NOTE 2: CONSIDERATION OF THE EFFECTS OF INFLATION

The financial statements have been prepared in constant monetary units, reflecting the overall effects of inflation through August 31, 1995. As from that date, in accordance with professional accounting standards and the requirements of the control authorities, restatement of the financial statements has been discontinued until December 31, 2001. As from January 1, 2002, in accordance with professional accounting standards, recognition of the effects of inflation in these unaudited financial statements has been reestablished, considering that the accounting measurements restated due to changes in the purchasing power of the currency until August 31, 1995 as well as those arising between that date and December 31, 2001 are stated in currency of the latter date.

On March 25, 2003, the National Executive Branch issued Decree No. 664 establishing that the financial statements for years ending as from that date must be stated in nominal currency. Consequently, in accordance with Resolution No. 441 issued by the National Securities Commission, the Company discontinued the restatement of its financial statements as from March 1, 2003. This criterion is not in line with current professional accounting standards, which establish that the financial statements must be restated through to September 30, 2003. At December 31, 2003 however, this deviation has not had a material effect on the financial statements.

The rate used for restatement of items in these unaudited financial statements is the domestic wholesale price index published by the National Institute of Statistics and Census.

The following concepts are included together in the Statement of Results as Financial results generated by assets and Financial results generated by liabilities :

a. The result due to exposure to changes in the purchasing power of the currency

b. Other holding gains and losses arising during the period.

c. Financial results.

NOTE 2: (Continued)

Comparative information

Balances at December 31, 2002 shown in these unaudited financial statements for comparative purposes result from restating the amounts in the financial statements at those dates following the guidelines indicated previously.

Certain amounts in the financial statements at June 30, 2003 and December 31, 2002 were reclassified for disclosure on a comparative basis with those for the current period.

NOTE 3: SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the subsidiaries mentioned in Note 1, have been prepared on a consistent basis with those applied by IRSA Inversiones y Representaciones Sociedad Anónima.

a. **Shares and options of Banco Hipotecario S.A.**

The shares and options of Banco Hipotecario S.A. held by the Company and Ritelco S.A. (a wholly-owned subsidiary) have been valued at their quotation at the end of the period, less estimated selling expenses.

b. **Revenue Recognition**

The Company's revenues mainly stem from office rental, shopping center operations, development and sale of real estate, hotel operations and, to a lesser extent, from e-commerce activities.

See Note 4 for details on the Company's business segments. As discussed in Note 1, the consolidated statements of results were prepared following the guidelines of Technical Resolution No. 21 of the F.A.C.P.C.E.

IRSA Inversiones y Representaciones Sociedad Anónima

and subsidiaries

Notes to the unaudited consolidated financial statements (Contd.)

NOTE 3: (Continued)

- Leases and services from shopping center operations

Leases with tenants are accounted for as operating leases. Tenants are generally charged a rent, which consists of the higher of (i) a monthly base rent (the Base Rent) and (ii) a specified percentage of the tenant's monthly gross retail sales (the Percentage Rent) (which generally ranges between 4% and 8% of tenant's gross sales).

Furthermore, pursuant to the rent escalation clause in most leases, a tenant's Base Rent generally increases between 4% and 7% each year during the term of the lease. Minimum rental income is recognized on a straight-line basis over the term of the lease. Certain lease agreements contain provisions, which provide for rents based on a percentage of sales or based on a percentage of sales volume above a specified threshold. The Company determines the compliance with specific targets and calculates the additional rent on a monthly basis as provided for in the contracts. Thus, these contingent rents are not recognized until the required thresholds are exceeded.

Generally, the Company's lease agreements vary from 36 to 120 months. Law No. 24,808 provides that tenants may rescind commercial lease agreements after the initial six months, upon not less than 60 days' written notice, subject to penalties which vary from one to one and a half months rent if the tenant rescinds during the first year of its lease, and one month of rent if the tenant rescinds after the first year of its lease. The Company also charges its tenants a monthly administration fee, prorated among the tenants according to their leases, which varies from shopping center to shopping center, relating to the administration and maintenance of the common area and the administration of contributions made by tenants to finance promotional efforts for the overall shopping centers operations.

Administration fees are recognized monthly when earned. In addition to rent, tenants are generally charged admission rights, a non-refundable admission fee that tenants may be required to pay upon entering into a lease and upon lease renewal. Admission right is normally paid in one lump sum or in a small number of monthly installments. Admission rights are recognized using the straight-line method over the life of the respective lease agreements. Furthermore, the lease agreements generally provide for the reimbursement of real estate taxes, insurance, advertising and certain common area maintenance costs. These additional rents and tenant reimbursements are accounted for on the accrual basis.

NOTE 3: (Continued)

- Credit card operations

Revenues derived from credit card transactions consist of commissions and financing income. Commissions are recognized at the time the merchants' transactions are processed, while financing income is recognized when earned.

- Hotel operations

The Company recognizes revenues from its rooms, catering, and restaurant facilities as earned on the close of business each day.

- c. Intangible assets, net

Intangible assets are carried at cost adjusted for inflation, less accumulated depreciation.

- Trademarks

Trademarks include the expenses and fees related to their registration.

- Pre-operating expenses

This item reflects expenses generated by the opening of new shopping malls and the e-business projects restated into year-end currency. Those expenses are amortized by the straight-line method in periods ranging from 2 to 3 years for each shopping mall or project, beginning as from the date of inauguration or commencement of operations.

IRSA Inversiones y Representaciones Sociedad Anónima

and subsidiaries

Notes to the unaudited consolidated financial statements (Contd.)

NOTE 3: (Continued)

c. Intangible assets, net (Continued)

- Advertising expenses

Advertising expenses relate to the Torres de Abasto project and the opening of Abasto Shopping adjusted for inflation at the end of the period. The expenses incurred in relation to Torres de Abasto project are recognized in the statement of results as determined under the percentage-of-completion method. Other advertising expenses are amortized under the straight-line method over a term of 3 years.

- Investment projects

Investment projects represent expenses primarily related to marketing efforts incurred by the Alto Palermo S.A for the selling of merchandise through certain means of communication. These costs are amortized to income under the straight-line method as from the start up date of the project. These expenses are written off upon abandonment or disposal of project.

- Tenants list-Patio Bullrich

This item represents the acquired tenant list of the Patio Bullrich shopping mall restated for inflation at the end of the period and is amortized using the straight-line method over a five-year period.

Intangible assets include advertising costs incurred by the subsidiary APSA, that cannot be capitalized in accordance with current accounting standards, but which will be amortized in the coming year by the Company through application of transition rules.

The value of these assets, net of the provision recorded, does not exceed the estimated recoverable value at the end of the period.

d. Goodwill

Negative goodwill represents the market value of net assets of the subsidiaries at the percentage participation acquired in excess of acquisition cost. Goodwill has been restated following the guidelines mentioned in Note 1.4. to the basic financial statements and amortization has been calculated by the straight-line method based on an estimated life of 18 years, considering the weighted average of the remaining useful life of identifiable assets of the issuer subject to depreciation.

Additionally, also included was the goodwill from the controlled company APSA, originating from the purchase of shares of Tarshop S.A., Inversha S.A., Pentigras S.A. and Fibesa S.A. which is amortized through the straight line method over a period of not more than 10 years.

Amortization has been classified under Amortization of goodwill in the Statements of Results.

NOTE 4: SEGMENT INFORMATION

The Company has determined that its reportable segments are those that are based on the Company's method of internal reporting. Accordingly, the Company has five reportable segments. These segments are Development and Sales of properties, Office and other non-shopping center rental properties, Shopping centers, Hotel operations, and Others. As discussed in Note 1, the consolidated financial statements of results were prepared following the guidelines of Technical Resolution No. 21.

A general description of each segment follows:

- Development and sale of properties

This segment includes the operating results of the Company's construction and ultimate sale of residential buildings business.

- Office and other non-shopping center rental properties

This segment includes the operating results of the Company's lease and service revenues of office space and other non-retail building properties from tenants.

- Shopping centers

This segment includes the operating results of the Company's shopping centers principally comprised of lease and service revenues from tenants. This segment also includes revenues derived from credit card transactions that consist of commissions and financing income.

- Hotel operations

This segment includes the operating results of the Company's hotels principally comprised of room, catering and restaurant revenues.

IRSA Inversiones y Representaciones Sociedad Anónima

and subsidiaries

Notes to the unaudited consolidated financial statements (Contd.)

NOTE 4: (Continued)

- Financial operations and others

This segment primarily includes revenues and associated costs generated from the sale of equity securities, other securities-related transactions and other non-core activities of the Company. This segment also includes the results in equity investees of the Company relating to Internet, telecommunications and other technology-related activities of the Company.

The Company measures its reportable segments based on net income. Inter-segment transactions, if any, are accounted for at current market prices. The Company evaluates performance of its segments and allocates resources to them based on net income. The Company is not dependent on any single customer.

The accounting policies of the segments are the same as those described in Note 1 to the financial statements and in Note 3 to the unaudited consolidated financial statements.

NOTE 15: RESTRICTED ASSETS

Puerto Retiro S.A.: extension of the bankruptcy

On April 18, 2000, Puerto Retiro S.A. was notified of a filing made by the National Government, through the Ministry of Defense, to extend the petition in bankruptcy of Inversora Dársena Norte S.A. (Indarsa) to Puerto Retiro S.A. Concurrently with the complaint, at the request of plaintiff, the bankruptcy court granted an order restraining the ability of Puerto Retiro to sell or dispose in any manner the real estate property purchased from *Tandanor S.A.* (*Tandanor*).

Indarsa had purchased 90% of the capital stock of Tandanor, a formerly state owned company privatized in 1991, engaged in the shipyard industry.

In June 1993, Tandanor sold the plot of land near Puerto Madero denominated *Planta 1* to Puerto Retiro S.A.

Indarsa did not comply with the payment of the outstanding price for the purchase of the stock of Tandanor, and therefore the Ministry of Defense requested the bankruptcy of Indarsa. Since the only asset of Indarsa were the shareholdings in Tandanor, the Ministry of Defense is pursuing to extend the bankruptcy to other companies or individuals which, according to its view, acted as an economic group, and therefore, requested the extension of the bankruptcy to Puerto Retiro which acquired *Planta 1* from Tandanor. The lawsuit is at its first stages. Puerto Retiro S.A. answered the claim and appealed the preventive measures ordered. This appeal was overruled on December 14, 2000.

