PRIVATE SECURITIES LITIGATION REFORM ACT SAFE HARBOR STATEMENT

When used in this Annual Report on Form 10-KSB, the words "may," "will," "expect," "anticipate," "continue," "estimate," "intend," and similar expressions are intended to identify forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934 regarding events, conditions and financial trends which may affect the Company's future plans of operations, business strategy, operating results and financial position. Such statements are not guarantees of future performance and are subject to risks and uncertainties and actual results may differ materially from those included within the forward-looking statements as a result of various factors. Such factors include, among others: (i) the Company's ability to obtain additional sources of capital to fund continuing operations in the immediate term; (ii) the Company's ability to retain existing or obtain additional licensees who act as distributors of its products; (iii) the Company's ability to obtain additional patent protection for its encapsulation technology; and (iv) other economic, competitive and governmental factors affecting the Company's operations, market, products and services. Additional factors are described in the Company's other public reports and filings with the Securities and Exchange Commission. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date made. The Company undertakes no obligation to publicly release the result of any revision of these forward-looking statements to reflect events or circumstances after the date they are made or to reflect the occurrence of unanticipated events.

PART I

ITEM 1 - BUSINESS

Background

SiriCOMM, Inc. ("SiriCOMM" or the "Company"), was incorporated in the State of Delaware on March 23, 1989 as Fountain Pharmaceuticals, Inc., to develop and commercialize certain proprietary compound encapsulation technologies for use in health care, agricultural, veterinary and consumer market items using technologies developed privately and assigned to the Company.

The Company incurred losses and had a working capital deficit at June 21, 2001. Through June 21, 2001 these losses had been principally funded through sales of preferred stock (\$2,500,000) to an entity controlled by the Company's former Chairman of the Board (Mr. Joseph S. Schuchert, Jr.) and advances of \$2,716,500 from Mr. Schuchert which included a secured line of credit of \$1,500,000 ("Secured Credit Agreement"). On June 21, 2001, Mr. Schuchert notified the Company that it was in default under the Secured Credit Agreement dated December 31, 1998. Mr. Schuchert requested immediate payment of the \$1,500,000 principal and accrued interest due under the Secured Credit Agreement and, in the event such payments were not forthcoming on or before July 2, 2001, notice was given that Mr. Schuchert would take action to take possession of the Company's assets and other collateral as defined in the Secured Credit Agreement.

The Company's Board of Directors voted on June 28, 2001 to comply with the agreement and transfer the assets of the Company at the close of business on July 6, 2001 to Mr. Schuchert, since the Company was not in a financial position to make the required payment. As a result, the secured debt was satisfied through this transfer of assets, although the unsecured facility remained outstanding.

On December 31, 2001 Park Street Acquisition Corporation ("Park Street"), a Florida corporation, acquired 2,000,000 shares of Class A Convertible Preferred Stock ("Preferred Stock") of the Company from Fountain Holdings LLC ("Holdings") and all Common Stock Purchase Warrants (the "Warrants") in the name of Holdings to purchase shares of the Company's Class A Common Stock. The Preferred Stock converts into 1,264,151 shares of Class A Common Stock. The aggregate purchase price paid to Holdings was Twenty Thousand (\$20,000) Dollars ("Purchase Price"), allocated \$8,000 towards the purchase of the Preferred Stock and \$12,000 towards the purchase of the Warrants. Simultaneously with the closing, Park Street and the Company agreed to retire the Warrants. Park Street also returned the Preferred Stock to the Company.

Mr. Schuchert, the principal shareholder of Holdings, in consideration of the Purchase Price, released and discharged the Company from its obligations due to them and Fountain Holdings LLC pursuant to a Credit Agreement dated as of December 31, 1998, and from any other debts or obligations owing Schuchert by the Company. As of December 29, 2001 the Company owed Schuchert approximately \$1,454,733 of principal and interest.

Simultaneously with the transactions described above, Park Street acquired directly from the Company 3,500,000 shares of the Company's Class A Common Stock and 100,000 shares of the Company's Class B Common Stock for an aggregate purchase price of \$180,000. The proceeds of this transaction were utilized by the Company to retire all of its remaining liabilities. As a result of the foregoing, Park Street became the "control person" of the Company as that term is defined in the Securities Act of 1933, as amended.

Edgar Filing: SIRICOMM INC - Form 10KSB

In connection with these transactions, the Board of Directors of the Company nominated Brendon K. Rennert to the Board of Directors and all former officers and directors delivered their letters of resignation to the Company. Mr. Rennert then appointed himself CEO, President and Secretary of the Company. As a result of the transfer of the Company's assets to Schuchert, the Company became a "blank check" or "shell" company.

Business Operations

On November 21, 2002, the Company completed the acquisition of SiriCOMM, Inc., a company organized under the laws of the State of Missouri in April 2000. In connection with the acquisition, the Company changed its name to SiriCOMM, Inc. As a result of the acquisition, the Company's business operations are those of SiriCOMM.

SiriCOMM is engaged in the development of broadband wireless software and network infrastructure solutions for the commercial transportation industry and government market. The Company has a vertically integrated technology platform incorporating both software applications and broadband network infrastructure and access. The vertical-specific, enterprise-grade software solutions are designed to help businesses of any size and the government to significantly increase profitability, reduce operating costs, improve productivity and operational efficiencies, enhance safety, and strengthen security. The Company's unique, commercial-grade private network solution is built for enterprises and integrates multiple technologies to enable an ultra high-speed, open-architecture wireless data network for its software applications and Internet access. The Company believes that its vertical-specific software, network technology, deep industry relationships, and low cost of operations represent significant value to the commercial transportation industry and the government market.

SiriCOMM's patent-pending network infrastructure solution provides considerable benefits when compared to other solutions competing in the space. The architecture transmits data at speeds of up to 48,000 kilobits per seconds ("kbps"), or 20 to 100 times faster than other wireless solutions such as GSM (9.6 kbps), CDMA2000-1XRTT (144 kbps), or Qualcomm's USAT (2 kbps). SiriCOMM will install network access nodes using Wireless Fidelity (Wi-Fi) access points at strategic locations nationwide. Each wireless local area network is interconnected using satellite communications and the company's proprietary server solution. The point-to-multipoint broadcast feature of the company's network provides considerable cost-to-bandwidth efficiencies. SiriCOMM's software applications leverage this optimized data network to deliver significant cost reduction and productivity improvement opportunities to subscribing companies. For a flat, low monthly fee subscribers will have access to a suite of productivity software, the Internet, e-mail, proprietary company

intranet information, and similar business tools. Users will connect to the network using any 802.11-compatible device. For the most mobile subscribers, SiriCOMM recommends a Wi-Fi-enabled Palm OS handheld computer. SiriCOMM's solutions are expected to become commercially available during the second quarter of the year 2004.

