Table of Contents

**Hawaiian Telcom Holdco, Inc.**

**Notes to Condensed Consolidated Financial Statements**

**(Unaudited)**

**1. Description of Business**

*Business Description*

Hawaiian Telcom Holdco, Inc. and subsidiaries (the Company) is the incumbent local exchange carrier for the State of Hawaii with an integrated telecommunications network. The Company offers a variety of telecommunication services to residential and business customers in Hawaii including local telephone, network access and data transport, long distance, Internet, television and wireless phone service. The Company also provides communications equipment sales and maintenance, data center colocation and network managed services.

*Organization*

The Company has one direct wholly-owned subsidiary, Hawaiian Telcom Communications, Inc. which has two direct wholly-owned subsidiaries Hawaiian Telcom, Inc. and Hawaiian Telcom Services Company, Inc. Hawaiian Telcom, Inc. operates the regulated local exchange carrier and Hawaiian Telcom Services Company, Inc. operates all other businesses.

**2. Basis of Presentation**

The accompanying unaudited condensed consolidated financial statements of the Company have been prepared by the Company in accordance with accounting principles generally accepted in the United States of America and pursuant to rules and regulations of the U.S. Securities and Exchange Commission. Certain information and disclosures normally included in annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been omitted and condensed. In the opinion of the Company's management, all adjustments (consisting of only normal and recurring accruals) have been made to present fairly the results of operations, comprehensive income, financial position and cash flows for the periods presented. The results of operations for the periods presented are not necessarily indicative of the results to be expected for the full year. Although the Company believes that the disclosures are adequate to make the information presented not misleading, these financial statements should be read in conjunction with the Company's audited consolidated financial statements as of and for the year ended December 31, 2013.

*Cash and Cash Equivalents*

## Edgar Filing: Hawaiian Telcom Holdco, Inc. - Form 10-Q

Cash and cash equivalents include cash and money market accounts with maturities at acquisition of three months or less. The majority of cash balances at June 30, 2014 are held in one bank in demand deposit accounts.

### *Supplemental Non-Cash Investing and Financing Activities*

Accounts payable included \$13.6 million and \$4.4 million at June 30, 2014 and 2013, respectively, for additions to property, plant and equipment.

### *Taxes Collected from Customers*

The Company presents taxes collected from customers and remitted to governmental authorities on a gross basis, including such amounts in the Company's reported operating revenues. Such amounts represent primarily Hawaii state general excise taxes and Hawaii Public Utility Commission fees. Such taxes and fees amounted to \$1.8 million and \$3.6 million for the three and six months ended June 30, 2014 and \$1.8 million and \$3.7 million for the three and six months ended June 30, 2013, respectively.

Table of Contents***Earnings per Share***

Basic earnings per share is based on the weighted effect of all common shares issued and outstanding, and is calculated by dividing earnings by the weighted average shares outstanding during the period. Diluted earnings per share is calculated by dividing earnings, adjusted for the effect, if any, from assumed conversion of all potentially dilutive common shares outstanding, by the weighted average number of common shares used in the basic earnings per share calculation plus the number of common shares that would be issued assuming conversion of all potentially dilutive common shares outstanding. The denominator used to compute basic and diluted earnings per share was as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2014	2013	2014	2013
Basic earnings per share - weighted average shares	10,585,736	10,335,828	10,557,047	10,313,984
Effect of dilutive securities:				
Employee and director restricted stock units	87,655	129,361	135,777	139,786
Warrants	590,227	629,492	607,784	554,331
Diluted earnings per share - weighted average shares	11,263,618	11,094,681	11,300,608	11,008,101

The computation of weighted average dilutive shares outstanding excluded restricted stock units to acquire 85,074 shares and 34,721 shares of common stock for the three month and six month period ended June 30, 2014, respectively. For the three months ended June 30, 2013, restricted stock units to acquire 2,945 shares of common stock were excluded. The unrecognized compensation on a per unit basis for these restricted stock units was greater than the average market price of the Company's common stock for the period presented. Therefore, the effect would be anti-dilutive. For the six month period ended June 30, 2013 the restricted stock units excluded were not significant.

***Recent Accounting Pronouncement***

In May 2014, the Financial Accounting Standards Board issued a new accounting standard which provides guidance for revenue recognition. The new accounting standard will supersede the current revenue recognition requirements and most industry-specific guidance. The standard's core principle is that a company will recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. The standard will be effective for the Company in the first quarter of 2017 and either full retrospective or modified retrospective adoption is permitted. Early adoption is not permitted. The Company is currently evaluating the impact of the adoption of this accounting standard on the consolidated financial statements.

**3. SystemMetrics Corporation Acquisition**

On September 30, 2013, the Company completed its acquisition of all of the voting stock of SystemMetrics Corporation ( "SystemMetrics" ) for \$16.3 million in cash, net of cash acquired and purchase price adjustments. Of the total purchase price, \$11.9 million was paid at closing with the balance subject to an earn-out over a three year period. Payment of the earn-out is contingent on SystemMetrics meeting certain performance metrics and continued employment of the SystemMetrics' key executive. For financial reporting purposes, the earn-out is accounted

for as compensation expense as earned.

