March 24, 2010

Dear Stockholder:

You are hereby notified that the Annual Meeting of Stockholders (the "Meeting") of The Middleby Corporation (the "Company") will be held at the Company's principal executive offices located at 1400 Toastmaster Drive, Elgin, Illinois 60120 at 10:30 a.m., local time, on Tuesday, May 4, 2010, for the following purposes:

- (1) To elect seven directors to hold office until the 2011 Annual Meeting.
- (2) To consider and act on a proposal to ratify the selection of Deloitte & Touche LLP as independent public accountants of the Company for the current fiscal year ending January 1, 2011.
- (3) To transact such other business as may properly come before the Meeting or any adjournment thereof.

The Board of Directors has fixed the close of business on March 19, 2010 as the record date for the determination of stockholders entitled to notice of and to vote at the Meeting.

The Securities and Exchange Commission adopted rules for the electronic distribution of proxy materials. We have elected to provide access to our proxy materials and 2009 Annual Report on the Internet instead of sending a full set of printed proxy materials as in years past. We believe that this process will provide you with prompt access to our proxy materials, lower our costs of printing and delivering proxy materials, and minimize the environmental impact of printing paper copies. You should have already received the Notice of Internet Availability of Proxy Materials with instructions on how to access the proxy materials and vote. If you would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials set forth on the Notice of Internet Availability of Proxy Materials.

You are invited to attend the Meeting in person. If you attend the Meeting in person, you may vote your shares by bringing valid photo identification and delivering your completed proxy card or ballot at the Meeting. Please note that if you hold your shares through a bank, broker or other nominee, you must also bring a form of legal proxy, which you must request from such nominee, in order to vote at the Meeting.

Your vote is important to us. Whether or not you plan to attend the Meeting in person, we urge you to return your proxy promptly in accordance with the following instructions. If you own shares in your own name, you may vote in one of the following ways: (i) visit the website shown on your Notice of Internet Availability of Proxy Materials or proxy card to vote electronically via the Internet, (ii) by telephone, pursuant to the instructions on the proxy card or (iii) if you requested printed proxy materials, by signing and returning the proxy card using the postage-paid envelope provided.

Shares cannot be voted by marking, writing on and/or returning the Notice of Internet Availability of Proxy Materials. Any Notices of Internet Availability of Proxy Materials that are returned will not be counted. If you own shares through a bank, broker or other nominee, please execute your vote by following the instructions provided by such nominee.

2010 ANNUAL MEETING OF STOCKHOLDERS

**May 4, 2010
PROXY STATEMENT**

GENERAL

This Proxy Statement and the accompanying proxy are furnished to stockholders of The Middleby Corporation (the "Company") in connection with the solicitation of proxies by the Company's Board of Directors (the "Board") for use at the 2010 Annual Meeting of Stockholders (the "Meeting") to be held at the Company's principal executive offices located at 1400 Toastmaster Drive, Elgin, Illinois 60120, at 10:30 a.m., local time, on Tuesday, May 4, 2010, for the purposes set forth in the accompanying Notice of Meeting. The Notice of Internet Availability of Proxy Materials, the Proxy Statement and related materials included herewith, and the Company's Annual Report to Stockholders for the fiscal year ended January 2, 2010 are being distributed or made available to stockholders on or about March 24, 2010.

Stockholders of record at the close of business on March 19, 2010 (the "Record Date") are entitled to notice of and to vote at the Meeting. On such date there were 18,566,337 outstanding shares of common stock, par value \$0.01 per share, of the Company ("Common Stock"). In deciding all questions, each holder of Common Stock will be entitled to one vote, in person or by proxy, for each share held on the Record Date.

Stockholders who are entitled to vote at the Meeting may vote by proxy pursuant to the following methods: (i) stockholders who own shares in their own name may vote in person at the Meeting by bringing valid photo identification and delivering your proxy card or ballot at the Meeting, or by mail, telephone, pursuant to the instructions on the proxy card or electronically via the Internet, pursuant to the instructions on the Notice of Internet Availability of Proxy Materials or (ii) stockholders who own shares through a bank, broker or other nominee should follow the instructions provided by such nominee.

The election inspectors appointed for the Meeting will determine the presence of a quorum and tabulate the votes cast by proxy or in person at the Meeting. The presence, in person or represented by proxy, of the holders of a majority of the shares of Common Stock outstanding and entitled to vote at the Meeting is necessary to constitute a quorum. A quorum is necessary for the transaction of business at the Meeting. Abstentions and broker non-votes will be included in determining the presence or absence of a quorum. Generally, broker non-votes occur on a proposal when a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter or when a broker has such discretionary authority but does not exercise such discretion.

The seven nominees for election to the Board who receive the greatest number of votes cast for the election of directors by the shares present, in person or represented by proxy, will be elected to the Board. For the election of directors, abstentions and broker non-votes will have the effect of neither a vote FOR nor a vote AGAINST the nominee and thus will have no effect on the outcome. Approval of the

Edgar Filing: MIDDLEBY CORP - Form DEF 14A

proposal to ratify the Company's appointment of independent public accountants requires the vote of a majority of the votes cast at the Meeting by holders of shares present in person or represented by proxy and entitled to vote at the Meeting. For this proposal, abstentions will be treated as a vote AGAINST approval and broker non-votes will not be counted as votes cast either FOR or AGAINST approval of such proposal, and therefore will not have an effect on the outcome of the vote.

