QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended June 30, 2015

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from to

Commission file number: 001-15169
PERFICIENT, INC.
(Exact name of registrant as specified in its charter)

Delaware No. 74-2853258
(State or other jurisdiction of incorporation or organization) (I.R.S. Employer Identification No.)

555 Maryville University Drive
Suite 600
Saint Louis, Missouri 63141
(Address of principal executive offices)
(314) 529-3600
(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements during the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See definition of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer Accelerated filer
Non-accelerated filer Smaller reporting company

Edgar Filing: PERFICIENT INC - Form 10-Q

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes
No

As of July 27, 2015, there were 35,291,292 shares of Common Stock outstanding.

PART I. FINANCIAL INFORMATION

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

Some of the statements contained in this Quarterly Report on Form 10-Q (this "Form 10-Q") that are not purely historical statements discuss future expectations, contain projections of results of operations or financial condition, or state other forward-looking information. Those statements are subject to known and unknown risks, uncertainties, and other factors that could cause the actual results to differ materially from those contemplated by the statements. The "forward-looking" information is based on various factors and was derived using numerous assumptions. In some cases, you can identify these so-called forward-looking statements by words like "may," "will," "should," "expects," "plans," "anticipates," "believes," "estimates," "predicts," "potential," or "continue" or the negative of those words and other comparable words. You should be aware that those statements only reflect our predictions and are subject to risks and uncertainties. Actual events or results may differ substantially. Important factors that could cause our actual results to be materially different from the forward-looking statements include (but are not limited to) the following:

- (1) the impact of the general economy and economic uncertainty on our business;
- (2) risks associated with the operation of our business generally, including:
 - a. client demand for our services and solutions;
 - b. maintaining a balance of our supply of skills and resources with client demand;
 - c. effectively competing in a highly competitive market;
 - d. protecting our clients' and our data and information;
 - e. risks from international operations including fluctuations in exchange rates;
 - f. obtaining favorable pricing to reflect services provided;
 - g. adapting to changes in technologies and offerings;
 - h. risk of loss of one or more significant software vendors; and
 - i. the implementation of our new enterprise resource planning system in July 2014;
- (3) legal liabilities, including intellectual property protection and infringement or the disclosure of personally identifiable information;
- (4) risks associated with managing growth organically and through acquisitions; and
- (5) the risks detailed from time to time within our filings with the Securities and Exchange Commission (the "SEC").

This discussion is not exhaustive, but is designed to highlight important factors that may impact our forward-looking statements. Because the factors referred to above, as well as the statements included under the heading "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2014 and elsewhere in this Form 10-Q, including documents incorporated by reference therein and herein, could cause actual results or outcomes to differ materially from those expressed in any forward-looking statement made by us or on our behalf, you should not place undue reliance on any forward-looking statements.

Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance, or achievements. We are under no duty to update any of the forward-looking statements after the date of this Form 10-Q to conform such statements to actual results.

All forward-looking statements, express or implied, included in this report and the documents we incorporate by reference and that are attributable to Perficient, Inc. and its subsidiaries (collectively, "we," "us," or the "Company") are expressly qualified in their entirety by this cautionary statement. This cautionary statement should also be considered in connection with any subsequent written or oral forward-looking statements that the Company or any persons acting on our behalf may issue.

PERFICIENT, INC.

NOTES TO INTERIM UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

JUNE 30, 2015

1. Basis of Presentation

The accompanying interim unaudited condensed consolidated financial statements of Perficient, Inc. and its subsidiaries (collectively, the "Company") have been prepared in accordance with accounting principles generally accepted in the United States and are presented in accordance with the rules and regulations of the Securities and Exchange Commission (the "SEC") applicable to interim financial information. Accordingly, certain footnote disclosures have been condensed or omitted. In the opinion of management, the interim unaudited condensed consolidated financial statements reflect all adjustments (consisting of only normal recurring adjustments) necessary for a fair presentation of the Company's financial position, results of operations and cash flows for the periods presented. These financial statements should be read in conjunction with the Company's consolidated financial statements and notes thereto filed with the SEC in the Company's Annual Report on Form 10-K for the year ended December 31, 2014. Operating results for the three and six months ended June 30, 2015 may not be indicative of the results for the full fiscal year ending December 31, 2015.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates, and such differences could be material to the financial statements.

Revenue Recognition

Revenues are primarily derived from professional services provided on a time and materials basis. For time and material contracts, revenues are recognized and billed by multiplying the number of hours expended in the performance of the contract by the established billing rates. For fixed fee projects, revenues are generally recognized using an input method based on the ratio of hours expended to total estimated hours. Amounts invoiced and collected in excess of revenues recognized are classified as deferred revenues. On many projects the Company is also reimbursed for out-of-pocket expenses such as airfare, lodging, and meals. These reimbursements are included as a component of revenues. Revenues from software and hardware sales are generally recorded on a gross basis considering the Company's role as a principal in the transaction. On rare occasions, the Company enters into a transaction where it is not the principal. In these cases, revenue is recorded on a net basis.

Unbilled revenues represent the project time and expenses that have been incurred, but not yet billed to the client, prior to the end of the fiscal period. For time and materials projects, the client is invoiced for the amount of hours worked multiplied by the billing rates as stated in the contract. For fixed fee arrangements, the client is invoiced according to the agreed-upon schedule detailing the amount and timing of payments in the contract. Clients are typically billed monthly for services provided during that month, but can be billed on a more or less frequent basis as determined by the contract. If the time and expenses are worked/incurred and approved at the end of a fiscal period and the invoice has not yet been sent to the client, the amount is recorded as unbilled revenue once the Company verifies all other revenue recognition criteria have been met.

Revenues are recognized when the following criteria are met: (1) persuasive evidence of the customer arrangement exists; (2) fees are fixed and determinable; (3) delivery and acceptance have occurred; and (4) collectability is deemed probable. The Company's policy for revenue recognition in instances where multiple deliverables are sold contemporaneously to the same customer is in accordance with Financial Accounting Standards Board Accounting Standards Codification ("ASC") Subtopic 985-605, Software – Revenue Recognition, ASC Subtopic 605-25, Revenue Recognition – Multiple-Element Arrangements, and ASC Section 605-10-S99 (Staff Accounting Bulletin Topic 13, Revenue Recognition). Specifically, if the Company enters into contracts for the sale of services and software or hardware, then the Company evaluates whether each element should be accounted for separately by considering the following criteria: (1) whether the deliverables have value to the client on a stand-alone basis; and (2) whether delivery or performance of the undelivered item or items is considered probable and substantially in the control of the Company (only if the arrangement includes a general right of return related to the delivered item). Further, for sales of software and services, the Company also evaluates whether the services are essential to the functionality of the software and if it has fair value evidence for each deliverable. If the Company has concluded that the separation criteria are met, then it accounts for each deliverable in the transaction separately, based on the relevant revenue recognition policies. Generally, all deliverables of the Company's multiple element arrangements meet these criteria and are accounted for separately, with the arrangement consideration allocated among the deliverables using vendor-specific objective evidence of the selling price. As a result, the Company generally recognizes software and hardware sales upon delivery to the customer and services consistent with the policies described herein.

Further, delivery of software and hardware sales, when sold contemporaneously with services, can generally occur at varying times depending on the specific client project arrangement. Delivery of services generally occurs over a period of time consistent with the timeline as outlined in the client contract.

There are no significant cancellation or termination-type provisions for the Company's software and hardware sales. Contracts for professional services provide for a general right, to the client or the Company, to cancel or terminate the contract within a given period of time (generally 10 to 30 days' notice is required). The client is responsible for any time and expenses incurred up to the date of cancellation or termination of the contract.