Development of SiriCOMM's Business and Products

Since SiriCOMM's inception in April of 2000, its founders have focused their efforts principally in three key areas - product development, pre-market demonstrations to potential customers, and the formation of critical industry alliances. The results of this disciplined approach are significant. First, a working prototype of the broadband wireless network and applications software was developed and refined into a highly marketable product. Patent applications

Edgar Filing: SIRICOMM INC - Form 10KSB

are on file for the entire end-to-end system. Second, demonstrations of the prototype to qualified potential customers reaffirmed the feasibility of the network and the solid need for its unique services. SiriCOMM has made technical presentations to more than 30 communication, automobile, trucking and mobile technology companies during the last 24 months and has received favorable feedback at such demonstrations. As a result, the Company has letters of intent, memorandums of understanding, whitepapers, and similar strong expressions of support from multiple industry stakeholders. These include trucking companies, truck manufacturers, technology partners, trade associations, government agencies, etc.

The first generation of SiriCOMM products can significantly improve the availability, timeliness, and accuracy of communications and decision support tools for most of the nation's law enforcement agencies and trucks that operate in North America. Ultimately, with minor modifications, the SiriCOMM products will be applicable in any industry requiring mobile communications from remote locations, such as recreational vehicles, yachts, and construction sites.

SiriCOMM intends to charge a monthly subscription fee of \$49.95 per user per month for its services.

The five principal components of the SiriCOMM service include:

1. An I.E.E.E. 802.11 standard compatible wireless device (PC or Palm OS(TM)) for the users. The 802.11 is a wireless standard governed by the Institute of Electrical and Electronics Engineers that operates in the 2.4 Ghz unregulated frequency spectrum;
2. Wireless transmission and receiving equipment installed in strategic locations such as marinas, truck stops, weigh stations, and major shipper facilities;
3. Access to the AMC-6 geo-synchronous satellite;
4. Proprietary software processes and applications; and
5. Broadband wireless channels that enable transmission of extremely large amounts of data at speeds 20 to 100 times faster than current wireless solutions.

Users will be able to connect to the SiriCOMM network whenever they are within range (up to approximately one-half mile) of one of several planned access locations. SiriCOMM has had fixed test locations in Joplin, Missouri,

Blacksburg, Virginia, Columbia, Missouri, Oklahoma City, Oklahoma and Rock Hill, South Carolina. The Company has deployed multiple mobile demonstration sites throughout the U.S. While in range, the subscriber will have wireless, universal access to the Internet and to an agency, or fleet intranet, if one exists. For a low, fixed monthly subscription fee subscribers will be able to communicate unlimited amounts of data and messages to their homes, offices, or client support centers using SiriCOMM's high-speed wireless network.

At present SiriCOMM leases transponder access to the AMC-6 satellite on a month to month basis for \$350 per month per ground location pursuant to an informal agreement with Cislunar, the satellite teleport operator. The agreement with Cislunar is an oral agreement for month-to-month supply and purchase of transponder usage. Cislunar has accommodated SiriCOMM by reselling a very small amount of capacity to SiriCOMM on an as-needed basis and Cislunar is willing to continue to do so until SiriCOMM is in a position to build out its network. At

Edgar Filing: SIRICOMM INC - Form 10KSB

that time, usage will likely increase substantially and both Cislunar and SiriCOMM recognize that a written agreement will need to be in place. SiriCOMM plans to enter into a formal agreement for monthly transponder usage when the system is offered commercially. At each ground location, the satellite receiver is linked to the 2.4 Ghz wireless network utilizing a local server and SiriCOMM's technology for rapidly cache and serve network requests. There are no limitations or special licenses required to operate local two-way data communications at 2.4Ghz wireless frequencies.

SiriCOMM does not have a commercial network presently running implementing its wireless data transmission technology. SiriCOMM is in the process of completing memorandums of understandings with three (3) major truck-stop chains which would enable it to build out 440 sites. It plans to build a network with the capacity to service up to 250,000 simultaneous users within 6 months of raising the needed capital. The construction of the initial network is estimated to cost \$4-6 million and is expected to be financed by the private sale of the Company's debt or equity securities. The Company has commitments totaling \$2,525,000 to be used for network implementation. These funds include a \$1,000,000 note from Southwest Missouri Bank (SMB) guaranteed by the United States Department of Agriculture. The terms of this financing are very favorable to the Company. The balance of the commitments have been raised through a private placement of \$1,525,000 which is currently held in escrow. The private placement consisted of 1,525,000 units, each unit consisted of one share of the Company's common stock and one three-year warrant exercisable at \$2.00 per share. The purchase price per unit is \$1.00. The Company intends on breaking escrow upon the closing of the \$1,000,000 loan from SMB.

Research and Development

SiriCOMM plans to spend approximately \$30,000 on additional research and development to improve and refine the previously developed suite of wireless applications.

Distribution

SiriCOMM plans to rely on agents and value added resellers for its sales and distribution. On August 7, 2003, SiriCOMM announced the execution of a multidimensional agreement with Pana-Pacific OEM Division. Under the agreement, Pana-Pacific will be co-marketing and reselling SiriCOMM's products and services, as well as marketing, selling and distributing 802.11-enabled computing devices used to access SiriCOMM's network.

In addition to the Pana-Pacific agreement, SiriCOMM also has informal agreements with original equipment manufacturers, truck stop operators and other sales agents. These agreements will be finalized once network infrastructure is in place.

Competition

SiriCOMM and countless other companies have developed many data transmission, location and network access products designed to meet the growing demand for communications services by businesses and government organizations that rely heavily on information technology. SiriCOMM's products will compete on the basis of product features, price, quality, reliability, brand name recognition, product breadth, developed sales channels, product documentation, product warranties and technical support and service. SiriCOMM believes that it will be generally competitive in each of these areas and that the services offered compared to cost provides competitive advantages. SiriCOMM's existing and potential competitors have significantly more financial, engineering, product development, manufacturing and marketing resources than it has. At

Edgar Filing: SIRICOMM INC - Form 10KSB

present, there are no direct competitors to SiriCOMM's proposed products and services. Various businesses currently offer certain segments of SiriCOMM's comprehensive solution, but at much lower bandwidth, higher cost and/or with no software applications. There can be no assurance that competitors will not introduce comparable or superior products incorporating more advanced technology at lower prices, or that other changes in market conditions or technology will not adversely affect SiriCOMM's ability to compete successfully in the future.

Government Regulation and Industry Standards

SiriCOMM's planned products and services is presently not regulated by the FCC or local governments. The regulatory process in the United States can be time-consuming and can require the expenditure of substantial resources. There can be no assurance that the FCC or state regulatory agencies will not seek to regulate the use of frequencies utilized by SiriCOMM's planned services or if such services are regulated, grant the requisite approvals for any of SiriCOMM's products on a timely basis, or at all. The failure of SiriCOMM's products to comply, or delays in compliance, with the various existing and evolving standards could negatively impact SiriCOMM's ability to sell its products. United States and state regulations regarding the manufacture and sale of modems and other data communications devices are subject to future change. We cannot predict what impact, if any, such changes may have on SiriCOMM's business.

Employees

The Company presently has 5 employees of which 4 are executive officers. Our employees are not unionized, and the Company believes its relationship with its employees is good.