Properly executed proxies will be voted in the manner directed by the stockholders. If no direction is made, such proxies will be voted as follows:

"Proposal No. 1 Election of Directors"; FOR the election of each of the named nominees as a director of the Company;

"Proposal No. 2 Ratification of Selection of Independent Public Accountants"; FOR the ratification of the selection of Deloitte & Touche LLP as the Company's independent public accountants for the current fiscal year ending January 1, 2011;

Any proxy may be revoked by the stockholder at any time prior to the voting thereof by notice in writing to the Secretary of the Company, either prior to the Meeting (at the above Elgin address) or at the Meeting if the stockholder attends in person or a later dated proxy will revoke a prior dated proxy. As of the date of this Proxy Statement, the Board of Directors knows of no other business which will be presented for consideration at the Meeting. If other proper matters are presented at the Meeting, however, it is the intention of the proxy holders named in the enclosed form of proxy to take such actions as shall be in accordance with their best judgment.

Each of the nominees has consented to serve as a director if elected. The Board of Directors knows of no reason why any of the foregoing nominees will be unavailable to serve, but, in the event of any such unavailability, the proxies received will be voted for such substitute nominees as the Board of Directors may recommend.

Vote Required for Approval; Board Recommendation

Nominees for election to the Board of Directors who receive the greatest number of votes cast for the election of directors by the shares present, in person or represented by proxy, will be elected to the Board of Directors. With regard to the election of directors, votes may be cast FOR or withheld AGAINST each nominee. Votes that are withheld will have no effect on the outcome of the election because

directors will be elected by a plurality of the votes cast. Stockholders eligible to vote at the Meeting do not have cumulative voting rights with respect to the election of directors.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" EACH OF THE ABOVE NAMED NOMINEES AS A DIRECTOR OF THE COMPANY.

Committees; Board Meetings

The Board of Directors of the Company (the "Board") held four in-person meetings and two telephonic meetings during the fiscal year ended January 2, 2010, and each director attended at least 75% of all Board and applicable Committee meetings. Although the Company does not have a formal attendance policy, the Company encourages all directors to attend its annual meeting of stockholders. All of the Company's directors at the time attended the 2009 Annual Meeting of Stockholders. Current directors, Messrs. Putnam, Streeter, Miller, O'Brien, Lamb, and Levenson, have been determined by the Board to be "independent directors" as such term is defined under Rule 4200(a)(15) of The Nasdaq Stock Market, Inc. ("Nasdaq"). The Board is comprised of a majority of independent directors. The Company currently has an Audit Committee and a Compensation Committee.

During the fiscal year ended January 2, 2010, the Audit Committee was comprised of Messrs. Putnam (Chairman), Streeter, Lamb, and Levenson, and met four times for the purposes of (i) approving the selection of the Company's independent auditors; (ii) reviewing the arrangements for and scope of the audit and pre-approving permitted non-audit services; (iii) reviewing the Company's interim and annual financial statements or other results of the audit; (iv) reviewing the Company's internal accounting procedures and controls and the recommendations of the Company's independent auditors; and (v) reviewing the external audit process. All of the members of the Audit Committee have been determined by the Board of Directors to be financially sophisticated as required by Nasdaq Rule 4350(d) and to be "audit committee financial experts" as such term is defined in Item 407(d)(5) of Regulation S-K promulgated by the SEC. All of the members of the Audit Committee have been determined by the Board of Directors to meet the additional independence criteria set forth in Nasdaq Rule 4350(d). The Audit Committee has a written charter which was approved by the Board of Directors on March 4, 2003 and modified as of February 25, 2004, and is currently available in the "Investor Relations" section of the Company's website, located at www.middleby.com.

During the fiscal year ended January 2, 2010, the Compensation Committee was comprised of Messrs. Yohe (Chairman), Miller, O'Brien, and Levenson and met three times. Mr. Yohe served as Chairman of the Compensation Committee until his death in October 2009. Mr. Miller served as interim Chairman after such date until he was formally appointed by the Board as Chairman of the Compensation Committee in March 2010. The function of the Compensation Committee is to make recommendations concerning the compensation of the Chairman of the Board, the President and Chief Executive Officer, and other executive officers of the Company. The Compensation Committee is also responsible for administering and making grants to executive officers under the Company's 2007 Stock Incentive Plan and for administering the Company's 1998 Stock Incentive Plan, Management Incentive Compensation Plan and the Executive Officer Incentive Plan. Effective February 14, 2008, the 1998 Stock Incentive Plan expired and, after that date, could no longer be used for grants of any kind. All of the members of the Compensation Committee have been determined by the Board to be independent as defined under applicable Nasdaq listing standards. The Compensation Committee does not have a written charter.

The Board does not have a standing nominating committee or a nominating committee charter that addresses the director nominations process. In fiscal year 2005, the Board considered a recommendation from management of the Company that the Board establish a nominating committee

comprised solely of non-employee directors, adopt a nominating committee charter and establish a formal policy for consideration of director candidates submitted by the Company's stockholders. After reviewing management's recommendation, the Board determined that it was not necessary to have a separate nominating committee or a formal policy for consideration of director candidates submitted by the Company's stockholders at that time. See "Requirements and Procedures for Submission of Stockholder Nominations of Director Candidates and Proposals of Security Holders" for further information regarding the procedures for recommending a director nominee for consideration. The Board believes that it can adequately fulfill the functions of a nominating committee without having to appoint an additional committee to perform that function, based upon the limited size of the Board and the current and anticipated operations and needs of the Company.

