or 118%, from the same period in the prior year. Other revenue includes membership and entry fees, contingency awards money, royalty income, commission on parts sales and other miscellaneous revenue. The increase was primarily due to certain non-recurring miscellaneous revenues received in the first quarter of 2003, partially offset by a decrease in entry fees in CART due to a waiver of those fees for

2003, fewer participants in the Toyota Atlantics series and a decrease in merchandise sales from licensed merchandise.

EXPENSES. Total expenses for the quarter ended March 31, 2003 were \$20.6

Edgar Filing: CHAMPIONSHIP AUTO RACING TEAMS INC - Form 10-Q

million, an increase of \$13.0 million, or 171%, from the same period in the prior year. This increase was due to an increase in race distributions, race promotion expense, television expense, administrative and indirect expenses and depreciation expense partially offset by a decrease in race expenses, as described below.

Race distributions for the quarter ended March 31, 2003 were \$11.0 million, an increase of \$10.0 million from the same period in the prior year. The increase was partially due to having two races in the first quarter of 2003 compared to one race in the same period in the prior year. Race distributions are made up of purse payments, year-end points fund, participation payments, entrant support payments and team assistance. The increase was also due to an increase in participation payments that we make to all of our teams, from \$10,000 to \$20,000 per race. In addition, in 2003 we began an entrant support program where we make payments of \$22,500 per race to each participating team. In the quarter ended March 31, 2003, we have also provided, in aggregate, team assistance expenses of \$8.0 million to substantially all of our teams to ensure their participation in our series for the 2003 season.

Race expenses for the quarter ended March 31, 2003 were \$1.6 million, a decrease of \$134,000, or 8%, from the same period in the prior year. The decrease was primarily attributable to a reduction in staff and officials and their related travel expenses in the areas of logistics, safety, competition and timing and scoring.

Race promotion expenses for the quarter ended March 31, 2003, were \$333,000 and relate to administrative expenses for the races we will promote in 2003. There were no race promotion expenses for the same period in the prior year. Race promotion expenses relate to all costs associated with staging a Champ Car event. Administrative expenses are recognized when incurred; expenses directly related to the event are recorded as deferred or prepaid expenses and are recognized in the period the race takes place.

Television expense was \$1.5 million, an increase of \$1.4 million, from the same period in the prior year. The increase was due to a change in our television agreement with Speed Channel from the previous year. In 2002, Speed Channel paid for the production and received the advertising inventory for shows broadcast on their network. In 2003, we pay for the production and we receive the advertising inventory. In addition, we incur incremental expenses to provide an international feed for all of our races.

Administrative and indirect expenses for the quarter ended March 31, 2003 were \$5.3 million, an increase of \$875,000, or 20%, from the same period in the prior year. This increase was primarily attributable to an increase in insurance expense, legal fees, sales staff and related sales costs. In addition, the increase was related to an increase in marketing and advertising due to the timing of certain marketing initiatives that were incurred in the first quarter of 2003.

Depreciation and amortization for the quarter ended March 31, 2003 was \$820,000, compared to depreciation and amortization of \$334,000 for the same period in the prior year. The increase was primarily due to depreciation on engines that we purchased for use in our series for the 2003 and 2004 seasons.

OPERATING LOSS. Operating loss for the quarter ended March 31, 2003 was \$14.4 million, compared to operating loss of \$2.0 million in the corresponding period in the prior year due to the items discussed above.

Edgar Filing: CHAMPIONSHIP AUTO RACING TEAMS INC - Form 10-Q

INTEREST INCOME. Interest income for the quarter ended March 31, 2003 was \$489,000 a decrease of \$598,000, or 55%, from the same period in the prior year. This is primarily due to a decrease in interest rates and in cash and short-term investments.

LOSS BEFORE INCOME TAXES. Loss before income taxes for the quarter ended March 31, 2003 was \$13.8 million, compared to loss before income taxes of \$914,000 for the same period in the prior year due to the items discussed above.

INCOME TAX BENEFIT. Income tax benefit for the quarter ended March 31, 2003 was \$4.8 million, compared to an income tax benefit of \$320,000 for the corresponding period in the prior year. The effective tax rates were 35.0% and 35.0% for the three months ended March 31, 2003 and 2002, respectively.

LOSS BEFORE CUMULATIVE EFFECT OF ACCOUNTING CHANGE. Loss before cumulative effect of accounting change for the quarter ended March 31, 2003 was \$9.0 million compared to \$594,000 for the corresponding period in the prior year.