ITEM 2 - PROPERTIES

We operate our business in a leased facility. We occupy approximately 2,000 square feet in a building in Joplin, Missouri. Our rent for this space is \$1,200 per month. The Company leases the space on a month-to-month basis.

ITEM 3 - LEGAL PROCEEDINGS

On July 26, 2003 the Company was named a defendant in a lawsuit entitled Greg Sanders v. SiriComm, Inc. The action was brought in the Circuit Court of Newton County, Neosho, Missouri (CV303-559CC). The action is for breach of contract and seeks damages in the principal amount of \$150,000 plus acceleration of interest. The Company acknowledges the debt and is attempting to negotiate a settlement of this matter. In the meantime, the Company has retained counsel to respond to the Complaint.

ITEM 4 - SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

There were no matters submitted to the Company's security holders for a vote during the course of the fourth quarter of this fiscal year.

PART II

ITEM 5 - MARKET FOR THE COMPANY'S COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

A. Market Information

The Company's Common Stock presently trades on the OTC Bulletin Board under the symbol "SIRC". From May 31, 1994 until November 21, 2002 our Common

Edgar Filing: SIRICOMM INC - Form 10KSB

Stock traded on the OTC Bulletin Board under the symbol "FPHI."

As of December 31, 2003, we reported 13,065,344 outstanding shares of common stock, \$.001 par value.

As of December 31, 2003 we had outstanding 213,417 shares of Series A Cumulative Convertible Preferred Stock ("Series A Preferred Stock"). Each share of Series A Preferred Stock converts into our Common Stock at the rate of \$2.00 per share.

As of December 29, 2003 we had outstanding 274,000 warrants and options.

The following table sets forth certain information with respect to the high and low market prices of the Company's Common Stock for the fiscal years ended September 30, 2000, 2001, and 2002. The high and low market prices for the fourth quarter of 2002 reflects a 60-for-1 reverse stock split effective November 21, 2002. No trading market exists for shares of the Company's Class B Common Stock.

Fiscal 2001	HIGH	LOW
-----	----	---
First Quarter	\$.17	\$.093
Second Quarter	\$.07	\$.05
Third Quarter	\$.07	\$.025
Fourth Quarter	\$.045	\$.02
Fiscal 2002	HIGH	LOW
-----	----	---
First Quarter	\$.05	\$.01
Second Quarter	\$.08	\$.02
Third Quarter	\$.06	\$.025
Fourth Quarter	\$4.25	\$1.20
Fiscal 2003	HIGH	LOW
-----	----	---
First Quarter	\$4.00	\$1.25
Second Quarter	\$2.25	\$1.20
Third Quarter	\$2.40	\$0.99
Fourth Quarter	\$2.00	\$0.80

The closing price of the Company's Common Stock on December 31, 2003 was \$1.20.

The high and low prices are based on the average bid and ask prices for the Company's Common Stock, as reported by the OTC Bulletin Board. Such prices are inter-dealer prices without retail mark-ups, mark-downs or commissions and may not represent actual transactions.

B. Reverse Stock Split

In order to facilitate the acquisition of SiriCOMM, the Company effectuated a one for sixty reverse stock split, specifically, a conversion of every sixty issued and outstanding shares into one share of Common Stock as of November 21, 2002 (the "Reverse Stock Split"). Additionally, the Company combined its Class A and Class B Common Stock into a single class of Common Stock. As a result of the combination and Reverse Stock Split, each shares of Class B Common Stock became one-sixtieth of a share of Common Stock.

C. Holders

Edgar Filing: SIRICOMM INC - Form 10KSB

Records of the Company's stock transfer agent indicate that as of December 29, 2003, the Company had 49 record holders of its Common Stock. Since a significant number of the shares of the Company are held by financial institutions in "street name," it is likely that the Company has significantly more stockholders than indicated above. The Company estimates that it has approximately 1,500 record holders, including such shares held in "street name."

D. Dividends

The Company has not paid any cash dividends, to date, and does not anticipate or contemplate paying cash dividends in the foreseeable future. It is the present intention of management to utilize all available funds for working capital of the Company.

E. Recent Sales of Unregistered Securities

On December 31, 2001, Park Street Acquisition Corporation acquired 3,500,000 shares of the Company's Class A Common Stock and 100,000 shares of Class B Common Stock from the Company for \$180,000. In connection with this issuance, we relied on the exemption from registration pursuant to Section 4(2) of the Act for non-public offerings.

On November 21, 2002, the Company completed the acquisition of all of the issued and outstanding shares of SiriCOMM, Inc. (Missouri). An aggregate of 9,662,562 shares were issued to SiriCOMM's 18 shareholders, including 5,762,303 issued to Henry P. Hoffman, the Company's President, CEO and Chairman, 1,098,331 issued to David N. Mendez, the Company's Executive V.P. - Sales and Marketing and a Director and 1,023,535 issued to Kory S. Dillman, the Company's Executive V.P. - Internet Business Development and a Director. The shares were issued under the exemption from registration provided in Section 4(2) of the Act.

On January 7, 2003, the Company issued 29,525 shares of its Common Stock to David and Rebecca Seidl and issued 19,683 shares of its Common Stock to John Cesta and Patti Ann's Dreams, Inc. in connection with loans made to the Company in the aggregate amount of \$125,000. The shares were issued under the exemption from registration provided in Section 4(2) of the Act.

On January 7, 2003, the Company issued 868,000 shares of its Common Stock to Jeff Wasson and 1,054,000 shares of its Common Stock to Quest Capital Alliance, L.L.C., pursuant to the conversion of convertible debt in the aggregate of \$1,000,000. The shares were issued under the exemption from registration provided in Section 4(2) of the Act.

On February 12, 2003, the Company issued 9,842 shares of its Common Stock to Carlye Wannemacher in connection with a loan made to the Company in the amount of \$25,000. The shares were issued under the exemption from registration provided in Section 4(2) of the Act.

On April 14, 2003, the Company issued 107,000 shares of its Common Stock to Finter Bank Zurich pursuant to the conversion of convertible debt in the principal amount of \$100,000 plus \$7,000 of accrued interest. The shares were issued under the exemption from registration provided in Section 4(2) of the Act.

On July 23, 2003, the Company issued an aggregate of 39,366 shares of its Common Stock to four individuals including 9,842 shares to Terry W. Thompson, a Director of the Company, in connection with loans made to the Company in the aggregate amount of \$100,000. The shares were issued under the exemption from registration provided in Section 4(2) of the Act.

Edgar Filing: SIRICOMM INC - Form 10KSB

On August 18, 2003, the Company issued 55,944 shares of its Common Stock to The Research Works, Inc. pursuant to a letter agreement. The shares were issued under the exemption from registration provided in Section 4(2) of the Act.

On December 5, 2003, the Company issued 34,000 shares of its Common Stock to MCC Securities, Inc. pursuant to an agreement. The shares were issued under the exemption from registration provided in Section 4(2) of the Act.

On December 10, 2003, the Company issued an aggregate of 213,417 shares of its Series A Preferred Stock to Quest Capital Alliance L.L.C. (161,165) and William and Joy Fotsch (52,252) pursuant to the conversion of an aggregate of \$200,000 of debt due by the Company. The shares were issued under the exemption from registration provided in Section 4(2) of the Act.

