Such forward-looking statements involve risks and uncertainties. These statements are found in the sections entitled "BUSINESS," "MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATION," and "RISK FACTORS." Such forward-looking statements involve risks and uncertainties, including, among other things, statements concerning: our business strategy; liquidity and capital expenditures; future sources of revenues and anticipated costs and expenses; and trends in industry activity generally. Such forward-looking statements include, among others, those statements including the words such as "may," "will," "should," "expect," "plan," "could," "anticipate," "intend," "believe," "estimate," "predict," "potential," "goal," or "continue" or similar language or by discussions of our outlook, plans, goals, strategy or intentions.

Our actual results may differ significantly from those projected in the forward-looking statements. These statements are only predictions and involve known and unknown risks, uncertainties and other factors, including, but not limited to, the risks outlined under "RISK FACTORS", that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements. For example, assumptions that could cause actual results to vary materially from future results include, but are not limited to: competition from other parks which we believe is increasing, weather conditions during our primary tourist season, the price of animal feed and the price of gasoline. Although we believe that the expectations reflected in these forward-looking statements are based on reasonable assumptions, we cannot guarantee future results, levels of activity, performance or achievements.

The forward-looking statements we make in this Annual Report on Form 10-K are based on management's current views and assumptions regarding future events and speak only as of the date of this report. PART I

ITEM 1. BUSINESS

Overview

Parks! America, Inc., through our wholly owned subsidiaries, owns and operates two regional theme parks and is in the business of acquiring, developing and operating local and regional theme parks and attractions in the United States. Our wholly owned subsidiaries are Wild Animal Safari, Inc., a Georgia corporation (“Wild Animal – Georgia”) and Wild Animal, Inc., a Missouri corporation (“Wild Animal – Missouri”). Wild Animal – Georgia owns and operates the Wild Animal Safari theme park in Pine Mountain, Georgia (the “Georgia Park”). Wild Animal – Missouri owns and operates the Wild Animal Safari theme park located in Strafford, Missouri (the “Missouri Park”).

Our Parks are open year round but experience increased seasonal attendance, typically beginning in the latter half of March through early September. On a combined basis, net sales for the third and fourth quarter of our last two fiscal years represented approximately 64% to 67% of annual net sales.

Our business plan includes expansion via the acquisition of additional local or regional theme parks and attractions, if attractive opportunities arise. However, we have not made an acquisition since 2008 and there can be no assurance that we will be successful in acquiring and operating additional local or regional theme parks and attractions. We believe acquisitions, if any, should not unnecessarily encumber the Company with additional debt that cannot be justified by current operations. We may also pursue contract management opportunities for themed attractions owned by third parties. By using a combination of equity, debt and other financing options, we intend to carefully monitor stockholder value in conjunction with the pursuit of growth.

Shares of our common stock trade on the OTC Markets Group OTCPink marketplace (“OTCPink”) under the symbol, “PRKA.”

For an overview of our business operations, see MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITIONS AND RESULTS OF OPERATIONS herein.

Corporate History

The Company was originally incorporated on July 30, 1954 as Painted Desert Uranium & Oil Co., Inc. in Washington State. On October 1, 2002, Painted Desert Uranium & Oil Co., Inc. changed its name to Royal Pacific Resources, Inc. and its corporate domicile to the State of Nevada.

On December 19, 2003, Royal Pacific Resources, Inc. acquired the assets of Great Western Parks LLC pursuant to a Share Exchange Agreement that set the stage for our current corporate structure and operating strategy. We changed the name of the Company to Great American Family Parks, Inc. The acquisition was accounted for as a “reverse acquisition” in which Great Western Parks was considered to be the acquirer of Royal Pacific Resources for reporting purposes. As of June 11, 2008, the Company changed its name from Great American Family Parks, Inc. to its current name, Parks! America, Inc. In addition, effective June 25, 2008, the Company's quotation symbol on the OTCPink was changed from GFAM to PRKA.

Wild Animal Safari, Inc. – Our Georgia Park

On June 13, 2005, Wild Animal – Georgia acquired our Georgia Park in Pine Mountain, Georgia. Our Georgia Park is situated within a 200-acre portion of a 500-acre plot, which is owned by Wild Animal – Georgia, located approximately 75 miles southwest of Atlanta. Our Georgia Park includes a drive-through animal viewing area that opened in 1991. It is home to over 600 animals, birds and reptiles, comprised of over 65 species. The majority of the animals roam wild in a natural habitat. Visitors are able to observe, photograph and feed the animals along the more than three miles of paved roads that run throughout the drive-through section of our Georgia Parks’ natural habitat area. Some animals are contained in special fenced-in areas within the natural habitat, drive-through section of our Georgia Park and others are located in a more traditional zoo-like atmosphere. Also within our Georgia Park is our reptile house, located next to our petting zoo, featuring reptiles from several continents.

In addition to the animal environments, our Georgia Park contains a gift shop, a restaurant and ice cream parlor, an arcade, a picnic area, lakes and a pavilion. We sell food and beverages in our restaurant, and gift items from the gift shop, including shirts and hats, specialty items, educational books and toys about animals of the world and other toys.

Wild Animal – Georgia’s revenues are primarily derived from admission fees, food and beverage sales, gift shop and specialty item sales, sales of animal food and vehicle rentals at our Georgia Park. Management’s plans to grow revenues at our Georgia Park include ongoing improvements to existing facilities, making the Park more attractive to visitors and development of unused acreage surrounding the Park.

A majority of Wild Animal – Georgia’s animals are born in our Georgia Park and the animals we acquire are generally purchased domestically. We rarely import animals. Auctions and sales of animals across the United States occur often and we may acquire animals in these auctions if we see an opportunity to enhance our Parks. As a result of natural breeding, the animal population in our Georgia Park has grown in recent years. From time to time, we sell surplus animals born in the Park, and these proceeds are recorded as revenue. The Company had no accounts receivable from animal sales as of October 1, 2017 and October 2, 2016, respectively.

Food and beverages are purchased locally, although the main products and ingredients for the Noble Roman’s Pizza and Tuscano’s Subs are purchased from the national franchising company. Effective June 21, 2015, we renewed our rights to own and operate Noble Roman’s Pizza and Tuscano’s Italian Subs food franchises at our Georgia Park through June 20, 2020. The Company pays the franchisor a royalty of 7.0% on applicable gross product sales.

