QUICKLOGIC CORPORATION
PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS

General

The accompanying proxy is solicited by the Board of Directors of QuickLogic Corporation, a Delaware corporation, for use at the Annual Meeting of Stockholders to be held on Tuesday, April 22, 2003, at 9:00 a.m., local time, or at any adjournment thereof. The meeting will be held at QuickLogic's offices located at 1277 Orleans Drive, Sunnyvale, California 94089. QuickLogic's telephone number at that address is (408) 990-4000. At the meeting, only stockholders of record at the close of business on March 7, 2003, the record date, will be entitled to vote. On March 7, 2003, QuickLogic's outstanding capital stock consisted of 23,758,578 shares of common stock. At the meeting, the stockholders will be asked:

1. To elect two (2) Class I directors to serve for a term of three years;
2. To ratify the appointment of PricewaterhouseCoopers LLP as QuickLogic's independent auditors for the fiscal year ending December 31, 2003; and
3. To transact such other business as may properly come before the meeting or any adjournment thereof.

This Proxy Statement and form of proxy were first sent or given to stockholders entitled to vote at the Annual Meeting on or about March 25, 2003, together with our 2002 Annual Report to Stockholders.

Voting

Each stockholder is entitled to one vote for each share of common stock held on all matters presented at the meeting.

Election of Directors

Holders of all outstanding shares of QuickLogic's common stock, voting together as a single class, have the right to elect the Class I directors to the Board of Directors. The directors will be elected by a plurality of the votes of the shares of our common stock present in person or represented by proxy at the meeting. Votes withheld from any director are counted for purposes of determining the presence or absence of a quorum but have no other legal effect under Delaware law.

Ratification of Appointment of Auditors

Ratification of the appointment of PricewaterhouseCoopers LLP as QuickLogic's independent auditors requires the affirmative vote of a majority of the total voting power of the shares of our common stock represented in person or by proxy at the meeting and entitled to vote on the proposal, voting together as a single class.

Voting Electronically via the Internet or by Telephone

Stockholders whose shares are registered in their own names may vote either via the Internet or by telephone. Specific instructions to be followed by any registered stockholder interested in voting via Internet or by telephone are set forth on the enclosed proxy card. The Internet and telephone voting procedures are designed to authenticate the stockholder's identity and to allow stockholders to vote their shares and confirm that their voting instructions have been properly recorded.

If your shares are registered in the name of a bank or brokerage firm and you have not elected to receive your Proxy Statement over the Internet, you may be eligible to vote your shares electronically over the Internet or by telephone. A large number of banks and brokerage firms are participating in the ADP Investor Communication Services online program. This program provides eligible stockholders who receive a paper copy of this Proxy Statement the opportunity to vote via the Internet or by telephone. If your bank or brokerage firm is participating in ADP's program, your proxy card will provide instructions. If your proxy card does not reference Internet or telephone information, please complete and return the proxy card in the self-addressed, postage paid envelope provided. Stockholders who elected to receive the Proxy Statement and Annual Report over the Internet will be receiving an email on or about March 24, 2003 with information on how to access stockholder information and instructions for voting.

Solicitation of Proxies

The cost of solicitation of proxies will be borne by QuickLogic. QuickLogic may also reimburse brokerage houses and other custodians, nominees and fiduciaries for their expenses incurred in forwarding solicitation materials to the beneficial owners of shares held of record by such persons. It is contemplated that proxies will be solicited principally through the mail, but our directors, officers and regular employees may, without additional compensation, solicit proxies personally or by telephone, facsimile or special letter.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to our Secretary a written notice of revocation or a duly executed proxy bearing a later date, or by attending the meeting and voting in person.

Quorum; Abstentions; Broker Non-Votes

The required quorum for the transaction of business at the Annual Meeting is a majority of the votes eligible to be cast by holders of shares of common stock issued and outstanding on the record date. Shares that are voted "FOR," "AGAINST," "ABSTAIN" or "WITHHOLD AUTHORITY" with respect to a matter are treated as being present at the meeting for purposes of establishing a quorum. Shares that are voted "FOR," "AGAINST" or "ABSTAIN" with respect to a matter are treated as shares entitled to vote at the Annual Meeting (referred to below as the "votes cast") with respect to such matter.