CUMULATIVE EFFECT OF ACCOUNTING CHANGE (NET OF TAX). Cumulative effect of accounting change for the three months ended March 31, 2002 was \$1.5 million, or \$956,000 net of tax benefit of \$514,000. There was no corresponding amount in the same period in the current year. The amount relates to our implementation of Statement of Financial Account Standard No. 142 pursuant to which we wrote off our impaired goodwill.

NET LOSS. Net loss for the quarter ended March 31, 2003 was \$9.0 million compared to a net loss of \$1.6 million for the same period in the prior year due to the items discussed above.

SEASONALITY AND QUARTERLY RESULTS

A substantial portion of our total revenues during the race season is expected to remain seasonal, based on our race schedule. Our quarterly results vary based on the number of races held during the quarter. In addition, the mix between the type of race (street course, superspeedway, etc.) and the sanction fees attributed to those races and whether the races are aired on network television or Speed Channel will affect the quarterly results. Consequently, changes in race schedules from year to year, with races held in different quarters, will result in fluctuations in our quarterly results and affect comparability. We held two races in the quarter ended March 31, 2003 in St. Petersburg, FL and Monterrey, Mexico, compared to one race in the quarter ended March 31, 2002 in Monterrey, Mexico. We have provided unaudited quarterly revenues for the first quarter of 2003 and 2002 in the following table.

(DOLLARS IN THOUSANDS)	QUARTER ENDED	
	MARCH 31,	
	2003	2002
Revenues	\$ 6,164	\$ 5,603
Number of races	2	1

LIQUIDITY AND CAPITAL RESOURCES

We have relied on our cash reserves generated in previous years to finance working capital, investments and capital expenditures during the past year. We anticipate that in 2003, we will use available funds to fund certain expenditures that are planned for the year 2003 as discussed below. We believe that existing cash, cash flow from operations and available bank borrowings will

Edgar Filing: CHAMPIONSHIP AUTO RACING TEAMS INC - Form 10-Q

be sufficient for capital expenditures and other cash needs.

21

We have a \$1.5 million revolving line of credit with a commercial bank. As of March 31, 2003, there was no outstanding balance under the line of credit. The line of credit contains no significant covenants or restrictions. Advances on the line of credit are payable on demand and bear interest at the bank's prime rate. The line is secured by our deposits with the bank.

Our cash balance on March 31, 2003 was \$15.7 million, a net increase of \$8.9 million from December 31, 2002. This increase was primarily the result of net cash proceeds from investing activities of \$22.3 million, partially offset by net cash used in operating activities of \$12.4 million, and net cash used in financing activities of \$1.0 million.

We anticipate capital expenditures of approximately \$2.0 million in 2003. The capital expenses will be for computer equipment, a new semi-trailer, timing and scoring equipment, safety truck conversions and competition related equipment for technical inspection and data acquisition.

In April 2002, we entered into a lease for our new corporate headquarters in Indianapolis, Indiana. The lease commenced on May 1, 2002 and expires October 31, 2010. The total amount due through the life of the lease is \$2.6 million.

The following table summarizes our contractual obligations as of March 31, 2003.

Contractual Obligations	Total	Payments due by Period		
		Less Than 1 Year	1-3 Years	4- Yea
Operating Leases	\$ 3,021,118	\$410,022	\$ 848,025	\$870,
Team Assistance Payments	22,250,000	22,250,000	--	
Entrant Support Program	12,240,000	12,240,000	--	
Television Buys	7,050,000	3,525,000	3,525,000	
Other Long-Term Obligations	3,333,642	2,892,256	439,878	1,
Total Contractual Cash Obligations	\$47,894,760	\$41,317,278	\$4,812,903	\$871,

In March 2003, we assumed a \$1.8 million commercial term loan in connection with our acquisition of Raceworks, LLC. The principal on the loan shall be paid quarterly, commencing on October 31, 2003 and on the last day of each January, April, July and October thereafter, in the amount of \$50,000 per quarter. The entire unpaid principal amount of the loan and all accrued and unpaid interest and other amounts payable hereunder shall be due and payable in July 2007. The loan may be prepaid, in whole or in part, without a penalty. The rate of the interest on the outstanding principal amount of the loan will be equal to The Wall Street Journal prime rate (the "prime rate") plus 150 basis points. (As of March 31, 2003, the rate of interest was 5.75 %.)

On March 7, 2003, we acquired 100% of the equity in Raceworks, LLC. The purchase price was \$1.2 million, including \$473,000 of cash and a promissory

Edgar Filing: CHAMPIONSHIP AUTO RACING TEAMS INC - Form 10-Q

note of \$722,000, without interest, and assumption of liabilities of \$4.6 million.