The Company may provide multiple services under the terms of an arrangement and is required to assess whether one or more units of accounting are present. Service fees are typically accounted for as one unit of accounting, as fair value evidence for individual tasks or milestones is not available. The Company follows the guidelines discussed above in determining revenues; however, certain judgments and estimates are made and used to determine revenues recognized in any accounting period. If estimates are revised, material differences may result in the amount and timing of revenues recognized for a given period.

Revenues are presented net of taxes assessed by governmental authorities. Sales taxes are generally collected and subsequently remitted on all software and hardware sales and certain services transactions as appropriate.

3. Stock-Based Compensation

Stock-based compensation is accounted for in accordance with ASC Topic 718, Compensation – Stock Compensation ("ASC Topic 718"). Under this method, the Company recognizes share-based compensation ratably using the straight-line attribution method over the requisite service period. In addition, pursuant to ASC Topic 718, the Company is required to estimate the amount of expected forfeitures when calculating share-based compensation, instead of accounting for forfeitures as they occur.

Stock Award Plans

The Company's Amended and Restated Perficient, Inc. 2012 Long Term Incentive Plan (as amended, the "Incentive Plan") allows for the granting of various types of stock awards, not to exceed a total of 5.0 million shares, to eligible individuals. The Compensation Committee of the Board of Directors administers the Incentive Plan and determines the terms of all stock awards made under the Incentive Plan.

Stock-based compensation cost recognized for the three and six months ended June 30, 2015 was approximately \$3.4 million and \$6.9 million, respectively, which included \$0.5 million and \$1.1 million, respectively, of expense for retirement savings plan contributions. The associated current and future income tax benefits recognized were \$1.0 million and \$2.1 million for the three and six months ended June 30, 2015, respectively. Stock-based compensation cost recognized for the three and six months ended June 30, 2014 was approximately \$3.4 million and \$6.6 million, respectively, which included \$0.5 and \$1.0 million, respectively, of expense for retirement savings plan contributions. The associated current and future income tax benefits recognized were \$1.1 million and \$2.1 million for the three and six months ended June 30, 2014, respectively. As of June 30, 2015, there was \$17.7 million of total unrecognized compensation cost related to non-vested share-based awards and other incentive awards. This cost is expected to be recognized over a weighted-average period of two years.

Stock option activity for the six months ended June 30, 2015 was as follows (shares in thousands):

	Shares	Weighted-Average Exercise Price
Options outstanding at December 31, 2014	12	\$ 7.48
Options exercised	(12)	7.48
Options canceled	-	-
Options outstanding at June 30, 2015	-	-
Options vested at June 30, 2015	-	\$ -

Restricted stock activity for the six months ended June 30, 2015 was as follows (shares in thousands):

Shares	Weighted-Average Grant Date Fair

Shares used in computing basic net income per share	33,333	31,564	33,190	31,147
Effect of dilutive securities:				
Stock options	-	96	1	113
Restricted stock subject to vesting	354	485	429	592
Contingently issuable shares (1)	-	38	-	19
Shares issuable for acquisition consideration (2)	451	1,088	531	1,078
Shares used in computing diluted net income per share	34,138	33,271	34,151	32,949
Basic net income per share	\$0.12	\$0.20	\$0.24	\$0.30
Diluted net income per share	\$0.12	\$0.19	\$0.24	\$0.29
Anti-dilutive options and restricted stock not included in the calculation of diluted net income per share	-	290	54	145

(1) For the three and six months ended June 30, 2014, this represents the Company's estimate of shares to be issued to Clear Task, Inc. ("Clear Task") pursuant to the Asset Purchase Agreement.

For the three and six months ended June 30, 2015, this represents the shares held in escrow pursuant to: (i) the Agreement and Plan of Merger with ForwardThink Group Inc. ("ForwardThink"); (ii) the Asset Purchase Agreement with BioPharm Systems, Inc. ("BioPharm"); (iii) the Asset Purchase Agreement with Trifecta Technologies, Inc. and Trifecta Technologies Canada, Limited (together "Trifecta"); and (iv) the Asset Purchase Agreement with Zeon (as defined below) as part of the consideration. For the three and six months ended June 30, 2014, this represents the shares held in escrow pursuant to: (i) the Agreement and Plan of Merger with Northridge Systems, Inc.; (ii) the Agreement and Plan of Merger with TriTek Solutions, Inc.; (iii) the Asset Purchase Agreement with Clear Task; (iv) the Asset Purchase Agreement with CoreMatrix Systems, LLC; (v) the Agreement and Plan of Merger with ForwardThink; (vi) the Asset Purchase Agreement with BioPharm; and (vii) the Asset Purchase Agreement with Trifecta as part of the consideration.

5. Commitments and Contingencies

The Company leases office space and certain equipment under various operating lease agreements. The Company has the option to extend the term of certain lease agreements. Future minimum commitments under these lease agreements as of June 30, 2015 were as follows (in thousands):

	Operating Leases
2015 remaining	\$ 2,877
2016	5,689
2017	4,875

Edgar Filing: PERFICIENT INC - Form 10-Q

2018	3,378
2019	2,705
Thereafter	4,220
Total minimum lease payments	\$ 23,744

9

6. Balance Sheet Components

	December	
	June 30, 2015	31, 2014

Accounts receivable	\$63,085	\$82,994
Unbilled revenues	34,791	31,845
Allowance for doubtful accounts	(1,142)	(911)
Total	\$96,734	\$113,928
Property and equipment:		
Computer hardware (useful life of 3 years)	\$10,710	\$10,221
Furniture and fixtures (useful life of 5 years)	2,897	2,442
Leasehold improvements (useful life of 5 years)	2,474	2,075
Software (useful life of 1 to 7 years)	7,539	6,828
Less: Accumulated depreciation	(15,251)	(13,600)
Total	\$8,369	\$7,966
Other current liabilities:		
Accrued variable compensation	\$9,465	\$15,060
Deferred revenue	5,180	5,945
Payroll related costs	1,898	1,614
Accrued subcontractor fees	690	871
Accrued medical claims expense	1,581	1,615
Acquired liabilities	1,651	2,603
Estimated fair value of contingent consideration liability (1)	2,414	-
Other current liabilities	3,972	5,320
Total	\$26,851	\$33,028

(1) Represents the fair value estimate of additional earnings-based contingent consideration that may be realized by Zeon's selling shareholders 12 months after the Zeon acquisition.

7. Business Combinations

Acquisition of ForwardThink

On February 10, 2014, the Company acquired ForwardThink, pursuant to the terms of an Agreement and Plan of Merger. ForwardThink was a financial services and solutions consulting firm. The acquisition of ForwardThink expanded the Company's financial services vertical, including the Company's presence in the New York area.

The Company's total allocable purchase price consideration was \$40.1 million. The purchase price was comprised of \$26.9 million in cash paid (net of cash acquired) and \$13.2 million of Company common stock issued at closing. The Company incurred approximately \$1.3 million in transaction costs, which were expensed when incurred. The Company acquired certain equity awards which were replaced with a cash incentive plan pursuant to the Agreement and Plan of Merger. These awards are recognized separately from the acquisition of assets and assumptions of liabilities in the business combination and will be recognized as compensation expense within the Condensed Consolidated Statements of Operations (Unaudited). Approximately \$0.8 million of expense will be recorded over three years and will be recognized ratably over the awards service period.

