**PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
May 21, 2003**

The Board of Directors of Target Corporation solicits the enclosed proxy for the Annual Meeting of Shareholders to be held at The Children's Theatre, 2400 Third Avenue South, Minneapolis, Minnesota, on Wednesday, May 21, 2003, at 9:30 a.m., Central Daylight Time, and for any adjournment thereof.

GENERAL INFORMATION ABOUT THE MEETING AND VOTING

What is the purpose of the Annual Meeting?

At our Annual Meeting, shareholders will act upon the matters described in the accompanying notice of meeting, including the election of four directors and appointment of the Corporation's independent auditors. In addition, our management will report on the performance of the Corporation during fiscal 2002 and respond to questions from shareholders.

Who may vote?

We have one class of voting shares outstanding. Only shareholders of record of our Common Stock at the close of business on the record date, March 28, 2003, are entitled to receive notice of the Annual Meeting and to vote the shares of Common Stock that they held on the record date, at the meeting, or any postponement or adjournment of the meeting. As of the record date for the Annual Meeting, each share of Common Stock had one vote on each matter to be voted upon.

Who may attend the Annual Meeting?

All shareholders as of the record date, or their duly appointed proxies, may attend the meeting. Seating, however, is limited. Admission to the meeting is on a first-come, first-served basis and seating begins at approximately 9:00 a.m. Cameras and recording devices are not permitted at the meeting.

Please note that if you hold shares in "street name" (that is, through a bank, broker or other nominee), you will need to bring personal identification and a copy of a statement reflecting your share ownership as of the record date and check in at the registration desk at the meeting.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of Common Stock outstanding on the record date will constitute a quorum, permitting the meeting to conduct its business. As of the record date, 910,593,727 shares of our Common Stock were outstanding. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting for purposes of determining whether there is a quorum.

May I vote by proxy card, by telephone or through the Internet?

You may vote by completing and properly signing the enclosed proxy card and returning it to the Corporation in the envelope provided. If you are a registered shareholder (those whose shares are owned in their name and not in "street name") and attend the meeting, you may deliver your completed proxy card in person. In addition, registered shareholders may vote either by telephone or through the Internet by following the instructions on the inside of the front cover of these materials. "Street name" shareholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

May I vote confidentially?

Yes. Our policy is to treat all shareholder meeting proxies, ballots and voting tabulations of a shareholder confidentially, if the shareholder has requested confidentiality on the proxy or ballot.

If you so request, your proxy will not be available for examination nor will your vote be disclosed prior to the tabulation of the final vote at the Annual Meeting except (i) to meet applicable legal requirements, (ii) to allow the independent election inspectors to count and certify the results of the vote or (iii) where there is a proxy solicitation in opposition to the Board of Directors, based upon an opposition proxy statement filed with the Securities and Exchange Commission. The independent election inspectors may at any time inform us whether or not a shareholder has voted.

May I change my vote?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with the Corporate Secretary of the Corporation either a notice of revocation or a duly executed proxy bearing a later date. Alternatively, if you have voted by telephone or through the Internet, you may change your vote by calling the toll-free number again and following the instructions, or by accessing the web site and following the instructions. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

How does the Board recommend I vote?

Unless you give instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendation is set forth together with the description of each item in this Proxy Statement. In summary, the Board of Directors recommends a vote:

FOR election of the director nominees (see pages 5-24); and

FOR approval of the appointment of Ernst & Young LLP as the Corporation's independent auditors (see page 25).

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

How many votes are required to approve each item?

Edgar Filing: TARGET CORP - Form DEF 14A

Election of Directors. The affirmative vote of a majority of the outstanding shares of Common Stock of the Corporation entitled to vote on the election of directors and present in person or by proxy at the Annual Meeting is required for the election to the Board of Directors of each of the four director nominees. For this purpose, a properly executed proxy marked "WITHHELD" with respect to the election of director nominees will be counted for purposes of determining whether there is a quorum, but will not be considered present in person or by proxy and entitled to vote on the election of directors.

Other Items. For appointment of our independent auditors and any other items that properly come before the meeting, the affirmative vote of a majority of the outstanding shares of Common Stock of the Corporation entitled to vote on the item and present in person or by proxy at the Annual Meeting will be required for approval. A properly executed proxy marked "ABSTAIN" with respect to any such matter will be counted for purposes of determining whether there is a quorum and will be considered present in person or by proxy and entitled to vote. Accordingly, an abstention will have the effect of a negative vote.

What if other matters are presented for determination at the Annual Meeting?

As of the date of this Proxy Statement, management knows of no matters that will be presented for determination at the meeting other than those referred to herein. If any other matters properly come before the meeting calling for a vote of shareholders, proxies in the enclosed form returned to us will be voted in accordance with the recommendation of the Board of Directors, or, in the absence of such a recommendation, in accordance with the judgment of the proxy holders.

Who pays the expenses incurred in connection with the solicitation of proxies?

Expenses in connection with the solicitation of proxies will be paid by us. Proxies are being solicited principally by mail, by telephone and through the Internet. We have retained Georgeson Shareholder Communications Inc. to act as a proxy solicitor for a fee estimated to be \$20,000, plus reimbursement of out-of-pocket expenses. In addition, our directors, officers and regular employees may solicit proxies personally, by e-mail, telephone, fax or special letter. We may reimburse brokerage firms and others for their expenses in forwarding proxy materials to the beneficial owners of shares of the Corporation.

How may I get additional copies of the Annual Report?

Our Annual Report for the fiscal year ended February 1, 2003, including financial statements, is enclosed. The Annual Report is also available online at www.target.com (click on "Company," "Target Corporation," "Investor Information" and "Literature Request"). For additional printed copies, please contact our Investor Relations representative by e-mail at investorrelations@target.com, by mail to our Vice President, Investor Relations, at the address listed on the cover of this Proxy Statement, or by telephone at (612) 761-6736.

How may I receive materials through the Internet?