Wild Animal, Inc. – Our Missouri Park

Wild Animal – Missouri purchased our Missouri Park as of March 5, 2008. Our Missouri Park is situated in Strafford, Missouri on 255 acres of land located 12 miles east of Springfield and approximately 45 miles north of Branson. Our Missouri Park is a drive-through wild animal park with five-mile course permitting access to approximately 600 animals, birds and reptiles, comprised of over 65 species. Most of the animals roam wild throughout the natural habitat. Visitors are able to observe, photograph and feed the animals along the paved roads that run throughout the drive-through section of our Missouri Parks’ natural habitat area. Some animals are contained in special fenced-in areas within the natural habitat, drive-through section of our Missouri Park and other animals are located in a more traditional zoo-like atmosphere. In addition, our Missouri Park offers a gift shop, a food and beverage area, an indoor group dining and activity room, and a petting zoo. During our 2013 fiscal year, we opened a reptile house within the more traditional zoo-like area of our Missouri Park, featuring reptiles from several continents. During our 2015 fiscal year, we completed the installation of five amusement park “kiddie” rides at our Missouri Park. These rides are targeted toward families with children between the ages of three and twelve years old.

Employees

Our Georgia Park has approximately 14 full-time employees. During our Georgia Park’s prime attendance season, which typically begins in the latter half of March and extends through early September, we generally engage up to 16 additional seasonal employees. Our Missouri Park has six year-round employees and has engaged up to 10 additional seasonal employees during the peak season. We also engage consultants from time to time. We have no collective bargaining agreements with our employees and believe our relations with our employees are good. Parks! America has

three officers who oversee the strategy of the Company, the operations of our Parks, as well as the overall financial activities, controls and reporting for the Company and each individual Park.

ITEM 1A. RISK FACTORS

You should read the following discussion and analysis together with our consolidated financial statements and related notes included elsewhere in this Annual Report on Form 10-K. Some of the information contained in this discussion and analysis or set forth elsewhere in this Annual Report on Form 10-K, including information with respect to our plans and strategies for our business, includes forward-looking statements that involve risks and uncertainties. You should review the "RISK FACTORS" below for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in this report. If any of the following risks actually occur, our business, financial condition and results of operations could be adversely affected.

Risk Factors Relating to Our Business:

The Theme Park Industry is highly competitive and we may be unable to compete effectively.

The theme park industry is highly competitive, highly fragmented, rapidly evolving, and subject to technological change and intense marketing by providers with similar products. One of our competitors for attracting general recreation dollars, Callaway Gardens, is located within five miles of our Georgia Park. In May 2018, Great Wolf Resorts is scheduled to open an expansive lodge and indoor waterpark within 10 miles of our Georgia Park. In September 2017, the founder of Bass Pro Shops opened “Johnny Morris’ Wonders of Wildlife National Museum and Aquarium”, approximately 12 miles from our Missouri Park in Springfield, Missouri. Branson, Missouri is located just 45 minutes from our Missouri Park. Many of our current competitors are significantly larger and have substantially greater market presence as well as greater financial, technical, operational, marketing and other resources and experience than we have. In the event that such a competitor expends significant sales and marketing resources in one or several markets we may not be able to compete successfully in such markets. We believe that competition will continue to increase, potentially placing downward pressure on prices. Such pressure could adversely affect our gross margins if we are not able to reduce costs commensurate with such price reductions. In addition, the pace of technological change makes it impossible for us to predict whether we will face new competitors using different technologies to provide the same or similar products offered or proposed to be offered by us. If our competitors were to provide better and more cost effective products, our business could be materially and adversely affected.

We face strong competition from numerous entertainment alternatives.

In addition to competing with other themed and amusement parks, our venues compete with other types of recreational venues and entertainment alternatives, including but not limited to movies, sports attractions, vacation travel and video games. There can be no assurance that we will successfully differentiate ourselves from these entertainment alternatives or that consumers will consider our entertainment offerings to be more appealing than those of our competitors. The increasing availability and quality of technology-based entertainment has provided families with a wider selection of entertainment alternatives in their homes, including home entertainment units, in-home and online gaming, as well as on-demand streaming video and related access to various forms of entertainment. In addition, traditional theme parks have been able to reduce the cost and increase the variety of their attractions by implementing technologies that cannot be readily incorporated by wild animal attractions such as our Georgia and Missouri Parks.

The suspension or termination of any of our business licenses may have a negative impact on our business.

We maintain a variety of business licenses issued by federal, state and local government agencies that are required to be renewed periodically. We cannot guarantee that we will be successful in renewing all of our licenses on a periodic basis. The suspension, termination or expiration of one or more of these licenses could have a significant adverse affect on our revenues and profits. In addition, any changes to the licensing requirements for any of our licenses could

affect our ability to maintain the licenses.

Our insurance coverage may not be adequate to cover all possible losses that we could suffer, and our insurance costs may increase.

Companies engaged in the theme park business may be sued for substantial damages in the event of an actual or alleged accident. An accident occurring at our Parks or at competing parks may reduce attendance, increase insurance premiums, and negatively impact our operating results. Our properties contain drive-through, safari style animal parks, and there are inherent risks associated with allowing the public to interact with animals. Although we carry liability insurance to cover this risk, there can be no assurance that our coverage will be adequate to cover liabilities, or that we will be able to afford or obtain adequate coverage should a catastrophic incident occur.

We currently have \$5.0 million of liability insurance per occurrence and in aggregate, per Park. We will continue to use reasonable commercial efforts to maintain policies of liability, fire and casualty insurance sufficient to provide reasonable coverage for risks arising from accidents, fire, weather, other acts of God, and other potential casualties. There can be no assurance that we will be able to obtain adequate levels of insurance to protect against suits and judgments in connection with accidents or other disasters that may occur in our Parks.

We may not identify or complete acquisitions in a timely, cost-effective manner, if at all.

Our business plan includes expansion via the acquisition of additional local or regional theme parks and attractions, if attractive opportunities arise. However, we have not made an acquisition since 2008 and there can be no assurance that we will be successful in acquiring and operating additional local or regional theme parks and attractions. Competition for acquisition opportunities in the theme park industry is intense as there are a limited number of parks within the United States that could reasonably qualify as acquisition targets for us. Our acquisition strategy is dependent upon, among other things, our ability to: identify acquisition opportunities; obtain debt and equity financing; and obtain necessary regulatory approvals. Our ability to pursue our acquisition strategy may be hindered if we are not able to successfully identify acquisition targets or obtain the necessary financing or regulatory approvals, including but not limited to those arising under federal and state antitrust and environmental laws.

Significant amounts of additional financing may be necessary for the implementation of our Business Plan.

The Company may require additional debt and equity financing to pursue its business plan. There can be no assurance that we will be successful in obtaining additional financing. Lack of additional funding could force us to substantially curtail our expansion plans. Furthermore, the issuance by the Company of any additional securities would dilute the ownership of existing stockholders and may affect the price of our common stock.

Our ownership of real property subjects us to environmental regulation, which creates uncertainty regarding future environmental expenditures and liabilities.

