PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of eGain Communications Corporation, a Delaware corporation (eGain or the Company), of proxies in the accompanying form to be used at the Annual Meeting of Stockholders of eGain to be held at 345 East Middlefield Road, Mountain View, California 94043, on November 16, 2007, 4:00 P.M., Pacific Time, and any postponement or adjournment thereof (the Annual Meeting). The shares represented by the proxies received in response to this solicitation and not properly revoked will be voted at the Annual Meeting in accordance with the instructions therein. A stockholder who has given a proxy may revoke it at any time before it is exercised by filing with the Secretary of eGain a written revocation or a duly executed proxy bearing a later date or by voting in person at the Annual Meeting. On the matters coming before the Annual Meeting for which a choice has been specified by a stockholder by means of the ballot on the proxy, the shares will be voted accordingly. If no choice is specified, the shares will be voted **FOR** the election of the five nominees for director listed in this Proxy Statement and **FOR** approval of the proposals referred to in Item 2 in the Notice of Annual Meeting and described in this Proxy Statement.

Stockholders of record at the close of business on September 21, 2007 (the Record Date), are entitled to vote at the Annual Meeting. As of the close of business on that date, eGain had 15,323,376 shares of common stock, \$0.001 par value (the common stock), outstanding. The presence in person or by proxy of the holders of a majority of eGain s outstanding shares of common stock constitutes a quorum for the transaction of business at the Annual Meeting. Each holder of common stock is entitled to one vote for each share held as of the Record Date.

Directors are elected by a plurality vote. The five nominees for director who receive the most votes cast in their favor will be elected to serve as a director. Other proposals submitted for stockholder approval at the Annual Meeting will be decided by the affirmative vote of the majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on such proposal. Abstentions with respect to any proposal are treated as shares present or represented and entitled to vote on that proposal and thus have the same effect as negative votes. If a broker which is the record holder of shares indicates on a proxy that it does not have discretionary authority to vote on a particular proposal as to such shares, or if shares are not voted in other circumstances in which proxy authority is defective or has been withheld with respect to a particular proposal, these non-voted shares will be counted for quorum purposes but are not deemed to be present or represented for purposes of determining whether stockholder approval of that proposal has been obtained.

The expense of printing, mailing proxy materials and solicitation of proxies will be borne by eGain. eGain will reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation materials to beneficial owners of the common stock. No additional compensation will be paid to such persons for such solicitation.

This Proxy Statement, the accompanying form of proxy and the Annual Report to Stockholders on Form 10-K for the fiscal year ended June 30, 2007, including financial statements, are being mailed to stockholders on or about October 24, 2007.

IMPORTANT

Please mark, sign and date the enclosed proxy and return it at your earliest convenience in the enclosed postage-paid return envelope so that, whether you intend to be present at the Annual Meeting or not, your shares can be voted. This will not limit your rights to attend or vote at the Annual Meeting.

The Nominating and Corporate Governance Committee operates under the Nominating and Corporate Governance Committee Charter adopted by the Board in October 2004. Stockholder Communications with the Board of Directors

If you wish to communicate with the Board of Directors, you may send your communications in writing to: Secretary, eGain Communications Corporation, 345 East Middlefield Road, Mountain View, California 94043. You must include your name and address in the written communication and indicate whether or not you are a stockholder of the Company. The Secretary will review any communications received from a stockholder, and all material communications from stockholders will be forwarded to the appropriate director or directors or committee of the Board based on the subject matter.

Code of Ethics

In October 2004, the Board approved a code of ethics applicable to the Board, senior management including financial officers, and all other employees. The Code of Ethics and Business Conduct (Code of Ethics) includes standards to deter wrongdoing and promote honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships; full, fair, accurate, timely and understandable disclosure in reports filed with the Securities and Exchange Commission; compliance with laws; prompt internal reporting of violations of the Code of Ethics, and accountability for the adherence to the Code of Ethics. The Code of Ethics is available on the Company's website at http://www.egain.com/about_us/investors. Copies of the Code of Ethics are also available in print upon written request to Secretary, eGain Communications Corporation, 345 East Middlefield Road, Mountain View, California 94043.