A majority of the independent directors discuss and evaluate potential director candidates and recommend potential director candidates to the full Board for selection. The full Board then considers the potential director candidates who have been recommended by a majority of the independent directors. Because the Company's stockholders rarely, if ever, have recommended potential director candidates, the Board does not have a formal policy for consideration of potential director candidates recommended by the Company's stockholders, but the Board will give due consideration to any and all such candidates under the same criteria as internally-generated candidates. In selecting director candidates, the Board considers a variety of factors, including, but not limited to, a candidate's demonstrated good character and integrity, experience at strategy/policy setting levels, high level experience in dealing with business organizations, ability and willingness to devote time to the affairs of the Company, financial, technical or other special skills, diversity of viewpoint, opinion and professional experience, business contacts and ability to work effectively with other Board members.

Board Leadership Structure

The business of the Company is managed under the direction of the Board, in the interest of the stockholders. The Board delegates its authority to management for managing the day to day activities of the Company. The Board requires that management review major actions and initiatives with the Board prior to implementation.

The Company believes the positions of Chairman and Chief Executive Officer should currently be held by the same person. The Company has adopted a counterbalancing governance structure, including:

a designated lead independent director;

a Board entirely composed of independent members, with the exception of Mr. Bassoul, the Company's CEO;

committees comprised entirely of independent directors; and

established governance and ethics guidelines.

Executive sessions of the independent directors are held in conjunction with regularly scheduled meetings of the Board and as otherwise deemed necessary. Until his death in October 2009, Mr. Yohe served as lead independent director of the Board. Mr. O'Brien was formally designated by the Board as its lead independent director in March 2010.

The lead independent director acts as an intermediary between the Board and senior management. Among other things, the lead independent director is responsible for setting the agenda for Board meetings with Board and management input, facilitating communication among directors and between

the Board and the CEO, working with the CEO to provide an appropriate information flow to the Board, and serving as chairman of the executive sessions of the independent directors at each formal Board meeting.

Risk Oversight

The Board has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. The Board regularly reviews information regarding the Company's credit, liquidity and operations, as well as the risks associated with each. The Company's Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of financial risks and evaluates the internal control framework of the Company. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed through committee reports about such risks.

Stockholder Communications With the Board

The Board has adopted the following procedure for stockholders and other interested parties to communicate with the Board. All such communications should be sent by email to the Chairman of the Board at the address found on the Company's website, www.middleby.com, or by regular mail to the Chairman of the Board at the Company's principal executive offices in Elgin, Illinois. The Chairman will collect and organize all such communications, deleting any sales or other solicitations and any communications which contain offensive material. A summary of the communications received will be periodically provided to the Board, which will determine the disposition of any such communication.

2007 Middleby Corporation Common Stock Dividend

On May 3, 2007 the Company's Board of Directors authorized a two-for-one split of the Company's common stock in the form of a stock dividend. The stock dividend was paid on June 15, 2007 to company shareholders of record as of June 1, 2007. The Company's common stock began trading on a split-adjusted basis on June 18, 2007. All references in this proxy statement related to the number of shares owned, grants of restricted stock, grants of stock options, and strike prices associated with option grants have been adjusted to reflect this stock split.

EXECUTIVE COMPENSATION
Compensation Discussion and Analysis

The following Compensation Discussion and Analysis describes the material elements of compensation for The Middleby Corporation executive officers identified in the Summary Compensation Table as the "Named Executive Officers".

The Board has a Compensation Committee (the "Committee") which, during the course of 2009, was composed of the following outside directors, each of whom is "independent" in accordance with the governance rules of the Nasdaq Stock Market: Robert L. Yohe, Chairman, Ryan Levenson, Gordon O'Brien and John R. Miller III. As previously noted, Mr. Yohe served as Chairman until his death in October 2009. Mr. Miller served as interim Chairman after such date until he was formally appointed by the Board as Chairman of the Compensation Committee in March 2010. The Committee is appointed by, and responsible to, the Board for making recommendations to the Board, and approving where appropriate, all matters related to executive and non-employee director compensation.

Middleby Business Environment

The Middleby Corporation is a global leader in the foodservice equipment industry. The Company develops, manufactures, markets and services a broad line of equipment used for commercial food cooking, preparation and processing. The Company's leading equipment brands serving the commercial foodservice industry include Anets®, Blodgett®, Blodgett Combi®, Blodgett Range®, Bloomfield®, CTX®, Carter Hoffmann®, Cooktek®, Doyon®, frifri®, Giga®, Holman®, Houno®, Jade®, Lang®, MagiKitch'n®, Middleby Marshall®, Nu-Vu®, Pitco Frialator®, Southbend®, Star®, Toastmaster®, Turbochef® and Wells®. The Company's leading brands serving the food processing industry include, Alkar®, RapidPak®, and MP Equipment®. The Middleby Corporation was recognized by Business Week as one of the Top 100 Hot Growth Companies of 2007, 2008, and 2009.

Compensation Committee Structure

The Committee is currently comprised of three directors, named above, and at all times will consist of two or more persons, each of whom shall be an "outside director" within the meaning of Section 162(m) of the Internal Revenue Code of 1986 (the "Code"). The Committee includes a chairperson, makes rules and regulations for the conduct of its business as it deems advisable and keeps minutes of Committee meetings. All determinations of the Committee are made by a majority of its members either present in person or participating by conference telephone at a meeting or by written consent. The Committee may delegate to one or more of its members or to one or more agents such duties as it may deem advisable, and the Committee or any person to whom it has delegated duties may employ the services of one or more individuals to render advice with respect to any responsibility of the Committee.

