**PROXY STATEMENT FOR THE ANNUAL MEETING OF SHARE OWNERS
To Be Held April 23, 2009**

The Annual Meeting of the share owners of Owens-Illinois, Inc. (herein called the "Company") will be held on Thursday, April 23, 2009, at 9:00 a.m. in Conference Room A, Plaza 2, at the O-I World Headquarters, Perrysburg, Ohio. At the Annual Meeting, share owners will vote to elect four directors, each to serve a term of three years, consider the ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for 2009, consider the approval of the Second Restated Certificate of Incorporation increasing the maximum authorized number of directors from eleven to twelve, and consider the approval of the amendment and restatement of the Company's 2005 Incentive Award Plan which, among other things, increases the number of shares available under such plan by 9,000,000, extends the term of the plan until March 2019 and continues to allow grants under the plan to qualify as performance based for purposes of IRC Section 162(m).

This Proxy Statement has been prepared in connection with the solicitation by the Company's Board of Directors (the "Board") of proxies for the Annual Meeting and provides information concerning the persons nominated by the Board of Directors for election as directors, and other information relevant to the Annual Meeting. The Company intends to commence distribution of this Proxy Statement and the accompanying proxy card on or about March 26, 2009.

**IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING OF
SHARE OWNERS TO BE HELD ON APRIL 23, 2009**

The Proxy Statement and the Company's 2008 Annual Report are available on the Company's website at www.o-i.com.

Who May Vote

You will be entitled to vote at the Annual Meeting if you are a share owner of record as of the close of business on February 24, 2009 (the "record date"). At the close of business on the record date, 167,447,802 shares of the Company's Common Stock, par value \$.01 per share ("Common Stock"), were outstanding. Each share of Common Stock entitles the holder of record to one vote on all matters to be voted upon at the Annual Meeting. Shares of Common Stock held by the trustee under the Company's 401(k) plans must be voted by the trustee in accordance with written instructions from participants in such plan or, as to those shares for which no instructions are received, in a uniform manner as a single block in accordance with the instructions received with respect to the majority of shares for which instructions were received from participants. No other securities are entitled to be voted at the Annual Meeting.

Table of Contents

How to Vote

Shares can be voted at the Annual Meeting only if the share owner is present in person or represented by proxy. If shares are owned of record in the share owner's name, the share owner may cast a vote in one of four ways:

Vote by Internet

A share owner can choose to vote shares at any time over the Internet site listed on the accompanying proxy card. The Internet site will give share owners the opportunity to provide voting instructions with respect to their shares and confirm that the instructions have been accurately recorded. If a vote is cast over the Internet site, the share owner does not need to return the proxy card.

Vote by Telephone

A share owner can also vote by telephone at any time by calling the toll-free number (for residents of the U.S. and Canada) listed on the proxy card. To vote, the share owner must enter the control number listed on the proxy card and follow the recorded instructions. If a vote is cast by telephone, the share owner does not need to return the proxy card.

Vote by Mail

If the share owner chooses to vote by mail, the share owner is required to complete, date and sign the accompanying proxy card and return it promptly in the enclosed envelope.

Vote in Person

A share owner can choose to vote in person at the Annual Meeting by ballot.

The telephonic and internet voting procedures are designed to authenticate votes cast by use of a personal identification number. The procedures, which the Company believes comply with Delaware law, allow share owners to appoint a proxy to vote their shares and to confirm that their instructions have been properly recorded.

Share owners who hold their shares beneficially in street name through a nominee (such as a bank or broker) may be able to vote by telephone or the Internet as well as by mail. The share owner should follow the instructions received from the nominee to vote these shares.

The proxy card lists each person nominated by the Board for election as a director. Proxies duly executed and received in time for the meeting will be voted in accordance with share owners' instructions. If no instructions are given, proxies will be voted (a) to elect four directors of the Company for a term of three years to expire at the Annual Meeting in 2012, (b) for ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for 2009, (c) for approval of the Second Restated Certificate of Incorporation increasing the maximum authorized number of directors from eleven to twelve, (d) for approval of the amendment and restatement of the Company's 2005 Incentive Award Plan which, among other things, increases the number of shares available under such plan by 9,000,000, extends the term of the plan until March 2019 and continues to allow grants under the plan to qualify as performance based for purposes of IRC Section 162(m), and (e) in the discretion of the proxy holders as to any other business which may properly come before the meeting.

Table of Contents

Revocability of Proxies

Any proxy solicited hereby may be revoked by the person or persons giving it at any time before it has been exercised at the Annual Meeting by giving notice of revocation to the Company in writing or at the 2009 Annual Meeting.

Vote Required to Approve Matters

A quorum is the presence at the meeting of a number of shares, which are either present or represented by proxy, constituting a majority of the outstanding shares entitled to vote at the meeting. There must be a quorum for the transaction of business at the meeting. If you submit a properly executed proxy card or a telephonic or internet proxy, or you are present at the meeting in person, even if you abstain from voting, your shares will be considered part of the quorum. Broker non-votes (shares held by a broker or nominee that are represented at the meeting, but with respect to which the broker or nominee is not empowered to vote on a proposal) are included in determining the presence of a quorum.

Directors are elected by a plurality of the shares cast at the meeting. If you do not vote for a particular nominee, or you indicate "withhold authority to vote" for a particular nominee on your proxy, your vote will not count either "for" or "against" the nominee. A "broker non-vote" will also have no effect on the outcome. Under the Company's *Corporate Governance Guidelines*, any nominee for director in an uncontested election who receives a greater number of votes "withheld" from his or her election than votes "for" such election shall tender his or her resignation for consideration by the Nominating/Corporate Governance Committee. The Nominating/Corporate Governance Committee shall recommend to the Board the actions to be taken with respect to such offer of resignation.

The affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote thereon is required to ratify the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for 2009. Abstentions will have the same effect as votes "against" this proposal and "broker non-votes" will not be counted in determining whether this proposal has been approved.

The affirmative vote of holders of not less than 80% of the outstanding capital stock of the Company is required in order to repeal or amend the provisions of Article X, Article XI or Article XII of the Company's Restated Certificate of Incorporation. Since the proposed amendment to the Restated Certificate of Incorporation is to Section A of Article X, the affirmative vote of holders of 80% of the outstanding capital stock of the Company will be required to approve the Company's Second Restated Certificate of Incorporation. Abstentions and broker non-votes will therefore have the effect of a vote against the proposed amendment.

Under New York Stock Exchange ("NYSE") rules, approval of the amendment and restatement of the 2005 Incentive Award Plan requires the affirmative vote of the holders of a majority of the shares cast on such proposal, in person or by proxy, provided the total votes cast on the proposal represents more than 50% of the outstanding shares entitled to vote on the proposal, which is referred to as the "Outstanding Shares". Votes "For" and "Against" and abstentions are counted as votes cast, while broker non-votes do not count as votes cast but count as Outstanding Shares. Thus, the total sum of votes "For" plus votes "Against" plus abstentions, which is referred to as the "NYSE Votes Cast", must be greater than 50% of the total Outstanding Shares. Further, the number of votes "For" the proposal must be greater than 50% of the NYSE Votes Cast. Thus, abstentions have the same effect as a vote against the proposal. Brokers do not have discretionary authority to vote shares on this proposal without direction from the beneficial

Table of Contents

owner. Thus, broker non-votes could impair our ability to satisfy the requirement that the NYSE Votes Cast represent over 50% of the Outstanding Shares.

Other Matters

Management of the Company does not know of any matter that will be presented for action at the 2009 Annual Meeting other than as described in this Proxy Statement. However, if any other matter should be properly brought to a vote at the meeting, or any adjournment or postponement thereof, all shares covered by proxies solicited hereby will be voted with respect to such matter in accordance with the proxy holders' discretion.

**PROPOSAL 1:
ELECTION OF DIRECTORS**

General

The Company's Restated Certificate of Incorporation provides for a classified Board of Directors consisting of three classes as nearly equal in size as practicable. Each class holds office until the third Annual Meeting for selection of directors following the election of such class. The Board currently consists of eleven members, three of whom are Class I directors whose terms expire at the 2010 Annual Meeting, four of whom are Class II directors whose terms expire at the 2011 Annual Meeting, and four of whom are Class III directors whose terms expire at this year's Annual Meeting. With the exception of David H. Y. Ho, who was appointed to fill a vacancy on the Board in August 2008, all of the directors listed herein, including the other nominees, have served as directors since the last Annual Meeting.

Information on Nominees and Continuing Directors

The Board, on the recommendation of the Nominating/Corporate Governance Committee, has nominated four persons for election as Class III directors to serve for a three-year term expiring at the Annual Meeting of share owners to be held in 2012 and until their successors have been elected and qualified. The four nominees of the Board are Gary F. Colter, David H. Y. Ho, Corbin A. McNeill, Jr. and Helge H. Wehmeier, each of whom is currently serving as a director of the Company. Each nominee has consented to being named in this Proxy Statement and has agreed to serve if elected. If for any reason any nominee should be unavailable to serve, proxies solicited hereby may be voted for a substitute as well as for the other Board nominees. The Board, however, expects all of its nominees to be available.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE FOUR NOMINEES IDENTIFIED ABOVE.

Information Concerning the Board

The Board has the ultimate authority for the management of the Company's business. The Board selects the Company's executive officers, delegates responsibilities for the conduct of the Company's operations to those officers, and monitors their performance. Certain important functions of the Board are performed by committees comprised of members of the Board, as provided below.

Independence

A majority of the members of the Board are "independent" in accordance with the New York Stock Exchange listing standards. The Board has affirmatively determined that each of the following directors is an independent director of the Company under the listing standards of the New York Stock Exchange: Gary F. Colter, Peter S. Hellman, David H. Y. Ho, Anastasia D. Kelly, Corbin A. McNeill, Jr., Hugh H. Roberts, Helge H. Wehmeier and Dennis K. Williams. In making this determination, the Board has determined that none of these directors has any relationships with the Company other than their roles as directors.

Attendance at Meetings by Directors

In 2008, the Board met eight times. In connection with the meetings of the Board, the non-management directors met six times in executive session in 2008 and the independent directors met once.

Table of Contents

Each member of the Board attended 75% or more of the aggregate number of meetings of the Board and of committees of the Board of which such Director was a member. Attendance at Board and committee meetings during 2008 averaged 98.2% for directors as a group.

The Company does not have a policy with regard to board members' attendance at Annual Meetings, although members of the Board are encouraged to attend. All members of the board attended the 2008 Annual Meeting.

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines. A copy of the Guidelines is available on the Investor Relations section of the Company's website (www.o-i.com). A copy of the Guidelines is also available in print to share owners upon request, addressed to the Corporate Secretary at Owens-Illinois, Inc., One Michael Owens Way, Perrysburg, Ohio 43551-2999. The address of the Company's website provided above or elsewhere in the Proxy Statement is not intended to function as a hyperlink, and the contents of the Company's website are not a part of this Proxy Statement or incorporated by reference.

Non-Management Directors

The non-management directors meet at most regularly scheduled Board meetings in executive session without management and hold such additional executive sessions as they determine necessary or appropriate. The non-management directors met six times in executive session in 2008. In addition, the independent directors met once in executive session in 2008. The lead director or his designee presides at these executive sessions.

Lead Director

The Chair of the Nominating/Corporate Governance Committee serves as the lead director. Mr. McNeill was appointed lead director effective December 8, 2006. The lead director acts as a key liaison with the chief executive officer, assists the chairman of the Board in setting the Board agenda, chairs executive sessions of the Board, and communicates board member feedback to the chief executive officer.

Stock Ownership

In 2005 the Board established stock ownership guidelines for its members. Each member of the Board is required to own shares of the Company's Common Stock having a value equal to five times the director's annual cash retainer. The directors have four years from the effective date of the policy or the date of joining the Board, if later, to attain the required stock ownership guideline. Until the stock ownership guidelines are met, directors are required to retain 100% of the "net profit shares" acquired from grants of restricted stock or exercises of stock options. Net profit shares are those shares remaining after payment of tax obligations.

Communicating with the Board

Share owners and other interested parties may contact any member (or all members) of the Board (including, without limitation, the non-management directors as a group), the lead director, any Board committee or any chair of any such committee by mail. To communicate with the Board, the lead director, any individual directors or any group or committee of directors, correspondence should be addressed to

Table of Contents

the Board of Directors or any such individual directors or group or committee of directors by either name or title. All such correspondence should be sent "c/o General Counsel/Corporate Secretary" at Owens-Illinois, Inc., One Michael Owens Way, Perrysburg, Ohio 43551-2999. All communications so received will be opened by the office of the Company's general counsel for the sole purpose of determining whether the contents represent a message to the directors. Any contents that are not in the nature of advertising, promotions of a product or service or patently offensive material will be forwarded promptly to the addressee. In the case of communications to the Board or any group or committee of directors, the general counsel's office will make sufficient copies of the contents to send to each director who is a member of the group or committee to which the envelope is addressed.

Process for Selecting Nominees for the Board

The Nominating/Corporate Governance Committee of the Board is responsible for identifying individuals qualified to become members of the Board and selecting, or recommending that the Board select, the candidates for all directorships to be filled by the Board or by the share owners at an annual or special meeting of share owners. In identifying candidates for membership on the Board, the Committee will take into account all factors it considers appropriate, which may include strength of character, mature judgment, career specialization, relevant technical skills, diversity and the extent to which the candidate would fill a present need on the Board. The Committee will conduct all necessary and appropriate inquiries into the backgrounds and qualifications of possible candidates and shall consider questions of independence and possible conflicts of interest of members of the Board of Directors and executive officers.

The Board currently consists of 11 members. Under the Company's Restated Certificate of Incorporation, the maximum size of the Board is 11 members. The Board is proposing to amend and restate the Restated Certificate of Incorporation to increase the maximum authorized number of directors that may serve on our Board of Directors from eleven (11) to twelve (12). That provision cannot be repealed or amended unless approved by the affirmative vote of holders of not less than 80% of all outstanding shares of Common Stock.

The Nominating/Corporate Governance Committee will consider potential candidates for director that have been recommended by the Company's directors, the chief executive officer, other members of senior management, and share owners. The procedures for the nomination of director candidates by share owners are described below under the heading "2010 Annual Meeting of Share Owners." Outside consultants may also be employed to help in identifying potential candidates.

Members of the Nominating/Corporate Governance Committee discuss and evaluate possible candidates in detail, and determine which individuals to explore in more depth. Once a candidate is identified whom the Nominating/Corporate Governance Committee wants to seriously consider and move toward nomination, one or more members of the Nominating/Corporate Governance Committee will enter into discussions with the candidate. The performance of incumbent members of the Board is evaluated annually by the Nominating/Corporate Governance Committee. Incumbent directors whose performance is satisfactory generally will be renominated by the Board at the end of their term. In that case, the Nominating/Corporate Governance Committee does not consider a vacancy to exist.