Puerto Retiro S.A. believes, pursuant to the advice of its legal advisors, that the plaintiff's claim shall be rejected by the courts.

Hoteles Argentinos S.A.: mortgage loan

The Extraordinary Shareholders Meeting of Hoteles Argentinos S.A. held on January 5, 2001, approved taking a long-term mortgage loan from Bank Boston N.A. for a total of US\$ 12,000,000 to be used to refinance existing debts. The term of the loan was agreed at 60 months payable in 19 equal and quarterly installments of US\$ 300,000 and one final payment of US\$ 6,300,000. The agreement was signed on January 26, 2001.

Interest is paid quarterly in arrears at an annual interest rate equivalent to LIBOR for year loans plus the applicable mark-up per the contract, which consists in a variable interest rate applicable in the six month period ended December 31, 2003 it ranged between 5.8700% and 6.0713%.

The guarantee granted was a senior mortgage on a Company property, which houses the Hotel Sheraton Libertador Buenos Aires.

NOTE 15: (Continued)

At the date of issue of these unaudited financial statements, as a result of the current economic situation, the lack of credit and the crisis of the Argentine financial system, principal installments of US\$ 300 thousand falling due on January 26, April 29, July 29, October 26, 2002, January 29, April 29, July 29, October 26, 2003 and January 26, 2004 respectively and the interest installment amounting to US\$ 1,015 thousand falling due on July 29, October 26, 2002, January 29, April 29, July 29, October 29, 2003 and January 26, 2004 were not paid. Although Hoteles Argentinos Management is renegotiating the debt with its creditors, as failure to pay the installments when due entitles the bank to require acceleration of principal and interest maturities, the loan has been classified and is shown under current financial loans in these unaudited financial statements.

Alto Palermo S.A.- Restricted assets.

NOTE 16: TARSHOP CREDIT CARD RECEIVABLE SECURITIZACION

Alto Palermo S.A. has ongoing revolving period securitization programs through which Tarshop, a majority-owned subsidiary of APSA, transfers a portion of its customer credit card receivable balances to a master trust (the Trust) that issues certificates to public and private investors.

To the extent the certificates are sold to third parties, the receivables transferred qualify as sales for financial statement purposes and are removed from the company balance sheet. The remaining receivables in the Trust which have not been sold to third parties are reflected on the company balance sheet as a retained interest in transferred credit card receivables. Under these programs, the company acts as the servicer on the accounts and receives a fee for its services.

Under the securitization programs, the Trust may issue two types of certificates representing undivided interests in the Trust Títulos de Deuda Fiduciaria (TDF) and Certificados de Participación (CP), which represent debt, and equity certificates, respectively. Interest and principal services are paid periodically to the TDF holders throughout the life of the security. CPs are subordinated securities which entitle the CP holders to share pro rata in the cash flows of the securitized credit card receivables, after principal and interest on the TDFs and other fees and expenses have been paid. During the revolving period no payments are made to TDF and CP holders. Principal collections of the underlying financial assets are used by the Trust to acquire additional credit card receivables throughout the revolving period. Once the revolving period ends, a period of liquidation occurs during which: (i) no further assets are purchased and (ii) all cash collections are used to fulfill the TDF service requirements and (iii) the remaining proceeds are used to fulfill the CPs service requirements.

The Company entered into two-years revolving-period securitization programs, through which Tarshop sold an aggregate amount of Ps. 102.7 million of its customer credit card receivable. Under the securitization programs, the Trusts issued Ps. 14.5 million nominal value subordinated CPs, Ps. 26.7 million 12% fixed-rate interest TDFs and Ps. 22.5 million 18% fixed-rate interest TDFs, and Ps. 17.1 million variable rate interest TDFs. Tarshop acquired all the CPs at an amount equal to their nominal value while the TDFs were sold to other investors through a public offering in Argentina except for Ps. 0.4 million, which were acquired by Tarshop S.A. As a credit protection for investors, Tarshop has established cash reserves for losses amounting to Ps. 1.3 million.

NOTE 17: PURCHASE OF SHARES AND OPTION OF BANCO HIPOTECARIO S.A.

On December 30, 2003, the Company purchased 4,116,267 shares of Banco Hipotecario S.A. at US\$ 2.3868 per share and 37,537 warrants at US\$ 33.86 each, granting the right to purchase an additional total of 3,753,700 shares. This transaction implied a total disbursement of US\$ 11.1 million.

Subsequent to December 31, 2003, the Company exercised a substantial part of the above options purchased together with the options it had prior to the closing of the period.

Therefore, at the date of issuing these financial statements, the total holding amounted to 19,969,716 shares.

NOTE 18: IRSA INTERNATIONAL LIMITED INVESTMENT'S IN IRSA TELECOMUNICACIONES N.V.

In the fourth quarter of the year ended June 30, 2000, the Company had invested US\$ 3.0 million, in the form of irrevocable capital contributions, into two unrelated companies, namely, Red Alternativa S.A., a provider of satellite capacity to Internet service providers, and Alternativa Gratis S.A., an Internet service provider (referred to herein as the Companies). At that date, the Companies were development stage companies with no significant operations.

Between July 2000 and August 2000, the Company, together with Dolphin Fund Plc, increased their respective investments in the above mentioned Companies, in exchange for shares of common stock. In a series of transactions, which occurred between August 2000 and December 2000, (i) the Company formed IRSA Telecomunicaciones N.V. (ITNV), a holding company organized under the laws of the Netherlands Antilles, for the purposes of completing a reorganization of the Companies (the Reorganization) and (ii) the Company, Dolphin Fund Plc and the previous majority shareholder of the Companies contributed their respective ownership interests in the Companies into ITNV in exchange for shares of common stock of ITNV.

Notes to the unaudited consolidated financial statements (Contd.)

NOTE 18: (Continued)

In September and December 2000, the Company had made additional contributions to ITNV for US\$ 3 million, generating an increase in its participation in the capital stock at that date of 62%.

As a result of the Reorganization, the Companies are now wholly owned subsidiaries of ITNV. Following the Reorganization, the Company held a 49.36% interest in ITNV.

On December 27, 2000, the shareholders of ITNV entered into an agreement with Quantum Industrial Partners LDC (QIP) and SFM Domestic Investment LLC (SFM) and together with QIP referred to herein as the Investors) (the Shareholders Agreement), under which the Investors contributed US\$ 4.0 million in cash in exchange for 1,751,453 shares of Series A mandatorily redeemable convertible preferred stock and an option to purchase 2,627,179 additional shares of mandatorily redeemable convertible preferred stock. Pursuant to the terms of the Shareholders Agreement, options were granted for a period up to five years and at an exercise price equal to the quotient of US\$ 6.0 million by 2,627,179 preferred shares. On or after December 27, 2005, ITNV might be required, at the written request of holders of the then outstanding Series A preferred stock to redeem such holders outstanding shares of series A preferred stock for cash at the greater of (i) 200% of the original issue price multiplied by the number of preferred stock to be redeemed, and (ii) the fair market value of the common shares each holder of Series A preferred stock would have been entitled to receive if such holder had converted the number of Series A preferred stock to be redeemed into common stock at the redemption date; plus in the case of (i) and (ii), any accrued or declared but unpaid dividends.

NOTE 19: MORTGAGE RECEIVABLE SECURITIZATION

The Board of Directors of IRSA, in the meeting held on November 2, 2001, authorized the setting up of a financial trust for the securitization of Company receivables. The trust program for issuing participation certificates, under the terms of Law No. 24.441, was approved by the National Securities Commission by means of Resolution No. 13.040, dated October 14, 1999, as regards the program and in particular as regards the Trust called IRSA I following a decision of the Board of Directors dated December 14, 2001.

On December 17, 2001, IRSA, Inversora Bolivar S.A. and Baldovinos S.A., parties of the first part (hereinafter the Trustors) and Banco Sudameris Argentina S.A., party of the second part (hereinafter the Trustee), have agreed to set up the IRSA I Financial Trust under the Global Program for the Issuance of FIDENS Trust Values, pursuant to the contract entered into on November 2, 2001.

Under the above program, the trustors have sold their personal and real estate credits, secured with mortgages or arising from bills of sale with the possession of the related properties, for the total amount US\$ 26,585,774 to the Trustee, in exchange for cash and the issuance by the Trustee of Participation Certificates for the same nominal value and in accordance with the following classes:

IRSA Inversiones y Representaciones Sociedad Anónima

and subsidiaries

Notes to the unaudited consolidated financial statements (Contd.)

NOTE 19: (Continued)

Class A Participation Certificates (CPA): Nominal value of US\$ 13,300,000, with a 15% fixed annual nominal yield, with monthly Service payments due on the 15th of each month or on the immediately following working day. These certificates grant the right to collect the following Services: (a) a fixed yield calculated on the Class principal balance, with monthly capitalization, payable monthly as from the total settlement of the CPAs, and (b) an amortization.

Class B Participation Certificates (CPB): Nominal value of US\$ 1,000,000, with a 15.50% fixed annual, nominal yield, with monthly Service payments due on the 15th of each month or on the immediately following working day. These certificates grant the right to collect the following Services: (a) a fixed yield calculated on the Class principal balance, with monthly capitalization, payable monthly as from the total settlement of the CPAs, and (b) an amortization equivalent to the sums paid as from the Last Service Payment Date on which the total settlement of the CPA Certificates may have taken place, net of their fixed yield.

Class C Participation Certificates (CPC): Nominal value of US\$ 1,600,000, with a 16% fixed annual nominal yield, with monthly Service payments due on the 15th of each month or on the immediately following working day. These certificates grant the right to collect the following Services: (a) a fixed yield calculated on the Class principal balance, with monthly capitalization, payable monthly as from the total settlement of the CPBs, and (b) an amortization equivalent to the sums paid as from the Last Service Payment Date on which the total settlement of the CPBs may have taken place, net of their fixed yield. The fixed yield will accrue as from the Cut-Off Date and will be capitalized on a monthly basis.

Class D Participation Certificates (CPD): Nominal Value of US\$ 10,685,774. These grant the right to collect monthly the sums arising from the Cash Flow, net of the contributions made to the Expense Fund, once the remaining classes have been fully settled.

The period for placing the Participation Certificates was from December 27, 2001 to January 15, 2002.

Pursuant to Decree No. 214/02, assets and debts in U.S. dollars or other foreign currencies in the Argentine financial system as of January 6, 2002, were converted to pesos at the rate of exchange of Ps. 1 per US\$ 1 or its equivalent in another currency and was adjusted by a reference stabilization index (CER) / coefficient of salary fluctuation (CVS).

