Item 2.02. Results of Operations and Financial Condition.

On April 7, 2016, Rite Aid Corporation (the “Company”) reported its financial position and results of operations as of and for the thirteen week period and fifty-two week fiscal year ended February 27, 2016. The press release includes non-GAAP financial measures, “Adjusted EBITDA,” “Adjusted Net Income” and “Adjusted Net Income per Diluted Share.” The Company uses these non-GAAP measures in assessing its performance in addition to net income determined in accordance with GAAP.

The Company believes Adjusted EBITDA serves as an appropriate measure in evaluating the performance of its business and helps its investors better compare the Company’s operating performance with its competitors. The Company defines Adjusted EBITDA as net income excluding the impact of income taxes (and any corresponding adjustments to tax indemnification asset), interest expense, depreciation and amortization, LIFO adjustments, charges or credits for facility closing and impairment, inventory write-downs related to store closings, debt retirements and other items (including stock-based compensation expense, sale of assets and investments and revenue deferrals related to the Company’s customer loyalty program). The Company references this non-GAAP financial measure frequently in its decision-making because it provides supplemental information that facilitates internal comparisons to historical periods and external comparisons to competitors. In addition, incentive compensation is based in part on Adjusted EBITDA and the Company bases certain of its forward-looking estimates and budgets on Adjusted EBITDA.

The Company defines Adjusted Net Income as net income excluding the impact of amortization of EnvisionRx intangible assets, acquisition-related costs, loss on debt retirements and LIFO adjustments. The Company calculates Adjusted Net Income per Diluted Share using the Company’s above-referenced definition of Adjusted Net Income. The Company believes Adjusted Net Income and Adjusted Net Income per Diluted Share serve as appropriate measures to be used in evaluating the performance of its business and help its investors better compare the Company’s operating performance over multiple periods.

Adjusted EBITDA, Adjusted Net Income and Adjusted Net Income per Diluted Share should not be considered in isolation from, and are not intended to represent alternative measures of, operating results or of cash flows from operating activities, as determined in accordance with GAAP. The Company’s definitions of Adjusted EBITDA, Adjusted Net Income and Adjusted Net Income per Diluted Share may not be comparable to similarly titled measurements reported by other companies or similar terms in the Company’s debt facilities. The press release furnished as Exhibit 99.1 hereto includes a reconciliation of Adjusted EBITDA, Adjusted Net Income and Adjusted Net Income per Diluted Share to net income, the most directly comparable GAAP financial measure.

In addition, a copy of the Company’s Earnings Release Supplement for the fourth quarter of fiscal 2016 is being furnished as Exhibit 99.2 to this Form 8-K.