Table of Contents***Qualifications of Director Nominees***

Candidates for the Board should show evidence of leadership in their particular field, have broad business experience and the ability to exercise sound business judgment. In addition, candidates should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of the share owners. Candidates should also be willing to devote sufficient time to carrying out their duties and responsibilities effectively, and should be committed to serve on the Board for an extended period of time. DIRECTOR COMPENSATION AND OTHER INFORMATION

Director Compensation

Each non-management director of the Company receives an annual retainer of \$60,000, payable quarterly. Each non-management director also receives \$2,000 for each Board meeting in which such director participates. The Chair of the Audit Committee receives an additional annual retainer of \$20,000, the Chair of the Compensation Committee receives an additional retainer of \$15,000, and each non-management director who serves as a chair of any other Committee receives an additional annual retainer of \$10,000. The lead director receives an annual retainer of \$20,000 in addition to the annual retainer for service as chair of a Committee. Each non-management director who serves as a member of a committee of the Board (including as chair) receives \$2,000 for each committee meeting in which such director participates. In addition, each non-management director will receive each year on the date immediately following the date of annual meeting of share owners, a grant of restricted stock units ("RSUs") under the 2004 Equity Incentive Plan for Directors of Owens-Illinois, Inc. with respect to a number of shares of Common Stock having a fair market value on the date of grant equal to \$85,000, rounded up or down to nearest whole share of Common Stock. RSUs will be 100% vested on the first anniversary of date of grant ("Normal Vesting Date"), or earlier upon a director's termination of membership by reason of director's death, disability or retirement. In addition, upon a Director's termination of membership for any reason other than death, disability, retirement or for cause, RSUs will vest pro rata on a daily basis based on number of days of service in 12 month period from date of grant to normal vesting date. Any unvested RSUs are forfeited at termination of membership on the Board. Upon a director's termination of membership for cause all RSUs are immediately forfeited. Vested RSUs will be paid in shares of Common Stock, on a one for one basis, within 30 days after normal vesting date, or if earlier, within 30 days after termination of membership which constitutes a separation from service under IRC Section 409A. Each director is reimbursed for expenses associated with meetings of the Board or its committees.

The Deferred Compensation Plan for Directors of Owens-Illinois, Inc. provides an opportunity for non-management directors to defer payment of their directors' fees. Under the plan, a non-management director may defer receipt of all or any portion of the cash portion of the compensation described above. Deferrals may be credited into a cash account or into a Company stock unit account. Funds held in a cash account accrue interest at a rate equal from time to time to the average annual yield on domestic corporate bonds of Moody's A-rated companies, plus one percent. Distributions from the plan are made in cash.

From time to time the Compensation Committee engages a compensation consultant to conduct a competitive analysis of market pay levels for non-employee directors and to make recommendations for program changes, as appropriate. In 2007, the Compensation Committee engaged Watson Wyatt to do such an analysis, resulting in certain changes to the compensation for non-employee directors on January 1, 2008.

- (4) Mr. Ho did not join the Board until August 2008.
- (5) Mr. Young is a party to a consulting agreement with the Company, as described below under the heading "Certain Transactions". In March 2007, the Board approved an amendment to Mr. Young's consulting agreement under which, effective on the date of the 2007 Annual Meeting, Mr. Young would forego any further payments under the consulting agreement and would begin receiving compensation as a director. Prior to such amendment, Mr. Young had chosen to forego receipt of cash board fees to the extent the amounts paid to him under the consulting agreement exceeded the board fees to which he would otherwise have been entitled. In addition, in 2004 and 2006 he elected not to receive the grant of restricted stock granted to other non-management directors.

Certain Transactions

During 2008, the law firm of Williams & Jensen, P.C., of which Mr. McMackin is a member, received fees for legal services in connection with various matters. It is anticipated that the Company will continue to utilize the services of Williams & Jensen, P.C. on various Company matters.

In connection with his retirement, the Company entered into a consulting agreement with Mr. Young, a member of the Board. The agreement provides that Mr. Young, when and as requested by the chief executive officer, will provide consulting services and advice to the Company. The term of the agreement, which began on April 1, 2005 after Mr. Young ceased his employment with the Company, is for six years. Mr. Young may provide up to 60 days of advisory and consulting services in the first year of the agreement, up to 50 days of advisory and consulting services in the second year of the agreement and up to 40 days of advisory and consulting services in the third year of the agreement. During the term of the agreement and for two years thereafter, he will not accept employment with, or provide consulting or similar services to, any party on any matters having any possible conflict with the interests of the Company. For his services and commitments, the Company pays Mr. Young for his advisory and consulting services (i) an annual retainer of (a) \$180,000 during the first year of the agreement, (b) \$150,000 during the second year of the agreement, and (c) \$120,000 during the third year of the agreement, and (ii) an additional fee of \$3,000 for each day in excess of days per year specified above that he renders services as described above or for each day that he renders advisory and consulting services in the fourth through sixth years of the term of the agreement. The Company will reimburse him for reasonable expenses that he incurs in providing these services for the Company. In addition, during the term of the agreement the Company will provide him necessary office space, equipment and services. The principal service provided by Mr. Young under the agreement is to provide support for the Company in the form of witness testimony and consultation in certain third party reimbursement lawsuits the Company has pending. In March 2007, the Board approved an amendment to Mr. Young's consulting agreement under which, effective on the date of the Annual Meeting, Mr. Young would forego any further payments under the consulting agreement and would begin receiving compensation as a director. Prior to such amendment, Mr. Young had chosen to forego receipt of

cash board fees to the extent the amounts paid to him under the consulting agreement exceeded the board fees to which he would otherwise have been entitled.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

The Compensation Committee of the Board (the "Committee") discharges the Board's responsibilities relating to compensation of the Company's executives and directors. In order to maximize overall Company performance, the Committee believes it is essential to successfully attract, retain and reward senior management. Those objectives are furthered by offering market competitive compensation in a manner that emphasizes performance-based pay. The Committee annually evaluates the senior management compensation program structure and pay levels, with emphasis on base salary, and annual and long-term incentives as they comprise the largest portion of total compensation. Approximately 65% of total compensation opportunity is variable and based on Company, business unit and individual performance. Total pay opportunity and each pay element is targeted at the 50th percentile of the established market; actual compensation earned is a function of performance and may be substantially more or less than the target opportunity.

To assess the alignment of historical pay and performance, the Committee requested that Watson Wyatt, the Committee's executive compensation consultant, prepare an analysis of historical pay and Company performance for the period 2005 - 2007 against the pay and performance of our comparator group (see below for list of peer companies). Historical realizable pay is the amount of compensation (base salary, annual incentive and long-term incentives) the top five executives have realized (or potentially could realize). Historical performance is evaluated on several key financial metrics. Three metrics were used to complete this study over the three year period 2005 to 2007 - total shareholder return ("TSR"), average return on invested capital ("ROIC"), and earnings per share ("EPS") growth. These metrics were chosen as they strike a balance between growth and return measures, offer an external investor perspective (i.e., TSR), and describe the Company's bottom-line business performance and capital efficiency. In addition, ROIC and EPS are measures used in our performance share plan during the 2005 - 2007 time period. Overall, the Watson Wyatt study indicates that realizable pay over this time period was at the 58th percentile while overall performance was at the 68th percentile. This study demonstrated that the Company's pay levels are correlated with performance and that the compensation program is operating as intended.

Table of Contents

In considering adjustments to base salary, the Committee annually reviews competitive market data and makes individual assessments of each named executive officer's performance and experience to determine appropriate merit and / or market adjustments. In 2008, our named-executive officers had merit increases that averaged 4.3% which does not include any market adjustments. Salaries for this group are positioned at or slightly below the market median.

O-I's annual incentives largely focus on Company profitability. In 2008, we did not meet our annual incentive plan target performance levels for EBIT growth, gross profit margin and working capital as a percent of sales which resulted in a below target payout for our named executive officers, despite setting record performance on EPS and EBIT.

O-I's long-term incentive program is entirely equity-based and consists of three components: non-qualified stock options (40% of award value), performance shares (40% of award value) tied to achievement of 3-year financial goals, and restricted stock (20% of award value). The Committee believes this long-term incentive mix optimally achieves the compensation objectives of performance-based rewards linked to shareholder value and retention. All results significantly exceeded the established goals for the performance shares, resulting in a maximum payout for the 2006 - 2008 cycle.

The Committee believes that, overall, the Company's compensation programs are well aligned to both share owner interests and the competitive market and are designed to reward overall Company and individual performance. The Committee will regularly review the current compensation programs in light of market conditions in 2009.

Compensation Programs

In determining total compensation levels for its executive officers, the Committee reviews tally sheets and market pay. Tally sheets allow the Committee to understand total historical pay opportunity, realizable pay, current unvested compensation, accumulated wealth, perquisites, benefits, and amounts payable upon separation from service under various events. The Committee examines two sources of market data data from a comparator group of companies and published survey data.

The comparator group of companies is a selected mix of companies in the packaging and manufacturing sectors with an emphasis on companies with similar characteristics such as size, global presence, asset intensity, and other relevant factors. Watson Wyatt, the Committee's executive compensation consultant, reviews available data from public companies and, based on its knowledge of our industry and the Committee's preferences, recommends companies for possible inclusion in the comparator group. The chief executive officer and senior vice president & chief human resources officer review the list prior to presenting it to the Committee, and may make recommendations of other companies to consider, or to exclude based on their knowledge of the Company's industry. The Committee determines the final list of companies to be included.

The Committee reviews the list of comparator companies on an annual basis. The intent is to maintain stability in the comparator group over time, although changes may be made based on comparator company performance, mergers / acquisitions, and other relevant factors. Watson Wyatt performs an independent review of the peer group for potential changes, if any. The goal is to stay consistent with the peer size range and business economics, such as the Industrials and Materials industry. Due to it's acquisition by Ingersoll-Rand, Trane Inc. was deleted and ITT Corp. was added.

Table of Contents

The comparator group of companies used for determining compensation in 2008 were:

Ball Corp.	Owens Corning
Bemis Co. Inc.	Pactiv Corp.
Borgwarner Inc.	Parker-Hannifin Corp.
Crown Holdings Inc.	PPG Industries, Inc.
Cummins Inc.	Praxair Inc.
Dana	Rohm and Haas Co.
Dover Corp.	Sealed Air Corp.
Eastman Chemical Co.	Silgan Holdings Inc.
Eaton Corp.	Smurfit-Stone Container Corp.
Illinois Tool Works	Sonoco Products Co.
Ingersoll-Rand Co. Ltd.	Temple-Inland Inc.
ITT Corp.	Timken Co.
Meadwestvaco Corp.	TRW Automotive Holdings Corp

The comparator group of companies had a 2007 median revenue of \$7.4 billion, and median market cap of \$5.0 billion compared to O-I's revenue of \$7.6 billion and market cap of \$7.8 billion.

In addition to examining the compensation data published by these companies in their proxies, the Committee also considers data published in general executive compensation surveys. Although there is a priority placed on data from other manufacturing companies, the view may be broadened to allow for a wider comparison, in particular for certain positions below the named executive officers which may not be separately reported by the comparator group. The following surveys were used to conduct our published survey analysis:

Watson Wyatt Data Services 2008/09 Top Management Survey

William M Mercer 2008 Executive Compensation Survey

Towers Perrin 2008 Executive Compensation Database

Hewitt 2008 Executive Total Compensation Measurement Survey

We collected data from the general industry as well as the durable goods manufacturing industry. All survey data have been adjusted (whenever possible) through regression analysis to reflect the Company's or applicable business unit revenues.

Data on base pay, short-term incentives and long-term incentives are viewed individually and in aggregate when reviewing total compensation levels.

Total Direct Compensation

Total direct compensation is the combination of base pay, annual incentive and long-term incentives. The Company's compensation structure (base salary midpoint, target annual incentive and target long-term incentive) is positioned at or near the 50th percentile of the market. An executive officer's actual total direct compensation may be higher or lower than the market 50th percentile based on individual performance, experience, past leadership roles, and Company performance. In making compensation decisions, the Committee considers each component individually and the executive officer's total direct compensation to assure overall alignment with the Company's compensation philosophy and principles.

Table of Contents

Base Pay

The base pay program is designed to ensure the ability to attract and retain key executives. Base salary market values are positioned at approximately the 50th percentile of the market. Individual salaries may be higher or lower depending upon a number of factors, including performance, experience, leadership and past assignments.

The Committee reviews executive officer salaries at least once per year, and may adjust salaries according to current market conditions, individual performance, and the results of benchmarking against survey data.

The Committee reviewed executive officer base pay levels on April 1, 2008. Executive officers received increases ranging from 3% to 6% of base salary.

Annual Incentive

The annual incentive is designed to motivate the achievement of overall financial results as well as motivate individual performance. Annual incentive target values are generally positioned at the 50th percentile of the market. Each year the Committee reviews the performance measures to ensure they are providing appropriate incentives for the achievement of goals that are important to the Company for that year. The Committee may change the measures used, the weightings, and how the targets are set in determining the plan for the upcoming year.

In 2008, the program measured the achievement of EBIT, gross profit margin, and working capital as a percent of sales (the latter based on a five point average, measured at December 31, 2007, March 31, 2008, June 30, 2008, September 30, 2008, and December 31, 2008). All three measures are the same as those used in 2007. We believe that the balance of these three goals are important to driving shareholder value and motivating the right leadership behaviors. EBIT linked with gross profit margin encourages profitable growth and provides a meaningful indicator of management's performance in managing our base business. Working capital focuses management on cash generation and provides a meaningful link to our balance sheet.

An incentive pool is created by exceeding performance thresholds against established targets for EBIT and gross profit margin, each weighted at 50%. Each measure stands alone and may result in bonus pool funding. If an incentive pool is created, the amount payable is then determined based on exceeding performance thresholds against established targets for EBIT, gross profit margin and working capital, weighted according to region-specific goals. For the Company overall, the weighting for 2008 is EBIT at 40%, gross profit margin at 40%, and working capital at 20%. For the business units, the weightings for these measures range between EBIT (35% 42.5%), gross profit margin (35% 42.5%), and working capital (15% 30%).

Once the pool is created, 80% of the individual award is based strictly on overall financial results, with the remaining 20% being discretionary to reward individual performance and results, and overall leadership contribution to the Company. In 2008, the awards to named executive officers were determined either at the Company level, where 100% of the financial results is based on total Company results (Messrs. Stroucken, White, Baehren and Crawford); or at a business unit level, where 50% of the financial results is based on business unit results, with the remaining 50% being based on total Company results (Mr. Ridder).

Table of Contents

The Committee reviews and approves the measures and financial targets set for each plan year. In this process, they consider the overall Company budget (as approved by the Board of Directors), the state of the industry and other external economic factors. In setting the goals for 2008, each measure required year-over-year improvement to earn a payout. Over the past five years, payouts ranging from zero to 200% of target have been earned at the Company level, which is indicative of the variability of bonus payouts in years when financial performance is higher or lower.