On July 21, 2003 an amendment was signed to the trust contract by which a system of proportional adjustment to the Participation Certificates was established to recognize the CER and CVS (coefficient of salary fluctuation), and also to modify the face of the Participation Certificates Class D, with the new face value being Ps. 10,321,280.

At December 31, 2003, the Exchangeable Class C and D Participation Certificates amounted to thousand Ps. 6,556 in IRSA, thousand Ps. 1,045 in Inversora Bolivar S.A., and thousand Ps. 270 in Baldovinos S.A. Class A and B Certificates are totally amortized at the closing of the period.

NOTE 20: CAPITAL REDUCTION IN PALERMO INVEST S.A. AND INVERSORA BOLIVAR S.A.

On November 9, 2001, IRSA Inversiones y Representaciones S.A. (the Company) and GSEM/AP Holdings L.P. (GSEM) entered into a first amendment to the Shareholders Agreement entered into on February 25, 1998, which was followed by a second amendment dated November 27, which established, among other issues, the following:

- a) The capital reduction of Palermo Invest S.A. by thousand Ps. 37,169.
- b) The unanimous approval of Palermo Invest S.A.'s shareholders of a cash dividend for a total amount in pesos equivalent to thousand US\$ 19,702, provided this amount does not exceed, on the payment dates, the amount legally distributable. As stated in Decree No. 214/02, the dollar rate of exchange mentioned above has been left without effect.
- c) The assignment by the Company in favor of GSEM of rights proportional to the dividends mentioned in b) (called IRSA Dividend Right), in such a way that GSEM will have the right to collect all the dividends that may be approved (called GSEM Dividend Right), with the scope defined in point g).
- d) The Company's obligation to pay a total amount of thousand US\$ 13,135 to GSEM (called GSEM Credit), to be settled in two equal installments for a total amount of US\$ 6,567 each, plus interest accrued at the time of payment, the first installment falling due on January 31, 2002 and the second on April 30, 2002.
- e) The entering into a Share Trust Agreement pursuant to which the Company has assigned in trust, under the terms of Law No. 24,441, in favor of the Trustee (ABN AMRO BANK N.V.), all the shares it owns in Palermo Invest S.A. Under no circumstances, may the Trustee transfer, pledge or otherwise assign IRSA's shares either wholly or partially to any Person, and it must at all times exercise the voting rights granted by the shares as indicated by IRSA. Under the trust provisions, GSEM is not empowered, at any time, to request the trustee to extinguish the right to redeem IRSA's shares. Upon the Company's total fulfillment of its obligations to GSEM, the trustee must return the shares to IRSA under the terms and conditions of the trust agreed with the Trustee.
- f) GSEM is empowered to collect all the distributions that Palermo Invest S.A. may resolve, provided the Company has not settled all the obligations generated in favor of GSEM, as provided in point d) above.

IRSA Inversiones y Representaciones Sociedad Anónima

and subsidiaries

Notes to the unaudited consolidated financial statements (Contd.)

NOTE 20: (Continued)

- g) Finally, the Company and GSEM/AP Holdings L.P. acknowledge that: i) all the amounts received in cash by GSEM from Palermo Invest S.A. on account of IRSA Dividend Right, must be considered as a reduction in the amount owed by IRSA under the GSEM Credit, and ii) all the amounts received in cash by GSEM on account of the GSEM Credit will oblige GSEM to return to IRSA the equivalent portion of IRSA Dividend Right, but if IRSA pays the total amount plus all accrued interest and reasonable costs to GSEM, IRSA may then recover its rights regarding the IRSA Dividend Right.

At 30 June 2003, the Company has settled all the installments referred to in item d) amounting to a total of Ps. 39,208 thousand, recording a profit of Ps. 25,962 thousand as a result of a remission by GSEM. Along these lines, at the date of issue of these unaudited financial statements, the aspects referred to in items c), e), f) and g) are null and void.

NOTE 21: DERIVATIVE INSTRUMENTS

The Company uses certain financial instruments to reduce its global financing costs. Furthermore, the Company has not used the financial instruments to hedge future operations or commitments

- Interest rate swaps

Interest rate swaps are used to hedge interest rate exposure. Liabilities generated by the interest rate swap have been valued at estimated settlement cost.

Differences generated by application of the mentioned criteria to assets and liabilities under swaps for derivatives were recognized in the results for the period.

In order to minimize its financing costs and manage interest rate exposure, APSA entered into an interest rate swap agreement to effectively convert a portion of its peso-denominated fixed- rate debt to peso-denominated floating rate debt.

IRSA Inversiones y Representaciones Sociedad Anónima**and subsidiaries****Notes to the unaudited consolidated financial statements (Contd.)****NOTE 21:** (Continued)

At March 31, 2001 the Company had an interest rate swap agreement outstanding with an aggregate notional amount of Ps. 85.0 million with maturities through March 2005. This swap agreement initially allowed the Company to reduce the net cost of its debt. However, subsequent to June 30, 2001, the Company modified the swap agreement due to an increase in interest rates as a result of the economic situation. Under the terms of the revised agreement, the Company converted its peso-denominated fixed rate debt to U.S. dollar-denominated floating rate debt for a notional amount of US\$ 69.1 million with maturities through March 2005, which as of December 31, 2003 has a fair value of US\$ 44.98 million. Any difference payable or receivable it accrued an recorded as an adjustment to disbursements for interest in the Statement of Results. During the periods ended December 31, 2003 and 2002, APSA recognized a gain of Ps. 9.42 million and of Ps. 27.16 million, respectively.

The inherent risk to Alto Palermo S.A. from the swap agreement is limited to the cost of replacing that contract at current market rates. Alto Palermo S.A. considers that such cost would increase in the event of a continuing devaluation of the peso.

NOTE 22: (Continued)

The Convertible Negotiable Obligations were paid in cash or by using liabilities due from APSA on the subscription date.

The Company applied the funds obtained from the offering of securities to payment of expenses and fees relating to issuing and placement of convertible negotiable obligations, payment of liabilities with shareholders and repurchase of negotiable obligations Class A-2 and B-2 the latter belong to its subsidiary Shopping Alto Palermo S.A., thus fulfilling the plan for allocation of funds duly presented to the National Securities Commission.

At December 31, 2003, third party holders of Convertible Negotiable Obligations to ordinary Company shares, have exercised their right to convert them for a total US\$ 669,144, generating the issuing of 19,902,543 ordinary shares with a face value of Ps. 0.1 each. As a result of conversions, the Company has recorded a loss of Ps. 7.9 million arising from the stock watering of 1.07 % of its shareholding in APSA, which is disclosed in the Net loss in related companies line in the consolidated Statement of Results.

The total amount of Convertible Negotiable Obligations at December 31, 2003 was US\$ 49.3 million.

NOTE 23: ALTO PALERMO - COMMITMENT TO MAKE CONTRIBUTIONS AND OPTIONS GRANTED TO ACQUIRE SHARES IN RELATED COMPANIES

The Company and Telefónica de Argentina S.A. have undertaken to make capital contributions in E-Commerce Latina S.A. for Ps. 10 million, payable during April 2001, according to their respective shareholdings, and, if approved by the Board of Directors of E-Commerce Latina S.A., to make an optional capital contribution for up to Ps. 12 million for the development of new lines of business. Telefónica de Argentina S.A. would contribute 75% of that amount.

On April 30, 2001, Alto Palermo S.A. and Telefónica de Argentina S.A. made a contribution of Ps. 10 million, according to their respective shareholdings.

In addition, E-Commerce Latina S.A. has granted an irrevocable option to acquire Class B shares representing 15% of the corporate capital of Altocity.com S.A. in favor of Consultores Internet Managers Ltd., a company organized in the Cayman Islands, in order to act as representative of the Management of Altocity.com S.A. and represented by an independent lawyer. That option may be exercised during a term of 8 years as from February 26, 2000, at a price equivalent to current and future contributions to be made in Altocity.com S.A., plus interest to be accrued at a rate of 14% and to be capitalized annually.

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

Below are the most relevant accounting standards used by the Company to prepare these unaudited financial statements:

1.1. Issuance of new technical pronouncements

The Professional Council in Economic Sciences of the Autonomous City of Buenos Aires approved Technical Pronouncements No. 16:

Conceptual framework for professional accounting standards , No. 17: Professional accounting standards: development of some general application issues , No. 18 : Professional accounting standards: development of some particular application issues , No. 19: Amendments to Technical Pronouncements Nos. 4, 5, 6, 8, 9, 11 and 14 and 20: Derivatives and hedging transactions , through Resolutions C 238/01, C 243/01, C 261/01, C 262/01 and C 187/02, respectively; establishing that those Technical Pronouncements and amendments to them will come into force for fiscal years commencing as from July 1, 2002, (except for TR 20, whose effective date tallies with the financial years commencing January 1, 2003).

The National Securities Commission has adopted the mentioned Technical Pronouncements, incorporating certain amendments, to be in effect as from years commenced on January 1, 2003.

Furthermore, the Professional Council in Economic Sciences of the Autonomous City of Buenos Aires approved Technical Pronouncement No. 21, Equity Method Value consolidation of financial statements information to disclose on related parties through Resolution M.D. No. 5/2003. This Technical Pronouncement and the modifications it incorporates, became effective for financial years beginning as from April 1, 2003. However, the National Securities Commission had not accepted it at the date of these financial statements.

The principal changes incorporated by the new Technical Pronouncements, which have had a material effect on the financial statements of the Company, are as follows:

Incorporation of strict guidelines for purposes of comparison against recoverable values.

Edgar Filing: IRSA INVESTMENTS & REPRESENTATIONS INC - Form 6-K

Obligatory requirement regarding application of the deferred tax method for recognition of income tax.

Incorporation of new disclosure requirements, including information by segment, earnings per share and comparative information to be filed.

Adoption of an accounting model in which the intention of the Company prevails in defining the valuation criteria to be adopted. Furthermore, receivables and payables were recognized in general at their discounted values.

IRSA Inversiones y Representaciones Sociedad Anónima**Notes to the unaudited financial statements (Continued)****NOTE 1:** (Continued)

Determination of guidelines for recognition, measurement and disclosure of derivatives and hedge operations.

Research, development, trademarks, advertising, reorganization and other costs cannot be capitalized. Only organization and pre-operating costs that meet certain requirements can be capitalized.