On December 31, 2003, we completed the sale of \$1,525,000 units ("Units") to twenty-four accredited investors. Each Unit consists of one share of the Company's common stock and one three-year warrant exercisable at \$2.00 per share. Among the investors in this offering was Terry Thompson, a director of the Company. The Units were sold under the exemption from registration provided in Section 4(2) of the Act.

In November 2003, Robert J. Smith converted \$154,443 of debt due to him by the Company into a like number of the Units. These Units have not been issued to date, but when issued will be issued under the exemption from registration provided in Section 4(2) of the Act.

ITEM 6 - MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

Background

On November 21, 2002, the Company completed the acquisition of SiriCOMM, Inc., a company organized under the laws of the State of Missouri in April 2000. In connection with the acquisition, the Company changed its name to SiriCOMM, Inc. As a result of the acquisition, the Company's business operations are those of SiriCOMM.

Critical Accounting Policies and Estimates:

Our financial statements have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires us to make significant estimates and judgments that affect the reported amounts of assets, liabilities, revenues, expenses and related disclosure of contingent assets and liabilities. We evaluate our estimates, including those related to contingencies, on an ongoing basis. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

We believe the following critical accounting policy, among others; involve the more significant judgments and estimates used in the preparation of our consolidated financial statements:

The Company accounts for compensation costs associated with stock options and warrants issued to non-employees using the fair-value based method prescribed by Financial Accounting Standard No. 123 - Accounting for Stock-Based

Edgar Filing: SIRICOMM INC - Form 10KSB

Compensation. The Company uses the Black-Scholes options-pricing model to determine the fair value of these instruments as well as to determine the values of options granted to certain lenders by the principal stockholder. The following estimates are used for grants in 2003: Expected future volatility over the expected lives of these instruments is estimated to mirror historical experience of 122.18%; expected lives of 2 years is estimated based on management's judgment of the time period by which these instruments will be exercised.

Information Relating To Forward-Looking Statements

This report, including the documents incorporated by reference in this report, includes forward-looking statements. We have based these forward-looking statements on our current expectations and projections about future events. Our actual results may differ materially from those discussed herein, or implied by these forward-looking statements. Forward-looking statements are identified by words such as "believe," "anticipate," "expect," "intend," "plan," "will," "may" and other similar expressions. In addition, any statements that refer to expectations, projections or other characterizations of future events or circumstances are forward-looking statements.

Results of Operations

During fiscal 2003, SiriCOMM advanced its efforts towards commercialization of its products and services. To that end, SiriCOMM reached informal agreements with original equipment manufacturers, truck-stop operators and other sales agents. These agreements will be finalized once the network infrastructure is in place.

General and administrative expenses increased from \$674,000 in 2002 to \$1,503,000 in 2003 as a direct result of the Company's developing and marketing its products and services, increased professional expenses and costs associated with raising debt and equity financing. Included in general & administrative expenses in 2003 is an aggregate of \$1,088,000 in stock-based compensation charges (consulting and loan costs) which were minimal in 2002 (\$69,000). Research and development expenses were minimal in 2003 (declining from \$135,000 in 2002 to \$78,000 in 2003 due to cash flow considerations).

Interest expense increased from \$40,000 in 2002 to \$51,000 in 2003. The increase is attributable to increased borrowings in 2003.

Liquidity and Management's Plan of Operations

On November 21, 2002, Fountain completed the acquisition of all of the issued and outstanding shares of SiriCOMM, Inc., a Missouri Corporation. An aggregate 9,623,195 post-reverse split shares were issued to SiriCOMM's 18 shareholders. Furthermore, the Company agreed to issue the equivalent of 15.5% of the post-merger entity to retire \$1,000,000 of convertible debentures issued by SiriCOMM. As a result and following completion of the acquisition, the sole director of Fountain resigned and four of SiriCOMM's principal shareholders were elected in his place. In connection with this transaction the Company changed its name to "SiriCOMM, Inc."

Since SiriCOMM is considered the acquirer for accounting and financial reporting purposes, the transaction will be accounted for in accordance with reverse acquisition accounting principles as though it were a recapitalization of SiriCOMM and a sale of shares by SiriCOMM in exchange for the net assets of Fountain. These financial statements include the historical results of operations and cash flows of SiriCOMM-Missouri.

Edgar Filing: SIRICOMM INC - Form 10KSB

SiriCOMM is a development-stage entity engaged in the development of broadband wireless applications service provider technologies for the marine and highway transportation industries. The Company's current development activities include integrating multiple technologies including satellite communications, the Internet and intranets, wireless networking and productivity enhancing software into commercially viable products and services for its target industries.

Since its inception, SiriCOMM has financed its activities primarily from short-term loans. During fiscal 2003, the Company borrowed an aggregate of \$680,000 from several lenders. The Company issued promissory notes to these lenders. The notes have varying interest rates ranging from 4% to 10% and matured either during 2003 or mature as late as November 2004. In addition, of the \$680,000, an aggregate of \$400,000 has been converted into preferred or common equity of the Company Subsequent to September 30, 2003.

SiriCOMM also has a Demand Note with a Bank. The Demand Note has the annual interest rate of 7% and SiriCOMM makes monthly installments of \$2,409 per month, maturing July 20, 2004. The loan is secured by all assets of SiriCOMM and guaranteed by the Company's President and CEO.

SiriCOMM is indebted to a former officer in the principal amount of \$133,000. In connection with this indebtedness, SiriCOMM issued the former officer a Note in the principal amount of \$133,000 bearing interest at the rate of 2.5%. This Note is unsecured and called for principal and interest to be paid in monthly installments of \$10,000 through May 2004. The Company is in default and the former officer commenced legal proceedings in July 2003 against the Company seeking damages in excess of \$150,000. (See Legal Proceedings)

To date, SiriCOMM has not introduced its products and services commercially, has limited assets, significant liabilities and limited business operations. Managements' plan of operation for fiscal 2003 is to build a network to service up to 80,000 simultaneous users. The construction of the initial network is estimated to cost \$4-\$6 million and is expected to be financed by a private sale of the Company's debt or equity securities. The Company has commitments totaling \$2, 525,000 to be used in part for network implementation. These funds include a \$1,000,000 note from Southwest Missouri Bank (SMB) guaranteed by the United States Department of Agriculture. The terms of this financing are very favorable to the Company. The remaining funding commitments have been raised through a \$1.525 million private placement. These funds are currently being held in escrow pending the closing of the SMB/USDA loan.

There can be no assurances that the Company will be successful in obtaining further debt or equity financing in order to achieve its financial objectives.

On January 3, 2003, the Board of Directors authorized the issuance of 1,922,000 shares of stock pursuant to the conversion of the aforementioned \$1,000,000 in convertible debt of SiriCOMM Missouri.

On April 14, 2003, the Company issued 107,000 shares of its common stock to Finter Bank Zurich pursuant to the conversion of convertible debt in the principal amount of \$100,000 plus \$7,000 of accrued interest.