The Company allocated the total purchase price consideration between tangible assets, identified intangible assets, liabilities, and goodwill as follows (in millions):

Acquired tangible assets	\$4.6
Acquired intangible assets	18.0
Liabilities assumed	(12.1)
Goodwill	29.6
Total purchase price	\$40.1

The Company estimated that the intangible assets acquired have useful lives of eleven months to six years.

Acquisition of BioPharm

On April 1, 2014, the Company acquired substantially all of the assets of BioPharm Systems, Inc., a California corporation ("California BioPharm"), and all of the outstanding stock of BioPharm Systems, Inc., a Delaware corporation (together with California BioPharm, "BioPharm"), pursuant to the terms of an Asset Purchase Agreement and a Stock Purchase Agreement. BioPharm was a business and information technology consulting firm focused on the life sciences industry. The acquisition of BioPharm expanded the Company's industry vertical expertise with the addition of a dedicated life sciences vertical.

The Company's total allocable purchase price consideration was \$16.3 million. The purchase price was comprised of \$11.2 million in cash paid (net of cash acquired) and \$5.1 million in Company common stock issued at closing. The Company incurred approximately \$0.7 million in transaction costs, which were expensed when incurred.

The Company allocated the total purchase price consideration between tangible assets, identified intangible assets, liabilities, and goodwill as follows (in millions):

Acquired tangible assets	\$3.5
Acquired intangible assets	8.4
Liabilities assumed	(1.9)
Goodwill	6.3
Total purchase price	\$16.3

The Company estimated that the intangible assets acquired have useful lives of nine months to ten years.

Acquisition of Trifecta

On May 7, 2014, the Company acquired substantially all of the assets related to the eCommerce business of Trifecta Technologies, Inc. and Trifecta Technologies Canada, Limited (together, "Trifecta"), pursuant to the terms of an Asset Purchase Agreement. Trifecta was a business and information technology consulting firm focused on IBM WebSphere Commerce solutions. The acquisition of Trifecta expanded the Company's ability to deliver larger, more powerful commerce solutions.

The Company's total allocable purchase price consideration was \$13.6 million. Of the \$13.6 million in total allocable purchase price consideration, \$8.2 million was paid in cash and the remainder represents an assumption of liabilities. The Company incurred approximately \$0.6 million in transaction costs, which were expensed when incurred.

The Company allocated the total purchase price consideration between tangible assets, identified intangible assets, liabilities, and goodwill as follows (in millions):

Acquired tangible assets	\$1.6
Acquired intangible assets	5.2
Liabilities assumed	(5.7)
Goodwill	7.1
Total cash purchase price	\$8.2

The Company estimated that the intangible assets acquired have useful lives of eight months to five years.

11

Acquisition of Zeon

On January 2, 2015, the Company acquired substantially all of the assets of Zeon Solutions Incorporated, a Wisconsin corporation, Grand River Interactive LLC, a Michigan limited liability company, and their Indian affiliate, Zeon Solutions Private Limited (collectively, "Zeon"), pursuant to the terms of an Asset Purchase Agreement. The acquisition of Zeon expanded the Company's expertise in the support of e-commerce and digital agency solutions.

The Company has initially estimated the total allocable purchase price consideration to be \$36.5 million. The purchase price was comprised of \$22.9 million in cash paid and \$11.4 million in Company common stock issued at closing increased by \$2.2 million representing the initial fair value estimate of additional earnings-based contingent consideration, which may be realized by Zeon 12 months after the closing date of the acquisition. The Company incurred approximately \$0.9 million in transaction costs, which were expensed when incurred.

The Company has estimated the allocation of the total purchase price consideration between tangible assets, identified intangible assets, liabilities, and goodwill as follows (in millions):

Acquired tangible assets	\$8.6
Acquired intangible assets	12.7
Liabilities assumed	(2.9)
Goodwill	18.1
Total purchase price	\$36.5

The Company estimated that the intangible assets acquired have useful lives of nine months to eight years.

The amounts above represent the acquisition fair value estimates as of June 30, 2015, and are subject to subsequent adjustment as the Company obtains additional information during the measurement period and finalizes its fair value estimates. Any subsequent adjustments to these fair value estimates occurring during the measurement period will result in an adjustment to goodwill or income, as applicable.

The results of the Zeon operations have been included in the Company's condensed consolidated financial statements since the acquisition date.

The amount of revenue and net income of Zeon in the Company's Condensed Consolidated Statements of Operations (Unaudited) from the acquisition date to June 30, 2015 are as follows (in thousands):

	Acquisition Date to June 30, 2015
Revenues	\$ 14,316
Net income	\$ 1,100

Pro-forma Results of Operations

The following presents the unaudited pro-forma combined results of operations of the Company with Zeon for the six months ended June 30, 2015 and ForwardThink, BioPharm, Trifecta, and Zeon for the six months ended June 30, 2014, after giving effect to certain pro-forma adjustments and assuming Zeon was acquired as of the beginning of 2014 and ForwardThink, BioPharm, and Trifecta were acquired as of the beginning of 2013.

These unaudited pro-forma results are presented in compliance with the adoption of Accounting Standards Update ("ASU") 2010-29, Business Combinations (Topic 805), Disclosure of Supplementary Pro Forma Information for

Edgar Filing: PERFICIENT INC - Form 10-Q

Business Combinations, and are not necessarily indicative of the actual consolidated results of operations had the acquisitions actually occurred on January 1, 2014 or January 1, 2013 or of future results of operations of the consolidated entities (in thousands, except per share information):

	Six Months Ended June 30,	
	2015	2014
Revenues	\$219,062	\$232,391
Net income	\$8,666	\$10,195
Basic net income per share	\$0.26	\$0.31
Diluted net income per share	\$0.25	\$0.30
Shares used in computing basic net income per share	33,729	33,083
Shares used in computing diluted net income per share	34,159	34,092

8. Goodwill and Intangible Assets

Goodwill represents the excess purchase price over the fair value of net assets acquired, or net liabilities assumed, in a business combination. In accordance with ASC Topic 350, Intangibles – Goodwill and Other, the Company performs an annual impairment test of goodwill. The Company evaluates goodwill as of October 1 each year and more frequently if events or changes in circumstances indicate that goodwill might be impaired.

Other intangible assets include customer relationships, non-compete arrangements, customer backlog, trade names, and internally developed software, which are being amortized over the assets' estimated useful lives using the straight-line method. Estimated useful lives range from nine months to ten years. Amortization of customer relationships, non-compete arrangements, customer backlog, trade names, and internally developed software is considered an operating expense and is included in "Amortization" in the accompanying Condensed Consolidated Statements of Operations (Unaudited). The Company periodically reviews the estimated useful lives of its identifiable intangible assets, taking into consideration any events or circumstances that might result in a lack of recoverability or revised useful life.