For additional information on the members, structure, scope of authority and operation of the Committee, see "Committees; Board Meetings" and "Proposal 1 Election of Directors."

The Committee makes all decisions over total compensation for Named Executive Officers and other members of senior management, which involves decisions regarding base salary, annual cash-based incentive plan bonuses, and long term equity incentive plan awards. The Committee's recommendations for compensation arrangements of Mr. Bassoul, our Chairman of the Board, Chief Executive Officer and President (the "CEO"), are presented to the full Board for approval.

Compensation Programs Objectives

The Company's compensation and benefits programs are influenced by the Company's business culture and are designed to maximize strategic Company goals. The Company's compensation program objectives are as follows:

Attract and Retain Executive Talent The Committee intends to provide compensation packages that will attract and retain qualified executive talent and deliver increasing rewards for extraordinary performance.

Link Executive Compensation with Operating Performance The Committee structures a portion of the compensation for Named Executive Officers and senior management to vary with the Company's financial and operating performance. This requires that a significant portion of an executive's annual compensation is "at-risk" and linked to the achievement of both corporate and individual goals, in order to increase stockholder value.

Link Executive Long-Term Incentive Compensation with Stockholder Interests The Committee believes that granting long term equity based awards using stock options, restricted stock, stock appreciation rights, or performance stock, aligns the interests of Company executives with those of stockholders through stock ownership and furthers the Company's goal of executive retention by using time-based vesting of equity awards in certain cases. In 2009, the Committee changed certain of the performance goals necessary for our Named Executive Officers to earn long term equity based incentives. See the discussion of "Long Term Equity Based Incentive Programs" below.

Performance-Based Compensation to Comply with Section 162(m) of the Internal Revenue Code Performance-based compensation provided to the Named Executive Officers subject to Section 162(m) should comply with the requirements that qualify the compensation as tax deductible to the Company, unless the Company determines under particular circumstances that it is in the Company's best interest to provide compensation that is not tax deductible.

Compensation Decision-Making Process

The CEO annually reviews the operating performance of each executive officer. Elements of executive reviews include an analysis of actual operating performance versus pre-determined operating performance targets, measures taken to improve efficiency of operations within the executive's area of responsibility and assessment of the executive's commitment to the Company's core operating principles. Based on the CEO review, the CEO develops a recommendation to the Committee for each executive's annual base salary, annual performance incentive plan structure, and the basis for long term equity-based grants. The Committee uses the same methodology to establish the annual base salary and performance-based bonus structure of the CEO.

With respect to annual cash bonus awards, the Committee determines the minimum amount of operating performance that must be achieved each year in order for an annual performance bonus to be paid. Target levels are set to be in line with the Company's annual budget and are presented by the CEO to the Board for review and approval. The total compensation of Named Executive Officers and senior management of the Company are set at levels intended to be competitive with amounts paid to executive officers and senior managers with comparable qualifications, experience, and responsibilities at other businesses of similar type or market capitalization, with an emphasis on pay for performance. The Compensation Committee, however, does not benchmark compensation against that of other companies.

The Elements of the Company's Compensation Program

The Company's compensation program is divided into three elements: (1) base salary, (2) annual performance incentive programs and (3) long term equity-based incentive programs.

Base Salary

The base salary element of the compensation program sets executive base salaries at levels estimated to be below that of the median for executives in comparable positions at other similarly sized companies. Annual non-executive salary increases are budgeted based on the current business environment and the individual's level of responsibility and merit within the Company. For 2009, the Company discontinued a salary freeze for employees of all Middleby Corporation operating companies and granted salary increases for all Middleby employees. In making the salary decisions for the Named Executive Officers in 2009, the Committee considered management's success in maintaining high profit margins and generating high amounts of free cash flow in the face of difficult economic conditions, both for our industry generally and in the broader economy, as well as the fact that salary increases had not been provided in recent years. The table below sets forth the base salary levels and associated changes for Named Executive Officers for the 2009 fiscal year.

Named Executive Officer	2008 Base Salary	2009 Base Salary	% Change
Selim A. Bassoul	\$ 900,000	\$ 1,000,000	11%
Timothy J. FitzGerald	\$ 300,000	\$ 400,000	33%
David Brewer	\$ 300,000	\$ 400,000	33%
Martin M. Lindsay	\$ 105,000	\$ 140,000	33%

*Annual Performance-Based Incentive Programs***Management Incentive Compensation Plan**

The Management Incentive Compensation Plan ("MICP") is intended to provide an incentive for superior performance and to motivate eligible employees ("MICP Participants") toward the highest level of achievement and business results, to tie their goals and interests to those of the Company and its stockholders, and to enable the Company to attract and retain highly qualified executive officers. Each of the Named Executive Officers is eligible to participate in the MICP if selected by the Committee for participation, and all of the Named Executive Officers participated in the MICP in 2009.

Payment of MICP bonuses are made subject to the attainment of pre-established written performance goals approved by the Committee prior to the 90th day following the beginning of the Company's fiscal year. For 2009, the performance goals were based upon attaining certain levels of earnings before interest, taxes, depreciation, and amortization ("EBITDA") for the fiscal year. The Named Executive Officers had the opportunity to earn bonuses under the MICP based on the following:

A minimum EBITDA goal that must be achieved prior to the payment of the MICP Participant's target MICP bonus. The MICP will not pay bonuses to MICP Participants if actual EBITDA performance is below the minimum EBITDA goal.

Tiered performance goals above the minimum EBITDA goal, which if met lead to an incrementally higher annual bonus.