While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, we believe that abstentions should be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of votes cast with respect to a proposal (other than the election of directors). In the absence of controlling precedent to the contrary, we intend to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote against the proposal.

In a 1988 Delaware case, *Berlin v. Emerald Partners*, the Delaware Supreme Court held that, while broker non-votes (i.e., votes from shares held of record by brokers as to which the beneficial owners have given no voting instructions) should be counted for purposes of determining the presence or absence of a quorum for the transaction of business, broker non-votes should not be counted for purposes of determining the number of votes cast with respect to the particular proposal on which the broker has expressly not voted. Accordingly, we intend to treat broker non-votes in this manner. Thus, a broker non-vote will not affect the outcome of the voting on a proposal that requires a majority of the votes cast.

Deadline for Receipt of Stockholder Proposals

Proposals of QuickLogic's stockholders that are intended to be presented by such stockholders at QuickLogic's next Annual Meeting of Stockholders must be received by us at our principal executive offices, no later than December 22, 2003 in order to be considered for possible inclusion in the Proxy Statement and form of proxy relating to such meeting.

If any of our stockholders intend to submit a proposal at the next Annual Meeting which is not eligible for inclusion in the Proxy Statement and form of proxy relating to that Annual Meeting, the stockholder must do so between January 23, 2004 and February 12, 2004. If such stockholder does not comply with the foregoing notice provision, the proxy holders will be allowed to use their discretionary voting authority when the proposal is raised at the 2004 Annual Meeting.

PROPOSAL ONE:**ELECTION OF DIRECTORS**

QuickLogic's Board of Directors is currently comprised of six (6) members, divided into three classes with overlapping three year terms. As a result, a portion of our Board of Directors will be elected each year. Donald P. Beadle and Michael J. Callahan have been designated Class I directors whose terms expire at the 2003 Annual Meeting of Stockholders. Hua-Thye Chua and Gary H. Tauss have been designated Class II directors whose terms expire at the 2004 Annual Meeting of Stockholders. E. Thomas Hart and Alan B. Lefkof have been designated Class III directors whose terms expire at the 2005 Annual Meeting of Stockholders. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of an equal number of directors. There are no family relationships between any of our directors or executive officers.

Unless otherwise instructed, the proxy holders will vote the proxies received by them for QuickLogic's nominees named below, who are currently directors of the company. In the event that the nominees are unable or decline to serve as directors at the time of the Annual Meeting, the proxies will be voted for any nominee who shall be designated by the present Board of Directors to fill the vacancy. In the event that additional persons are nominated for election as directors, the proxy holders intend to vote all proxies received by them in such a manner as will ensure the election of as many of the nominees listed below as possible. The term of office of each person elected as a director will continue until the 2006 Annual Meeting of Stockholders or until his successor has been duly elected and qualified or until his earlier death, resignation or removal. It is not expected that any nominee will be unable or will decline to serve as a director.

Nominees for Class I Director

Two Class I directors are to be elected at the Annual Meeting for a three-year term ending in 2006. The Board of Directors has nominated Donald P. Beadle and Michael J. Callahan as Class I directors. Unless otherwise instructed, the persons named in the enclosed proxy intend to vote proxies received by them for the reelection of Messrs. Beadle and Callahan. QuickLogic expects that both Mr. Beadle and Mr. Callahan will accept such nomination. In the event that either nominee is unable or declines to serve as a director at the time of the Annual Meeting, proxies will be voted for a substitute nominee or nominees designated by the present Board of Directors. The term of office of the person elected as director will continue until such director's term expires in 2006 or until such director's successor has been elected and qualified or until his earlier death, resignation or removal.

Required Vote

The nominees receiving the highest number of affirmative votes of the shares present or represented and entitled to be voted for them shall be elected as directors. Votes withheld from any director are counted for purposes of determining the presence or absence of a quorum for the transaction of business, but have no other legal effect in the election of directors under Delaware law.

Recommendation of the Board of Directors

***QUICKLOGIC'S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A
VOTE "FOR" THE NOMINEES LISTED ABOVE.***

Board Meetings and Committees

The Board of Directors held a total of five meetings and acted by unanimous written consent once during fiscal 2002.