SystemMetrics provides virtual and physical data center colocation services in the State of Hawaii along with other telecommunication services that are complementary to the Company's operations.

Table of Contents

The Company followed the acquisition method of accounting and allocated the purchase price to the tangible and intangible assets acquired and liabilities assumed based on their provisional fair values, and the estimates and assumptions were subject to change within the measurement period. There were no changes made to the allocation of the purchase price in 2014. The measurement period was considered closed as of June 30, 2014.

For the three months ended June 30, 2014, SystemMetrics revenue amounted to \$2.3 million and the net loss amounted to \$0.3 million. For the six months ended June 30, 2014, SystemMetrics revenue amounted to \$4.7 million and the net loss was \$0.3 million.

**4. Receivables**

Receivables consisted of the following (dollars in thousands):

	<b>June 30, 2014</b>	<b>December 31, 2013</b>
Customers and other	\$ 35,764	\$ 38,463
Allowance for doubtful accounts	(3,700)	(3,942)
	<b>\$ 32,064</b>	<b>\$ 34,521</b>

**5. Long-Lived Assets**

Property, plant and equipment consisted of the following (dollars in thousands):

	<b>June 30, 2014</b>	<b>December 31, 2013</b>
Property, plant and equipment	\$ 785,912	\$ 729,364
Less accumulated depreciation	(240,729)	(204,989)
	<b>\$ 545,183</b>	<b>\$ 524,375</b>

Depreciation expense amounted to \$18.2 million and \$36.2 million for the three and six months ended June 30, 2014. Depreciation expense amounted to \$19.1 million and \$37.3 million for the three and six months ended June 30, 2013.

In February 2013, the Company entered into an agreement to sell a parcel of land and warehouse not actively used in the Company's operations for a purchase price, as amended, of \$13.9 million. The sale was subject to due diligence by the buyer and approval of the Hawaii Public

## Edgar Filing: Hawaiian Telcom Holdco, Inc. - Form 10-Q

Utilities Commission ( HPUC ). The HPUC approval was received in May 2013 and the sale was consummated in June 2013. The net proceeds, net of commissions and other costs paid through escrow of \$0.8 million, amounted to \$13.1 million. A gain on the sale of \$6.5 million was recognized in the second quarter of 2013 as management concluded the land sold was not grouped with the assets subject to the composite depreciation method. The HPUC approval requires the Company to spend \$0.3 million on training employees on broadband telecommunication deployment and operation. In addition, the HPUC approval provides for the Company to make improvements to its broadband network in an amount equal to the net proceeds less the training cost commitment. The planned training expenses and network capital spending are being recognized as the costs are incurred.

Edgar Filing: Hawaiian Telcom Holdco, Inc. - Form 10-Q

Table of Contents

The gross carrying amount and accumulated amortization of identifiable intangible assets are as follows (dollars in thousands):

	June 30, 2014			December 31, 2013		
	Gross Carrying Value	Accumulated Amortization	Net Carrying Value	Gross Carrying Value	Accumulated Amortization	Net Carrying Value

	\$ 49,329	\$ 10,554	\$ 38,775	\$ 49,329	\$ 9,104	\$ 40,225

Amortization expense amounted to \$0.7 million and \$1.4 million for the three and six months ended June 30, 2014. Amortization expense amounted to \$0.7 million and \$1.3 million for the three and six months ended June 30, 2013. Estimated amortization expense for the next five years and thereafter is as follows (dollars in thousands):

2014 (remaining months)	\$ 1,446
2015	2,498
2016	2,101
2017	1,703
2018	1,308
Thereafter	2,419
	\$ 11,475

**6. Accrued Expenses**

Accrued expenses consisted of the following (dollars in thousands):

	June 30, 2014	December 31, 2013
Salaries and benefits	\$ 12,660	\$ 15,160
Interest	2,522	2,576
Other taxes	844	1,051
	\$ 16,026	\$ 18,787

Table of Contents**7. Long-Term Debt**

Long-term debt consists of the following (dollars in thousands):

	<b>Interest Rate at June 30, 2014</b>	<b>Final Maturity</b>	<b>June 30, 2014</b>	<b>December 31, 2013</b>
Term loan	5.00%	June 6, 2019	\$ 297,638	\$ 299,138
Original issue discount			(4,091)	(4,459)
			293,547	294,679
Current			3,000	3,000
Noncurrent			\$ 290,547	\$ 291,679

The term loan outstanding at June 30, 2014 provides for interest at the Alternate Base Rate, a rate which is indexed to the prime rate with certain adjustments as defined, plus a margin of 3.00% or a Eurocurrency rate on deposits of one, two, three or six months but no less than 1.00% per annum plus a margin of 4.00%. The Company has selected the Eurocurrency rate as of June 30, 2014 resulting in an interest rate currently at 5.00%.

The term loan provides for interest payments no less than quarterly. In addition, quarterly principal payments of \$0.8 million are required. The balance of the loan is due at maturity on June 6, 2019. The Company must prepay, generally within three months after year end, 50% or 25% of excess cash flow, as defined. The percent of excess cash flow required is dependent on the Company's leverage ratio. No excess cash flow payment was due for the year ended December 31, 2013. The Company must also make prepayments on loans in the case of certain events such as large asset sales.

