**Item 7.01 Regulation FD Disclosure.**

On September 26, 2006, Schlumberger Limited ( Schlumberger ) hosted its 2006 Investor Conference in Sugar Land, Texas. The presentations by Andrew Gould, Schlumberger s Chairman and Chief Executive Officer, and Ashok Belani, Schlumberger s Chief Technical Officer, are available through Schlumberger s website at [www.SLB.com/ir](http://www.SLB.com/ir) and are also attached to this Current Report on Form 8-K as Exhibit 99.1.

The presentations and other statements we make at the 2006 Investor Conference contain forward looking statements, which include any statements that are not historical facts, such as our expectations regarding business outlook (including, without limitation, for the company as a whole and with respect to specified geographic areas); growth for Schlumberger as a whole and for each of Oilfield Services and WesternGeco (and for specified products or geographic areas within each segment); the supply of, and demand for, oil and natural gas; anticipated oil and natural gas production growth; earnings per share; operating margins; research and development spending; operating and capital expenditures by Schlumberger and the oil and gas industry; the business strategies of Schlumberger and its customers; the effects of the WesternGeco and PetroAlliance transactions; potential acquisitions; cash returns to shareholders; and future results of operations. These statements involve risks and uncertainties, including, but not limited to, the global economy; changes in exploration and production spending by Schlumberger customers and changes in the level of oil and natural gas exploration and development; general economic and business conditions in key regions of the world; political and economic uncertainty and socio-political unrest; and other factors detailed in our most recent Form 10-K and other filings with the Securities and Exchange Commission. If one or more of these risks or uncertainties materialize (or the consequences of such a development changes), or should underlying assumptions prove incorrect, actual outcomes may vary materially from those forecasted or expected. Schlumberger disclaims any intention or obligation to update publicly or revise such statements, whether as a result of new information, future events or otherwise.