Director Qualifications

The Nominating and Corporate Governance Committee periodically reviews with the Board the appropriate skills and characteristics required of Board members given the current Board composition. The Nominating and Corporate Governance Committee believes that the Board should be comprised of individuals who have leadership qualities and a record of success in their arena of activity and who can make substantial contributions to Board operations. The assessment of Board candidates includes, but is not limited to, consideration of relevant industry experience, relevant financial experience, general business experience and compliance with independence and other qualifications necessary to comply with any applicable corporate and securities laws and the rules and regulations thereunder. Specific consideration shall also be given to: (i) contributions valuable to the business community; (ii) personal qualities of leadership, character, judgment and whether the candidate possesses and maintains throughout service on the Board a reputation in the community at large of integrity, competence and adherence to the highest ethical standards; (iii) relevant knowledge and diversity of background and experience in such things as business, software development, manufacturing, technology, finance and accounting, marketing, international business, government and the like; or (iv) whether the candidate is free of conflicts and has the time required for preparation, participation and attendance at all meetings. Other than the foregoing, there are no stated minimum criteria for director nominees. The Nominating and Corporate Governance Committee does, however, believe it is appropriate for at least one, and preferably, multiple, members of the Board to meet the criteria for an audit committee financial expert as defined by Securities and Exchange Commission rules, and that a majority of the members of the Board meet the definition of independent director under the rules of The NASDAQ Stock Market, although eGain is currently not subject to NASDAQ listing requirements. The Nominating and Corporate Governance Committee also believes it is appropriate for certain members of management to serve on the Board. When evaluating a candidate for the Board, the Nominating and Corporate Governance Committee does not assign specific weight to any of these factors nor does it believe that all of the criteria necessarily apply to every candidate. A director's qualifications in light of the above-mentioned criteria are considered at least each time the director is nominated or re-nominated for Board membership.

Identifying and Evaluating Director Nominees

The Nominating and Corporate Governance Committee considers candidates for Board membership suggested by Board members and management of the Company. The Nominating and Corporate Governance Committee will consider persons recommended by the Company's

security holders in the same manner as a

nominee recommended by Board members or management. A security holder who wishes to suggest a prospective nominee for the Board should notify eGain's Secretary or any member of the Nominating and Corporate Governance Committee in writing with any supporting material the security holder considers appropriate. After completing the evaluation and review, the Nominating and Corporate Governance Committee makes a recommendation to the full Board as to the person who should be nominated to the Board, and the Board considers the nominees after evaluating the recommendation and report of the Nominating and Corporate Governance Committee. Each director candidate recommended for election at this year's Annual Meeting is an existing director seeking re-election to the Board.

Compensation of Directors

Directors of eGain do not currently receive any fees for service on the Board of Directors. Directors are reimbursed for their expenses for each meeting attended. Pursuant to eGain's 1998 Stock Plan, each non-employee director will receive, if re-elected as a director at the Annual Meeting, an option to purchase 500 shares of common stock at an exercise price equal to the fair market value of the common stock on the date of grant. Such options will vest on the first anniversary of the grant and are nonqualified stock options. After the 2006 annual meeting, the company did not issue the non-employee director stock options. We plan to grant 1,000 shares after the 2007 annual meeting.

The table details the compensation paid to non-employee directors for fiscal year ended June 30, 2007.

PROPOSAL 2

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Upon the recommendation of the Audit Committee, the Board of Directors has appointed the firm of BDO Seidman, LLP as eGain's independent registered public accounting firm for the fiscal year ending June 30, 2008, subject to ratification by the stockholders. Section 16(a) Beneficial Ownership Reporting Compliance

Under the securities laws of the United States, eGain's directors, executive officers and any persons holding more than 10% of eGain's common stock are required to report their initial ownership of eGain's common stock and any subsequent changes in that ownership to the Securities and Exchange Commission. Specific due dates for these reports have been established and eGain is required to identify in this Proxy Statement those persons who failed to timely file these reports. All of the filing requirements were satisfied for fiscal 2007 except that in July 2007 there was one late Form 4 filing for executive Ashutosh Roy with respect to certain warrants granted, and one late Form 4 filing for executive Thomas Hresko with respect to certain acquired common stock. All late filings were due solely to administrative errors that were corrected as soon as they were determined.

