## **EXPLANATORY NOTE**

The registrant filed a Form 10-K on March 17, 2009. The registrant is filing this Amendment No. 1 to Form 10-K with the SEC: 1) to amend Item 9A-Controls and Procedures; and 2) to amend Exhibits 10.7 and 10.8 due to some translation mistakes in those exhibits of the original Form 10-K.

In addition, we are also including a currently-dated Sarbanes Oxley Act Section 302 and Section 906 certifications of the Chief Executive Officer and Chief Financial Officer that are attached to this Amendment as Exhibits 31.1, 31.2, 32.1 and 32.2.

Except as set forth below, this Form 10-K/A does not modify, amend or update in any way any other items or disclosure in the Form 10-K. This Form 10-K/A continues to speak as of the date of the original Form 10-K and other than as specifically reflected in the Form 10-K/A does not reflect events occurring after the filing of the original Form 10-K.

## **Part II**

### **Item 9A - Controls and Procedures**

We maintain disclosure controls and procedures designed to ensure that information required to be disclosed in our filings under the Securities Exchange Act of 1934 is (1) recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms and (2) accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

As required by Rule 13a-15 under the Exchange Act, as of the end of the fiscal year covered by this Annual Report on Form 10-K, we have carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures. This evaluation was carried out under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective at December 31, 2008.

There have been no changes in our internal controls over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) that occurred during the fourth quarter of fiscal 2008 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

### **Management's Report on Internal Control over Financial Reporting**

Our management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)). Under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, we conducted an evaluation of our internal control over financial reporting as of December 31, 2008, based on the framework in Internal Control Integrated Framework issued by the Committee of Sponsoring Organizations (COSO) of the Treadway Commission. Based on our evaluation under the framework in Internal Control – Integrated Framework, management concluded that our internal control over financial reporting was effective as of December 31, 2008.

---

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation.

This Annual Report on Form 10-K does not include an attestation report of our independent registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by our independent registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit us to provide only management's report in this Annual Report on Form 10-K.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those responsible for oversight of the company's financial reporting.

The management's assessment of internal controls over financial reporting was not subject to auditor attestation as of December 31, 2008 pursuant to temporary rules of the Securities and Exchange Commission. Accordingly, this Annual Report does not include an attestation report by our independent registered public accounting firm regarding internal control over financial reporting.

### **Changes in Internal Controls over Financial Reporting**

There have been changes in our internal control over financial reporting identified in connection with the evaluation required by paragraph (d) of Rule 13a-15 or 15d-15 promulgated under the Exchange Act that occurred during the last fiscal quarter ended December 31, 2008 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

The changes to our internal controls over financial reporting are as follows:

- We have a functioning audit committee
- We have hired internal auditors, but not a fully-implemented internal audit department.
- We have hired an SEC reporting consultant with expertise in US GAAP.