For 2008, the Company and two of the four business units achieved less than target performance overall, while the remaining two business units achieved greater than target performance. Specific performance is shown below:

	Weight	Target	Actual
EBIT	40%	\$ 1,202.0MM	\$ 1,152.8MM
Gross Profit Margin	40%	21.5%	21.0%
Working Capital	20%	18.3%	18.1%

Target awards are set for each executive. For 2008, the targets and payouts (both as a percentage of base pay) earned were:

Name	Target	Actual Payout
Albert P. L. Stroucken	150%	56.7%
Edward C. White	80%	30.2%
James W. Baehren	65%	24.6%
L. Richard Crawford	80%	30.2%
Gregory W. J. Ridder	60%	37.5%

Upon review of the market data, effective January 1, 2008, the Committee approved raising Messrs. White and Crawford's targets from 70% to 80%. In deciding the 2008 payouts, the Committee determined that each individual earned the full 20% of the discretionary component based on his overall performance and contribution to Company results.

Long-Term Incentives

Long-term incentive compensation is delivered solely in the form of equity. Delivering this component of executive compensation as equity further aligns the executive officers' interests with share owner interests. This component of the executive compensation package rewards each executive officer's current contributions to the Company and provides motivation to achieve overall Company goals and drive share owner value over time.

Three types of equity are awarded: stock options; restricted stock; and performance shares. The awards are expressed as a dollar amount and split as follows at the executive officer level:

40% of the award value is made in non-qualified stock options

20% of the award value is made in restricted stock

40% of the award value is made as performance shares

Table of Contents

Individual equity awards are determined based on a review of data from the comparator group, as well as published survey data. Awards are targeted at the 50th percentile of the market. Individual awards may vary based on performance, leadership, potential and other relevant factors. When making grant decisions, the Committee focuses on the dollar value of the award and, in the case of the performance shares, on the achievement of certain goals over a three year performance period.

Stock options and performance shares, which equate to 80% of the opportunity of the long-term incentive award, have a strong pay for performance orientation. They are a significant enough portion of total compensation to have a meaningful impact to our executive's total compensation if goals are not achieved or if the Company shares do not appreciate over the long term. Restricted stock is intended to strengthen retention. The use and overall weighting of performance shares (40% of total long-term incentive opportunity) focus management on fundamental long-term financial goals in addition to stock price performance. The combination of 100% of long-term incentive awards being granted in the form of equity along with our stock ownership guidelines (described below) promotes significant alignment with share owner interests. For 2008, the executive officers received grants with the following target values:

Name	Target
Albert P. L. Stroucken	\$4,000,000
Edward C. White	\$ 450,000
James W. Baehren	\$ 450,000
L. Richard Crawford	\$ 500,000
Gregory W. J. Ridder	\$ 275,000

The actual amount earned under this plan is a function of the performance of the Common Stock (for stock options and restricted shares); and additionally for the performance shares, Company performance against pre-established three year goals.

The Committee reviews the mix of long-term incentive awards annually, and may make changes based on relevance to desired business objectives and market practices. In 2008, the Committee did not change the mix of long-term incentive awards from 2007.

Stock Options

The value of options is based on the Black-Scholes value of Common Stock on the grant date, using the same assumptions used for financial accounting purposes. To determine the number of options awarded, 40% of the total long-term incentive award is divided by the Black-Scholes value of the Common Stock on the date of the grant to determine the number of options granted. For instance, assuming an overall long term incentive award equal to \$100,000, Common Stock price of \$15.00, and Black-Scholes value of \$6.15, the number of options granted would be calculated as follows:

$$\$100,000 \times 40\% = \$40,000 / \$6.15 = 6,504 \text{ options}$$

Beginning in 2005, the stock options granted under long-term incentive program vest 25% on each of the four anniversaries following the grant date. The options have a term of seven years.

Restricted Stock

To determine the number of shares awarded, 20% of the total value of the approved equity award is divided by the Common Stock price to arrive at the number of restricted shares granted. For instance,

Table of Contents

assuming an overall total long term incentive award equal to \$100,000, and Common Stock price of \$15.00, the number of shares granted would be calculated as follows:

$$\$100,000 \times 20\% = \$20,000 / \$15.00 = 1,333 \text{ shares}$$

Restricted shares vest 25% on each of the four anniversaries following the grant date.

Performance Shares

The third form of equity granted is performance shares. First granted in 2005, performance shares are meant to reward financial performance over a three year cycle. Grants made in 2006 had a performance cycle of January 1, 2006 December 31, 2008, and paid out a maximum award of 150% of the award granted; 2007 grants have a performance cycle of January 1, 2007 December 31, 2009; 2008 grants have a performance cycle of January 1, 2008 December 31, 2010.

Subject to certain exceptions, performance shares do not vest until the end of the related performance period. The performance criteria are approved by the Committee at the grant date. The performance shares granted for 2006, 2007 and 2008 measure the Company's performance over a three year period in return on invested capital (calculated as segment operating profit, times one minus the Company's tax rate, divided by the sum of total debt, minority share owner interest and total share owners' equity) ("ROIC"), and an EPS growth rate (defined as earnings per share from continuing operations before asbestos-related charges and items that are not representative of ongoing operations). ROIC and EPS growth rate are equally weighted. If performance against both targets is below the threshold level relative to the targets established by the Committee for the three year period, no award is earned. To the extent that performance against either or both of the targets meets or exceeds the threshold level relative to the established targets for the three year period, named executive officers can earn from 50% to 150% of the award granted. The Committee reviews audited financial results prior to determining the amount of any award earned under this plan, and there is no discretion applied to individual payout amounts.

The value of the performance shares is equal to 80% of the Common Stock price on the date of grant. On behalf of the Compensation Committee, Watson Wyatt conducted an analytical review of the degree of difficulty of the performance goals based on probability testing using historical financial results and predicted volatility. Based on the analysis, we determined that 20% is an appropriate discount rate for determining the number of shares to award. To determine the number of performance shares granted, 40% of the total value of the approved equity award is divided by 80% of the Common Stock price on the grant date. For instance, assuming an overall long term incentive award equal to \$100,000 and Common Stock price of \$15.00, the number of performance shares granted would be calculated as follows:

$$\$100,000 \times 40\% = \$40,000 / (\$15.00 \times 80\%) = 3,333 \text{ units}$$

If a payout is earned at the end of the performance period, performance shares are paid out in shares of Common Stock.

The Committee has discretion to make changes based on certain one-time events, accounting/tax rule changes, changes to capital structure, and / or extraordinary items that do not accurately represent the Company's operating performance.

Table of Contents

For the 2006 2008 performance cycle, a payout at 150% of target was earned against the noted goals:

	Three	
	Year Target	Actual
ROIC	8.17%	13.98%
EPS Growth Rate	10.0%	76.6%

At the October 17, 2007 meeting of the Committee, the Company proposed, and the Committee agreed to, re-setting the performance measures due to the divestiture of the Plastics business. The effect of this was simply to modify the measures used over the cycles already in progress (2005 2007, 2006 2008, 2007 2009) to accurately reflect the business as it exists post-sale of Plastics.

Equity Granting Practices

The Committee has established a formal process to govern equity grants. The same process is used for all employees receiving equity grants, including the named executive officers. Each December, the Committee is asked to determine the overall amount (dollar value) of equity available for awards during the upcoming year's grant cycle. In making a proposal to the Committee, the Company reviews prior year grants, current competitive market data, run rate and overhang data, and each executive officer's overall compensation package in relation to the market. Once the overall amount of equity available is determined, the chief executive officer makes individual award recommendations for each senior executive. These recommendations are presented to the Committee for review and approval. The Committee works with Watson Wyatt to determine CEO grant value using the same general criteria. The option strike price is determined on the date the awards are approved by the Committee and is set at the closing price of the Common Stock on the date of approval (or the last business day prior to the grant date if the grant date falls on a non-business day). In order to streamline administrative processes, a grant date of March 7 has been adopted by the Committee. That date falls outside of the quarterly blackout periods prescribed under the Addendum to Insider Trading Policy applicable to all named executive officers.

All equity grants to officers of the Company must be approved by the Committee. The Committee did, however, delegate authority to the chief executive officer to grant a certain number of awards, not to exceed 100,000 shares, (whether options, restricted stock, or performance shares) for events such as the hiring or promotion of key personnel, provided the recipient is not an officer subject to Section 16b of the Securities Exchange Act, which would require Committee approval.

Stock Ownership Guidelines

In 2005, the Committee implemented stock ownership guidelines for all executive officers. The guidelines are as follows:

Chairman & CEO five times base salary

Senior Business / Function Leader 2.5 times base salary

Other Key Leaders (as designated by CEO) 1.5 times base salary

The guidelines state that the targeted level of ownership must be achieved within five years of the time the individual becomes subject to the guideline. In addition, the Committee has also implemented share retention guidelines. These guidelines state that, until the stock ownership guidelines are met, executive officers are required to retain 75% of the "net profit shares" acquired from option exercises, restricted stock or performance shares. "Net profit shares" are those shares remaining after payment of tax obligations and, if applicable, option exercise costs.

Table of Contents

The Committee reviews ownership levels for executive officers on an annual basis. Failure to comply with the stock ownership and retention guidelines may result in delays of promotions and / or future compensation increases.

Ownership achievement against the guidelines is measured at June 30 each calendar year, based on a 200 day moving average of the stock price. For 2008, the named executives have achieved the following toward their ownership guidelines:

Albert P. L. Stroucken	446%
Edward C. White	551%
James W. Baehren	581%
L. Richard Crawford	455%
Gregory W. J. Ridder	211%

Tax Deductibility under 162(m)

Under U. S. federal income tax law, the Company cannot take a tax deduction for certain compensation paid in excess of \$1,000,000 to named U. S. based executive officers. However, performance-based compensation, as defined in the tax law, is fully deductible if the programs are approved by share owners and meet other requirements. The Company's policy is to qualify its incentive compensation programs for full corporate deductibility, to the extent feasible and consistent with its overall compensation goals. The Company has taken steps to qualify its annual incentives, as well as stock options and performance share awards under its equity plan, for full deductibility as "performance-based compensation." The Company may make payments that are not fully deductible if, in its judgment, such payments are necessary to achieve the Company's compensation objectives and to protect share owner interests.

Health and Welfare and Retirement Benefits

The Company maintains a comprehensive health and welfare benefits plan for all its U.S. based employees. The benefits offered to U.S. executive officers under this plan are essentially the same as those offered to all salaried employees of the Company. Named officers residing outside the U.S. generally participate in health and welfare benefit plans offered to salaried employees in their home location.

The Company also maintains life insurance benefits for its named executive officers who were officers prior to 2006. Upon retirement, the paid-up policy is distributed to the executive officer. The retiring executive officer also receives a tax reimbursement for the value of the policy. In 2006, the Company closed this plan to new entrants. U.S. executive officers hired after December 31, 2005 are covered by a term-life policy. The term life policy may be converted, at the participant's expense, to an individual policy upon termination or retirement, subject to the terms and conditions of the insurance company.

The Salary Retirement Plan (a defined benefit pension plan), was closed to new entrants after December 31, 2004. Also effective December 31, 2004, the Company changed the way that benefits can be paid. Benefits accrued at December 31, 2004 are eligible to be paid in a lump sum. Benefits accrued post-December 31, 2004, however, are only eligible to be paid on an annuity basis. As a qualified plan, benefits are limited by IRS regulations.

For those employees who earn compensation in excess of these limits, the Company maintains an unfunded Supplemental Retirement Benefit Plan ("SRBP"). This plan allows for benefits in excess of the

Table of Contents

IRS limits to be accrued and paid to participants upon retirement. As a non-qualified plan, all payments are made in a lump sum out of the general assets of the Company. Mr. Stroucken accrues a benefit under this plan pursuant to the terms of his employment agreement.

The Company maintains a superannuation plan for the benefit of employees in Australia. Similar to a cash balance plan in the United States, this plan provides a defined benefit to the employee at retirement based on the employee's level of contribution to the plan during his / her career with the Company. The plan requires a minimum Company contribution for each employee and provides for a higher level of Company contribution if the employee also elects to contribute. The plan complies with local regulations governing superannuation benefits in Australia.

The Stock Purchase and Savings Plan ("SPASP") is a defined contribution plan, provided under section 401(k) of the Internal Revenue Code. Contributions to the plan are subject to annual limits established by the IRS. While employees may direct their own contributions into a number of provided investments, the Company match is made in Common Stock. The match is immediately vested, and participants can move the match out of Common Stock, and into any of the other investments, at any time subject to blackout periods and other trading window restrictions. For participants hired January 1, 2005 and later, who are not eligible to participate in the Salary Retirement Plan, the Company also makes a base contribution to the SPASP each payroll period, which is invested in the same investment options selected by the participants for their own contributions.

Other Benefits

Watson Wyatt performed a comprehensive analysis of the Company's perquisites in terms of both value and prevalence. The perquisites were compared using a variety of perspectives: the Company's peer group, the S&P 100 and the Fortune 500. Overall the Company's perquisites are competitive with the peer group median. Under board policy, for security reasons, the Company's chief executive officer generally uses the Company aircraft for both business and personal travel. Per the terms of his employment

Table of Contents

agreement, Mr. Stroucken's personal use of the Company aircraft is limited to 50 hours per year. Personal travel by any other officers requires the approval of the chief executive officer.

Mr. Ridder is covered by the Senior Executive Retention and Confidentiality Agreement applicable to certain executives in Australia. This plan was established January 1, 2001 in response to specific market and competitive threats. It provided a series of overlapping 3 year cycles leading to cash payments based in part on achievement of certain performance metrics, and includes a two year non-compete commitment. The

plan has been terminated, with the last cycle running January 1, 2005 to December 31, 2007.

Roles and Responsibilities

There are many inputs to the executive compensation process, as well as the appropriate governance and compliance mechanisms. In general, the Committee has primary responsibility for discharging the

Table of Contents

Board's responsibilities relating to compensation of the Company's executive officers. See description of the Committee above under the heading "Committees of the Board."

Executive Compensation Consultant

To assist the Committee in carrying out its duties and responsibilities, the Committee contracts with an executive compensation consultant. The Committee has retained Watson Wyatt to act in this capacity. Watson Wyatt reports directly to the Committee in providing this service, and the Committee retains sole authority to retain and terminate the consulting relationship.

In carrying out its responsibilities, Watson Wyatt will typically collaborate with management to obtain data, provide background on program history and operation, and clarify pertinent information. Working under the Committee's direction, both the Committee and management will review and discuss key issues and alternatives during the development of recommendations, and prior to presentation for final approval.