Compensation Discussion and Analysis

Company Philosophy on Compensation

The Compensation Committee of our Board of Directors is responsible for providing oversight and determining our executive compensation programs. To that end, our Compensation Committee reviews corporate performance relevant to the compensation of our executive officers and works with management to establish our executive compensation programs. The general philosophy of our executive compensation program is to:

- encourage creation of stockholder value and achievement of strategic corporate objectives by providing management with longer term incentives through equity ownership by management;

- provide a competitive total compensation package that enables us to attract and retain, on a long-term basis, high caliber personnel;
- provide a total compensation opportunity that is competitive with companies in our industry, taking into account relative company size, performance and geographic location, as well as individual responsibilities and performance;
- provide fair and internally consistent compensation; and
- other relevant considerations such as rewarding extraordinary performance.

Our executive compensation program is designed to reward team accomplishments while promoting individual accountability. The combination of incentives is designed to balance annual operating objectives and eGain's earnings performance with longer-term stockholder value creation.

Establishing Compensation

Our Compensation Committee typically reviews our executive officers' compensation, including our named executive officers, on an annual basis. Our Compensation Committee determines the appropriate levels of compensation based primarily on:

- competitive benchmarking consistent with our recruiting and retention goals;
- internal consistency and fairness; and
- other relevant considerations such as rewarding extraordinary performance.

To assist in the process of establishing executive compensation, our Compensation Committee reviews publicly available compensation information from a group of peer companies located in the Silicon Valley. Our Compensation Committee determines compensation for our Chief Executive Officer, which was set at \$24 per annum at his request beginning October 2003, as discussed below. With respect to our other named executive officers, our Compensation Committee reviews and approves compensation that is recommended by our Chief Executive Officer.

Compensation Components

Our executive compensation program generally consists of three primary components: base salary, annual non equity incentives and stock option awards. These primary compensation components are described in more detail below. Executive officers are also eligible to participate in all of our respective local employee benefits plans, such as medical insurance, life and disability insurance and our 401(k) retirement plan, in each case on the same basis as other employees.

We view the three primary components of executive compensation as related, but we do not believe that compensation should be derived entirely from one component, or that significant compensation from one component should necessarily reduce compensation from other components. Our Compensation Committee has not adopted a formal or informal policy for allocating compensation between long-term and

current compensation or between cash and non-cash compensation.

Base Salary

We provide our named executive officers with a base salary to compensate them for services rendered during the fiscal year. We establish base salaries for our executives based on the scope of their responsibilities and experience, and take into account competitive market compensation paid by companies in our peer group commensurate for similar responsibilities and positions. We believe that executive base salaries should be targeted to be within the range of salaries for similar positions at comparable companies, which is in line with our compensation philosophy, in order to best attract, retain and motivate our executives. In reviewing compensation

of our peer companies, our Compensation Committee takes into account the annual revenues and market size of these companies and other relevant factors it deems appropriate. Our Compensation Committee attempts to establish compensation, particularly base salary, in the same comparable range that our revenues and market size fall when compared to these peer companies. In some cases, our executive compensation may rise above this range due to certain circumstances, such as a strong retention need or an extraordinary performance.

We note that the salary for our Chief Executive Officer, Ashutosh Roy, was set at a nominal amount of \$24 per annum at his request beginning October 2003. Mr. Roy requested this reduction initially in connection with our cost reduction initiatives and more recently to assist in our investment efforts. Our Compensation Committee will continue to evaluate and determine our Chief Executive Officer's salary, and we anticipate that his salary will return to a level consistent with comparable companies in the future. As a significant stockholder, a substantial portion of Mr. Roy's personal wealth is tied directly to the performance of eGain's stock, which provides direct alignment with stockholder interests.