The standing committees of the Board include a Compensation Committee, an Audit Committee and a Stock Option Committee. There is no Nominating Committee.

The Compensation Committee, which currently consists of Donald P. Beadle, Alan B. Lefkof and Gary H. Tauss, held one meeting and acted by written consent twice in fiscal 2002. Messrs. Lefkof and Tauss joined the committee in October 2002, and Mr. Callahan left the committee at that time. Robert Boehlke left the committee in May 2002. The Compensation Committee monitors the nature and levels of compensation paid by QuickLogic to its executive personnel and administers QuickLogic's stock option plans and employee stock purchase plan.

The Audit Committee, which currently consists of Donald P. Beadle, Michael J. Callahan and Alan B. Lefkof, held four meetings in fiscal 2002. Marvin D. Burkett was a member of the committee and a director from July 2002 until December 2002. Robert Boehlke was a member of the committee and a director until May 2002. Each of the directors on the Audit Committee is an independent director, as defined by the National Association of Securities Dealers. The functions of the Audit Committee include recommending appointment of QuickLogic's independent auditors to the Board of Directors and approving (i) the scope of the independent auditors' annual audit and their compensation; (ii) the general policies and procedures of QuickLogic with respect to internal auditing, accounting and financial controls; and (iii) reviewing any change in accounting principles, significant audit adjustments proposed by the auditors and any recommendations that the auditors may have with respect to policies and procedures. The Audit Committee has a written charter, a copy of which is attached hereto as Appendix A.

The Board established the Stock Option Committee on October 16, 2002, and appointed E. Thomas Hart as its sole member. During the fiscal year ended December 31, 2002, the Stock Option Committee acted by written consent two times. The Board has delegated to the Stock Option Committee the authority to approve the grant to non-officer employees and other individuals of stock options in amounts less than or equal to 40,000 shares per grant, and to allocate options to purchase common stock to non-executive employees once these grants have been authorized in total by the Board of Directors or the Compensation Committee.

During fiscal 2002, no director, other than Marvin D. Burkett and Robert J. Boehlke, attended fewer than 75% of the aggregate of (i) the total number of meetings of the Board of Directors held during their term as a director and (ii) the total number of meetings held by all committees of the Board of Directors on which such director served. Messrs. Boehlke and Burkett attended 50% of the meetings held during their term; each of these individuals missed one meeting.

Director Compensation

Our non-employee directors are reimbursed for their out-of-pocket expenses incurred in connection with attending board and committee meetings but are not compensated for their services as board members. Non-employee directors are also eligible to receive grants of stock options pursuant to the terms of our 1999 Stock Plan. During fiscal 2002, the Board of Directors made the following grants of stock options to non-employee directors:

Name	Number of Securities Underlying Options Granted	Exercise Price Per Share	Expiration Date

The options generally vest 25% one year after the vesting commencement date and $\frac{1}{48}$ per full month of service thereafter, and the exercise price is equal to the closing price of QuickLogic's common stock as listed on The Nasdaq National Market on the date of grant. Options granted to Mr. Burkett and Mr. Boehlke were cancelled upon their termination of service as directors.

Related Party Transactions

In April 2001, we signed a definitive agreement with V3 Semiconductor, Inc. to acquire fixed assets, inventory and other assets of V3, net of certain liabilities, in exchange for 2.522 million shares of our common stock. We also entered into a manufacturing and distribution agreement with V3 pending the sale in order to ensure continued distribution of V3's products to its customers. To facilitate the asset sale and the subsequent windup of V3 as a distinct entity, V3 filed for relief under Chapter 11 of the bankruptcy laws in May 2001. We completed the acquisition of the assets and issued the 2.522 million shares of our common stock in August 2001. On June 20, 2002, the bankruptcy court approved V3's plan of reorganization. On May 21, 2002, we filed a Registration Statement on Form S-3 to allow V3 to sell shares to satisfy its creditors in cash. On July 17, 2002, the SEC declared the S-3 effective.