Change of method for recognition of business combinations (acquisitions, pooling of interests, spin-offs and mergers).

Incorporation of guidelines to be followed to determine whether certain transactions (financial instruments issued by the Company, irrevocable contributions, preferred shares) must be classified under liabilities or shareholders' equity.

A detail of effect on results at December 31, 2002 from application of the new accounting standards is included in the following table:

Item	Effect on results at 31.12.02 (comparative) Ps.
Recording of adjustment and prior years' results in subsidiaries and related companies under long-term investments ^(*)	(654)
Discount of liabilities	38,215
Total	37,561

^(*) Related to the application of the deferred tax method (vs. current tax) and recognition of financial derivatives at estimated settlement cost.

1.2. Preparation and presentation of financial statements

These unaudited financial statements are stated in Argentine pesos and were prepared in accordance with disclosure and valuation criteria contained in the Technical Pronouncements issued by the Argentine Federation of Professional Councils in Economic Sciences, approved with certain amendments by the Professional Council in Economic Sciences of the Autonomous City of Buenos Aires, in accordance with the resolutions issued by the National Securities Commission.

The unaudited financial statements corresponding to the six-month periods ended December 31, 2003 and 2002 have not been audited.

Company Management estimates that all the necessary adjustments have been made to reasonably present the results of each period.

The results for the six-month periods ended December 31, 2003 and 2002, do not necessarily reflect proportionately the Company's results for the complete financial years.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to the unaudited financial statements (Continued)

NOTE 1: (Continued)

1.3. Use of estimations

The preparation of the unaudited financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amounts of revenues and expenses for the period. Estimates are used when accounting for allowance for doubtful accounts, depreciation, amortization, impairment of long-lived assets, income taxes and contingencies. Future actual results could differ from the estimates and assumptions prepared at the date of these unaudited financial statements.

1.4. Recognition of the effects of inflation

The financial statements have been prepared in constant monetary units, reflecting the overall effects of inflation through August 31, 1995. As from that date, in accordance with professional accounting standards and the requirements of the control authorities, restatement of the financial statements has been discontinued until December 31, 2001. As from January 1, 2002, in accordance with professional accounting standards, recognition of the effects of inflation in these unaudited financial statements has been reestablished, considering that the accounting measurements restated due to changes in the purchasing power of the currency until August 31, 1995 as well as those arising between that date and December 31, 2001 are stated in currency of the latter date.

On March 25, 2003, the National Executive Branch issued Decree No. 664 establishing that the financial statements for years ending as from that date must be stated in nominal currency. Consequently, in accordance with Resolution No. 441 issued by the National Securities Commission, the Company discontinued the restatement of its financial statements as from March 1, 2003. This criterion is not in line with current professional accounting standards, which establish that the financial statements must be restated through to September 30, 2003. At December 31, 2003 this deviation has not had a material effect on the financial statements.

The rate used for restatement of items in these unaudited financial statements is the domestic wholesale price index published by the National Institute of Statistics and Census.

The following concepts are included together in the Statement of Results as Financial results generated by assets and Financial results generated by liabilities :

a. The result of exposure to changes in the purchasing power of the currency.

b. Other holding gains and losses arising during the period.

c. Financial results.

1.5. Comparative information

According to the new Technical Pronouncements mentioned in Point 1.1, the Balance Sheet is disclosed in comparative format with the year ended June 30, 2003.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to the unaudited financial statements (Continued)

NOTE 1: (Continued)

Certain amounts in the financial statements at December 31, 2002 for the period then ended were reclassified for disclosure on a comparative basis with those for the current period.

1.6. Valuation criteria

a. Cash and banks

Cash on hand has been valued at face value.

b. Foreign currency assets and liabilities

Foreign currency assets and liabilities were valued at period-end exchange rates.

Operations denominated in foreign currency are converted into pesos at the rates of exchange in effect at the date of settlement of the operation. Operations in foreign currency are shown in the Statement of Results under Financial results, net.

In accordance with Decree 214/02, certain assets and liabilities denominated in US dollars or other foreign currencies existing at January 6, 2002 were converted into pesos at the parity of Ps. 1 per US\$ 1 and adjusted through application of the reference stabilization index (CER).

c. Short-term investments

Time deposits were valued at placement value plus financial results accrued based on the internal rate of return determined at that moment.

Short-term investments in debt securities, shares and mutual funds were valued at their net realization value.

Participation certificates class C in the IRSA I financial trust were valued at acquisition cost plus accrued interest.

d. Trade receivables and accounts payable

Trade receivables and accounts payable were valued at the price applicable to spot operations at the time of the transaction plus interest and implicit financial components accrued at the internal rate of return determined at that moment.

e. Financial receivables and payables

Financial receivables and payables were valued at the amount deposited and collected, respectively, net of operating costs, plus financial results accrued based on the rate estimated at that time.

At June 30, 2003 certain financial loans were valued at their discounted value, calculated at the rate accepted by the creditor to receive advance payment, as the Company settled the loan before maturity.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to the unaudited financial statements (Continued)

NOTE 1: (Continued)

f. Other receivables and payables

Sundry receivables and payables (Asset tax, corporations sect. 33 Law No. 19,550, deposits in guarantee, accounts receivable in trust and customer advances) were valued based on the best estimate of the amount receivable and payable, respectively, discounted at the interest rate applicable to freely available savings accounts published by the Argentine Central Bank in effect at the time of incorporation to assets and liabilities, respectively. Deferred tax assets and liabilities have not been discounted.

As established by the regulations of the National Securities Commission and as mentioned above, deferred tax assets and liabilities have not been discounted. This criterion is not in accordance with current accounting standards in effect in the Autonomous City of Buenos Aires, which require that those balances be discounted. The effect resulting from this difference has not had a material impact on the financial statements.

Credits in kind:

Right to receive goods to be produced:

The units relating to the building called Edificios Cruceros have been valued according to the accounting measuring standards corresponding to inventories receivable.

Liabilities in kind:

Obligation to deliver assets to be manufactured:

Units committed for delivery related to the property identified as San Martín de Tours were valued at the higher of the value of the sums received or the production cost of the assets to be delivered plus additional costs necessary to place the assets at the disposal of the creditor.

Stock exchange transactions to be settled:

Stock exchange transactions to be settled have been valued according to the accounting measuring standards corresponding to assets receivable or deliverable, as applicable.

- g. Balances corresponding to financial transactions and sundry receivables and payables with related parties

Receivables and payables with related parties generated by financial transactions and other sundry transactions were valued in accordance with the terms agreed by the parties.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to the unaudited financial statements (Continued)

NOTE 1: (Continued)

h. Inventory

A property is classified as available for sale upon determination by the Board of Directors that the property is to be marketed for sale in the normal course of business over the next several years.

Residential, office and other non-retail properties completed or under construction are stated at cost, adjusted for inflation, as defined in Note 1.4., or estimated net realizable value, whichever is lower. Costs include land and land improvements, direct construction costs, construction overhead costs, interest on indebtedness and real estate taxes. Selling and advertising costs are deferred and charged to expense in the period in which the related revenue is earned, as determined under the percentage-of-completion method. Total contract costs are charged to expense in the period in which the related revenue is earned, as determined under the percentage-of-completion method. No interest costs were capitalized during the period ended at December 31, 2003 and the year ended at June 30, 2003.

Properties held for sale are classified as current or non-current based on the estimated date of sale and the time at which the related receivable is expected to be collected by the Company.

At December 31, 2003, the Company had not set up an allowance for impairment of value of Inventories.

At the end of the previous fiscal year, as mentioned in Note 1.6.o., the Company set up allowances for impairment of certain inventories (identified as Avda. Madero 1020, Rivadavia 2768, Minetti D, Torres Jardín, Sarmiento 517 and parking lots in Dock 13).

The accounting value of inventories, net of allowances set up, does not exceed estimated recoverable value.

i. Long -term investments

i.a. Investments in debt securities:

Investments in debt securities were valued based on the best estimate of the discounted amount receivable applying the corresponding rate of return estimated at the time of incorporation to assets, as the Company will hold them to maturity. The value thus obtained does not exceed the respective estimated recoverable value at the end of the period.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to the unaudited financial statements (Continued)

NOTE 1: (Continued)

i.b. Investments in shares of subsidiaries and related companies:

The long-term investments in subsidiaries and related companies detailed in Schedule C, except for investments in Banco de Crédito y Securitización S.A. and in Banco Hipotecario S.A., which do not exceed 20% of the capital stock, were valued by the equity method of accounting based on the financial statements at December 31, 2003 issued by them.

The accounting standards used by the subsidiaries to prepare their financial statements are the same as those used by the Company.

The accounting standards used by the related companies to prepare their financial statements are those currently in effect.

This item also includes the lower or higher value paid for the purchase of shares in subsidiaries and related companies which exceeds or is below the market value of the assets acquired and goodwill related to the subsidiary Alto Palermo S.A.

The investments for less than 20% of the capital stock of corporations in which the Company does not exercise significant influence are generally recognized at market value, with the resulting income or losses being recorded in profit and loss accounts or at restated purchase cost if no market value exists.

Certificates of participation in IRSA I financial trust:

The certificates of participation in IRSA I financial trust have been valued at the cost resulting from apportioning the participation certificate holding to the trust assets in the case of class D.

Undeveloped parcels of lands:

The Company acquires undeveloped land in order to provide an adequate and well-located supply for its residential and office building operations. The Company's strategy for land acquisition and development is dictated by specific market conditions where the Company conducts its operations.

Land held for development and sale and improvements are stated at cost adjusted for inflation at the end of the period, as defined in Note 1.4., or estimated net realizable value, whichever is lower. Land and land improvements are transferred to inventories when construction commences.

At December 31, 2003, the Company had not set up an impairment of value of undeveloped parcels of lands.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to the unaudited financial statements (Continued)

NOTE 1: (Continued)

As mentioned in Note 1.6.o., at June 30, 2003 the Company recognized an impairment in connection with certain parcels of undeveloped land (identified as Padilla 902, Pilar, Constitución 1111). Furthermore, at June 30, 2003 the allowance set up on Santa María del Plata amounting to Ps. 8,528 has been reversed.

The values thus obtained, net of the allowances recorded, do not exceed their respective estimated recoverable values at the end of period.

j. Fixed assets

Fixed assets, net comprise primarily of rental properties and other property and equipment held for use by the Company.