As described more specifically in the immediately preceding question, you can obtain copies of our proxy materials, Annual Report and other information under the "Investor Information" section of our web site, www.target.com. You can also register at this same location to receive e-mail alerts when we post new information on our web site (click on "E-Mail Alerts").

How may I elect to receive shareholder materials electronically and to discontinue my receipt of paper copies?

To obtain information about how to receive our proxy materials, Annual Report and other shareholder information electronically rather than in paper format, contact us via e-mail at investorrelations@target.com.

Comparison of Five-Year Cumulative Total Shareholder Return

Fiscal Years Ended

	1998	1999	2000	2001	2002	2003
Target Corp	100	178.79	178.87	210.25	247.99	162.41
S&P 500 Index	100	132.49	143.88	143.62	121.06	93.86
Peer Group	100	167.31	175.38	185.27	193.65	142.50

The graph above compares the cumulative total shareholder return on our Common Stock for the last five fiscal years with cumulative total return on the S&P 500 Index and a peer group consisting of the companies comprising the S&P 500 Retailing Index and the S&P 500 Food and Drug Retailing Index (the "S&P 500 Retailing Peer Index") over the same period. The graph assumes the investment of \$100 in the Corporation's Common Stock, the S&P 500 Index and the S&P 500 Retailing Peer Index on January 31, 1998, and reinvestment of all dividends. We believe that this peer group, which consists of 33 general merchandise, food and drug retailers such as Albertsons Inc., Best Buy Co., Inc., Costco Wholesale Corporation, CVS Corporation, Dillard's, Inc., eBay Inc., Gap Inc., The Home Depot, Inc., Kohl's Corporation, The Kroger Company, The May Department Stores Company, Nordstrom, Inc., J.C. Penney Company, Inc., SUPERVALU Inc., Wal-Mart Stores, Inc. and Walgreen Co., among others, is an appropriate benchmark for measuring the Corporation's shareholder return.

ITEM ONE ELECTION OF DIRECTORS**Director Nominees**

Proxies solicited by the Board of Directors will, unless otherwise directed, be voted for the election of four nominees to serve as Class III directors for three-year terms expiring in 2006 and until their successors are elected. The four nominees are Richard M. Kovacevich, George W. Tamke, Solomon D. Trujillo and Robert J. Ulrich. All of the nominees are currently directors.

The Board of Directors has no reason to believe that any of the nominees is not available or will not serve if elected. If for any reason any nominee becomes unavailable for election, the Board of Directors may designate substitute nominees, in which event the shares represented by proxies returned to us will be voted for such substitute nominees, unless an instruction to the contrary is indicated on the proxy.

General Information About the Board of Directors

The Corporation's Restated Articles of Incorporation, as amended, provide that our business and affairs shall be managed by, or under the direction of, a Board of Directors consisting of not fewer than 5 nor more than 21 persons. Directors are divided into three classes. Directors of one class are elected each year for a term of three years. The Board of Directors currently consists of Class I directors whose terms expire at the 2004 Annual Meeting, Class II directors whose terms expire at the 2005 Annual Meeting and Class III directors whose terms expire at this Annual Meeting.

Following is information regarding the nominees and continuing directors, including information furnished by them as to their principal occupations. See page 11 for a table showing the number of shares of Common Stock of the Corporation beneficially owned by each director as of April 1, 2003.

Director Compensation

Directors who are not employees of the Corporation (independent directors) are paid an annual fee of \$40,000. Directors may defer receipt of their fees. If they do, their fees are credited at rates based upon the return earned by various investment alternatives chosen by the directors. Directors may also direct us to forward their fees to the Corporation's transfer agent to purchase Common Stock of the Corporation for their account at market prices. We pay the brokerage fees for such purchases. Independent directors also receive \$15,000 of restricted stock of the Corporation per year. Those shares are restricted until the director leaves the Board and certain conditions are satisfied. The Vice Chairman of the Executive Committee receives an additional \$10,000 of our restricted stock each year. New independent directors also receive \$50,000 of restricted stock upon joining the Board. Independent directors receive an annual grant of options to purchase the number of shares of our Common Stock determined by dividing \$400,000 by the fair market value of the Common Stock on the day of grant. Independent directors also receive merchandise discounts of varying amounts at the stores of each of our operating companies. Those discounts are the same as the discounts our employees receive. Retired independent directors receive merchandise discounts that are the same as the discounts our retired employees receive. Employee directors are not compensated separately for services as a director or committee member.

Certain Transactions

The Corporation and its operating companies have transactions in the ordinary course of business with unaffiliated corporations of which certain of the independent directors are officers. We do not consider the amounts involved in such transactions to be material in relation to our business and believe that any such amounts are not material in relation to the business of such other unaffiliated corporations or the interests of the independent directors involved.

Board Meetings During Fiscal 2002

Edgar Filing: TARGET CORP - Form DEF 14A

The Board of Directors met five times during fiscal 2002. All directors attended at least 75% of the aggregate total of meetings of the Board and Board Committees on which the director served during the last fiscal year.

Board Committees

Executive Committee

The Executive Committee of the Board of Directors consists of the Chairman of the Board of the Corporation and all of the independent directors. During the last fiscal year, every Board meeting began with a meeting of the Executive Committee. At the end of each Board meeting the independent directors were given an opportunity to meet without the Chairman of the Board present. The Executive Committee reviews the Compensation Committee's recommendations on performance and compensation of all senior corporate officers and certain other senior executives within the Corporation. As part of their responsibilities, the independent director members of the Executive Committee conduct the annual evaluation of our Chief Executive Officer. The Executive Committee also reviews the Corporation's managerial capabilities and requirements.

Nominating Committee

The Nominating Committee of the Board of Directors consists solely of independent directors. The members of the Nominating Committee are Directors Sanger (Chair), Hooper, Kovacevich and Tamke. The Nominating Committee held one meeting during the last fiscal year. In addition, members of the Nominating Committee communicated periodically to discuss issues related to Board and Committee nominations. The Nominating Committee considers the qualifications of and recommends each candidate and incumbent for election as a director of the Corporation and nominates candidates to fill Board

vacancies. The Board of Directors created the Nominating Committee so that the selection of directors would be made solely by independent directors.