We may be required to incur costs to comply with environmental requirements, such as those relating to discharges to air, water and land; the handling and disposal of solid and hazardous waste; and the cleanup of properties affected by hazardous substances. Under these and other environmental requirements we may be required to investigate and clean up hazardous or toxic substances or chemical releases at one of our properties. As an owner or operator, we could also be held responsible to a governmental entity or third party for property damage, personal injury and investigation and cleanup costs incurred by them in connection with any contamination. Environmental laws typically impose cleanup responsibility and liability without regard to whether the owner or operator knew of or caused the presence of the contaminants. The liability under environmental laws has been interpreted to be joint and several unless the harm is divisible and there is a reasonable basis for allocation of the responsibility. The costs of investigation, remediation or removal of those substances may be substantial, and the presence of those substances, or the failure to remediate a property properly, may impair our ability to use our property. We are not currently aware of any material environmental risks regarding our properties. However, we may be required to incur costs to remediate potential environmental hazards or to mitigate environmental risks in the future.

We are dependent upon the services of our Executive Officers and consultants.

Our success is heavily dependent on the continued active participation of our executive officers. Loss of the services of one or more of these officers could have a material adverse effect upon our business, financial condition or results of operations. In particular, we place substantial reliance upon the efforts and abilities of Dale Van Voorhis, Chairman of the Board of Directors and Chief Executive Officer of the Company and James Meikle, Chief Operating Officer and a Director of the Company, and President of Wild Animal – Georgia and Wild Animal – Missouri. The loss of Mr. Van Voorhis or Mr. Meikle's services could have an adverse effect on our business, operations, revenues or prospects.

Further, our success and achievement of our growth plans depend on our ability to recruit, hire, train and retain other highly qualified technical and managerial personnel. Competition for qualified employees among companies in the theme park industry is intense, and the loss of any such persons, or an inability to attract, retain and motivate any additional highly skilled employees required for the expansion of the Company's activities, could have a materially adverse effect on the Company. The inability of the Company to attract and retain the necessary personnel, and consultants and advisors could have a material adverse effect on the Company's business, financial condition or results

of operations.

Risk Factors Relating to Our Common Stock:

Our Common Stock is subject to the "penny stock" rules of the SEC and the trading market in our Common Stock is limited, which makes transactions in our Common Stock cumbersome and may reduce the value of an investment in our Common Stock.

Our common stock is considered a "penny stock" and the sale of our stock by you will be subject to the "penny stock rules" of the SEC. The penny stock rules require broker-dealers to take steps before making any penny stock trades in customer accounts. As a result, the market for our shares could be illiquid and there could be delays in the trading of our stock, which would negatively affect your ability to sell your shares and could negatively affect the trading price of your shares.

We do not expect to pay dividends for some time, if at all.

As of the date of this report, no cash dividends have been paid on our common stock. We expect that any income from operations will be devoted to our future operations and growth, as well as to service our debt. We do not expect to pay cash dividends in the near future. Any future determination as to the payment of dividends on our common stock will be at the discretion of our Board of Directors and will depend on our earnings, operating and financial condition, capital requirements and other factors deemed relevant by our Board of Directors. The provisions of credit agreements, which we may enter into from time to time, may also restrict the declaration of dividends on our common stock.

ITEM 3. LEGAL PROCEEDINGS

As of March 30, 2017, we entered into a settlement and release agreement (the “Eastland Settlement Agreement”) with Larry Eastland, the Company’s former President and CEO thereby bringing to a close litigation commenced by the Company in September of 2009 and identified as Parks! America, Inc. vs. Eastland; et al., Case No. 09-A-599668 in the Eighth Judicial District Court of the State of Nevada. Prior to that, in November of 2016, we reached a settlement with Stanley Harper and Computer Contact Service, Inc., an entity controlled by Mr. Harper (together the “Harper Defendants”) who were also defendants in that case. As a result, this litigation is terminated. The Harper Defendants received \$372,416, inclusive of additional attorney’s fees, costs and interest (the “Harper Judgment Award”), which was paid on November 8, 2016. The Eastland Defendants agreed to make a settlement payment to the Company of \$80,000 and assign 10,000 shares of the Company’s common stock, beneficially owned by one of the Eastland Defendants, to the Company (the “Settlement Shares”). Furthermore, we consented to the sale of 10,010,000 shares of common stock beneficially owned by the Eastland Defendants to Nicholas Parks (the “NP Transaction”). On April 20, 2017, the Company received the \$80,000 settlement payment and the Settlement Shares. A Stipulation and Order to Dismiss the Litigation with Prejudice was filed on April 24, 2017. As part of the NP Transaction, we entered into a Settlement Agreement and Release with Nicholas Parks, dated as of March 30, 2017 (the “NP Settlement Agreement”). As a result of the NP Transaction, Nicholas Parks holds shares representing approximately 13.4% of the outstanding common stock of the Company.

Other Matters

Except as described above, we are not a party to any pending legal proceeding, nor is its property the subject of a pending legal proceeding, that is not in the ordinary course of business or otherwise material to the financial condition of its business. None of our directors, officers or affiliates is involved in a proceeding adverse to its business or has a material interest adverse to its business.

Edgar Filing: PARKS AMERICA, INC - Form 10-K

Our Parks are open year round but experience increased seasonal attendance, typically beginning in the latter half of March through early September. On a combined basis, net sales for the third and fourth quarter of our last two fiscal years represented approximately 64% to 67% of annual net sales.

As outlined in the table below, our annual net sales, adjusted income before income taxes and net cash provided by operating activities have improved significantly in each of the past four fiscal years. These improvements are primarily attributable to a combination of increased attendance revenues and strong operating cost controls. Our Georgia Park in particular has benefitted from several positive factors including strong and stable management, the addition of online ticket sales in June 2015, growth and positive economic conditions in the greater Atlanta area, as well as positive guest perceptions of this Park.

We are committed to leveraging the strong operating model we have established at our Georgia Park, with a focus on increasing attendance, as well as increasing the average revenue generated per guest visit via concession and gift shop revenues.

Among our highest priorities is the continued improvement of the operating performance and profit at our Missouri Park. Since we acquired our Missouri Park in March 2008, we have worked to upgrade the Park's physical facilities and dramatically improve its concessions. During our 2015 fiscal year, we completed the installation of five amusement park "kiddie" rides at our Missouri Park. We will continue to focus our efforts to promote our Missouri Park and make additional improvements as our capital budget allows. We expect that over the course of several years these efforts will ultimately yield favorable results.

On January 9, 2013, we completed a \$3,752,000 loan transaction (the "Refinancing Loan"), the proceeds of which were used primarily to refinance the Company's then-outstanding debt and fund \$230,000 of new construction and renovations at our Parks. Over the last five fiscal years, the Refinancing Loan lowered our annual debt service

payments by approximately \$170,000, freeing up cash flow to fund operations and capital improvements at our Parks.