Fixed assets value, net of allowances set up, does not exceed estimated recoverable value.

Rental properties

Rental properties are carried at cost, adjusted for inflation, as defined in Note 1.4., less accumulated depreciation. Costs incurred for the acquisition of the properties are capitalized. Accumulated depreciation is computed under the straight-line method over the estimated useful lives of the assets, which generally are estimated to be 50 years for buildings. Expenditures for ordinary maintenance and repairs are charged to results in the period incurred. Significant renovations and improvements, which improve or extend the useful life of the asset are capitalized and depreciated over its estimated remaining useful life. At the time depreciable assets are retired or otherwise disposed of, the cost and the accumulated depreciation of the assets are eliminated from the accounts and the resulting gain or loss is disclosed in the statement of results.

The Company capitalizes interest on long-term construction projects. No interest costs were capitalized during the period ended December 31, 2003 and the year ended June 30, 2003.

At December 31, 2003 the company had not set up an impairment of value of fixed assets.

As mentioned in Note 1.6.o., at June 30, 2003, the Company recognized an impairment on certain rental property (identified as Avda. Madero 1020, Reconquista 823, Avda. Madero 942 and Sarmiento 517).

Software obtained or developed for internal use

The Company capitalizes certain costs associated with the development of computer software for internal use. Costs capitalized during the period ended December 31, 2003 and the year ended June 30, 2003 were not material.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to the unaudited financial statements (Continued)

NOTE 1: (Continued)

These costs are being amortized on a straight-line basis over a period of 3 years.

Other properties and equipment

Other property and equipment properties are carried at cost, adjusted for inflation, as defined in Note 1.4., less accumulated depreciation. Accumulated depreciation is computed under the straight-line method over the estimated useful lives of the assets, as specified below:

<u>Asset</u>	<u>Estimated useful life (years)</u>
Leasehold improvements	On contract basis
Facilities	10
Machinery and equipment	10
Furniture and fixtures	5
Computer equipment	3

The cost of maintenance and repairs is charged to expense as incurred. The cost of significant renewals and improvements are added to the carrying amount of the respective assets. When assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts.

k. Intangible assets

Intangible assets are carried at cost, adjusted for inflation at the end of the period as defined in Note 1.4., less accumulated amortization.

Intangible assets accounting value, does not exceed estimated recoverable value.

Deferred Financing Cost

Expenses incurred in connection with the issuance of debt and proceeds of loans have been deferred and are being amortized using the interest method over the life of the related issuances. In the case redemption of this notes, the related expenses are amortized using the proportional method.

Amortization has been recorded under financial results in the Statement of Results.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to the unaudited financial statements (Continued)

NOTE 1: (Continued)

Selling and advertising expenses

Expenses incurred relating to the marketing of developing properties, including advertising, commissions and other expenses, are charged to expense in the period in which the related revenue is earned, as determined under the percentage-of-completion method.

l. Customer advances

Customer advances represent payments received in advance in connection with the sale and rent of properties.

m. Income tax

The Company has recognized the charge for income tax by the deferred tax liability method, recognizing timing differences between measurements of accounting and tax assets and liabilities (See Note 12).

To determine deferred assets and liabilities, the tax rate expected to be in effect at the time of reversal or use has been applied to timing differences identified and tax loss carryforwards, considering the legal regulations approved at the date of issue of these unaudited financial statements.

Since it is unlikely that future taxable income will fully absorb tax loss carryforwards, the Company has recorded an impairment on a portion of that credit.

n. Asset Tax

The Company calculates Asset tax by applying the current 1% rate on computable assets at the end of the period. This tax complements income tax. The Company's tax obligation in each year will coincide with the higher of the two taxes. However, if Asset tax exceeds income tax in a given year, that amount in excess will be computable as payment on account of income tax arising in any of the following ten years. At December 31, 2003, the Company estimated asset tax recognizing under other receivables (current and non-current) the amount estimated to be offset as payment on account of income tax in future years in accordance with current regulations, and expensed the balance.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to the unaudited financial statements (Continued)

NOTE 1: (Continued)

o. Allowances and Provisions

Allowance for doubtful accounts: the Company provides for losses relating to mortgage, lease and other accounts receivable. The allowance for losses is recognized when, based on current information and events, it is probable that the Company will be unable to collect all amounts due according to the terms of the agreements. The allowance is determined on a one-by-one basis considering the present value of expected future cash flow. While management uses the information available to make evaluations, future adjustments to the allowance may be necessary if future economic conditions differ substantially from the assumptions used in making the evaluations. Management has considered all events and/or transactions that are subject to reasonable and normal methods of estimations, and the unaudited financial statements reflect that consideration.

For impairment of assets: the Company regularly evaluates its non-current assets for recoverability. The Company considers that an impairment loss is recorded whenever the recoverable value is lower than book value. Impairment losses must be expensed against the result for the period. The recoverable value is mainly calculated using independent appraisals or projections of future cash flows.

For contingencies and sundry risks: the Company has certain contingent liabilities with respect to existing or potential claims, lawsuits and other proceedings, including those involving labor and other matters. The Company accrues liabilities when it is probable that future costs will be incurred and such costs can be reasonably estimated. Such accruals are based on developments to date, the Company's estimates of the outcomes of these matters and the Company's lawyers' experience in contesting, litigating and settling other matters.

As the scope of the liabilities becomes better defined, there may be changes in the estimates of future costs, which could have a material effect on the Company's future results of operations and financial condition or liquidity.

At the date of issue of these Unaudited Financial Statements, Management understands that there are no elements to foresee potential contingencies having a negative impact on these Unaudited financial statements.

p. Shareholders' equity accounts

Movements in shareholders' equity accounts have been restated following the guidelines detailed in Note 1.4.

The Common stock and Treasury Stock accounts were stated at historical nominal value. The difference between value stated in constant currency and historical nominal value is shown under Inflation adjustment of common stock and Inflation adjustment of treasury stock, respectively, forming part of the shareholders' equity.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to the unaudited financial statements (Continued)

NOTE 1: (Continued)

q. Results for the period

The results for the period are shown as follows:

Income accounts are shown in currency of the month to which they correspond, and have been restated as mentioned in Note 1.4.

Charges for assets consumed (fixed asset depreciation, intangible asset amortization and cost of sales) were determined based on the values recorded for such assets.

Income - (loss) from investments in controlled and affiliated companies was calculated under the equity method, by applying the percentage of the Company's equity interest to the income - (loss) of such companies.

r. Advertising expenses

The Company generally charges the advertising and publicity expenses to results when they are incurred, except for the advertising and publicity expenses related to the sale of real estate projects. Advertising and promotion expenses were approximately Ps. 148 thousand and Ps. 129 thousand for the periods ended December 31, 2003 and 2002, respectively.

s. Pension information

The Company does not maintain any pension plans. Argentine laws provide for pension benefits to be paid to retired employees from government pension plans and/or privately managed funds plan to which employees may elect to contribute.

t. Financial derivatives

The Company uses various financial derivatives to hedge its net investment in foreign operations and as a complement to reduce its global financial costs.

The Company has not used financial instruments to hedge transactions foreseen or firm commitments. To be eligible for hedging, the Company must be exposed to currency or interest rate risk, and the financial instrument must reduce the exposure and be designated as such. In addition,

Edgar Filing: IRSA INVESTMENTS & REPRESENTATIONS INC - Form 6-K

for hedging purposes, the significant characteristics and expected terms of the planned transaction must be identified and the expected transaction must be probable. Financial instruments that can be recorded as hedging instruments must maintain a high correlation between the hedging instrument and the item being hedged at the beginning and during the entire hedging period.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to the unaudited financial statements (Continued)

NOTE 1: (Continued)

The Company formally documents all the relationships between hedging instruments and hedged items, as well as its risk management objective and strategy before embarking on hedging transactions. This process includes detailing all the derivatives designated for hedging of specific assets and liabilities in the balance sheet or specific firm commitments or planned transactions. The Company also evaluates both at the beginning of the hedging transaction and on an ongoing basis whether the derivatives used in hedging transactions are very effective to offset fluctuations in the market values or cash flows of the items hedged. If it is determined that a derivative is not very effective for hedging or that it has stopped being an effective cover, the Company would discontinue the recording of such hedging instrument in the future.

u. Revenue recognition

u.1. Sales of properties

The Company records revenue from the sale of properties classified as inventory when all of the following criteria are met:

the sale has been consummated;

there is sufficient evidence to demonstrate the buyer's ability and commitment to pay for the property;

the Company's receivable is not subject to future subordination; and

the Company has transferred the property to the buyer.

The Company uses the percentage-of-completion method of accounting with respect to sales of development properties under construction effected under fixed-price contracts. Under this method, revenue is recognized based on the ratio of costs incurred to total estimated costs applied to the total contract price. The Company does not commence revenue and cost recognition until such time as the decision to proceed with the project is made and construction activities have begun.

The percentage-of-completion method of accounting requires the Company's management to prepare budgeted costs in connection with sales of properties/units. All changes to estimated costs of completion are incorporated into revised estimates during the contract period.

u.2. Leases

Revenues from leases are recognized on a straight line basis over the life of the related lease contracts.

v. Cash and cash equivalents

The Company considers all highly liquid investments with original maturities of three months or less, consisting primarily in mutual funds.

IRSA Inversiones y Representaciones Sociedad Anónima**Notes to the unaudited financial statements (Continued)****NOTE 1:** (Continued)w. Result from operations and holding of real estate

The results from operations and holding of real estate assets include the results provided by the valuation and sale of shares in real estate investment companies.

x. Monetary assets and liabilities

Monetary assets and liabilities are stated at their face value plus or minus the related financial gain or loss.

NOTE 2: MORTGAGES AND LEASES RECEIVABLES

The breakdown for this item is as follows:

	December 31,		June 30,	
	2003		2003

In November 2002 the Company refinanced financial loans amounting to US\$ 103.4 million. The new conditions are substantially different from the original conditions, and therefore the Company has written off the original loans and recognized a new debt discounted at a rate reflecting the market appraisals on the money time value and risks inherent to the debt. Accordingly, at December 31, 2002, the Company has recognized net income amounting to Ps. 38.2 million, resulting from considering the difference between the discounted value of the new debts at the market rate (8% p.a.) and the book value of refinanced debts at the moment of refinancing.

