This Proxy Statement is furnished on December 28, 2006, in connection with the solicitation of proxies to be used at the Annual Meeting of Shareholders of RGC Resources, Inc. ( Resources or the Company ) to be held on Monday, January 29, 2007, at 9:00 a.m., Eastern Standard Time, at the Roanoke Holiday Inn Valley View, 3315 Ordway Drive, Roanoke, Virginia 24017, and any adjournments thereof.

The Company's Annual Report to Shareholders for the year ended September 30, 2006 is being sent to all shareholders concurrently with this Proxy Statement. The Annual Report is not to be considered a part of the proxy solicitation material.

**Voting Securities**

The close of business on November 20, 2006 has been fixed as the record date for the determination of shareholders of the Company entitled to notice of and to vote at the Annual Meeting of Shareholders. At the close of the record date, there were 2,149,390 shares of common stock outstanding and each such share is entitled to one vote. To the Company's knowledge, no person is the beneficial owner of more than five percent of the issued and outstanding common stock of the Company.

A majority of votes entitled to be cast on matters to be considered at the Annual Meeting constitutes a quorum. If a share is represented for any purpose at the Annual Meeting, it is deemed to be present for purposes of establishing a quorum. Abstentions and shares held of record by a broker or its nominee ( Broker Shares ) that are voted on any matter are included in determining the number of votes present or represented at the Annual Meeting. Conversely, Broker Shares that are not voted on any matter will not be included in determining whether a quorum is present. If a quorum is established, directors will be elected by a plurality of the votes cast by shares entitled to vote at the Annual Meeting. Votes that are withheld and Broker Shares that are not voted in the election of directors will not be included in determining the number of votes cast.

The Company will appoint one or more inspectors to act as a Committee on Credentials at the Annual Meeting and to make a written report thereof. The inspectors will ascertain the number of shares outstanding and the voting power of each, determine the shares represented at the meeting and the validity of proxies and ballots, count all votes and ballots, and perform certain other duties as required by law. As a matter of policy, proxies, ballots and voting tabulations that identify individual shareholders are kept private by the Company. Such documents are available for examination only by the inspectors of election and certain personnel associated with processing proxy cards and tabulating votes. The vote of any shareholder is not disclosed except as may be necessary to meet legal requirements.

**PROPOSAL 2 RATIFICATION OF BROWN EDWARDS & COMPANY, L.L.P AS**

**INDEPENDENT ACCOUNTANTS**

Upon recommendation of the Audit Committee, the Board of Directors has appointed Brown Edwards & Company, L.L.P. ( Brown Edwards ) as independent public accountants to audit the financial statements of the Company and its subsidiaries for the year ending September 30, 2007. This appointment is subject to ratification by the shareholders. A representative of Brown Edwards is expected to attend the meeting with the opportunity to make a statement and/or respond to appropriate questions from shareholders. Brown Edwards served as internal and independent auditors of the Company during fiscal year 2006.

In the event shareholders do not ratify the selection of Brown Edwards as independent auditors, the Audit Committee and the Board of Directors would review their future selection of auditors.

On November 16, 2005, the Audit Committee of the Board of Directors of the Company engaged Brown Edwards as the Company's new independent accountants to replace Deloitte & Touche LLP ( Deloitte & Touche ). In August 2005, the Audit Committee decided to solicit proposals from independent accounting firms, including Deloitte & Touche, for the audit of its annual financial statements beginning with the fiscal year ending September 30, 2006. After reviewing these proposals, the Audit Committee voted to dismiss Deloitte & Touche LLP after the completion of the September 30, 2005 audit and to engage Brown Edwards as the Company's independent accountants beginning with the first quarter for the fiscal year beginning October 1, 2005, and ending September 30, 2006. Deloitte and Touche had audited the financial statements for the previous years.

The reports of Deloitte & Touche on the consolidated financial statements of the Company for the fiscal years ended September 30, 2005 and 2004 contained no adverse opinion on disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principals. In addition, during the fiscal years ended September 30, 2005 and 2004 and the period from October 1, 2005 through November 16, 2005, there were no disagreements, as that term is defined in Item 304 of regulation S-K and its related instructions, with Deloitte & Touche on any matter or accounting principals or practices, financial statement disclosure, or auditing scope or procedure, which, if not resolved to the satisfaction of Deloitte & Touche, would have caused Deloitte & Touche to make reference thereto in its report on our consolidated financial statements. During the same period, there were no reportable events, as that term is defined in Item 304(a)(1)(v) or Regulation S-K.