We attempt to review base salaries annually, and adjust base salaries from time to time to ensure that our compensation programs remain competitive with market levels. In fiscal 2007, our Compensation Committee reviewed the base salaries of our named executive officers, and made no adjustments at that time. We anticipate that our Chief Executive Officer will present any recommendations for named executive officer salary adjustments, to the Compensation Committee for approval, at the first scheduled board meeting in fiscal 2008.

Annual Non Equity Incentive Compensation

Currently all eGain employees participate in either a bonus plan, or in the case of sales representatives and managers, a commission plan tied primarily to revenue and bookings metrics. The plan is designed to provide awards to all employees as an incentive to contribute to both revenue growth and profitability.

Bonuses for named executive officers are contingent upon the attainment of certain performance targets established by our Compensation Committee. For fiscal 2007, approximately 30% of the bonus target for each executive officer was tied to company performance and 70% to the individual performance of the executive officer and his team. The performance targets may include:

- Financial metrics, such as gross or net revenues; operating income, enterprise value/revenue ratio, cash balances, days sales outstanding, and
- Business operational metrics, such as customer satisfaction, customer retention, operational efficiencies, product delivery and product quality.

We anticipate that our Chief Executive Officer will present his recommendations for final named executive officer bonus payments for fiscal 2007, to the Compensation Committee for approval, at the first scheduled board meeting in fiscal 2008.

Stock Option Awards

We believe the use of stock-based awards for our named executive officers is a strong compensation tool that encourages officers to act in a manner that leads to long-term company success. We believe this type of compensation aligns our executive officers' performance with the interests of our long-term investors by rewarding our officers through equity appreciation. The stock-based incentive program for the entire

Edgar Filing: EGAIN COMMUNICATIONS CORP - Form DEF 14A

Company, including executive officers, currently consists of stock option grants only, but we may introduce different types of equity awards or instruments to remain competitive in the compensation we pay our employees. In fiscal 2007, we granted no stock option awards to our executive officers.

In addition to granting equity-based options to our executives as part of a long-term incentive plan, we also intend to utilize option grants to all other non-officer employees, including new hires, and in recognition of individual achievements and contributions to corporate or business unit performance or in circumstances where we face a critical retention need.

Our Stock Option Committee approves grants of proposed stock options awards and administers our stock option plans consistent with the compensation policies and practices as set by our Compensation Committee. Proposed stock option awards to our executive officers are presented to our entire Board of Directors for consideration. The stock option committee normally grants options to executive officers (i) upon the hiring of an executive officer (ii) as part of an annual review, and (iii) as special circumstances arise. The exercise price of our stock option awards is based on the closing price of our common stock on the Over-the-Counter Bulletin Board on the date approval is received for such stock option award. Except with respect to new hire grants, proposals for significant stock option awards to our executive officers are not considered during our established blackout period, which commences one month prior to the end of each fiscal quarter and ends the trading day following the announcement of earnings for such fiscal quarter. Except for such proposed stock option awards to our executive officers, we intend to grant options in accordance with the foregoing procedures without regard to the timing of the release of material non-public information, such as a positive or negative earnings announcement.

Other supplemental benefits

In addition to the compensation opportunities we describe above, we also provide our named executive officers and other employees benefits, such as medical insurance, life and disability insurance and our 401(k) retirement Plan, in each case on the same basis as other employees.

Defined Pension Plan

None of our named executive officers participate in or have account balances in qualified or non-qualified defined benefit plans sponsored by us. We do not offer such qualified or non-qualified defined benefit plans to our executives because we believe that such defined benefit plans are not typical for similar companies in both our industry and geographic region. Our Compensation Committee may elect to adopt qualified or non-qualified defined benefit plans if our Compensation Committee determines that doing so is in our best interests.