A maximum EBITDA that, if achieved or surpassed will result in the payment of the maximum MICP bonus available to the MICP Participant. For 2009 the EBITDA goal resulting in maximum pay for maximum performance was equal to a 6.1% increase in EBITDA over the prior year's

Edgar Filing: MIDDLEBY CORP - Form DEF 14A

results for Messrs. Bassoul, FitzGerald and Lindsay; Mr. Brewer did not meet sales growth targets relating to the Middleby National Sales organization and a MICP bonus was not paid as a result.

The amount of the MICP bonus for MICP Participants at each EBITDA performance goal level is consistent with that individual's role and responsibility within the Company. The Grants of Plan-Based Awards Table below shows the amounts which could have been earned by the Named Executive Officers under the MICP at target and maximum performance.

EBITDA is determined by the Committee in accordance with Generally Accepted Accounting Principles, subject to adjustment to reflect the impact of specific extraordinary items not reflected in the MICP Participant goals. Under the MICP, the EBITDA calculation does not include foreign exchange gains/losses and does include all bonuses and incentive compensation payable, including MICP payments, to Company employees for the applicable year.

Payments of MICP bonuses, if any, are made after the completion of the Company's fiscal year end audit and only after the Committee certifies, in writing, that the EBITDA goals with respect to which MICP payments are to be made have been attained. The bonus awarded to each Named Executive Officer in respect of 2009 performance under the MICP is reflected in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table below. MICP payments related to the 2009 fiscal year for Messrs. Bassoul and Fitzgerald were the result of achieving predetermined MICP EBITDA targets related to the financial performance of all of The Middleby Corporation's operating entities. Mr. Brewer did not receive MICP payments related to the 2009 fiscal year as a result of his operating subsidiaries not achieving the predetermined MICP target goals described above due to a difficult 2009 economic environment.

Stock ownership requirement. The MICP plan supports the Company's desire for Named Executive Officers and senior executives to maintain a minimum percentage of base salary in the form of Middleby Corporation common stock ownership. Unexercised stock options are not considered in calculating the stock ownership requirement. The base salary percentages are set by the Committee annually and are set at levels consistent with the individual's level of responsibility within the Company. If an MICP Participant meets or exceeds their stock ownership requirement, then they are eligible to receive 100% of their MICP bonus. If an MICP Participant does not meet his stock ownership requirement, then a maximum of one-third of their MICP bonus will be used to purchase common stock on the MICP Participant's behalf.

Stock ownership requirements of the Named Executive Officers as of January 2, 2010 are as follows:

Named Executive Officer	Stock Ownership Requirement (multiple of base salary)	Stock Ownership Requirement (shares)	Actual Stock Ownership (shares)
Selim A. Bassoul	3 × base salary	61,200	910,620(1)
Timothy J. FitzGerald	2 × base salary	16,320	265,462(2)
David Brewer	2 × base salary	16,320	20,000
Martin M. Lindsay	2 × base salary	5,712	26,463(3)

- (1) Does not include 591,092 vested unexercised options.
- (2) Does not include 29,992 vested unexercised options.
- (3) Does not include 20,600 vested unexercised options.

Executive Officer Incentive Plan

The Executive Officer Incentive Plan ("EOIP") is an annual cash-based incentive plan that operates with the purpose of reinforcing corporate, organizational and business development goals; to promote the achievement of year-to-year financial and other core business objectives; and to reward the performance of the Company's key employees in fulfilling their individual responsibilities. The EOIP provides an essential component of the total compensation package offered to Named Executive Officers and key employees. It reflects the importance placed by the Company on motivating employees to achieve superior results over the long term and paying employees based on that kind of achievement.

EOIP awards are granted to those Named Executive Officers and other key employees (the "EOIP Participants") of the Company who are selected to participate by the Committee in its sole discretion. In determining the EOIP Participants to whom EOIP awards are granted, the Company considers key employees who exhibit extraordinary performance in achieving year-to-year financial goals and further exceed the core business objectives of the Company. For 2009, the Mr. Bassoul and Mr. FitzGerald participated in the EOIP.

At the beginning of each performance period the Committee will establish performance goals applicable to the EOIP award. Performance goals may include a threshold level of performance below which an EOIP bonus will not be earned, levels of performance at which a specified EOIP bonus will be earned, and a maximum level of performance beyond which no additional EOIP bonus will be earned. For 2009, the performance goals selected by the Committee related to earnings per share. The EOIP Participant could earn a target bonus amount in the event of an increase in EPS of 10% over the prior year's result. For 2009, the performance thresholds of the EOIP were not satisfied and, as a result, a 2009 EOIP bonus was not paid.

Payment of an EOIP award is made only if performance goals as specified by the Committee are attained and if the EOIP Participant is employed by the Company on the last day of the applicable performance period. Under the terms of the plan, an EOIP award to an EOIP participant for a performance period may not exceed \$4.5 million. The Committee may, in its sole discretion, decrease the amount payable to an EOIP participant upon achievement of performance goals, but in no event may the Committee increase the EOIP amount otherwise payable to the EOIP participant.

Long Term Equity-Based Incentive Programs

The 2007 Stock Incentive Plan (the "2007 Plan") is an equity-based incentive plan that encourages Named Executive Officers, Board members and senior management of the Company and its subsidiaries to have common stock ownership in the Company and further aligns the interests of Named Executive Officers, Board members and senior management with those of stockholders. The Committee is authorized to make grants of stock options, stock appreciation rights, restricted stock or performance stock under the 2007 Plan.

