Item 8.01. Other Events.

On July 6, 2005, we sold our toluene di-isocyanate (TDI) business to BASF. The sale involved the transfer of our TDI customer list and sales contracts. We further agreed to discontinue the use of our remaining TDI assets, including our Geismar, Louisiana TDI manufacturing equipment. Accordingly, we have reclassified our TDI business as a discontinued operation in our consolidated financial statements and notes as required by Statement of Financial Accounting Standards (SFAS) No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*. This report contains a revised presentation of the consolidated financial statements and notes that were originally included in our annual report on Form 10-K for the year ended December 31, 2004, which reflects the reclassification of our TDI business to discontinued operations. We are filing these revised consolidated financial statements and notes at this time so that they will be incorporated by reference into a registration statement on Form S-8 that we intend to file on February 10, 2006. The revised consolidated financial statements and notes are attached hereto as Exhibit 99.1 and are incorporated herein by reference. The impact of this reclassification on our consolidated statements of operations was not material and is quantified in Note 27 to our consolidated financial statements, which is contained in Exhibit 99.1.

On February 5, 2006, we issued the press release attached hereto as Exhibit 99.2, which is incorporated herein by reference.