During the fiscal years 2004 and 2005 as well as during the interim period from October 1, 2005 through November 16, 2005, the Company did not consult with Brown Edwards regarding either (i) the application of accounting principals to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements or (ii) any matter that was either the subject of a disagreement, as that term is defined in Item 304 and its related instructions, or a reportable event, as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

**Your Board of Directors recommends a vote FOR the ratification of Brown Edwards as independent auditors.**

**Retirement Plan**

Resources has in effect a noncontributory Retirement Plan. The costs of benefits under the Plan, which are borne by Resources, are computed actuarially and defrayed by earnings from the Plan's investments and/or Resources' annual contributions. The Plan generally provides for the monthly payment, at normal retirement age 65, of the greater of (a) the participant's accrued benefit as of December 31, 1988 under the formula then in effect or (b) the sum of one twelfth of (1) plus (2) minus (3) as follows:

- (1) 1.2% of the participant's average compensation for his highest consecutive sixty months of service multiplied by years of credited service up to thirty years,
- (2) 0.65% of the participant's average compensation for his highest consecutive sixty months of service in excess of covered compensation (generally defined as the average of Social Security wage bases over a participant's assumed working lifetime) multiplied by years of credited service up to thirty years, and

- (3) the participant's balance, if any, from the Company's former profit sharing plan.

Early retirement with reduced monthly benefits is available at age 55 after ten years' service. Provisions also are made for vesting of benefits after five years of service and for disability and death benefits. All employees who have completed one year of service to the Company and are credited with at least 1,000 hours of service in a Plan year are eligible to participate in the Plan. At age 65, for Plan purposes, Mr. Williamson will have 28 credited years of service, Mr. D. Orazio will have 32 credited years of service, Mr. Lyon will have 39 credited years of service and Ms. Lee will have 23 credited years of service.

The compensation covered by the Plan includes the total of all amounts paid to a participant by the Company for personal services reported on the participant's federal income tax withholding statement (Form W-2), up to certain statutory limits. For plan years beginning January 1, 2006 and 2007, these earnings are limited to \$220,000 and \$225,000, respectively.

#### Securities Authorized for Issuance Under Equity Compensation Plans

The Company has three equity compensation plans.

#### Restricted Stock Plan for Outside Directors

The Board of Directors of the Company implemented the Restricted Stock Plan for Outside Directors effective January 27, 1997. This Plan is applicable to not more than 50,000 shares of Resources' common stock.

Under this Plan, a minimum of 40 percent of the monthly retainer fee paid to each non-employee director of Resources is paid in shares of common stock ( Restricted Stock ). The number of shares of Restricted Stock is calculated each month based on the closing sales price of Resources' common stock on the NASDAQ National Market on the first business day of the month. Beginning in fiscal 1998, a participant can, subject to approval of the Board, elect to receive up to 100% of the retainer fee for the fiscal year in Restricted Stock. Such election cannot be revoked or amended during the fiscal year.

The shares of Restricted Stock of Resources issued under this Plan will vest only in the case of a participant's death, disability, retirement (including not standing for reelection to the Board), or in the event of a change in control of Resources. There is no option to take cash in lieu of stock upon vesting of shares under this Plan. The Restricted Stock may not be sold, transferred, assigned or pledged by the participant until the shares have vested under the terms of this Plan. At the time the Restricted Stock vests, a certificate for vested shares will be delivered to the participant or the participant's beneficiary.

The shares of Restricted Stock will be forfeited to Resources by a participant's voluntary resignation during his term on the Board or removal for cause as a director.

#### Key Employee Stock Option Plan of RGC Resources, Inc.

The Company has a Key Employee Stock Option Plan, which is intended to provide the Company's executive officers and other key employees with long-term (ten-year) incentives and rewards tied to the price of Resources' common stock.

This Plan requires each option's exercise price per share to equal the fair value of the Company's common stock as of the date of the grant. Under the terms of this Plan, the options become exercisable six months from the grant date and expire ten years subsequent to the grant date. All options outstanding at September 30, 2006 were fully vested and exercisable.