The Company also has a revolving credit facility which matures on October 3, 2015. The facility has an available balance of \$30.0 million with no amounts drawn as of or for the periods ended June 30, 2014 and 2013. A commitment fee is payable quarterly to the lender under the facility. Interest on amounts outstanding is based on, at the Company's option, the bank prime rate plus a margin of 3.0% to 6.0% or the Eurocurrency rate for one, two, three or six month periods plus a margin of 4.0% to 5.5%. The margin is dependent on the Company's leverage, as defined in the agreement, at the time of the borrowing.

***Refinancing***

In June 2013, the Company refinanced its term loan debt. The Company paid a premium on the repayment of the old term loan of \$3.0 million. In addition, the Company paid \$3.4 million in underwriting fees and legal costs. The premium on repayment of debt, existing original issue discount, existing deferred financing costs, underwriting fees and legal costs were accounted for in accordance with accounting standards for modification of debt instruments with different terms. The Company compared each syndicated lenders' loan under the old term loan with the syndicated lenders' loan under the new term loans. For loans under the new term loan that were substantially different, the Company recognized the exchange of debt instruments as a debt extinguishment. For loans under the new term loan that were not substantially different, the Company accounted for the exchange of debt instruments as a modification. As a result of the refinancing, the Company deferred \$2.7 million of financing

related costs and recognized a loss on early extinguishment of debt of \$3.7 million.

Table of Contents**Maturities**

The annual requirements for principal payments on long-term debt as of June 30, 2014 are as follows (dollars in thousands):

Years ended December 31,

**8. Employee Benefit Plans**

The Company sponsors a defined benefit pension plan, with benefits frozen as of March 1, 2012, and postretirement health and life insurance benefits for union employees. The Company also sponsors a cash balance pension plan for nonunion employees, with benefits frozen as of April 1, 2007, and certain management employees receive postretirement health and life insurance under grandfathered provisions of a terminated plan.

The following provides the components of benefit costs (income) for the three and six months ended June 30, 2014 and 2013 (dollars in thousands):

## Pension

	Three Months Ended June 30,		Six Months Ended June 30,	
	2014	2013	2014	2013
Interest cost	\$ 2,208	\$ 2,055	\$ 4,416	\$ 4,111
Expected asset return	(3,178)	(2,935)	(6,356)	(5,870)
Amortization of loss	29	148	58	296
Net periodic benefit income	\$ (941)	\$ (732)	\$ (1,882)	\$ (1,463)

## Other Postretirement Benefits

Edgar Filing: Hawaiian Telcom Holdco, Inc. - Form 10-Q

	Three Months Ended June 30,		Six Months Ended June 30,	
	2014	2013	2014	2013
Service cost	\$ 230	\$ 277	\$ 460	\$ 555
Interest cost	602	516	1,204	1,032
Amortization of loss	15	74	30	149
Net periodic benefit cost	\$ 847	\$ 867	\$ 1,694	\$ 1,736

The Company previously disclosed in its consolidated financial statements for the year ended December 31, 2013 that it expected to contribute \$13.1 million to its pension plan in 2014. As of June 30, 2014, the Company has contributed \$5.1 million. The Company presently anticipates contributing the full amount during the remainder of 2014.

Table of Contents**9. Income Taxes**

Income tax expense differs from the amounts determined by applying the statutory federal income tax rate of 34% to the income before income tax provision for the following reasons (dollars in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2014	2013	2014	2013
Income tax at federal rate	\$ 1,288	\$ 2,206	\$ 2,633	\$ 3,246
Increase (decrease) resulting from:				
State income taxes, net of federal income tax	143	306	310	428
Permanent differences	421	176	602	311
Capital goods excise tax credit	(303)	(150)	(404)	(235)
Total income tax expense	\$ 1,549	\$ 2,538	\$ 3,141	\$ 3,750

The Company evaluates its tax positions for liability recognition. As of June 30, 2014, the Company had no unrecognized tax benefits. No interest or penalties related to tax assessments were recognized in the Company's condensed consolidated statements of operations for the three and six months ended June 30, 2014 or 2013. All tax years from 2010 remain open for both federal and Hawaii state purposes.

**10. Stock Compensation**

The Company has an equity incentive plan. The Compensation Committee of the Company's Board of Directors may grant awards under the plan in the form of incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock, restricted stock units and other stock-based awards. The maximum number of shares issuable under the equity incentive plan is 1,400,000 shares. All grants under the equity incentive plan will be issued to acquire shares at the fair value on date of grant.