Our business plan includes expansion via the acquisition of additional local or regional theme parks and attractions, if attractive opportunities arise. However, we have not made an acquisition since 2008 and there can be no assurance that we will be successful in acquiring and operating additional local or regional theme parks and attractions. We believe acquisitions, if any, should not unnecessarily encumber the Company with additional debt that cannot be justified by current operations. We may also pursue contract management opportunities for themed attractions owned by third parties. By using a combination of equity, debt and other financing options, we intend to carefully monitor stockholder value in conjunction with the pursuit of growth.

Strong growth in our operating cash flow and the lower annual debt service associated with the Refinancing Loan have provided us with incremental cash flow margin over the past four fiscal years. However, our current size and operating model leave us little room for error. Any future capital raised by us is likely to result in dilution to existing stockholders. It is possible that cash generated by, or available to, us may not be sufficient to fund our capital and liquidity needs for the near-term.

Consolidated and Segment Results of Operations For the Year Ended October 1, 2017 as Compared to the Year Ended October 2, 2016

We manage our operations on an individual location basis. Discrete financial information is maintained for each Park and provided to our corporate management for review and as a basis for decision-making. The primary performance measures used to allocate resources are Park earnings before interest and tax expense, and free cash flow. We use this measure of operating profit to gauge segment performance because we believe this measure is the most indicative of performance trends and the overall earnings potential of each segment.

Edgar Filing: PARKS AMERICA, INC - Form 10-K

Our 2017 fiscal year ended on October 1, 2017 and was comprised of 52-weeks. Our 2016 fiscal year ended on October 2, 2016 and was comprised of 53-weeks. As such, we will discuss Park attendance based net sales on both a reported, as well as a comparable 52-week, basis for the year ended October 1, 2017 as compared to the prior year.

The following table shows our consolidated and segment operating results for the years ended October 1, 2017 and October 2, 2016:

Total Net Sales

The Company's total net sales for the year ended October 1, 2017 increased by \$1,211,829, or 24.1%, to \$6,238,264 versus the year ended October 2, 2016. On a reported basis, our Parks' combined attendance based net sales increased by \$1,199,937 or 24.2%, while animal sales increased by \$11,892. On a comparable 52-week basis, our Parks' combined attendance based net sales increased by \$1,231,686 or 25.0%.

Our Georgia Park's reported net sales increased by \$1,181,102 or 29.3%. Our Georgia Park's attendance based net sales increased by 29.4% and 30.1%, on a reported and comparable 52-week basis, respectively. Our Missouri Park's reported net sales increased by \$30,727 or 3.1%. Our Missouri Park's attendance based net sales increased by 2.6% and

3.7%, on a reported and comparable 52-week basis, respectively.

On a comparable 52-week basis for period ended October 1, 2017, attendance at our Georgia Park increased by 23.7%, while attendance at our Missouri Park decreased by 0.4%. We believe positive seasonal weather, increasing online ticket sales and overall favorable customer perception of our Georgia Park contributed to the higher attendance during the 52-week period ended October 1, 2017, while attendance at our Missouri Park was negatively impacted by unfavorable weather during several key attendance periods during the latter half of our 2017 fiscal year.

Segment Operating Margin

Our consolidated segment operating margin increased by \$831,720, resulting in segment income from operations of \$2,875,525 for the year ended October 1, 2017 compared to segment income from operations of \$2,043,805 for the year ended October 2, 2016. Our Georgia Park's segment income was \$2,932,356, an increase of \$894,180, primarily as a result of increased attendance based revenues and higher animal sales, partially offset by higher cost of sales, and higher compensation, insurance, advertising and general operating expenses. Our Missouri Park generated an operating loss of \$56,831, a decline of \$62,460, as higher attendance based revenues, higher animal sales, and lower cost of sales were more than offset by higher advertising, compensation and general operating expenses.

Corporate Expenses

Corporate spending totaled \$730,686 during the year ended October 1, 2017, an increase of \$170,947, primarily as a result of higher legal expenses, as well as higher compensation expense.

Judgment Award

On July 28, 2016, the Supreme Court of the State of Nevada issued an order mostly affirming the Eighth Judicial District Court's summary judgment in favor of the Harper Defendants, and affirming most of their claims for recovery of costs and attorney's fees. After exhausting our options to further pursue our action against the Harper Defendants, effective November 2, 2016, we agreed to pay the Harper Defendants \$372,416, in part to cover costs and attorney's fees during the appeal process, resulting in an additional charge of \$68,088 for our year ended October 2, 2016. See "NOTE 9. COMMITMENTS AND CONTINGENCIES" of the Notes to the Consolidated Financial Statements included in this Annual Report on Form 10-K for additional information on this matter.

Other Income (Expense), Net

Pursuant to a legal settlement, we received a settlement payment of \$80,000 on April 20, 2017, which has been included in other income for our year ended October 1, 2017. See "NOTE 9. COMMITMENTS AND CONTINGENCIES" of the Notes to the Consolidated Financial Statements included in this Annual Report on Form 10-K for additional information on this matter.

Interest Expense

Interest expense, including amortization of loan fees, was \$200,258 for the year ended October 1, 2017, a decrease of \$14,237, as a result of lower average term loan borrowing and no seasonal borrowing during the 2017 fiscal year.

Income Taxes

For the fiscal year ending October 1, 2017, we generated income before income taxes of \$2,035,954 and recorded a tax provision of \$775,300, for an effective tax rate of approximately 38.1%.

Based on our cumulative net tax operating loss carry-forwards, we do not expect to pay regular U.S. Federal income taxes for our 2017 fiscal year; however, we estimate we will owe approximately \$30,300 in Federal alternative minimum tax for our 2017 fiscal year, compared to \$14,400 for our 2016 fiscal year. For the years ended October 1, 2017 and October 2, 2016, we recorded State of Georgia income tax provisions of \$125,600 and \$72,000, respectively.

Our 2017 fiscal year income tax provision includes the utilization of \$616,769 of deferred tax assets. Approximately \$490,148 is associated with the utilization of a portion of our Federal income tax net operating loss carry-forwards. In addition, our 2017 fiscal year tax provision includes the realization of a deferred tax asset of \$126,621 associated with the summary judgment payment. As of October 1, 2017, we estimate we have approximately \$471,000 of cumulative Federal net operating loss carry-forwards remaining.

Our 2016 fiscal year income tax provision includes a \$650,503 net benefit for the release of the valuation allowance previously carried against our Federal income tax net operating loss carry-forwards. Based on the taxable income we had generated in the preceding three fiscal years' and our then current expectations for future Federal taxable income, we believed the uncertainties related to our ability to utilize these deferred tax assets before they expire had been substantially removed as of October 2, 2016. In addition, our 2016 fiscal year tax provision included a deferred tax benefit of \$126,621 associated with the summary judgment payment.

For additional information, see "NOTE 8. INCOME TAXES" of the Notes to the Consolidated Financial Statements included in this Annual Report on Form 10-K for additional information on this matter.