**RGC Resources, Inc. Stock Bonus Plan**

The Stock Bonus Plan is administered by the Compensation Committee of RGC Resources, Inc., which considers recommendations from the Company's President. The Company's bonus award proposals are subject to approval of the Board of Directors. Under the Stock Bonus Plan, executive officers are encouraged to own a position in the Company's common stock equal to at least 50% of the value of their annual salary. To promote this policy, this Plan provides that all officers with stock ownership positions below 50% of the value of their annual salaries must, unless approved by the Committee, receive no less than 50% of any performance bonus in the form of Company common stock. Bonus amounts, if any, for a fiscal year will generally be determined in the January following that fiscal year end. The Company is authorized to grant up to 50,000 shares of its common stock under the Stock Bonus Plan.

**Change-in-Control Arrangements**

On March 1, 2006, the Company and Mr. John B. Williamson, III entered into a Change in Control Agreement that provides certain benefits to him in the event of a Change in Control. For purposes of this agreement, a Change in Control occurs when (i) any person or entity becomes the beneficial owner of at least 50% of the combined voting power of the Company's voting securities; (ii) any person or entity becomes the beneficial owner of at least 50% of the voting securities of the surviving entity following a merger, recapitalization, reorganization, consolidation or sale of assets by the Company; or (iii) the Company is liquidated or sells

substantially all of its assets. In the event that Mr. Williamson's employment with the Company is terminated within three years of the date of a Change in Control, unless the termination is (a) because of his death or disability, (b) for Cause (as defined in the agreement) or (c) by him other than for Good Reason (as defined in the agreement), then he will receive a severance payment (the Severance Payment) equal to 2.0 times his average annual compensation over the prior five tax years. The Severance Payment will be reduced to the extent necessary to avoid certain federal excise taxes. Also in such event, the Company will continue his life insurance, medical, health and accident and disability plans, programs or arrangements until the earlier of two years after the date of the Change in Control, his death, or his full-time employment. The agreement does not require Mr. Williamson to seek employment to mitigate any payments or benefits provided thereunder. The Company also entered into identical Change in Control Agreements with Mr. John S. D'Orazio on March 1, 2006 and with Mr. Howard T. Lyon and Ms. Dale P. Lee on May 1, 2005, except that the Severance Payment is equal to 1.5 times his or her applicable average annual compensation and payable only if his or her employment is terminated within 24 months of a Change in Control.

#### **REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS**

The Compensation Committee (the Committee), which is made up of five members of the Board of Directors who are not officers or employees of Resources, is responsible for setting and administering the policies that govern the annual compensation paid to the executive officers of the Company, including the Chief Executive Officer.

The Committee recommends, for approval by the Board of Directors, the annual salaries of executive officers. Salaries are based on the respective positions held by the executive officers, including the CEO and reflects their qualifications, level of responsibility and experience, performance level, and the relationship of such salaries to the salaries of similarly situated executive officers in the natural gas industry and the Roanoke, Virginia region. In this regard, the Committee reviews the Chief Executive Officer's recommendations on compensation of the other executive officers and information concerning executive compensation at other companies in the natural gas distribution industry. The Committee also considers overall corporate performance, customer service levels, relationships with regulatory agencies and the ability to manage and maintain a competent work force in preparing its compensation recommendations.

Pursuant to the Company's Stock Bonus Plan, the Committee approved the payment of bonuses in fiscal 2006 to the CEO and other executive officers of the Company for their performance levels during the fiscal year 2005. The Stock Bonus Plan is intended to allow the Board of Directors to compensate individual or collective performance that has resulted in enhanced shareholder value or returns and to encourage increased ownership of Company common stock by officers and management. The Committee annually sets bonus compensation levels tied to earnings per share targets in addition to specific operational objectives. The Stock Bonus Plan is administered by the Committee, which considers recommendations from the Company's President. The Company's bonus award proposals are subject to approval of the Board of Directors. Under the Stock Bonus Plan, executive officers are strongly encouraged to own a position in the Company's common stock of at least 50% of the value of their annual salary. To promote this policy, the Plan profficers with stock ownership positions below 50% of the value of their annual salaries must, unless approved by the Committee, receive no less than 50% of any performance bonus in the form of Company common stock. Bonus amounts, if any, for a fiscal year will generally be determined following that fiscal year end. Bonus award determinations under the Stock Bonus Plan for performance in the 2005 fiscal year were based on the earnings of the Company, combined with an analysis of the individual contributions of each officer.

The Company has a Key Employee Stock Option Plan, which is intended to provide the Company's executive officers with long-term (ten-year) incentives and rewards tied to the price of Resources' common stock. The Committee believes that stock options will assist the Company in attracting, maintaining and motivating officers and other key employees of the Company, upon whose judgment, initiative and efforts the Company depends, by providing such persons with the opportunity to acquire an increased equity interest in Resources. Stock options are used to provide executive officers additional incentive to use their best efforts to promote the best interest of Resources and the shareholders. There were no stock options issued during fiscal year 2006.