Watson Wyatt also performs certain consulting services for the Company from time to time. Accordingly, the Committee and Watson Wyatt have agreed upon certain specific protocols to avoid potential conflicts of interest.

Chief Executive Officer

The Company's chief executive officer attends Committee meetings and is responsible for providing relevant input on the compensation elements of the executive officers, including individual performance input, and making specific recommendations on base salaries, annual and long-term incentives, and promotions.

The chief executive officer is also responsible for discussing the key business drivers behind the executive compensation results, including the establishment of the plan metrics, and periodically discussing the results achieved against those metrics. The chief executive officer is excluded from executive sessions and from discussion involving his compensation.

Senior Vice President, Chief Human Resources Officer

The senior vice president and chief human resources officer ("SVP CHRO") is responsible for coordinating Committee activities, including proposing meeting agendas based on the Committee's planning calendar and decision making responsibility, arranging for meetings outside of the normal meeting cycle as appropriate, and, working in concert with the Committee's executive compensation consultant, to prepare the appropriate materials for review by the Committee. The SVP CHRO will follow up on meeting action items and other assignments from the Committee and will be available for consultation with the Committee as needed.

In this role, the SVP CHRO will normally consult with the chief executive officer, chief financial officer, and general counsel and corporate secretary. Each may be asked to prepare information for Committee review, attend Committee meetings as appropriate, and provide relevant background information for inclusion in Committee materials.

Involvement of other Executive Officers

The Company's chief financial officer will prepare and present all financial results to the Committee as necessary to determine achievement against goals in the various incentive compensation plans. The

Table of Contents

chief financial officer will provide commentary at the Committee's request, discusses overall results providing appropriate information relative to achievement (or under or over achievement as may be the case), and will play an active role in development of the goals presented for approval in upcoming incentive compensation plan design.

The general counsel and corporate secretary will participate in all Committee meetings, taking appropriate minutes to preserve a record of discussion and action. The general counsel and corporate secretary is responsible for providing relevant legal advice to the Committee on its executive compensation plans, and ensuring compliance with all appropriate regulations, including SEC and IRS regulations, that impact executive compensation.

Employment Agreements

The Company entered into an employment agreement with the CEO effective December 4, 2006, the terms of which were disclosed on Form 8-K/A filing, November 28, 2006. In addition, the Company has also entered into agreements with certain officers, including the other named executive officers listed in the Summary Compensation Table, that entitle the participants to receive their base salaries and to participate in designated benefit plans of the Company. The agreements provide for termination of employment at any time, with or without cause, and further provide that the benefit plans designated therein and each employee's rights to receive salary and bonuses pursuant thereto are subject to modification by the Company in its sole discretion.

BOARD COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into the Company's Annual Report on Form 10-K for the year ended December 31, 2008.

Since the aircraft are used primarily for business travel, fixed costs that do not change based on usage such as pilot compensation, the purchase or lease costs of the aircraft, and maintenance not related to travel are excluded.

- (1) Participants may defer up to 19% of base salary into the Executive Deferred Savings Plan. Deferrals, including the Company match on such deferrals, may be credited to a "cash deferral account" or a "stock deferral account" at the individual's election. Interest is credited in the "cash" account, compounded monthly, at a rate equal to the average annual yield on domestic corporate bonds of Moody's A-rated companies. The "stock" account is credited with a number of stock units equal in value to the amount of amounts specified to be credited to each respective account, and the value of such account is determined by reference to the closing price of the Company's stock on the principal exchange on which Company stock is traded on the day before the date on or as of which such value is being determined or, if no Company stock was traded on such day, then on the next preceding trading day on which Company stock was so traded. Table of Contents

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The following tables show the amount of compensation that may be paid to each named executive officer upon voluntary termination, early retirement, normal retirement, involuntary termination not for cause, change in control, for-cause termination, disability, or death. The amounts shown assume a termination date effective December 31, 2008, the last business day of the year. For payments made pursuant to stock option, restricted stock, or performance unit awards, the amount earned by each named executive upon retirement differs whether they are eligible for early or normal retirement. As a result, the table reflects only that amount they were eligible for at December 31, 2008.

Unless specifically noted, each of the payments described below are the same for any salaried employee of the Company.

Payments Made Upon Termination

Payments made upon termination for any reason include:

Amounts accrued and vested through the Salary Retirement Plan, Supplemental Benefit Retirement Plan and the Superannuation Plan (in the case of Mr. Ridder).

In the case of Mr. Ridder, statutory entitlements of unused annual leave and long service leave.

Stock options that are already vested at the date of termination.

Payments Made Upon Retirement

In addition to the above, payments made upon retirement include:

In the event of normal retirement (age 65), stock options granted in 2004 and earlier are immediately vested and are exercisable for three months post-retirement. In the event of normal retirement (age 65) or early retirement post-age 60, options granted in 2005 and later continue normal vesting and are exercisable through their term.

In the event of normal retirement, restricted stock awards granted in 2004 and earlier vest at retirement. Where the restrictions have not yet lapsed, restricted stock awards granted in 2005 and later are forfeited in the case of any retirement.

In the event of normal retirement or early retirement post-age 60, performance units are immediately vested and any payout earned will be paid following the related three-year cycle.

In the event of any retirement, Mr. Baehren, Mr. Crawford and Mr. White are eligible to participate in the Company's retiree medical plan for U. S. employees. This plan provides both pre- and post-age 65 coverage to employees and their spouse. The plan was closed to new entrants effective January 1, 2003; as a result, Mr. Stroucken is not eligible to participate in this plan. Mr. Ridder is not eligible to participate in this plan as he is not a U. S. employee.

Table of Contents

Payments Made Upon Involuntary Termination Not For Cause or Change in Control

In addition to that noted under Payments Made Upon Termination, each named executive officer is eligible for the following:

In the event of Involuntary Termination Not For Cause, restricted stock awards granted in 2004 and earlier vest at termination. Restricted stock awards granted in 2005 and later are forfeited.

In the event of Involuntary Termination Not For Cause, there is immediate vesting on a pro-rata share of performance shares, with any payout made after the applicable performance cycle.

In the event of a change in control, all previously unvested stock options, restricted stock awards, and performance shares will immediately vest.

In the event of Involuntary Termination Not For Cause, Mr. Stroucken is eligible for severance in the amount of two times annual base salary plus target bonus, payable over 24 months and continued health care coverage for 24 months at the same rate as active employees unless enrolled for coverage in another employer's health plan. Such severance is subject to release and continued compliance with a 2 year non-compete / non-solicitation and confidentiality requirements.

In the event of a termination without cause within one year after a Change in Control, Mr. Stroucken is eligible for those benefits noted above in the event of Involuntary Termination Not For Cause, with protection against negative excise tax.

In the event of Involuntary Termination Not For Cause, Messrs. Baehren, Crawford and White are eligible for severance in the amount of one times annual base salary, any annual incentive plan awards earned (based on actual business results and funding, not adjusted up or down for the 20% discretionary component) during the severance period, and 12 months of continued health care coverage for themselves and their dependents at the same rate as active employees, per the terms of severance agreements entered into between the Company and each executive officer. Such severance is subject to release and continued compliance with a one year non-compete / non-solicitation agreement.

In the event of involuntary termination not for cause, Mr. Ridder is eligible for severance in the amount of four weeks pay per year of service and notice in the amount of six months pay.

Payments Made Upon Death or Disability

In the event of disability, each named executive officer, with the exception of Mr. Ridder, is eligible to participate in the Company's Long Term Disability plan for salaried U. S. employees. This plan pays participants 70% of their base salary plus target bonus for the duration of their disability, or until age 65. Mr. Ridder is not eligible to participate in this plan as he is not a U. S. employee.

In the event of disability, each named executive officer, with the exception of Mr. Ridder, receives continued coverage under the Company's health care plan for active employees for the duration of their coverage under the Company's long term disability plan.

In the event of death or disability, all stock options, restricted stock and performance share awards are immediately vested. Any payout of performance shares is made at the completion of the appropriate performance cycle.

Table of Contents

S. named executive officers, the benefit payable to the beneficiary upon death is three times annual base salary. For Mr. Ridder, the benefit payable to his beneficiary upon death is \$400,000.

Pre-Approval of Independent Registered Public Accounting Firm Services

No services will be provided to the Company that are specifically prohibited by the Sarbanes-Oxley Act of 2002. Permitted services will be pre-approved by the Audit Committee of the Board of Directors as follows:

Statement of Principles

The Audit Committee is required to pre-approve the audit and non-audit services performed by the independent registered public accounting firm in order to assure that they do not impair the firm's independence from the Company. Unless a type of service has received pre-approval, it will require separate pre-approval by the Audit Committee if it is to be provided by the independent registered public accounting firm. Any proposed services exceeding pre-approved cost levels will also require separate pre-approval by the Audit Committee.

This Policy describes the Audit, Audit-Related, Tax, and All Other services that have the pre-approval of the Audit Committee. For non-audit services, Company management will submit to the Committee for approval a list of non-audit services that it recommends the Committee engage the independent registered public accounting firm to provide for the fiscal year. The term of any pre-approval is for 12 months, unless

Table of Contents

the Audit Committee considers a different period and states otherwise. The Audit Committee will from time to time review and, if necessary, revise the list of pre-approved services based on subsequent determinations.

Delegation

The Audit Committee may delegate either type of pre-approval authority to one or more of its members. The member or members to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent registered public accounting firm to management.

Audit Services

The annual Audit services engagement terms and fees will be subject to separate pre-approval of the Audit Committee. The Audit Committee will approve, if necessary, any changes in terms, conditions and fees resulting from changes in audit scope, Company structure or other items.

In addition to the annual Audit services engagement approved by the Audit Committee, the Audit Committee may grant pre-approval for other Audit services, which are those services that only the independent registered public accounting firm reasonably can provide. Company management will submit to the Committee for approval the list of Audit services that it recommends the Committee engage the independent registered public accounting firm to provide for the fiscal year. All other Audit services not pre-approved must be separately pre-approved by the Audit Committee.

Audit-related Services

Audit-related services are assurance and related services that are reasonably related to the performance of the audit of the Company's financial statements and that are traditionally performed by the independent registered public accounting firm. The Audit Committee believes that the provision of Audit-related services does not impair the independence of the firm and is consistent with the SEC's rules on auditor independence.

Company management will submit to the Committee for approval the list of Audit-related services that it recommends the Committee engage the independent registered public accounting firm to provide for the fiscal year. All other Audit-related services not pre-approved must be separately pre-approved by the Audit Committee.

Tax Services

The Audit Committee believes that the independent registered public accounting firm can provide Tax services to the Company such as tax compliance, tax planning and tax advice without impairing the firm's independence.

Company management will submit to the Committee for approval the list of Tax services that it recommends the Committee engage the independent registered public accounting firm to provide for the fiscal year. All Tax services involving large and complex transactions not pre-approved must be separately pre-approved by the Audit Committee.

Table of Contents

All Other Services

The Audit Committee will separately pre-approve those permissible non-audit services classified as All Other Services that it believes are routine and recurring services, and would not impair the independence of the firm.

A list of the SEC's prohibited non-audit services is set forth below. The SEC's rules and relevant guidance should be consulted to determine the precise definitions of these services and the applicability of exceptions to certain of the prohibitions.

Pre-Approval Fee Levels or Budgeted Amounts

Pre-approval fee levels or budgeted amounts for all services to be provided by the independent registered public accounting firm will be established periodically by the Audit Committee. Any proposed services exceeding these levels or amounts will require separate pre-approval by the Audit Committee.

Procedures

Requests or applications to provide services that require separate approval by the Audit Committee will be submitted to the Audit Committee by both the independent registered public accounting firm and the chief financial officer, and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence. The Committee will be informed routinely as to the non-audit services actually provided by the independent registered public accounting firm pursuant to this policy.

**PROPOSAL 2:
RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Ernst & Young LLP has served as the Company's independent registered public accounting firm since 1987, and the Audit Committee has selected Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2009.

Although the Board is not required to submit the Audit Committee's selection of Ernst & Young LLP as the Company's independent registered public accounting firm for share owner approval, the Board has elected to seek ratification by the share owners of the Audit Committee's selection of Ernst & Young LLP as the Company's independent registered public accounting firm for 2009. In the event the Company's share owners do not ratify the selection of Ernst & Young LLP, the Audit Committee will reconsider its recommendation.

A representative of Ernst & Young LLP is expected to attend the Annual Meeting, and the representative will have an opportunity to make a statement if he or she so desires, and will also be available to respond to appropriate questions from share owners.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION OF THE SELECTION OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2009.

**PROPOSAL 3:
APPROVAL OF SECOND RESTATED CERTIFICATE OF INCORPORATION
INCREASING MAXIMUM AUTHORIZED NUMBER OF DIRECTORS**

The Company is proposing to amend and restate its Restated Certificate of Incorporation (the "Restated Certificate") to increase the maximum authorized number of directors that may serve on the Board of Directors from eleven (11) to twelve (12). The text of the Second Restated Certificate is attached to this Proxy Statement as **Appendix A**.

If approved, the amendments to the Restated Certificate will be implemented by filing the Second Restated Certificate of Incorporation with the Secretary of State of Delaware (the "Second Restated Certificate").

Reason For And The Effects Of The Amendments

Currently, eleven directors serve on the Board of Directors. Section A of Article X of the Restated Certificate limits the size of the Board to a minimum of one and maximum of eleven directors. The purpose of amending the Restated Certificate is to amend Section A of Article X in order to increase the maximum numbers of directors that may serve on the Board.

The Board of Directors believes that increasing the number of directors is advisable in order to bring increased experience and diversity of opinions to the Board. The proposed amendment would increase the maximum size of the Board to twelve directors while permitting the Board to determine the size of the Board by resolution.

Section 242 Of The General Corporation Law Of The State Of Delaware

Section 242 of the General Corporation Law of the State of Delaware (the "DGCL") permits the amendment of a corporation's certificate of incorporation so long as the holders of at least a majority of the issued and outstanding shares entitled to vote thereon, and a majority of the issued and outstanding shares of each class entitled to vote thereon as a class, approve the action. Because there are no currently issued shares of Preferred Stock, only the vote of the holders of the Company's Common Stock is required for this action.

Under Section 242, whenever the certificate of incorporation requires for action by the board of directors, by the holders of any class or series of shares or by the holders of any other securities having voting power, the vote of a greater number or proportion than is required by any section of the DGCL, the provision of the certificate of incorporation requiring such greater vote shall not be altered, amended or repealed except by such greater vote.

Effective Date

The Second Restated Certificate shall be effective upon filing pursuant to the DGCL. The Company intends to file the Second Restated Certificate with the Secretary of State of Delaware promptly following its approval at the 2009 Annual Meeting of Stockholders.