Net Income and Income Per Share

Our net income for the year ended October 1, 2017 was \$1,260,654 or \$0.02 per basic share and per fully diluted share, a decrease of \$640,903 as compared with a net income of \$1,901,557 or \$0.03 per basic share and per fully diluted share, for the year ended October 2, 2016.

	For the year ended	
	October 1, 2017	October 2, 2016
Net Income	\$ 1,260,654	\$ 1,901,557
Other Income – settlement income	(80,000)	-
Tax impact – settlement income	30,500	-
Judgement award	-	68,088
Tax impact – judgement award	-	(25,683)
Tax valuation reserve adjustment	-	(650,503)
Deferred tax benefit	-	(126,621)
Adjustment to normalize the tax provision	-	(373,017)
Adjusted net income	\$ 1,211,154	\$ 793,821

As shown in the table above, several significant one-time items impacted our year-over-year net income comparison. Our 2017 fiscal year included other income of \$80,000 associated with a legal settlement. Excluding after-tax effect of the legal settlement, our 2017 fiscal year net income would have been approximately \$1,211,154. Our 2016 fiscal year included the impact of the \$68,088 charge for the judgment award and net deferred tax benefits totaling \$777,124. Excluding the after-tax effect of the judgment award and normalizing the 2016 fiscal year provision for income taxes, our 2016 net income would have been approximately \$793,821. On an adjusted basis, our 2017 fiscal year net income increased by \$417,333. The primary drivers for this improvement are a \$894,180 increase in operating income for our Georgia Park and a \$14,237 reduction in interest expense, partially offset by a \$259,715 increase in our normalized income tax provision, a \$170,947 increase in Corporate spending and a \$62,460 decline in the operating results of our Missouri Park.

Financial Condition, Liquidity and Capital Resources*Financial Condition and Liquidity*

Our primary sources of liquidity are cash generated by operations and borrowings under our loan agreements. Our slow season starts after Labor Day in September and runs until Spring Break, which typically begins toward the end of March. The first and second quarters of our fiscal year have historically generated negative cash flow, requiring us to borrow on a seasonal basis to fund operations and prepare our Parks for the busy season during the third and fourth quarters of our fiscal year. However, during our 2017 fiscal year we did not utilize any seasonal borrowing. Our seasonal borrowing needs during our 2016 fiscal year were supported by our line of credit (“LOC”) with Commercial Bank & Trust Company of Troup County (“CB&T”).

We believe that our performance has improved to the point that annual cash flow from operations will be sufficient to fund operations, make debt-service payments and spend modestly on capital improvements in the near-term. During the next twelve months, our focus will continue on increasing Park attendance revenues. Any slowdown in revenue or unusual capital outlays may require us to seek additional capital.

Our working capital was \$3.14 million as of October 1, 2017, compared to \$1.40 million as of October 2, 2016. This increase in working capital primarily reflects strong operating cash flow partially offset by capital expenditures and scheduled payments on our term debt during our 2017 fiscal year.

Total loan debt, including current maturities, as of October 1, 2017 was \$3.10 million compared to \$3.22 million as of October 2, 2016. The decrease in total loan debt was a result of scheduled payments against our term loan during the year ended October 1, 2017. There were no borrowings on our CB&T LOC as of October 1, 2017 and October 2, 2016, respectively.

As of October 1, 2017, we had equity of \$6.79 million and total loan debt of \$3.10 million, resulting in a debt to equity ratio of 0.46 to 1.0. Our debt to equity ratio was 0.58 to 1.0 as of October 2, 2016.

Operating Activities

Net cash provided by operating activities was \$1.83 million and \$1.46 million, for our 2017 and 2016 fiscal years, respectively, resulting in an increase of \$363,854. Excluding impact of the Harper Judgment Award activity in both years (as further described in “NOTE 9. COMMITMENTS AND CONTINGENCIES” of the Notes to the Consolidated Financial Statements included in this Annual Report on Form 10-K), cash flow provided by operating activities improved by \$804,358 for the year ended October 1, 2017, principally due to higher attendance revenues at our Georgia Park, partially offset by higher operating expenses.

Investing Activities

During our 2017 fiscal year, we spent \$438,352 on capital improvements at our Parks, compared to \$431,078 spent on capital improvements during our 2016 fiscal year.

For our Georgia Park, 2017 fiscal year spending on property and equipment included various animal acquisitions, improvements and additions to animal shelters and exhibits, improvements to the drive-through roads, spending on annual requirements for our rental vehicle fleet, and additions to our park maintenance equipment. For our Missouri Park, 2017 fiscal year spending on property and equipment included various animal acquisitions, ground improvements in the walk about section of the Park and to drive-through roads, improvements to several animal shelters and exhibits, as well as additions to our park maintenance equipment.

For our Georgia Park, 2016 fiscal year spending on property and equipment included improvements and additions to animal shelters and exhibits, improvements to the drive-through roads, additions to our park maintenance equipment and spending on annual requirements for our rental vehicle fleet, as well as various animal acquisitions. For our Missouri Park, 2016 fiscal year spending on property and equipment included ground improvements in the walk about section of the Park and to drive-through roads, improvements to several animal shelters and exhibits, additions to our park maintenance equipment, as well as various animal acquisitions.

As detailed in “NOTE 9. COMMITMENTS AND CONTINGENCIES” of the Notes to the Consolidated Financial Statements included in this Annual Report on Form 10-K, on October 24, 2014, we were ordered by the Eighth Judicial District Court of the State of Nevada to pay \$304,328 in legal fees and costs to certain defendants related to certain legal proceedings. As of February 5, 2015, we were required to post a security in the amount of 150%, or \$456,492, of the judgment during our appeal of the summary judgment and award of costs. Subsequent to October 1, 2017, we exhausted our appeal options with respect to this ruling and on November 8, 2016, we paid out \$372,416 in restricted cash. The balance of the previously restricted funds of approximately \$79,300 was returned to the Company on November 17, 2016.

Financing Activities

During our 2017 fiscal year, we used \$126,751 of cash in financing activities, compared to \$116,661 of cash used in financing activities during our 2016 fiscal year. In both years, net cash used in financing activities was to make scheduled principal payments on our Refinancing Loan with CB&T. We did not utilize seasonal borrowings during our 2017 fiscal year. All our 2016 fiscal year seasonal borrowings were repaid by October 2, 2016.

Borrowing Agreements

On January 9, 2013, we closed the Refinancing Loan with CB&T. The Refinancing Loan was for a principal amount of \$3,752,000 and has a 20-year term. The Refinancing Loan is secured by substantially all the assets of the Company and its wholly owned subsidiaries. The Refinancing Loan bears interest at the rate of Prime Rate plus 2.50%, resulting in a rate of 5.75% during the first five years of the Loan term. Thereafter, the interest rate will be re-priced every five years based on the then-Prime Rate plus 2.50%, with the first re-pricing set to occur effective January 9, 2018.