The Nominating Committee will consider nomination by a shareholder of a candidate for election as a director of the Corporation. Any shareholder who wishes the Nominating Committee to consider a candidate should submit a written request and related information to the Corporate Secretary of the Corporation on behalf of the Nominating Committee no later than December 31 of the calendar year preceding the next Annual Meeting of Shareholders (currently held in May). Under the Corporation's Restated Articles of Incorporation, as amended, if a shareholder plans to nominate a person as a director at a meeting, the shareholder is required to place a proposed director's name in nomination by written request received by the Corporate Secretary of the Corporation at least 60 days prior to an annual or special meeting, together with the written consent of such person to serve as a director.

Compensation Committee

The Compensation Committee of the Board of Directors consists solely of independent directors. The members of the Compensation Committee are Directors Enrico (Chair), Johnson, Sanger, Tamke and Trujillo. The Compensation Committee held two meetings during the last fiscal year. The Compensation Committee reviews management proposals regarding compensation programs, plans and guidelines, focusing on a "pay-for-performance" compensation philosophy. The Compensation Committee reviews the performance of all senior corporate officers and certain other senior executives within the Corporation and recommends their compensation based on their performance. The Compensation Committee also determines certain awards and payouts under our long-term incentive plan and makes certain determinations regarding short-term incentive compensation.

Audit Committee

The Audit Committee of the Board of Directors consists solely of independent directors. The members of the Audit Committee are Directors Hooper (Chair), Austin, George, Kovacevich and Tamke. The Audit Committee of the Board of Directors held three meetings during the last fiscal year. The Audit Committee Chair also participated in four conferences with management. The Board of Directors, in its business judgment, has determined that all members of the Committee are "independent," as required by applicable listing standards of the New York Stock Exchange. The duties and activities of the Audit Committee are described in the Report of the Audit Committee on page 24.

Edgar Filing: TARGET CORP - Form DEF 14A

Finance Committee

The Finance Committee of the Board of Directors consists solely of independent directors. The members of the Finance Committee are Directors Johnson (Chair), Mulcahy, Sanger, Staley and Trujillo. The Finance Committee met two times during the last fiscal year. The Finance Committee reviews our financial policies, our dividend policy, our performance objectives, our financing requirements, our compliance with indenture covenants and the investment policies of our employee benefit plans.

Corporate Responsibility Committee

The Corporate Responsibility Committee of the Board of Directors consists solely of independent directors. The members of the Corporate Responsibility Committee are Directors George (Chair), Johnson, Mulcahy, Staley and Trujillo. The Corporate Responsibility Committee held one meeting during the last fiscal year. The Corporate Responsibility Committee reviews and evaluates our public affairs and community development programs. The Corporate Responsibility Committee also reviews and evaluates our community giving programs and those of the Target Foundation.

Corporate Governance Committee

Target Corporation has had a long-term commitment to good corporate governance practices. Consistent with this philosophy, corporate governance matters have been regularly discussed by the full Board of Directors. During 2002, in response to proposed amendments to the New York Stock Exchange listing standards, the Board of Directors created a Corporate Governance Committee consisting of all of the independent directors. Those proposed regulations have not yet been finalized and, as a result, the position description for the Corporate Governance Committee has not yet been finalized and the new Committee did not meet during the last fiscal year. The entire Board of Directors will continue to review and revise the Corporation's corporate governance practices until the Corporate Governance Committee becomes active.

Share Ownership of Directors and Officers

Set forth below is information regarding the shares of Common Stock of the Corporation (our only outstanding class of equity securities) owned beneficially on April 1, 2003 (except as otherwise noted) by all directors and nominees, each of the executive officers named in the Summary Compensation Table on page 13, and all directors and executive officers of the Corporation as a group.

Edgar Filing: TARGET CORP - Form DEF 14A

Certain of the five named executive officers did not actually receive portions of their salary and bonus. These executive officers deferred receipt of such amounts through the Target Corporation SMG Executive Deferred Compensation Plan (the "New Plan"). Under the New Plan, participants may elect to defer up to 80% of annual base salary and bonus. The crediting rate alternatives under the New Plan mirror the investment accounts available for the TGT 401(k) Plan. Payout from the New Plan cannot be made until retirement, death or termination. Amounts deferred are subject to the same bankruptcy rules as are the Corporation's general debt obligations. Deferred amounts earn a return, a portion of which is categorized as reportable by the SEC proxy rules. Prior to December 31, 1996, similar deferrals were made through the Corporation's Deferred Compensation Plan (the "Old Plan"). No new deferrals may be made under the Old Plan except for deferrals in amounts equal to amounts automatically paid out eight years after their initial deferral. Earnings on the Old Plan are determined in accordance with a formula set forth in that plan. The Old Plan is otherwise substantially similar to the New Plan. Further information regarding reportable earnings under both plans is provided in the footnotes below.

(2)

The Corporation's executive officers and certain other members of management of the Corporation and its operating companies are eligible for incentive bonuses under the PTOC, EVA and personal score components of the Corporation's Executive Short-Term Incentive Plan. Information regarding the bonus plans is found in the Report of the Compensation Committee on Executive Compensation.

(3)

The Restricted Share Awards column reflects rights to receive restricted shares of the Corporation under the Corporation's Long-Term Incentive Plans of 1981 and 1999 (together, the "LTIP"). Further information regarding restricted shares is included in the Report of the Compensation Committee on Executive Compensation. The number and value of restricted share rights holdings at the end of the 2002 fiscal year (based on the closing price of \$28.21 per share at the end of the fiscal year) were as follows:

	Number	Value
Robert J. Ulrich	123,348	\$ 3,479,647
Gregg W. Steinhafel	27,360	\$ 771,826
Gerald L. Storch	17,220	\$ 485,776
Bart Butzer	12,828	\$ 361,878
Douglas A. Scovanner	14,256	\$ 402,162

(4)

These options to purchase shares of the Corporation's Common Stock were awarded under the LTIP. The Report of the Compensation Committee on Executive Compensation includes further information regarding stock options.