1. According to Note 11, these tally with the convertible negotiable obligations to stock (CNB) for a total amount of US\$ 100 million which as of the current date amounts to US\$ 95.2 million, net of issue expenses.
2. Corresponds an unsecured loan for a total of US\$ 51 million, which falls due on 20 November 2009, with the principal being amortized in 20 quarterly installments with a two-year grace period. US\$ 35 million of the principal accrue interest at the LIBO rate over three months plus 200 basis points, and US\$ 16 million accrue interest at a fixed rate that is progressively increased. On July 25, 2003 the Company redeemed the mentioned US\$ 16 million for US\$ 10.9 million. Consequently, at December 31, 2003, principal (net of interest to be accrued at a market rate of 8% p.a.) amounts to US\$ 30.8 million.

The terms of the loan require the Company to maintain certain financial ratios and conditions, specific debt/equity ratios, moreover, they also restrict certain investments, the making of payments, the procurement of new loans and the sale of certain assets and other capital investments.

3.

Edgar Filing: IRSA INVESTMENTS & REPRESENTATIONS INC - Form 6-K

Corresponds with the Negotiable Bonds secured by the assets described in Note 10.c. for US\$ 37.4 million, which mature on 20 November 2009, and have quarterly interest payments at the LIBO rate over three months plus 200 basis points. Consequently, at December 31, 2003 the Company recorded a total balance of US\$ 32.9 million, which correspond to US\$ 37.4 million discounted at a market rate equivalent to 8% p.a.

The terms of the loan require the Company to maintain certain financial ratios and conditions, specific debt/equity ratios; they also restrict certain investments, the making of payments, the procurement of new loans and the sale of certain assets and other capital investments.

The Ordinary and Extraordinary Shareholder's Meeting held on 5 November 2002 and its recess held on 27 November 2002, approved the distribution of 4,587,285 treasury stock proportionately with the shareholders' holdings and, in accordance with the resolution issued by the Board of Directors on 11 December 2002, such stock was made available to the shareholders as from 19 December 2002.

Edgar Filing: IRSA INVESTMENTS & REPRESENTATIONS INC - Form 6-K

- (1) The shares were issued after the date of closing of the financial statements.
- (2) Conversion of negotiable obligations mentioned in Note 11.

b. Treasury stock

The Company repurchases periodically outstanding ordinary shares when it considers that their price is undervalued on the market.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to the unaudited financial statements (Continued)

NOTE 9: (Continued)

During the periods ended December 31, 2003 and 2002 no treasury shares were bought.

c. Restriction on the distribution of profits

In accordance with the Argentine Corporations Law and the Company's By-laws, 5% of the net and realized profit for the year calculated in accordance with Argentine GAAP plus (less) prior year adjustments must be appropriated by resolution of the shareholders to a legal reserve until such reserve equals 20% of the Company's outstanding capital. This legal reserve may be used only to absorb losses.

d. Noncontributory Management Stock Ownership Plan

On October 30, 1997, the shareholders authorized the Company to enter into a Noncontributory Management Stock Ownership Plan (NMSOP) with eight executive officers of the Company (the Beneficiaries), pursuant to which the Beneficiaries were granted the right to purchase up to 24 million shares of common stock (the Participation Shares), at a purchase price equal to Ps. 1.0 per share, subject to the implementation of an Equity Participation Agreement (EPA). Under Argentine law, the Company established a special purpose trust in this connection (the Trust).

The Beneficiaries were required to purchase the Participation Shares available, if any, within 24 months of any capital increase. The Trust has an original term of six years. According to the terms of the NMSOP and the Trust, Beneficiaries are not entitled to receive any distributions (either in the form of shares, cash or other) from the Trust during its term, although, Beneficiaries are allowed to cause the Trust to sell their designated shares of common stock held by the Trust in certain cases. In addition, the Company was not allowed to grant any loans or otherwise assist the Beneficiaries in financing the purchase of the Participation Shares.

On April 7, 1998, the Company's shareholders, at an extraordinary shareholders' meeting, approved a capital increase of 24 million shares to permit the Beneficiaries to purchase all of the Participation Shares to which they were entitled under the EPA.

The BASE and the CNV approved the capital increase on June 4, 1999, and on August 31, 1999 the Beneficiaries acquired 21,090,024 shares at Ps. 1.0 per share.

At December 31, 2003, all the shares held by the trust were sold in accordance with the terms of the contract and, therefore, no shares in trust are recorded.

NOTE 10: RESTRICTED ASSETS

- a. The Labor Court N° 55 decided the distress of units N° 14 and 20 located in Sarmiento 517, property of the Company, in connection with a lawsuit in which the Company is codefendant.
- b. In connection with the acquisition of additional interest in Santa María del Plata S.A., the Company pledged 2,460,041 shares of its interest in that company to secure the balance owed until it is fully paid.
At December 31, 2003 the total debt was paid and the pledge was settled.
- c. The Company has mortgaged the following real estate: Dock 2 M10 (11) buildings A and B, Torre Jardín IV, Dock IV, Reconquista 823, 9 activity units at Suipacha 652, 58 activity units at Madero 1020 and 14 plots of the land owned in the district of Caballito, in connection with the secured negotiable bonds referred to in Note 5.3. By means of Minutes No. 1445 dated August 14, 2003 of the Board of Directors' Meeting, it was resolved to lift and release the mortgages on these properties, substituting them for new mortgages on the following properties: 13 functional units al Libertador 498, 71 supplementary units al Laminar Plaza and 19 supplementary units al Dique IV.
- d. The Company has a first mortgage on the property identified as San Martín de Tours amounting to US\$ 750,000, as performance bond for the construction of the building and transfer of title on the units to be exchanged in favor of Establecimientos Providence S.A.

NOTE 11: CONVERTIBLE NEGOTIABLE OBLIGATION

On March 8, 2002, the Ordinary and Extraordinary Meeting of Shareholders resolved:

- a) Approving the issuance of Negotiable Obligations Convertible into Ordinary Shares of the company (ONC) for up to a face value of US\$100,000,000 (one hundred million pesos), for a term of 5 (five) years, at a fixed interest rate of 6% to 12% per annum, payable half-periodically in arrears.
- b) Approving a subscription option for the ONC holders to subscribe ordinary shares of the company at 1 (one) share per Ps.1 (one peso) of ONC face value, paying in cash Ps.1(pesos one) as subscription price, during 15 (fifteen) days after the conversion term has expired, including the corresponding capital increase.
- c) Suppressing the preferential subscription and accretion rights, or reducing the term to exercise the preference, as provided by section 12 of the Negotiable Obligations Law and other applicable regulations.

IRSA Inversiones y Representaciones Sociedad Anónima

NOTE 11: (Continued)

- d) Amending article nine (9) of the bylaws to partially adapt its contents to the market circumstances arising from the amendment approved, by replacing 1) the 20% percentage referred to in the amendment to the bylaws, by the percentage indicated in Decree 677/01, i.e., 35%; and 2) eliminating the negotiable obligations or other convertible debt securities, as well as the warrants, from the calculation mentioned in Article Nine of the Bylaws.

The public offering and listing of the above-mentioned negotiable obligations was approved by Resolution No. 14316 of the National Securities Commission dated September 24, 2002 and the Buenos Aires Stock Exchange, authorizing the issuance for up to US\$ 100,000,000 of securities consisting of negotiable obligations convertible for ordinary shares, bearing interest at an annual rate of 8% and falling due in 2007 and which, at the time of their conversion, provide the right to options to subscribe 100,000,000 ordinary shares. Furthermore, the conversion price and the price of Warrants have been set as follows:

- a) The conversion price is 0.5571 shares (5.5713 GDS), while the price of the Warrant is 0.6686 shares (6.6856 GDS).
- b) The holder is entitled to exchange each Negotiable Obligation issued by IRSA for 1.7949 shares (0.1795 GDS) and has an option to purchase the same number of shares at the exercise price set for the Warrant.

As a result of the distribution of 4,587,285 treasury stock, the Company has adjusted the conversion price of its Convertible Negotiable Bonds in accordance with the terms of the issue. Thus, the conversion price of the Negotiable Bonds fell from US\$ 0.5571 to US\$ 0.54505 and the price of execution of the warrants dropped from US\$ 0.6686 to US\$ 0.6541. Said adjustment came into force on 20 December 2002.

The Convertible Negotiable Obligations and options will fall due on November 14, 2007.

The convertible negotiable bonds were underwritten in full and were paid in cash and assigned to restructure or partially settle the Company's financial debt at the time of such subscription. Consequently, Note 5 of the financial statements shows the Company's financial debt after the restructuring and placement mentioned above.

On December 31, 2003, holders of Convertible Negotiable Obligations had exercised their right to convert them for a total of US\$ 4,794,130, giving rise to the issuing of 17,289,785 ordinary shares of Ps. 1 face value each as disclosed in Note 9.

The total amount of Convertible Negotiable Obligations at December 31, 2003 is US\$ 95,205,870.

General

In the case of insurance covering fire and explosion with additional coverage, the amounts insured are stated at replacement and/or reconstruction to an as new condition value, not including land and foundations.

Insured amounts correspond to units belonging to the company that are being sold, and/or units sold under mortgages not having individual policies with assigned rights.

Notes:

- (1) Insured amounts correspond to the total for the building. The amount insured for each co-owner is obtained by applying the percentage of co-ownership to the total insurance.
- (2) Insured amounts correspond solely to jointly held areas.
- (3) Insurance purchased by tenants with provisions for the assignment of rights.
- (4) Insured amounts correspond to units not yet having a bill of sale.
- (5) Insured amounts correspond to common areas and partially to individual areas.

In our opinion, the above-described policies adequately cover current risks.

14. Not applicable.

Report of Independent Auditors

To the Shareholders, President and Board of Directors of

IRSA Inversiones y Representaciones Sociedad Anónima

1. We have reviewed the balance sheets of IRSA Inversiones y Representaciones Sociedad Anónima at December 31, 2003, and the related statements of results, changes in shareholders' equity and cash flows for the six month periods ended December 31, 2003 and 2002 and the complementary notes 1 to 12 and exhibits A to I. Furthermore, we have reviewed the consolidated financial statements of IRSA Inversiones y Representaciones Sociedad Anónima with its subsidiaries which are presented as complementary information. The preparation and issuance of the financial statements are the responsibility of the Company's management.
2. We conducted our review in accordance with standards established by Technical Resolution No. 7 of the Argentine Federation of Professional Councils of Economic Sciences for limited reviews of financial statements. A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.
3. Based on our work and our examinations of the financial statements of this Company and the consolidated financial statements for the financial years ended June 30, 2003 and 2002, on which we issued our unqualified report dated September 8, 2003, we report that:
 - a) The financial statements of IRSA Inversiones y Representaciones S.A. at December 31, 2003 and 2002 and its consolidated financial statements at those dates, set out in point 1, prepared in accordance with accounting standards prevailing in the Autonomous City of Buenos Aires include all the significant facts and circumstances of which we are aware, and we have no observations to make on them.
 - b) The comparative information included in the basic and consolidated balance sheets and the supplementary notes and exhibits to the attached financial statements arise from Company financial statements at June 30, 2003.