Change of Control Benefits

None of our named executive officers currently have agreements to receive benefits in the event of a change of control. To date, we have not had a significant reason to offer such benefits. Our Compensation Committee may elect to provide our officers and other employees with change of control agreements if the Compensation Committee determines that doing so is in our best interests.

Nonqualified Deferred Compensation

None of our named executive officers participate in or have account balances in non-qualified defined contribution plans or other deferred compensation plans maintained by us. To date, we have not had a significant reason to offer such non-qualified defined contribution plans or other deferred compensation plans. Our Compensation Committee may elect to provide our officers and other employees with non-qualified defined contribution or deferred compensation benefits if the Compensation Committee determines that doing so is in our best interests.

Section 162(m) Treatment Regarding Performance-Based Equity Awards

Edgar Filing: EGAIN COMMUNICATIONS CORP - Form DEF 14A

Under Section 162(m) of the Internal Revenue Code of 1986, as amended, a public company is generally denied deductions for compensation paid to the chief executive officer and the next four most highly compensated executive officers to the extent the compensation for any such individual exceeds one million dollars for the taxable year. Our Compensation Committee intends to preserve the deductibility of compensation payable to our executives, although deductibility will be only one of the many factors considered in determining appropriate levels or modes of compensation.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee of the Board of Directors (the "Audit Committee") operates under a written charter adopted by the Board of Directors on April 24, 2001, a copy of which is attached as Annex 1. The current members of the Audit Committee are Mark A. Wolfson, David G. Brown and Phiroz P. Darukhanavala, each of whom meets the independence standards established by The NASDAQ Stock Market.

The Audit Committee performs the following activities:

- overseeing eGain's financial reporting process on behalf of the Board of Directors; and
- provides independent, objective oversight of eGain's accounting functions and internal controls.

The Audit Committee reviewed and discussed the audited financial statements contained in the 2007 Annual Report on Form 10-K with eGain's management and its independent registered public accounting firm. Management is responsible for the financial statements and the reporting process, including the system of internal controls. The independent registered public accounting firm is responsible for expressing an opinion on the material conformity of those financial statements with accounting principles generally acceptable in the United States.

The Audit Committee met privately with the independent registered public accounting firm, and discussed issues deemed significant by the independent registered public accounting firm, including those required by Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards), as amended. In addition, the Audit Committee discussed with the independent registered public accounting firm their independence from eGain and its management, including the matters in the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with the Audit Committees). The Audit Committee also considered BDO's provision of non-audit services to eGain and determined that such provision of such services was compatible with maintaining the independence of BDO.

In reliance on the reviews and discussions outlined above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in eGain's Annual Report on Form 10-K for the fiscal year ended June 30, 2007, for filing with the Securities and Exchange Commission.

INFORMATION CONCERNING INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The aggregate fees for professional services by BDO Seidman, LLP, the Company's independent registered public accounting firm, and certain of their international affiliates, in fiscal 2007 and fiscal 2006 for these various services to the Company and its subsidiaries were:

Audit Fees

The aggregate audit fees billed or to be billed by BDO Seidman, LLP and its international affiliates for professional services rendered for the audit of the Company's annual financial statements, review of financial statements included in the Company's quarterly reports on Form 10-Q and services that were provided in connection with statutory and regulatory filings or engagements were approximately \$447,000 for fiscal 2007 and \$281,000 for fiscal 2006.

Audit-Related Fees

The aggregate fees billed or to be billed by BDO Seidman, LLP or certain of its international affiliates for services related to financial statements or regulatory compliance reasonably related to the performance of review of Company's or its subsidiaries financial statements were approximately \$11,000 for fiscal 2007 and \$3,000 for fiscal 2006.

Tax Fees

The aggregate fees billed or to be billed by BDO Seidman, LLP for professional services related to tax advice, tax compliance, tax auditing, tax planning and foreign tax matters were approximately \$65,000 for fiscal 2007 and \$52,000 for fiscal 2006.

