Allianz Jumbo Eurobond Generates Strong Demand

Allianz AG has issued a eurobond with a volume of two billion euros through its Dutch financing subsidiary Allianz Finance II B.V. The bond was placed on the capital market with exceptional success. The issue is rated "AA" by Standard & Poor's and "Aa2" by Moody's and was four times oversubscribed.

The issue was placed on the market in two tranches with a five-year and a ten-year maturity. Both tranches have a fixed coupon. The overwhelming demand triggered an increase in the total volume from 1.0 to 2.0 billion euros and the interest rate was set at the lower end of the bookbuilding range. The investor's

return is 4.735 % for the five-year tranche and 5.665 % for the ten-year tranche.

"We were able to satisfy different segments of demand by dividing the issue into two tranches with different terms", explained Stephan Theissing, Head of Corporate Finance at Allianz AG. "Interest rates are at a historically low level. In addition, investors have high levels of liquidity because of the lack in new offerings - and we have taken advantage of this situation," continued Theissing.

With orders exceeding 8 billion euros, the bond was more than four times oversubscribed. The bank syndicate comprises Deutsche Bank, Dresdner Bank, Schroder Salomon Smith Barney and UBS Warburg.

A listing on the Luxembourg Stock Exchange is anticipated.

Allianz is also planning the placement of a subordinated bond with a volume amounting to at least 500 million US dollars.