The Company currently does not structure compensation so as to be fully deductible under Section 162(m) of the Internal Revenue Code, but the Committee does not anticipate the Company paying compensation at a level where any amounts would not be fully deductible under such Section 162(m).

In making its recommendation regarding the 2006 compensation of the Chief Executive Officer, the Committee considered all of the criteria above. Specific consideration also was given to the Chief Executive Officer's efforts toward risk reduction, customer growth, rate case results, and several other operational objectives in fiscal 2005. Mr. Williamson received a bonus of \$110,000 for his performance during the fiscal year 2005, of which \$85,000 was based on specific earnings per share incentive targets and \$25,000 was based on operational goals performance. Mr. Williamson invested \$55,000 of the performance bonus in Company common stock acquired through the Company's stock bonus plan.

**REMUNERATION OF DIRECTORS**

Effective, February 1, 2006, directors receive \$13,200 per year. In addition, Directors receive fees for attending meetings of Resources Board of Directors and of Committees of the Board. The chair of the Audit Committee receives an additional \$4,000 annually, and the chairs of the other committees receive an additional \$1,500 annually. Mr. Williamson is not compensated for attendance at Board and Committee meetings and does not receive \$13,200 per year for service as a Board member. The schedule of fees paid to directors for each such meeting attended effective February 1, 2006 is as follows:

Board of Directors	\$ 900
Governance & Nominating Committee	\$ 800
Audit Committee	\$ 800
Compensation Committee	\$ 800

However, the fee for any committee meeting held the same day as a Board meeting is \$500.

**Restricted Stock Plan for Outside Directors**

The Board of Directors of the Company implemented the Restricted Stock Plan for Outside Directors effective January 27, 1997. The Plan is applicable to not more than 50,000 shares of Resources common stock. Under the Plan, a minimum of 40% of the monthly retainer fee paid to each non-employee director of Resources is paid in shares of common stock ( Restricted Stock ). The number of shares of Restricted Stock is calculated each month based on the closing sales price of Resources common stock on the NASDAQ National Market on the first day of the month, if the first day of the month is a trading day, or if not, the first trading day prior to the first day of the month. Beginning in fiscal 1998, a participant can, subject to approval of the Board, elect to receive up to 100% of his retainer fee for the fiscal year in Restricted Stock. Such election cannot be revoked or amended during the fiscal year.

The shares of Restricted Stock of Resources issued under the Plan will vest only in the case of a participant s death, disability, retirement (including not standing for reelection to the Board), or in the event of a change in control of Resources. There is no option to take cash in lieu of stock upon vesting of shares under the Plan. The Restricted Stock may not be sold, transferred, assigned or pledged by the participant until the shares have vested under the terms of the Plan. At the time the Restricted Stock vests, a certificate for vested shares will be delivered to the participant or the participant s beneficiary.

The shares of Restricted Stock will be forfeited to Resources by a participant s voluntary resignation during his term on the Board or removal for cause as a director. Subject to the terms of the Plan, a participant, as owner of the Restricted Stock, has all rights of a shareholder, including but not limited to, voting rights, the right to receive cash or stock dividends, and the right to participate in any capital adjustment of Resources. Resources requires that all dividends or other distributions paid on shares of Restricted Stock be automatically sequestered and reinvested on an immediate or deferred basis in additional Restricted Stock.

All directors, except Mr. Williamson (who does not qualify as an outside director), participated in the Plan in fiscal 2006. The directors received a total of 4,037.706 shares of Restricted Stock in fiscal 2006, valued at \$104,576.59. (This value was calculated using the closing price of \$25.90 per share of Company's common stock on September 30, 2006).

## **BOARD OF DIRECTORS AND COMMITTEES**

### **Audit Committee**

The Audit Committee of the Board of Directors, composed of Messrs. Boxley, Ellett, Logan, Smith, and Smoot, meets a minimum of four times annually with Resources' chief financial officer, the Company's independent auditors, and certain appropriate officers of Resources. The basic functions of this Committee include reviewing significant financial information, reviewing accounting procedures and internal controls and recommending the selection of independent auditors. The Audit Committee met four times during the 2005 fiscal year. The Board of Directors has determined that George W. Logan is an audit committee financial expert and is independent, as determined under applicable rules adopted by the Securities and Exchange Commission.