In the last fiscal year, we granted options to purchase an aggregate of 3,917,150 shares. Options to purchase shares generally vest at the rate of 25% after one year of service from the date of grant, and 1/48th at the end of each month thereafter. Options with an expiration date of December 4, 2012 vest 6.25% 90 days after the date of grant, 1/48th at the end of each month thereafter. Options have a term of ten years but may terminate before their expiration dates if the optionee's status as an employee is terminated or upon the optionee's death or disability.

The amounts disclosed in the column captioned "Exercise Price Per Share" represent the fair market value of the underlying shares of common stock on the dates the respective options were granted.

With respect to the amounts disclosed in the column captioned "Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term," the 5% and 10% assumed annual rates of compounded stock price appreciation are mandated by rules of the Securities and Exchange Commission and do not represent our estimate or projection of our future common stock prices. The potential realizable values are calculated by assuming that the exercise price per share was the fair market value of our common stock at the time of grant, that the common stock appreciates at the indicated rate for the entire term of the option and that the option is exercised at the exercise price and sold on the last day of the option term at the appreciated price.

AGGREGATED OPTION EXERCISES IN LAST FISCAL YEAR AND FISCAL YEAR END OPTION VALUES

The following table sets forth certain information concerning the number and value of unexercised options held by each of the named executive officers on December 31, 2002. Mr. Hart exercised options to purchase 80,000 shares of common stock in 2002 at an exercise price per share of \$0.60.

13

The value of "In-the-Money" stock options is based on \$1.06 per share, the closing price on December 31, 2002, less the exercise price multiplied by the aggregate number of shares underlying the option.

Change in Control Agreements

QuickLogic entered into change of control severance agreements with Messrs. Hart, Saxe, Sexton, Simpson, Whipple and Zimmerman in 2001, and with Mr. Mills in 2002. The agreements provide that if there is a change of control of QuickLogic and such executive officers are involuntarily terminated without cause within twelve months following the change of control, QuickLogic will provide the following to the executive officer:

A cash payment equal to 100% of his annual compensation (including 100% of the variable compensation for the year) plus 100% of any bonus declared prior to the date of any such termination except that Mr. Hart's agreement provides a cash

payment equal to 200% of his annual compensation;

The same level of health, dental and vision coverage and benefits as in effect on the day before such termination or the date he is no longer eligible to receive continuation coverage pursuant to COBRA; and

Full acceleration of all unvested stock options.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee of the Board of Directors at the end of fiscal 2002 were Messrs. Beadle, Lefkof and Tauss. Messrs. Boehlke and Callahan were also committee members during the year. All members are non-employee directors. No member of the Compensation Committee has a relationship that would constitute an interlocking relationship with executive officers or directors of another entity.

Performance Graph

The following graph compares the cumulative total return to stockholders of our common stock from October 15, 1999 (the date of our initial public offering) to December 31, 2002 to the cumulative total return over such period of (i) the S&P 500 Index, (ii) the S&P Semiconductors Index and (iii) the JP Morgan H&Q Semiconductor Index. The H&Q index is not available for the complete timeframe covered by the graph. The graph assumes that \$100 was invested on October 15, 1999 in QuickLogic's common stock at its initial public offering price of \$10.00 per share and in each of the other two indices and the reinvestment of all dividends, if any.

**REPORT OF THE COMPENSATION COMMITTEE
REGARDING EXECUTIVE COMPENSATION**

The Compensation Committee is currently comprised of Donald P. Beadle, Alan B. Lefkof and Gary H. Tauss, each of whom is a non-employee director. The Compensation Committee reviews and approves QuickLogic's executive compensation programs. The role of the Compensation Committee is to approve salaries and other compensation paid to executive officers of QuickLogic and to administer the company's stock plans. The Compensation Committee approves all stock option grants to executive officers, all executive officer planned salaries, cash bonus payments to executive officers and approves stock option grants to employees.

QuickLogic's executive pay programs are designed to attract and retain executives who will contribute to QuickLogic's long-term success, to mesh executive and stockholder interests through the use of stock options and to provide a compensation program that recognizes individual contributions and Company performance.

At this time in the company's growth, the Compensation Committee has determined that the most effective means of compensation are salaries, consisting of fixed and variable portions, annual incentive bonuses and long-term incentives through the use of QuickLogic's stock option plan.