(5)

Amounts reflect earnouts of performance shares under the LTIP. The Report of the Compensation Committee on Executive Compensation includes further information regarding performance shares.

(6)

The Corporation has an Excess Long-Term Disability plan for certain key executives, including the executive officers. The program is integrated with the employee-paid broad-based group disability plan (non-taxable benefit of \$97,992 maximum per individual per year). Taxable excess disability benefits are paid according to a schedule based on compensation with the objective of a combined benefit amount replacing total after-tax income of approximately 80% at a compensation level of \$170,000 per year, decreasing to approximately 40% at a compensation level of \$2,000,000 per year. In order to receive excess benefits, the executive must be participating under the broad-based group disability plan. In the event of a qualifying disability, the actual cost to the Corporation would be the after-tax cost of the disability payments. No claims for benefits have ever been filed by a named executive officer under the Excess Long-Term Disability Program. No compensation is assumed for this program since the incremental cost to the Corporation of this benefit cannot be determined actuarially.

(7)

The amounts reported include the following:

Matching contributions to the TGT 401(k) Plan, which all participating employees receive.

Edgar Filing: TARGET CORP - Form DEF 14A

Amounts credited to the New Plan for matching contributions that could not be made to the TGT 401(k) Plan because of limitations imposed by the Internal Revenue Code of 1986, as amended (the "Tax Code").

- (1) Under the LTIP of 1999 each option was granted at the market value of the underlying Common Stock on the date of grant and has a ten-year term. The options are exercisable 25% on the first anniversary of the date of grant, with an additional 25% becoming exercisable on each of the next three anniversaries of the date of grant. Options are transferrable during the life of the recipient to certain family members and family-controlled entities. The Report of the Compensation Committee on Executive Compensation includes additional information regarding the LTIP of 1999.
- (2) Granted January 8, 2003.
- (3) SEC rules require the information set forth in the 5% and 10% columns. The actual gains, if any, on stock option exercises depend on the future stock price of the Corporation's Common Stock. Since there is no means of accurately predicting the future price of the Corporation's Common Stock, no accurate determination can be made as to the value of a stock option at the time of the grant.
- (4) Increase in value of shares held by all shareholders based upon 909,575,653 shares outstanding on January 8, 2003, at a price of \$30.26 per share.

LONG-TERM INCENTIVE PLANS PERFORMANCE SHARE AWARDS IN LAST FISCAL YEAR

The named executive officers were awarded the right to earn shares of the Corporation's Common Stock (Performance Shares) under the Long-Term Incentive Plan of 1999. Actual payouts of these Performance Shares, if any, will be determined by a non-discretionary formula which measures our revenue growth and earnings per share growth over a four-year performance period. If our minimum performance in both measures is below the threshold level, then no Performance Shares will be earned. To the extent the Corporation's performance on either or both measures exceeds the threshold performance level, a varying amount of shares of Performance Shares up to the maximum will be earned. Performance Share awards are also discussed in the Report of the Compensation Committee.

Name	Number of Shares, Units or Other Rights (#)	Performance or Other Period Until Maturation or Payout	Estimated Future Payouts Under Non-Stock Price-Based Plans		
			Threshold(2)(#)	Target(3)(#)	Maximum(4)(#)
Robert J. Ulrich	(1)	02/02/03 - 02/03/07			196,630
Gregg W. Steinhafel	(1)	02/02/03 - 02/03/07			46,266
Gerald L. Storch	(1)	02/02/03 - 02/03/07			61,798
Bart Butzer	(1)	02/02/03 - 02/03/07			30,899
Douglas A. Scovanner	(1)	02/02/03 - 02/03/07			34,700

- (1) The actual number of Performance Shares that will be paid out at the end of the performance period, if any, cannot be determined because the shares earned will be based upon our future performance.
- (2) If our minimum performance in both measures is below the threshold level, then no Performance Shares will be earned. To the extent that the Corporation's performance on either or both measures exceeds the threshold performance level, a pro-rated number of Performance Shares up to the maximum will be earned.
- (3) There is no "Target" level of performance as that term is defined by the SEC.
- (4) These are the maximum number of Performance Shares which may be issued to the named executive officer if performance targets are reached.

Income Continuance Policy

Edgar Filing: TARGET CORP - Form DEF 14A

No officer of the Corporation is a party to an employment contract with the Corporation. As an alternative to the use of such contracts, the Corporation has adopted an Income Continuance Policy (the "ICP") and a Senior Management Group Income Continuance Policy (the "SMG ICP") for certain officers of the Corporation.

Mr. Ulrich, together with others, participates in the ICP. In 1988, the ICP was amended to exclude additional participants. Executives Steinhafel, Storch, Butzer and Scovanner were not participants under the ICP at the time it was amended. In the event a participant's employment is terminated by the Corporation, the ICP participant's compensation (current salary and average of three most recent bonuses) continues for a period of 18 to 24 months, depending on his or her length of service. If the participant's service with the Corporation is less than three years, the continuation is for 18 months; over eight years, the continuation is for 24 months; and between three and eight years, a number of months determined by a schedule (more than 18 months but less than 24 months).

Participants under the SMG ICP are members of the Corporation's Senior Management Group who are not participants under the ICP. The policy is similar to the ICP, except its time parameters are based on

the participant's salary grade. Compensation may extend from 12 months to 24 months, based on a schedule which provides longer income continuation to those participants with higher grade levels. Executives Steinhafel, Storch, Butzer and Scovanner participate in the SMG ICP.

All executive officers who are members of the Corporation's Senior Management Group are covered by one of these policies. Both policies require that participants provide the Corporation a release of claims and the policies include offset provisions for certain other compensation from the Corporation and may also include non-disparagement, non-competition and other requirements. Both policies provide that the policies cannot be terminated or amended to reduce future benefits unless two years' prior notice is given to the participants in the policies. Both policies also provide that any executive who terminates employment or is terminated within two years of a change in control (as defined in the Corporation's Long-Term Incentive Plans) will be paid the present value of payments owing under the policies immediately after termination.