FUTURE TRENDS IN OPERATING RESULTS

An important part of our overall strategy is to make our races major events in large urban markets. In markets where there are no established race tracks, we will establish street races. These races may be promoted by us or we may partner with experienced race promoters to stage these events.

In 2003, we will promote six of our events: Cleveland, OH, Portland, OR, Miami, FL, Lexington, OH, Kent, UK and Lausitz, Germany and we have entered into agreements with promoters that include revenue sharing arrangements for five events. The financial success of each of the events we promote or

22

in which we share in revenues, is dependent on the sale of tickets, sponsorship, hospitality, signage and other commercial rights associated with the events. Our increased focus on these activities means that our revenues related to our sanction fee and race promotion income will be subject to a number of factors, including consumer and corporate spending and the overall economic conditions affecting advertising and promotion in the motorsports and entertainment business.

In 2003, our television contracts require us to purchase airtime on CBS and we will pay for production for our shows on CBS and Speed Channel. We will retain the advertising revenues for all of our races. The estimated cost for purchasing airtime and production for domestic and international programming is \$16.1 million. We are unable to predict the sales of our television advertising for domestic programming or our sale of rights fees for our international programming for 2003. The amount of advertising will be based upon a number of economic factors over which we have no control. The overall state of the economy, the popularity of our sport and other factors make it more uncertain as to the ultimate profitability or loss related to our television package.

In 2003, the Company began an entry support program and enhanced the participation payments to retain and attract teams for the 2003 season and beyond. This program provides up to \$42,500 in cash payments to teams, per race, for each car entered in the 2003 Champ Car series, up to a maximum of twenty (20) cars. These payments are in addition to prize money and other non-monetary benefits that accrue to teams participating in the Champ Car Series. In return for receipt of these funds, each team will allocate to CART advertising space on its race cars and other equipment, which CART is using in packaging advertising that it is marketing to potential sponsors. The advertising packages offered to sponsors include not only advertising on race cars, but also television, at-track advertising and additional media opportunities. We are unable to predict how successful our efforts will be in marketing these packages although none of the sponsorship packages were sold in the first quarter of 2003.

The Company has committed to spend \$33.0 million in team assistance to ensure that there is adequate participation by race teams in the 2003 season. We have entered into contractual agreements with the teams who have committed to be full season participants in the 2003 CART Champ Car World Series. We believe that it is necessary to provide this additional funding to ensure that there would be 18 to 20 competitive race cars in the field for the 2003 season. Without this additional funding, it was unlikely that there would have been the necessary number of teams, which would result in defaults under certain of the Company's agreements with promoters and television. This could have resulted in

the Company not being able to complete the 2003 race season. In exchange for this assistance, the teams provide us with associate sponsor or in some instances primary sponsorship opportunities with their team to offset these costs. We are unable to predict how successful our efforts will be in marketing these packages. In addition, if the teams' efforts to sell sponsorship reach certain levels, they are required to repay a percentage of the assistance they have received from us.

In October 2002, the Company purchased 100 race engines from Cosworth Racing, Inc. for a total purchase price of \$4.0 million and agreed to pay for track support in the amount of \$1.5 million for the 2003 and 2004 season. The Company in turn has leased these engines to each team on the basis of \$100,000 per entrant per race season payable in four (4) installments.

In light of current events and the overall state of the economy, we are uncertain whether we or our teams will be able to maintain the same levels of sponsorship income that we have received in the past or secure additional sponsorship. In addition, we are unable to determine what effect these factors will have on our television package and our ability to sell television advertising for our races. We are also unable to assess what impact a decrease in the disposable income of our fans will have on our promoters and, ultimately, our races.

23

As we have previously reported, we are party to several lawsuits. We cannot predict the outcome of the litigation, and at this time, management is unable to estimate the impact that ultimate resolution of these matters may have on the Company's financial position or future results of operations.

RELATED PARTY TRANSACTIONS

We have historically entered into transactions with related parties, because several of our directors and one of our significant shareholders are team owners. We believe that it is necessary and appropriate to have team owners involved as directors or significant shareholders of the Company because of their unique knowledge of our business. We believe that all the transactions which we have entered into with our directors or significant shareholders, are comparable to the terms that we have in the past or could in the future enter into with unaffiliated third parties with respect to each of these transactions. In order to avoid conflicts of interest, any of our directors who are affiliated with an entity that is entering into a transaction with us have not and will not vote on any matters related to such transactions and may, in certain circumstances, refrain from participating in any discussions related to such transactions.