### **Report of the Audit Committee**

The Audit Committee of the RGC Resources, Inc. Board of Directors (the Committee) is composed of five independent directors and operates under a written charter adopted by the Board of Directors. Each member of the Committee is independent under the applicable rules of the NASDAQ Stock Market.

Management is responsible for the Company's internal controls and the financial reporting process. The independent accountants of the Company, Brown Edwards, & Company LLP, are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Committee's responsibility is to monitor and oversee these processes.

In this context, the Committee has met and held discussions with management and the independent accountants. Management represented to the Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the consolidated audited financial statements with management and the independent accountants. The Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), which includes, among other things:

methods used to account for significant unusual transactions;

the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;

the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of these estimates; and

disagreements with management over the application of accounting principles, the basis for management's accounting estimates, and the disclosures in the financial statements.

The independent accountants also provided to the Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the independent accountants that firm's independence from RGC Resources, Inc. and its management.

Based on the Committee's discussion with management and the independent accountants and the Committee's review of the representation of management regarding the audited financial statements and of the report of the independent accountants to the Committee, the Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2006, for filing with the Securities and Exchange Commission.

The Audit Committee has reviewed the provision of non-audit services, which includes corporate income tax return preparation and the review and testing of internal controls, and determined that the auditor's performance of these services are compatible with the auditor's independence from RGC Resources Inc.

The Audit Committee met five times in fiscal year 2006.

Frank T. Ellett, Chair, Abney S. Boxley, George W. Logan

S. Frank Smith and Raymond D. Smoot, Jr.

### **Governance & Nominating Committee**

The Governance & Nominating Committee ( Committee ) of the Board of Directors, which is composed of Maryellen F. Goodlatte, Chair, Nancy H. Agee, J. Allen Layman, and George W. Logan , each of whom is an independent director, and has as its primary purpose the oversight of a broad range of issues surrounding the composition and operation of the Board of Directors, including identifying individuals qualified to become Board members, recommending nominees for Board election, and recommending to the Board governance principles applicable to Resources. The Committee has a charter, which is available at [www.rgcresources.com](http://www.rgcresources.com). The Committee also provides assistance to the Board and the Chairman in the areas of Committee selection and rotation practices, evaluation of the overall effectiveness of the Board, and consideration of developments in corporate governance practices. Thus, in the absence of nominations by the Board of Directors, this Committee may nominate persons as management s nominees for election to the Board of Directors by the shareholders at Resources annual meeting. This Committee met once during fiscal year 2006 and made the recommendation that Abney S. Boxley, III, S. Frank Smith, and John B. Williamson, III be nominated for shareholder approval for re-election to the Board of Directors and to serve a three-year term beginning with the Annual Meeting in 2007 and continuing until 2010.

The Governance and Nominating Committee, in consultation with the Chairman of the Board and the CEO, is responsible for identifying individuals qualified to become board members and recommending to the Board individuals for nomination as members of the Board. In evaluating current members and new candidates, the Nominating and Corporate Governance Committee considers the needs of the Board and the Company in light of the current mix of skills and attributes of Directors. In addition to requiring that Directors possess integrity and character, the Committee s evaluation includes an assessment of various factors including education, business experience, financial and accounting expertise, age, diversity, reputation, civic involvement, judgement, and knowledge of matters impacting public utilities. The Governance and Nominating Committee also takes into consideration the ability of an individual to devote adequate time to board and committee matters and whether the individual will satisfy the Nasdaq requirements for director independence. When considering current board members for nomination for reelection, the Committee also considers board contributions and performance as well as meeting attendance.

The Governance and Nominating Committee, in addition to consulting with the Chairman of the Board and the CEO, may seek the input of others, including members of the Board and management, to identify director candidates. In addition, the Committee may use the services of consultants or a search firm, although it has not done so in the past. The Governance and nominating Committee will consider recommendations by shareholders or qualified director candidates for possible nomination. Shareholders who wish to recommend qualified director candidates should write to the Company s Corporate Secretary at P.O. Box 13007, Roanoke, VA 24030. Recommendations should include information regarding a candidate s background, qualifications, experience, and willingness to serve as a director. In addition, the recommendation must identify the recommending shareholder as a shareholder of the Company, and indicate the number of shares owned and whether the shares

are held of record or through a bank, broker, or other nominee. If the shares are held by a bank, broker, or other nominee, the recommendation must also be accompanied by an account statement or other acceptable identifying documentation dated within 30 days of the date of the recommendation.