We maintain a \$350,000 LOC from CB&T for seasonal working capital needs. This LOC has an initial term of seven years, expiring on January 8, 2020, subject to the satisfactory performance by the Company. The LOC interest rate is tied to the prime rate, and was 6.25% as of October 1, 2017. The LOC was not utilized as of October 1, 2017 and October 2, 2016, respectively.

Off Balance Sheet Arrangements

We do not have any off balance sheet arrangements that are reasonably likely to have a current or future effect on our financial condition, revenues, results of operations, liquidity or capital expenditures.

Critical Accounting Policies and Estimates

Our discussion and analysis of financial condition and results of operations is based upon our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. Our significant accounting policies are set forth in “NOTE 2. SIGNIFICANT ACCOUNTING POLICIES” of the Notes to the Consolidated Financial Statements included in this Annual Report on Form 10-K, which should be reviewed as they are integral to understanding our results of operations and financial position. Our critical accounting policies are periodically reviewed with the Audit Committee of the Board of Directors of the Company.

The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of any contingent assets and liabilities. On an on-going basis, we evaluate our estimates, including those related to long-lived assets, income taxes, and contingencies and litigation. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Although actual results historically have not deviated significantly from those determined using our estimates, our results of operations or financial condition could differ, perhaps materially, from these estimates under different assumptions or conditions.

Long-lived Assets, including Property and Equipment

Property and equipment are stated at cost. Improvements and replacements are capitalized when they extend the useful life, increase capacity or improve the efficiency of the assets. Repairs and maintenance are charged to expense as incurred. Depreciation of property and equipment is provided on the straight-line method and is based on the estimated useful economic lives of the respective assets. We make subjective assessments as to these useful lives for purposes of determining the amount of depreciation to record annually with respect to our investments in property and equipment. These assessments have a direct impact on our net income or loss, as a change in the estimated useful economic lives of our investments in property and equipment would increase or decrease depreciation expense, thereby decreasing or increasing net income or loss. We review long-lived assets whenever circumstances change such that the recorded value of an asset may not be recoverable and therefore impaired.

Accounting for Income Taxes

We account for income taxes under the asset and liability method, under which deferred tax assets and liabilities are recognized for the anticipated future tax consequences attributable to differences between financial statement amounts and their respective tax bases using enacted tax rates in effect for the year in which the differences are expected to reverse. We review our deferred tax assets to determine whether their value can be realized based upon available evidence. A valuation allowance is established when we believe that it is more likely than not that some portion of its deferred tax assets will not be realized.

Significant judgment is required in determining our provision or benefit for income taxes, our deferred tax assets and liabilities, and any valuation allowance recorded against our net deferred tax assets. We record deferred tax assets, primarily resulting from net operating loss carry-forwards, to the extent we believe these assets will more likely than not be realized. In making such determination, we consider all available evidence, including scheduled reversals of deferred tax liabilities, projected future taxable income, tax planning strategies and recent results of operations. In the event we determine it is more likely than not we will not realize our deferred tax assets we establish a valuation allowance. During the year ended October 2, 2016, we determined that a valuation allowance was no longer appropriate for our Federal net operating loss carry-forwards as the uncertainties related to our ability to utilize these deferred tax assets before they expire have been substantially reduced, making it more likely than not we will fully realize the related future tax benefit.

Contingencies

As described in “NOTE 9. COMMITMENTS AND CONTINGENCIES” of the Notes to the Consolidated Financial Statements included in this Annual Report on Form 10-K, the legal proceedings in which we were previously involved were resolved during our 2017 fiscal year. We are not aware of any other legal matters involving the Company, however, there can be no assurance that all proceedings that may currently be brought against us are known by us at this time.

Other Significant Accounting Policies

Other significant accounting policies, primarily those with lower levels of uncertainty than those discussed above, are also critical to understanding our consolidated financial statements. The Notes to Consolidated Financial Statements included in this Annual Report on Form 10-K contain additional information related to our accounting policies and should be read in conjunction with this discussion.

ITEM 9A. CONTROLS AND PROCEDURES

(a) Disclosure Controls and Procedures

With the participation of the principal executive officer and principal financial officer of Parks! America (the “Registrant”), the Registrant’s management has evaluated the effectiveness of the Registrant’s disclosure controls and procedures, as required by Rule 13a-15(e) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), as of the end of the fiscal year covered by this Annual Report on Form 10-K. Based upon that evaluation, the Registrant’s principal executive officer and principal financial officer have concluded that the Registrant’s disclosure controls and procedures were effective as of the end of the fiscal year covered by this Annual Report on Form 10-K.

(b) Management’s Annual Report on Internal Control over Financial Reporting

Overview

Management of the Company is responsible for establishing and maintaining adequate internal control over financial reporting. Internal control over financial reporting is defined in Rule 13a-15(f) or 15d-15(f) promulgated under the Exchange Act as a process designed by, or under the supervision of, the Company's principal executive and principal financial officers and effected by the Company's board of directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with accounting principles generally accepted in the United States and includes those policies and procedures that:

- 1 . Pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- 2 . Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- 3 . Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation. Because of the inherent limitations of internal control, there is a risk that material misstatements may not be prevented or detected on a timely basis by internal control over financial reporting. However, these inherent limitations are known features of the financial reporting process. Therefore, it is possible to design into the process safeguards to reduce this risk.

Management based its assessment of the Company's internal control over financial reporting on criteria established in *Internal Control – Integrated Framework (1992)* issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on its assessment, management has concluded that the Company's disclosure controls and procedures and internal control over financial reporting are effective as of October 1, 2017.

(c) Changes in Internal Control over Financial Reporting

There has been no change in our internal control over financial reporting, as defined in Rules 13a-15(f) of the Exchange Act, during our most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting as of October 1, 2017.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders

of Parks! America, Inc.

Pine Mountain, Georgia

We have audited the accompanying consolidated balance sheets of Parks! America, Inc. and Subsidiaries as of October 1, 2017 and October 2, 2016, and the related consolidated statements of operations, changes in stockholders' equity and cash flows for the years then ended. Parks! America, Inc.'s management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company has determined that it is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Parks! America, Inc. and Subsidiaries as of October 1, 2017 and October 2, 2016, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

PARKS! AMERICA, INC. and SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

October 1, 2017

NOTE 1. ORGANIZATION

Parks! America, Inc. (“Parks!” or the “Company”) was originally incorporated on July 30, 1954 as Painted Desert Uranium & Oil Co., Inc. in Washington State. On October 1, 2002, Painted Desert Uranium & Oil Co., Inc. changed its name to Royal Pacific Resources, Inc. and its corporate domicile to the State of Nevada.