Recent accounting pronouncements:

During April 2002, the FASB issued SFAS No. 145, Rescission of SFAS No. 4, 44 and 64, Amendment of SFAS No. 13 and Technical Corrections (SFAS 145). SFAS No. 145 rescinds SFAS No. 4, Reporting Gains and Losses From Extinguishments of Debt (SFAS No. 4), which required all gains and losses from extinguishments of debt to be aggregated and, if material, classified as an extraordinary item, net of related income tax effect. As a result of the rescission of SFAS No. 4, the classification of gain and losses arising from debt extinguishments requires consideration of the criteria for extraordinary accounting treatment provided in APB No. 30, Reporting the Results of Operations. In the absence of SFAS No. 4, debt extinguishments that are not unusual in nature and infrequent in occurrence would be treated as a component of net income or loss from continuing operations. SFAS No. 145 is effective for financial statements issued for fiscal years beginning after May 15, 2002. The adoption of this standard currently has no financial reporting implications.

During November 2002, the FASB issued Interpretation 45, Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others (Interpretation 45). Under Interpretation 45 guarantees, contracts and indemnification agreements are required to be initially recorded at fair value. Current practice provides for the recognition of a liability under such agreements only when a loss is probable and reasonably estimable, as those terms are defined under SFAS No. 5, Accounting for Contingencies. In addition, Interpretation 45 requires significant new disclosures for all guarantees even if the likelihood of the guarantor having to make payments under the guarantee is remote. The disclosure requirements are effective for financial statements of interim and annual periods ending after December 15, 2002. The initial recognition and measurement provisions of Interpretation 45 are applicable on a prospective basis to guarantees, contracts or indemnification agreements issued or modified after December 31, 2002. The Company currently has no guarantees, contracts or indemnification agreements that would require accounting recognition under the new standard.

Edgar Filing: SIRICOMM INC - Form 10KSB

In January 2003, the FASB issued Interpretation No. 46, Consolidation of Valuable Interest Entities. This interpretation clarifies rules relating to consolidation where entities are controlled by means other than a majority voting interest and instances in which equity investors do not bear the residual economic risks. This interpretation is effective immediately for variable interest entities created after January 31, 2003 and for interim and annual periods beginning after December 15, 2003 for interests acquired prior to February 1, 2003. The Company currently has no ownership in variable interest entities and, therefore, adoption of this standard currently has no financial reporting implications.

In April 2003, the FASB issued SFAS No. 149, Amendment of Statement 133 on Derivative Instruments and Hedging Activities. The statement amends and clarifies accounting and reporting for derivative instruments, including certain derivative instruments embedded in other contracts, and hedging activities. This statement is designed to improve financial reporting such that contracts with comparable characteristics are accounted for similarly. The statement, which is generally effective for contracts entered into or modified after June 30, 2003, is not anticipated to have a significant effect on the Company's financial position or results of operations.

In May 2003, the FASB issued SFAS No. 150, Accounting for Certain Financial Instruments with Characteristics of Both Liabilities and Equity. This statement establishes standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. This statement is effective for financial instruments entered into or modified after May 31, 2003, and is otherwise effective at the beginning of the first interim period beginning after June 15, 2003. The Company currently has no such financial instruments outstanding or under consideration and therefore adoption of this standard currently has no financial reporting implications.

Edgar Filing: SIRICOMM INC - Form 10KSB

inception. Mr. Mendez has over nine years experience in telecommunications sales and marketing. Mr. Mendez's telecommunications expertise focuses on domestic and international data communication networks including Frame Relay and ATM infrastructures and Internet and intranet networks. From October 1998 to February 2000 he was National Sales Manager for DRIVERNet where he managed such national accounts as Ford, Kenworth, Peterbilt, Paccar Corporation, and Cue Paging. From 1995 to 1998 Mr. Mendez worked as a Major Account Manager for Sprint. Mr. Mendez graduated with a Bachelor of Science degree from Southwest Missouri State University, Springfield, MO.

Kory S. Dillman

Mr. Dillman was appointed Executive Vice President - Internet Business Development on November 21, 2002. On that same date Mr. Dillman was also elected a director of the Company. Mr. Dillman co-founded SiriCOMM in April 2000 and has been its Executive Vice President - Internet Business Development and a director since SiriCOMM's inception. From 1996 to 1999 Mr. Dillman was Creative Director for DRIVERNet. In that position he produced intranet and Internet applications for DRIVERNet and its customers. He developed specific web-based products for Volvo Trucks North America, Kenworth, Peterbilt, Ambest, Caterpillar Engines, and TravelCenters of America. Prior to joining DRIVERNet Mr. Dillman was Art Director for Wendfall Productions. In this position he managed development for Sony Music and Ardent Records. Mr. Dillman earned a Bachelor of Fine Arts degree from the University of Tulsa, Tulsa, OK.

J. Richard Iler

Mr. Iler was appointed Chief Financial Officer and elected to the Board of Directors in April 2003. From 2001 through 2003, Mr. Iler was managing director of a private equity fund responsible for financing activities, management consulting and investor relations of the funds portfolio companies. From 1998 through 2001, Mr. Iler was Chief Financial Officer of United American e-Health Technologies, a publicly traded company. Mr. Iler assisted this company in raising capital and preparation of regulatory filings. Mr. Iler graduated from Grand Valley State University in Allendale, Michigan with a B.S. and attended South Texas College of Law in Houston, Texas.

Terry W. Thompson

Mr. Thompson was elected to the Board of Directors in August 2003. In 2002, Mr. Thompson retired as President of Jack Henry and Associates, a provider of integrated computer systems and processor of ATM and debit card transactions for banks and credit unions. Mr. Thompson joined Jack Henry in 1990 as Chief Financial Officer was appointed President in 2001 guiding the Company from \$15 million in revenues to more than \$365 million and from 98 employees to 2300 employees. It is anticipated that Mr. Thompson will be named Chairman of the Company's Audit Committee, when organized.

Board of Directors; Audit Committee

The Board of Directors held two meetings during fiscal 2003.

Our Board of Directors has not designated one of its members to serve as its financial expert. Further, our Board of Directors has not established an audit committee. At or before our next meeting of shareholders, we expect establish and audit committee and consider designation of an independent member of the Board as our financial expert. During 2003, the Board did not have an independent member who met the financial expert qualifications of the Sarbanes-Oxley Act.

Edgar Filing: SIRICOMM INC - Form 10KSB

Directors' Compensation

The Company has a policy of not granting fees to directors who attend a regularly scheduled or special meeting of its Board of Directors. However, the Company may reimburse out-of-state directors for their cost of travel and lodging to attend such meetings.

Involvement in Certain Legal Proceedings

On July 26, 2003 the Company was named a defendant in a lawsuit entitled Greg Sanders v. SiriComm, Inc. The action was brought in the Circuit Court of Newton County, Neosho, Missouri (CV303-559CC). The action is for breach of contract and seeks damages in the principal amount of \$150,000 plus an additional \$30,000 in interest. The Company acknowledges the debt and will attempt to negotiate a settlement of this matter. In the meantime, the Company has retained counsel to respond to the Complaint.