Vote Required

Under Article XII of the Restated Certificate, approval by the affirmative vote of holders of not less than 80% of the outstanding shares of capital stock of the Company is required in order to repeal or amend the provisions of Article X, Article XI or Article XII. Since the proposed amendment is to Section A of Article X, the affirmative vote of holders of 80% of the outstanding shares of capital stock of the Company will be required to approve the Second Restated Certificate. Because there are no currently issued shares of Preferred Stock, only the vote of the holders of the Company's Common Stock is required for this action. Abstentions and broker non-votes will have the effect of a vote against the proposed amendment.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL OF THE SECOND RESTATED CERTIFICATE OF INCORPORATION

**PROPOSAL 4:
APPROVAL OF THE AMENDMENT AND RESTATEMENT
OF THE COMPANY'S
2005 INCENTIVE AWARD PLAN**

The Company previously adopted and share owners previously approved the Owens-Illinois 2005 Incentive Award Plan (the "2005 Plan") in order to promote the success and enhance the value of the Company by linking the personal interest of participants to those of Company share owners and by providing participants with an incentive for outstanding performance. The Board of Directors has approved an amendment and restatement of the 2005 Plan (which is referred to as the "Restated Plan"), subject to share owner approval which:

increases the number of shares available under the 2005 Plan by 9,000,000;

limits payment of dividend equivalent rights to vested awards;

eliminates dividend equivalent rights on stock options and stock appreciation rights;

specifically prohibits all forms of repricing of options or stock appreciation rights without share owner approval; and

extends the term of the plan until 2019.

In addition, certain other immaterial administrative changes have been included in the Restated 2005 Plan.

Share owner approval is required in order to increase the number of shares under the terms of the 2005 Plan.

In addition, the Company is seeking share owner approval of the material terms of performance goals under the Restated Plan. Share owner approval of such terms would preserve the Company's ability to deduct compensation associated with future performance-based awards made under the Restated Plan to certain executives. IRC Section 162(m) ("Section 162(m)") limits the deductions a publicly-held company can claim for compensation in excess of \$1 million paid in a given year to its chief executive officer, and its three other most highly-compensated executive officers (other than its chief financial officer) (these officers are generally referred to as the "covered employees").

"Performance-based" compensation that meets certain requirements is not counted against the \$1 million deductibility cap. Stock options and stock appreciation rights qualify as performance-based compensation. Other awards that we may grant under the Restated Plan may qualify as performance-based compensation if the payment, retention or vesting of the award is subject to the achievement during a performance period of performance goals selected by the Compensation Committee. Performance shares which the Company currently uses under the 2005 Plan are intended to qualify as performance based compensation exempt from Section 162(m). The Compensation Committee retains the discretion to set the level of performance for a given performance measure under a performance-based award. For such awards to qualify as performance-based compensation, the share owners must approve the material terms of the performance goals every five years.

Although the material terms of the 2005 Plan normally would not need approval until 2010, since the Company is already seeking share owner approval for the increase in the number of shares, it determined also to seek approval of the material terms of the performance goals under the Restated Plan at this time. For a discussion of the performance criteria for which approval is being sought, please see the discussion under "Performance Based Awards" below.

Table of Contents

The Company adopted the Restated Plan because as of February 24, 2009 only 2,572,574 shares remained available for issuance under the 2005 Plan. Therefore, unless the Restated Plan is approved the Company will not be able to continue making equity compensation grants to our employees and consultants. Equity compensation is a key component of the Company's compensation program (see discussion regarding long term incentives under the "Compensation Discussion and Analysis" section of this Proxy). While the Company could increase cash compensation if unable to grant equity incentives, it anticipates that it will have difficulty attracting, retaining and motivating employees and consultants if unable to make equity grants. Equity-based grants are a more effective compensation vehicle than strictly cash, because they better align the financial interests of employees and share owners, and encourage actions that maximize long-term share owner value.

The Company believes that the Restated Plan is in the best interests of share owners. It has previously managed long-term share owners dilution by limiting the number of equity awards granted. The Compensation Committee carefully monitors total dilution and equity expense to ensure that share owners value is managed by granting only the appropriate number of equity awards necessary to attract, reward and retain employees. Aggregate grants of equity awards, which included shares of restricted stock, stock options and performance shares, constituted 0.50%, 0.34% and 1.22% of our outstanding shares in 2008, 2007 and 2006, respectively.

If the Restated Plan is not approved, its provisions will not become effective. In that case, the 2005 Plan as in existence prior to its amendment and restatement will continue in effect.

Description of Proposed Restated Plan

The following summary of the terms of the Restated Plan is qualified in its entirety by reference to the text of the 2005 Plan and the various award agreements used thereunder, forms of which have been filed as exhibits to the Company's Annual Report Form 10-K for the year ending December 31, 2005. The proposed Restated Plan is attached as **Appendix B** to this proxy statement.

The Restated Plan provides for the grant of stock options, both incentive stock options and nonqualified stock options, restricted stock, stock appreciation rights (SARs), performance shares, performance stock units, dividend equivalents, stock payments, deferred stock, restricted stock units, other stock-based awards, and cash performance bonus awards to eligible individuals (collectively "Awards").

Administration

The Restated Plan will be administered by the Compensation Committee of the Board. The Compensation Committee may delegate to a committee of one or more members of the Board the authority to grant or amend awards to participants who are "covered employees" within the meaning of Section 162(m). The Compensation Committee will include at least two directors, each of whom qualifies as a non-employee director pursuant to Rule 16b of the Exchange Act, and an "outside director" pursuant to Section 162(m).

The Compensation Committee will have the exclusive authority to administer the Restated Plan, including the power to determine eligibility, the types and sizes of awards, the price and timing of awards and the acceleration or waiver of any vesting restriction, provided that the Compensation Committee will not have the authority to accelerate vesting or waive the forfeiture provisions applicable to any performance-based awards.

Table of Contents

Eligibility

Persons eligible to participate in the Restated Plan include employees and consultants of the Company and its subsidiaries, as determined by the Compensation Committee. The Company and its subsidiaries currently have approximately 23,000 employees. At this time, the Company does not anticipate granting awards under the 2005 Plan to consultants. Directors are not eligible for Awards under the Restated Plan.

Limitation on Awards and Shares Available

The aggregate number of shares of Common Stock subject to awards under the 2005 Plan is currently 7,000,000. That number may be adjusted for changes in the Company's capitalization and certain corporate transactions, as described below under the heading "Changes in Corporate Structure and Change in Control"

As of February 24, 2009, awards covering an aggregate of 3,512,668 shares were completed or outstanding under the 2005 Plan, and 2,572,574 shares (plus any shares that might in the future be returned to the 2005 Plan as a result of cancellations, forfeitures, repurchases or expiration of awards) remained available for future grants. As noted above, the Restated Plan would increase the number of shares authorized for issuance under the 2005 Plan by 9,000,000 shares for a total of 16,000,000 shares.

The payment of dividend equivalents in conjunction with outstanding awards will not be counted against the shares available for issuance under the Restated Plan. To the extent permitted by applicable law or any exchange rule, shares issued in assumption of, or in substitution for, any outstanding awards of any entity acquired in any form of combination by the Company or any of its subsidiaries will not be counted against the shares available for issuance under the Restated Plan. Shares tendered or withheld to satisfy the grant or exercise price or tax withholding obligation will not be added back to the total number of shares available for grants under the Restated Plan.

Each Award, other than an option, SAR or other Award for which the Participant pays the intrinsic value, such as restricted stock and performance shares shall count as 1.75 shares. In addition, each share subject to a SAR which is exercised shall be counted as one share issued under the Restated Plan for purposes of counting the number of shares available for grant under the Restated Plan.

The maximum number of shares of Common Stock that may be subject to one or more awards to a participant pursuant to the Restated Plan during any calendar year is 700,000 shares and the maximum dollar value of any Award intended to be exempt from Section 162(m) as performance based which is payable in cash may not exceed \$5,000,000. As of February 24, 2009, the closing price of the Common Stock on the NYSE was \$14.93 per share.

Awards

The Restated Plan provides for the grant of incentive stock options, nonqualified stock options, restricted stock, SARs, performance shares, performance stock units, dividend equivalents, stock payments, deferred stock, restricted stock units, other stock-based awards, and performance-based awards. No determination has been made as to the types or amounts of awards that will be granted to specific individuals pursuant to the Restated Plan. See the Summary Compensation Table and Grants of Plan-Based Awards in 2008, for information on prior awards to named executive officers.

Table of Contents

Options. Stock options, including incentive stock options, as defined under Section 422 of the Code, and nonqualified stock options may be granted pursuant to the Restated Plan. The option exercise price of all stock options granted pursuant to the Restated Plan will not be less than 100% of the fair market value of the Common Stock on the date of grant. Stock options may be exercised as determined by the Compensation Committee, but in no event more than ten years after their date of grant. The aggregate fair market value of the shares with respect to which options intended to be incentive stock options are exercisable for the first time by an employee in any calendar year may not exceed \$100,000, or such other amount as the Code provides.

Restricted Stock. Restricted stock may be granted pursuant to the Restated Plan. A restricted stock award is the grant of shares of Common Stock at a price determined by the Compensation Committee (which may be zero), that is nontransferable and may be subject to substantial risk of forfeiture until specific conditions are met. Conditions may be based on continuing employment or achieving performance goals. During the period of restriction, participants holding shares of restricted stock may have full voting and dividend rights with respect to such shares. The restrictions will lapse in accordance with a schedule or other conditions determined by the Compensation Committee.

Stock Appreciation Rights/SARs. Stock appreciation rights or SARs may be granted pursuant to the Restated Plan, either alone or in tandem with other awards. A SAR is the right to receive payment of an amount equal to the excess of the fair market value of a share of Common Stock on the date of exercise of the SAR over the fair market value of a share of Common Stock on the date of grant of the SAR. SARs may be paid in cash or stock. SARs may be exercised as determined by the Committee, but in no event more than 10 years after their date of grant.

Restricted Stock Units. Restricted stock units represent the right to receive shares of Common Stock at a specified date in the future, subject to forfeiture of such right. If the restricted stock unit has not been forfeited, then on the date specified in the restricted stock unit award we shall deliver to the holder of the restricted stock unit unrestricted shares of Common Stock which will be freely transferable. The Compensation Committee will specify the purchase price, if any, to be paid by the grantee for the Common Stock.

Dividend Equivalents. Dividend equivalents represent the value of the dividends per share of Common Stock paid by the Company, calculated with reference to the number of shares covered by an Award (other than a dividend equivalent award, option or SAR) held by the participant. Dividend Equivalents will not be granted on options or stock appreciation rights. In addition, no dividend equivalent will be paid unless and until the Award on which the dividend equivalent is granted vests.

Performance Share Awards. Performance share awards are denominated in shares of Common Stock and are linked to satisfaction of performance criteria established by the Compensation Committee. If the Compensation Committee determines that the Award is intended to meet the requirements of "qualified performance based compensation" and therefore be deductible under Section 162(m), then the performance criteria on which the Award will be based shall be with reference to any one or more of the performance criteria specified under "Performance Based Awards" below.

Performance Share Units. Performance share units are denominated in units equivalent to shares of Common Stock or units of value, including dollar value of shares of Common Stock, and are linked to satisfaction of performance criteria established by the Compensation Committee on a specified date or dates over any period or periods. If the Compensation Committee determines that the Award is intended

Table of Contents

to meet the requirements of "qualified performance based compensation" and therefore be deductible under Section 162(m), then the performance criteria on which the Award will be based shall be with reference to any one or more of the performance criteria specified under "Performance Based Awards" below.

Stock Payments. Payments to participants of bonuses or other compensation may be made under the Plan in the form of Common Stock. The number of shares will be determined by the Compensation Committee, and may be based upon performance criteria.

Performance Bonus Award. Performance bonus awards are payable in cash and are linked to satisfaction of performance criteria; provided, that no Performance bonus award which is intended to be exempt from the limits of Section 162(m) may be payable in excess of \$5,000,000 for any calendar year.

Other Stock Awards. The Restated Plan allows for various other awards which are based on the Common Stock, with such terms generally as the Compensation Committee may determine in its discretion.

Payment for Awards

Upon the exercise of a stock option or with respect to other Awards which the Compensation Committee requires a purchase price, the purchase price must be paid in full in either cash or its equivalent or by tendering previously acquired shares of Common Stock with a fair market value at the time of exercise equal to the purchase price (provided such shares have been held for such period of time as may be required by the Compensation Committee in order to avoid adverse accounting consequences and have a fair market value on the date of delivery equal to the aggregate purchase price of the exercised portion of the Award or other property acceptable to the Compensation Committee (including through the delivery of a notice that the participant has placed a market sell order with a broker with respect to shares then issuable upon exercise of the Award, and that the broker has been directed to pay a sufficient portion of the net proceeds of the sale to the Company in satisfaction of the purchase price, provided that payment of such proceeds is then made to the Company upon settlement of such sale). However, no participant will be permitted to pay for an Award under the Plan with a loan or other extension of credit from the Company.

Performance Based Awards

The Restated Plan has been designed to permit the Compensation Committee to grant equity and cash awards that will qualify as "performance-based compensation" within the meaning of Section 162(m). The Compensation Committee may grant "performance-based compensation" awards to employees whose compensation for a given fiscal year may be subject to the limit on deductible compensation imposed by Section 162(m) ("Covered Employees"), to preserve the deductibility of these awards for federal income tax purposes (see additional discussion of deductibility requirements under "Federal Income Tax Consequences" below). "Performance-based compensation" awards vest or become exercisable upon the attainment of specific performance targets that are pre-established by the Compensation Committee and are related to one or more of the performance goals (described below) set forth in the Restated Plan. Participants are only entitled to receive payment for a "performance-based compensation" award for any given performance period to the extent that such pre-established performance goals for the period are satisfied.

Table of Contents

The pre-established performance goals must be based on one or more of the following performance criteria:

earnings before or after taxes (including earnings before interest, taxes, depreciation and amortization);

net income;

operating income;

relative to one or more peer group companies or indices, or any combination thereof, all as the Compensation Committee shall determine.

The Compensation Committee may provide that one or more objectively determinable adjustments will be made to one or more of the performance goals established for any performance period. Such adjustments may include one or more of the following:

items related to a change in accounting principle,

items relating to financing activities,

expenses for restructuring or productivity initiatives,

other non-operating items,

items related to acquisitions,

items attributable to the business operations of any entity acquired by us during the performance period,

items related to the disposal of a business or segment of a business,

items related to discontinued operations that do not qualify as a segment of a business under applicable accounting principles,

items attributable to any stock dividend, stock split, combination or exchange of shares occurring during the performance period,

any other items of significant income or expense which are determined to be appropriate adjustments,

items relating to unusual or extraordinary corporate transactions, events or developments,

items related to amortization of acquired intangible assets,

items that are outside the scope of our core, on-going business activities, or

items relating to any other unusual or nonrecurring events or changes in applicable laws, accounting principles or business conditions.