On December 19, 2003, Royal Pacific Resources, Inc. acquired the assets of Great Western Parks LLC pursuant to a Share Exchange Agreement that resulted in the Company assuming control and changing the corporate name to Great American Family Parks, Inc. The acquisition was accounted for as a reverse acquisition in which Great Western Parks was considered to be the acquirer of Royal Pacific Resources for reporting purposes. On June 11, 2008, the Company changed its name from Great American Family Parks, Inc. to Parks! America, Inc.

The Company owns and operates through wholly owned subsidiaries two regional theme parks and is in the business of acquiring, developing and operating local and regional theme parks and attractions in the United States. The Company’s wholly owned subsidiaries are Wild Animal Safari, Inc. a Georgia corporation (“Wild Animal – Georgia”) and Wild Animal, Inc., a Missouri corporation (“Wild Animal – Missouri”). Wild Animal – Georgia owns and operates the Wild Animal Safari theme park in Pine Mountain, Georgia (the “Georgia Park”). Wild Animal – Missouri owns and operates the Wild Animal Safari theme park located in Strafford, Missouri (the “Missouri Park”). The Company acquired the Georgia Park on June 13, 2005, and the Missouri Park on March 5, 2008.

The Parks are open year round but experience increased seasonal attendance, typically beginning in the latter half of March through early September. On a combined basis, net sales for the third and fourth quarter of the last two fiscal years represented approximately 64% to 67% of annual net sales.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The Company’s consolidated financial statements are presented in accordance with accounting principles generally accepted in the United States of America (“GAAP”). The Company believes that the disclosures made are adequate to make the information presented not misleading. The information reflects all adjustments that, in the opinion of management, are necessary for a fair presentation of the financial position and results of operations for the periods set forth herein.

Principles of Consolidation: The accompanying consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries (Wild Animal – Georgia and Wild Animal – Missouri). All material inter-company accounts and transactions have been eliminated in consolidation.

Accounting Method: The Company recognizes income and expenses based on the accrual method of accounting.

Estimates and Assumptions: Management uses estimates and assumptions in preparing financial statements in accordance with GAAP. Those estimates and assumptions affect the reported amounts of the assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were assumed in preparing these financial statements.

Fiscal Year End: The Company's fiscal year-end is the Sunday closest to September 30, and its quarterly close dates are also determined by the Sunday closest to the end of each quarterly reporting period. For the 2017 fiscal year, October 1 was the closest Sunday, and for the 2016 fiscal year, October 2 was the closest Sunday. The 2017 fiscal year was comprised of 52-weeks, while the 2016 fiscal year was comprised of 53-weeks. This fiscal calendar aligns the Company's fiscal periods more closely with the seasonality of its business. The high season typically ends after the Labor Day holiday weekend. The period from October through early March is geared towards maintenance and preparation for the next busy season, which typically begins at Spring Break and runs through Labor Day.

Reclassifications: Certain accounts and financial statement captions in the prior periods have been reclassified to conform to the current period financial statements.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial and Concentrations Risk: The Company does not have any concentration or related financial credit risks. The Company maintains its cash in bank deposit accounts, which at times may exceed federally insured limits.

Trade Accounts Receivable: The theme parks are a payment upfront business; therefore, the Company typically carries little or no accounts receivable. The Company had no accounts receivable as of October 1, 2017 and October 2, 2016, respectively.

Inventory: Inventory consists of gift shop items, animal food, and concession and park supplies, and is stated at the lower of cost or market. Cost is determined on the first-in, first-out method. Inventories are reviewed and reconciled annually, because inventory levels turn over rapidly.

Property and Equipment: Property and equipment are stated at cost. Depreciation is computed on the straight-line method over the estimated useful lives of the assets, which range from three to thirty-nine years. A summary is included below.

	October 1, 2017	October 2, 2016	Depreciable Lives

Property and equipment, net	\$ 6,464,850	\$ 6,432,897

Other Intangible assets: Other intangible assets include loan fees and franchising fees, reported at cost. Loan fees are amortized over the life of the respective loan, currently 20 years for the term loan and seven years for the line-of-credit. See “NOTE 4. LONG-TERM DEBT” and “NOTE 5. LINE OF CREDIT” for more information. Franchising fees are amortized over a period of 60 months.

Impairment of Long-Lived Assets: The Company reviews its major assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If an asset is considered impaired, then impairment will be recognized in an amount determined by the excess of the carrying amount of the asset over its fair value.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

October 1, 2017

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial Instruments: The carrying amounts of financial instruments are considered by management to be their estimated fair values due to their short-term maturities. Securities that are publicly traded are valued at their fair market value as of the balance sheet date presented.

Revenue Recognition: The Company's major source of income is from theme park admissions. Theme park revenues from admission fees are generally recognized upon receipt of payment at the time of the customers' visit to the parks. Theme park revenues from advance online ticket purchases are deferred until the customers' visit to the parks. Short-term seasonal passes are sold primarily during the spring and summer seasons, are negligible to our results of operations and are not material. The Company periodically sells surplus animals created from the natural breeding process that occurs within the parks. All animal sales are reported as a separate revenue line item.

Advertising and Market Development: The Company expenses advertising and marketing costs as incurred.

Stock Based Compensation: The Company recognizes stock based compensation costs on a straight-line basis over the requisite service period associated with the grant. No activity has occurred in relation to stock options during any period presented. The Company awards shares to its Board of Directors for service on the Board. The shares issued to the Board are "restricted" and are not to be re-sold unless an exemption is available, such as the exemption afforded by Rule 144 promulgated under the Securities Act of 1933, as amended (the "Securities Act"). The Company recognizes the expense based on the fair market value at time of the grant. Each Director is typically granted 25,000 restricted shares annually, usually toward the end of the calendar year.

Income Taxes: The Company utilizes the asset and liability method of accounting for income taxes, which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements. Under this method, deferred tax assets and liabilities are determined based on the differences between the financial reporting basis and the tax basis of the assets and liabilities, and are measured using the enacted tax rates and laws. Management periodically reviews the Company's deferred tax assets to determine whether their value can be realized based on available evidence. A valuation allowance is established when management believes it is more likely than not, that such tax benefits will not be realized. Changes in valuation allowances from period to period are included in the Company's income tax provision in the period of change.

Basic and Diluted Net Income (Loss) Per Share: Basic net income (loss) per share amounts are computed based on the weighted average number of shares actually outstanding. Diluted net income (loss) per share amounts are computed using the weighted average number of common shares and common equivalent shares outstanding as if shares had been issued on the exercise any common share rights unless the exercise becomes anti-dilutive and then only the basic per share amounts are shown in the report.

Basic and diluted net income (loss) per share is computed by dividing net income (loss) available to common stockholders by the applicable weighted average number of common shares outstanding in each period.

Dividend Policy: The Company has not yet adopted a policy regarding payment of dividends.