Amounts Paid Upon Termination

When an executive's employment with the Corporation terminates, the executive receives payments in accordance with the specific guidelines under each of the Corporation's deferred compensation plan(s), 401(k) Plan and pension plans. Executives may also be entitled to exercise previously granted stock options that are then outstanding and, in certain circumstances, receive previously granted performance shares and restricted stock under the Corporation's Long-Term Incentive Plans that are then outstanding. Further information regarding stock options, performance shares and restricted stock is provided in the Report of the Compensation Committee on Executive Compensation.

Pension

All executive officers and other employees of the Corporation and our subsidiaries who have worked over 1,000 hours in a year and are at least 21 years of age are covered by the Corporation's pension plans. The following table shows the annual benefits under the Corporation's pension plans at age 65, on a life only basis, given the years of service and compensation levels set forth below. Effective January 1, 2003, the Corporation amended its pension plan to include a Personal Pension Account feature for certain electing employees and employees who became participants in the plan on or after January 1, 2003. None of the executive officers named in the Summary Compensation Table participate in the Personal Pension Account feature of the plan.

Currently, under the Employee Retirement Income Security Act, as amended ("ERISA"), the maximum annual amount that can be paid under the Qualified Pension Plans to any individual is \$160,000, unless grandfathered under prior limits. Amounts in excess of that maximum are paid under separate plans. These plans ("Supplemental Plans") use substantially the same formula as the Qualified Pension

Plans to pay benefits on compensation that is excluded from the Qualified Plans formula by ERISA. The Supplemental Plans may, at the discretion of the Board of Directors, treat certain of its Senior Management Group as being five years older, but not older than 65, for purposes of the actuarial reduction of pension benefits at early retirement.

The pension table reflects amounts payable under the Corporation's Qualified Pension Plans and the Supplemental Plans. The years of present credited service for benefit purposes of the Corporation's named executive officers are as follows: Executives Ulrich, 35 years; Steinhafel, 23 years; Storch, 10 years; Butzer, 20 years; and Scovanner, 9 years. Average Compensation is the average cash remuneration, including deferred compensation, for the highest five calendar years of credited service in the last ten years. The compensation reflected in the "Salary" and "Bonus" columns of the Summary Compensation Table is cash compensation, including deferred compensation, for the fiscal year. If the employment of a participant is terminated prior to age 55, his or her pension may be less than the amount shown in the table, even if commencement of benefit payments is deferred until age 65. The actual amounts payable from the Qualified Pension Plans are not subject to any deductions for Social Security benefits or other offset amounts.

In addition to the Qualified Pension Plans and Supplemental Pension Plans, all executive officers who are members of the Senior Management Group participate in the Target Corporation Executive Survivor Benefit Program ("ESBP") whereby such person's surviving spouse (or in the case of an officer who is single at retirement, that person's designated beneficiary) will receive the equivalent of a joint and 100% surviving spouse option, as calculated under the Qualified Pension Plan, but without reference to compensation limits, payable to the officer's spouse or designated beneficiary for as long as he or she lives. During 2002, the Supplemental Plans and the ESBP were amended to convert previously accrued benefits under those plans to an actuarial equivalent lump sum credit and transfer that actuarial equivalent lump sum credit to the executive's account under the Target Corporation SMG Executive Deferred Compensation Plan ("SMG EDCP"). These transferred credits (which are no longer payable as benefits from the Supplemental Plans or the ESBP) are payable from the SMG EDCP, pursuant to the executive's election, in a lump sum or installments of five or ten years, commencing immediately after termination of employment or one year following termination of employment. In each subsequent year an updated actuarial equivalent lump sum calculation will be made under the Supplemental Pension Plans and ESBP and compared to the previous transfers from those plans, increased by an assumed rate of return. If the updated lump sum amount is greater than the prior transfers (as adjusted by the assumed earnings rate), an additional transfer and credit will be made to the executive's account under the SMG EDCP; if the updated lump sum amount is smaller, the difference is deducted from the prior transfers and a corresponding debit is made to the executive's account under the SMG EDCP. An executive who terminates employment with the Corporation before attaining age 55 will forfeit credits under the SMG EDCP attributable to the ESBP conversion. The essence of the transaction is that it provides more investment discretion to our executives. If the executive invests the conversion amounts in the stable value fund, the executive would have the same actuarial benefit as if the benefit had been paid from the Supplemental Plans and the ESBP at termination of employment.

Report of the Compensation Committee on Executive Compensation

General

The Corporation has a pay-for-performance compensation philosophy for management employees, including executive officers. The total compensation plan for executive officers includes base salary and the opportunity for an annual incentive bonus, long-term incentive compensation and other benefits.

The Compensation Committee is responsible for developing and administering the total compensation plan for executive officers of the Corporation. In addition, the Compensation Committee reviews the performance and compensation levels of executive officers who are members of the Corporation's top management group, the Corporate Operating Committee. Individual written performance appraisals are given annually to each executive officer, including the Chief Executive Officer (the "CEO").

Edgar Filing: TARGET CORP - Form DEF 14A

Pursuant to the Corporation's pay-for-performance philosophy, the compensation policies established by the Compensation Committee provide that a significant portion of each executive officer's annual compensation is contingent upon the financial performance of the Corporation or relevant operating company, as well as the individual performance of the executive officer.

Individual Performance Evaluations

Mr. Ulrich is separately evaluated in his roles as Chairman of the Board and as CEO. The Compensation Committee, together with all other independent directors, established the performance criteria used to evaluate Mr. Ulrich's fiscal 2002 performance. A variety of factors are used to evaluate Mr. Ulrich's performance as CEO including operating company performance, control of the business, community relations, community involvement, management succession planning, strategic planning, business development, organizational development and formulation and delivery of major corporate policies. In his role as Chairman of the Board, Mr. Ulrich was evaluated on his ability to chair effective meetings of the Board of Directors and the Executive Committee, keep the Board fully informed of the condition of the Corporation, develop sound corporate governance policies and work with the directors to effectively use their talents to the best strategic advantage of the Corporation.