In determining the actual size of an individual performance-based award for a performance period, the Compensation Committee may reduce or eliminate (but not increase) the Award. Generally, a participant will have to be employed on the date the performance-based award is paid to be eligible for a performance-based award for any period.

Changes in Capital Structure and Change in Control

In the event of a stock dividend, stock split, combination or exchange of shares, merger, consolidation, spin-off, recapitalization, distribution of assets or any other corporate event affecting the Common Stock or the share price of the Common Stock in a manner that causes dilution or enlargement of benefits or potential benefits under the Restated Plan, the Compensation Committee shall make proportionate and equitable adjustments, in its discretion, to: (i) the aggregate number and types of shares of stock that may be issued under the Restated Plan; (ii) the terms and conditions of any outstanding awards (including any applicable performance targets); and/or (iii) the grant or exercise price for any outstanding Awards.

Table of Contents

In addition, in such a case or in the event of any unusual or nonrecurring transactions or events affecting the Company or the financial statements of the Company, or of changes in applicable laws, the Compensation Committee, may, in its discretion, subject to the terms of the Restated Plan, take any of the following actions if it determines that such action is appropriate in order to prevent the dilution or enlargement of benefits or potential benefits intended to be made available under the Restated Plan or with respect to any Award: (i) provide for either the payment and termination of the Award or the replacement of the Award; (ii) provide that the Awards shall be assumed by the successor or survivor corporation, or a parent or subsidiary thereof, or shall be substituted for by similar awards covering the stock of the successor or survivor corporation, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kind of shares and prices; (iii) make adjustments in the number and type of shares of stock (or other securities or property) subject to outstanding Awards and/or in the terms and conditions of (including the grant or exercise price), and the criteria included in, outstanding Awards which may be granted in the future; (iv) provide for the acceleration of vesting or exercisability of the Awards; and/or (v) provide that the awards cannot vest or be exercised after the event that triggers the action.

In the event of a "change in control" (as defined in the Restated Plan), the Compensation Committee, may, in its discretion and subject to applicable law, with respect to any or all outstanding Awards: (i) cause such Awards to vest and become exercisable; (ii) cause forfeiture conditions applicable to such Awards to lapse; (iii) permit the exercise of such Awards during a specified period of time; and/or (iv) cause such Awards to terminate at a specified time. Awards that remain outstanding following a merger or consolidation in which the Company is the surviving corporation shall, after the consummation of such merger or consolidation, apply to the securities that a holder of the number of shares of Common Stock subject to each such Award would have received in such merger or consolidation.

Amendment and Termination

The Compensation Committee, subject to approval of the Board, may terminate, amend, or modify the Restated Plan at any time; provided, however, that share owner approval will be obtained for any amendment:

to the extent necessary or desirable to comply with any applicable law, regulation or stock exchange rule,

to increase the number of shares available under the Restated Plan,

to permit the Compensation Committee to grant options or SARs with a price below fair market value on the date of grant,

to reprice an outstanding option or SAR,

to cancel or surrender an option or SAR in exchange for an option or SAR having a lower per share exercise price,

to exchange an option or SAR for cash or another Award if the price per share of such option or SAR exceeds the fair market value of our common stock,

to extend the exercise period for an option or SAR beyond ten years from the date of grant.

In no event may an award be granted pursuant to the Restated Plan on or after April 23, 2019, the tenth anniversary of the date share owner approve the Restated Plan.

Federal Income Tax Consequences

With respect to nonqualified stock options, the Company is generally entitled to deduct and the optionee recognizes taxable income in an amount equal to the difference between the option exercise price and the fair market value of the shares at the time of exercise. A participant receiving incentive stock options will not recognize taxable income upon grant. Additionally, if applicable holding period requirements are met, the participant will not recognize taxable income at the time of exercise. However, the excess of the fair market value of the Common Stock received over the option price is an item of tax preference income potentially subject to the alternative minimum tax. If stock acquired upon exercise of an incentive stock option is held for a minimum of two years from the date of grant and one year from the date of exercise, the gain or loss (in an amount equal to the difference between the fair market value on the date of sale and the exercise price) upon disposition of the stock will be treated as a long-term capital gain or loss, and the Company will not be entitled to any deduction. If the holding period requirements are not met, the incentive stock option will be treated as one which does not meet the requirements of the IRC for incentive stock options and the tax consequences described for nonqualified stock options will apply.

The current federal income tax consequences of other awards authorized under the Restated Plan generally follow certain basic patterns: SARs are taxed and deductible in substantially the same manner as nonqualified stock options; nontransferable restricted stock subject to a substantial risk of forfeiture results in income recognition equal to the excess of the fair market value over the price paid, if any, only at the time the restrictions lapse (unless the recipient elects to accelerate recognition as of the date of grant); stock-based performance awards, dividend equivalents and other types of awards are generally subject to tax at the time of payment. Compensation otherwise effectively deferred is taxed when paid. In each of the foregoing cases, the Company will generally have a corresponding deduction at the time the participant recognizes income, subject to Section 162(m) with respect to covered employees.

Certain Awards under the Plan, depending in part on particular Award terms and conditions, may be considered non-qualified deferred compensation subject to the requirements of IRC Section 409A. If the terms of such Awards do not meet the requirements of IRC Section 409A, then the violation may result in an additional 20% tax obligation, plus penalties and interest for such participant.

The number of Awards that an employee or consultant may receive under the Restated Plan is in the discretion of the Compensation Committee. However, for sake of illustration, the following table

Vote Required

Under New York Stock Exchange ("NYSE") rules, approval of the Restated Plan requires the affirmative vote of the holders of a majority of the shares cast on such proposal, in person or by proxy, provided the total votes cast on the proposal represents more than 50% of the outstanding shares entitled to vote on the proposal, which is referred to as the "Outstanding Shares." Votes "For" and "Against" and abstentions are counted as votes cast, while broker non-votes do not count as votes cast but count as Outstanding Shares. Thus, the total sum of votes "For" plus votes "Against" plus abstentions, which is referred to as the "NYSE Votes Cast", must be greater than 50% of the total Outstanding Shares. Further, the number of votes "For" the proposal must be greater than 50% of the NYSE Votes Cast. Thus, abstentions have the same effect as a vote against the proposal. Brokers do not have discretionary authority to vote shares on this proposal without direction from the beneficial owner. Thus, broker non-votes could impair our ability to satisfy the requirement that the NYSE Votes Cast represent over 50% of the Outstanding Shares.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL OF THE AMENDED AND RESTATED 2005 INCENTIVE AWARD PLAN.

Subject to the provisions hereof, the Corporation reserves the right at any time, and from time to time, to amend, alter, repeal, or rescind any provision contained herein, in the manner now or hereafter prescribed by law, and other provisions authorized by the laws of the State of Delaware at the time in force may be added or inserted, in the manner now or hereafter prescribed by law; and all rights, preferences and privileges of whatsoever nature conferred upon stockholders, directors, or any other persons whomsoever by and pursuant to this Certificate of Incorporation in its present form or as hereafter amended are granted subject to this reservation.

ARTICLE X

A. Except as may otherwise be provided pursuant to Article IV hereof with respect to any rights of holders of Preferred Stock to elect additional directors, the number of directors of the Corporation shall be not less than one (1) nor more than twelve (12), with the then-authorized number of directors being fixed from time to time by or pursuant to a resolution passed by the Board of Directors of the Corporation.

B. The directors of the Corporation (other than any directors who may be elected by holders of Preferred Stock as provided for pursuant to Article IV hereof) shall be and are divided into three classes: Class I, Class II and Class III. The number of directors in each class shall be as nearly equal as the then-authorized number of directors constituting the Board of Directors permits. Each director shall serve for a term ending on the date of the third annual meeting of stockholders (an "Annual Meeting") following the Annual Meeting at which such director was elected; provided, however, that each initial director in Class I shall serve for a term ending on the date of the Annual Meeting held in 1992, each initial director in Class II shall serve for a term ending on the date of the Annual Meeting held in 1993, and each initial director in Class III shall serve for a term ending on the date of the Annual Meeting held in 1994. Any director who may be elected by holders of Preferred Stock as provided for pursuant to Article IV hereof shall serve for a term ending on the date of the next Annual Meeting following the Annual Meeting at which such director was elected.

C. In the event of any increase or decrease in the authorized number of directors:

1. Each director then serving shall nevertheless continue as a director of the class of which he is a member until the expiration of his term or his prior death, retirement, resignation or removal; and

2. Except to the extent that an increase or decrease in the authorized number of directors occurs in connection with the rights of holders of Preferred Stock to elect additional directors, the newly created or eliminated directorships resulting from any increase or decrease shall be apportioned by the Board of Directors among the three classes so as to keep the number of directors in each class as nearly equal as possible.

D. Notwithstanding the provisions of Paragraphs B and C of this Article X, each director shall serve until his successor is elected and qualified or until his death, retirement, resignation or removal. Except as may otherwise be provided pursuant to Article IV hereof with respect to any rights of holders of Preferred Stock, a director may be removed without cause either by (i) a majority vote of the directors then in office (including for purposes of calculating the number of directors then in office the director subject to such removal vote), or (ii) the affirmative vote of the stockholders holding at least 80% of the capital stock entitled to vote for the election of directors.

E. Except as may otherwise be provided pursuant to Article IV hereof with respect to any rights of holders of Preferred Stock to elect additional directors, should a vacancy in the Board of Directors occur or be created (whether arising through death, retirement, resignation or removal or through an increase in the number of authorized directors), such vacancy shall be filled by the affirmative vote of a majority of the remaining directors, even though less than a quorum of the Board of Directors. A director so elected to fill a vacancy shall serve for the remainder of the term of the class to which he was elected.

F. During any period when the holders of any series of Preferred Stock have the right to elect additional directors as provided for or fixed pursuant to the provisions of Article IV hereof, then upon commencement and for the duration of the period during which such right continues (i) the then otherwise total and authorized number of directors of the Corporation shall automatically be increased by such specified number of directors, and the holders of such Preferred Stock shall be entitled to elect the additional directors so provided for or fixed pursuant to said provisions, and (ii) each such additional director shall serve until such director's successor shall have been duly elected and qualified, or until such director's right to hold such office terminates pursuant to said provisions, whichever occurs earlier, subject to his earlier death, disqualification, resignation or removal. Except as otherwise provided by the Board of Directors in the resolution or resolutions establishing such series, whenever the holders of any series of Preferred Stock having such right to elect additional directors are divested of such right pursuant to the provisions of such stock, the terms of office of all such additional directors elected by the holders of such stock, or elected to fill any vacancies resulting from the death, resignation, disqualification or removal of such additional directors, shall forthwith terminate and the total and authorized number of directors of the Corporation shall be reduced accordingly.

ARTICLE XI

Certain Limitations On Powers Of Stockholders

A. Action shall be taken by the stockholders only at annual or special meetings of stockholders and stockholders may not act by written consent.

B. Special meetings of the stockholders of the Corporation for any purpose or purposes may be called at any time by the Board of Directors, or by a majority of the members of the Board of Directors, or by a committee of the Board of Directors which has been duly designated by the Board of Directors and whose powers and authority, as provided in a resolution of the Board of Directors or in the By-Laws of the Corporation, include the power to call such meetings. Special meetings of stockholders of the Corporation may not be called by any other person or persons.

ARTICLE XII

The provisions set forth in this Article XII and in Article X (provisions as to number, classes and removal of directors), and Article XI (provisions regarding certain limitations on powers of stockholders) may not be repealed or amended in any respect, and no provision imposing cumulative voting in the election of directors may be added, unless such action is approved by the affirmative vote of the holders of not less than 80% of all of the outstanding shares of capital stock of the Corporation or another corporation entitled to vote generally in the election of directors.

ARTICLE XIII

Executive Committee

The Board of Directors, pursuant to the By-Laws of the Corporation or by resolution passed by a majority of the then-authorized number of directors, may designate any of their number to constitute an Executive Committee, which Executive Committee, to the fullest extent permitted by law and provided for in said resolution or in the By-Laws of the Corporation, shall have and may exercise all of the powers of the Board of Directors in the management of the business and affairs of the Corporation, and shall have power to authorize the seal of the Corporation to be affixed to all papers that may require it.

3.1 *Number of Shares.*

(a) Subject to Article 11 and Section 3.1(b), the aggregate number of shares of Stock which may be issued or transferred pursuant to Awards under the Plan shall be 16,000,000 shares, *provided, however*, that such aggregate number of shares of Stock available for issuance under the Plan shall be reduced by 1.75 shares for each share of Stock delivered in settlement of any Full Value Award.

Any shares of Common Stock tendered or withheld to satisfy the grant or exercise price or tax withholding obligation pursuant to any Award (other than an Option) shall be counted against the number of shares available under Section 3.1(a). To the extent permitted by applicable law or any exchange rule, shares of Stock issued in assumption of, or in substitution for, any outstanding awards of any entity acquired in any form of combination by the Company or any Subsidiary shall not be counted against shares of Stock available for grant pursuant to this Plan. The payment of Dividend Equivalents in conjunction with any outstanding Awards shall not be counted against the shares available for issuance under the Plan. For purposes of determining the number of shares available under Section 3.1(a), shares of Common Stock subject to Stock Appreciation Rights shall be counted as one share for each Stock Appreciation Right awarded.

3.2 *Stock Distributed.* Any Stock distributed pursuant to an Award may consist, in whole or in part, of authorized and unissued Stock, treasury Stock or Stock purchased on the open market.

No Eligible Individual shall have any right to be granted an Award pursuant to this Plan.

4.3 *Foreign Participants.* In order to assure the viability of Awards granted to Participants employed in foreign countries, the Committee may provide for such special terms as it may consider necessary or appropriate to accommodate differences in local law, tax policy, or custom. Moreover, the Committee may approve such supplements to, or amendments, restatements, or alternative versions of, the Plan as it may consider necessary or appropriate for such purposes without thereby affecting the terms of the Plan as in

(a) *Exercise Price.* The exercise price per share of Stock subject to an Option shall be determined by the Committee and set forth in the Award Agreement; *provided* that the exercise price for any Option shall not be less than 100% of the Fair Market Value of a share of Stock on the date of grant.

To the extent that Incentive Stock Options are first exercisable by a Participant in excess of such limitation, the excess shall be considered Non-Qualified Stock Options.

(d) *Ten Percent Owners.* An Incentive Stock Option shall be granted to any individual who, at the date of grant, owns stock possessing more than ten percent of the total combined voting power of all classes of Stock of the Company only if such Option is granted at a price that is not less than 110% of Fair Market Value on the date of grant and the Option is exercisable for no more than five years from the date of grant.

**ARTICLE 6.
RESTRICTED STOCK AWARDS**

6.1 *Grant of Restricted Stock.* The Committee is authorized to make Awards of Restricted Stock to any Eligible Individual selected by the Committee in such amounts and subject to such terms and conditions as determined by the Committee. All Awards of Restricted Stock shall be evidenced by a written Restricted Stock Award Agreement.