The related party transactions under "Purse Distributions, Entry Support Program and Lease Arrangements" are all payments or transactions that are made on the identical basis to all race teams, whether they are affiliated with directors or significant shareholders or not affiliated. The payments payable to related parties under the caption "Team Assistance Program" relate to further assistance that the Company is providing to race teams to assure their participation in the 2003 race season. The amounts payable to each race team vary, depending upon the team's ability to raise third party sponsorship, the number of cars that the team will race in 2003, their budget and other factors. The Company has determined that these payments are necessary in order to assure a proper field for 2003 and believes that the amounts payable to each of the race teams affiliated with a director is consistent with arrangements that the Company could enter into with unaffiliated third parties. Both of these programs

Edgar Filing: CHAMPIONSHIP AUTO RACING TEAMS INC - Form 10-Q

were developed to ensure the necessary participation in the series. Without this additional funding, it is unlikely that there would have been 18 entrants, which would have resulted in defaults under certain of the Company's agreements with promoters and television and could have resulted in severe financial consequences to the Company.

PURSE DISTRIBUTIONS, ENTRY SUPPORT PROGRAM AND LEASE ARRANGEMENTS. We have entered into, and we will continue to enter into, transactions with entities that are affiliated with our directors and/or 5% stockholders who are owners of our race teams. Race teams that participate in the Champ Car World Series receive purse distributions on a per race basis and from the year end point fund, which amounts have been paid based solely upon their performance in specific races. All of these payments are made to our race teams regardless of the affiliation with our directors or significant stockholders. The following table provides information with respect to expenses incurred through March 31, 2003 by us to race teams that are or were affiliated with directors and/or significant stockholders of CART:

RACE TEAM/AFFILIATED PERSON	PURSE DISTRIBUTIONS
Newman/Haas Racing/Carl A. Haas	\$ 106,750
Forsythe Racing, Inc./Gerald R. Forsythe	240,000
Patrick Racing, Inc./U.E. Patrick	25,500
Derrick Walker Racing, Inc./Derrick Walker	59,000

In 2003, we lease engines and provide financial assistance to every team that participates in the Champ Car World Series, including teams affiliated with our directors and/or 5% stockholders. The financial assistance payments relate to two programs instituted for the 2003 season, the Entry Support

24

Program (ESP) and the Team Assistance Program. ESP will provide up to \$42,500 in cash payments to teams, per race, for each car entered into the series.

The Company has entered into a sponsorship agreement with Ford Motor Company, which provides in part, that Ford will lease to each of the teams Ford vehicles for their use in 2003. For ease of administration, Ford has leased these vehicles to the Company and the Company has subleased the vehicles to each team on a net net basis. There is no net cost or benefit to the Company related to this arrangement.

The Company purchased one hundred (100) race engines from Cosworth Racing, Inc. for a total purchase price of \$4.0 million and agreed to pay for track support in the amount of \$1.5 million for the 2003 and 2004 seasons. The Company in turn has leased these engines to each team on the basis of \$100,000 per entrant per year.

The following table lists the amount of engine lease income we have earned and Entry Support Program expenses we have incurred to related parties through March 31, 2003.

RACE TEAM/AFFILIATED PERSON	ENGINE LEASE INCOME FROM TEAMS
-----------------------------	-----------------------------------

Edgar Filing: CHAMPIONSHIP AUTO RACING TEAMS INC - Form 10-Q

Newman/Haas Racing/Carl A. Haas	\$ 50,000
Forsythe Racing, Inc./Gerald R. Forsythe	50,000
Patrick Racing, Inc./U.E. Patrick	25,000
Derrick Walker Racing, Inc./Derrick Walker	50,000

TEAM ASSISTANCE PROGRAM. The Team Assistance Program will supply an additional \$33.0 million in team assistance spread over the 2003 race season as described above. The following table sets forth the Team Assistance Program expenses incurred to teams affiliated with directors and/or 5% stockholders through March 31, 2003.

RACE TEAM/AFFILIATED PERSON	TEAM ASSISTANCE
Derrick Walker Racing, Inc./Derrick Walker	\$ 1,481,250
Patrick Racing, Inc./U.E. Patrick	350,000
Newman/Haas Racing/Carl A. Haas	500,000

PROMOTER AGREEMENTS

Some of our directors or stockholders either control or are affiliated with others who control racing venues which stage Champ Car and other racing events. We have entered into the following agreements with entities associated with directors or 5% stockholders:

Carl A. Haas, a director of the Company and a race team owner, is a principal owner of Carl Haas Racing Teams, Ltd. which has entered into a Promoter Agreement with respect to the Champ Car World Series race at the Wisconsin State Park Speedway in Milwaukee, Wisconsin. We are currently in negotiations regarding the option for the 2003 and 2004 events.

