FOR IMMEDIATE RELEASE

Xyratex Ltd Reports Preliminary Results for the First Quarter Fiscal Year 2010

Havant, UK, March 8, 2010 Xyratex Ltd (Nasdaq: XRTX), a leading provider of enterprise class data storage subsystems and storage process technology, today announced preliminary results for its fiscal 2010 first quarter, which ended February 28, 2010.

Xyratex expects to report revenues for the first quarter of fiscal 2010 in the range of \$313 to \$318 million. This compares to the Company's guidance of revenues between \$245 and \$285 million.

Xyratex expects GAAP earnings per diluted share for the first quarter of fiscal 2010 to be in the range of \$0.77 to \$0.87. This compares to guidance of between \$0.24 and \$0.52.

We have continued to see an improvement in demand in both our businesses and across all of our major customers. The actions we undertook with regard to the supply chain have helped mitigate the component constraints that impacted our fourth quarter revenue within our Networked Storage Solutions (NSS) business. Our upside in revenue this quarter is primarily attributable to the NSS business and reflects the shipment of fourth quarter backlog as well as incremental demand during the quarter, said Steve Barber, CEO of Xyratex. We are confident that the fundamentals within the markets we serve will continue to improve into our second quarter.

Conference Call/Webcast Information

Safe Harbor Statement

This press release contains forward looking statements. These statements relate to future events or our future financial performance, including our projected revenue and fully diluted earnings per share data (on a GAAP basis) for the first quarter. These statements are only predictions and involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to differ materially from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements. Factors that might cause such a difference include our inability to compete successfully in the competitive and rapidly changing marketplace in which we operate, failure to retain key employees, changes in our customers volume requirements, cancellation or delay of projects and adverse general economic conditions in the United States and internationally. These risks and other factors include those listed under Risk Factors and elsewhere in our Annual Report on Form 20-F as filed with the Securities and Exchange Commission (File No. 000-50799). In some cases, you can identify forward-looking statements by terminology such as may, will, should, expects, intends, plans, anticipates, believes, estimates, predicts, potential, continue, or the negative of these terms or other comparable terminology. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements.