Goodwill

The changes in the carrying amount of goodwill for the six months ended June 30, 2015 are as follows (in thousands):

Balance at December 31, 2014	\$236,130
Preliminary purchase price allocations for acquisitions (Note 7)	18,179
Effect of foreign currency adjustments and other	880
Balance at June 30, 2015	\$255,189

Intangible Assets with Definite Lives

The following table presents a summary of the Company's intangible assets that are subject to amortization (in thousands):

	June 30, 2015			December 31, 2014		
	Gross		Net	Gross		Net
	Carrying	Accumulated	Carrying	Carrying	Accumulated	Carrying
	Amounts	Amortization	Amounts	Amounts	Amortization	Amounts
Customer relationships	\$62,079	\$ (18,161)	\$43,918	\$54,389	\$ (16,595)	\$37,794
Non-compete agreements	1,573	(962)	611	1,601	(866)	735
Customer backlog	1,040	(733)	307	2,341	(2,265)	76
Trade name	88	(58)	30	167	(148)	19
Internally developed software	9,180	(1,828)	7,352	8,897	(1,416)	7,481
Total	\$73,960	\$ (21,742)	\$52,218	\$67,395	\$ (21,290)	\$46,105

The estimated useful lives of identifiable intangible assets are as follows:

Customer relationships	3 – 10 years
Non-compete agreements	3 – 5 years
Internally developed software	1 – 7 years
Trade name	1 year
Customer backlog	9 – 11 months

9. Line of Credit

Effective as of January 2, 2015, the Company entered into a second amendment and consent (the "Second Amendment") to its credit agreement with Silicon Valley Bank ("SVB"), U.S. Bank National Association, and Bank of America, N.A. (as amended, the "Credit Agreement"), pursuant to which the Company and the lenders, including Wells Fargo, National Association, as a new lender, increased the amount of available borrowing capacity thereunder by \$35.0 million, allowing for revolving credit borrowings up to a maximum principal amount of \$125.0 million, subject to an additional commitment increase of \$50.0 million. Prior to the Second Amendment, the credit agreement allowed for revolving credit borrowing up to a maximum principal amount of \$90.0 million, subject to a commitment increase of \$25.0 million.

The Credit Agreement also allows for the issuance of letters of credit in the aggregate amount of up to \$10.0 million at any one time; outstanding letters of credit reduce the credit available for revolving credit borrowings. As of June 30, 2015, the Company had one outstanding letter of credit in the amount of \$0.2 million to secure an office space lease. Substantially all of our assets are pledged to secure the credit facility.

All outstanding amounts owed under the Credit Agreement become due and payable no later than the final maturity date of July 31, 2017. Borrowings under the Credit Agreement bear interest at our option of SVB's prime rate (4.00% on June 30, 2015) plus a margin ranging from 0.00% to 0.50% or one-month LIBOR (0.19% on June 30, 2015) plus a margin ranging from 2.00% to 2.50%. The additional margin amount is dependent on the level of outstanding borrowings. As of June 30, 2015, we had \$64.8 million of maximum borrowing capacity. We incur an annual commitment fee of 0.20% on the unused portion of the line of credit.

The Company is required to comply with various financial covenants under the Credit Agreement. Specifically, the Company is required to maintain a ratio of earnings before interest, taxes, depreciation, and amortization ("EBITDA") plus stock compensation and minus income taxes paid and capital expenditures to interest expense and scheduled payments due for borrowings on a trailing three months basis annualized of not less than 2.00 to 1.00 and a ratio of current maturities of long-term debt to EBITDA plus stock compensation and minus income taxes paid and capital expenditures of not more than 2.75 to 1.00.

At June 30, 2015, the Company was in compliance with all covenants under the Credit Agreement.

10. Income Taxes

The Company files income tax returns in the U.S. federal jurisdiction and various state and foreign jurisdictions. The Internal Revenue Service (the "IRS") has completed examinations of the Company's U.S. income tax returns or the statute of limitations has passed on returns for the years through 2010. The Company's 2011 and 2012 U.S. income tax returns are currently under examination by the IRS.

Under the provisions of the ASC Subtopic 740-10-25, Income Taxes - Recognition, the Company had an unrecognized tax benefit of \$0.7 million as of June 30, 2015.

The Company's effective tax rate was 19.0% and 27.7% for the three and six months ended June 30, 2015, respectively, compared to 42.1% and 42.2% for the three and six months ended June 30, 2014, respectively. The decrease in the effective rate is primarily due to an additional research and development tax credit recorded during the three months ended June 30, 2015 of approximately \$0.9 million related to the finalization of the Company's 2014 research and development tax assessment. As of June 30, 2015, the Company's net current deferred tax asset was \$0.9 million and its net non-current deferred tax liability was \$6.3 million. Generally, deferred tax assets are related to stock compensation, accruals and net operating losses of acquired companies. Deferred tax liabilities relate to goodwill, intangibles, fixed asset depreciation, and prepaid expenses. Net current deferred tax assets are recorded in "Other current assets" and net non-current deferred tax liabilities are recorded in "Other non-current liabilities" on the

accompanying Condensed Consolidated Balance Sheet (Unaudited) as of June 30, 2015.

11. Financial Instruments

In the normal course of business, the Company uses derivative financial instruments to manage foreign currency exchange rate risk. Currency exposure is monitored and managed by the Company as part of its risk management program which seeks to reduce the potentially adverse effects that market volatility could have on operating results. The Company's derivative financial instruments consist of non-deliverable foreign currency forward contracts. Financial instruments are neither held nor issued by the Company for trading purposes.

Derivatives Not Designated as Hedging Instruments

Both the gain or loss on the derivatives not designated as hedging instruments and the offsetting loss or gain on the hedged item attributable to the hedged risk are recognized in current earnings. Realized gains or losses and changes in the estimated fair value of foreign currency forward contracts that have not been designated as hedges were a net loss of \$0.1 million and \$0.2 million during the three and six months ended June 30, 2015, respectively. No gains and losses were recognized during the three and six months ended June 30, 2014. Gains and losses on these contracts are recorded in net other income (expense) and net interest expense in the Condensed Consolidated Statements of Operations (Unaudited) and are offset by losses and gains on the related hedged items.

14

Edgar Filing: PERFICIENT INC - Form 10-Q

The notional amounts of the Company's derivative instruments outstanding were as follows (in thousands):

	June 30, 2015	December 31, 2014
Derivatives not designated as hedges		
Foreign exchange contracts	\$3,910	\$ -
Total derivatives not designated as hedges	\$3,910	\$ -

Fair Value of Derivative Instruments

The authoritative guidance defines fair value as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. The authoritative guidance also establishes a fair value hierarchy that is intended to increase consistency and comparability in fair value measurements and related disclosures. The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable. Observable inputs reflect assumptions market participants would use in pricing an asset or liability based on market data obtained from independent sources while unobservable inputs reflect a reporting entity's pricing based upon its own market assumptions.

The fair value hierarchy consists of the following three levels:

- Level 1 – Inputs are quoted prices in active markets for identical assets or liabilities.

- Level 2 – Inputs are quoted prices for similar assets or liabilities in an active market, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable and market-corroborated inputs which are derived principally from or corroborated by observable market data.

- Level 3 – Inputs are derived from valuation techniques in which one or more significant inputs or value drivers are unobservable.

The Company estimates the fair value of each foreign exchange forward contract by using a present value of expected cash flows model. This model calculates the difference between the current market forward price and the contracted forward price for each foreign exchange contract and applies the difference in the rates to each outstanding contract. Valuations for all derivatives fall within Level 2 of the GAAP valuation hierarchy. The fair value of the Company's derivative instruments outstanding as of June 30, 2015 was immaterial.

Derivatives may give rise to credit risks from the possible non-performance by counterparties. Credit risk is generally limited to the fair value of those contracts that are favorable to us. The Company has limited its credit risk by entering into derivative transactions only with highly-rated global financial institutions, limiting the amount of credit exposure with any one financial institution and conducting ongoing evaluation of the creditworthiness of the financial institutions with which the Company does business.

The Company utilizes standard counterparty master agreements containing provisions for the netting of certain foreign currency transaction obligations and for the set-off of certain obligations in the event of an insolvency of one of the parties to the transaction. Within the Condensed Consolidated Balance Sheets (Unaudited), the Company records derivative assets and liabilities at net fair value.