As of June 30, 2014, all awards were restricted stock units. Activity with respect to outstanding restricted stock units for the six months ended June 30, 2014 and 2013 was as follows:

	Shares	Weighted-Average Grant-Date Fair Value
<b>2014</b>		
Nonvested at January 1, 2014	260,734	\$ 18
Granted	157,481	31
Vested	(109,399)	25
Forfeited	(1,534)	29
Nonvested at June 30, 2014	307,282	\$ 24

**2013**

Nonvested at January 1, 2013	223,224	\$	15
Granted	179,829		20
Vested	(63,759)		16
Forfeited	(13,602)		18
Nonvested at June 30, 2013	325,692	\$	17

Table of Contents

The Company recognized compensation expense of \$1.0 million and \$2.1 million for the three and six months ended June 30, 2014, respectively. The Company recognized compensation expense of \$0.7 million and \$1.2 million for the three and six months ended June 30, 2013, respectively. The fair value as of the vesting date for the restricted stock units that vested during the six months ended June 30, 2014 and 2013 was \$2.7 million and \$1.3 million, respectively. Upon vesting, unit holders have the option to net share-settle to cover the required withholding tax and the remaining amount is converted into an equivalent number of shares of common stock. The total shares withheld were 34,573 and 19,471 for the six months ended June 30, 2014 and 2013, respectively, and were based on the value of the restricted stock units as determined by the Company's closing stock price as of the vesting date. Total payments for the employees' tax obligations to the tax authorities amounted to \$1.0 million and \$0.4 million for the six months ended June 30, 2014 and 2013, respectively. Other than reimbursements for tax withholdings, there was no cash received under all share-based arrangements. In March 2014, the terms of certain restricted stock units were modified which resulted in the restricted stock units vesting as of the date of the modification. The Company recognized the incremental value of \$0.6 million as additional expense in the first quarter of 2014.

**11. Stockholders' Equity*****Warrants***

In 2010, the Company issued warrants to purchase 1,481,055 shares of common stock for \$14.00 per share. The warrants to purchase shares may be exercised anytime from January 26, 2011 to the maturity on October 28, 2015. The warrants may be exercised on a cashless basis whereby additional warrants are tendered in lieu of payment for the exercise price. During the six months ended June 30, 2014 and 2013, warrants were exercised on a cashless basis resulting in the issuance of 15,361 shares and 297 shares of common stock, respectively.

***Accumulated Other Comprehensive Income (Loss)***

The components of accumulated other comprehensive income (loss) are as follows (dollars in thousands):

	Unrealized Gain (Loss) on Investments	Retirement Plans	Total
<b>2014</b>			
January 1, 2014	\$ (60)	\$ (4,656)	\$ (4,716)
Other comprehensive income (loss) for 2014	(1)	(145)	(146)
June 30, 2014	\$ (61)	\$ (4,801)	\$ (4,862)
<b>2013</b>			
January 1, 2013	\$ (36)	\$ (28,414)	\$ (28,450)
Other comprehensive income (loss) for 2013	(28)	270	242
June 30, 2013	\$ (64)	\$ (28,144)	\$ (28,208)

Table of Contents

Reclassifications out of other comprehensive income (loss) for the three and six months ended June 30, 2014 and 2013 were as follows (dollars in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2014	2013	2014	2013
Retirement plans				
Amortization of (gain) loss	44	223	(245)	445
Income tax credit (charge) on comprehensive income	(17)	(87)	100	(175)
Net of tax	\$ 27	\$ 136	\$ (145)	\$ 270

The amortization of (gain) loss was recognized primarily in selling, general and administrative expense for the periods ended June 30, 2014 and 2013.

**12. Commitments and Contingencies***Collective Bargaining Agreement*

The Company has a collective bargaining agreement with the International Brotherhood of Electrical Workers Local 1357 ( IBEW ) with an effective date of January 1, 2013 for a term of five years. The agreement covers approximately half of the Company's work force.

*Third Party Claims*

In the normal course of conducting its business, the Company is involved in various disputes with third parties, including vendors and customers. The outcome of such disputes is generally uncertain and subject to commercial negotiations. The Company periodically assesses its liabilities in connection with these matters and records reserves for those matters where it is probable that a loss has been incurred and the loss can be reasonably estimated. Based on management's most recent assessment, the Company believes that the risk of loss in excess of liabilities recorded is not material for all outstanding claims and disputes and the ultimate outcome of such matters will not have a material adverse effect on the Company's results of operations, cash flows or financial position.

*Litigation*

## Edgar Filing: Hawaiian Telcom Holdco, Inc. - Form 10-Q

The Company is involved in litigation arising in the normal course of business. The outcome of litigation is not expected to have a material adverse impact on the Company's condensed consolidated financial statements.

Table of Contents

**13. Fair Value of Financial Instruments**

The following method and assumptions were used to estimate the fair value of each class of financial instruments for which it is practical to estimate the fair value.

Cash and cash equivalents, accounts receivable and accounts payable The carrying amount approximates fair value. The valuation is based on settlements of similar financial instruments all of which are short-term in nature and generally settled at or near cost. Cash is measured at Level 1.

Investment securities The fair value of investment securities is based on quoted market prices. Investment securities are included in other assets on the condensed consolidated balance sheets.

Debt The fair value of debt is based on the value at which the debt is trading among holders.

The estimated fair value of financial instruments is as follows (dollars in thousands):

	Carrying Value		Fair Value
<b>June 30, 2014</b>			
Assets - investment in U.S. Treasury obligations	\$ 810	\$	810
Liabilities - long-term debt (carried at cost)	293,547		298,643
<b>December 31, 2013</b>			
Assets - investment in U.S. Treasury obligations	\$ 807	\$	807
Liabilities - long-term debt (carried at cost)	294,679		299,886

***Fair Value Measurements***

Fair value for accounting purposes is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price).

Accounting standards establish a fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement).