The Compensation Committee prepares an annual written evaluation of Mr. Ulrich's performance and determines his personal score. The written evaluation was reviewed with Mr. Ulrich and his performance was discussed with him in a meeting with all of the independent directors. All other executive officers of the Corporation received performance appraisals and personal scores based on prescribed objectives such as strategy execution, key job responsibilities, financial performance, community involvement and succession planning.

Base Salary

The Compensation Committee reviews a variety of factors before making base salary decisions. When the Compensation Committee considered Mr. Ulrich's current base salary, it reviewed information prepared by an independent compensation consultant covering a representative group of employers in retail and general industry throughout the United States (the "Competitive Survey"). Many of the companies included in the S&P 500 Retailing Peer Index in the stock performance graph are included in the Competitive Survey.

Base salaries of the other executive officers of the Corporation are based on competitive practices, and are at approximately the 60th percentile of base salary when compared with the same representative group of domestic retailers and general industry, adjusted for the size of the companies. Executive officers receive a higher base salary than the industry median because the threshold for payout of short-term incentive compensation by the Corporation is set at a higher level than it is for a majority of competitive retailers. Increases in base salary result from promotional increases reflecting job scope changes and from merit increases determined by the executive's personal score, the executive's position in the salary range and the Corporation's performance. Merit increase guidelines are established each year based on the performance of the Corporation and current economic and market conditions. Once overall guidelines are established and an individual performance score is assigned, the actual percentage increase is primarily driven by performance, but in determining increases, the executive's position in the salary range for his or her grade is also taken into account; that is, the lower the placement in the range the greater the percentage increase.

Short-Term Incentive Compensation

The Corporation's Executive Short-Term Incentive Plan (referred to generally as "STIP" or "Executive Short-Term Incentive Plan") for fiscal 2002 included three performance measures: PTOC (pre-tax operating contribution), EVA (economic value added) and personal score. Under the STIP,

Mr. Ulrich, the executive officers and certain other members of the senior management of the Corporation and its operating companies were eligible for annual incentive bonuses for fiscal 2002.

The maximum bonus payable to an officer covered by the limitations set forth in Section 162(m) of the Tax Code under the STIP is 400% of that person's salary set forth in the Proxy Statement for the year during which the bonus was earned. If the covered officer held a different office or was not employed in his or her position for the full year covered by that Proxy Statement, the maximum bonus is 400% of the highest salary reported in such year. However, for purposes of calculating the maximum bonus payable to any covered officer during fiscal 2002, the salary of the participant may not exceed 200% of the fiscal 2001 salary of the CEO as reported in the Summary Compensation Table in the Corporation's Proxy Statement for our Annual Meeting of Shareholders on May 22, 2002. The aggregate of all bonuses payable to any other executive under the STIP may not exceed 400% of his or her base salary.

Edgar Filing: TARGET CORP - Form DEF 14A

PTOC. PTOC is the same as pre-tax segment profit which is earnings from operations before LIFO, securitization effects, interest, other expense and unusual items. The PTOC part of the STIP measures the Corporation's (or an operating company's or other division of the Corporation's) performance against annually pre-determined PTOC goals to determine bonus amounts. The outside directors set PTOC goals when establishing other financial performance goals for the Corporation and its divisions. The Compensation Committee then uses the PTOC goals to establish the PTOC bonus range for use with the PTOC part of the STIP. The PTOC Score for the fiscal year is determined from a schedule, approved by the Compensation Committee, that designates a score for each varying level of PTOC performance achieved by the Corporation or one of its divisions. The Compensation Committee also adopts a "bonus matrix" which assigns varying bonus payouts based on the participant's job grade and PTOC Score.

The bonus amount for each participant is calculated by multiplying the participant's bonus percentage from the bonus matrix by the midpoint of the salary range of the participant's job grade level (except for Mr. Ulrich, whose base salary is used), and then multiplying that result by the participant's percentage of participation in the PTOC part of the STIP. In order to receive a bonus under the PTOC part of the STIP, a participant's personal score must equal or exceed a minimum score set by the Compensation Committee.

EVA. EVA is PTOC after taxes less a Capital Charge. The "Capital Charge" is the cost of capital invested in the business operation, adjusted for the maturity of the assets employed by that business operation. The EVA part of the STIP measures the Corporation's or a division's performance against annually pre-determined EVA goals to determine bonus amounts. The outside directors set EVA goals in conjunction with establishing other financial performance goals for the Corporation and its divisions. The Compensation Committee then uses the EVA goals to establish the EVA bonus range for use in conjunction with the EVA part of the STIP. The EVA Score for the fiscal year is determined from a schedule, approved by the Compensation Committee, that designates a score for each varying level of EVA performance achieved by the Corporation or a division. The Compensation Committee also adopts a bonus matrix which assigns varying bonus payouts based on the participant's job grade and EVA Score.

The bonus amount for each participant is calculated by multiplying the participant's bonus percentage from the bonus matrix by the midpoint of the salary range of a participant's job grade level (except for Mr. Ulrich, whose base salary is used), and then multiplying that result by the participant's percentage of participation in the EVA part of the STIP. In order to receive a bonus under the EVA part of the STIP a participant's personal score must equal or exceed a minimum score set by the Compensation Committee.

Personal Score. As part of the performance evaluation process, each executive is assigned a personal score. For executives other than Mr. Ulrich, the personal score is applied to the Corporation's STIP (personal score) to determine a bonus amount. For purposes of the STIP, the Compensation Committee adopts a bonus matrix which assigns varying bonus payouts based on the participant's job grade and personal score. The bonus amount for each participant under the STIP is calculated by multiplying the participant's bonus percentage from the bonus matrix by the midpoint of the salary range of the

participant's job grade level and then multiplying that result by the participant's percentage of participation in the STIP. Mr. Ulrich's personal score bonus is determined at the Board's discretion.