All Other Fees

There were no fees billed to the Company by BDO Seidman, LLP for the fiscal years ended June 30, 2007 and 2006 for services and products to the Company and its subsidiaries other than those reported in the categories above.

Policy on Pre-Approval of Retention of Independent Registered Public Accounting Firm

The engagement of BDO Seidman, LLP and certain of its international affiliates for non-audit accounting and tax services performed for the Company is limited to those circumstances where these services are considered integral to the audit services that it provides or in which there is another compelling rationale for using its services. Pursuant to the Sarbanes-Oxley Act of 2002, all audit and permitted non-audit services for which the Company engages BDO Seidman, LLP and certain of its international affiliates require pre-approval by the Audit Committee. The Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the Company's independent

Edgar Filing: EGAIN COMMUNICATIONS CORP - Form DEF 14A

registered public accounting firm. The percentage of Statutory Audit Fees, Tax Fees and All Other Fees, out of all fees paid to BDO Seidman, LLP and certain of its international affiliates, and all as approved by the Audit Committee in accordance with the policy, was 100% for both fiscal 2007 and 2006.

As noted in the report of the Audit Committee on page 19 of this proxy statement, the Audit Committee considered the provision by BDO Seidman, LLP and certain of its international affiliates of non-audit services to the Company and determined that the provision of these services was compatible with maintaining the independence of BDO Seidman, LLP.

RELATED PARTY TRANSACTIONS

Since July 1, 2006, there have not been any transactions or series of transactions to which eGain was or is a party in which the amount involved exceeded or exceeds \$120,000 and in which any director, executive officer, holder of more than 5% of any class of eGain's voting securities or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest, other than the transactions described below.

On June 29, 2007, we entered into an agreement that amends and restates the 2002 and 2003 notes with Mr. Roy pursuant to which he loaned to us an additional \$2.0 million and received additional warrants that allowed him to purchase up to 333,333 shares at \$1.20 per share. In connection with this additional loan we recorded \$1.8 million in related party notes payable and \$187,000 of discount on the notes related to the relative value of the warrants issued in the transaction that will be amortized to interest expense over the three-year life of the note. The fair value of these warrants was determined using the Black-Scholes valuation method with the following assumptions: an expected life of 3 years, an expected stock price volatility of 75%, a risk free interest rate of 4.28%, and a dividend yield of 0%. The promissory note has a maturity date of March 31, 2009 and bears interest at an effective annual rate of 12% due and payable upon the term of such note. eGain has the option to prepay the note at any time subject to the prepayment penalties set forth in such note. In addition, the amendment extended the maturity date of the previous notes through March 31, 2009. The principal and interest due on the loans as of June 30, 2007 was \$8.1 million. As of June 30, 2007, warrants to purchase 462,099 shares of common stock related to these financings were vested and outstanding.

In the past, eGain has granted options to purchase common stock to its directors and executive officers. eGain intends to grant such options to its directors and executive officers in the future.

It is eGain's current policy that all transactions between eGain and its officers, directors, 5% stockholders and eGain's affiliates will be entered into only if these transactions are approved by a majority of the disinterested directors, are on terms no less favorable to eGain than could be obtained from unaffiliated parties and are reasonably expected to benefit eGain.

STOCKHOLDER PROPOSALS FOR THE 2008 ANNUAL MEETING

Proposals of stockholders of eGain that are intended to be presented by such stockholders at eGain's 2008 Annual Meeting must be received by the Secretary of eGain no later than June 21, 2008 in order that they may be included in eGain's proxy statement and form of proxy relating to that meeting.

A stockholder proposal not included in the eGain proxy statement for the 2008 Annual Meeting will be ineligible for presentation at the meeting unless the stockholder gives timely notice of the proposal in writing to the Secretary of eGain at the principal executive offices of eGain and otherwise complies with the provisions of its Bylaws. To be timely, eGain's Bylaws provide that eGain must have received the stockholder's notice not less than 50 days nor more than 75 days prior to the scheduled date of such meeting. However, if notice or prior public disclosure of the date of the annual meeting is given or made to stockholders less than 65 days prior to the meeting date, eGain must receive the stockholder's notice by the close of business on the 15th day after the earlier of the day eGain mailed notice of the annual meeting date or provided such public disclosure of the meeting date.