Compliance with Section 16(a) of the Exchange Act

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires directors and certain officers of the Company, as well as persons who own more than 10% of a registered class of the Company's equity securities ("Reporting Persons"), to file reports with the Securities and Exchange Commission. The Company believes that during fiscal 2003, all Reporting Persons timely complied with all filing requirements applicable to them.

Code of Ethics

We have adopted a Code of Ethics and Business Conduct for Officers and Directors and a Code of Ethics for Financial Executives that applies to all of our executive officers, directors and financial executives. Copies of these codes are filed as exhibits to this Form 10-KSB Report.

Thereafter the agreement automatically renews for additional one-year periods. Bonuses, if any, are to be paid at the sole discretion of our Board of Directors. This agreement also provides for a monthly car allowance to be fixed by and paid at the sole discretion of the Company's Board of Directors.

Stock Options

2002 Incentive Stock Option Plan

The Company in 2002, adopted a 2002 Equity Incentive Plan (the "Plan"). The Plan designates a Stock Option Committee appointed by the Board of Directors and authorizes the Stock Option committee to grant or aware to eligible participants of the Company and its subsidiaries and affiliates, until May 15, 2012, stock options, stock appreciation rights, restricted stock performance stock awards and Bonus Stock awards for up to 3,000,000 shares of the New Common Stock of the Company. The initial members of the Stock Option Committee have not yet been appointed. During fiscal 2003, the Company issued no options and or bonus shares under the plan. Subsequent to fiscal 2003, 200,000 options were granted under the plan which were approved by the Board of Directors.

The following is a general description of certain features of the Plan:

1. Eligibility. Officers, other key employees and consultants of the Company, its subsidiaries and its affiliates who are responsible for the management, growth and profitability of the business of the Company, its subsidiaries and its affiliates are eligible to be granted stock options, stock appreciation rights, and restricted or deferred stock awards under the Plan.

Edgar Filing: SIRICOMM INC - Form 10KSB

Directors are eligible to receive Stock Options.

2. Administration. The Incentive Plan is administered by the Stock Option Committee of the Company. The Stock Option Committee has full power to select, from among the persons eligible for awards, the individuals to whom awards will be granted, to make any combination of awards to any participants and to determine the specific terms of each grant, subject to the provisions of the Incentive Plan.

3. Stock Options. The Plan permits the granting of non-transferable stock options that are intended to qualify as incentive stock options ("ISO's") under section 422 of the Internal Revenue Code of 1986 and stock options that do not so qualify ("Non-Qualified Stock Options"). The option exercise price for each share covered by an option shall be determined by the Stock Option Committee but shall not be less than 100% of the fair market value of a share on the date of grant. The term of each option will be fixed by the Stock Option Committee, but may not exceed 10 years from the date of the grant in the case of an ISO or 10 years and two days from the date of the grant in the case of a Non-Qualified Stock Option. In the case of 10% stockholders, no ISO shall be exercisable after the expiration of five (5) years from the date the ISO is granted.

4. Stock Appreciation Rights. Non-transferable stock appreciation rights ("SAR's") may be granted in conjunction with options, entitling the holder upon exercise to receive an amount in any combination of cash or unrestricted common stock of the Company (as determined by the Stock Option Committee), not greater in value than the increase since the date of grant in the value of the shares covered by such right. Each SAR will terminate upon the termination of the related option.

5. Restricted Stock. Restricted shares of the common stock may be awarded by the Stock Option Committee subject to such conditions and restrictions as they may determine. The Stock Option Committee shall also determine whether a recipient of restricted shares will pay a purchase price per share or will receive such restricted shares without, any payment in cash or property. No Restricted Stock Award may provide for restrictions beyond ten (10) years from the date of grant.

6. Performance Stock. Performance shares of Common Stock may be awarded without any payment for such shares by the Stock Option Committee if specified performance goals established by the Committee are satisfied. The designation of an employee eligible for a specific Performance Stock Award shall be made by the Committee in writing prior to the beginning of the period for which the performance is based. The Committee shall establish the maximum number of shares to stock to be issued to a designated Employee if the performance goal or goals are met. The committee reserves the right to make downward adjustments in the maximum amount of an Award if, in its discretion unforeseen events make such adjustment appropriate. The Committee must certify in writing that a performance goal has been attained prior to issuance of any certificate for a Performance Stock Award to any Employee.

7. Bonus Stock. The committee may award shares of Common Stock to Eligible Persons, without any payment for such shares and without any specified performance goals. The Employees eligible for bonus Stock Awards are senior officers and consultants of the Company and such other employees designated by the Committee.

8. Transfer Restrictions. Grants under the Plan are not transferable except, in the event of death, by will or by the laws of descent and distribution.

Edgar Filing: SIRICOMM INC - Form 10KSB

9. Termination of Benefits. In certain circumstances such as death, disability, and termination without cause, beneficiaries in the Plan may exercise Options, SAR's and receive the benefits of restricted stock grants following their termination or their employment or tenure as a Director as the case may be.

10. Change of Control. The Plan provides that (a) in the event of a "Change of Control" (as defined in the Plan), unless otherwise determined by the Stock Option Committee prior to such Change of Control, or (b) to the extent expressly provided by the Stock Option Committee at or after the time of grant, in the event of a "Potential Change of Control" (as defined in the Plan), (i) all stock options and related SAR's (to the extent outstanding for at least six months) will become immediately exercisable: (ii) the restrictions and deferral limitations applicable to outstanding restricted stock awards and deferred stock

awards will lapse and the shares in question will be fully vested: and (iii) the value of such options and awards, to the extent determined by the Stock Option Committee, will be cashed out on the basis of the highest price paid (or offered) during the preceding 60-day period, as determined by the Stock Option Committee. The Change of Control and Potential Change of Control provisions may serve as a disincentive or impediment to a prospective acquirer of the Company and, therefore, may adversely affect the market price of the common stock of the Company.

11. Amendment of the Plan. The Plan may be amended from time to time by majority vote of the Board of Directors provided as such amendment may affect outstanding options without the consent of an option holder nor may the plan be amended to increase the number of shares of common stock subject to the Plan without stockholder approval.

In December 1998, the Company adopted the Fountain Pharmaceuticals, Inc. 1998 Stock Option Plan (the 1998 Plan). Nonqualified and incentive stock options may be granted under the 1998 Plan. The term of options granted under the 1998 Plan are fixed by the plan administrator provided, however, that the maximum option term may not exceed ten (10) years from the grant date and the exercise price per share may not be less than the fair market value per share of the Common Stock on the grant date. Under the 1998 Plan, all full-time employees of the Company or its subsidiaries, including those who are officers and directors, non-employee directors and consultants are eligible to receive options pursuant to the 1998 Plan, if selected. Directors and consultants are also eligible. The 1998 Plan provided for the authority to issue options covering up to 750,000 shares of the Company's Common Stock; provided, however, that option to purchase no more than 500,000 shares shall be granted to any one participant. As a result of the 60 for 1 reverse stock split effectuated on November 21, 2002, the 1998 Plan covers only 12,500 shares of the Company's common stock and the Board abandoned this plan.