Recent Accounting Pronouncements: The Company does not expect recently issued accounting standards or interpretations to have a material impact on the Company's financial position, results of operations, cash flows or financial statement disclosures.

NOTE 3. RESTRICTED CASH

As of February 5, 2015, the Company was required to post a security of \$456,492 (the "Security Amount") in connection with the Company's appeal of a summary judgment and award of costs more fully described in "NOTE 9. COMMITMENTS AND CONTINGENCIES" herein. The Company deposited the Security Amount, in cash, in a newly established account with Fifth Third Bank, an Ohio Banking Corporation ("Fifth Third"). On April 8, 2015, Fifth Third issued a "Letter of Credit" equal to the Security Amount to the "Harper Defendants" (as that term is defined in Note 9). On November 8, 2016, \$372,416 was paid out to the Harper Defendants against the Letter of Credit as a final settlement of the judgment and award of costs. As a result, the balance of the security amount, net of fees, was no longer restricted and on November 17, 2016 approximately \$79,300 was returned to the Company as unrestricted funds.

NOTE 4. LONG-TERM DEBT

On January 9, 2013, the Company completed a refinancing transaction (the “Refinancing Loan”) with Commercial Bank & Trust Company of Troup County (“CB&T”) as lender. The Refinancing Loan was for a principal amount of \$3,752,000 and has a 20-year term. The Refinancing Loan is secured by substantially all the assets of the Company and its wholly owned subsidiaries. The Refinancing Loan bears interest at the rate of Prime Rate plus 2.50%, resulting in a rate of 5.75% during the first five years of the loan term. Thereafter, the interest rate will be re-priced every five years based on the then-Prime Rate plus 2.50%, with the first re-pricing set to occur effective January 9, 2018. During the first four months following the closing of the Refinancing Loan the Company made interest-only payments. The minimum required monthly payment is approximately \$26,343 during the first five years of the Refinancing Loan term. The closing costs for the Refinancing Loan totaled \$175,369 and are being amortized over the 20-year life of the loan.

2021	157,584
2022	166,888
thereafter	2,504,077

Total \$ 3,239,756

Interest expense of \$200,258 and \$214,495 for the year ended October 1, 2017 and October 2, 2016, respectively, includes \$10,409 and \$10,408, respectively, of amortization of debt closing costs in each period.

Effective October 3, 2016, the Company retroactively adopted the requirements of ASU No. 2015-03, *Interest – Imputation of Interest (Subtopic 835-50): Simplifying the Presentation of Debt Issuance Costs*, to present debt issuance costs as a reduction of the carrying amount of the related debt rather than an asset. Long-term debt and the current portion long-term debt as of October 2, 2016 were previously reported on the balance sheet as \$3,251,447 and \$115,060, respectively, with the associated \$148,252 of unamortized debt closing costs reported in intangible assets. Amortization of debt closing costs of \$10,409 and \$10,408 years ended October 1, 2017 and October 2, 2016, respectively, is reported as interest expense in the Consolidated Statements of Operations. Such amortization of debt closing costs was previously reported as amortization expense in the Consolidated Statement of Operations for the year ended October 2, 2016.

NOTE 8. INCOME TAXES

The provision for income tax consists of the following:

	For the year ended	
	October 1, 2017	October 2, 2016
Federal	\$ 649,700	\$ (762,724)
State	125,600	72,000
Total tax provision	\$ 775,300	\$ (690,724)

For the year ended October 1, 2017, the Company reported a pre-tax profit of \$2,035,954 and utilized a portion of its Federal net operating loss carry-forward to offset its Federal tax liability, resulting in a zero regular Federal income tax liability. However, the Company has estimated it will owe approximately \$30,300 in Federal alternative minimum tax for its 2017 fiscal year.

The provision for Federal income tax consists of the following:

	For the year ended	
	October 1, 2017	October 2, 2016
Federal income tax attributable to:		
Current operations	\$ 662,104	\$ 410,438
Alternative minimum tax	30,300	14,400
State tax benefit	(42,704)	-
Deferred tax benefit	-	(126,621)
Valuation allowance	-	(1,060,941)
Net provision for Federal income taxes	\$ 649,700	\$ (762,724)

The cumulative tax effect, at the expected rate of 34%, of significant items comprising our net deferred tax asset is as follows:

	As of	
	October 1, 2017	October 2, 2016
Deferred tax asset attributable to:		
Net operating loss carryforward	\$ 160,355	\$ 650,503
Accrued liabilities	-	126,621
Net deferred tax asset	\$ 160,355	\$ 777,124

The cumulative Federal net operating loss carry-forward is approximately \$471,000 as of October 1, 2017 and will expire beginning in the year 2026. Due to the change in ownership provisions of the Tax Reform Act of 1986, net operating loss carry forwards of approximately \$471,000 for Federal income tax reporting purposes are subject to annual limitations. Should a change in ownership occur, Federal net operating loss carry forwards may be limited as to use in future years.

Prior to October 2, 2016, the net deferred tax asset generated by the Federal net operating loss carry-forwards was fully reserved by a valuation allowance. Based on then current expectations, the Company determined that it was more likely than not it will fully realize the future benefit of its Federal net operating loss carry-forwards, therefore, the valuation allowance against its remaining net operating loss carry forwards was no longer appropriate as of October 2, 2016.

For the fiscal years ended October 1, 2017 and October 2, 2016, the Company recorded a provision for State of Georgia income taxes of \$125,600 and \$72,000, respectively.

America, Inc. vs. Eastland; et al., Case No. 09-A-599668 in the Eighth Judicial District Court of the State of Nevada. Prior to that, in November of 2016, the Company reached a settlement with Stanley Harper and Computer Contact Service, Inc., an entity controlled by Mr. Harper (together the “Harper Defendants”) who were also defendants in that case. As a result, this litigation is terminated. The Harper Defendants received \$372,416, inclusive of additional attorney’s fees, costs and interest (the “Harper Judgment Award”), which was paid on November 8, 2016. Furthermore, the Company consented to the sale of 10,010,000 shares of common stock beneficially owned by the Eastland Defendants to Nicholas Parks (the “NP Transaction”). On April 20, 2017, the Company received the \$80,000 settlement payment and the Settlement Shares. A Stipulation and Order to Dismiss the Litigation with Prejudice was filed on April 24, 2017. As part of the NP Transaction, the Company entered into a Settlement Agreement and Release with Nicholas Parks, dated as of March 30, 2017 (the “NP Settlement Agreement”). As a result of the NP Transaction, Nicholas Parks holds shares representing approximately 13.4% of the outstanding common stock of the Company.

Except as described above, the Company is not a party to any pending legal proceeding, nor is its property the subject of a pending legal proceeding, that is not in the ordinary course of business or otherwise material to the financial condition of its business. None of the Company’s directors, officers or affiliates is involved in a proceeding adverse to its business or has a material interest adverse to its business.