Fiscal 2002 Bonus Allocation. Mr. Ulrich's bonus for fiscal 2002 based upon the Corporation's financial performance was 50% PTOC (Corporation) and 50% EVA (Corporation), and his personal score bonus was determined at the Board's discretion. Mr. Steinhafel's bonus was based on 33¹/₃ PTOC (Target Stores), 33¹/₃% EVA (Target Stores) and 33¹/₃% personal score. Mr. Storch's bonus was based on 33¹/₃% PTOC (Corporation), 33¹/₃% EVA (Corporation) and 33¹/₃% personal score. Mr. Butzer's bonus was based on 33¹/₃% PTOC (Target Stores), 33¹/₃% EVA (Target Stores) and 33¹/₃% personal score. Mr. Scovanner's bonus was based on 33¹/₃% PTOC (Corporation), 33¹/₃% EVA (Corporation) and 33¹/₃% personal score.

Long-Term Incentive Compensation

The Compensation Committee determines the amount of options, performance shares and restricted stock awarded annually under the LTIP of 1999. The Compensation Committee reviews data prepared by an independent compensation consultant covering a representative group of employers in retail and general industry and sets the grants at the median to 75th percentile (depending on performance) of competitive companies of similar size. The Compensation Committee, using judgment and data from the third party compensation studies, determines the size of long-term compensation awards for the CEO and other Corporate Operating Committee members. The Compensation Committee determined in 2002 that the pools would consist of both performance shares and non-qualified stock options. Individual awards from the pools were based on the individual's responsibilities, performance, potential and grant history.

Stock Options. The Compensation Committee approves a long-term incentive stock option pool for annual stock option grants. The size of the pool varies with the Corporation's performance. However, the precise size of the pool each year is based on the subjective judgment of the

Edgar Filing: TARGET CORP - Form DEF 14A

Compensation Committee. A subcommittee of the Compensation Committee is also authorized to grant stock options from a more limited pool to employees who are not subject to the short-swing trading rules under Section 16(b) of the Securities Exchange Act of 1934. Each option granted in 2002 was granted at the market value of the underlying Common Stock on the date of grant and has a ten-year term. The options are generally exercisable 25% after the first year, with an additional 25% exercisable after each of the next three years. Awards in any year to any person covered by the limitations in Section 162(m) of the Tax Code may not include more than 4,000,000 shares in the aggregate, subject to certain anti-dilution adjustments.

Performance Shares. The award of performance shares provides the Corporate Operating Committee with incentives to significantly improve the long-term performance of the Corporation and increase shareholder value over time. Under the LTIP of 1999, a performance share consists of the opportunity to receive up to one and one-half shares of the Corporation's Common Stock for every share subject to the award, or a lesser number of shares and a cash payment equal to the fair market value of the remaining shares as may be established by the Compensation Committee. The percentage paid in cash must be uniform for all participants in a particular performance period. At the time of grant a performance share is not a fixed commitment of the Corporation but becomes such only as earned by the participants at the end of a performance period. The ultimate number of performance shares to which a recipient is entitled depends upon the level of achievement by the Corporation, operating company, test strategy or new venture, of pre-established performance goals during applicable performance periods. A performance period under the LTIP of 1999 consists of a designated period of not less than three consecutive fiscal years.

In fiscal 2002, performance shares were awarded to all Corporate Operating Committee members, pursuant to the LTIP of 1999. The performance goals upon which payout is based were set by the Compensation Committee. The final payout of the performance shares is scheduled to be paid in 2007, after the completion of the four-year performance period, and can range from 0% to 100% of the award, depending upon the level of achievement of the established performance goals. Payouts, if any, will be

made in Common Stock, cash, or a combination of both, as determined by the Compensation Committee. Payments may be deferred with the Compensation Committee's consent. Participants do not have voting or dividend rights and do not have the right to sell or assign the shares during the performance period. During the performance period, any participant who dies, becomes totally disabled, or is eligible for normal or early retirement and provides the Corporation with one year's notice of that retirement will be granted an extension of the performance share award to the end of the performance period.

Restricted Stock. The LTIP of 1999 gives the Compensation Committee the authority to award shares of Common Stock which are subject to certain restrictions to eligible participants. Recipients are entitled to vote the restricted stock and to exercise other shareholder rights, except that (i) the Corporation may retain custody of the share certificate during the restriction period of not less than three years, (ii) the participant may not sell, transfer, pledge, exchange or otherwise dispose of the shares during the restriction period and (iii) any dividends that may be payable in cash or in shares or otherwise may be withheld by the Corporation until the restrictions lapse. The Corporation has not made any restricted stock grants to executive officers since fiscal 1995.

Corporate Governance and Certain Tax Consequences of Plans

As part of its corporate governance responsibilities, the Compensation Committee, together with all the other outside directors, has established certain measures of performance for members of the Corporate Operating Committee, including the CEO, that it believes are critical to the overall performance of the Corporation. Those measures of performance, which include key employee retention, succession planning and strategic planning, are vital to the long-term performance of the Corporation.

Section 162(m) of the Tax Code prohibits the Corporation from deducting as compensation expense amounts exceeding \$1,000,000 a year for the CEO and the other named executive officers relating to the period during which the compensation is earned, unless the payment of such compensation is based on pre-established, objective performance goals approved by the shareholders. A significant part of the Corporation's executive compensation will meet the Tax Code requirements for deductibility under the Section 162(m) rules. A portion of such compensation, however, will continue to be based on critical, subjective measures that may cause certain compensation not to be deductible under the Tax Code. The Compensation Committee retains the ability to evaluate the performance of members of the Corporate Operating Committee, including the CEO, on vital subjective performance measures.