ITEM 11 - SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth, as of December 31, 2003, information with respect to the securities holdings of all persons which the Company, pursuant to filings with the Securities and Exchange Commission, has reason to believe may be deemed the beneficial owners of more than 5% of the Company's outstanding Common Stock. The following table indicates the beneficial ownership of such individuals numerically calculated based upon the total number of shares of Common Stock outstanding. Also set forth in the table is the beneficial ownership of all shares of the Company's outstanding stock, as of such date, of all officers and directors, individually and as a group.

- (4) Includes 50,000 shares which may be obtained by Mr. Thompson upon the exercise of a like number of options exercisable at \$1.00 per share.

ITEM 12 - CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

From December 2002 through September 2003, the Company borrowed an aggregate of \$375,000 from unaffiliated third parties. In connection with these loans, the Company issued the lenders an aggregate 137,782 shares of its common stock. In connection with these loans, the Company's CEO issued an aggregate of 375,000 options to purchase shares of his own stock at \$1.00 per share. On August 8, 2003 Mr. Terry Thompson, who had lent the Company an aggregate of \$50,000 and received 19,684 of these shares and 50,000 of the aforementioned options, was elected a director of the Company. The shares were issued under the exemption from registration provided in Section 4(2) of the Securities Act of 1933. The lenders represented their intention to acquire the securities for investment only and not with a view to or for sale in connection with any distribution of the securities and appropriate legends were affixed to the certificates. The Company utilized the proceeds of these loans for general working capital purposes.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Board of Directors and Stockholders
SiriCOMM, Inc. and Subsidiary
Joplin, Missouri

We have audited the accompanying consolidated balance sheet of SiriCOMM, Inc. and Subsidiary (the "Company"), a development stage enterprise, as of September 30, 2003, and the related consolidated statements of operations, stockholders' deficit and cash flows for the years ended September 30, 2003 and 2002 and for the period from inception (April 24, 2000) through September 30, 2003. These financial statements are the responsibility of the Company's management. Our

Edgar Filing: SIRICOMM INC - Form 10KSB

responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company at September 30, 2003, and the results of its operations and its cash flows for the years ended September 30, 2003 and 2002 and for the period from inception (April 24, 2000) through September 30, 2003, in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 2, the Company is in the development stage, and has not yet earned revenues from operations, has working capital and equity deficiencies of \$389,758 and \$504,994, respectively, at September 30, 2003 and is in default with respect to a substantial portion of its loan agreements. These conditions raise substantial doubt regarding the Company's ability to continue as a going concern. Management's plans related to these conditions are also discussed in Note 2. The financial statements do not include any adjustments that may result from the outcome of this uncertainty.

SIRICOMM, INC. AND SUBSIDIARY
(A DEVELOPMENT STAGE ENTERPRISE)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FROM INCEPTION (APRIL 24, 2000) TO SEPTEMBER 30, 2003

1. Nature of operations and summary of significant accounting policies:

Nature of operations:

SiriCOMM, Inc. - a Missouri corporation (the "Company"), incorporated in the State of Missouri on April 24, 2000, is engaged in the development of broadband wireless application service technologies intended for use in the marine and transportation industries. The Company's development activities include integrating multiple technologies including satellite communications, the Internet, wireless networking, and productivity enhancing software into commercially viable products and services. The Company expects to complete development activities and commence revenue generating activities in early 2004.

Acquisition:

On November 21, 2002, SiriCOMM, Inc. (f/k/a Fountain Pharmaceuticals, Inc.), a Delaware corporation (the "Company" or "SiriCOMM") completed the acquisition of all the issued and outstanding shares of SiriCOMM, Inc. - a Missouri corporation ("SiriCOMM Missouri"). An aggregate 9,662,562 post-reverse split shares were issued to SiriCOMM Missouri shareholders. Furthermore, the Company agreed to issue the equivalent of 15.5% of the post-merger shares (1,922,000 post reverse split shares) to retire \$1,000,000 of convertible notes issued by SiriCOMM Missouri. As a result and following completion of the acquisition, the sole director of the Company resigned and four of SiriCOMM Missouri's principal shareholders were elected in his place. In connection with this transaction the Company changed its name to "SiriCOMM, Inc."

Since SiriCOMM Missouri is considered the acquirer for accounting and financial reporting purposes, the transaction has been accounted for in accordance with reverse acquisition accounting principles as though it were a recapitalization of SiriCOMM Missouri and a sale of shares by SiriCOMM Missouri in exchange for the net assets of the Company. The financial statements include the historical results of operations and cash flows of SiriCOMM Missouri from inception and operations of SiriCOMM Delaware from November 21, 2002 through September 30, 2003. All intercompany accounts and balances have been eliminated in consolidation.

Edgar Filing: SIRICOMM INC - Form 10KSB

Reporting periods:

In connection with the acquisition discussed above, the financial information has been presented on a September 30 fiscal year end.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

SIRICOMM, INC. AND SUBSIDIARY
(A DEVELOPMENT STAGE ENTERPRISE)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FROM INCEPTION (APRIL 24, 2000) TO SEPTEMBER 30, 2003

1. Nature of operations and summary of significant accounting policies (continued):

Financial instruments:

The carrying value of the Company's financial instruments, including cash, accounts payable, and notes payable, approximate their fair market values.

Deferred loan costs:

The Company incurs costs to obtain financing. These costs primarily represent the fair market values of 1) common stock issued to lenders pursuant to the Company's loan agreements and 2) stock options granted by the President on the shares he holds of the Company's common stock. (Notes 4 and 5) Loan costs are amortized over the terms of the notes payable.

Furniture and equipment:

Furniture and equipment is stated at cost and depreciated using the straight-line method over the estimated useful life of 5 years.

Stock-based compensation:

The Company accounts for compensation costs associated with stock options issued to employees under the provisions of Accounting Principles Board Opinion No. 25 whereby compensation is recognized to the extent the market price of the underlying stock at the grant date exceeds the exercise price of the option granted. (There have been no options issued to employees since inception.) Stock-based compensation to non-employees is accounted for using the fair-value based method prescribed by Financial Accounting Standard No. 123 - Accounting for Stock-Based Compensation.

Research and development costs:

Edgar Filing: SIRICOMM INC - Form 10KSB

The Company incurs costs, principally paid to outside consultants, associated with computer software to be marketed in the future. Costs incurred in connection with establishing technological feasibility have been expensed as research and development costs. Costs incurred subsequent to establishing technological feasibility, including coding and testing, will be capitalized.

Recent accounting pronouncements:

During April 2002, the FASB issued SFAS No. 145, Rescission of SFAS No. 4, 44 and 64, Amendment of SFAS No. 13 and Technical Corrections (SFAS 145). SFAS No. 145 rescinds SFAS No. 4, Reporting Gains and Losses From Extinguishments of Debt (SFAS No. 4), which required all gains and losses from extinguishments of debt to be aggregated and, if material, classified as an extraordinary item, net of related income tax effect. As a result of the rescission of SFAS No. 4, the classification of gain and losses arising from debt extinguishments requires consideration of the criteria for extraordinary accounting treatment provided in APB No. 30, Reporting the Results of Operations. In the absence of SFAS No. 4, debt extinguishments that are not unusual in nature and infrequent in occurrence would be treated as a component of net income or loss from continuing operations. SFAS No. 145 is effective for financial statements issued for fiscal years beginning after May 15, 2002. The adoption of this standard currently has no financial reporting implications.