12. Recent Accounting Pronouncements

On May 28, 2014, the Financial Accounting Standards Board ("FASB") issued ASU No. 2014-09, Revenue from Contracts with Customers, which requires an entity to recognize the amount of revenue to which it expects to be

entitled for the transfer of promised goods or services to customers. The ASU will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective. On April 1, 2015, the FASB voted to propose to defer the effective date of ASU 2014-09 by one year. The new standard is to become effective for the Company on January 1, 2018. Early application is not permitted. The standard permits the use of either the retrospective or cumulative effect transition method. The Company is evaluating the effect that ASU 2014-09 will have on its consolidated financial statements and related disclosures. The Company has not yet selected a transition method nor has it determined the effect of the standard on its ongoing financial reporting.

In April 2015, the FASB issued ASU 2015-03, Interest - Imputation of Interest, which requires that debt issuance costs related to a recognized debt liability be presented in the balance sheet as a direct deduction from the carrying amount of that debt liability, consistent with debt discounts. The recognition and measurement guidance for debt issuance costs are not affected by this update. The ASU is effective for the year beginning January 1, 2016 and requires using a retrospective approach. The Company does not expect the adoption of ASU 2015-03 to have a material impact on the Company's consolidated financial statements.

In April 2015, the FASB issued ASU No. 2015-05 Customer's Accounting for Fees Paid in a Cloud Computing Arrangement, which provides specific guidance on the recognition of fees paid by a customer for cloud computing arrangements as either the acquisition of a software license or a service contract. This standard is effective for fiscal years, and for interim periods within those fiscal years, beginning after Dec. 15, 2015. The company is currently evaluating the impact this guidance will have on the consolidated financial statements and related disclosures.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Statements made in this Form 10-Q, including without limitation this Management's Discussion and Analysis of Financial Condition and Results of Operations, other than statements of historical information, are forward looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). These forward-looking statements may sometimes be identified by such words as "may," "will," "should," "expects," "plans," "anticipates," "believes," "estimates," "predicts," "potential," or "continue" or the negative of those words and other comparable words. We believe that it is important to communicate our future expectations to investors. However, these forward-looking statements involve many risks and uncertainties. Our actual results could differ materially from those indicated in such forward-looking statements as a result of certain factors, including but not limited to, those set forth under "Risk Factors" in our Annual Report on Form 10-K previously filed with the SEC and elsewhere in this Form 10-Q. We are under no duty to update any of the forward-looking statements after the date of this Form 10-Q to conform these statements to actual results. For additional information, see the "Special Note Regarding Forward-Looking Statements" contained in this Form 10-Q.

Overview

We are an information technology consulting firm serving Forbes Global 2000 and other large enterprise companies with a primary focus on the United States. We help our clients gain competitive advantage by using Internet-based technologies to make their businesses more responsive to market opportunities and threats, strengthen relationships with their customers, suppliers and partners, improve productivity, and reduce information technology costs. We design, build, and deliver business-driven technology solutions using third party software products. Our solutions include business analysis, portals and collaboration, business integration, user experience, enterprise content management, customer relationship management, interactive design, enterprise performance management, business process management, business intelligence, eCommerce, mobile platforms, custom applications, and technology platform implementations, among others. Our solutions enable our clients to operate a real-time enterprise that dynamically adapts business processes and the systems that support them to meet the changing demands of an increasingly global, Internet-driven, and competitive marketplace.

Services Revenues

Services revenues are derived from professional services that include developing, implementing, integrating, automating and extending business processes, technology infrastructure, and software applications. Most of our projects are performed on a time and materials basis, while a smaller portion of our revenues is derived from projects performed on a fixed fee basis. Fixed fee engagements represented approximately 17% of our services revenues for each of the three and six months ended June 30, 2015 compared to 11% and 10% for the respective three and six months ended June 30, 2014. The increase in fixed fee revenues is attributable to the Company's acquisition of substantially all of the assets of Zeon Solutions Incorporated and certain related entities (collectively, "Zeon"). For time and material projects, revenues are recognized and billed by multiplying the number of hours our professionals expend in the performance of the project by the established billing rates. For fixed fee projects, revenues are generally recognized using an input method based on the ratio of hours expended to total estimated hours. Amounts invoiced and collected in excess of revenues recognized are classified as deferred revenues. On most projects, we are also reimbursed for out-of-pocket expenses such as airfare, lodging, and meals. These reimbursements are included as a component of revenues. The aggregate amount of reimbursed expenses will fluctuate depending on the location of our clients, the total number of our projects that require travel, and whether our arrangements with our clients provide for the reimbursement of travel and other project-related expenses.

Software and Hardware Revenues

Software and hardware revenues are derived from sales of third-party and internally developed software and hardware. Revenues from sales of third-party software and hardware are generally recorded on a gross basis provided that we act as a principal in the transaction. On rare occasions, we do not meet the requirements to be considered a principal in the transaction and act as an agent. In these cases, revenues are recorded on a net basis. Software and hardware revenues are expected to fluctuate depending on our clients' demand for these products.

If we enter into contracts for the sale of services and software or hardware, management evaluates whether each element should be accounted for separately by considering the following criteria: (1) whether the deliverables have value to the client on a stand-alone basis; and (2) whether delivery or performance of the undelivered item or items is considered probable and substantially in our control (only if the arrangement includes a general right of return related to the delivered item). Further, for sales of software and services, management also evaluates whether the services are essential to the functionality of the software and has fair value evidence for each deliverable. If management concludes that the separation criteria are met, then it accounts for each deliverable in the transaction separately, based on the relevant revenue recognition policies. Generally, all deliverables of our multiple element arrangements meet these criteria and are accounted for separately, with the arrangement consideration allocated among the deliverables using vendor-specific objective evidence of the selling price. As a result, we generally recognize software and hardware sales upon delivery to the customer and services consistent with the policies described herein.

Further, delivery of software and hardware sales, when sold contemporaneously with services, can generally occur at varying times depending on the specific client project arrangement. Delivery of services generally occurs over a period of time consistent with the timeline as outlined in the client contract.

There are no significant cancellation or termination-type provisions for our software and hardware sales. Contracts for professional services provide for a general right, to the client or us, to cancel or terminate the contract within a given period of time (generally 10 to 30 days' notice is required). The client is responsible for any time and expenses incurred up to the date of cancellation or termination of the contract.

Cost of Revenues

Cost of revenues consists primarily of cash and non-cash compensation and benefits, including bonuses and non-cash compensation related to equity awards. Cost of revenues also includes the costs associated with subcontractors. Third-party software and hardware costs, reimbursable expenses and other unreimbursed project-related expenses are also included in cost of revenues. Project-related expenses will fluctuate generally depending on outside factors including the cost and frequency of travel and the location of our clients. Cost of revenues does not include depreciation of assets used in the production of revenues which are primarily personal computers, servers, and other information technology-related equipment.

Gross Margins

Our gross margins for services are affected by the utilization rates of our professionals (defined as the percentage of our professionals' time billed to clients divided by the total available hours in the respective period), the salaries we pay our professionals, and the average billing rate we receive from our clients. If a project ends earlier than scheduled, we retain professionals in advance of receiving project assignments, or if demand for our services declines, our utilization rate will decline and adversely affect our gross margins. Gross margin percentages of third-party software and hardware sales excluding internally developed software are typically lower than gross margin percentages for services, and the mix of services and software and hardware for a particular period can significantly impact our total combined gross margin percentage for such period. In addition, gross margin for software and hardware sales can fluctuate due to pricing and other competitive pressures.