Generally, the Compensation Committee determines the overall size of the long-term incentive award for each executive officer, including the CEO and CFO, and makes an equity grant at one of its regularly-scheduled quarterly meetings. The CEO will make recommendations to the Compensation Committee regarding award levels for executive officers other than the CFO. However, the Compensation Committee may also make grants at varying times of the year, generally in connection with new employment arrangements or promotions, or based on the availability of shares under Company's stockholder-approved long-term equity compensation plans. The Compensation Committee has made such awards without regard to the release of the Company's financial results for the year or the release of any other material non-public information.

Edgar Filing: MIDDLEBY CORP - Form DEF 14A

On December 29, 2009, the Compensation Committee cancelled 335,614 restricted shares granted in 2007 and 2008 to our employees, including the Named Executive Officers, that were subject to vesting based on the achievement of specified stock price targets. These restricted shares were granted at a time when the Company's stock price traded in the \$45 to \$75 range, and the terms of the restricted stock awards required that our stock price be between \$61.25 and \$107.00 on specified dates for such restricted shares to vest. As a result of the downturn in the financial markets as a whole, which resulted in a significant decrease in our stock price, the Compensation Committee determined that these awards would no longer serve the goal of appropriately incentivizing and compensating our employees, including the Named Executive Officers, and that the Named Executive Officers and other employees would be required to take inordinate risks to have a possibility of achieving the specified stock price targets, which would not be in the long-term interests of the Company or its shareholders.

If the restricted stock awards had remained outstanding, the Company would have been required to continue to record compensation expense between 2010 and 2013 relating to the awards under FASB ASC Topic 718, whether or not the awards vested. In addition, the Company recorded or would record deferred tax assets associated with the expected deduction that the Company would be permitted to take upon the vesting of the awards. To the extent the awards did not vest, this asset would have been required to be written off, resulting in a tax expense to the Company at the measurement date for each restricted share that did not vest. Therefore, the Compensation Committee determined that canceling the restricted stock awards, rather than allowing them to remain outstanding, was beneficial to the Company and would avoid unnecessary adverse financial impact to the Company.

Accordingly, the Compensation Committee determined to cancel these restricted shares and to grant new restricted shares to certain executives, including the Named Executive Officers, that will vest based on the achievement of specified return on equity measures (ROE). The Compensation Committee determined that providing for the vesting of awards upon the achievement of return on equity measures would reward these executives on the basis of financial performance thresholds that were within their direct control, as opposed to stock price thresholds which could be influenced by external factors. The specific vesting and performance conditions that apply to the restricted stock awards made to the Named Executive Officers in 2009 are set forth below. These awards are also shown in the table below entitled Grants of Plan-Based Awards for 2009.

If the applicable ROE percentages are not met for the 2010 fiscal year, as measured in March 2011, the measurement will take place again on March 10, 2012 for the 2011 fiscal year, using the same ROE percentages as were used for the 2010 fiscal year, and if the ROE measurements are met for the 2011 fiscal year, the awards will vest on March 15, 2012, to the extent then unvested.

No Backdating. The Company does not backdate options or grant options retroactively. All grants to any Company employee are approved by the Committee and are presented to the full Board for final approval. The exercise price of an option is set at the fair market value of the underlying Common Stock, which is equal to the closing market price of such stock on the date of grant and this method has been consistently applied.

Pension Plans and Post-Employment Benefits

Pursuant to his employment agreement, the CEO is entitled to a nonqualified defined benefit pension benefit as follows: Upon the CEO's retirement on or after the date on which he attains the age of 55 (the "Age 55 Retirement Benefit"), but in no event prior thereto, he shall be fully vested in a monthly retirement benefit equal to one-twelfth of 50% of his then current base salary, payable for the remainder of his life. If the CEO retires after the date on which he attains the age of 60 (the "Age 60 Retirement Benefit"), he shall be fully vested in a monthly retirement benefit equal to one-twelfth of 62.5% of his then current base salary, in lieu of the Age 55 Retirement Benefit, payable for the remainder of his life. If the CEO retires after the date on which he attains the age of 65, he shall be fully vested in a monthly retirement benefit equal to one-twelfth of 75% of his then current base salary, in lieu of the Age 55 Retirement Benefit and the Age 60 Retirement Benefit, payable for the remainder of his life. The estimated monthly retirement benefit payable to the CEO based on his compensation level as of January 2, 2010 would be \$41,667 at the retirement age of 55, \$52,083 at the retirement age of 60, and \$62,500 at the retirement age of 65.

The CEO and his dependents are entitled to continue to participate in all health and medical plans and programs which the Company maintains for its senior executives and their families for life, subject to any Medicare coverage being the primary coverage.

Perquisites

The Named Executive Officers and senior executives of the Company are offered limited perquisites. In general, executives in sales oriented positions are offered an automobile expense reimbursement that varies by individual, but in no event exceeds ten thousand dollars per fiscal year. The CEO is provided the use of a Company automobile, with the associated income taxes added to annual income, and is reimbursed for the cost of annual income tax planning services.

2010 Compensation Decisions

On March 1, 2010, the Company entered into an amended and restated employment agreement with Mr. FitzGerald, who has served as our Chief Financial Officer since May 2003. The employment agreement provides for a three year term and supersedes our prior agreement with Mr. FitzGerald which was scheduled to expire on March 1.

The employment agreement provides for the base salary of \$400,000 established by the Committee for Mr. FitzGerald, as discussed above. In addition, Mr. Fitzgerald is eligible to earn an annual incentive bonus under the MICP (or successor plan adopted by the Company from time to time), subject to all terms and conditions thereof, based on the achievement of performance targets established in the sole discretion of the Company.