Salary

Edgar Filing: QUICKLOGIC CORPORATION - Form DEF 14A

The Compensation Committee meets during our focal review process to review and approve each executive officer's salary for the ensuing year. When reviewing salaries, the Compensation Committee considers the following factors: business conditions, competitive pay practices, individual performance against goals, levels of responsibility, breadth of knowledge and prior experience. The relative importance of these factors varies, depending on the particular individual whose salary is being reviewed. To provide the Compensation Committee with more information for making compensation comparisons, QuickLogic provides the committee with surveys of compensation for a group of comparable companies with revenues similar to QuickLogic's revenue. The Compensation Committee's objective in setting salaries is generally to pay salaries at a level roughly comparable to the median for companies with which QuickLogic competes for personnel. Generally, executive salaries are divided into fixed and variable portions. The variable portion is approximately 30% of the planned salary compensation and is adjusted for QuickLogic's performance against its internal business plans. For the year ended December 31, 2001, the Compensation Committee reduced the salary levels of the executive officers to reflect difficult business conditions. Effective October 1, 2001, the salaries of the executive officers were reduced by 30% to 88% below their planned salary compensation. The salaries of our executive officers were restored to earlier levels in April 2002. The Compensation Committee approved planned salaries between \$210,000 and \$300,000 for executives other than our Chief Executive Officer.

Compensation of Chief Executive Officer

Mr. Hart's 2002 aggregate cash compensation was \$442,864. This amount is within \$1,000 of the cash compensation that Mr. Hart received in 2001. In determining Mr. Hart's salary, bonuses and stock option grants, the Compensation Committee not only considered the factors described above, but also took into consideration his accomplishments during 2001 and 2002 in recruiting new directors, expanding the executive team, the integration of new executives with the original executive team, and the ongoing development of QuickLogic. Taking all of these factors into account, the Compensation

16

Committee awarded Mr. Hart options to purchase an aggregate of 350,000 common shares under the 1999 Stock Plan.

Stock Options

QuickLogic's stock option plan is designed to provide its executives and employees with an opportunity to share, along with its stockholders, in QuickLogic's long-term performance. Initial grants of stock options are generally made to eligible executives and employees upon commencement of employment, with additional grants being made periodically based on performance or following a significant change in job responsibilities, scope or title. Stock options under the stock option plans generally vest over a four-year period and expire ten years from the date of grant. The exercise price of our options is usually 100% of the fair market value of the common stock on the date of grant. The Board of Directors has delegated the authority to the Compensation Committee to grant stock options to all employees and executive officers, and has delegated the authority to the Stock Option Committee to grant options to employees other than executive officers. Guidelines for the number of stock options for each participant under the option plans are generally determined by the Compensation Committee or by the Stock Option Committee. Initial stock option grants to executive officers are negotiated as part of their offer letter, and subsequent renewal grants are determined based upon levels of responsibility, individual performance and competitive compensation practices. The Compensation Committee believes the existing grants and vesting schedules currently align the executive officers' objectives with those of QuickLogic's stockholders.

Other

Other elements of executive compensation include company-wide medical and life insurance benefits and the ability to defer compensation pursuant to a 401(k) plan.

The Compensation Committee has considered the potential impact of Section 162(m) of the Internal Revenue Code of 1986, as amended, and the regulations thereunder (referred to below as the "section"). The section disallows a tax deduction for any publicly-held corporation for individual compensation exceeding \$1 million in any taxable year for any of the named executive officers, unless such compensation is performance-based. Since the cash compensation of each of the named executive officers is below the \$1 million threshold and the Compensation Committee believes that any options granted under the Stock Plan will meet the requirements of being performance-based, the Compensation Committee believes that the section will not reduce the tax deduction available to QuickLogic. QuickLogic's policy is to qualify, to the extent reasonable, its executive officers' compensation for deductibility under applicable tax laws. However, the Compensation Committee believes that its primary responsibility is to provide a compensation program that will attract, retain and reward the executive talent necessary to QuickLogic's success. Consequently, the Compensation Committee recognizes that the loss of a tax deduction could be necessary in some circumstances.

Respectfully submitted,

THE COMPENSATION COMMITTEE

Donald P. Beadle

Alan B. Lefkof

Gary H. Tauss