Selling, General, and Administrative Expenses

Selling, general and administrative ("SG&A") expenses are primarily composed of sales-related costs, general and administrative salaries, stock compensation expense, recruiting expense, office costs, bad debts, variable compensation costs, research and development costs, and other miscellaneous expenses. We work to minimize selling costs by focusing on repeat business with existing clients and by accessing sales leads generated by our software vendors, most notably IBM, Oracle and Microsoft, whose products we use to design and implement solutions for our clients. These relationships enable us to reduce our selling costs and sales cycle times and increase win rates through leveraging our partners' marketing efforts and endorsements.

Plans for Growth and Acquisitions

Our goal is to continue to build one of the leading independent information technology consulting firms by expanding our relationships with existing and new clients and through the continuation of our disciplined acquisition strategy. Our future growth plan includes expanding our business with a primary focus on customers in the United States, both organically and through acquisitions. We also intend to further leverage our existing offshore capabilities to support our future growth and provide our clients flexible options for project delivery.

When analyzing revenue growth by base business compared to acquired companies in the Results of Operations section below, revenue attributable to base business is defined as revenue from an acquired company that has been owned for a full four quarters after the date of acquisition.

Results of Operations

Three months ended June 30, 2015 compared to three months ended June 30, 2014

Revenues. Total revenues decreased 7% to \$108.5 million for the three months ended June 30, 2015 from \$116.7 million for the three months ended June 30, 2014.

	Financial Results (in thousands)			Explanation for Increases Over Prior Year Period (in thousands)	
	For the Three Months Ended June 30, 2015	For the Three Months Ended June 30, 2014	Total Decrease Over Prior Year Period	Increase (Decrease) Attributable to Acquired Company	Increase (Decrease) Attributable to Base Business
Services revenues	\$97,186	\$98,316	\$ (1,130)	\$7,546	\$ (8,676)
Software and hardware revenues	7,468	13,913	(6,445)	93	(6,538)
Reimbursable expenses	3,810	4,480	(670)	165	(835)
Total revenues	\$108,464	\$116,709	\$ (8,245)	\$7,804	\$ (16,049)

Edgar Filing: PERFICIENT INC - Form 10-Q

Services revenues decreased 1% to \$97.2 million for the three months ended June 30, 2015 from \$98.3 million for the three months ended June 30, 2014. Services revenues attributable to our base business decreased by \$8.7 million while services revenues attributable to acquired companies increased by \$7.6 million, resulting in a total decrease of \$1.1 million.

Software and hardware revenues decreased 46% to \$7.5 million for the three months ended June 30, 2015 from \$13.9 million for the three months ended June 30, 2014, primarily due to a decrease in initial and renewal software license sales. Reimbursable expenses decreased 15% to \$3.8 million for the three months ended June 30, 2015 from \$4.5 million for the three months ended June 30, 2014. We do not realize any profit on reimbursable expenses.

Cost of Revenues. Cost of revenues decreased 7% to \$73.6 million for the three months ended June 30, 2015 from \$78.9 million for the three months ended June 30, 2014. The decrease in cost of revenues is primarily related to costs associated with software and hardware revenues which decreased 46% to \$6.6 million for the three months ended June 30, 2015 from \$12.4 million for the three months ended June 30, 2014, as a result of a decrease in software license sales. This decrease was partially offset by costs associated with services revenues, which increased 2% to \$63.1 million for the three months ended June 30, 2015 from \$62.0 million for the three months ended June 30, 2014.

Gross Margin. Gross margin decreased 8% to \$34.9 million for the three months ended June 30, 2015 from \$37.8 million for the three months ended June 30, 2014. Gross margin as a percentage of revenues decreased to 32.2% for the three months ended June 30, 2015 from 32.4% for the three months ended June 30, 2014, primarily due to the reduced services gross margins. Services gross margin, excluding reimbursable expenses, decreased to 35.1% or \$34.1 million for the three months ended June 30, 2015 from 37.0% or \$36.3 million for the three months ended June 30, 2014 primarily driven by higher salary and benefit costs with a slight decline in average bill rates. The average bill rate of our professionals excluding subcontractors and offshore resources, for the three months ended June 30, 2015, was \$143 per hour compared to \$146 per hour for the three months ended June 30, 2014.

Selling, General and Administrative. SG&A expenses increased 11% to \$24.8 million for the three months ended June 30, 2015 from \$22.4 million for the three months ended June 30, 2014, primarily due to acquisitions and an increase in salaries and technology related costs. SG&A expenses, as a percentage of revenues, increased to 22.9% for the three months ended June 30, 2015 from 19.2% for the three months ended June 30, 2014, primarily as a result of higher salaries and technology related costs combined with lower revenues.

Depreciation. Depreciation expense increased 26% to \$1.1 million for the three months ended June 30, 2015 from \$0.9 million for the three months ended June 30, 2014. The increase in depreciation expense is primarily attributable to the purchase of an enterprise resource planning system. Depreciation expense as a percentage of revenues was 1.0% for the three months ended June 30, 2015 and 0.7% for the three months ended June 30, 2014.

Amortization. Amortization expense decreased 9% to \$3.4 million for the three months ended June 30, 2015 from \$3.7 million for the three months ended June 30, 2014. The decrease in amortization expense is due to intangible assets related to previous acquisitions becoming fully amortized during the quarter only partially offset by the addition of intangible assets from acquisitions during 2014 and 2015 and the implementation of an enterprise resource planning system. Amortization expense as a percentage of revenues was 3.1% for the three months ended June 30, 2015 and 3.2% for the three months ended June 30, 2014.

Acquisition Costs. Acquisition-related costs were immaterial for the three months ended June 30, 2015 compared to \$1.1 million for the three months ended June 30, 2014, which were primarily related to the acquisitions of substantially all of the assets of BioPharm Systems, Inc., a California corporation ("California BioPharm"), and all of the outstanding stock of BioPharm Systems, Inc., a Delaware corporation (together with California BioPharm, "BioPharm") and Trifecta Technologies, Inc. and Trifecta Technologies Canada, Limited (together, "Trifecta"). These acquisition-related costs were incurred for legal, advisory, accounting, and valuation services performed by third parties.

Adjustment to Fair Value of Contingent Consideration. A fair value adjustment of \$0.1 million was recorded during the three months ended June 30, 2015 for the accretion of the fair value estimate for the earnings-based contingent consideration related to the acquisition of Zeon. An adjustment of \$1.7 million was recorded during the three months ended June 30, 2014 which represents the net impact of the fair market value adjustments to the CoreMatrix Systems, LLC ("CoreMatrix") 24-month earnings-based contingent consideration liability, the accretion of the fair value estimate for the earnings-based contingent consideration related to the Clear Task, Inc. ("Clear Task") and CoreMatrix acquisitions, and an adjustment to the Clear Task earnings-based contingent consideration upon achievement of the earnings targets.

Provision for Income Taxes. We provide for federal, state and foreign income taxes at the applicable statutory rates adjusted for non-deductible expenses. Our effective tax rate decreased to 19.0% for the three months ended June 30, 2015 from 42.1% for the three months ended June 30, 2014. The decrease in the effective tax rate is primarily due to an additional research and development tax credit recorded during the three months ended June 30, 2015 of approximately \$0.9 million related to the finalization of the Company's 2014 research and development tax assessment.

Edgar Filing: PERFICIENT INC - Form 10-Q

Six months ended June 30, 2015 compared to six months ended June 30, 2014

Revenues. Total revenues increased 2% to \$219.1 million for the six months ended June 30, 2015 from \$213.9 million for the six months ended June 30, 2014.

