Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On July 23, 2014, the Compensation Committee (the “Committee”) of the board of directors (the “Board”) of NuStar GP, LLC (the “Company”), the general partner of the general partner of NuStar Energy L.P. (“NuStar”), approved awards of performance units for certain of the Company’s officers pursuant to the terms of the Company’s Fourth Amended and Restated 2000 Long-Term Incentive Plan. The performance units are payable in NuStar’ common units (“Common Units”). The performance units are considered for vesting annually in one-third increments beginning on the first anniversary of their grant date. Upon vesting, the performance units are converted into a number of Common Units based upon the target metric described below and the Committee’s discretion.

The target metric for 2014 performance unit vesting is NuStar achieving a distribution coverage ratio (“DCR”) of 1:1. Performance units will not automatically vest unless NuStar’s DCR, after taking into account the aggregate expense of the performance units, meets or exceeds 1:1. Each year, beginning in 2015, the target metric will be the DCR determined by the Committee in the first quarter of the year, based on NuStar’s approved annual budget for that year. The Committee may also designate one or more DCRs that are above the targeted DCR as goals that will be used to determine vesting greater than 100% (up to 200%) of an officer’s performance units available for vesting in that year. Notwithstanding anything above, the Committee has full discretion to increase the vesting determination for any officer (up to the 200% cap).

Thomas R. Shoaf	Executive Vice President and Chief Financial Officer	4,284