Gerald R. Forsythe, a race team owner and 24.9% stockholder of the Company, is a principal owner of the entities which entered into Promoter Agreements with respect to Champ Car World Series races in Monterrey, Mexico and Mexico City, Mexico. The Monterrey, Mexico entity affiliated with Mr. Forsythe has paid sanction fees to CART in the amount of \$2.5 million for the 2003 event which occurred

25

in the first quarter. We are currently renegotiating the remaining years of the agreements for Monterrey, Mexico and the years 2003-2006 for Mexico City, Mexico.

OTHER TRANSACTIONS

In addition to the above, we have entered into the following transactions with related parties:

Mr. Forsythe is also a principal owner of the entity that holds our Mexican television rights through 2004. In return for these rights, we will receive a minimum guarantee of \$325,000 in 2003 and will receive a minimum guarantee \$350,000 for 2004. In addition, we will receive 70% of the net profits, if any,

Edgar Filing: CHAMPIONSHIP AUTO RACING TEAMS INC - Form 10-Q

until we reach \$550,000 and \$600,000 for each of the two years ending 2003 and 2004, respectively.

Ralph Sanchez, a director of the Company, is a principal owner of RAS Development, Inc. which has entered into a five year lease agreement with the Company for office space in Miami, Florida. Payments for this lease total \$80,292, \$97,957, \$99,081, \$100,045, \$101,008 and \$16,861 for 2003, 2004, 2005, 2006, 2007 and 2008, respectively.

The Company entered into a sponsorship agreement with PacifiCare Health Services, Inc. ("PacifiCare"), which provides that PacifiCare will be the "Official Health Care Provider" for the Champ Car World Series for 2003. PacifiCare will also be provided with two (2) thirty (30) second advertising slots at no cost (other than production costs) if slots are available on each of the Champ Car race broadcasts during 2003. As consideration for the Sponsorship Agreement, PacifiCare agreed to become a sponsor of Newman/Haas Racing for 2003 and has granted to the Company the right to negotiate a sponsorship agreement with PacifiCare for 2004. Carl A. Haas, a director of the Company, is a principal owner of Newman/Haas Racing.

PAYMENTS TO CART

In addition to the payments described above, CART receives revenues from its race teams, including those affiliated with CART directors and/or 5% stockholders, for miscellaneous items based solely on participation in CART events and CART's self-promoted events. As of March 31, 2003, no race teams affiliated with CART directors and/or 5% stockholders made payments to CART in an amount greater than \$50,000.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

With the exception of historical information contained in this Form 10-Q, certain matters discussed are forward-looking statements. These forward-looking statements involve risks that could cause the actual results and plans for the future to differ from these forward-looking statements. The factors listed below and other factors not mentioned, could cause the forward-looking statements to differ from actual results and plans:

- competition in the sports and entertainment industry
- participation by race teams
- continued industry sponsorship
- regulation of tobacco and alcohol advertising and sponsorship
- competition by the IRL
- liability for personal injuries
- success of television contract
- renewal of sanction agreements

26

- participation by suppliers
- success of co-promoted and self-promoted races
- current uncertain economic environment and weak advertising market
- impact of engine specifications

ITEM 3: QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISKS

INTEREST RATE RISK. Our investment policy was designed to maximize safety and liquidity while maximizing yield within those constraints. At March 31,

Edgar Filing: CHAMPIONSHIP AUTO RACING TEAMS INC - Form 10-Q

2003, our investments consisted of corporate bonds, U.S. Agency issues, letters of credit, and money market funds. The weighted average maturity of our portfolio is 251 days. Because of the relatively short-term nature of our investments, our interest rate risk is not considered significant.

ITEM 4. : CONTROLS AND PROCEDURES

(a) Within the 90 days prior to the date of filing of this report, we carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Exchange Act Rule 13a-14. Based upon that evaluation, the Company's Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective in timely alerting them to material information relating to the Company (including its consolidated subsidiaries) required to be included in our periodic SEC filings.

(b) There have been no significant changes in our internal controls or in other factors that could significantly affect internal controls subsequent to the date we carried out this evaluation.