	Financial Results (in thousands)			Explanation for Increases Over Prior Year Period (in thousands)	
	For the Six Months Ended June 30, 2015	For the Six Months Ended June 30, 2014	Total Increase (Decrease) Over Prior Year Period	Increase (Decrease) Attributable to Acquired Companies	Increase (Decrease) Attributable to Base Business
Services revenues	\$195,815	\$186,805	\$ 9,010	\$15,476	\$ (6,466)
Software and hardware revenues	15,970	18,916	(2,946)	91	(3,037)
Reimbursable expenses	7,277	8,158	(881)	905	(1,786)
Total revenues	\$219,062	\$213,879	\$ 5,183	\$16,472	\$ (11,289)

Services revenues increased 5% to \$195.8 million for the six months ended June 30, 2015 from \$186.8 million for the six months ended June 30, 2014. Services revenues attributable to our base business decreased by \$6.5 million while services revenues attributable to acquired companies increased by \$15.5 million, resulting in a total increase of \$9.0 million.

Software and hardware revenues decreased 16% to \$16.0 million for the six months ended June 30, 2015 from \$18.9 million for the six months ended June 30, 2014, primarily due to a decrease in initial and renewal software license sales. Reimbursable expenses decreased 11% to \$7.3 million for the six months ended June 30, 2015 from \$8.2 million for the six months ended June 30, 2014. We do not realize any profit on reimbursable expenses.

Cost of Revenues. Cost of revenues increased 2% to \$148.1 million for the six months ended June 30, 2015 from \$144.6 million for the six months ended June 30, 2014. The increase in cost of revenues is primarily related to costs associated with services revenues which increased 7% to \$127.5 million for the six months ended June 30, 2015 from \$119.5 million due to an increase in revenue as noted above. This increase was partially offset by a decrease in software and hardware costs which decreased 21% to \$13.4 million for the six months ended June 30, 2015 from \$16.9 million for the six months ended June 30, 2014, as a result of the decrease in software license sales.

Gross Margin. Gross margin increased 2% to \$71.0 million for the six months ended June 30, 2015 from \$69.3 million for the six months ended June 30, 2014. Gross margin as a percentage of revenues remained flat at 32.4% for the six months ended June 30, 2015 and 2014. Services gross margin as a percentage of revenues, excluding reimbursable expenses, decreased to 34.9% or \$68.4 million for the six months ended June 30, 2015 from 36.0% or \$67.3 million for the six months ended June 30, 2014. The decrease in services gross margin as a percentage of revenues is primarily a result of higher salaries and benefits costs and slightly lower utilization. The average bill rate for our professionals, excluding subcontractors and offshore resources, increased to \$145 per hour for the six months ended June 30, 2015 from \$144 per hour for the six months ended June 30, 2014, primarily due to improved pricing opportunities.

Selling, General and Administrative. SG&A expenses increased 13% to \$48.9 million for the six months ended June 30, 2015 from \$43.1 million for the six months ended June 30, 2014, primarily due to an increase in salaries, technology, office and benefits costs. SG&A expenses, as a percentage of revenues, increased to 22.3% for the six months ended June 30, 2015 from 20.2% for the six months ended June 30, 2014 as a result of higher salaries and

benefit costs.

Depreciation. Depreciation expense increased 22% to \$2.2 million for the six months ended June 30, 2015 from \$1.8 million for the six months ended June 30, 2014. The increase in depreciation expense is primarily attributable to the purchase of an enterprise resource planning system. Depreciation expense as a percentage of revenues was 1.0% for the six months ended June 30, 2015 and 0.8% for the six months ended June 30, 2014.

Amortization. Amortization expense increased 12% to \$7.2 million for the six months ended June 30, 2015 from \$6.5 million for the six months ended June 30, 2014. The increase in amortization expense is due to the addition of intangible assets from acquisitions during 2014 and 2015 and the implementation of an enterprise resource planning system. Amortization expense as a percentage of revenues was 3.3% for the six months ended June 30, 2015 and 3.0% for the six months ended June 30, 2014.

Acquisition Costs. Acquisition-related costs were immaterial for the six months ended June 30, 2015 compared to \$2.6 million for the six months ended June 30, 2014, which were related to the acquisitions of ForwardThink, BioPharm, and Trifecta. These acquisition-related costs were incurred for legal, advisory, accounting, and valuation services performed by third parties.

Adjustment to Fair Value of Contingent Consideration. An adjustment of \$0.2 million was recorded during the six months ended June 30, 2015 for the accretion of the fair value estimate for the earnings-based contingent consideration related to the acquisition of Zeon. An adjustment of \$1.5 million was recorded during the six months ended June 30, 2014 which represents the net impact of the fair market value adjustments to the CoreMatrix 24-month earnings-based contingent consideration liability, the accretion of the fair value estimate for the earnings-based contingent consideration related to the Clear Task and CoreMatrix acquisitions, and an adjustment to the Clear Task earnings-based contingent consideration upon achievement of the earnings targets.

Provision for Income Taxes. We provide for federal, state and foreign income taxes at the applicable statutory rates adjusted for non-deductible expenses. Our effective tax rate decreased to 27.7% for the six months ended June 30, 2015 from 42.2% for the six months ended June 30, 2014. The decrease in the effective rate is primarily due to an additional research and development tax credit recorded during the three months ended June 30, 2015 of approximately \$0.9 million related to the finalization of the Company's 2014 research and development tax assessment. Our effective rate for the six months ended June 30, 2014 included the impact of the expiration of the research and development tax credit for 2014, which was not reenacted by Congress until December 2014.

Liquidity and Capital Resources

Selected measures of liquidity and capital resources are as follows (in millions):

	As of June 30, 2015	As of December 31, 2014
Cash, cash equivalents and investments	\$6.8	\$ 10.9
Working capital (including cash and cash equivalents) (1)	\$76.1	\$ 77.0
Amounts available under credit facilities	\$64.8	\$ 35.8

(1) Working capital is total current assets less total current liabilities

Net Cash Provided By Operating Activities

Net cash provided by operating activities for the six months ended June 30, 2015 was \$21.0 million compared to \$2.9 million for the six months ended June 30, 2014. For the six months ended June 30, 2015, the primary components of operating cash flows were net income of \$8.1 million plus non-cash charges of \$14.6 million, offset by working capital investments of \$1.6 million. The primary components of operating cash flows for the six months ended June 30, 2014 were net income of \$9.4 million plus non-cash charges of \$12.9 million, offset by working capital investments of \$19.4 million. The change in working capital investments is primarily due to the collection of accounts receivable offset by a decrease in accounts payable.

Net Cash Used In Investing Activities

During the six months ended June 30, 2015, we used \$23.6 million for acquisitions and \$2.2 million to purchase property and equipment and to develop certain software for internal use. During the six months ended June 30, 2014, we used \$46.2 million for acquisitions and \$4.1 million to purchase property and equipment and to develop certain software for internal use.

Net Cash Provided By Financing Activities

During the six months ended June 30, 2015, we drew down \$137.0 million from our line of credit and we realized a tax benefit related to vesting of stock awards and stock option exercises plus proceeds from the exercise of stock options and sales of stock through the Employee Stock Purchase Plan of \$1.1 million. We repaid \$131.0 million on our line of credit, used \$2.8 million to repurchase shares of our common stock through the stock repurchase program, used \$3.4 million to remit taxes withheld as part of a net share settlement of restricted stock vesting, and made \$0.2 million in payments for credit facility financing fees. For the six months ended June 30, 2014, we borrowed \$147.9 million on our line of credit and we realized a tax benefit related to vesting of stock awards and stock option exercises plus proceeds from the exercise of stock options and sales of stock through the Employee Stock Purchase Plan of \$3.1 million. We repaid \$95.9 million on our line of credit, used \$3.2 million to repurchase shares of our common stock through the stock repurchase program and \$4.8 million to remit taxes withheld as part of a net share settlement of restricted stock vesting.