The employment agreement contains termination provisions that are substantially similar to those that previously applied to Mr. FitzGerald under his prior agreement, except that Mr. FitzGerald will be entitled to a lump sum payment equal to three times (as opposed to two times) the sum of: (a) his annual base salary for the full calendar year immediately prior to the date of termination and (b) the greater of (i) the amount of his annual bonus paid under the Company's Management Incentive Plan with respect to the

full calendar year immediately prior to the year of termination and (ii) the average of the annual bonuses paid to him under the Management Incentive Plan for each of the two calendar years immediately prior to the year of termination if the Company terminates Mr. FitzGerald's employment without "cause" (as defined in the employment agreement), or if Mr. FitzGerald terminates his employment within six months following a "change in control" of the Company (as defined in the employment agreement). Further details regarding the termination provisions of the employment agreement are provided below under the caption "Potential Payments Upon Termination or Change in Control".

The Committee determined that it was in the best interests of the Company to retain Mr. FitzGerald's services for at least another three years, based on his exemplary performance during his tenure with the Company. In the past five years, Mr. FitzGerald has been instrumental in the Company's acquisition of 14 new businesses. In addition, Mr. FitzGerald effectively functions as our head of business development in addition to his role as CFO. The Committee determined that given Mr. FitzGerald's role and responsibility with the Company, it was appropriate to provide him with a severance multiple that is the same as that provided to our CEO.

Accounting and Tax Implications of Executive Compensation

Current federal tax law imposes an annual individual limit of \$1 million on the deductibility of the Company's compensation payments to the CEO and its three other most highly compensated executive officers other than the CFO. Performance-based compensation that satisfies the conditions of Section 162(m) of the Code is excluded for purposes of this limitation. The 2009 awards made to the CEO and the other executive officers pursuant to the MICP, as well as the awards made pursuant to the EOIP to the CEO and CFO, were subject to, and made in accordance with, the Committee's pre-established performance goals. The 2009 restricted stock grants described above were designed to comply with the requirements of Section 162(m) of the Code. The Compensation Committee reserves the right to pay compensation that may be non-deductible to the Company if it determines that it would be in the best interests of the Company.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation Committee, comprised of independent directors, reviewed and discussed the above Compensation Discussion and Analysis ("CD&A") with the Company's management. Based on the review and discussions, the Compensation Committee recommends to the Company's Board of Directors that the CD&A be included in these proxy materials.

The incremental cost to the Company with respect to the Company-owned automobile provided to Mr. Bassoul is estimated to be less than the \$16,151 included in the table, which represents the taxable income imputed to Mr. Bassoul for his personal use of the automobile.

- (10) Represents a grant of 81,000 shares of restricted stock to Mr. FitzGerald on December 29, 2009, which vests in two tranches, each subject to performance and time-based vesting requirements. 67,500 shares will vest in Tranche 1 on March 15, 2011 if the Company has achieved a Return on Equity (as defined in the award agreement) of 10% for the fiscal 2010 period. 13,500 shares will vest in Tranche 2 on January 1, 2012 (as measured on March 10, 2011) if the Company has achieved a Return on Equity of 12% for the same fiscal 2010 period. Potential Payments Upon Termination or Change in Control

Under Employment Agreements

Selim Bassoul

During the term of Mr. Bassoul's employment agreement with the Company and MM, as described above under the heading "Employment Agreements with Named Executive Officers", Mr. Bassoul's employment may be terminated by the Employer (defined as the Company and MM) or by Mr. Bassoul at any time, or by the death of Mr. Bassoul.

In the event that the termination is by the Employer for reasons other than cause, Mr. Bassoul's employment agreement provides that a pro rata share of incentive compensation under the Management Incentive Compensation Plan that would otherwise have been payable to him had he remained employed by the Company until the last day of the fiscal year will be paid following the conclusion of the fiscal year for which payable based on actual performance. In addition, the employment agreement provides that if the Company terminates Mr. Bassoul's employment without cause, if Mr. Bassoul terminates his employment due to a material diminution of his duties or a change in his title, or if Mr. Bassoul terminates his employment within the six-month period following a change in control, then Mr. Bassoul will be entitled to a lump sum payment equal to three times the sum of (i) his annual base salary and (ii) the greater of (x) the amount of incentive compensation earned by Mr. Bassoul under the Management Incentive Compensation Plan with respect to the full calendar year immediately prior to the date of termination and (y) the average incentive compensation paid to Mr. Bassoul under the Management Incentive Compensation Plan for each of the three calendar years immediately prior to the date of termination.

Mr. Bassoul's employment agreement also provides that if his employment is terminated by either party, for reasons other than cause, then Mr. Bassoul and his dependents will be entitled to continue to participate in all health and medical plans and programs which the Company maintains for its senior executives and their families until the later of the death of Mr. Bassoul or his spouse, subject to any Medicare coverage being the primary coverage. The present value of the medical benefits that would be provided to Mr. Bassoul in such circumstances is shown above under "Pension Benefits for Fiscal Year 2009".

Mr. Bassoul's employment agreement also provides Mr. Bassoul with an additional payment (referred to as a "gross-up" payment) intended to reimburse him for the excise tax payable should any payments made to him in the event of a change in control be subject to the excise tax imposed on "excess parachute payments" under section 4999 of the Code, and to reimburse him for the income, excise and employment taxes on the reimbursement payment.