SIRICOMM, INC. AND SUBSIDIARY
(A DEVELOPMENT STAGE ENTERPRISE)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FROM INCEPTION (APRIL 24, 2000) TO SEPTEMBER 30, 2003

1. Nature of business and summary of significant accounting policies (continued):

Recent accounting pronouncements (continued):

During November 2002, the FASB issued Interpretation 45, Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others (Interpretation 45). Under Interpretation 45 guarantees, contracts and indemnification agreements are required to be initially recorded at fair value. Current practice provides for the recognition of a liability under such agreements only when a loss is probable and reasonably estimable, as those terms are defined under SFAS No. 5, Accounting for Contingencies. In addition, Interpretation 45 requires significant new disclosures for all guarantees even if the likelihood of the guarantor having to make payments under the guarantee is remote. The disclosure requirements are effective for financial statements of interim and annual periods ending after December 15, 2002. The initial recognition and measurement provisions of Interpretation 45 are applicable on a prospective basis to guarantees, contracts or indemnification agreements issued or modified after December 31, 2002. The Company currently has no guarantees, contracts or indemnification agreements that would require accounting recognition under the new standard.

In January 2003, the FASB issued Interpretation No. 46, Consolidation of Valuable Interest Entities. This interpretation clarifies rules relating to consolidation where entities are controlled by means other

Edgar Filing: SIRICOMM INC - Form 10KSB

than a majority voting interest and instances in which equity investors do not bear the residual economic risks. This interpretation, as deferred, is effective for interim and annual periods beginning after December 15, 2003. The Company currently has no ownership in variable interest entities and, therefore, adoption of this standard currently has no financial reporting implications.

In April 2003, the FASB issued SFAS No. 149, Amendment of Statement 133 on Derivative Instruments and Hedging Activities. The statement amends and clarifies accounting and reporting for derivative instruments, including certain derivative instruments embedded in other contracts, and hedging activities. This statement is designed to improve financial reporting such that contracts with comparable characteristics are accounted for similarly. The statement, which is generally effective for contracts entered into or modified after June 30, 2003, is not anticipated to have a significant effect on the Company's financial position or results of operations as the Company does not anticipate engaging in hedging activities in the near future.

In May 2003, the FASB issued SFAS No. 150, Accounting for Certain Financial Instruments with Characteristics of Both Liabilities and Equity. This statement establishes standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. This statement is effective for financial instruments entered into or modified after May 31, 2003, and is otherwise effective at the beginning of the first interim period beginning after June 15, 2003. The Company currently has no such financial instruments outstanding or under consideration and therefore adoption of this standard currently has no financial reporting implications.

F-9

SIRICOMM, INC. AND SUBSIDIARY
(A DEVELOPMENT STAGE ENTERPRISE)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FROM INCEPTION (APRIL 24, 2000) TO SEPTEMBER 30, 2003

1. Nature of business and summary of significant accounting policies (continued):

Income taxes:

Effective November 21, 2002, deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax basis. This method also requires the recognition of future tax benefits such as net operating loss carry-forwards, to the extent that realization of such benefits is more likely than not. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The deferred tax assets are reviewed periodically for recoverability and valuation allowances are provided, as necessary.

Prior to November 21, 2002, the operations of SiriCOMM Missouri were included in the personal income tax returns of the stockholders under Subchapter S of the Internal Revenue Code. The acquisition described in Note 1 resulted in the revocation of the Company's S corporation

Edgar Filing: SIRICOMM INC - Form 10KSB

election.

Net loss per share:

Net loss per share represents the net loss available to common stockholders divided by the weighted average number of common shares outstanding during the year. Diluted earnings per share reflect the potential dilution that could occur if convertible debt was converted into common stock. Diluted net loss per share is considered to be the same as basic net loss per share since the effect of the issuance of common stock associated with the convertible debt is anti-dilutive. Earnings per share for 2002 has been restated to reflect the reverse aquisition/reverse stock split.

2. Management's plan of operation:

Since its inception, SiriCOMM has financed its activities primarily from short-term loans, a portion of which are in default (Note 4). To date, SiriCOMM has not introduced its products and services commercially, and has limited assets, significant liabilities and limited business operations. Managements' plan of operations for fiscal 2004 is for the Company to raise additional capital (\$6-\$10 million) and build a network to service up to 250,000 simultaneous users. The construction of the initial network is estimated to cost \$4-\$6 million and is expected to be financed by a private sale of securities. The Company is in discussions with two technology companies to provide "in kind" products and services in exchange for equity in the Company. Additionally, the Company has been the recipient of a \$1,000,000 Federally Guaranteed Economic Development loan by the U.S. Department of Agriculture predicated upon the Company's demonstration of raising \$1,000,000 of equity. The Company has raised approximately \$1,500,000 through January 9, 2004 and such funds have been deposited into escrow pending closing of the loan, which is anticipated to occur in late January. Further, loans aggregating \$400,000 have been converted to equity subsequent to September 30, 2003. The Company believes the loan will close as anticipated and all escrowed funds will be released. There can be no assurances that the Company, upon receipt of such funding, will be able to achieve its short-term financial objectives. Additionally as the long-term financial objectives require funding in excess of the \$2.5 million contemplated above, the Company will need to seek additional financing beyond that currently secured. There are no assurances that the Company will be able to raise the additional financing necessary to construct the aforementioned network and continue as a going concern. The financial statements do not include any adjustments to the carrying amount of assets and the amounts and classifications of liabilities that might result from the outcome of this uncertainty.

Reverse merger and reorganization::

In November 2002, in connection with the merger discussed in Note 1, the Company combined the outstanding shares of common stock to a single class of common stock and affected a one-for-sixty reverse split of the outstanding shares. In connection therewith, the par value of the stock was decreased to \$0.001. Additionally, the authorized number of shares of common stock was increased to 50,000,000 shares and preferred stock authorized increased to 5,000,000 shares.

On November 21, 2002, the Company issued 9,662,562 post-reverse split common shares in exchange for all of the outstanding common stock of SiriCOMM Missouri.

Conversion of debt to equity:

In January 2003, the Company issued 1,922,000 shares of its common stock in satisfaction of \$1,000,000 of convertible notes issued by SiriCOMM Missouri.

On April 9, 2003, the Company issued an aggregate of 107,000 shares of its common stock to an unaffiliated third party in connection with the conversion of \$107,000 of a subordinated convertible debenture and accrued interest. The shares were issued under the exemption from registration provided in Section 4(2) of the Securities Act of 1933.

At September 30, 2003 a stockholder has agreed to convert \$20,000 in accounts payable to equity. This conversion occurred in October 2003 and such amounts are included in other liabilities in the accompanying balance sheet.