Availability of Funds from Line of Credit Facility

Effective as of January 2, 2015, the Company entered into a second amendment and consent (the "Second Amendment") to its credit agreement with Silicon Valley Bank ("SVB"), U.S. Bank National Association, and Bank of America, N.A. (as amended, the "Credit Agreement"), pursuant to which the Company and the lenders, including Wells Fargo, National Association, as a new lender, increased the amount of available borrowing capacity thereunder

by \$35.0 million, allowing for revolving credit borrowings up to a maximum principal amount of \$125.0 million, subject to an additional commitment increase of \$50.0 million. Prior to the Second Amendment, the credit agreement allowed for revolving credit borrowing up to a maximum principal amount of \$90.0 million, subject to a commitment increase of \$25.0 million.

The Credit Agreement also allows for the issuance of letters of credit in the aggregate amount of up to \$10.0 million at any one time; outstanding letters of credit reduce the credit available for revolving credit borrowings. As of June 30, 2015, the Company had one outstanding letter of credit in the amount of \$0.2 million to secure an office space lease. Substantially all of our assets are pledged to secure the credit facility.

All outstanding amounts owed under the Credit Agreement become due and payable no later than the final maturity date of July 31, 2017. Borrowings under the Credit Agreement bear interest at our option of SVB's prime rate (4.00% on June 30, 2015) plus a margin ranging from 0.00% to 0.50% or one-month LIBOR (0.19% on June 30, 2015) plus a margin ranging from 2.00% to 2.50%. The additional margin amount is dependent on the level of outstanding borrowings. As of June 30, 2015, we had \$64.8 million of maximum borrowing capacity. We incur an annual commitment fee of 0.20% on the unused portion of the line of credit.

At June 30, 2015, the Company was in compliance with all its covenants under the Credit Agreement.

Stock Repurchase Program

Prior to 2014, our Board of Directors authorized the repurchase of up to \$90.0 million of our common stock. On November 4, 2014, our Board of Directors authorized the expansion of our stock repurchase program by authorizing the repurchase of up to an additional \$10.0 million of our common stock for a total repurchase program of \$100.0 million and extended the expiration date of the program from December 31, 2014 to June 30, 2016.

From time to time, we establish a written trading plan in accordance with Rule 10b5-1 of the Exchange Act, pursuant to which we make a portion of our stock repurchases. Additional repurchases will be at times and in amounts as the Company deems appropriate and will be made through open market transactions in compliance with Rule 10b-18 of the Exchange Act, subject to market conditions, applicable legal requirements, and other factors.

Since the program's inception on August 11, 2008, we have repurchased approximately \$84.4 million (9.6 million shares) of our outstanding common stock through June 30, 2015.

Contractual Obligations

There were no material changes outside the ordinary course of our business in lease obligations in the first six months of 2014.

As of June 30, 2015, there was \$60.0 million outstanding under the Credit Agreement as compared to \$54.0 million as of December 31, 2014. The amounts are classified as "Long-term debt" within the Condensed Consolidated Balance Sheets (Unaudited) as of June 30, 2015 and December 31, 2014 and will become due and payable no later than the final maturity date of July 31, 2017.

Off Balance Sheet Arrangements

We do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors.

Conclusion

Of the total cash and cash equivalents of \$6.8 million reported on the Condensed Consolidated Balance Sheet (Unaudited) as of June 30, 2015, approximately \$5.7 million was held by the Company's Chinese operations and is considered to be indefinitely reinvested in those operations. The Company has no intention of repatriating cash from its Chinese operations in the foreseeable future.

We believe that the currently available funds, access to capital from our credit facility, and cash flows generated from operations will be sufficient to meet our working capital requirements and other capital needs for the next 12 months.

Critical Accounting Policies

Our accounting policies are fully described in Note 2, Summary of Significant Accounting Policies, to our Consolidated Financial Statements in our Annual Report on Form 10-K for the year ended December 31, 2014. We believe our most critical accounting policies include revenue recognition, accounting for goodwill and intangible assets, purchase accounting, accounting for stock-based compensation, and accounting for income taxes.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

Exchange Rate Sensitivity

We are exposed to market risks associated with changes in foreign currency exchange rates because we generate a portion of our revenues and incur a portion of our expenses in currencies other than the U.S. dollar. As of June 30, 2015, we were exposed to changes in exchange rates between the U.S. Dollar and the Canadian Dollar, Chinese Yuan, Indian Rupee, British Pound, and Euro. We hedge material cash flow exposures when feasible using forward contracts. These instruments are subject to fluctuations in foreign currency exchange rates and credit risk. Credit risk is managed through careful selection and ongoing evaluation of the financial institutions utilized as counterparties. Refer to Note 11, Financial Instruments, for further discussion.

Interest Rate Sensitivity

As of June 30, 2015, there was \$60.0 million outstanding and \$64.8 million of available borrowing capacity under the Credit Agreement. Our interest expense will fluctuate as the interest rate for the line of credit floats based, at our option, on our lead lender's prime rate plus a margin or the one-month LIBOR rate plus a margin. Based on the \$60.0 million outstanding on the line of credit as of June 30, 2015, an increase in the interest rate of 100 basis points would add \$600,000 of interest expense per year, which is not considered material to our financial position or results of operations.

We had unrestricted cash and cash equivalents totaling \$6.8 million at June 30, 2015 and \$10.9 million at December 31, 2014. The unrestricted cash and cash equivalents are held for working capital purposes. We do not enter into investments for trading or speculative purposes. Due to the short-term nature of these investments, we believe that we do not have any material exposure to changes in the fair value of our investment portfolio as a result of changes in interest rates. Declines in interest rates, however, will reduce future interest income.

Item 4. Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in reports that we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to management, including our principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure.

Our management, with the participation of our principal executive officer and principal financial officer, has evaluated the effectiveness of the disclosure controls and procedures as of the end of the period covered by this Form 10-Q. Based on that evaluation, our management, with the participation of our principal executive officer and principal financial officer, concluded that these disclosure controls and procedures were effective.

There was no change in our internal control over financial reporting as defined in Exchange Act Rule 13a-15(f) during the three months ended June 30, 2015, that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting except for the system implementation described below.

PART II. OTHER INFORMATION

Item 1A. Risk Factors

In evaluating all forward-looking statements, you should specifically consider various risk factors that may cause actual results to vary from those contained in the forward-looking statements. Our risk factors are included in our Annual Report on Form 10-K for the year ended December 31, 2014, as filed with the SEC on March 6, 2015 and available at www.sec.gov. There have been no other material changes to such risk factors since the filing of such reports.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Issuer Purchases of Securities

Stock Repurchase Program

Prior to 2014, our Board of Directors authorized the repurchase of up to \$90.0 million of our common stock. On November 4, 2014, our Board of Directors authorized the expansion of our stock repurchase program by authorizing the repurchase of up to an additional \$10.0 million of our common stock for a total repurchase program of \$100.0 million and extended the expiration date of the program from December 31, 2014 to June 30, 2016.

The program could be suspended or discontinued at any time, based on market, economic, or business conditions. The timing and amount of repurchase transactions will be determined by our management based on its evaluation of market conditions, share price, and other factors.

Since the program's inception on August 11, 2008, we have repurchased approximately \$84.4 million of our outstanding common stock through June 30, 2015.

Period	Total Number of Shares Purchased	Average Price Paid Per Share (1)	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Approximate Dollar Value of Shares that May Yet Be Purchased Under the Plans or Programs