Comments on the fiscal period operations

During the last months of 2003, Argentina's economic recovery registered an upturn, reaching an annual growth rate of 9.2 percent from September to November. Spurred by a very favorable international context, which included a historic growth of the US economy, extremely low interest rates and excellent commodity prices, a positive domestic scenario with increases in consumption and investment, the Argentine GDP showed an outstanding growth of around 8% for the year. This noteworthy recovery has placed growth estimates for 2004 around 6.5%, a more than reasonable outlook considering a growth floor for this year of 3.4% based on cumulative statistical data.

Thus, it was possible to exceed the fiscal goals agreed with the IMF reaching a primary surplus of 2.3% of GDP (0.2% above the target). The better prospects made it possible for the State to incur indebtedness for the first time since the default on payments, through a three-year debt issuance placed by the Argentine Central Bank (BCRA). This institution also achieved an important increase in the year of 35% in its international reserves, reaching US\$ 14.119 billion at 31 December 2003.

Meanwhile, the good performance of the economic activity was accompanied by the creation of jobs generating an increase of 8.3% in total employment (formal and informal) and an increase in real salaries benefited by the low annual inflation of 3.7%. These variables had their impact on private consumption, which increased 7.8% during the year.

During the first half of fiscal year 2004 a net result of Ps. 32.4 million (US\$ 11.1 million) was recorded, lower than the Ps. 165.6 million (US\$ 49.1 million) recorded in the same period last year. The noteworthy increase in operating income, from a loss of Ps. 0.4 million (US\$ 0.1 million) in the first six months of fiscal year 2003 to a gain of Ps. 21.0 million (US\$ 7.2 million) for the same period of fiscal year 2004, was offset by the decrease in net financial results, which had its contribution to the net result significantly reduced from Ps. 207.6 million (US\$ 61.6 million) in the first half of fiscal year 2003 to Ps. 33.8 million (US\$ 11.5 million) for the same period of fiscal year 2004. This decrease was due mainly to changes in the exchange rate.

In the present scenario of solid growth in the Argentine economy, we embarked on operations related to projects targeting the high-income sector, both in the launch of our own projects or looking for synergies with other developers to carry out joint operations. We believe the occupancy rate of our office buildings will continue to recover hand in hand with the growth of the sectors related to exports which, benefited by the depreciation of the peso, will again occupy premium office space and take advantage of lower prices. The record occupancy levels of the hotel market recorded in January 2004 confirm our forecasts for the sector. We believe that our hotels will continue to benefit from tourism and so will our shopping centers with the addition of clients with high purchasing power.

Analysis of results

In compliance with National Securities Commission (CNV) regulations, the application of the inflation adjustment method in the Financial Statements of public companies has been discontinued as from March 1, 2003. Therefore, the Financial Statements ended 31 December 2003 do not contain recognition of the effects of inflation as from said date. On the other hand, figures for the period ended December 31, 2003 have been restated for comparative purposes using the coefficient 1.0074 that reflects the wholesale inflation of 0.74% between the months of December 2002 and February 2003.

When appropriate and solely for the convenience of the reader we have translated Peso amounts into U.S. dollars at the applicable exchange rate quoted by Banco de la Nación Argentina as of December 31, 2003 and 2002, which were Ps. 2.93 and Ps. 3.37 per US\$ 1.0 respectively.¹

Net results for the six-month period ended on December 31, 2003 totaled a gain of Ps. 32.4 million (US\$ 11.1 million) or Ps. 0.152 per share (Ps. 0.101 on a diluted basis), as compared to a gain of Ps. 165.6 million (US\$ 49.1 million), or Ps. 0.797 per share (Ps. 0.508 on a diluted basis) for the same period of fiscal year 2003.

Consolidated net sales for the six-month period totaled Ps. 109.1 million (US\$ 37.2 million) compared to Ps. 104.1 million (US\$ 30.9 million) in the same period last year.

The contribution of the various segments to net sales was as follows: Sales and Developments Ps. 13.4 million (US\$ 4.6 million), Offices and Other Rental Properties Ps. 7.2 million (US\$ 2.4 million), Shopping Centers Ps. 68.4 million (US\$ 23.4 million), and Hotels Ps. 20.1 million (US\$ 6.9 million).

Operating income showed an important increase, from a loss of Ps. 0.4 million (US\$ 0.1 million) in the first half of fiscal year 2003 to a gain of Ps. 21.0 million (US\$ 7.2 million) in the first six months of fiscal year 2004. This result was driven by a 4.8% increase in net sales and a 16% decrease in costs. Nevertheless, the lower net income is mainly explained by the effect of net financial results. While in the first half of fiscal year 2003 net financial results amounted to Ps. 207.6 million (US\$ 61.6 million), for the same period of fiscal year 2004 they amounted to only Ps. 33.8 million (US\$ 11.5 million). The 11% appreciation of the local currency against the dollar in the first six months of fiscal year 2003 generated positive net exchange differences of Ps. 139.2 million (US\$ 57.3 million), while the 5% depreciation of the peso in the same half of 2004 generated negative net exchange differences of Ps. 11.4 million (US\$ 3.9 million). Nevertheless, this effect was partially offset by the results from financial operations, which increased from Ps. 23.8 million (US\$ 7.1 million) in the first half of fiscal year 2003 to Ps. 74.3 (US\$ 25.3 million) million for the same period of fiscal year 2004, principally thanks to the increased value of our holding in Banco Hipotecario S.A.

EBITDA for the six-month period ended on 31 December 2003 was Ps. 54.0 million (US\$ 18.4 million), 3% less than for last year.

¹ We make no representation that the Argentine Peso amounts actually represent, could have been or could be converted into US Dollars at the rates indicated, at any particular rate or at all.

Second quarter fiscal year 2004 highlights, including significant operations occurred after the end of the period.

I. Offices and other rental properties

During the period ended on December 31, 2003, the rent from lease properties totaled Ps. 7.2 million (US\$ 2.5 million) compared to Ps. 10.0 million (US\$ 3.0 million) for the same period of fiscal year 2003. The decrease was mainly due to the fact that the price of Class A office space was severely hit by the economic crisis.

Currently, the market trend points towards recovery of unoccupied spaces principally in premium areas and a slight improvement in prices. This trend has been observed in our office portfolio over the last months.

Average occupancy reached 73% showing a slight recovery with respect to the close of the same period last year. It should be pointed out that the occupancy level of our properties is above the market average.

II. Shopping Centers - Alto Palermo S.A. (APSA).

As of December 31, 2003, we had a 54.64% interest in Alto Palermo S.A. (APSA), the company that operates our shopping centers.

Net results for the six-month period was Ps. 0.1 million (US\$ 0.04 million), lower than the profit of Ps. 50.5 million (US\$ 15.0 million) recorded in the same period last year. The results of the six months ended on December 31, 2002 had been benefited by a financial result of Ps. 58.1 million (US\$ 17.2 million) and by the positive result of Ps. 11.9 million (US\$ 3.5 million) generated by the buy-back of our own notes. In the same way, the results of the first half of the fiscal year 2004 were negatively impacted by the depreciation of the local currency against the US dollar which went from Ps. 2.80 per dollar to Ps. 2.93 per US dollar, thus generating negative exchange-rate differences for Ps. 5.7 million (US\$ 1.9 million) principally on our US\$ 49.3 million debt outstanding. On the other hand, we should highlight net income's recovery which, in the first quarter of fiscal year 2004, had recorded a negative result of Ps. 3.9 million (US\$ 1.3 million).

Total Revenues as of December 31, 2003 amounted to Ps. 68.4 million (US\$ 23.4 million), 23.9% higher than the same period last year. This increase is mainly attributable to the increase in the base rent charged to our tenants, to the increase in the occupancy, and to higher revenues of the percentage rent charged on our tenants' sales.

Gross Profit for the period achieved a significant increase of 52.5%, from Ps. 22.6 million (US\$ 6.7 million) in the first half of fiscal year 2003 to Ps. 34.5 million (US\$ 11.8 million) during the first half of the fiscal year 2004. 78% of the Company's costs are depreciations of fixed assets, which have remained stable during the present year. On the other hand, the excellent recovery in our revenues from leases and services and the increase in the invoicing of Tarshop S.A. led to an important increase in our total revenues. Thus Gross profit managed to record this significant increase.

Consolidated Operating Result for the period reported a profit of Ps. 21.4 million (US\$ 7.3 million), Ps. 16.7 million higher than the same period last year. In addition to the reasons stated above, this result has been motivated by the drastic fall in the allowance for doubtful accounts, which fell from Ps. 4.1 million (US\$ 1.2 million) in the first semester of fiscal year 2003 to a recovery of Ps. 0.3 million (US\$ 0.1 million) in the six-month period ended December 31, 2003.

In the six-month period ended December 31, 2003, our tenants' sales reached Ps. 572.6 million (US\$ 195.4 million), representing a nominal increase of 33% compared to the same period last year and a 27% increase in real terms². Christmas sales measured in real terms even exceeded those made in year 2000.

The commercial success of our tenants continues to increase demand for rental space in our shopping centers. In this way, we managed to increase occupancy rates to 98%, exceeding the levels previous to the Argentine crisis. The evolution of this variable does not only show an improvement in our business, but also reflects the excellent quality of our portfolio of shopping centers given that the indicators of our competitors are below our levels.

The bonanza that the retail sector is experiencing, gives us the possibility to establish better conditions in new lease contracts. Thus, we increased the cost of the key money charge for executing or renewing lease contracts in our shopping centers.

For their part, revenues from percentage rents (% on our tenants' sales) grew 57% in the semester. This heading is the one that enables us to accompany the good performance of the sector since they increase the adjustment on our specified leases in addition to the Coeficiente de

Edgar Filing: IRSA INVESTMENTS & REPRESENTATIONS INC - Form 6-K

Estabilización de Referencia (Reference Stabilization Coefficient, or CER) (which was established to the pesified contracts and has stabilized in the period).