6.2 *Issuance and Restrictions.* Subject to Section 10.6, Restricted Stock shall be subject to such restrictions on transferability and other restrictions as the Committee may impose (including, without limitation, limitations on the right to vote Restricted Stock or the right to receive dividends on the Restricted Stock). These restrictions may lapse separately or in combination at such times, pursuant to such circumstances, in such installments, or otherwise, as the Committee determines at the time of the grant of the Award or thereafter.

6.3 *Forfeiture.* Except as otherwise determined by the Committee at the time of the grant of the Award or thereafter, upon termination of employment or service during the applicable restriction period, Restricted Stock that is at that time subject to restrictions shall be forfeited; *provided, however,* that, except as otherwise provided by Section 10.6, the Committee may (a) provide in any Restricted Stock Award Agreement that restrictions or forfeiture conditions relating to Restricted Stock will be waived in whole or in part in the event of terminations resulting from specified causes, and (b) in other cases waive in whole or in part restrictions or forfeiture conditions relating to Restricted Stock.

6.4 *Certificates for Restricted Stock.* Restricted Stock granted pursuant to the Plan may be evidenced in such manner as the Committee shall determine. Certificates or book entries evidencing shares of Restricted Stock must include an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Stock, and the Company may, in its sole discretion, retain physical possession of any stock certificate until such time as all applicable restrictions lapse.

Company an amount determined by multiplying the difference obtained by subtracting the exercise price per share of the Stock Appreciation Right from the Fair Market Value on the date of exercise of the Stock Appreciation Right by the number of shares of Common Stock with respect to which the Stock Appreciation Right shall have been exercised, subject to any limitations the Committee may impose. The exercise price per share of Stock subject to each Stock Appreciation Right shall be set by the Committee, but shall not be less than 100% of the Fair Market Value on the date the Stock Appreciation Right is granted.

7.2 *Form of Payment.* Payment of the amounts determined under Section 7.1(b) shall be in cash, shares of Common Stock (based on its Fair Market Value as of the date the Stock Appreciation Right is exercised), or a combination of both, as determined by the Committee.

**ARTICLE 8.
OTHER TYPES OF AWARDS**

8.1 *Performance Share Awards.* Any Participant selected by the Committee may be granted one or more Performance Share awards which shall be denominated in a number of shares of Stock and which may be linked to any one or more of the Performance Criteria or other specific performance criteria determined appropriate by the Committee, in each case on a specified date or dates or over any period or periods determined by the Committee. In making such determinations, the Committee shall consider (among such other factors as it deems relevant in light of the specific type of award) the contributions, responsibilities and other compensation of the particular Participant.

8.2 *Performance Stock Units.* Any Participant selected by the Committee may be granted one or more Performance Stock Unit awards which shall be denominated in units of value including dollar value of shares of Stock and which may be linked to any one or more of the Performance Criteria or other specific performance criteria determined appropriate by the Committee, in each case on a specified date or dates or over any period or periods determined by the Committee. In making such determinations, the Committee shall consider (among such other factors as it deems relevant in light of the specific type of award) the contributions, responsibilities and other compensation of the particular Participant.

8.3 *Dividend Equivalents.*

(a) Any Participant selected by the Committee may be granted Dividend Equivalents based on the dividends declared on the shares of Stock that are subject to any Award, to be credited as of dividend payment dates, during the period between the date the Award is granted and the date the Award is exercised, vests or expires, as determined by the Committee. Such Dividend Equivalents shall be converted to cash or additional shares of Stock by such formula and at such time and subject to such limitations as may be determined by the Committee. No Dividend Equivalent will be paid to a Participant unless and until the Award to which such Dividend Equivalent relates vests.

(b) Notwithstanding the foregoing, no Dividend Equivalents shall be payable with respect to Options or Stock Appreciation Rights.

8.4 *Stock Payments.* Any Participant selected by the Committee may receive Stock Payments in the manner determined from time to time by the Committee; *provided*, that unless otherwise determined by the Committee such Stock Payments shall be made in lieu of base salary, bonus, or other cash compensation otherwise payable to such Participant. determined appropriate by the Committee, determined on the date such Stock Payment is made or on any date thereafter.

8.5 *Deferred Stock.* Any Participant selected by the Committee may be granted an award of Deferred Stock in the manner determined from time to time by the Committee. The number of shares of Deferred Stock shall be determined by the Committee and may be linked to the Performance Criteria or other specific performance criteria determined to be appropriate by the Committee, in each case on a specified date or dates or over any period or periods determined by the Committee subject to Section 10.6. Stock underlying a Deferred Stock award will not be issued until the Deferred Stock award has vested, pursuant to a vesting schedule or performance criteria set by the Committee. Unless otherwise provided by the Committee, a Participant awarded Deferred Stock shall have no rights as a Company stockholder with respect to such Deferred Stock until such time as the Deferred Stock Award has vested and the Stock underlying the Deferred Stock Award has been issued.

8.6 *Restricted Stock Units.* The Committee is authorized to make Awards of Restricted Stock Units to any Participant selected by the Committee in such amounts and subject to such terms and conditions as determined by the Committee. At the time of grant, the Committee shall specify the date or dates on which the Restricted Stock Units shall become fully vested and nonforfeitable, and may specify such conditions to vesting as it deems appropriate subject to Section 10.6. At the time of grant, the Committee shall specify the maturity date applicable to each grant of Restricted Stock Units which shall be no earlier than the vesting date or dates of the Award and may be determined at the election of the grantee. On the maturity date, the Company shall, subject to Section 10.5(b), transfer to the Participant one unrestricted, fully transferable share of Stock for each Restricted Stock Unit scheduled to be paid out on such date and not previously forfeited. The Committee shall specify the purchase price, if any, to be paid by the grantee to the Company for such shares of Stock.

8.7 *Other Stock-Based Awards.* Any Participant selected by the Committee may be granted one or more Awards that provide Participants with shares of Stock or the right to purchase shares of Stock or that have a value derived from the value of, or an exercise or conversion privilege at a price related to, or that are otherwise payable in shares of Stock and which may be linked to any one or more of the Performance Criteria or other specific performance criteria determined appropriate by the Committee, in each case on a specified date or dates or over any period or periods determined by the Committee subject to Section 10.6. In making such determinations, the Committee shall consider (among such other factors as it deems relevant in light of the specific type of Award) the contributions, responsibilities and other compensation of the particular Participant.

8.8 *Performance Bonus Awards.* Any Participant selected by the Committee may be granted one or more Performance-Based Awards in the form of a cash bonus (a "*Performance Bonus Award*") payable upon the attainment of Performance Goals that are established by the Committee and relate to one or more of the Performance Criteria, in each case on a specified date or dates or over any period or periods determined by the Committee subject to Section 10.6. Any such Performance Bonus Award paid to a Covered Employee shall be based upon objectively determinable bonus formulas established in accordance with Article 9.

8.9 *Term.* Except as otherwise provided herein, the term of any Award of Performance Shares, Performance Stock Units, Dividend Equivalents, Stock Payments, Deferred Stock, Restricted Stock Units or Other Stock-Based Award shall be set by the Committee in its discretion.

Table of Contents

8.10 *Exercise or Purchase Price.* The Committee may establish the exercise or purchase price, if any, of any Award of Performance Shares, Performance Stock Units, Deferred Stock, Stock Payments, Restricted Stock Units or Other Stock-Based Award; *provided, however*, that such price shall not be less than the par value of a share of Stock on the date of grant, unless otherwise permitted by applicable state law.

8.11 *Exercise Upon Termination of Employment or Service.* An Award of Performance Shares, Performance Stock Units, Dividend Equivalents, Deferred Stock, Stock Payments, Restricted Stock Units and Other Stock-Based Award shall only be exercisable or payable while the Participant is an Employee or Consultant, as applicable; *provided, however*, that the Committee in its sole and absolute discretion may provide that an Award of Performance Shares, Performance Stock Units, Dividend Equivalents, Stock Payments, Deferred Stock, Restricted Stock Units or Other Stock-Based Award may be exercised or paid subsequent to a termination of employment or service, as applicable, or following a Change in Control of the Company, or because of the Participant's retirement, death or Disability, or otherwise; *provided, however*, that any such provision with respect to Performance Shares or Performance Stock Units shall be subject to the requirements of Section 162(m) of the Code that apply to Qualified Performance-Based Compensation.

8.12 *Form of Payment.* Payments with respect to any Awards granted under this Article 8 shall be made in cash, in Stock or a combination of both, as determined by the Committee.

ARTICLE 9.
PERFORMANCE-BASED AWARDS

9.1 *Purpose.* The purpose of this Article 9 is to provide the Committee the ability to qualify Awards other than Options and SARs and that are granted pursuant to Articles 6 and 8 as Qualified Performance-Based Compensation. If the Committee, in its discretion, decides to grant a Performance-Based Award to a Covered Employee, the provisions of this Article 9 shall control over any contrary provision contained in Articles 6 or 8; *provided, however*, that the Committee may in its discretion grant Awards to Covered Employees that are based on Performance Criteria or Performance Goals but that do not satisfy the requirements of this Article 9.

9.2 *Applicability.* This Article 9 shall apply only to those Covered Employees selected by the Committee to receive Performance-Based Awards. The designation of a Covered Employee as a Participant for a Performance Period shall not in any manner entitle the Participant to receive an Award for the period. Moreover, designation of a Covered Employee as a Participant for a particular Performance Period shall not require designation of such Covered Employee as a Participant in any subsequent Performance Period and designation of one Covered Employee as a Participant shall not require designation of any other Covered Employees as a Participant in such period or in any other period.

9.3 *Procedures with Respect to Performance-Based Awards.* To the extent necessary to comply with the Qualified Performance-Based Compensation requirements of Section 162(m)(4)(C) of the Code, with respect to any Award granted under Articles 6 and 8 which may be granted to one or more Covered Employees, no later than ninety (90) days following the commencement of any fiscal year in question or any other designated fiscal period or period of service (or such other time as may be required or permitted by Section 162(m) of the Code), the Committee shall, in writing, (a) designate one or more Covered Employees, (b) select the Performance Criteria applicable to the Performance Period, (c) establish the Performance Goals, and amounts of such Awards, as applicable, which may be earned for such

Table of Contents

Performance Period, and (d) specify the relationship between Performance Criteria and the Performance Goals and the amounts of such Awards, as applicable, to be earned by each Covered Employee for such Performance Period. Following the completion of each Performance Period, the Committee shall certify in writing whether the applicable Performance Goals have been achieved for such Performance Period. In determining the amount earned by a Covered Employee, the Committee shall have the right to reduce or eliminate (but not to increase) the amount payable at a given level of performance to take into account additional factors that the Committee may deem relevant to the assessment of individual or corporate performance for the Performance Period.

9.4 *Payment of Performance-Based Awards.* Unless otherwise provided in the applicable Award Agreement, a Participant must be employed by the Company or a Subsidiary on the day a Performance-Based Award for such Performance Period is paid to the Participant. Furthermore, a Participant shall be eligible to receive payment pursuant to a Performance-Based Award for a Performance Period only if the Performance Goals for such period are achieved.

9.5 *Additional Limitations.* Notwithstanding any other provision of the Plan, any Award which is granted to a Covered Employee and is intended to constitute Qualified Performance-Based Compensation shall be subject to any additional limitations set forth in Section 162(m) of the Code (including any amendment to Section 162(m) of the Code) or any regulations or rulings issued thereunder that are requirements for qualification as qualified performance-based compensation as described in Section 162(m)(4)(C) of the Code, and the Plan shall be deemed amended to the extent necessary to conform to such requirements.

ARTICLE 10.
PROVISIONS APPLICABLE TO AWARDS

10.1 *Stand-Alone and Tandem Awards.* Awards granted pursuant to the Plan may, in the discretion of the Committee, be granted either alone, in addition to, or in tandem with, any other Award granted pursuant to the Plan. Awards granted in addition to or in tandem with other Awards may be granted either at the same time as or at a different time from the grant of such other Awards.

10.2 *Award Agreement.* Awards under the Plan shall be evidenced by Award Agreements that set forth the terms, conditions and limitations for each Award which may include the term of an Award, the provisions applicable in the event the Participant's employment or service terminates, and the Company's authority to unilaterally or bilaterally amend, modify, suspend, cancel or rescind an Award.

10.3 *Limits on Transfer.* No right or interest of a Participant in any Award may be pledged, encumbered, or hypothecated to or in favor of any party other than the Company or a Subsidiary, or shall be subject to any lien, obligation, or liability of such Participant to any other party other than the Company or a Subsidiary. Except as otherwise provided by the Committee, no Award shall be assigned, transferred, or otherwise disposed of by a Participant other than by will or the laws of descent and distribution. The Committee by express provision in the Award or an amendment thereto may permit an Award (other than an Incentive Stock Option) to be transferred to, exercised by and paid to certain persons or entities related to the Participant, including but not limited to members of the Participant's family, charitable institutions, or trusts or other entities whose beneficiaries or beneficial owners are members of the Participant's family and/or charitable institutions, or to such other persons or entities as may be expressly approved by the Committee, pursuant to such conditions and procedures as the Committee may establish. Any permitted transfer shall be subject to the condition that the Committee receive evidence satisfactory to it that the

Table of Contents

transfer is being made for estate and/or tax planning purposes (or to a "blind trust" in connection with the Participant's termination of employment or service with the Company or a Subsidiary to assume a position with a governmental, charitable, educational or similar non-profit institution) and on a basis consistent with the Company's lawful issue of securities.

10.4 *Beneficiaries.* Notwithstanding Section 10.3, a Participant may, in the manner determined by the Committee, designate a beneficiary to exercise the rights of the Participant and to receive any distribution with respect to any Award upon the Participant's death. A beneficiary, legal guardian, legal representative, or other person claiming any rights pursuant to the Plan is subject to all terms and conditions of the Plan and any Award Agreement applicable to the Participant, except to the extent the Plan and Award Agreement otherwise provide, and to any additional restrictions deemed necessary or appropriate by the Committee. If the Participant is married and resides in a community property state, a designation of a person other than the Participant's spouse as his or her beneficiary with respect to more than 50% of the Participant's interest in the Award shall not be effective without the prior written consent of the Participant's spouse. If no beneficiary has been designated or survives the Participant, payment shall be made to the person entitled thereto pursuant to the Participant's will or the laws of descent and distribution. Subject to the foregoing, a beneficiary designation may be changed or revoked by a Participant at any time provided the change or revocation is filed with the Committee.