Edgar Filing: Hawaiian Telcom Holdco, Inc. - Form 10-Q

Assets measured at fair value on a recurring basis represent investment securities included in other assets. Liabilities carried at cost with fair value disclosure on a recurring basis represent long-term debt. A summary is as follows (dollars in thousands):

	June 30, 2014		December 31, 2013
Asset value measurements using:			
Quoted prices in active markets for identical assets (Level 1)	\$	810	\$ 807
Significant other observable inputs (Level 2)			
Significant unobservable inputs (Level 3)			
	\$	810	\$ 807
Liability value measurements using:			
Quoted prices in active markets for identical liabilities (Level 1)	\$		\$
Significant other observable inputs (Level 2)		298,643	299,886
Significant unobservable inputs (Level 3)			
	\$	298,643	\$ 299,886

Table of Contents**14. Segment Information**

The Company operates in two reportable segments of telecommunications and data center colocation. This conclusion is based on how resources are allocated and performance is assessed by the Chief Executive Officer, the Company's chief operating decision maker. The telecommunications segment provides local voice services, long distance voice services, high-speed internet and video. In addition, the segment provides network access which includes data transport. Various related telephony services are provided including equipment and managed services. The data center colocation segment provides physical colocation, virtual colocation and various related telephony services.

In the fourth quarter of 2013, the Company reevaluated its reportable segments. This was prompted by the acquisition of SystemMetrics and the Company's current strategic focus. Previously, the Company presented a wireline and other segment (which was primarily wireless services). With the diminishing significance of the wireless segment, the Company no longer provides separate wireless information to the Company's chief operating decision maker. Both these segments are now combined into the telecommunications segment. Prior to the acquisition of SystemMetrics on September 30, 2013, the Company did not have data center colocation operations. Hence, the Company had a single reportable segment prior to September 30, 2013 under the revised reportable segment structure.

The following table provides operating financial information for the Company's reportable segments for the three and six months ended June 30, 2014 (dollars in thousands):

	Tele- communications	Data Center Colocation	Intersegment Elimination	Total
<b>Three months ended June 30, 2014</b>				
Operating revenues	\$ 94,700	\$ 2,323	\$ (239)	\$ 96,784
Depreciation and amortization	18,467	417		18,884
Operating income (loss)	8,126	(234)		7,892
<b>Six months ended June 30, 2014</b>				
Operating revenues	\$ 189,576	\$ 4,728	\$ (448)	\$ 193,856
Depreciation and amortization	36,781	823		37,604
Operating income (loss)	16,166	(136)		16,030
Capital expenditures	50,716	345		51,061

Intersegment revenue represents primarily network access services provided by the telecommunications segment for data center colocation. For the three and six months ended June 30, 2014 total operating income above reconciles to the condensed consolidated statement of income as follows:

	Three Months Ended June 30, 2014	Six Months Ended June 30, 2014
Operating income	\$ 7,892	\$ 16,030
Corporate other expense	(4,104)	(8,285)

Edgar Filing: Hawaiian Telcom Holdco, Inc. - Form 10-Q

Income before income tax provision	\$	3,788	\$	7,745
------------------------------------	----	-------	----	-------

Table of Contents

The following table provides information on the Company's revenue, net of intersegment eliminations, by product group (dollars in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2014	2013	2014	2013
Local voice and other retail services	\$ 62,951	\$ 64,628	\$ 125,887	\$ 127,518
Network access services	31,510	32,369	63,241	65,443

**Item 2. Management's Discussion and Analysis of  
Financial Condition and Results of Operations**

**Forward-Looking Statements**

This quarterly report contains forward-looking statements. These statements relate to future events or our future financial performance (including our anticipated cost structure) and involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as may, should, expects, intends, plans, anticipates, believes, estimates, predicts, potential, continues, assumption or the use of other comparable terminology. These statements (including statements related to our anticipated cost structure) are only predictions. Actual events or results may differ materially from those anticipated or projected due to a number of factors. These factors include, but are not limited to:

- failures in critical back-office systems and IT infrastructure or a breach of our cyber security systems;
- our ability to fund capital expenditures for network enhancements;
- our ability to maintain arrangements with third-party service providers;
- changes in regulations and legislation applicable to providers of telecommunications services;
- changes in demand for our products and services;
- our ability to retain experienced personnel;
- economic conditions in Hawaii;
- technological changes affecting the telecommunications industry; and
- our indebtedness could adversely affect our financial condition.

These and other factors may cause our actual results to differ materially from any forward-looking statement. Refer to our Annual Report on Form 10-K for a detailed discussion of risks that could materially adversely affect our business, financial condition or results of operations. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial may also materially adversely affect our business operations.

Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. These forward-looking statements are made as of the date of issuance of these quarterly condensed

## Edgar Filing: Hawaiian Telcom Holdco, Inc. - Form 10-Q

consolidated financial statements, we assume no obligation to update or revise them or to provide reasons why actual results may differ.

We do not undertake any responsibility to release any revisions to these forward-looking statements to take into account events or circumstances that occur after the date of issuance of these quarterly condensed consolidated financial statements. Additionally, we do not undertake any responsibility to update you on the occurrence of any unanticipated events which may cause actual results to differ from those expressed or implied by the forward-looking statements contained in this quarterly report.