Report of the Audit Committee

The role of the Audit Committee is to assist the Board of Directors in fulfilling its responsibility to oversee the Corporation's financial reporting process. Management is responsible for our financial statements and reporting process, including our systems of internal controls. The Corporation's independent auditors are responsible for auditing our financial statements and expressing an opinion as to their conformity with accounting principles generally accepted in the United States. A copy of the Audit Committee Position Description, which has been adopted by our Board of Directors and further describes the role of the Audit Committee in overseeing our financial reporting process, was filed as an appendix to the Proxy Statement for our 2001 Annual Meeting.

In performing its functions, the Audit Committee:

Met with our internal and independent auditors, with and without management present, to discuss the overall scope and plans for their respective audits, the results of their examinations, their evaluations of the Corporation's internal controls, and the overall quality of the Corporation's financial reporting;

Reviewed and discussed with management the audited financial statements included in our Annual Report;

Discussed with our independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees), as modified and supplemented;

Received the written disclosures and the letter from our independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committee), as modified and supplemented, and discussed with them matters relating to their independence; and

Received information from management with respect to information technology consulting services relating to financial information systems design and implementation and other non-audit services provided by our independent auditors, and considered whether the provision of those services is compatible with maintaining the auditors' independence.

Based upon the review and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Audit Committee Position Description, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Corporation's Annual Report on Form 10-K for the fiscal year ended February 1, 2003, for filing with the SEC.

Ms. Austin and Mr. Tamke were elected to the Audit Committee on March 12, 2003 and therefore did not participate in this Report.

ITEM TWO APPOINTMENT OF INDEPENDENT AUDITORS

Proxies solicited by the Board of Directors will, unless otherwise directed, be voted to approve the appointment by the Board of Directors of Ernst & Young LLP as independent auditors of the Corporation and its subsidiaries for the fiscal year ending January 31, 2004. Ernst &

Edgar Filing: TARGET CORP - Form DEF 14A

Young LLP has been employed in this capacity by the Corporation since 1931.

A representative from Ernst & Young LLP will be at the Annual Meeting and will have the opportunity to make a statement if such representative so desires and will be available to respond to questions during the meeting.

Ernst & Young LLP billed the Corporation the following fees for services provided in fiscal year 2002:

Audit Fees:	\$	1,300,000
Audit-related Fees (relating primarily to benefit plan audits and Form 5500s, accounting consultations, and SEC registration statements):	\$	400,000
Financial Information Systems Design and Implementation Fees:	\$	0
All Other Fees (relating primarily to tax planning services):	\$	500,000

THE BOARD OF DIRECTORS OF THE CORPORATION RECOMMENDS THAT THE SHAREHOLDERS OF THE CORPORATION VOTE TO APPROVE THE APPOINTMENT OF ERNST & YOUNG LLP AS INDEPENDENT AUDITORS.

ADDITIONAL INFORMATION

Section 16(a) Beneficial Ownership Reporting Compliance

The SEC rules require disclosure of those directors, officers and beneficial owners of more than 10% of the Corporation's Common Stock who fail to file on a timely basis reports required by Section 16(a) of the Securities Exchange Act of 1934 during the most recent fiscal year. Based solely on review of reports furnished to the Corporation and written representations that no other reports were required during the fiscal year ended February 1, 2003, all Section 16(a) filing requirements were met.

Vendor Standards and Compliance

To ensure that the products we carry in our stores are made legally and ethically, we require our vendors to abide by certain standards. Copies of those standards and a report relating to vendor compliance with those standards are available upon request from our Corporate Secretary and at www.target.com (click on "Company," "Target Corporation," "About Us" and "Vendor Compliance").

Commitment to Diversity

We believe that attracting and retaining an employee population reflecting the diversity of our guests and communities we serve is an important goal and will provide a competitive advantage. We are an equal opportunity employer and we communicate to our employees information regarding equal employment opportunities. We also encourage the use of minority and women-owned contractors and service providers and we support the efforts of our employees, suppliers and vendors to adhere to these principles of corporate responsibility.

We provide detailed statistical information on equal employment opportunity to the federal government as required by law. Information regarding our diversity programs and its diverse employee population are available upon request from our Corporate Secretary.

For the benefit of hearing impaired persons, a sign language interpreter will be present at our 2003 Annual Meeting.

Householding Information

We have adopted a procedure approved by the SEC called "householding." Under this procedure, certain shareholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of our Annual Report and Proxy Statement, unless one or more of these shareholders notifies us that they would like to continue to receive individual copies. This will reduce our printing costs and postage fees. Shareholders who participate in householding will continue to receive separate proxy cards. Also, householding will not in any way affect dividend check mailings.

Edgar Filing: TARGET CORP - Form DEF 14A

If you and other shareholders of record with whom you share an address currently receive multiple copies of our Annual Report and/or Proxy Statement, or if you hold stock in more than one account, and in either case, you would like to receive only a single copy of the Annual Report or Proxy Statement for your household, please contact our Investor Relations representative by e-mail at investorrelations@target.com, by mail to our Vice President, Investor Relations, at the address listed on the cover of this proxy statement or by telephone at (612) 761-6736.

If you participate in householding and would like to receive a separate copy of our 2002 Annual Report or this Proxy Statement, please contact us in the manner described in the immediately preceding paragraph. We will deliver the requested documents to you promptly upon receipt of your request.

Shareholder Proposals

Shareholder proposals for consideration at the Corporation's 2004 Annual Meeting must follow the procedures set forth in Rule 14a-8 under the Securities Exchange Act of 1934 and the Corporation's By-Laws. To be timely under Rule 14a-8, they must be received by our Corporate Secretary by December 16, 2003 in order to be included in the Proxy Statement. Under the Corporation's By-Laws, as amended, if a shareholder plans to propose an item of business to be considered at any annual meeting of shareholders, that shareholder is required to give notice of such proposal to our Corporate Secretary at least 90 days prior to the anniversary of the most recent annual meeting, or by February 21, 2004 for our 2004 Annual Meeting, and to comply with certain other requirements. The proposals also must comply with all applicable statutes and regulations.