10.5 *Stock Certificates; Book Entry Procedures.*

(a) Notwithstanding anything herein to the contrary, the Company shall not be required to issue or deliver any certificates evidencing shares of Stock pursuant to the exercise of any Award, unless and until the Board has determined, with advice of counsel, that the issuance and delivery of such certificates is in compliance with all applicable laws, regulations of governmental authorities and, if applicable, the requirements of any exchange on which the shares of Stock are listed or traded. All Stock certificates delivered pursuant to the Plan are subject to any stop-transfer orders and other restrictions as the Committee deems necessary or advisable to comply with federal, state, or foreign jurisdiction, securities or other laws, rules and regulations and the rules of any national securities exchange or automated quotation system on which the Stock is listed, quoted, or traded. The Committee may place legends on any Stock certificate to reference restrictions applicable to the Stock. In addition to the terms and conditions provided herein, the Board may require that a Participant make such reasonable covenants, agreements, and representations as the Board, in its discretion, deems advisable in order to comply with any such laws, regulations, or requirements. The Committee shall have the right to require any Participant to comply with any timing or other restrictions with respect to the settlement or exercise of any Award, including a window-period limitation, as may be imposed in the discretion of the Committee.

(b) Notwithstanding any other provision of the Plan, unless otherwise determined by the Committee or required by any applicable law, rule or regulation, the Company shall not deliver to any Participant certificates evidencing shares of Stock issued in connection with any Award and instead such shares of Stock shall be recorded in the books of the Company (or, as applicable, its transfer agent or stock plan administrator).

10.6 *Full Value Award Vesting Limitations.* Notwithstanding any other provision of this Plan to the contrary, Full Value Awards made to Employees or Consultants shall become vested over a period of not less than three years (or, in the case of vesting based upon the attainment of Performance Goals or other performance based objectives, over a period of not less than one year) following the date the Award is

Table of Contents

made; *provided, however*, that, notwithstanding the foregoing, Full Value Awards that result in the issuance of an aggregate of up to 5% of the shares of Stock available pursuant to Section 3.1(a) may be granted to any one or more Participants without respect to such minimum vesting provisions.

10.7 *Paperless Administration.* In the event that the Company establishes, for itself or using the services of a third party, an automated system for the documentation, granting or exercise of Awards, such as a system using an internet website or interactive voice response, then the paperless documentation, granting or exercise of Awards by a Participant may be permitted through the use of such an automated system.

10.8 *Payment.* The Committee shall determine the methods by which Participants may make payment with respect to any Awards granted under the Plan, which shall include, without limitation: (i) cash, (ii) promissory note bearing interest at no less than such rate as shall then preclude the imputation of interest under the Code, (iii) shares of Stock held for such period of time as may be required by the Committee in order to avoid adverse accounting consequences and having a Fair Market Value on the date of delivery equal to the aggregate exercise price of the Option or exercised portion thereof, or (iv) other property acceptable to the Committee (including through the delivery of a notice that the Participant has placed a market sell order with a broker with respect to shares of Stock then issuable upon exercise of the Option, and that the broker has been directed to pay a sufficient portion of the net proceeds of the sale to the Company in satisfaction of the Option exercise price; *provided* that payment of such proceeds is then made to the Company upon settlement of such sale), and the methods by which shares of Stock shall be delivered or deemed to be delivered to Participants. Notwithstanding any other provision of the Plan to the contrary, no Participant shall be permitted to make payment on any Award granted under the Plan with a loan or other extension of credit from the Company.

**ARTICLE 11.
CHANGES IN CAPITAL STRUCTURE**

11.1 *Adjustments.*

(a) In the event of any stock dividend, stock split, combination or exchange of shares, merger, consolidation, spin-off, recapitalization, distribution of Company assets to stockholders (other than normal cash dividends), or any other corporate event affecting the Stock or the share price of the Stock, the Committee shall make such proportionate and equitable adjustments, if any, as the Committee in its discretion deems appropriate to reflect such changes with respect to (i) the aggregate number and type of shares that may be issued under the Plan (including, but not limited to, adjustments of the limitations in Sections 3.1 and 3.3); (ii) the terms and conditions of any outstanding Awards (including, without limitation, any applicable performance targets or criteria with respect thereto); and/or (iii) the grant or exercise price per share for any outstanding Awards under the Plan. Any adjustment affecting an Award intended as Qualified Performance-Based Compensation shall be made consistent with the requirements of Section 162(m) of the Code.

(b) In the event of any transaction or event described in Section 11.1(a) or any unusual or nonrecurring transactions or events affecting the Company, any affiliate of the Company, or the financial statements of the Company or any affiliate (including without limitation any Change in Control), or of changes in applicable laws, regulations or accounting principles, and whenever the Committee determines that action is appropriate in order to prevent the dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to any

Table of Contents

Award under the Plan, to facilitate such transactions or events or to give effect to such changes in laws, regulations or principles, the Committee, in its sole discretion and on such terms and conditions as it deems appropriate, either by amendment of the terms of any outstanding Awards or by action taken prior to the occurrence of such transaction or event and either automatically or upon the Participant's request, is hereby authorized to take any one or more of the following actions:

- (i) To provide for either (A) termination of any such Award in exchange for an amount of cash and/or other property, if any, equal to the amount that would have been attained upon the exercise of such Award or realization of the Participant's rights (and, for the avoidance of doubt, if as of the date of the occurrence of the transaction or event described in this Section 11.1(b) the Committee determines in good faith that no amount would have been attained upon the exercise of such Award or realization of the Participant's rights, then such Award may be terminated by the Company without payment) or (B) the replacement of such Award with other rights or property selected by the Committee in its sole discretion having an aggregate value not exceeding the amount that could have been attained upon the exercise of such Award or realization of the Participant's rights had such Award been currently exercisable or payable or fully vested;
- (ii) To provide that such Award be assumed by the successor or survivor corporation, or a parent or subsidiary thereof, or shall be substituted for by similar options, rights or awards covering the stock of the successor or survivor corporation, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kind of shares and prices; and
- (iii) To make adjustments in the number and type of shares of Stock (or other securities or property) subject to outstanding Awards, and in the number and kind of outstanding Restricted Stock or Deferred Stock and/or in the terms and conditions of (including the grant or exercise price), and the criteria included in, outstanding options, rights and awards and options, rights and awards which may be granted in the future;
- (iv) To provide that such Award shall be exercisable or payable or fully vested with respect to all shares covered thereby, notwithstanding anything to the contrary in the Plan or the applicable Award Agreement; and
- (v) To provide that the Award cannot vest, be exercised or become payable after such event.

11.2 *Impact of a Change in Control.* Subject to any applicable requirements of Section 409A of the Code, upon or in anticipation of, a Change in Control, the Committee, in its sole and absolute discretion, may (a) cause any and all Awards outstanding hereunder to become fully exercisable, (b) cause all forfeiture conditions to lapse and to terminate at a specific time in the future, including but not limited to the date of such Change in Control, (c) give each Participant the right to exercise such Awards during a period of time as the Committee, in its sole and absolute discretion, shall determine, and/or (d) cause any and all Awards outstanding hereunder to terminate at a specific time in the future, including but not limited to the date of such Change in Control. In the event that the terms of any agreement between the Company or any Company Subsidiary or affiliate and a Participant contains provisions that conflict with and are more restrictive than the provisions of this Section 11.2, this Section 11.2 shall prevail and control and the more restrictive terms of such agreement (and only such terms) shall be of no force or effect.

11.3 *Outstanding Awards Certain Mergers.* Subject to any required action by the stockholders of the Company, in the event that the Company shall be the surviving corporation in any merger or consolidation (except a merger or consolidation as a result of which the holders of shares of Stock receive securities of another corporation), each Award outstanding on the date of such merger or consolidation

shall pertain to and apply to the securities that a holder of the number of shares of Stock subject to such Award would have received in such merger or consolidation.

11.4 *Outstanding Awards Other Changes.* In the event of any other change in the capitalization of the Company or corporate change other than those specifically referred to in this Article 11, the Committee may, in its sole and absolute discretion, make such adjustments in the number and kind of shares or other securities subject to Awards outstanding on the date on which such change occurs and in the per share grant or exercise price of each Award as the Committee may consider appropriate to prevent dilution or enlargement of rights hereunder.

11.5 *No Other Rights.* Except as expressly provided in the Plan, no Participant shall have any rights by reason of any subdivision or consolidation of shares of stock of any class, the payment of any dividend, any increase or decrease in the number of shares of stock of any class or any dissolution, liquidation, merger, or consolidation of the Company or any other corporation. Except as expressly provided in the Plan or pursuant to action of the Committee under the Plan, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number of shares of Stock subject to an Award or the grant or exercise price of any Award.

**ARTICLE 12.

Each member of the Committee is entitled to, in good faith, rely or act upon any report or other information furnished to that member by any officer or other employee of the Company or any Subsidiary, the Company's independent certified public accountants, or any executive compensation consultant or other professional retained by the Company to assist in the administration of the Plan

- (i) Interpret the terms of, and any matter arising pursuant to, the Plan or any Award Agreement; and
- (j) Make all other decisions and determinations that may be required pursuant to the Plan or as the Committee deems necessary or advisable to administer the Plan.

12.4 *Decisions Binding.* The Committee's interpretation of the Plan, any Awards granted pursuant to the Plan, any Award Agreement and all decisions and determinations by the Committee with respect to the Plan are final, binding, and conclusive on all parties.

12.5 *Delegation of Authority.* To the extent permitted by applicable law, the Committee may from time to time delegate to a committee of one or more members of the Board or one or more officers of the Company the authority to grant or amend Awards to Participants other than (a) senior executives of the Company who are subject to Section 16 of the Exchange Act, (b) Covered Employees, or (c) officers of the Company (or members of the Board) to whom authority to grant or amend Awards has been delegated hereunder. Any delegation hereunder shall be subject to the restrictions and limits that the Committee specifies at the time of such delegation, and the Committee may at any time rescind the authority so delegated or appoint a new delegatee. At all times, the delegatee appointed under this Section 12.5 shall serve in such capacity at the pleasure of the Committee.

local and foreign taxes (including the Participant's FICA obligation) required by law to be withheld with respect to any taxable event concerning a Participant arising as a result of this Plan. The Committee may in its discretion and in satisfaction of the foregoing requirement allow a Participant to elect to have the Company withhold shares of Stock otherwise issuable under an Award (or allow the return of shares of Stock) having a Fair Market Value equal to the sums required to be withheld. Notwithstanding any other provision of the Plan, the number of shares of Stock which may be withheld with respect to the issuance, vesting, exercise or payment of any Award (or which may be repurchased from the Participant of such Award within six months (or such other period as may be determined by the Committee) after such shares of Stock were acquired by the Participant from the Company) in order to satisfy the Participant's federal, state, local and foreign income and payroll tax liabilities with respect to the issuance, vesting, exercise or payment of the Award shall be limited to the number of shares which have a Fair Market Value on the date of withholding or repurchase equal to the aggregate amount of such liabilities based on the minimum statutory withholding rates for federal, state, local and foreign income tax and payroll tax purposes that are applicable to such supplemental taxable income.

15.4 *No Right to Employment or Services.* Nothing in the Plan or any Award Agreement shall interfere with or limit in any way the right of the Company or any Subsidiary to terminate any Participant's employment or services at any time, nor confer upon any Participant any right to continue in the employ or service of the Company or any Subsidiary.

15.5 *Unfunded Status of Awards.* The Plan is intended to be an "unfunded" plan for incentive compensation. With respect to any payments not yet made to a Participant pursuant to an Award, nothing contained in the Plan or any Award Agreement shall give the Participant any rights that are greater than those of a general creditor of the Company or any Subsidiary.

15.6 *Indemnification.* To the extent allowable pursuant to applicable law, each member of the Committee or of the Board shall be indemnified and held harmless by the Company from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by such member in connection with or resulting from any claim, action, suit, or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action or failure to act pursuant to the Plan and against and from any and all amounts paid by him or her in satisfaction of judgment in such action, suit, or proceeding against him or her; *provided* he or she gives the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled pursuant to the Company's Certificate of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

15.7 *Relationship to other Benefits.* No payment pursuant to the Plan shall be taken into account in determining any benefits pursuant to any pension, retirement, savings, profit sharing, group insurance, welfare or other benefit plan of the Company or any Subsidiary except to the extent otherwise expressly provided in writing in such other plan or an agreement thereunder.

15.8 *Expenses.* The expenses of administering the Plan shall be borne by the Company and its Subsidiaries.

15.10 *Fractional Shares.* No fractional shares of Stock shall be issued and the Committee shall determine, in its discretion, whether cash shall be given in lieu of fractional shares or whether such fractional shares shall be eliminated by rounding up or down as appropriate.

15.11 *Limitations Applicable to Section 16 Persons.* Notwithstanding any other provision of the Plan, the Plan, and any Award granted or awarded to any Participant who is then subject to Section 16 of the Exchange Act, shall be subject to any additional limitations set forth in any applicable exemptive rule under Section 16 of the Exchange Act (including any amendment to Rule 16b-3 of the Exchange Act) that are requirements for the application of such exemptive rule. To the extent permitted by applicable law, the Plan and Awards granted or awarded hereunder shall be deemed amended to the extent necessary to conform to such applicable exemptive rule.

15.12 *Government and Other Regulations.* The obligation of the Company to make payment of awards in Stock or otherwise shall be subject to all applicable laws, rules, and regulations, and to such approvals by government agencies as may be required. The Company shall be under no obligation to register pursuant to the Securities Act of 1933, as amended, any of the shares of Stock paid pursuant to the Plan. If the shares paid pursuant to the Plan may in certain circumstances be exempt from registration pursuant to the Securities Act of 1933, as amended, the Company may restrict the transfer of such shares in such manner as it deems advisable to ensure the availability of any such exemption.

15.13 *Section 409A.* To the extent that the Committee determines that any Award granted under the Plan is subject to Section 409A of the Code, the Award Agreement evidencing such Award shall incorporate the terms and conditions required by Section 409A of the Code. To the extent applicable, the Plan and Award Agreements shall be interpreted in accordance with Section 409A of the Code and Department of Treasury regulations and other interpretive guidance issued thereunder, including without limitation any such regulations or other guidance that may be issued after the Effective Date. Notwithstanding any provision of the Plan to the contrary, in the event that following the Effective Date the Committee determines that any Award may be subject to Section 409A of the Code and related Department of Treasury guidance (including such Department of Treasury guidance as may be issued after the Effective Date), the Committee may adopt such amendments to the Plan and the applicable Award Agreement or adopt other policies and procedures (including amendments, policies and procedures with retroactive effect), or take any other actions, that the Committee determines are necessary or appropriate to (a) exempt the Award from Section 409A of the Code and/or preserve the intended tax treatment of the benefits provided with respect to the Award, or (b) comply with the requirements of Section 409A of the Code and related Department of Treasury guidance.

15.14 *Governing Law.* The Plan and all Award Agreements shall be construed in accordance with and governed by the laws of the State of Delaware.