### **Background**

In the following discussion and analysis of financial condition and results of operations, unless the context otherwise requires, we, us or the Company refers, collectively, to Hawaiian Telcom Holdco, Inc. and its subsidiaries.

Table of Contents

**Segments and Sources of Revenue**

We operate in two reportable segments (telecommunication and data center colocation) based on how resources are allocated and performance is assessed by our chief operating decision maker. Our chief operating decision maker is our Chief Executive Officer.

In the fourth quarter of 2013, we reevaluated our reportable segments. This was prompted by the acquisition of SystemMetrics and our current strategic focus. Previously, we presented a wireline and other segment (which was primarily wireless services). With the diminishing significance of the wireless segment, we no longer provide separate wireless information to our chief operating decision maker. Both these segments are now combined into the telecommunications segment. Prior to the acquisition of SystemMetrics on September 30, 2013, we did not have data center colocation operations. Hence, we were in a single segment prior to September 30, 2013 under the revised reportable segment structure.

***Telecommunications***

The telecommunications segment derives revenue from the following sources:

**Local Telephone Services** We receive revenue from providing local exchange telephone services. These revenues include monthly charges for basic service, local private line services and enhanced calling features such as voice mail, caller ID and 3-way calling.

**Network Access Services** We receive revenue for access to our network for wholesale carrier data, business customer data including Dedicated Internet Access, switched carrier access and subscriber line charges imposed on end users. Switched carrier access revenue compensates us for origination, transport and termination of calls for long distance and other interexchange carriers.

**Long Distance Services** We receive revenue from providing long distance services to our customers.

**High-Speed Internet ( HSI ) Services** We provide HSI to our residential and business customers.

**Video Services** Our video services marketed as Hawaiian Telcom TV is an advanced entertainment service.

**Equipment and managed services** We provide installation and maintenance of customer premise equipment as well as managed service for customer telephone and IT networks.

We receive revenue from wireless services, including the sale of wireless handsets and other wireless accessories.

*Data Center Colocation*

The data center colocation segment provides physical colocation, virtual colocation and various related telephony services.

Table of Contents**Results of Operations for the Three and Six Months Ended June 30, 2014 and 2013***Operating Revenues*

The following tables summarize our volume information (lines or subscribers) as of June 30, 2014 and 2013, and our operating revenues for the three and six months ended June 30, 2014 and 2013. For comparability, we also present volume information as of June 30, 2014 compared to March 31, 2014.

Previously, revenues from business VoIP customers for equipment usage and other ancillary services were classified as other revenue. Because all of these revenues relate to providing local telephone service to the customer, they are now presented as local voice services. Comparative information for prior periods, including the first quarter of 2014, has been modified to conform to the current period presentation.

Consumer	72,171	69,496	2,675		3.8%
Wholesale	31,706	33,774	(2,068)		-6.1%
Other	5,400	6,271	(871)		-13.9%
	\$ 193,856	\$ 192,961	\$ 895		0.5%

The decrease in local voice services revenues was caused primarily by the decline of voice access lines. Continued competition in the telecommunications industry has increasingly resulted in customers using technologies other than traditional phone lines for voice and data. Residential customers are increasingly using wireless services in place of traditional wireline phone services as well as moving local voice service to VoIP technology offered by competitors. Generally, VoIP technology offered by cable providers is less expensive than traditional wireline phone service, requiring us to respond with more competitive pricing. Additionally, Competitive Local Exchange Carriers (CLECs) and our cable competitor continue to focus on business customers and selling services to our customer base.

In an effort to slow the rate of line loss, we are continuing retention and acquisition programs, and are increasingly focusing efforts on bundling of services. We have instituted various saves tactics designed to focus on specific circumstances where we believe customer churn is controllable. These tactics include targeted offers to at risk customers as well as other promotional tools designed to enhance customer retention. We also emphasize win-back and employee referral programs. Additionally, we are intensifying our efforts relative to developing tools and training to enhance our customer service capability to improve customer retention and growth.

Business data revenues for the three and six months ended June 30, 2014 increased when compared to the prior year periods because of business win-backs and increasing bandwidth needs from our customers. Wholesale carrier data revenue declined for the three and six months ended June 30, 2014 compared to the prior year periods. For the six month period this was caused, in part, because of one-time service termination and other fees amounting to \$0.8 million in 2013. In addition, certain carriers have replaced older legacy circuits with more cost effective

alternatives. The impact of the decline in voice access lines is reflected in subscriber line access charges and switched carrier access charges.

Table of Contents

The decrease in long distance revenue was primarily because of the decline in long distance lines and customers moving to wireless and VoIP based technologies for long distance calling.

HSI revenues increased when compared to the prior year as a result of year-over-year increases in total HSI subscribers as well as premium pricing on higher bandwidth offerings.

We are continuing the roll out of Hawaiian Telcom TV on the island of Oahu focusing on the delivery of superior service and an ongoing excellent customer experience. Our volume is ramping up as more homes become enabled for video service. We expect to expand both the availability and the capabilities of our Hawaiian Telcom TV service over the next several years through additional capital investment and innovation.

Equipment and managed services sales have decreased because of fewer sales and installations of customer premise equipment for certain large institutional customers during the three and six months ended June 30, 2014 compared to the same periods in the prior year. Revenue from equipment sales varies from period to period based on the volume of large installation projects. The volume of such projects in future periods is uncertain.

