ITEM 1.01. ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.

On November 30, 2005, the Company entered into a 2005 Put/Call Order Specification which increased the transaction amount under the Amended and Restated Prepaid Share Option Agreement dated as of May 31, 2002, and amended August 28, 2003, between the Company and Citigroup Global Markets Limited (“Prepaid Share Option Agreement”).

Because a portion of the Company’s deferred compensation liabilities are based upon the Company’s common stock price, the Company is subject to market risk, which can result in significant expense volatility. In order to mitigate this market risk, the Company entered into the Prepaid Share Option Agreement. The Prepaid Share Option Agreement, as modified by the 2005 Put/Call Order Specification, creates a hedge for the Company’s stock-denominated liabilities by establishing a series of countering put/call options with respect to the Company’s common stock. Changes in value of the put/call options are recorded in selling, general and administrative expense and are intended to counter gains or losses in the Company’s benefit liabilities denominated in common stock equivalents. The 2005 Put/Call Order Specification increased the number of countering put/call options in order to counter an increase in stock-denominated liabilities.

The form of the 2005 Put/Call Order Specification is attached to this filing as Exhibit 10.1, and the Prepaid Share Option Agreement is filed as an exhibit to the Company’s Annual Report on Form 10K for the year ended September 30, 2003.

SIGNATURES:

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
