#### ITEM 12: RESULTS OF OPERATIONS AND FINANCIAL CONDITION

The information in this report is being furnished pursuant to Item 12 Results of Operations and Financial Condition, and it amends disclosure made on August 4, 2003 by the Company under Item 9 in accordance with SEC interim guidance issued March 28, 2003. In accordance with General Instruction B.6 of Form 8-K, the information in this report shall not be deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1934, as amended. The furnishing of the information set forth in this report is not intended to, and does not, constitute a determination or admission as to the materiality or completeness of such information.

Waddell & Reed Financial, Inc. has corrected its "Changes in Assets Under Management" table that was included in its second quarter 2003 earnings press release and Quarterly Report on Form 10-Q for the quarter ended June 30, 2003, and discussed on our July 30, 2003 earnings conference call. In reconciling the merger of six of our former Ivy Funds into our W&R Fund family and two of our former Ivy Funds into our Waddell & Reed Advisors Fund family, we incorrectly calculated total "Sales" in the Changes in Assets Under Management table for the quarter. The Company's financial statements, including the income statement, were unaffected by these changes. In addition, the "Beginning Assets," "Ending Assets," front-load sales (\$372.0 million), and advisor productivity numbers as reported in the second quarter were not affected. The impact of this correction only affected the figures for our Waddell & Reed Advisors channel; the figures for our Wholesale channel were unaffected.

## Edgar Filing: WADDELL & REED FINANCIAL INC - Form 8-K/A

The merger of the eight former Ivy Funds with five W&R Funds and two Waddell & Reed Advisors Funds occurred on June 16, 2003; therefore, no previous periods were affected.

As a result of the corrections, other subtotals within the "Changes in Assets Under Management" table were affected. The following table (in blackline format) illustrates the corrections.