AUDIT COMMITTEE CHARTER

Organization

This charter governs the operations of the audit committee. The committee shall review and reassess the charter at least annually and obtain the approval of the board of directors. The committee shall be appointed by the board of directors and shall comprise at least three directors, each of whom are independent of management and the Company. If an audit committee chair is not designated or present the members of the committee may designate a chair by majority vote of the committee membership. Members of the committee shall be considered independent if they have no relationship that may interfere with the exercise of their independence from management and the Company. All committee members shall be financially literate, and at least one member shall have accounting or related financial management expertise.

Statement of Policy

The audit committee shall provide assistance to the board of directors in fulfilling their oversight responsibility to the shareholders, potential shareholders, the investment community, and others relating to the Company's financial statements and the financial reporting process, the systems of internal accounting and financial controls, the internal audit function, the annual independent audit of the Company's financial statements, and the legal compliance and ethics programs as established by management and the board. In so doing, it is the responsibility of the committee to maintain free and open communication between the committee, the independent registered public accounting firm and management of the Company. In discharging its oversight role, the committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company and the power to retain outside counsel, or other experts, for this purpose.

Responsibilities and Processes

The primary responsibility of the audit committee is to oversee the Company's financial reporting process on behalf of the board and report the results of their activities to the board. Management is responsible for preparing the Company's financial statements, and the independent is responsible for auditing those financial statements. The committee in carrying out its responsibilities believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances. The committee should take the appropriate actions to set the overall corporate tone for quality financial reporting, sound business risk practices, and ethical behavior.

The following shall be the principal recurring processes of the audit committee in carrying out its oversight responsibilities. The processes are set forth as a guide with the understanding that the committee may supplement them as appropriate.

Edgar Filing: EGAIN COMMUNICATIONS CORP - Form DEF 14A

- The committee shall have a clear understanding of the responsibilities of the independent registered public accounting firm. The Company's independent registered public accounting firm is responsible for expressing an opinion on the conformity of the Company's audited financial statements to accounting principles generally accepted in the United States of America. The committee shall have the ultimate authority and responsibility to evaluate and, where appropriate, recommend the replacement of the independent registered public accounting firm. The committee shall discuss with the independent registered public accounting firm their independence from management and the Company and the matters included in the written disclosures required by the Independence Standards Board. Annually, the committee shall review and recommend to the board the selection of the Company's independent registered public accounting firm, subject to shareholders' approval.

A-1

- The committee shall discuss with the independent registered public accounting firm the overall scope and plans for their audits. Also, the committee shall discuss with management the adequacy and effectiveness of the accounting and financial controls, including the Company's system to monitor and manage business risk, and legal and ethical compliance programs. The committee and management will discuss with the independent registered public accounting firm any significant matters regarding internal controls over financial reporting that have come to the independent registered public accounting firm's attention during the conduct of their financial audits. Further, the committee shall meet separately with the independent registered public accounting firm, with and without management present, to discuss the results of their audit of the Company's consolidated financial statements.
- The committee shall review the internal financial statements with management and the independent registered public accounting firm prior to the filing of the Company's Quarterly Report on Form 10-Q. Also, the committee shall discuss the results of the quarterly review and any other matters required to be communicated to the committee by the independent registered public accounting firm under generally accepted auditing standards. The chair of the committee may represent the entire committee for the purposes of this review.
- The committee shall review with management and the independent registered public accounting firm the financial statements to be included in the Company's Annual Report on Form 10-K (or the annual report to shareholders if distributed prior to the filing of Form 10-K), including their judgment about the quality, not just acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. Also, the committee shall discuss the results of the annual audit and any other matters required to be communicated to the committee by the independent registered public accounting firm under generally accepted auditing standards.
