ITEM 1.01 Entry into a Material Definitive Agreement

ITEM 3.02 Unregistered Sales of Equity Securities

On August 17, 2006, IsoRay, Inc. (the "Registrant") sold certain shares of its common stock and warrants to purchase common stock pursuant to a Common Stock and Warrant Purchase Agreement (the "Purchase Agreement") dated August 9, 2006. The securities were issued to 25 accredited investors pursuant to the exemption from registration provided by Section 4(2) of the Securities Act of 1933, as amended. MicroCapital, LLC acted as the lead investor for the transaction. A total of \$5,158,000 in cash proceeds (less 6% commissions to registered broker-dealers) was received by the Registrant in exchange for the issuance of 2,063,200 shares of common stock and warrants to purchase 2,063,200 shares of common stock. In addition, brokers assisting the Registrant with the capital raise were issued warrants to purchase 169,500 shares of common stock on identical terms as the warrants issued to investors. If all warrants were exercised, the Registrant would receive \$6,698,100.

Pursuant to the Purchase Agreement, the purchase price per share of the Registrant's common stock was \$2.50, and the accompanying warrants were issued with an exercise price of \$3.00 per share. The warrants and the Purchase Agreement contain anti-dilution provisions, including one providing that, if the Registrant issues stock or rights to acquire stock at a price less than \$2.00 (excluding certain issuances such as options to employees, directors and certain consultants and shares issued in connection with licensing or leasing transactions), the Registrant is required to issue to each investor additional shares equal to 25% of what such investor purchased in the original transaction. The warrants are exercisable by the holder at an exercise price of \$3.00 (subject to anti-dilution and adjustment provisions) for a period of five years from the date of issuance. The warrants are callable by the Registrant for 45 days after a period of 60 trading days in which the price of the underlying stock exceeds \$4.50 per share for 30 of the 60 days, and only if a registration statement covering the underlying shares is effective.

In connection with the Purchase Agreement, the Registrant also entered into a Registration Rights Agreement whereby the Registrant has agreed to file a registration statement to cover the re-sale of the shares of common stock sold and issuable upon exercise of the warrants. Under the Registration Rights Agreement, the Registrant has agreed to file the registration statement within 60 days of the closing, cure any defect causing the registration statement to fail to be effective within 10 business days, and cause suspension periods for the registration statement to not exceed 60 days in any 360 day period. If the Registrant fails to comply with these provisions, the Registrant will be required to pay as liquidated damages an amount equal to 2% of the aggregate purchase price paid by the investors for each 30 day period during which the failure continues, not to exceed 10% of the aggregate purchase price.