2 Deflated by the Consumer Price Index (CPI) published by the National Institute of Statistics and Census (INDEC).

The improvement in the economic and financial situation of our tenants made a reduction in the bad debt allowance possible from Ps. 4.1 million (US\$ 1.2 million) as of December 31, 2002 to a recovery of Ps. 0.3 million (US\$ 0.1 million) as of December 31, 2003.

Furthermore, the Company's operating cash flow reached its highest level ever at a monthly average of Ps. 6.7 million (US\$ 2.3 million). These levels are in part helped by the excellent collection of credits in arrears generating a higher income for the Company than its invoicing.

Tarjeta Shopping

Tarshop S.A. is the credit card company in which we have an 80% interest.

In the semester ended on December 31, 2003, our credit card business unit recorded a net income of Ps. 1.4 million (US\$ 0.5 million), which contrasts with the Ps. 3.5 million (US\$ 1.0 million) loss recorded in the same period last year.

This result has been reached after the reconversion of the business. The consumption of our clients in the semester increased 71% as compared to the same period last year, reaching Ps. 95.9 million (US\$ 32.7 million). This increase is equal to an increase of 64% in real terms. The recovery of Tarjeta Shopping as a financial purchasing instrument is reflected in the fact that the sales made through this mean of payment largely outreach the increase of the sales of our shopping centers.

Additionally, in relation to collections, short-term bad debts allowance as of December 31, 2003 reached figures even lower than the levels previous to the crisis. The three-months arrears, which exceeded 11% during 2002, decreased to only 2.6% by the end of the quarter.

The number of outstanding cards and the credit portfolio including securitized coupons as of December 31, 2003 rose to 160,537 cards and Ps. 60.1 million (US\$ 20.5 million), respectively. The level of card activation reached 55%.

Rosario Project

During the second quarter of fiscal year 2004, we began the construction of the shopping center in the city of Rosario, the eighth shopping center managed by the Company which will have a gross leaseable area of approximately 20,000 Sqm. We have already commercialized 30% of the stores that will be available, while the demand for the rest continues at considerable high rates. The shopping center opening is expected to be by the end of the present year.

The following table contains information on IRSA's shopping centers as of December 31, 2003.

III. Sales and Developments

During the first half of fiscal year 2004 net sales from the sales and development segment fell to Ps. 13.4 million (US\$ 4.6 million) as compared to Ps. 21.8 million (US\$ 6.5 million) during the same period of fiscal year 2003.

The improved prospects that can be perceived as a result of the recovery of the Argentine economy encourage us to plan future developments, which along with our important stock of

ideally located land will allow us to continue with the launch of the projects on which we are working without setting aside new opportunities that may arise in the future.

Sales and other operations

Abril, Hudson, Buenos Aires Province. In the six-month period ended on December 31, 2003, 11 lots of Abril Country Club were sold and 15 reserves were made. All projected neighborhoods are being marketed and 93% of the lots have been sold, remaining only 88 for sale. There are 583 completed houses.

Benavidez option. In December 2003, our controlled company Inversora Bolívar S.A. granted DEESA (Desarrolladora El Encuentro S.A.) an option to acquire our plot in Benavidez, maturing on May 17, 2004. DEESA made a payment of approximately Ps. 89,000 (US\$ 30,375) as option premium. If DEESA exercises the option, the total price of the property will rise to approximately US\$ 4.0 million, payable in cash or in residential plots in the projected complex.

Edificios Cruceros 1 and 2 Swap. On December 23, 2003, a swap agreement was executed with Residencial Dique S.A. whereby we will receive in exchange for the property 40% of the total square meters to be constructed as well as 40% of the already existing parking spaces in a maximum term of 24 months. The operation is secured by a mortgage for US\$ 2.0 million.

Developments

San Martín de Tours. We are about to launch the San Martín de Tours project, wherein we plan to construct a high-quality complex of house type home units, a different product among the existing offer.

Below is a detail of IRSA's development properties as of December 31, 2003.

IV. Hotels

The hotel market continues to show positive signals. During this summer, the occupancy of hotels in Buenos Aires experienced record levels, reaching approximately 60% for 5-star hotels. The growth was fostered by the arrival of foreign tourists, thanks to the opening of new air routes to Buenos Aires, which offset by far the drop in the presence of the corporate sector. The foreign tourism, with greater purchasing power, also made possible the recovery of average rates.

Our first-class hotel segment continues to show a positive trend along with the market.

Edgar Filing: IRSA INVESTMENTS & REPRESENTATIONS INC - Form 6-K

Accumulated average occupancy rates for our hotels during this period increased notably and reached 67% as compared to 53% during last year. Average prices suffered, with an average price per room of Ps. 265 (US\$ 90) as compared to Ps. 283 (US\$ 84) during the first six months of last fiscal year. The Llao Llao hotel, which has positioned itself as a first-class resort, unique in Argentina both for its services and location, has one of the highest per-room rates in Argentina.

Revenues from the hotel activity for the period ended on December 31, 2003 increased to Ps. 20.1 million (US\$ 6.9 million) as compared to Ps. 17.5 million (US\$ 5.2 million) during the same period last year.

The chart below shows information on our hotels as of December 31, 2003.

V. Financial and other transactions

Acquisition of Banco Hipotecario S.A. (BASE: BHIP) shares and warrants. On December 30, 2003, the company acquired 1,975,990 Banco Hipotecario S.A. shares at a price of US\$ 2.3868 per share and 18,020 warrants at a price of US\$ 33.86 each, granting it the right to acquire an additional total of approximately 1,802,000 shares. The transaction implied a total disbursement of US\$ 5.3 million.

Furthermore, Ritelco S.A., an IRSA controlled company, acquired 2,140,277 Banco Hipotecario S.A. shares at a price of US\$ 2.3868 per share and 19,517 warrants at a price of US\$ 33.86 each, granting it the right to acquire an additional total of approximately 1,951,700 shares with a disbursement of US\$ 5.8 million.

The Company increased its investment in Banco Hipotecario S.A. because of its attractive long-term prospects and considering the mortgage lending services to be complementary to its diversified real estate activities.

Exercise of Banco Hipotecario S.A. warrants. After December 31, 2003, IRSA exercised a substantial part of its holding of Banco Hipotecario S.A. warrants for 21,500 units, while Ritelco S.A. followed suit for 26,240 units. In exchange they received 2,150,000 and 2,624,000 shares, respectively. This transaction implied an investment of US\$ 5.2 million for IRSA and of US\$ 6.3 million for Ritelco S.A.

The aggregate number of Banco Hipotecario S.A. shares held by both companies is 19,969,716.

It should be pointed out that in January 2004, Banco Hipotecario S.A. successfully completed the restructuring of its debt, with a very high percentage of its bond holders and 100% of its bank creditors having accepted its offer. The conclusion of this process puts the bank in a situation of compliance with its obligations with virtually all its creditors, positioning it as a leading financial institution in Argentina with sustainable financial stability and solvency.

Reduction of debt through conversion of Convertible Notes and exercise of warrants. To date, our debt for the issuance of convertible notes was reduced by US\$

5,477,071 due to the conversions executed. As a result 10,049,663 shares of Ps. 1 nominal value each were issued.

Likewise, on December 31, 2003, holders of warrants paid the sum of US\$ 5.6 million to exercise 4,628,808 units, which resulted in the issuance of 8,493,223 shares.

In this way, the amount of outstanding Convertible Notes is currently US\$ 94,522,929, while the number of shares of the Company totals 230,542,159 and the number of outstanding warrants amounts to 95,371,192.

Buy-back debt offer. On January 21, 2004, IRSA made a buy-back offer on the Series 3 Floating Rate Notes for US\$ 37.4 million and on the Syndicated loan for US\$ 35 million, both due in November 2007, for up to a maximum of US\$ 15.0 million cash at a price of 72%. The settlement date of the offer is March 17, 2004.

Director's Resignation. On November 25, 2003, our director M. Marcelo Mindlin, announced he was resigning his position to start personal commercial undertakings. Mr. Mindlin collaborated throughout recent years and left his own personal mark on the setting of the objectives, projects, businesses, and the particular style of the Company. Our Board of Directors wishes Mr. Marcelo Mindlin the best of successes on the personal and professional levels that he deserves.

Collection of APSA dividends in cash. At the end of November 2003, Ps. 5,5 million (US\$ 1.9 million) were collected in dividends in cash distributed by our subsidiary APSA.

Winners of the IR Magazine Award. IR Magazine gave us the IR Magazine Award 2003 for our Investor Relations efforts. We are proud of receiving this distinction, for which we competed with the leading companies in our country. We will continue to work diligently to give our investors the best service.

Transfer of headquarters. In December 2003 we completed the move of our headquarters to the InterContinental Plaza tower located at Moreno 877 21st Floor Buenos Aires Argentina (C1091AAQ).

VI. Prospects for next quarter

Within the context of the economic recovery our country is showing, maintaining our clearly positive vision on the future and basing ourselves on the solid financial structure of the Company and on the important stock of land reserve still to be developed, our plan is aimed at energetically continuing with the projects we have involved ourselves in during the last months without leaving aside the possibility that new undertakings may arise throughout this year.

With new prospects open in the construction sector and in view of the current lack of credit availability for housing, we are focusing our next undertakings on the high-income sector, as in the cases of the San Martín de Tours project and the Cruceros buildings, while also making the most of other business opportunities like Benavidez, which targets the same socio-economic sector.

In the shopping centers segment our objective is to continue offering a wide variety of commercial proposals based on the needs of our consumers. In this way, the choice of our shopping centers by the public will increase the commercial success of our tenants, thus giving rise to greater demand for space in our shopping centers. This will make it possible for us also to continue increasing our revenues. Capitalizing on the expansion of the sector, we will continue to work diligently in the development of the Rosario project with the objective of meeting deadlines until its scheduled opening date.

On the basis of the encouraging signs in the economy, we trust that the slight recovery observed in the occupancy level of our office buildings will continue its upward surge, as so will the excellent performance of our hotels, following market trends, which reached record levels in the summer encouraged by the growing arrival of tourists drawn by the attractive prices Argentina offers.

We believe we have the necessary mix: a strategic portfolio of assets and business plan, we are leaders in the segments we operate in, we possess a solid financial structure and the backing and trust of our shareholders. As we have been doing throughout our history, we will continue contributing and accompanying our country's growth.