Wireless revenues and other service revenues decreased as we attempted to focus our marketing efforts on other segments of our business.

Data center colocation revenues are the result of the acquisition of SystemMetrics on September 30, 2013.

***Operating Costs and Expenses***

The following tables summarize our costs and expenses for the three and six months ended June 30, 2014 compared to the costs and expenses for the three and six months ended June 30, 2013 (dollars in thousands):

For Three Months

	Three Months Ended		Amount	Change	Percentage
	2014	June 30, 2013			
Cost of revenues (exclusive of depreciation and amortization)	\$ 41,288	\$ 39,960	\$ 1,328		3.3%
Selling, general and administrative expenses	28,720	28,516	204		0.7%

Edgar Filing: Hawaiian Telcom Holdco, Inc. - Form 10-Q

Gain on sale of property		(6,546)	6,546	-100.0%
Depreciation and amortization	18,884	19,841	(957)	-4.8%
	\$ 88,892	\$ 81,771	\$ 7,121	8.7%

Table of Contents

For Six Months

	Six Months Ended June 30,			Change	
	2014	2013	Amount	Percentage	
Cost of revenues (exclusive of depreciation and amortization)	\$ 82,236	\$ 80,244	\$ 1,992	2.5%	
Selling, general and administrative expenses	57,986	56,895	1,091	1.9%	
Gain on sale of property		(6,546)	6,546	-100.0%	
Depreciation and amortization	37,604	38,558	(954)	-2.5%	
	\$ 177,826	\$ 169,151	\$ 8,675	5.1%	

There were no first half 2013 operations for the data center colocation segment as it was newly acquired on September 30, 2013. Hence, a separate discussion for the telecommunications and data center colocation segment is not provided for the current period.

The Company's total headcount as of June 30, 2014 was 1,384 compared to 1,377 as of June 30, 2013. Employee related costs are included in both cost of revenues and selling, general and administrative expenses.

Cost of revenues consists of costs we incur to provide our products and services including those for operating and maintaining our networks, installing and maintaining customer premise equipment, and cost of services sold directly associated with various products. Cost of revenues for the three and six month periods ended June 30, 2014 increased when compared to the prior year periods because of additional wages of \$1.0 million and \$1.6 million, respectively. The primary cause of increased wage costs was the acquisition of SystemMetrics.

Selling, general and administrative expenses include costs related to sales and marketing, information systems and other administrative functions. The expenses for the three months ended June 30, 2014 were comparable to the three months ended June 30, 2013. The expenses for the six months ended June 30, 2014 compared to the same period in the prior year increased because of additional advertising of \$1.1 million as we began expanded promotion for Hawaiian Telcom TV.

In 2013, we sold a parcel of land and warehouse not actively used in our operations for a purchase price, as amended, of \$13.9 million. A gain on the sale of \$6.5 million was recognized in the second quarter of 2013. The HPUC approval of the sale provides we spend \$0.3 million on training employees on broadband telecommunication deployment and operation. In addition, the HPUC approval provides for the balance of the sales price to be used for improvement of our broadband network.

Depreciation and amortization for the three and six month periods ended June 30, 2014 was lower than the same periods in the prior year because of certain assets becoming fully depreciated near the end of 2013.

Table of Contents***Other Income and (Expense)***

The following tables summarize other income (expense) for the three and six months ended June 30, 2014 and 2013 (dollars in thousands).

## For Three Months

	Three Months Ended June 30,		Amount	Change	Percentage
	2014	2013			
Interest expense	\$ (4,109)	\$ (5,083)	\$ 974		-19.2%
Loss on early extinguishment of debt		(3,660)	3,660		-100.0%
Interest income and other	5	6	(1)		-16.7%
	\$ (4,104)	\$ (8,737)	\$ 4,633		-53.0%

## For Six Months

	Six Months Ended June 30,		Amount	Change	Percentage
	2014	2013			
Interest expense	\$ (8,298)	\$ (10,623)	\$ 2,325		-21.9%
Loss on early extinguishment of debt		(3,660)	3,660		-100.0%
Interest income and other	13	21	(8)		-38.1%
	\$ (8,285)	\$ (14,262)	\$ 5,977		-41.9%

Interest expense decreased primarily because of the lower interest rates on the debt which was refinanced in the second quarter of 2013.

In connection with the refinancing of debt in the second quarter of 2013, we incurred charges of \$3.7 million which consisted of the loss on the repayment of the old debt and certain refinancing costs.

***Income Tax Provision***

We had effective tax rates of 40.6% and 40.9% for the three and six months ended June 30, 2014, respectively. We had effective tax rates of 39.1% and 39.3% for the three and six months ended June 30, 2013, respectively. We consider a variety of factors in determining the effective tax rate, including our forecasted full-year pretax results, the U.S. federal statutory rate, expected nondeductible expenses and estimated state

taxes.

As of December 31, 2013, net operating losses available for carry forward through 2033 amounted to \$60.0 million for federal purposes and \$66.3 million for state purposes. Availability of net operating losses in future periods may be subject to additional limitations if there is a deemed change in control for income tax reporting purposes. Such change in control will be determined for income tax reporting purposes based on future changes in stock ownership.

