Item 1.01 Entry into a Material Definitive Agreement

On May 9, 2006, at a meeting of the Compensation Committee (the "Committee") of the Board of Directors of Agile Software Corporation (the "Company"), the Committee approved an executive bonus plan (the "Bonus Plan") for the Company's principal officers, including its executive officers, for the fiscal year ending April 30, 2007 ("FY07"). A description of the Bonus Plan is attached hereto as Exhibit 99.1 and incorporated herein by reference. Under the Bonus Plan, each participating officer has an assigned target bonus level. Depending on corporate performance and individual performance, each officer may earn between zero and 187.5% of his or her target bonus level. Performance under the Bonus Plan is determined based on achievement of Company financial performance regarding revenue and earnings per share targets, Company metrics concerning customer satisfaction and individual performance metrics based upon both measurable goals and an overall performance evaluation.

The target bonus level for FY07 for each of the Named Executive Officers has not changed from their target bonus level for the Company's executive bonus plan for the Company's fiscal year ended April 30, 2006, as disclosed in Form 8-Ks filed by the Company on January 25, 2006 and March 1, 2006. The Named Executive Officers, Jay Fulcher (Chief Executive Officer), Carolyn Aver (Executive Vice President and Chief Executive Officer), Chris Wong (Executive Vice President, Product Strategy) and Thomas Tweitmeyer (Senior Vice President, Finance and Accounting), are each of the officers expected to be Named Executive Officers in the Company's 2006 proxy statement.

The Company's sales related officers, its Executive Vice President-North American Field Operations, Senior Vice President-International Operations and Senior Vice President-Cimmetry Systems, Inc., are expected to have bonus plans for FY07 that are based 20% on the above described Bonus Plan and 80% on financial metrics related to their respective areas of responsibility. Those metrics are expected to be tied to targets for two or more of the following: revenue, including license, professional services and maintenance revenue and contribution margin.