Timothy J. FitzGerald

During the term of Mr. FitzGerald's employment agreement, as described above under the heading "Employment Agreements with Named Executive Officers", Mr. FitzGerald's employment may be terminated by the Employer (defined as the Company and MM) or by Mr. FitzGerald at any time, or by the death of Mr. FitzGerald.

Mr. FitzGerald's employment agreement provides the following severance benefits. If the Employer terminates Mr. FitzGerald's employment without "cause" (as defined in the employment agreement), or if Mr. FitzGerald terminates his employment within six months following a change in control,

Mr. FitzGerald will be entitled to a lump sum payment equal to three times the sum of (i) his annual base salary for the full calendar year immediately prior to the date of termination and (ii) the greater of (x) the amount of his annual bonus paid under the Company's Management Incentive Compensation Plan with respect to the full calendar year immediately prior to the year of termination and (y) the average of his annual bonuses paid under the Management Incentive Compensation Plan for each of the two calendar years immediately prior to the year of termination.

Mr. FitzGerald's employment agreement also provides Mr. FitzGerald with an additional payment (referred to as a "gross-up" payment) intended to reimburse him for the excise tax payable should any payments made to him in the event of a change in control be subject to the excise tax imposed on "excess parachute payments" under section 4999 of the Code, and to reimburse him for the income, excise and employment taxes on the reimbursement payment.

Under Equity Incentive Plans

Upon termination of employment for reasons other than disability or death, each of the Named Executive Officers would be entitled to exercise any then-vested outstanding stock options for a period of three months following such termination of employment.

In the event of the disability or death of the Named Executive Officer, the executive or his estate or beneficiary, as the case may be, would be entitled to exercise any then-vested outstanding stock options for a period of one year following such termination event.

The vesting of outstanding stock options and restricted stock awards held by the Named Executive Officers will be accelerated in the event that the Named Executive Officer's employment terminates for any reason, other than for cause, following a change in control of the Company. For purposes of the charts below, assuming the occurrence of the triggering event on January 2, 2010, the value of accelerated restricted stock shown is determined by multiplying the number of shares of restricted stock that would vest as of January 2, 2010 by the closing price of the Common Stock on January 2, 2010; and the value of accelerated options shown is based on the excess of the closing price of the Common Stock on January 2, 2010 of \$49.02, over the exercise price of such option, multiplied by the number of unvested options held by the Named Executive Officer as of January 2, 2010.

Quantification

The tables below illustrate the potential payouts to each Named Executive Officer under each of the various separation situations discussed above. The tables assume that the terminations took place on January 2, 2010, the last day of our 2009 fiscal year.

Termination without Cause:

	Cash Severance(\$)	Accelerated Vesting of Restricted Stock(\$)	Accelerated Vesting of Options(\$)
Selim A. Bassoul(1)	13,500,000		
Timothy J. FitzGerald(2)	3,000,000		
David Brewer			
Martin M. Lindsay			

(1) Upon a termination of his employment other than for cause, Mr. Bassoul would also become entitled to a pro rata monthly retirement benefit equal to \$21,618, assuming the termination occurred on January 2, 2010 and based on his current base salary of \$1,000,000. The pension arrangements,

Edgar Filing: MIDDLEBY CORP - Form DEF 14A

including the benefits payable upon Mr. Bassoul's normal retirement, are described in more detail under the heading "Pension Benefits for Fiscal Year 2008" above.

- (2) The cash severance figure for Mr. FitzGerald reflects the provisions of his amended and restated employment agreement dated March 1, 2010. This agreement superseded the terms of the employment agreement that was in effect on January 2, 2010.

Employee Terminates due to Material Diminution in Duties:

	Cash Severance(\$)	Accelerated Vesting of Restricted Stock(\$)	Accelerated Vesting of Options(\$)
Selim A. Bassoul	13,500,000		
Timothy J. FitzGerald	3,000,000

Termination of Employment within 6 Months After a Change in Control:

	Cash Severance(\$)	Accelerated Vesting of Restricted Stock(\$)	Accelerated Vesting of Options(\$)	Estimated Gross-Up Payments(\$)
Selim A. Bassoul	13,500,000	16,183,609		
Timothy J. FitzGerald	3,000,000	7,402,020		2,160,643
David Brewer		980,400		
Martin M. Lindsay		289,218		

Assuming a hypothetical termination of employment in connection with a change in control of the Company made on the last day of our 2009 fiscal year, as discussed above, the Company estimates that it would not be obligated to make an excise tax gross up payment to Mr. Bassoul. The estimate of the gross-up payment does not take into account the value of post-retirement medical benefits that would be provided to Mr. Bassoul. The present value of the medical benefits that would be provided to Mr. Bassoul is shown above under "Pension Benefits for Fiscal Year 2009". The estimate of the gross-up payment potentially payable to Mr. FitzGerald takes into account the following assumptions: the provisions of his amended and restated employment agreement dated March 1, 2010 were in effect on January 2, 2010; the value of accelerated vesting of restricted stock was based on the closing price of the Common Stock on January 2, 2010 (\$49.02); and an effective tax rate of 40%, not taking into account any deduction or potential limits on deductions for state and local taxes.

- (4) Board of Directors fees for Mr. O'Brien's services are paid directly to his employer, American Capital Strategies.
- (5) The Company maintains an unfunded retirement plan for non-employee directors, the Middleby Corporation Board of Directors Pension Plan. In November, 2006, the Board of Directors approved the termination of the plan. All current Directors with ten or more years of service to the Company will remain in the plan and continue to have benefits vest and accrue in the plan until they meet the Plan retirement age of 70, at which point their respective Plan distributions will begin.