### **Liquidity and Capital Resources**

As June 30, 2014, we had cash of \$35.6 million. From an ongoing operating perspective, our cash requirements in 2014 consist of supporting the development and introduction of new products, capital expenditure projects, pension funding obligations and other changes in working capital. A combination of cash-on-hand and cash generated from operating activities will be used to fund our cash requirements.

Table of Contents

We have continued to take actions to conserve cash and improve liquidity. Efforts have also been taken to generate further operating efficiencies and focus on expense management. We have focused on improving operating results, including efforts to simplify product offerings, improve our customer service experience and increase our revenue enhancement activities. There can be no assurance that these additional actions will result in improved overall cash flow. We continue to have sizable retirement obligations for our existing employee base. Any sustained declines in the value of pension trust assets or higher levels of pension lump sum benefit payments will increase the magnitude of future plan contributions.

Agreements with the Hawaii Public Utilities Commission and the debt agreements of Hawaiian Telcom Communications, Inc. limit the ability of our subsidiaries to pay dividends to the parent company and restrict the net assets of all of our subsidiaries. This can limit our ability to pay dividends to our shareholders. As the parent company has no operations, debt or other obligations, this restriction has no other immediate impact on our operations.

***Cash Flows for Six Months Ended June 30, 2014 and 2013***

Our primary source of funds continues to be cash generated from operations. We use the net cash generated from operations to fund network expansion and modernization. We expect that our capital spending requirements will continue to be financed through internally generated funds. We also expect to use cash generated in future periods for debt service. Additional debt or equity financing may be needed to fund additional development activities or to maintain our capital structure to ensure financial flexibility.

Net cash provided by operations amounted to \$38.6 million for the six months ended June 30, 2014. Our cash flows from operations are impacted by our results of operations, changes in working capital and payments on certain long-term pension liabilities. Net cash provided by operations amounted to \$31.1 million for the six months ended June 30, 2013. The increase in cash provided by operations was because of improved management of working capital.

Cash used in investing activities was \$51.3 million for the six months ended June 30, 2014 and was comprised of capital expenditures. Cash used in investing activities included capital expenditures of \$45.0 million for the six months ended June 30, 2013. The level of capital expenditures for 2014 is expected to be approximately \$90 million which is slightly higher than 2013 as we invest in systems to support new product introductions and transform our network to enable next-generation technologies.

Cash financing activities for the six months ended June 30, 2014 include installment financing and debt repayment activity. For the six months ended June 30, 2013 cash financing activities include the impact of the 2013 refinancing of our debt.

***Outstanding Debt and Financing Arrangements***

As of June 30, 2014, we had outstanding \$297.6 million in aggregate long-term debt. The term loan has a maturity date of June 2019. We do not expect to generate the necessary cash flow from operations to repay the facility in its entirety by the maturity date and repayment is dependent on our ability to refinance the credit facility at reasonable terms. The ability to refinance the indebtedness at reasonable terms before

maturity cannot be assured.

***Contractual Obligations***

During the six months ended June 30, 2014, the Company's future contractual obligations have not changed materially from the amounts disclosed as of December 31, 2013 in our Form 10-K.

We do not maintain any off balance sheet financing or other arrangements.

Table of Contents

**Critical Accounting Policies and Estimates**

The preparation of condensed consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in consolidated financial statements. Changes in these estimates and assumptions are considered reasonably possible and may have a material effect on the condensed consolidated financial statements and thus actual results could differ from the amounts reported and disclosed herein. The Company's critical accounting policies that require the use of estimates and assumptions were discussed in detail in our Annual Report on Form 10-K for the year ended December 31, 2013, and have not changed materially from that discussion.

Table of Contents

**Item 3. Quantitative and Qualitative Disclosures About Market Risk**

As of June 30, 2014, our floating rate obligations consisted of \$297.6 million of debt outstanding under our term loan facility. Accordingly, our earnings and cash flow are affected by changes in interest rates. Based on our borrowings at June 30, 2014 and assuming a 1.0 percentage point increase or decrease in the average interest rate under these borrowings, we estimate that our annual interest expense would increase or decrease by approximately \$3.0 million.

Table of Contents

**Item 4. Controls and Procedures**

**Conclusion Regarding the Effectiveness of Disclosure Controls and Procedures**

Eric K. Yeaman, Chief Executive Officer, and Robert F. Reich, Chief Financial Officer, have evaluated the disclosure controls and procedures of Hawaiian Telcom Holdco, Inc. (the Company) as of June 30, 2014. Based on their evaluations, as of June 30, 2014, they have concluded that the disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended) were effective in ensuring that information required to be disclosed by the Company in reports the Company files or submits under the Securities Exchange Act of 1934:

(1) is recorded, processed, summarized, and reported within the time periods specified in the Securities and Exchange Commission rules and forms, and

(2) is accumulated and communicated to the Company's management, including the Company's principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

**Changes in Internal Control over Financial Reporting**

There have been no changes in internal control over financial reporting during the quarter ended June 30, 2014 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

**Certifications**

The certifications attached hereto as Exhibits 31.1, 31.2, 32.1 and 32.2 should be read in conjunction with the disclosures set forth herein.
